The Science and Practice of SURGERY.

By FREDERICK J. GANT, F.R.C.S., Senior Surgeon to the Royal Free Hospital.

With Chapters on Special Subjects by: Wm. Adams, F.R.C.S.; Robert Barnes, M.D., F.R.C.P.; Morell Mackenzie, M.D.; F. A. Mahomed, M.D.; Hy. Power, F.R.C.S.; Laidlaw Purves, M.D.; C. S. Tomes, M.A. Oxon., F.R.S.; Professor Erasmus Wilson, F.R.S.

"In Mr. Gant's able and laborious work, the reader has the advantage of mature experience in special subjects, that are either omitted or very lightly referred to in ordinary works on surgery."—*Lancet*.

"This work does credit to the author's thorough surgical knowledge, and may be safely recommended as containing full and trustworthy information on the various divisions of surgery."—*Brit. Med. Jour.*

"We shall be much surprised if it does not become one of the most popular surgical text-books in the English language."—*Medical Press*.

"A very complete and trustworthy guide to practice."—*Medical Times*.

"It is well known that Mr. Gant has made special studies of diseases of the genito-urinary organs and of the joints; and has come to be considered one of the highest authorities in all that pertains to the management of these troublesome affections."—*Philadelphia Medical Times*.

"The author has evidently taken great pains to bring his treatise up to the times, as a work of reference as well as a text-book for the Student."—*New York Med. Journal*.

London: BAILLIÈRE, TINDALL, & COX, 20, King William Street, Strand.
