

CHLORODYNE

"INVENTED AND DISCOVERED IN 1844 BY RICHARD FREEMAN."

(Extract from Affidavit made before S. C. WARD, Esq., Chancery Record Office, Chancery Lane, London, June 16th, 1862.)

The Inventor begs to thank the Medical Profession for the liberal support he receives from them, and to assure those who have not yet tried his Chlorodyne that it is superior to any other maker's, being more certain and more lasting in its effects; and the low price which he charges for it allows the poorest sufferer to enjoy its extraordinary beneficial influence. The immense demand for it by the Profession is a convincing proof that they find it a most valuable therapeutical agent. The following are a few out of many voluntary Testimonials:—

From W. VESALIUS PETTIGREW, M.D., Hon. F.R.C.S. Eng., formerly Lecturer upon Anatomy and Physiology at the St. George's School of Medicine.

"I have had the opportunity of trying the effects of Mr. Freeman's Chlorodyne, and find it an excellent Anodyne and Antispasmodic medicine."

From H. J. O'DONNELL, M.R.C.S.E. & L. M. etc., etc.,
Albert Terrace, London Road, S.

"I can with much confidence bear testimony to the efficacy of Mr. Freeman's Chlorodyne as a Sedative and Antispasmodic, having used it for some years in Colic, Neuralgia, Phthisis, and Asthma. I daily administer it in after-pains, and in all cases find it infallible. It is the most valuable medicine we have in Labour cases. I find, since I have used it, the pains seldom or ever exceed the third day, while with the former remedies my patients suffered eight or nine days. In fact, I cannot speak too highly of it."

From F. W. HOOPER, M.D., M.R.C.S. Eng., etc., etc., Medical Officer, Christ Church District, Camberwell.

"I have much pleasure in stating, that after a sufficient trial of Mr. Freeman's Chlorodyne, I am fully persuaded that it is superior to any preparation of the kind, and, from its moderate price, is a great boon to the suffering poor, who daily acknowledge its salutary benefit."

From C. SWABY SMITH, M.R.C.S.E., Surgeon to the Berks and Hants Extension Railway Works and Pewsey Union, etc., etc.

"Having been in the habit of using Mr. Freeman's Chlorodyne for some time past, I have much pleasure in stating that it has never failed to have the desired effect in whatever case it has been administered."

Manufactured by RICHARD FREEMAN Pharmaceutist, Kennington Road, London, S.;
And Sold by all Wholesale Houses, in bottles, 1 oz., 1s. 6d.; 4 oz., 5s.; and 8 oz., 10s. each.

CAUTION.—For the convenience and safety of prescribing Chlorodyne, in combination with other ingredients, so as to avoid decomposition (a result known to have taken place) through the use of SECRET COMPOUNDS, the Profession is directed to the following component parts in his preparation:—

CHLOROFORMYL
ÆTHER.
OL MENTH. PIP.

ACID. PERCHLOR.
TINCT. CANNABIS INDICÆ.
ACID. HYDROCYAN.

TINCT. CAPSICL.
MORPHIA.
THENIACA.

The proportion of Morphia— $\frac{1}{2}$ gr. in f. 5i. Dose—Five to twenty Drops.

Letter from ALFRED ASPLAND, Esq., F.R.C.S. Eng., J.P. Chester and Lancaster, Surgeon 4th Cheshire Batt. V.R., Surgeon to the Ashton Infirmary.—"After an extensive trial of your Chlorodyne in Hospital, Infirmary, and Private Practice, I am able to state that it is a valuable medicine. I have found its action peculiarly serviceable in Bronchial, Spasmodic, and Neuralgic Affections. I have never found it produce headache or feverish disturbance, results which not unfrequently occur from other forms of Chlorodyne. As a sedative to allay excitement arising from the abuse of intoxicating drinks, so commonly witnessed in our Barrack Hospital, I have been perfectly satisfied with it. Its known composition will doubtless prove an additional recommendation to the Profession."

Sold in bottles, 1 oz., 1s. 6d.; 2 oz., 2s. 6d.; 4 oz. and 8 oz., 1s. per fluid oz. Sole Manufacturer and Proprietor, A. P. TOWLE, Chemist, etc., Ardwick, Manchester. May be had from Barclay and Son, Farringdon Street; or through any Wholesale House.
