AN APPEAL

THE assistance of members of the medical profession is asked in the following case. further particulars of which can be furnished on application.

further particulars of which can be furnished on application.

A. B. was a medical man in Canada. Some four years ago he came to England for a surgical operation, which enabled him to resume his practice; but this relief proved only temporary, and he came a second time to England for further treatment. The operation was, in itself, successfully performed at a special hospital, and he was sent on certificate to a convalescent home. Costly special nursing could not be provided for any lengthened period, and he was removed to the infirmary, where he died.

His mother and sister had come from Canada in the hope of assisting him back to his work; they arrived only in time to see him before he died. They have no means, but have relatives in Canada who will help them on their return. The Council of the Charity Organisation Society would be glad to receive any contributions for this very sad case. £16 12s. is required for the passage and other expenses. The Secretary of the Society, 15, Buckingham Street, will gladly give any information. Payments may be made to the order of C. S. Loch. any information. Payments may be made to the order of C. S. Loch.

Mr. Henry Vevers (Hereford).—The honorary secretary of the Association of Medical Officers of Schools is Mr. Alder Smith, Christ's Hospital.

Dr. Brand (Driffield) has overlooked the answer which we gave on page 1286 of the Journal for June 28th.
