8vo, 12s. 6d.

The Heart and its Diseases:

with their Treatment. By J. MILNER FOTHERGILL, M.D., M.R.C.P. Lond., Assistant-Physician to the City of London Hospital for Diseases of the Chest (Victoria Park), and to the West London Hospital.

“The chapter on treatment is unquestionably the best in the book, and may be read with advantage by any physician.”—*Brit. Med. Jour.*

“Dr. Fothergill's remarks on rest, on proper blood nutrition in heart disease, on the treatment of the sequelæ of it, and on the actions of special medicines, all indicate that, in studying the pathology of heart disease, he has earnestly kept in view the best means of mitigating suffering and of prolonging life.”—*Lancet.*
H. K. LEWIS, 136, Gower Street.

In crown 8vo, price 10s. 6d., Illustrated,

On Paralysis from Brain Disease in its COMMON FORMS.

By H. CHARLTON BASTIAN, M.D., F.R.S., Physician to University College Hospital, and to the Hospital for the Paralysed and Epileptic.

“We have formed a high estimate of this work. No one should omit reading it who wishes to keep abreast of recent progress in the difficult department of cerebral disease.”—*Glasgow Med. Jour.*

“The author has been able to discuss every part of his subject in the light of a wide, practical, and scientific knowledge.”—*The Lancet.*

“The remarks on treatment are, we think, practical, sagacious, and clinically useful.”—*Brit. Med. Jour.*
There is no better account of cerebral paralysis in our language.”—*Birmingham Medical Review.*
MACMILLAN & Co., London.
