## HARVEY'S SUGAR-FREE PALE ALE.

(Protected by Her Majesty's Royal Letters Patent.)

**BREWED FROM FINEST MALT AND HOPS.  
THE ONLY ALE ABSOLUTELY FREE FROM SUGAR.**

**Tonic—Appetising—Invaluable in cases of Diabetes, Gout, Rheumatism,  
Dyspepsia, or tendency to Obesity.**

An article in *The Lancet* says:—"For years I have been unable to take beer as a beverage on account of the lethargy, indigestion, pain, and stiffness which invariably followed such indulgence; but for three months continuously I have taken one glass of this Sugar-Free Pale Ale at luncheon without the slightest 'rheumatic' effects."—*The Lancet*, August 14th, 1897.

**SUGAR-FREE PALE ALE.**—"We have received from Messrs. Harvey & Co., of the Pellon Brewery, Halifax, samples of Pale Ale, which is claimed to be Absolutely Free from Sugar. The extractive matter, on being submitted to the action of yeast, showed no signs of Fermentable Sugar. It is, therefore, a Non-Saccharine Pale Ale as stated."—*British Medical Journal*.

**SUGAR-FREE PALE ALE.**—"It is quite true, according to our examination, that this Beer is Free from Sugar. It possesses an agreeable, light, bitter flavour, and forms an acceptable beverage."—*The Lancet*.

**SPECIAL TERMS** allowed to the Medical Profession, to whom a **SAMPLE BOTTLE** will be sent **FREE** on application.

The Sugar-free Pale Ale is supplied, upon receipt of cheque or postal order.

Imperial Half-pints, 3s. 9d. per dozen; Reputed Pints, 4s. 9d., and Reputed Quarts 8s. 6d., per dozen.

THROUGH GROCERS, WINE AND SPIRIT MERCHANTS;

**HARVEY & CO., Pellon Brewery, Halifax; and  
BURGOYNE, BURBIDGES & CO., 12 & 16, Coleman Street, E.C.**

# *Re* PHENACETINE.

## IMPORTANT WARNING TO MEDICAL MEN.

As discoverers and original makers of this **safe and valuable antipyretic** we consider it to be our duty to **warn** the Medical Profession that an adulterated substance is now on the market, and is being sold as genuine Phenacetine. (*Vide* current Chemical and Pharmaceutical periodicals). Our name is so well known in connection with this product, that, for our reputation's sake we are compelled to issue this notice.

Medical Men can protect themselves and their patients, and can rely upon obtaining a thoroughly pure product by adding the name BAYER when prescribing Phenacetine.

# PHENACETINE-BAYER

is the pure and original product; the name is a guarantee of purity Phenacetine-Bayer is put up in 4, 5, 8, and 16 grain tablets, as well as in the powder and crystal form.

*Samples and literature can be obtained on application to the Wholesale Depots for all Bayer's Pharmaceutical Specialities.*

 Also at MANCHESTER, GLASGOW and BRADFORD.

# Joseph Turner & Co.'s New Synthetic Remedies.

*Synthesized and Manufactured in England.*

## PIPERIDINE TARTRATE. The New Uric Acid Solvent.

PIPERIDINE possesses uric acid solvent powers greatly superior to any other known substance, and, in combination with tartaric acid forms a pleasant salt, which may be taken in 5 to 15 gr. doses in all wines, mineral waters, &c., at or before meals.

*See LANCET, July 28, 1898: BRITISH MEDICAL JOURNAL, February 27, 1897: CENTRALBLATT DER PHYSIOLOGIE Bd. III., p. 434.*

## GUAIPEROL. (Guaiacolate of Piperidine.)

THIS REMEDY FOR PHTHISIS which combines the antiseptic properties of Guaiacol with the vascular tonic action of Piperidine has been tried with considerable success at the London and other Chest Hospitals. It has not the irritant properties of Guaiacol, and possesses many advantages over the latter substance and preparations of the same now on the market. Dose from 10 grs. twice a day, preferably in cachets after meals.

*See BRITISH MEDICAL JOURNAL, January 16, 1897, and July 16, 1898, &c.*

## ERYTHROL TETRA NITRATE (TURNER).

**The New Vaso-Dilator.**

The difference between the action of Erythrol Tetra Nitrate and other Vaso-Dilators consists mainly in the fact that the vaso-dilatation produced by it is of a *much more permanent* nature; the administration of gr. 1 by the mouth causing a reduction in arterial tension lasting for more than five hours.

*See BRADSHAW LECTURE, 1895: OROONIAN LECTURE, 1896: BRITISH MEDICAL JOURNAL, April 10, 1897, January 1, and January 8, 1898, &c.*

SOLE PATENTEES & MANUFACTURERS, from whom Samples and Literature may be obtained—

**JOSEPH TURNER & CO., Ltd., Queensferry, Flintshire, N.W.**

# PEPTONIZED MILK

(PATENT CONCENTRATED).

The remarkable value of Peptonized (*predigested*) Milk has now been completely established. Without calling for any digestive effort, it can, in the absence of all other food, supply the system for an indefinite period with the nutriment which it requires. The great drawback to the more extended use of Peptonized Milk has been the trouble, care, and even skill required to be daily expended to prepare a fairly palatable and uniformly peptonized product. These disadvantages are entirely obviated by the use of this Concentrated Preparation, as by mere dilution with water, a deliciously-sweetened Peptonized Milk, of uniform composition, can be instantly prepared by the most inexperienced person.

*In Tins, 2s. 6d. In Half Tins (Samples), 1s. 6d.*

# PEPTONIZED COCOA

AND MILK

(PATENT CONCENTRATED).

In this preparation the Cocoa as well as the Milk is peptonized and rendered soluble, and is therefore more readily assimilable than any other preparation of Cocoa extant, and can be digested by even the most confirmed dyspeptic. Besides its extreme digestibility, its perfect palatableness renders it a most delicious as well as wholesome beverage, which can be taken alike by the invalid and by those who, although otherwise healthy and robust, frequently experience a difficulty in digesting any form of Cocoa. For general convenience in use it is unrivalled, as no addition of milk or sugar is needed, but only mixture with hot water.

*In Tins, 2s. 6d., to make fifteen breakfast cups of Cocoa, or ten or more breakfast cups of rich Chocolate, Also in Half Tins (Samples) 1s. 6d. each.*

N.B.—The milk used in these preparations is secured from farms under our control, and where the sanitary arrangements have been made perfect, and in addition to this, sterilisation, after the most approved modern methods, is provided for, thus ensuring complete immunity from communication of the infectious diseases which are unhappily so often spread by means of milk.

## *Opinions of the Medical Press.*

The LANCET, June 15th, 1889:—

"Peptonized Milk (Patent Concentrated) is an excellent article. In consistence it is like a thick cream, agreeable in flavour, and yet so well peptonized that it gives no coagulation with dilute hydrochloric acid, even after heating. It will be of great value. The Peptonized Cocoa and Milk (Patent Concentrated) is clearly founded on the above. In appearance it resembles chocolate cream, and is delicate in flavour, and yet peptonized. It is almost needless to say, of Savory & Moore's novelties that they are well prepared."

The PRACTITIONER, July, 1889:—

"We have carefully examined and tested Savory & Moore's Peptonized Cocoa and Milk and Peptonized Milk, and have used them ourselves and for patients of fastidious appetite. We find them well peptonized, capable of keeping even when the tins are opened for a considerable time, and very palatable. The Cocoa and Milk forms a thin and inviting beverage of a pleasant nutty flavour, and is retained well even in cases of chronic neurotic vomiting. The Peptonized Milk mixes well with tea or coffee, and improves the taste of both. These properties render Savory & Moore's latest preparations a valuable addition to the sickroom dietary, and we can recommend them to the profession."

The MEDICAL PRESS AND CIRCULAR, Sept. 4th, 1889:—

"The Peptonized Cocoa and Milk and Peptonized Milk introduced to our notice by Messrs. Savory & Moore, like everything emanating from their laboratory, are most carefully prepared and of the highest quality. There is, moreover, a delicacy in flavour and aroma with the Peptonized Cocoa which shows at once that the products of selected growths only obtain a place here. It is, therefore, one we can unhesitatingly recommend."

*N.B.—These Preparations keep well after the Tins are opened.*

## Disinfection by Sulphurous Acid Gas.

# SEABURY'S SULPHUR CANDLES

afford the only convenient and safe means of burning sulphur, which in presence of air and aqueous vapor forms sulphurous acid gas, the most powerful and effectual disinfectant—more searching in its effects than any solid or liquid agents and forming the best method for disinfecting apartments or hospital wards and their contents, after Diphtheria, Scarlet Fever, Small-Pox, Typhoid Fever, and other Infectious Diseases. They are readily lighted by the simple application of a burning match to the wick, and are endorsed and recommended by Boards of Health and Insurance Companies at home and abroad.

Small size, retailing at 6d.

Seabury's Sulphur Candles are sold in two sizes, large, in tin, 1s., small, in porous containers, 6d.

Prepared only by **SEABURY & JOHNSON**, New York and London.  
Sole Representatives for Great Britain, **FASSETT & JOHNSON**, 31 & 32, Snow Hill, London, E.C.

# HIGH-CLASS PHARMACY.

## VARESSE'S CAPSULES.

NOT MADE OF GELATINE.

Being made of MEMBRANE, they are free from the objections to all Gelatine Capsules.

SANDAL  
WOOD OIL  
4/6.

GOPAIBA  
2/6.

SAVARESSE'S Capsules of ORGANIC MEMBRANE do not dissolve in the stomach (avoiding nausea and irritation), but generally in the intestines. Mr. W. A.—, F.R.C.S., (p. 96, "Urinary Diseases"), recommended them.

## SAVAR'S Cubeb Cigarettes.

For Asthma, Chronic Cough, Influenza, and Hay Fever. Cubebs smoked so far as to get the effect of the resins down the throat are always worth a trial. 1/- and 2/6 boxes

## MONTSERRAT LIME-FRUIT JUICE

True Lime Fruit Juice is a very useful acid drink, when diluted. The best is from the Consignee's Estate in Montserrat, W.I., of which over 100,000 gallons annually come over to the Sole Consignees. It is pure, reliable, pleasant, and a genuine anti-scorbutic. Imperial Pints and Quarts.

## “APENTA”

THE BEST NATURAL APERIENT WATER.

### APENTA WATER IN THE TREATMENT OF OBESITY.

“The *Berliner Klinische Wochenschrift* for March 22nd, 1897, speaking of some experiments made under Professor Gerhardt’s direction in the Charité Hospital as to the value of APENTA water in the treatment of obesity, says that such experiments could not be carried out until quite recently, on account of the inconstant composition of the bitter waters coming into the market. In this respect the APENTA water is favourably circumstanced, and it was chosen for these observations because of its constancy of composition. The conclusions arrived at as to the value of APENTA in the treatment of obesity, and as to its influence on tissue-change without causing any nutrient losses, were that it succeeded in producing a reduction of fat in the body without detriment to the existing albumen, and that the general health of the patient suffered in no wise, and the cure ran its course in a satisfactory manner.”—NEW YORK MEDICAL JOURNAL, Feb. 5th, 1898.

## PAVILLON

**GOUT, GRAVEL, DIABETES, ARTHRITISM**

(Diuretic, Tonic, Digestible)

The Contrexéville Mineral Water (Pavillon SPRING) is a diuretic and laxative, a tonic, a stimulant, and aid to digestion. — It acts upon the secret mechanism of nutrition, as is proved by its influence in checking the production of uric acid and glucose: it favourably modifies those morbid processus of biological chemistry which result in the accumulation of uric acid in the blood, inducing the phenomena of gout. — It facilitates the elimination of urinary deposits, by contracting the ducts containing them and increasing the quantity of liquid by which these vessels are flushed. — It assists the cicatrization of the inflamed mucus of the urinary organs, and helps to restore the normal acidity of the urine; facilitates the flow of the bile, by causing contraction of the biliary ducts and the expulsion of calculi; and is invaluable in the treatment of congestion of the liver.

## Always Trustworthy.

**I**T has been proven by clinical tests that Bromidia is the best and safest hypnotic yet known to the profession.

It is always of the same strength, and hence, can always be relied upon, to produce the same results under the same conditions.

It is so well known and so well liked by the profession everywhere, that it can be obtained in almost every drug store in every country in the world.

Avoid substitution. The doctor should always take special care to get the genuine, which is only made by Battle. Substitutes not only injure the well deserved reputation of Bromidia, and the Chemical House of Battle, but it also affects the reputation of the doctor and is often harmful to the patient.

Dose:—One-half to one fluid drachm, repeated as indicated.

# BEST AND SAFEST APERIENT.

RECOMMENDED AND PRESCRIBED BY MEDICAL MEN EVERYWHERE.

## "Hunyadi János."

ANNUAL SALE EXCEEDS SIX MILLION BOTTLES.

"HUNYADI JÁNOS has established itself in favour with leading physicians and therapeutists of every country, whose testimonies bear witness to its action as a speedy, sure, and gentle Aperient for ordinary use; it is remarkably and exceptionally uniform in its composition, and free from defects incidental to many other Hungarian Bitter Waters."—BRITISH MEDICAL JOURNAL, Aug. 30th, 1884.

"HUNYADI JANOS has always given me prompt and satisfactory results, and I consider it to be one of the most valuable of the curative agents at our disposal."—PROF. VIRCHOW.

### CAUTION.

*Every Bottle bears the Signature of the Proprietor, ANDREAS SAXLEHNER*

# ALETRIS CORDIAL

Uterine Tonic and Restorative.

PREPARED FROM THE ALETRIS FARINOSA OR TRUE UNICORN.

*Indications.* — Amenorrhœa, Dysmenorrhœa, Leucorrhœa, Prolapsus Uteri, Sterility, to PREVENT Miscarriage, etc.

*Dose.*—One teaspoonful three or four times a day.

UNRIVALLED AS A UTERINE TONIC IN IRREGULAR, PAINFUL, SUPPRESSED AND EXCESSIVE MENSTRUATION.

*It Restores Normal Action to the Uterus, and Imparts Vigor to the Entire Uterine System.*

**Aletris Cordial** is prepared from the Aletris Farinosa, or true unicorn (combined with aromatics). There has been and still exists much difficulty among herb-gatherers and druggists to determine the difference between the true and false unicorn, and hence the merits of the true unicorn is not generally known to the profession. Having carefully studied the true unicorn, and the results of very extended tests being eminently satisfactory, we are now warranted in offering to the profession the ALETRIS CORDIAL. We feel sure those physicians who will test it clinically will be much pleased with its action in diseases of the female generative organs.

Where women have miscarried during previous pregnancies, or in any case where miscarriage is feared, the ALETRIS CORDIAL is indicated, and should be continuously administered during entire gestation.

*Prepared EXCLUSIVELY for Prescriptions of Medical Men.*

PUT UP IN HALF-POUND BOTTLES ONLY. PRICE PER BOTTLE, 4/6.

**F. COMAR & SON, 64, Holborn Viaduct, E.C.**

*Severe cases of Gastric Pain and Distress after Eating, Nausea, and Vomiting relieved and permanently benefitted by*

# SCHACHT'S SEDATIVE BISMUTH

(LIQ. BISMUTHI SEDATIVUS SCHACHT).

The tendency of modern medical practice is to give less and less physic. Yet good drugs, skilfully compounded, enable our physicians to accomplish much that former practitioners were powerless to effect with the cruder means at their disposal. Witness the following:—

"GENTLEMEN,

"December 22, 1891.

"I write to tell you of the very pleasing success that I have obtained through the use of Liq. Bismuthi Sedativus. One lady patient, who (I quote her own words) had been treated before she applied to me by three medical men with all sorts of physic, stated that for two years she had not had one day without pain, nausea, or vomiting, and derived little benefit from any medicine until I ordered for her this preparation of yours. Since the first time of administration the vomiting ceased, and the pain and nausea gradually became less, until now she feels perfectly well. I shall continue to prescribe this valuable remedy in all suitable cases.

"Yours faithfully,

"—, M.D.

Another report:—

"The Liq. Bismuthi Sedativus was prescribed in water to a patient suffering from alcoholic inflammation of the stomach, who had to be fed by nutritive enemata, and on whose stomach nothing would rest, not even a fairly large dose of hydrocyanic acid. The stomach was painful on pressure, and the nutritive enemata did not seem to be benefitting the case, and were very disagreeable to her. A small teaspoonful of Schacht's Mixture was given with a tablespoonful of water, and it was retained; the dose was repeated every three hours, and the patient declared the pain and irritation of the stomach to be much relieved. A milk diet was now cautiously commenced, and in two days the patient could take corn-flour and such-like diet. Two other cases similar in character, but not so severe, were also quickly relieved by the preparation."

Other members of the profession write in similar grateful terms. This is no secret remedy, but a combination of Schacht's Pepsina Liquida (a really perfect pepsine), with Schacht's Bismuth and Sedatives. The formula is given on each label. Dose— $\frac{1}{4}$  to 1 drachm, diluted.

In  $\frac{1}{4}$ -lb., 1-lb., and 2-lb. Bottles.

To be obtained of all the Wholesale Houses; or direct from

**GILES, SCHACHT & CO., CLIFTON, BRISTOL.**

# LISTERINE.

## THE STANDARD ANTISEPTIC.

**LISTERINE** is a non-toxic, non-irritating and non-escharotic antiseptic, composed of ozoniferous essences, vegetable antiseptics and benzo-boracic acid.

**LISTERINE** is sufficiently powerful to make and maintain surgical cleanliness in the antiseptic and prophylactic treatment and care of all parts of the human body.

**LISTERINE** has ever proven a thoroughly trustworthy antiseptic dressing for operative or accidental wounds.

**LISTERINE** is invaluable in obstetrics and gynecology as a general cleansing, prophylactic, or antiseptic agent, and is an effective remedy in the treatment of catarrhal conditions of every locality.

**LISTERINE** is useful in the treatment of the infectious maladies which are attended by inflammation of accessible surfaces—as diphtheria, scarlet fever and pertussis.

**LISTERINE** diluted with water or glycerine speedily relieves certain fermentative forms of indigestion.

**LISTERINE** is indispensable for the preservation of the teeth, and for maintaining the mucous membrane of the mouth in a healthy condition.

**LISTERINE** employed in the sick-room by means of a spray, or saturated cloths hung about, is actively ozonifying and rapidly oxidizing in its effects upon organic matter afloat in the atmosphere.

**LISTERINE** is of accurately determined and uniform antiseptic power, and of positive originality.

**LISTERINE** is kept in stock by all worthy pharmacists everywhere.

*FOR DESCRIPTIVE LITERATURE, ADDRESS*

**8. MAW, SON & THOMPSON, 7 to 12, Aldersgate Street, LONDON, E.C.**

**British Agents for the Products of LAMBERT PHARMACAL CO., St. Louis, U.S.A.**

THE  
“D.C.L.”  
MALT EXTRACT

which was shewn at the

**BRITISH MEDICAL ASSOCIATION**

Meeting, held in Edinburgh this year, is guaranteed to be a perfectly pure Extract made from Malted Barley only. The grain used is chosen with the greatest possible care, and as THE DISTILLERS Co., Ltd., purchased over

**400,000 Quarters**

during last year, it must be apparent that their knowledge is exceptional. Malting is conducted entirely on their own premises. The machinery employed is of the most perfect description, and every lot made is carefully tested before being Bottled.

The “D.C.L.” MALT EXTRACT can be obtained combined with Cod Liver Oil. Medical men can have samples sent free on application, and are respectfully urged to prescribe “D.C.L.” to their patients, otherwise very inferior makes may be supplied.

There are several older makes of Malt Extract now before the public which are valueless in dyspepsia, as they are utterly innocent of Diastase, and are artificially thickened with Dextrine.

**“D.C.L.” MALT EXTRACT is reliable in every particular.**

**Sole Makers: THE DISTILLERS CO., Ltd., Edinburgh.**

**MANUFACTURERS OF THE CELEBRATED “D.C.L.” YEAST.**

# SOMATOSE

is an Albumose Food product. It is prepared from meat, and contains the albuminous elements of the latter in an easily soluble form. The salts present in SOMATOSE correspond to the nutritive salts of fresh meat, among

which occur Phosphate of Potassium, so important in the formation of muscular and cellular tissue.

## SOMATOSE

is a Tasteless, Odourless Powder,—is easily tolerated, even by the most delicate stomachs. It is invaluable in wasting diseases; and is especially indicated in children of backward development.

## SOMATOSE

is well borne when no other aliment can be administered. It is also of the greatest service in cases requiring rectal alimentation.

## SOMATOSE

has been found to act as a most efficient Galactogogue. Remarkably successful results attend its use when administered to nursing women, whose milk secretion is deficient or scanty.

## SOMATOSE

is indicated in all conditions where an invigorating and easily absorbed food is required. With the aid of SOMATOSE it is possible to tide the patient over critical periods, since it is capable of acting for a long time as a complete substitute for other nitrogenous foods.

ADULT DOSE: One teaspoonful three times a day in milk, soup, coffee, cocoa, etc.

The following is the analysis of SOMATOSE as obtained by Goldman:—

Water ..	..	..	..	9.20
Total Nitrogen ..	..	..	..	12.84
Albumoses ..	..	..	..	77.85
Peptone ..	..	..	..	2.20
Ash ..	..	..	..	6.78

## IRON-SOMATOSE

(*Ferro-Somatose*).—An excellent tonic, containing the albuminous substances of the meat (albumoses) organically combined with Iron in the proportion of 2 per cent. of the latter. Under the use of Iron Somatose the weight of the

body is increased and the amount of Hæmoglobin is augmented. Iron Somatose combines in a most suitable way the well-known and appreciated properties of Somatose with a good Iron preparation.

SPECIAL INDICATIONS: Chlorosis and Anæmia.

DAILY DOSE: 75 to 150 grains.

## MILK-SOMATOSE

(*Lacto-Somatose*).—A strength-giving food containing the albuminous matter (albumoses) of the milk, with 5 per cent. of Tannic Acid in firm organic combination. The chief indications for Milk Somatose are the various chronic maladies

of the digestive organs, and especially those disturbances of digestion which, as in Enteroptosis and Anæmia, can be referred to the atonic condition of the muscular organs of the stomach. Milk Somatose is a good flesh-forming preparation, without irritation, and slightly astringent with patients of weak or diseased digestive organs. In the case of Typhus maladies it is of great value.

Samples and literature can be had on application to the Wholesale Depot for all Bayer's Drug Specialities —

**ELBERFELD FARBEN FABRIKEN CO., Ltd.,**  
19, ST. DUNSTAN'S HILL, LONDON, E.C.  
Also at Manchester, Glasgow, and Bradford.

# BAYER'S Pharmaceutical Specialities.

THE most reliable of the hypnotics. Acts quickly and surely, and is not attended by any secondary effects. The sleep produced by Trional is as calm and refreshing as the natural one; it is deep and dreamless, and the patient awakes from it as from a natural sleep, without showing the least sign of drowsiness.

## Trional

(Diethylsulphon  
Methylethan).

IN simple insomnia TRIONAL will produce sleep in from 15 to 20 minutes with absolute certainty.

**DOSE.**—16 to 30 grains, followed by a hot drink. A good method of administration is in the form of Palatinoids (Messrs. Oppenheimer, Son & Co., 179, Queen Victoria Street, E.C.), or in the form of Oxy-Carbonated Trional Water (manufactured by Messrs. Cooper & Co., 80, Gloucester Road, S.W.).

THE best product yet introduced in the treatment of the uric acid diathesis. Combines the acknowledged uric acid solvent properties of Piperazine with the diuretic properties of Tartaric Acid.

## Lycetol

(Tartrate of Dimethyl  
Piperazine).

INCREASES considerably the alkalinity of the blood.

**DOSE.**—16 to 32 grains daily. Best administered either in effervescing form (Effervescing Lycetol, Messrs. Bishop & Sons, Ltd., Spelman Street, E.), or in the form of Oxy-Carbonated Lycetol Water (Messrs. Cooper & Co., 80, Gloucester Road, S.W.).

### INVALUABLE IN INFLUENZA.

A PERFECT substitute for salicylate of sodium, as it acts quite as promptly, but without producing any of the unpleasant after effects so frequently attending the use of this drug. Its action is sure and quick.

## Salophen

(Acetyl para Amidosalol).

ABSOLUTELY non-toxic. Specially indicated in acute articular rheumatism, sciatica, chorea, migraine, and neuralgia.

**DOSE.**—16 grains, three or four times a day, in powder or in the form of lozenges.

AN excellent substitute for Codeine. In doses of 5 milligrammes Heroin has given excellent results in cases of bronchitis, pharyngitis, catarrh of the lungs, and in asthma bronchiale. In the latter two cases the dose may be increased to 1 centigramme.

## Heroin

(Di-acetic ester of Morphia).

HEROIN does not cause constipation. Its dose is much smaller than that of morphine. Heroin can be administered to patients with a weak heart who cannot tolerate morphine. It is best given in the form of powder, mixed with sugar, or may be dissolved in brandy or water acidulated by the addition of a few drops of acetic acid.

**SALOPHEN, IODOTHYRINE, TANNOPINE, CREOSOTAL (Pure Carbonate of Creosote), DUOTAL (Pure Carbonate of Guaiacol), ARISTOL, EUROPHEN, PROTARGOL, PHENACETINE-BAYER, SULPHONAL-BAYER, PIPERAZINE-BAYER, ANALGEN, LOSOPHAN, TETRONAL, SOMATOSE, IRON SOMATOSE, MILK SOMATOSE, &c.**

## FOR INFANTS, INVALIDS, AND THE AGED. FOOD.

**This delicious highly nutritive, and most easily digested Food is specially prepared for Infants, and for those whose digestive powers have been weakened by illness or age.**

*The following letter addressed to F. B. BENGER & CO., Ltd., is published by special permission of the Russian Court.*

**"Balmoral Castle,**

**"Scotland, 25th Sept., 1898.**

**"Sirs,—Please forward to Balmoral Castle one dozen 2/6 Tins of BENGER'S FOOD for H.I.M. THE EMPRESS OF RUSSIA, addressed to Miss Coster. We have received the box ordered from Peterhoff.**

**"Yours truly, F. COSTER."**

### ***N.B.—An important observation.***

Dr. R. S— M—, M.B., B.S.(Lond.), F.R.C.S.(Eng.), writes under date May 12th, 1898 and permits us to publish:—

"Ever since you introduced your Food I have been in the habit of prescribing it for infants and invalids, and in my opinion it surpasses and absolutely supersedes all other foods. The laxative effect of your food when the predigestion has been carried pretty far, is one of its most valuable qualities, and can be regulated precisely according to the time of the digestive process. By graduating this a most perfect adjustment of the action of the bowels can be secured."

**BENGER'S FOOD is sold in Tins at 1/6, 2/6, and 5/-. by Chemists, &c., everywhere.**

*Wholesale of all Wholesale Houses and Shippers, or of the Manufacturers,*

**F. B. BENGER & CO., Ltd., Otter Works, Manchester.**

# Invalid Bovril,

like ordinary Bovril, contains the actual substance of the primeest lean ox beef in the finest possible state of division, but in a more concentrated form. It is specially prepared for use in the sick room, and contains no seasoning. It is perfect beef tea plus the ALBUMIN and FIBRINE of Beef in the form best suited to the enfeebled powers of digestion and assimilation, thus providing the nourishment necessary to the renewal of strength and vitality.

## Virol

is an ideal strengthening food for Infants, growing Children, Invalids, and others. It enriches the blood and supplies all the elements for growth and nutrition, being composed of finest Extract of Malt, Red Bone Marrow, and Fresh Eggs. It is extremely palatable, and may be used with advantage in place of nauseating mixtures of Cod Liver Oil.

RECENT investigations in the B. W. & Co.

Laboratories have made it possible to greatly enhance the value of 'Tabloid' Ophthalmic Drugs. By the adoption of a new process of manufacture, their solubility has been markedly increased so that solution in the lachrymal secretion is extremely rapid. Their already small bulk has been further diminished, whilst the highest standard of purity of the ingredients, the accuracy of dosage, and the perfection of finish have been fully maintained.

Superior to Cod Liver Oil, Tincture of Iron, or Peptone.

# HOMMEL'S HAEMATOGEN,

(Haemoglobinum concentratum et Glycerinum purissimum [Imperial German Patent, No. 81391], agreeably flavoured).  
Entirely free from Antiseptic Chemicals.

A BLOOD-FORMING TONIC OF THE UTMOST VALUE,

**In General Debility, Anæmia, Chlorosis, Neurasthenia, Rickets, Scrofula, Weak Heart,  
Wasting Diseases of Children, Chronic Catarrh of the Stomach and Bowels,  
Loss of Appetite, Slow Convalescence after Fevers, and Over-Rapid  
Growth in Young Persons.**

UNSURPASSED AS A MEDICINE FOR CHILDREN.

No Flavouring required.

Highly Relished by Patients of all Ages.

Being a Fluid, it is very easy to take.

Gives Excellent Results in Rickets and Scrofula.

Far superior to Cod Liver Oil, Iodide of Iron, and similar preparations.

"Using Hommel's Haematogen, I have had surprising success in cases of Anæmia, Debility, and Weak Digestion. In the treatment of Children, I have given up Cod Liver Oil, Chemical Preparations of Iron, and Sweet Wines, and instead of them, I use only Haematogen, which has proved itself in my experience, to be efficacious and prompt in its action. It has the further advantage of Possessing an agreeable taste, which makes it preferable to all other Haemoglobin Preparations."

Dr. N—, Specialist for Children's Diseases, Munich.

A POWERFUL RESTORATIVE IN DISEASES OF THE LUNGS.

"I consider Hommel's Haematogen to be a Food Product which has not as yet any equal, especially in the treatment of those who are recovering from illness."—Dr. S—, Specialist for Diseases of the Lungs, Berlin.

"I have employed Hommel's Haematogen in about 100 cases of Anæmia, Scrofula, Consumption, Tedious Convalescence, and Debility. I have been so satisfied with it, that I do not now prescribe any other preparation of Iron."—Dr. D—, Berlin.

Hommel's Haematogen may be given to Infants at the Breast, to Children of any Age, and to Adults continuously from year to year. Being a Natural Organic Product, it never causes any unpleasant symptoms whatever, nor does it ever produce vascular excitement nor throbbing of the temples (orgasm).

GIVES AN APPETITE EVEN IN THE WORST CASES OF DISTASTE FOR FOOD.

Hommel's Haematogen contains 1) Perfectly Pure Haemoglobin, (2) the whole of the Salts which are found in Fresh Blood, and (3) the Highly Important Albuminous Constituents of the Serum in a Concentrated and Purified Form, without any trace of Decomposition. It is not peptonised or predigested, for artificial digestion, whether it is accomplished by the action of acids and pepsin or by heat, is quite different from the natural process. It has been proved by Professor NEUMEISTER, of Jena, and Professor CAHN, of Strasbourg, that peptones, albumoses and peptonised preparations are not by any means absorbed directly, but are converted into albuminate before being absorbed. There is no doubt that artificial digestion brings about the decomposition of substances, which are of the highest importance for building up the tissues of the body. This is strikingly shown by the great success of Hommel's Haematogen, in cases of Rickets, Scrofula, Wasting Diseases of Childhood, &c., in which not only Peptonised Preparations, but Cod Liver Oil, Iodide of Iron, &c., had been employed without any benefit.

*We shall be happy to forward Samples and Literature of Hommel's Haematogen, gratis and carriage paid, to Medical Practitioners who may wish to give it a trial.*

**Kept in Stock by all Pharmaceutical Chemists. Price of Original 9-oz. Bottle, 4/-.**

Dose for young Infants, Half a Tea-spoonful, or One Tea-spoonful, twice a day in Milk, of the proper heat for drinking. For Children, One Table-spoonful, either pure or mixed with any convenient liquid. For Adults, One or Two Table-spoonfuls twice a day BEFORE food, so as to secure the full benefit of its powerful appetising effect.

NICOLAY & CO., 36 and 36A, St. Andrew's Hill, London, E.C.

"A perfect combination of Malt Extract and Cod-liver Oil."

—British Medical Journal.

The "PERFECTED" Malt & Oil.

BYNOL

THE "Allenburys" Malt Extract is of pale colour, delicious flavour, and the highest diastasic activity, while the "Perfected" Cod-liver Oil is of absolute purity and in itself free from any nauseous taste. The resulting combination (Bynol) is so intimately incorporated that globules of oil cannot be detected; and it would appear from analysis that the Oil to some extent exists in actual chemical combination with the Malt Extract.

**BYNOL is at once a concentrated Food and Digestive.**

**BYNOL has an exceedingly agreeable flavour, and can be given to the most sensitive.**

**BYNOL contains a higher percentage of Cod-liver Oil than most preparations of the kind.**

The late Sir Andrew Clark said:

"I have said that these fibroid cases are poor creatures, thin and white, and have what may be called nutritive debility; and the question is, What am I to do with them? You cannot do better than endeavour to make the patient walk in the way of physiological righteousness. But that sometimes will not do. Some people may be physiologically well behaved, and somehow they do not thrive on it. Can you do anything in those cases? There are two remedies which sometimes do succeed where the ordinary diet will not succeed in nourishing the patient—the one is Cod-liver Oil and Malt given with food—a preparation called Bynol—and the other is the remedy called Bynin Emulsion, consisting of Hypophosphites, Oil, and Malt. Both are prepared by Messrs. ALLEN & HANBURY'S. These are two good nutritive agents in promoting nutrition."

**Allen & Hanburys Ltd.,** Plough Court, Lombard Street, London.

Cod-liver Oil Factories: LOFODEN, LONGVA, and KJERSTAD, NORWAY.

NON-POISONOUS.

# MEDICAL IZAL

NON-CORROSIVE.

A REFINED PREPARATION OF IZAL, specially prepared for Medical and Surgical use. The investigations of several eminent bacteriologists have established the high disinfecting power of MEDICAL IZAL; its superiority in practice is testified to by many leading members of the profession. Every separate make is tested bacteriologically by a well-known bacteriologist; it is not passed unless 1 part diluted with 200 parts of water destroys the *bacillus coli* and the *staphylococcus pyogenes aureus* in five minutes. MEDICAL IZAL is thus proved to be quite four times as powerful, antiseptically, as absolute phenol and yet free from danger and irritative properties. It is therefore

## IDEAL IN OBSTETRICS.

MEDICAL IZAL is an emulsion containing 40% pure IZAL OIL. This new coal (*not* coal-tar) product, consists of oxidised hydrocarbons containing a greater proportion of hydrogen to carbon than the recorded member of the phenol series, and a less proportion than the members of the alcohol series.

EXCELLENT RESULTS have attended the use of this non-poisonous body when ADMINISTERED INTERNALLY in Typhoid, Dysentery, and other specific diseases of the Alimentary Canal. In Surgery MEDICAL IZAL has won unqualified praise from those who use it. Proved to be exceedingly valuable in Ozœna, Erysipelas, old Abscesses, old Sinuses, and Fœtid Bronchitis.

## PULMONARY TUBERCULOSIS.

When vapourised in the patient's room, IZAL quickly produces a marked improvement; the results are such as to warrant the highest hopes from its use in this fell disease. **Write for Special Pamphlet.**

### IZAL PREPARATIONS:

MEDICAL IZAL (40% pure Izal oil), in bottles, 1/6 and 2/6 each, and in Winchester quarts, 10/- each.

IZAL DISINFECTANT (40% Izal oil), *proved* four times as strong, antiseptically, as absolute phenol. Officially adopted by H.M. Government for use in Military Hospitals and in the Navy. In bottles, 6d., 1/-, 2/6, and 4/6 each; and in bulk.

IZAL LINT (1% Izal = 4% carbolic), 2/4 per lb.

IZAL WOOL (1% Izal = 4% carbolic), 2/- per lb.

IZAL GAUZE (1% Izal = 4% carbolic), 1/- per 6 yard length.

*To be had from the  
Makers,  
GIBBS, CUXSON & CO.,  
OLDBURY.*

IZAL PERLES (2½ minims Izal oil in oil), for internal use. Boxes of 25, 1/-; boxes of 75, 2/6; and in bulk.

IZAL LOZENGES (1/4th minim Izal in each), very valuable for the throat. In boxes, 1/1½ each.

IZAL OINTMENT (5% Izal oil = 50% carbolic), for ringworm, and all skin diseases. In pots, 1/1½ each.

IZAL CREAM (1% Izal oil = 10% carbolic). Bland and Emollient. Valuable in midwifery practice. In tubes, 1/1½ each; 4/6 per lb.

IZAL MEDICAL SOAP (4% Izal oil = 40% carbolic), 3 tablets in box, 2/- per box.

PURE IZAL OIL, in glass-stoppered bottles, 8 oz., 5/- each.

*Verbatim Reports of Bacteriological, Pharmacological and Surgical Experiments post-free, also Samples to the Profession.*

**NEWTON, CHAMBERS & CO., Ltd., Thorncliffe, Sheffield.**

**ALLEN & HANBURY'S Ltd., Bethnal Green, London.**

DIGESTIVE. TONIC. NUTRITIVE.

# *Byno-Hypophosphites.*

*"One of the most popular tonics of the day."*

—British Medical Journal.

## ADVANTAGES :

The inert sugar of the ordinary syrupy preparations is in BYNO-HYPOPHOSPHITES replaced by the active Malt Extract BYNIN. Hence BYNO-HYPOPHOSPHITES is DIGESTIVE and NUTRITIOUS, containing as it does the diastasic ferment of Carbo-hydrates and also the soluble Phosphates and Albumenoids of the finest malted barley.

**BYNO-HYPOPHOSPHITES** is a Tonic not only to the nervous system but also to the heart muscle and digestive apparatus.

With **BYNIN** (a very active and by far the most palatable Malt Extract on the market) as a vehicle, it contains the Hypophosphites of Iron, Manganese, Calcium, and Potassium, together with the Alkaloids of Cinchona and Nux Vomica in combination with their natural acids, in which form they are more readily assimilated. The quantity of Alkaloid is carefully standardised, there being the equivalent of 1-40th grain of Strychnine in each ounce.

*The presence especially of Iron and Manganese in this preparation indicates its value as a direct hæmopoietic agent.*

The Hypophosphites, taken as a group, are invaluable restoratives in cases of brain fatigue and nervous exhaustion. It is a matter of clinical observation that PHOSPHORUS, essential in the production of the lecithin compounds of the nervous system, is FAR MORE READILY ASSIMILATED in the form of HYPOPHOSPHITES than as Phosphates, Phosphoric Acid, or even free Phosphorus.

The other allied Tonics in which BYNIN is used are :

**Bynin-Amara = Easton Syrup.**

**Byno-Phosphates = Chemical Food.**

"An active Malt Essence."<sup>1</sup>—*Lancet*  
 ... An Improved Preparation of Malt...

# Bynin—Liquid Malt

**T**HIS preparation is not a dilution of the ordinary viscid Extract of Malt, but is obtained by improvements in the methods of manufacture, whereby the concentration is arrested and the diastasic activity better preserved. It is far more palatable and pleasant to take than the ordinary thick extract.

**BYNIN** is Digestive and Nutritious, as it contains the diastasic ferment of Carbo-Hydrates, Soluble Phosphates, and Albumenoids.

This **LIQUID MALT** is especially adapted for mixing with :

- (1) Milk, preventing the formation of large curds of casein and rendering it most digestible.
- (2) Farinaceous Foods, promoting their digestion.
- (3) Aerated Waters, to form a nutritious beverage.

It is better for nursing mothers than ale or stout, increasing the flow of milk and rendering it easier of digestion.

**Bynin** affords a more nutritious and digestible menstruum than sugar in the manufacture of sweet preparations of the phosphates of Iron, etc., as :

Byno-Hypophosphites.

Bynin-Amara—EASTON.

Byno-Phosphates—PARRISH.

In which Bynin takes the place of inert Sugar.

Other **SPECIAL PREPARATIONS** are—

Bynol and Bynin Emulsion of Cod-liver Oil (*Nutrients*),  
 Byno-Cascada (*Aperient*) and Coca Bynin (*Stimulant*),  
 Byno-Pancreatin and Byno-Pepsin (*Digestives*).

**Allen & Hanburys Ltd.,** Plough Court, Lombard Street, London.

# Infant Feeding.

**N**o single Food is suitable for the Infant for the whole period of the first nine months. At birth, the digestive powers are only able to assimilate human milk or its physiological equivalent; and it is not until the child is six months old that any starchy Food is admissible.

**ALLEN & HANBURY'S** have introduced a Series of Foods to meet the increasing requirements of the infant economy.

## THE "Allenburys" Milk Food No. 1

is, as far as possible, an exact equivalent for human milk. It is prepared in the form of a dried powder, from fresh and carefully selected cow's milk, at their Factory at Ware. The proximate

composition of the cow's milk having been ascertained, the excess of casein is removed and the deficiency in fat and milk-sugar made good. The mixture is then sterilised and concentrated in *vacuo*, care being taken not to overheat the mixture and thus destroy the anti-scorbutic element present. Sterilised (boiled) water

is then added in the proportions indicated on the labels, and a perfect humanized milk is obtained. The portability, ease of mixing, and freedom from bacterial contamination render this preparation invaluable not only for general use but for delicate infants suffering from diarrhoea, and also in those cases where the milk supply is not above suspicion, or where long journeys have to be taken, whether by land or sea. This Food, as well as the "Allenburys" No. 2, is now being extensively used in India and tropical climates, and is found to keep perfectly in the hermetically sealed tins.

This Food should be given for the first 3 months.

## THE "Allenburys" Milk Food No. 2

is identical with No. 1, but contains in addition small quantities of maltose, dextrine, and soluble phosphates, derived from the digestion of whole meal. These are included to meet the increasing requirements of the infant economy; but it should be understood that there is **no unaltered starch** present.

This Food is designed for infants from 3 to 6 months.

## THE "Allenburys" Malted Food. No. 3.

This preparation (generally known as ALLEN AND HANBURY'S Malted Infants' Food) is a perfectly assimilable farinaceous Food. It is prepared on Baron von LIEBIG's principle of malting, but by greatly improved methods. It differs from other forms of malted food in that the malt is present in a soluble, concentrated, and most active form.

The basis of the Food is fine wheaten flour, rich in nitrogen, with this advantage, that a large proportion, but not all of the starch is converted by the action of Malt Extract. The Food is rich in soluble phosphates and albumenoids, for the formation of firm muscle and solid bone.

It is prepared for use by the addition of cow's milk. With delicate children, however, the transition from No. 2 to No. 3 Food is too great, if cow's milk be used; it is better, therefore, to employ the No. 1 Food as a substitute for the cow's milk, thus ensuring the preparation being made with a true humanized milk.

**Allen & Hanburys Ltd.,** Plough Court, Lombard Street, London.

Infants' Food Manufactory: Ware Mills, Hertfordshire.

Laboratories and Warehouse: Bethnal Green, London, E.

For special details concerning these Foods, see succeeding numbers of the British Medical Journal and Lancet.

Telegraphic Address: "WELFORDS, LONDON." Telephone No. 107 "PADDINGTON."

# PEPTOGENIC MILK POWDER.

**PEPTOGENIC MILK POWDER** renders cows' milk just as digestible as mothers' milk.

Cows' milk treated with the PEPTOGENIC POWDER becomes the closest possible approximation to mothers' milk in every detail—percentage of all constituents, and character of albuminoids.

**THE FUNDAMENTAL DIFFERENCE** between cows' and human milk is in the character of their albuminoids. The caseine of cows' milk when ingested, coagulates into tough indigestible masses, while that of human milk remains diffused, soluble, and therefore easily digestible.

**THE PEPTOGENIC POWDER** and method afford a reliable and practical means of adjusting this difference.

Supplied to the Medical Profession in  $\frac{1}{2}$  lb. and 1 lb. Bottles, at 1s. 9d. and 3s. 4d. each.

## PANOPEPTON.

**PANOPEPTON** being the entire edible substance of prime lean beef and best wheat flour, is the food *par excellence* for invalids in all acute diseases, fevers, &c.; in convalescence, for the large class of persons who, from feebleness or deranged digestion, or antipathy to ordinary foods, require a fluid, agreeable and quickly assimilable food.

For an adult, the usual portion should be a dessertspoonful to a tablespoonful several times a day and at bed time.

Supplied to the Medical Profession in 6 oz. and 12 oz. Bottles, at 2s. and 3s. 4d. each.

## PEPSENCIA.

**PEPSENCIA** is a palatable and effective digestive fluid. It contains all the constituents of the gastric juice. A teaspoonful before or after meals will be found of service in all cases where pepsin is indicated.

Supplied to the Medical Profession in 4 oz. and 8 oz. bottles, at 1s. 9d. and 3s. each.

## Armour's Laboratory Products.

### NUTRIENT WINE OF BEEF PEPTONE.

In 8-oz. and 16-oz. Bottles.

An elegant and acceptable form of predigested food, with the stimulants of both beef and wine. The familiar and largely used preparations known as Beef Wine, and Iron are of undoubted value as a tonic, but possessing only the stimulating properties of beef in addition to the wine, are therefore devoid of the very essential constituent which ARMOUR'S NUTRIENT WINE possesses—namely nutrition.

Each pint bottle contains, in a pre-digested form, all the nourishment and stimulant of one pound of lean beef.

### VIGORAL.

A Fluid Extract, prepared from ARMOUR'S SOLID

EXTRACT OF BEEF, combined with pure Beef in Powdered form supplying nourishing and muscle-forming constituents along with stimulating properties.

It is specially designed as a finely seasoned, nourishing, and stimulating beverage, soluble in hot or cold water.

After a long bicycle ride or any physical exertion, nothing prepares the stomach so well for a solid meal as **A CUP OF VIGORAL.**

Supplied in 2-oz., 4-oz., 8-oz., and 16-oz. Glass Jars.

Armour & Company will be pleased to send samples to Physicians on application, and beg to respectfully request that when prescribing "Armour's" may be indicated.

**ARMOUR & COMPANY (Chicago), LONDON, E.C.**

## BULLOCK'S PEPSINA PORCI.

DOSE—2 to 4 GRAINS.

## ACID GLYCERINE OF PEPSINE.

DOSE—1 to 2 DRMS.

(BULLOCK).

In this preparation advantage has been taken of the solubility of Pepsine in Glycerine to produce a convenient and desirable liquid form of this valuable medicine; whilst the preservative qualities of the menstruum confer upon the Acid Glycerine of Pepsine the property of keeping for any length of time.

May be prescribed with most substances compatible with Acids.

In 4-oz., 8-oz., and 16oz. Bottles, and in Bulk.

The published experiments of G. F. DOWDESWELL, Esq., M.A.Cantab., F.C.S., F.L.S., &c., Dr. PAVY, Professor TUSON, the late Professor GARBOD, Dr. ARNOLD LEES, and others, conclusively demonstrate the excellence, high digestive power, and medicinal value of the above preparations.

# McK. & R. GELATINE-COATED PILLS

VOID IN SHAPE, CONTINUOUS COATING.

ORIGINATED BY

McKesson & Robbins, 1870.

Prepared in strict accordance with the formulae of the British Pharmacopoeia, 1898, and other standard authorities.

"The quality of the masses in the 'McK. & R.' Capsuled Pills as exhibited through a lens which magnified the interior of the pills (containing mineral salts) twenty diameters, gave ocular demonstration of careful laboratory work."  
—*British Medical Journal*.

"Pills of exceptional merit for originality and for excellence of manufacture."—*Medical Times and Gazette*.

"Being of ovoid shape, they do not resemble ordinary coated pills; they are swallowed with the greatest ease where the above-mentioned are rejected. The slippery character which the coating assumes after having been taken into the mouth renders the pill almost imperceptible to the sensitive mucous membranes of the soft palate and fauces, and this, we think, contributes greatly to the ease of administration."—*Obstetric Gazette*, U. S. A.

OUR PILLS ARE STOCKED BY ALL CHEMISTS. IN PRESCRIBING SPECIFY "McK & R."

# HOOKE'S MILK WINE

Of extreme utility in cases of  
DYSPEPSIA. ANÆMIA. DEBILITY.  
TUBERCULOSIS. PHTHISIS. INSOMNIA.  
HEART WEAKNESS.  
TYPHOID AND OTHER FEVERS.  
ALL WASTING DISEASES.  
MENTAL AND PHYSICAL OVERWORK.  
LOSS OF APPETITE. &c. &c.

"YILNAC"

REGISTERED TRADE MARK.

(PATENTED)

A peptonized product of milk, containing all the constituents of the original milk (except fat) in a completely digested form. It is of great medical value for use in the sick-room—for convalescents—for those suffering from dyspepsia, insomnia, nervous disorders, &c.

Its value consists in the fact that the whole of the casein or curd of the milk is present in the Wine in the form of peptones, which are capable of being absorbed into the system **without digestive effort**. Whilst possessing all the valuable properties of a highly peptonized Milk, it takes the form of a sound and palatable Wine, of great use in all febrile disorders and cases of acute illness where milk, or milk and a stimulant, is essential, and often difficult to administer. It is in fact a **powerful food stimulant** and tonic, and may be used successfully both in illness and convalescence. It is a most useful **appetizer** and aid to digestion under any circumstances, especially for the weak and aged.

Many valuable testimonials have already been obtained from medical men and others who have tested and used the Wine.

A PHYSICIAN IN LARGE PRACTICE CERTIFIES:—

"HOOKE'S MILK WINE is a valuable addition to the dietary of the sick room, and I have found it a powerful restorative and stimulant, not only in severe illness, but also in cases of nervous exhaustion induced by overwork, study, and other causes. It has also been used with marked and surprising success where no other food could be taken, and I have been struck with its value as an appetizer when taken shortly before a meal."

The MILK WINE is sold in wine quarts and pints. Prices, respectively, 4/6 and 2/6 per bottle, and may be obtained through any Chemist, or from the Manufacturers:—

THE MILK WINE CO., Ltd., 9, Arundel Street, Strand, LONDON, W.C.

**FREE SAMPLES** TO MEDICAL PRACTITIONERS ONLY will be sent on application. Included with each sample is a small bottle of *Essence of Milk* Add in Solution. A simple experiment will then immediately demonstrate the Milk Peptones present in the Wine.

# MISTURA BISMUTHI COMP.

## MACKEY'S ORIGINAL PREPARATION.

Composition—Liq. Bismuth, Tr. Nux Vomica, Morphia, Hydrocyanic Acid, and Spt. Chlorof.

This reliable preparation contains Bismuth in its most effective form for the successful treatment of Atonic and Irritative Dyspepsia, Gastric Catarrh, and Pyrosis accompanied with Pain after Food. It is highly useful in some forms of Vomiting, and has been used with success in the Diarrhoea or Constipation connected with Debilitated Conditions of the Alimentary Canal.

THE LANCET says:—"Bismuth could hardly be given in a better form."

"I have used the Mistura Bismuthi Co., prepared by Messrs. MACKEY, MACKEY & Co., Ltd., and have found it most efficacious, and far superior to any other preparation of Bismuth that has come under my notice."—C. E. B.—, M.R.C.S., &c.

"MACKEY'S Mistura Bismuthi Co., is an improvement on other preparations of Bismuth, and more acceptable to the stomach. I have found it a very reliable preparation."—J. P.—, F.R.C.S.

In Bottles, 15s. 5d., 7s. 9d., 4s., and 2s. 3d. each.

INTRODUCED AND PREPARED ONLY BY

MACKEY, MACKEY & CO., Ltd., Wholesale Druggists and Manufacturing Chemists.

# PROTARGOL.

A new Silver Preparation, highly efficacious in the treatment of Gonorrhoea, and most strongly recommended as an Antiseptic Wound Healer. PROTARGOL contains 8 per cent. of silver, and is easily soluble in cold or warm water, is non-irritating, and possesses a better penetrating effect on the tissues than any other known silver preparation. PROTARGOL is a chemical compound of silver and a protein substance. Its solution is not precipitated by albumen, chloride of sodium, or diluted hydrochloric acid. Dr. BENARIO, of Frankfort, states that PROTARGOL possesses high bactericidal properties, and is therefore excellent for the treatment of Wounds. Professor NEISSER, of Breslau, declares that PROTARGOL is the best, the safest, and the quickest remedy he has yet employed in the treatment of Gonorrhoea. An eminent English surgeon, in *The Practitioner* for March, 1898, confirms, so far as his experiences go, the favourable opinion expressed by NEISSER, especially with reference to the powerful anti-bactericidal properties of PROTARGOL. Has been used with the greatest success in Ocular Therapeutics. The usual strength of the solution for injection is  $\frac{1}{4}$  to 2 per cent.

SAMPLES and LITERATURE can be had on application to—

ELBERFELD FARBEN FABRIKEN CO., Ltd., 19, St. Dunstan's Hill, London, E.C.  
Also at MANCHESTER, GLASGOW, and BRADFORD,

Telegraphic Address: "GLUTENS, LONDON."

Established 1859.

**MOUNTJOY BREWERY, LIMITED**  
(Late FINDLATER & CO.)  
RUSSELL STREET, DUBLIN.

**NOURISHING STOUT.**—The attention of Medical Men is respectfully called to the value of this finest of Malt drinks, as a valuable tonic restorative. Numerous unsolicited testimonials have been received by our bottlers all over England.

Samples will be sent direct from the Brewery, Carriage Paid, with name of nearest bottlers, on application.

ANALYTICAL RECORD FROM "THE LANCET."—CROWN STOUT.—*Mountjoy Brewery Russell Street, Dublin.*

"The nourishing qualities of Stout are due mainly to a comparatively high proportion of Malt extractions, which, consisting principally of Maltose and Dextrine, offer little task to the digestive organs. The sample before us is marked by an excellent proportion of these extractions, while, at the same time, the alcoholic strength is by no means excessive.

"The result of analysis were as follows: Malt extractions, 9.0 per cent.; mineral matter, 1.38 per cent.; alcohol, by weight, 4.62 per cent., by volume, 5.78 per cent.; equal to proof spirit, 10.13 per cent. The mineral matters consisted almost entirely of soluble potassium phosphate. The Stout was in good condition, ripe, yet free from undue acidity, and possessed a characteristic malty flavour."

SIR CHARLES CAMERON'S Analysis:—

DUBLIN.

I have analysed a specimen of Nourishing Dublin Stout, submitted to me for that purpose by The Mountjoy Brewery, Dublin. I have never examined a specimen of Porter in which the solid or nutritive constituents were so abundant as in the case of this Stout. It contains Ten Per Cent. of its weight of solid matter, or nearly the amount of solids contained in milk. Its flavour is good, and it is Remarkably Free from Acidity

CHARLES A. CAMERON,  
Professor of Chemistry, College of Surgeons, Dublin.

PROFESSOR TICHBORNE'S Analysis:—

DUBLIN.

I have examined and analysed for several years the Stouts brewed by The Mountjoy Brewery, viz., Single, Extra, and their speciality known as Nourishing, or Crown Stout. The gravities of all these Stouts are very high, as proved by my analysis. The Crown or Nourishing Stout gave me one of the highest gravities I have ever seen in Stout. They are all of first-class quality. The Nourishing Stout being exceptionally fine, and owing to its strength and purity is a most valuable food for invalids. They are all brewed from Malt and Hops only, the water used being the best brewing water the City of Dublin affords.

CHARLES R. O. TICHBORNE,  
Professor of Chemistry, Dublin.

98 AND 109, ABBEY HILL, EDINBURGH AND 9 AND 11, MOOR LANE, FORE STREET, LONDON, E.C.

### SALMON'S ABDOMINAL BELT.

For use before and after accouchement, and for all cases of abdominal weakness, affords a more complete lifting support than any hitherto made, as it effectually raises the lower part of the abdomen. Airpads are fitted to it for cases of hernia, prolapsus, and moveable kidney when required. Prices from 25s. to 50s. Ladies can address to Mrs. SALMON.

HENRY R. SALMON,  
42, Beaumont St., Upper Wimpole St.,  
LONDON, W.  
ESTABLISHED 1861.

### SALMON'S OBSTETRIC BINDER.

For immediate use after accouchement (8s. 6d., 10s. 6d. and 12s. 6d.) is invaluable for preserving the figure, and entirely dispenses with the ordinary pinning. Exhibited before the Obstetrical Society, and recommended by the leading Physician-Accoucheurs. Measurement required, ordinary size of the waist. Each one stamped with name and address; all others are imitations.

HENRY R. SALMON,  
42, Beaumont St., Upper Wimpole St.,  
LONDON, W.  
ESTABLISHED 1861.

## IMPROVED INSTEP ARCH SOCK

HOLLAND'S PATENT.

"Most valuable for Flat-Foot."

British Medical Journal November 10th, 1898:—"The INSTEP ARCH SOCK has been long and widely used, and the new form appears to embody a distinct improvement."

The Lancet, June 11th, 1898:—"The INSTEP ARCH SOCK introduced by Mr. Thomas Holland is a useful appliance."

The Sock is worn inside the Boot. A tracing of the foot is the best guide for size.

Price 4s. single. 6s. 6d. per pair. Children's 5s. 6d. per pair.

HOLLAND, 40, South Audley Street, London, W.

THE 'TWIN-FEED' NEPTUNE FOUNTAIN PENS.

Prices: 4/-, 7/6 and 9/-, post free.  
Money returned if pen is not liked.

This is a fac-simile of the 7/6 pen with 14-carat Gold Nib. The 9/- one is the same, but with gold bands. The 4/- one has a cheaper nib. The pen par excellence for Shorthand writers.

Writes directly it touches the paper. Send for free Illustrated List of other kinds.

BURGE, WARREN & RIDGLEY,  
91 & 92, Great Saffron Hill, London, E.C.

## SECOND HAND Surgical Instruments, MICROSCOPES AND OSTEOLOGY.

MONTHLY PRICE LIST POST FREE.

Half Sets of Bones from 30/-.

MILLIKIN & LAWLEY, 165, STRAND LONDON.

Sole Address: T. HAWKSLEY,

**Arteriometer (Dr. Oliver's)**

for measuring the internal diameter or calibre of the radial artery, and indicating the same in mm., also the SPHYGMO-DYNAMOMETER, for measuring the energy in grammes required to stop the blood stream in the radial artery, up to 500 grammes. The case forms a wrist-rest.

**Incontinence of Urine in**

Children during Sleep, also for Adults and the Paralyzed, a ring and screw (Jugum Penis). When the urethra is closed, no urine can pass, and it is worn with comfort.

**Paget's Splint, for anatomical**

defects in the knee-joint, giving a true antero-posterior movement of the knee-joint, preventing axial rotation of the leg, and also the "wagging" of the joint caused by relaxed or torn ligaments.

**Kidney Sinus.—A retaining**

apparatus consisting of a cup to receive the urine from right or left kidney and convey it into a container attached to the side of the body. Ditto arranged for the Gall-Bladder.

**Colotomy, Inguinal.—A con-**

tainer applied over the entrance to the bowel and kept in situ by means of a spring and strap round the body.

**Supra-pubic Sinus.—For use**

after tapping the bladder in this region, consisting of a spring with jaws or surfaces which press the sides of the sinus together and prevent the exit of urine.

**Rider's Sprain.—A spica with**

soft round pad to support the injured tendons, may be used in walking and tightened when in the saddle, or may be worn over the leathers.

**Mouth Breathing.—For the**

control of this injurious and unpleasant habit, a knitted cap is made to fit the chin with elastic sides and ribbons which tie at the top of the head. The mouth can be easily opened voluntarily, but the habit (?) is overcome by the elastic sides of the chin cup;—of no use where there is obstruction in the nasal passages or superior pharynx—a good preventive of snoring.

**Bearing Reins.—For young**

people, to ensure the erect carriage of the head. Made of velvet ribbon and elastic, with buckle and strap for adjustment, to be attached to the stags.

**Drop Chin, and for Disease**

OF THE CERVICAL SPINE.—Made of light steel wire with a pad on the sternum, and another for the chin to rest upon; a buckle and strap attach the instrument to the back of neck. It is scarcely observable, and does not interfere with mastication.

**Sound Deadening.—This con-**

sists of a waxy clay, mixed with wool, made into cones large enough to fit into the external meatus and to fill the concha; sometimes enclosed in gold-beater's skin. It is not perfect, but sufficiently so to render irritating sounds bearable. Used by nervous people, literary workers in town, gunnery instructors, &c., &c.—Vide Sir Wm. DALRYMPLE on "Preservation of Hearing."

**Genu Valgum. — Moulded**

rubber pads which may be fitted into the boots or worn loose in boots or slippers.

**T. HAWKSLEY,****357 OXFORD STREET LONDON, W.****357, Oxford St., London, W.****Knee Trusses for Dislocated**

Semilunar Cartilages.—Made in three sizes for right and left knees. The same principle specially adapted for chronic dislocations of the patella. The truss does not interfere with the free use of the joint in kneeling, or cycling.

**Toed Socks (Patent).—Made**

in six sizes in merino, for preventing the overlapping of the toes in children and adults, and to cure gouty eczema between the toes. The Toed Sock extends only half-way over the foot, so that any ordinary sock or stocking may be worn over it.

**Bunion Posts or Toe Posts**

for the treatment of severe bunions. This is a metal plate the width of the toes and fitting into any boot or slipper, the post or wall which adducts the great toe is attached to the metal plate and is adjustable. Toed socks should be worn, or large socks should have a divided toe. Walking is not interfered with.

**Bunion Wedges made of thick**

felt are introduced between the great and second toes. No retentive means are required as the sides and ends of the wedges are hollowed to fit the toes. The felt is condensed lambwool.

**Hammer Toes.—A small steel**

Splint that is quite sufficient to cure Hammer Toe if the latter can be pulled nearly straight without violence. The Splint is applied underneath and attached to the toes by strapping and does not interfere with walking, &c.

**Peroni's "Ideal" Clinical**

THERMOMETER, with continuous index which requires no shaking down. Pressure on the top end brings the column to below normal. Prices 4s. 6d. and 7s. 6d.

**BAILEY'S PATENT ABDOMINAL BELTS.**

For General Support, Pregnancy, Prolapsus Uteri, Umbilical Hernia, Uterine Support, Laparotomy, Floating Kidney.

Over 15,000 of these Belts have been sold. The only ones which will not ruck up.

No Belt which is cut in one piece can give efficient support to the abdominal walls without undue pressure on the hips.

They are so constructed that the part which surrounds the abdomen is distinct from that which surrounds the hips, so that each part can be adjusted properly, and as the size of the hips varies very much in different persons, this is a matter of the first importance.

The Greatest Improvement ever Effected.

Competent Female Assistants attend many of the leading London Hospitals.

**SPECIAL DEPARTMENT FOR LADIES.**

All Belts are made and fitted on the Premises.

## INSTRA WARMERS.

Patented throughout the World. PRIZE MEDALS AT EXHIBITIONS (BRITISH and FOREIGN).

A SEASONABLE PRESENT, COMBINING UTILITY WITH ORNAMENT.

The small pocket Instras, weight  $3\frac{1}{2}$  ozs. is invaluable as a preventative against chills, the extra warmth enabling a person to go about ordinary avocations when suffering from cold without after ill-effects. Used by travellers, sportsmen, persons driving, etc., and wherever changes of temperature are encountered. Larger sizes for foot warmers and other purposes are supplied.

Rev. G. E. M. EVANS writes: "Penryn, Cornwall, April 8, 1897. I am very pleased with the 'Instra.' I have been caught in the rain on my bicycle two or three times, and by carrying the 'Instra' in my pocket have felt no chill and caught no cold."

Miss GRACE METCALFE-WHITE writes:—"3 Antrim Mansions, Haverstock Hill, N.W., 4th February, 1898.—I found the 'Instra' invaluable in travelling, in fireless rooms, and even in ordinary daily walks, and shopping. Fastened in the muff it kept me in a warm glow all the time."

Surgeon-General Sir WM. McKINNON, K.C.B., late Director of the Army Medical Department, writes:—"I went out one cold day without a great coat, carrying the Instra in a side pocket, and it kept me warm and comfortable. I then came in and sat in a cold room without a fire, still having the Instra in my pocket, which kept me quite warm. If we had had such a thing in the Crimea during our first winter, what a blessing it would have been for our troops! . . . I shall recommend it to my friends."

Agents amongst Principal Chemists and Ironmongers throughout the Kingdom.

## THE BERKEFELD FILTER.

*Seven Gold Medals and other Awards. Scott Medal of the Franklin Institute, Philadelphia.*

These Filters are manufactured in a variety of Patterns, as Pressure, Drip, and Pump Filters, suitable for **PRIVATE HOUSES, OFFICES, HOSPITALS, ASYLUMS, SCHOOLS, FACTORIES, &c.** For Travellers, Explorers, Officers on Foreign Service.

The attention of the Medical Profession is called to the following distinct advantages of these Filters:—

They are **GERM PROOF** (see Special Report on Water Filters, *British Medical Journal*, Nov., 1894, and Jan. 1898).

They are simple in construction, and can be easily cleaned and sterilized.

They give an abundant supply.

Extract from the Special Report to the *British Medical Journal* on "The Relative Efficiency of Water Filters," by Drs. Sims Woodhead and Cartwright Wood. "Experiments were carried out with the Filter H., an exceedingly good model which seems to subserve the functions of a Filter better than any we have yet seen described. . . . The output is so large that there is no reason why such Filters should not supply sufficient water for all household requirements. These Berkeley Filters afford complete protection against the communication of waterborne disease."

**HOUSE FILTERS H (AS SKETCH) TO ATTACH TO SERVICE PIPE, £2 2/-.** **SMALLER SIZE, £1 10/-.** **GLASS TABLE FILTERS FROM 8/6.**

## THE DOCTOR'S "CAPOTE."

A NEW OVERCOAT  
For the Medical Profession.

With special pockets for  
Obstetric and Emergency  
Cases.

In three weights as under—

Light - £2 12 6

Medium £3 3 0

Heavy - £3 13 6

Two measures only  
required—  
Chest and full Height.

Each Capote made to  
measure and sent against  
remittance to any part  
of the world.

Made in Black, Greys,  
Drabs, &c. &c.

PATTERNS and FULLER ILLUSTRATIONS SENT FREE  
TO ANY PART OF THE WORLD.

This Coat hangs quite full from the shoulders, is exceedingly comfortable, and owing to the peculiar cut (shoulder and sleeve combined) is as easily put on and removed as a Cape—a great advantage to gentlemen of the Medical Profession, who are continually entering and leaving hot rooms. The pockets are at the side, and by a special arrangement the trousers and waistcoat pockets can be got at without opening the Coat—an advantage on many occasions. As a walking-coat it looks exceedingly well, whilst as a driving-coat it has no equal, for this purpose any material can be made waterproof thoroughly by the new process, without rubber (water but not air proof), the charge being 6s. extra. (If preferred, the ordinary Chesterfield shape can be supplied at the same price.)

Our Firm has been well known to the Medical Profession for many years, through its SPECIALITY FIVE GUINEA (silk-lined throughout) DRESS SUIT and the "DOCTOR'S INKNESS CAPE," which we still make at the same prices as above if preferred.

**A Magnificent Repeating Watch.**  
SPECIALLY MANUFACTURED FOR LEADING PHYSICIANS AND PURPOSES OF PRESENTATION

STRIKES THE HOURS  
AND QUARTERS ON  
A BEAUTIFUL  
MUSICAL GONG.

SUPPLIED LARGELY  
TO MEDICAL  
SOCIETIES FOR  
PRESENTATIONS.

## A VALUABLE HINT.

This watch would, if purchased from a West End London jeweller, cost not less than double H. WHITE'S price. The advantage to be gained in dealing direct with the manufacturer is obvious.

ment is of the highest type and finish, jewelled in 30 actions. Fitted with Brequet Hair Spring, and real cut compensated expansion balance, which guarantees the watch keeping correct time in any climate, whether at the Tropics or the North Pole. Specially heavy 18 c. Gold Hunting Cases with white enamel dial so divided as to indicate the tiniest intervals of times—to the 300th part of a minute. The chronograph or centre-seconds finger may be controlled and brought to a dead stop and sent back to zero by a simple pressure of the small disc which may be noted on the case above the figure XII without in any way interfering with the time-keeping portion of the movement. This independent action renders this remarkable

watch invaluable for annotation, scientific or experimental work. By sliding the small spring at the side of the case, it can be made to strike the hours and quarters at pleasure, on a beautiful cathedral gong.

The advantage and charm of possessing a watch of this description, so entirely unique and distinct from the ordinary watches worn, are quite apparent. Many of them have been purchased by medical societies for presentation to retiring members, and have met with their entire approbation. A watch of this type is truly a magnificent investment, since even after years of wear it could always represent the amount expended in its original purchase.

**H. WHITE'S Price £21 10s. truly worth £30 to £40.**

**Simple in Construction, Accurate in Performance.**

ONE OUT OF THOUSANDS.—Dr. A. E. C., District Surgeon, Richmond, Natal, S. A., writing under date January 26th, 1895, states:—"I delayed acknowledging the receipt of the gold watch sent to my order until I had tested it. I am very pleased indeed with it in every respect—appearance and timekeeping are both excellent. Will you kindly send me, etc., etc."

**LADIES' AND GENTS' GOLD AND SILVER WATCHES FROM 25/- TO £30.**

**APPROBATION.**—The above watch, or any selected from catalogue, will be sent for inspection to any reader of this Journal on receipt of references. No obligation to purchase would exist whatever, should the goods fail to please. (Medical practitioners preferred).

**A GUIDE BOOK** full of valuable hints, and containing full descriptions of H. WHITE'S watches and jewellery will be sent to every gentleman who applies for one. It may save you many pounds.

Every watch sent at our risk to any part of the United Kingdom, carriage paid, on receipt of cheque, P.O.O., draft or notes. Colonial orders receive careful attention from one of the members of the firm. Foreign insured postage, British Possessions, 2/6 extra; others 5/-.

**IMPORTANT.**—No connection with any other Market Street firm. Only First Grade Goods supplied.

**H. WHITE, Watch Manufacturer,**

[Established 1890.] [Estimates for Repairs]

**Motor-Landau, grand**  
doctor's carriage to carry six persons. Free trial to buyers.—Apply T. F. WELLINGTON, 87, Adelaide Road, N.W.

We have recently observed that several English firms have commenced to factor French-made Motor Tricycles, placing their own transfer upon them, and advertising them in such a manner as to mislead the public into the belief that they are English made. We would point out that we are the only successful manufacturers of Motor Tricycles, every part of our production is English, not a single part is of foreign make.

**READ THE FOLLOWING UNSOLICITED TESTIMONIAL:—**

"Having ridden over 3,000 miles during the past 8 months on one of your Motor Tricycles, I feel you may be glad to hear how the machine has worked. The tricycle is very fast and powerful, and there is no difficulty in keeping up the maximum pace allowed by law. When one understands the working of the machinery it is very easy to keep in order, as it is extremely simple, and there are so few parts to go wrong.

One great advantage over the ordinary Motor Car is the little notice of them taken by horses. As a rule they do not mind in the least; but in the case of a restive horse it is easy to shut off the power and pedal by without the least noise.

I think these tricycles will be a great boon to medical men who have long journeys to go.

For night work they are specially handy, as one can start off in a couple of minutes and often be home again before a horse could be got ready. Having ridden on many motor cars, I feel somewhat confident to express an opinion in saying that I prefer your Tricycle to any other, and I should be very sorry to be without one in my practice, as I find that not only is it a great saving, but it will do the work of two horses.—I am, Gentlemen, Yours faithfully,

November 30th, 1898.

## A BOON FOR BUSY HOUSEWIVES.

No one but the mother knows the daily care and thought to satisfy the sometimes dainty and often capricious appetite of her little ones. The mother must not only look to the gratification of her children's palates; she likes also to satisfy the eye, if she can, with an appetising appearance of the food presented to her little ones. Then there is the question of time and economy involved in the preparation of dainty dishes for sometimes petulant palates. No food can satisfy the mother's heart, in all these respects, better than Chivers' Jellies. They are flavoured with the rich ripe juices of fresh wholesome fruit, and prepared in silver-lined pans to insure freedom from all possible contamination, by which method hand labour if reduced to a minimum. The busy housewife has in Chivers' Jellies a dainty nourishing food, requiring but little trouble in preparation; always ready to hand, and always good alike. Chivers' Jellies are to be had in the following flavours: Lemon, Orange, Strawberry, Raspberry, Pineapple, etc. They are for sale by all Grocers and Stores in packets, and if you haven't yet tried them please do so at once. Half-pints, 2s. 6d.; Pints, 4s. 6d.; Quarts, 8s. Messrs. CHIVERS' & SONS' Fruit Farm Factory, Histon, Cambridge, will send you free sample if you address a post card to them.

N.B.—Under the New Act voluntary boarders can be received, on their own personal application.

**WESTBROOKE HOUSE, ALTON, HANTS.**

This old-established Sanatorium, for the cure and treatment of ladies and gentlemen of the upper classes, suffering from mental and nervous disorders, is situated in a lovely part of Hampshire. It is 1½ hours from Waterloo, and 18 miles from Winchester. The grounds are extensive and picturesque. Terms on application to the Resident Medical Officer.

**PETERBORO' HOUSE, FULHAM.**

A PRIVATE ASYLUM for the care and treatment of ladies mentally afflicted. Within two minutes walk of the Parsons Green Station (District Railway).

For terms and particulars apply to J. R. HILL, L.R.C.P., Medical Superintendent.

**DINSDALE PARK, near DARLINGTON.**

A large mansion, licensed for Mental Diseases since 1855, for both sexes, beautifully situated on rising ground on the north or Durham bank of the River Tees, with extensive views of the Cleveland and other Yorkshire hills facing the south. It is surrounded by large grounds and a farm.

Resident Physician and Proprietor—

J. W. EASTWOOD, M.D. Edin., M.R.C.P. Lond.

**FIDDINGTON HOUSE, MARKET LAVINGTON, WILTS.**

This old-established Asylum (under new management), for Private Patients only, is pleasantly and healthily situated, and stands in about fifteen acres of pleasure grounds, gardens, &c. Every indoor and outdoor amusement provided for the patients, including billiards, cycling, and carriage exercise. Voluntary Patients or Boarders received without certificates. Railway station, Devizes, G.W.R.

For terms, &c., apply to the Proprietor or Medical Superintendent.

Telegram: REILLY, Market Lavington.

**St. Luke's Hospital, London, E.C.**

ESTABLISHED 1751.

This Hospital was established for the treatment of mental diseases of the middle classes. Preference is given to acute cases, and these are admitted either gratuitously or on payment of a weekly sum varying from 14s. to 30s., according to the circumstances of each. Patients are eligible for admission from any part of the United Kingdom. Forms of application may be had from, and enquiries addressed to, the Secretary, at the Hospital.

The Convalescent Establishment in connection with the Hospital is at St. Lawrence, near Ramsgate.

W. H. BAIRD, Secretary.

**SPRINGFIELD HOUSE PRIVATE ASYLUM, BEDFORD.**

For Forms of Admission, etc., address DAVID BOWER, M.D., as above (Dr. B. attends at 5, Duchess Street, Portland Place, W., on Tuesdays, from 3 to 4).

TERMS—TWO AND A HALF GUINEAS PER WEEK.

There are now vacancies for both Ladies and Gentlemen.

**BOREATTON PARK.**

This Private Asylum, which was founded by the late W. H. O. Sankey, M.D., F.R.C.P., for the reception of a limited number of ladies and gentlemen mentally afflicted, is now conducted on the same lines by his son, E. H. O. SANKEY, M.A., M.B., B.C. Cantab.

Dr. Burd, Newport House, Shrewsbury, M.D. and M.C. Cantab, Consulting Physician to the Salop Infirmary, and to the Salop and Montgomery Lunatic Asylum, &c., is Consulting Physician, and visits the House once a month, and oftener if required.

The mansion stands high, among handsomely laid out gardens in the midst of a picturesque deer park (about 70 head of deer are kept), and commands a magnificent view of Welsh mountain scenery.

Carriages, horses, lawn-tennis, golf, trout and other fishing are provided.

The Asylum is situated about ten miles from Shrewsbury, within easy distance of Baschurch Station, G.W.R., whither carriages can be sent at any time for visitors.

Letters and telegrams should be addressed to Dr. SANKEY, Boreatton Park, Baschurch, Salop.

**Stretton House, Church**

Stretton, Salop.

An Institution for treatment of Mental Diseases (upper class only). Bracing hill country. Express trains from all parts (London 4½ hours).

Full particulars see "Medical Directory," p. 1943, or illustrated prospectus from Resident Medical Officer. Telegrams: CAMPBELL-HYSLOP, Church Stretton

**THE MOAT HOUSE, Tamworth, Staffordshire.**

A HOME FOR NERVOUS AND MENTAL CASES.

Stations, L. & N. West, and Mid. Railways. The House stands in grounds of ten acres (within 5 minutes' drive of either station), and is devoted to the care and treatment of a few ladies suffering from nervous and mental disorders, who enjoy the comforts, privacy, and occupations of home life. Voluntary patients are received without certificates.

For terms, etc., apply to the Resident Proprietor, E. HOLMES, M.A. Camb., J.P.

**KINGSDOWN HOUSE, BOX, WILTS.**

A Sanatorium for the Treatment and Cure of Mental and Nervous Disorders.—The Commissioners in Lunacy report in favour of this Institution as being one where suitable accommodation can be obtained for a moderate charge. It is situated in lovely country, having a fine golf links close to the house, and being five miles from the city of Bath, and fifteen minutes' walk from Box station.

Voluntary patients or boarders received on their own personal application. For terms apply to

H. C. MACBRYAN,

Joint Proprietor and Medical Superintendent.

**Grove House, All Stretton, Church Stretton, Shropshire.**

A Private HOME for the Care and Treatment of a limited number of ladies mentally afflicted. Climate healthy and bracing.

Apply to Mrs. MCINTOCK (widow of the late Dr. McIntock), the Resident Proprietress, and to the Medical Superintendent.

**THE HUGUENOTS,**

East Hill, Wandsworth. ESTABLISHED 1874.

A HOME for Ladies suffering from Mental and Nervous Diseases. Boarders not under certificates also received for care and treatment. A mental Specialist visits. The house has large grounds and is healthily situated near several commons.—Resident Licensee, Mrs. LEECH.

**OVERDALE ASYLUM**

(late Clifton Hall), Whitefield, Lancashire.

Licensed for a limited number of PATIENTS of the upper and middle classes. It is beautifully situated in a retired neighbourhood, and has all the comforts of home life.—For terms, etc., apply to J. HOLMES, M.D., Resident Medical Superintendent.

**Barnwood House Hospital for MENTAL DISEASES, Barnwood, near Gloucester.**

Exclusively for PRIVATE PATIENTS of the UPPER and MIDDLE CLASSES.

This Institution is devoted to the care and treatment of persons of both sexes at moderate rates of payment.

The terms vary according to the requirements of the patients, who can have private rooms and special attendants, or be accommodated in detached villas and in the branch convalescent establishment on the hills.

Under special circumstances the rates of payment may be greatly reduced by the Committee.

For further information apply to JAMES GRIGG SOUTAR, M.B., the Medical Superintendent.

**ST. ANDREW'S HOSPITAL FOR MENTAL DISEASES, NORTHAMPTON.**

FOR THE UPPER AND MIDDLE CLASSES ONLY.

President—The Right Hon. The EARL SPENCER, K.G.

The Institution is pleasantly situated in a healthy locality, one mile from the London and North Western or Midland lines, and 1½ hours only from London.

It is surrounded by more than 100 acres of pleasure grounds.

Great care is exercised in the classification of the patients according to their habits and different degrees of mental aberration, so that those who are quiet or convalescent may not associate with those whose minds are more affected.

Ample means of occupation and amusement are provided, including Cricket, Croquet, Lawn Tennis, and Archery. There are also Billiard Rooms, and a large Recreation Hall and Theatre.

The terms vary from 25s. to £4 4s. a week according to the requirements of the case.

Patients paying higher rates can have Special Attendants, Horses and Carriages; and Private Rooms in the Hospital, or in detached Villas in the grounds of the Hospital; or at Moulton Park, a branch establishment, two miles from the Hospital. There is also a Seaside House, to which Patients may be sent.

For further information apply to the Medical Superintendent.

**THE COPPICE, NOTTINGHAM. HOSPITAL FOR MENTAL DISEASES.**

President: The Right Hon. The EARL MANVERS.

This Institution is exclusively for the reception of a limited number of Private Patients of both sexes, of the Upper and Middle Classes, at moderate rates of payment. It is beautifully situated in its own grounds on an eminence a short distance from Nottingham, and commands an extensive view of the surrounding country, and from its singularly healthy position and comfortable arrangements, affords every facility for the relief and cure of those mentally afflicted. For terms, &c., apply to Dr. TATE, Medical Superintendent.

## HAYDOCK LODGE, NEWTON-LE-WILLOWS, LANCASHIRE,

Is charmingly situated in a healthy and retired neighbourhood, midway between Liverpool and Manchester, about 2 miles from Newton-le-Willows Station on the London and North Western Railway. It is a comfortably-furnished Country Mansion, especially adapted for the care and treatment of persons of unsound mind.

Besides the use of the general sitting-rooms, &c., patients of both sexes can have private apartments and special attendants at moderate rates of payment. Information as to terms, &c., may be obtained on application to the Resident Medical Superintendent, CHARLES T. SKERRET, L.R.C.P. Lond., M.R.C.S. Eng., who attends at 49B, Rodney Street, Liverpool, on Thursday from 2 to 4.

Telegrams: "Street, Ashton-in-Makerfield."

Telephone (National): "No. 3, Ashton-in-Makerfield."

Visiting Physician.—ALEXANDER DAVIDSON, M.D. F.R.C.P., Physician to the Liverpool Royal Infirmary.

## WEST MALLING PLACE, KENT, FOR MENTAL DISEASES.

RESIDENT PHYSICIAN—DR. JAMES ADAM.

**"GLENDOSSILL," HENLEY-IN-ARDEN, WARWICKSHIRE.**—Dr. S. H. AGAR, who has for 15 years conducted an Asylum for both sexes at BURMAN HOUSE, Henley-in-Arden, has relinquished that establishment as being unsuited to the requirements of the Insane at the present day. Dr. Agar has purchased an ample site in a most salubrious and attractive situation outside Henley-in-Arden, and has built "Glendossill" expressly for the receipt and treatment of a limited number of Upper and Middle-class Insane persons of both sexes. No pains or expense have been spared in designing and constructing, both internally and externally, "Glendossill" for its purpose, in accordance with the most modern and enlightened views, of what is necessary for the comfort, safety and treatment of patients suffering from any form of Insanity. Telegraph and postal address, Henley-in-Arden, Warwickshire.

**"PERITEAU."**—A Private Asylum for five mentally afflicted Ladies conducted on the system of a private family, with an utter absence of anything that could remind the invalids that they are under care. A special feature of this establishment is the employment of ladies only as attendants, and numerically being one in excess of the patients. Medical Superintendent, E. W. SKINNER, M.D.—Address, Proprietress (Mrs. SKINNER, Senr.), "Periteau," Winchelsea, Sussex. Personal interview from 2 to 3.30 second Wednesday in every month.—33, Wimpole Street, Cavendish Square, W.

**WONFORD HOUSE HOSPITAL for the INSANE, near EXETER.**—A Registered Hospital for the UPPER and MIDDLE CLASSES.—This Institution is situated in a beautiful and healthy locality, within a short distance of the City of Exeter. There is comfortable accommodation at moderate rates, both in the Hospital itself and at Plantation House, Dawlish, a seaside residence on the South Devon Coast, affording more privacy, with the benefit of sea-air and a mild and salubrious climate. Private rooms and Special Attendants provided if required. Voluntary Patients or Boarders also received without certificates. For terms, &c., apply to P. MAURY DEAS, M.B., M.S. Lond., Resident Medical Superintendent.

**ASHWOOD HOUSE, KINGSWINFOR, STAFFS.**—Proprietors, Drs. H. G. PEACOCK and J. F. G. PIETERSEN. An old-established and modernised Institution for the Medical Treatment of Ladies and Gentlemen mentally afflicted. The house, pleasantly situated, stands in picturesque grounds, forty acres in extent, with a surrounding country noted for the beauty of its walks and drives. The climate is genial and bracing. Occupation, in-door and out-door amusements, and carriage and other exercise amply provided.—Terms range from 2½ to 6 guineas per week, inclusive, according to requirements as to accommodation, special attendance, &c.—Railway Stations: Stourbridge Junction (G.W.R.) 3½ miles; Dudley (L. & N.W.R.) 4 miles; Wolverhampton (G.W.R. or L. & N.W.R.) 7 miles. Intending visitors can be met at any of these stations.—For further particulars apply to Dr. PIETERSEN, Resident Medical Superintendent.

## PRIVATE ASYLUMS, DUBLIN.

Licensed under Government Inspectors' Supervision, as Hospitals for Patients of the upper class suffering from **MENTAL AND NERVOUS DISEASES.** HIGHFIELD for Ladies, and HAMPSTEAD for Gentlemen, at DRUMCONDRA near Dublin. Telephone 1032.

VOLUNTARY PATIENTS ADMITTED WITHOUT MEDICAL CERTIFICATES. The Proprietor, JOHN EUSTACE, B.A., M.D. (Dub.), J.P., and H. M. Eustace, B.A., M.D., Reside in the Establishments.—Members of the Medical Profession, and all persons properly interested in Patients, are invited to visit and inspect these Establishments at any time they please. Apply to Drs. EUSTACE, at Drumcondra, or at their Office, 41, Grafton Street, Dublin.

## Warneford Asylum, Oxford.

—This Asylum, for the care and treatment of the Insane of both sexes of the middle and upper classes, is pleasantly situated on Headington Hill, near Oxford, and has been recently enlarged. The grounds are extensive, and cricket, tennis, billiards, dances and other amusements are amply provided. There are now vacancies for patients at moderate charges. Voluntary boarders can also be received.—For particulars apply to the Medical Superintendent, Dr. NEILL.

## NORTHWOODS HOUSE, WINTERBOURNE, near BRISTOL.

PRIVATE ASYLUM for LADIES and GENTLEMEN.

Situated in a large park in a healthy and picturesque locality, easily accessible by rail via Bristol, Patchway, or Yate Stations. Voluntary Boarders can now be received.—For further information see Medical Directory, page 2059; and for terms, &c., apply to Dr. EAGER, Resident Physician.

## Coton Hill Hospital for the

INSANE, near STAFFORD. Chairman of the Committee of Management, the RIGHT HONOURABLE LORD WROTTESLEY. This Hospital is devoted to the care and treatment of the UPPER and MIDDLE CLASSES who are mentally afflicted, providing accommodation and home comforts at moderate rates of payment. The terms of admission vary from £1 5s. to £3 3s. per week according to the requirements of the case. Patients can have, if required, private rooms and special attendants. There are also semi-detached villas in the grounds for the accommodation of private patients. The Hospital is beautifully situated in a high and healthy position; the grounds are extensive and tastefully laid out; also cricket field, lawn tennis courts, golf link, etc. There is a large recreation hall with stage in which concerts, dramatic performances, dances, etc., are frequently given. A new system of drainage, in accordance with the most modern sanitary views has recently been introduced. For further particulars as to the terms, &c., apply to R. W. HEWSON, the Medical Superintendent.

## DORCHESTER ASYLUM.

### PRIVATE PATIENTS.

The Special and Separate Departments for Private Patients contain large Dining and Drawing Rooms, Fireproof construction, and lighted by Electricity. Situation elevated and healthy, with extensive Recreation Gardens. Every kind of amusement, including Golf Course. Charge from £1 1s. per week.

Letters: HERRISON, DORCHESTER.  
Telegraphic Address: HERRISON, CHARMISTER,  
(about 3½ hours from London).  
Full particulars on application to Dr. MAC DONALD.

## Exeter City Asylum.

PRIVATE PATIENTS are admitted into this Asylum at a uniform rate of 25s. a week. This sum includes everything except clothing. For further information, printed forms of certificates, etc., apply R. L. RUTHERFORD, M.D., Medical Superintendent.

"The wards are in excellent order, bright and cheerful, and those occupied by the patients of the private class should attract many, whose means are limited, from all parts of England."—Extract from the *Forty-eighth Report of the Commissioners in Lunacy*.

## WYKE HOUSE, ISLEWORTH, MIDDLESEX.

A private Asylum for Ladies and Gentlemen mentally afflicted. Voluntary boarders are received. The grounds are very extensive, and various amusements are provided.—For terms, apply to F. MURCHISON, M.A., M.B., Resident Proprietor.

### NERVOUS AND MENTAL AFFECTIONS.

## The Grove, Catton, near NORWICH.

A quiet HOME for the Special treatment of a limited number of ladies suffering from nervous and mental affections. The house stands in beautiful grounds of about 10 acres in extent, is situated a mile-and-a-half from the city of Norwich, and contains the most modern requirements and comforts. Carriage drives and amusements of all kinds are provided for the patients. Boarders are also received without certificates.

For further particulars, apply to the Resident Physician, CRELL A. F. OSBURN (formerly Medical Assistant Grove House Asylum, and the Oaks Sanatorium, Hythe); or to the Misses MCLINTOCK.

## THE RETREAT PRIVATE ASYLUM,

Near Armagh, Ireland. [ESTAB. 1824].

PARALYSED AND EPILEPTIC,  
(Albany Memorial), Queen Square, Bloomsbury.

### HOUSE PHYSICIAN.

A vacancy has been created by the resignation of Dr. PURVES STEWART, Senior House Physician. The Board of Management invite applications from gentlemen possessed of a double qualification. The present Junior House Physician is a candidate for the senior post, and applicants should state whether they are prepared to accept either appointment.

The salary of the Senior House Physician is £100, and that of the Junior £50 per annum with board and apartments.

Applications, with copies of recent testimonials, should be sent to the undersigned on or before 9th January, 1899.

B. BURFORD RAWLINGS,  
Secretary and Director.

## National Hospital for the

PARALYSED AND EPILEPTIC,  
(Albany Memorial), Queen Square, Bloomsbury.

### PATHOLOGIST.

The Board of Management invite applications from gentlemen duly qualified for this appointment. Applicants must be Fellows or Members of the Royal College of Physicians, London, or undertake to become so within six months of appointment. An annual honorarium of 50 guineas is attached to the office.

Particulars of the duties may be obtained of the undersigned, to whom applications should be addressed, on or before 9th January, 1899.

B. BURFORD RAWLINGS,  
Secretary and Director.

## The Finsbury Dispensary,

Brewer Street, Goswell Road, E.C.

A vacancy has occurred in the office of RESIDENT MEDICAL OFFICER.

The appointment is an annual one, but a suitable officer would probably be re-elected for three successive years.

Candidates must be Registered Medical Practitioners.

A salary of £100 per annum will be paid and a furnished residence provided in the Institution with attendance, coals and gas.

Further information may be obtained by letter addressed to the Secretary at the Dispensary.

Applications accompanied by copies of testimonials to be sent in not later than the 7th January, 1899.

The successful candidate will be required to enter upon his duties on the 21st January, 1899.

W. H. PRATT, Secretary.

## Derbyshire Royal Infirmary.

Derby.

The Elective Committee is prepared to receive applications for the post of ASSISTANT HOUSE SURGEON.

In addition to the ordinary duties the Assistant House Surgeon will be required to act as the Anaesthetist to the Hospital.

Candidates must be qualified and registered under the Medical Acts.

The appointment will be for 12 months, at a salary of £40 per annum, with board, residence, and washing.

Applications, with copies of not more than five testimonials, to be sent to me by noon on Wednesday, 18th January, 1899.

Duties to commence on 1st February, 1899.

By Order,  
WALTER G. CARNT, Secretary.  
Royal Infirmary, Derby.  
19th Dec., 1898.

## The County Hospital, Ryde.

Wanted HOUSE SURGEON. Salary, £50 per annum, with board, lodging, etc.

Double qualification. Duly registered. Applications, with not more than three recent testimonials, to be sent in by January 1st, addressed to House Surgeon.

Successful candidate to enter upon his duties Jan. 15th, 1899.

The elected candidate will be required to deliver a course of instruction to the nurses for which a fee of ten guineas is given.

## Tynemouth Victoria Jubilee

INFIRMARY, Spring Gardens, North Shields.

Appointment of RESIDENT HOUSE SURGEON. The General Committee of the above Institution invite applications for the appointment of Resident House Surgeon at a salary of £120 per annum, of which £35 per year will be required for board, lodgings, and washing. The appointment will be terminable by one month's notice on either side, and the successful candidate will be required to conform to the rules and bye-laws of the Institution, copies of which can be obtained from the undersigned.

Candidates must be duly registered under the Medical Acts, and be qualified to practise both medicine and surgery. The medical officer appointed will be required to enter into a bond not to practise within three miles of the borough within two years of vacating his office. Applications, stating age accompanied by legal proof of qualifications and copies of testimonials, which latter will not be returned, to be sent to me not later than the 11th January next.

By order,

JOHN W. MEADOWS,

43, Howard Street, North Shields. Secretary.  
December 22nd, 1898.

## Kensington Dispensary.

### RESIDENT MEDICAL OFFICER.

This post being about to become vacant, registered medical practitioners, unmarried, under 35 years of age, and qualified to practice in medicine and surgery, are invited to send testimonials of qualification and character to the Honorary Secretary by the 9th January next.

Notice will be given to selected candidates when they will be required to attend before the Committee. The gentleman appointed must devote his whole time to the duties of his office. Salary £125 per annum, with furnished apartments, coals, gas and attendance.

Further particulars may be obtained by applying to the Honorary Secretary, T. W. O. WHEELER, 21, Lower Phillimore Place, Kensington, W.

## MEDICAL PARTNERSHIP AND CONVEYANCING AGENCY,

1, ADAM STREET, ADELPHI, W.C.

The Sale of Practices and Partnerships negotiated' Trustworthy Locum Tenens and Assistants can be had at a few hours' notice.

N.B.—No charge made to Purchasers.

**Notice.**—Mr. J. C. Needes, with an experience of over a quarter of a century, is in an exceptional position to give intending purchasers independent information concerning most practices and partnerships. Those Investments in the following List marked with an Asterisk are well known to him, having been purchased through his office by the present Incumbents years ago, and in many other cases, introduction can be given to gentlemen who have taken charge of the practices during the absence of the incumbents.

**West.**—A Practice of many years standing, situated in a prosperous seaport town over 20,000 inhabitants, is for negotiation. Held by vendor 20 years. The income is between £800 and £1,000 per annum, including valuable transferable appointments. Practice easily worked with one horse. A good introduction given.

**South.**—Easily-worked PRACTICE, about £500 a year in a small, country town within seventy miles of London. Railway station in place. Capable of increase. Commodious house with land attached, held at a moderate rental. Further particulars on application.

**Cash Practice, without Residence.** Established twenty years. Receipts over £12 per week. An Assistant is kept, and the Incumbent resides at a distance. The practice, which is steadily increasing, is situated on the borders of the E.C. and N. Postal Districts.

**West London.**—A Lucrative PRACTICE (held nearly twenty years by the present incumbent), yielding £1,400 per annum of which about £18 per week is received in ready cash at a separate surgery. The private house (Rent £70) is situated in a Residential locality and is connected with the surgery by telephone. Premium £1,550.

**Colonial.**—In a residential suburb of one of the principal cities in Australia a non-dispensing PRACTICE, averaging for the last three years over £1,200 per annum including appointments £350. Held by vendor 12 years. The connexion (which includes the best people in the place) is principally confined to a radius of two miles. The opposition is not formidable. Detached house (half a mile from the sea, and standing in its own grounds) containing 13 rooms, bath-room, &c. Gas and water laid on. Rent £110 a year, or can be purchased if wished, as it is vendor's freehold. The climate is cool and healthy. Educational advantages in the place for boys and girls. Premium £800. A good introduction and London references given.

APPLY TO J. C. NEEDES, 1, Adam Street, Adelphi, W.C.

**Required.**—A gentleman with private means is prepared to pay a liberal price for a country PRACTICE in the West of England where there are opportunities for hunting and sport generally. Income from £400 to £800 a year. Good house essential.—Particulars will be received in confidence by J. C. NEEDES, 1, Adam Street, Adelphi, W.C.

**Locum Tenens and Temporary ASSISTANTS.**—Practitioners requiring the above can immediately obtain thoroughly reliable qualified gentlemen upon application to 1, Adam Street, Adelphi, W.C. Every gentleman engaged by the office in either of the above capacities is personally known to Mr. J. C. NEEDES. An office fee of half a guinea is payable by the principal.

*Telegraphic Address: "Acquirement London."*

## MEDICAL TRANSFER AND PARTNERSHIP, 32, LUDGATE HILL.

**Messrs. Orridge & Co.,**  
Medical Transfer Agents, Referees, and Valuers, in offering their services to the Profession, have pleasure in referring to the fact, that for about HALF A CENTURY the name of Mr. Orridge has been known in the advertising columns of the leading Medical Journals, that a very large proportion of the Medical men throughout the Kingdom have confided their interests in the adjustment of Partnerships and Transfers to their care.

Purchasers who will communicate (confidentially) the nature and extent of their wishes regarding investments can be apprised of appropriate opportunities as they occur.

On occasions where advice is required in forming a correct conclusion as to the worth or eligibility of a Practice, Messrs. Orridge & Co. trust that their familiarity with the various contingencies that govern value will be found of considerable service to those by whom they may be employed.

N.B.—No charge is made to Purchasers.

## New Medical Transfer Agency

*At about Half Usual Fees.*

**Mr. THOMAS RHODES, 99, Strand, W.C.**

Mr. Rhodes, who is thoroughly conversant with all requirements of the profession, has opened the above agency at nearly half the ordinary terms.

**Partnerships and Transfers** are arranged without any charge to Purchasers.

**Reliable Locum and Qualified Assistants** are quickly obtained; under no circumstance will any be sent until references have been investigated.

**All communications are confidential**, and and will receive Mr. Rhodes' entire and devoted attention.

Particulars, with terms or consultations, free. Cheques or Money Orders crossed "Manchester and Liverpool."

*Telegrams: RHODES, 99, Strand, W.C.*

## BIRMINGHAM MEDICAL AGENCY 6, Frederick Road, Five Ways. BIRMINGHAM.

*(Late 164, Corporation Street.)*

**Messrs. LEE & MARTIN**  
negotiate Transfers of Practices and Partnerships with promptitude and care.

A large number of Purchasers always on the Books.

**LOCUM TENENS AND ASSISTANTS** supplied at short notice.

**ADDITIONAL QUALIFIED ASSISTANTS NOW REQUIRED.**  
*Telegrams: Locum, Birmingham. Telephone 1889*

## THE MANCHESTER CLERICAL, MEDICAL, AND SCHOLASTIC ASSOCIATION, LIMITED, 8, KING STREET, MANCHESTER.

*Telegrams:—"Student, Manchester."*

The Association negotiates the TRANSFER OF MEDICAL PRACTICES, PRIVATE HOSPITALS, HOMES, &c.; introduces PARTNERS, ASSISTANTS, LOCUM TENENS, NURSES, &c.; undertakes ACCOUNTANCY, INVESTIGATIONS, VALUATIONS, COLLECTION OF DEBTS, &c.

Several QUALIFIED ASSISTANTS required.

PROSPECTUS, containing names of Directors (Medical and Scholastic) on application.

## To Medical Men requiring

ASSISTANTS or LOCUM TENENS.—Mr. THOMAS RHODES, 99, Strand, W.C., who is thoroughly conversant with all requirements, has opened a new Agency, where reliable qualified men can be quickly obtained without fee to Principal. Transfers or Partnerships arranged at about half usual terms. Particulars free.

# THE SCHOLASTIC, CLERICAL, AND MEDICAL ASSOCIATION, LIMITED.

## MEDICAL DEPARTMENT.

This Association was established in 1880 as a Limited Liability Company under the direction of professional men, its object being the creation of a RESPONSIBLE and THOROUGHLY TRUSTWORTHY Agency. The Medical Department has met with so great success that it has been found necessary for one of the Managing Directors (Mr. G. B. Stocker) to devote his whole attention thereto; and he has the assistance of an experienced Medical Accountant and a large staff of clerks. Further a Board composed entirely of gentlemen of high standing in the Medical Profession has been appointed, and to them matters of dispute and complaint are referred.

The Association undertakes the SALE of PRACTICES and PARTNERSHIPS; the introduction of LOCUM TENENS and ASSISTANTS; MEDICAL ACCOUNTANCY (by a duly qualified Medical Accountant); INVESTIGATION and VALUATION of Practices, &c.; POSTING BOOKS and sending out Bills, &c., &c.

A Pamphlet relating to the Medical Department with the names of the "Directors" and the "Medical Advising Board," and terms will be sent on application to Mr. G. B. STOCKER, MANAGING DIRECTOR, 8, LANCASTER PLACE, STRAND, W.C.

Telegraphic Address:—"TRIFORM LONDON."

Telephone No. 1854 (GERRARD.)

### FOR SALE.

- (1) FOR TRANSFER.—A PRACTICE in a beautiful part of the country (seaside), charming and equable climate. Receipts £700 (including appointments of about £50 just obtained), with scope for considerable increase. Very attractive house and grounds. Educational facilities. Good golf, other sport. Six months' introduction. Premium £1,400.
- (2) YORKSHIRE.—West Riding.—An old-established PRACTICE in a rapidly increasing town. Cash receipts average £887 per annum. Visiting fees 2s. 6d. upwards. Very good house, with stabling and garden. Rent £117. Sport of all kinds. Six months' introduction. Premium £1,200. The practice can be worked by hiring only.
- (3) Small PRIVATE ASYLUM.—Within 50 miles of London. Premium £1,000.
- (4) HOME COUNTIES.—Old-established PRACTICE in a residential town within easy access of London. Estimated to be worth about £800 per annum. Visiting fees 3s. 6d. to 10s. 6d. Would take a partner to live in the house for three years or so and then succeed to the whole.
- (5) YORKS.—West Riding.—Old-established country PRACTICE of about £1,500 per annum. Two horses. Good house, with tennis lawn and stabling. Rent £100. Twelve months' introduction. Premium £2,250.
- (6) PARTNERSHIP in a middle and working class Practice in a manufacturing town in the West Riding of Yorkshire. Cash receipts for 1897 £1,148, including appointments of £150. Visiting fees 3s. to 10s. 6d. A one-third or a one-fourth share would be sold with option of increasing the share after 5 years.
- (7) LONDON, N.—Residential suburb. Good middle-class PRACTICE, close on £500, including transferable appointments worth £245. Usual visiting fees 3s. 6d. to 7s. Good house, rent £85. Premium £630.
- (8) LANCS.—Country town PRACTICE. Cash receipts over £800, including appointments (clubs, etc.) of £280. Visiting fees 3s. 6d. Good house and stabling. Rent £45. Premium £750, to include two carriages, horse, drugs, etc.
- (9) LONDON, S.W.—A good-class PRACTICE in a first-rate residential suburb. Cash receipts for twelve months ending Oct. 23rd, 1898, £405. Very attractive house with very good garden and stabling. Rent £130. Premium £500. The practice would only suit a man with private income.
- (10) S.W. of ENGLAND.—Small seaside town. Cash receipts for last three years have averaged about £850, including appointments. Exceptionally good house overlooking the sea, which must be purchased. Price £4,000 (£1,500 could remain on mortgage). Premium for goodwill £800.
- (11) LONDON, S.E. (about two miles from Charing Cross).—Old-established PRACTICE. Cash receipts average £572 per annum. Midwifery fees, £1 1/- and £2 2/-. Very good house, with garden, rent £80. Premium £650.
- (12) LANCASHIRE.—Manufacturing town.—A PRACTICE (largely ready money). Cash receipts for 1897, £580, including appointments of about £110. Large detached house with stabling and large garden. Rent, with stabling let off £32 10/-. No carriage. Premium £800.
- (13) CAPE COLONY.—Within 24 miles of the sea. Cash receipts for 1897, £731. Two horses. Excellent climate. Premium only £200 cash.
- (14) MIDLANDS.—Large Manufacturing Town.—Cash PRACTICE averaging £873 per annum. No appointments. Visiting fees 1s. 6d. to 5s. One horse. Rent £240.
- (15) AUSTRALIA.—Small town within six hours by rail of large centre. Cash receipts £907, including appointments, £550. Mostly prescribing. No long distances. Price £550.
- (16) BIRMINGHAM.—Middle and working class. Cash Receipts average £542, p.a. Midwifery fees 15s. and £1 1s.; about fifty cases. Well-situated house. Rent, £60. Great scope for increase. Premium £500.
- (17) Favourite town within 25 miles of London.—PARTNERSHIP (one-half share) with view to succession after three years in a practice of over £500 per annum, including appointments of £200. Rent of house £81. Would only suit a man with private income.

### For Sale.—Continued.

- (18) SOUTH MIDLANDS.—Unopposed country PRACTICE of over £800 per annum, including appointments of £180. Good house, with stabling and large garden. Rent £70. Good hunting. Premium £1,000.
- (19) SOUTH AFRICA.—PARTNERSHIP in a large town in a non-dispensing Practice, at present doing at the rate of £1,000 per annum. Fees 2/6 to 7/6. A one-half share would be sold for £650, or the whole practice for £1,250.
- (20) NORTH OF ENGLAND.—PRACTICE in a town of about 40,000 population; near a large city. Cash receipts for 1897, £455. Visiting fees 2/6 to 7/6. No horse. Good house, rent £34. Premium £500.
- (21) PRACTICE in a manufacturing district of about £400 per annum, cash receipts. Premium £300.
- (22) LONDON.—(Best part of the East End). Cash receipts for 1897 £48, including transferable appointments of £215. Midwifery fees 1 to 3 guineas. Well situated house. Rent £88. Premium £500.
- (23) KENT.—Small PRACTICE on the outskirts of London. Established four years. Cash receipts for 1897, £259, for 1898 to Dec. 2nd, £328, including appointments of £50. Good house with stabling and garden. Rent £35. Premium £275.
- (24) LONDON, S.E.—Old-established cash PRACTICE. Cash receipts for 1897, £805. Rent £50. Premium £500, to include fittings, drugs, &c.
- (25) LONDON, E.—Cash PRACTICE. Receipts average £424. Rent of surgery £34 10s. No midwifery. Residence not necessary. Premium £373.
- (26) STAFFORDSHIRE.—An increasing PRACTICE in a manufacturing town. Established three years. Cash receipts for 1898, to December 18th, £513. Good and well situated house. Rent £70. Introduction as may be arranged. Premium £300.

### WANTED TO PURCHASE.

- (27) Wanted, a small PRACTICE in S. Devon or Cornwall. Purchaser is experienced and has the necessary capital.
- (28) Wanted a good country town PRACTICE in Hampshire, Surrey, Sussex, or Herts (Belgate, Redhill, Dorking, Harpenden and Watford preferred of £500 per annum or upwards. Purchaser is a graduate of Edin. University and has ample capital.

# MEDICAL PLASTERS

## "THE LEICESTER" RIBBON PLASTERS

Tins containing 6 yards. On Flesh-  
Colour Cambric.

$\frac{1}{2}$  1 1 $\frac{1}{2}$  2 3 inches.  
4/9 5/6 6/- 7/- 8/- 10/- per doz.

On Strong Brown Holland.

At same prices.

## "NATIONAL" RIBBON PLASTERS

On Spools containing 10 yards.

On Cotton Cloth.

$\frac{1}{2}$  1 2 2 $\frac{1}{2}$  3 inches.  
10/- 12/6 15/- 23/- 27/- 30/- per doz.

On Strong Holland.

$\frac{1}{2}$  1 1 $\frac{1}{2}$  2 2 $\frac{1}{2}$  3 inches.  
11/- 16/- 21/- 26/- 31/- 34/- per doz.

## "THE LEICESTER" BELLADONNA PLASTER ON SCARLET FELT.

Tins containing one yard, 2/- per tin.

## ST. DALMAS' "LEICESTER" SELVEDGE BANDAGES.

For all surgical purposes these bandages are superior to the old kinds.

6 yards } long	2 in. 2s. 10d.	2 $\frac{1}{2}$ in. 3s. 4d.	3 in. wide. 3s. 10d. per doz.
-------------------	-------------------	--------------------------------	----------------------------------

"St. Dalmas' 'Leicester' Bandage is woven with a soft selvedge on each side, is light, porous, elastic and strong, and is greatly superior to calico."—*The Lancet*.

## "THE LEICESTER" PERFECT PLASTER-OF-PARIS BANDAGES. (PATENT).

In Tins containing half-a-dozen bandages:—

5 yards long—2-in.	2 $\frac{1}{2}$ -in.	3-in.	4-in. wide.
Medium ...	7/6	9/6	12/- } per dozen
Extra Thick ...	8/6	10/-	12/6 } Bandages.

These Bandages are not affected by age or exposure. Harden rapidly and firmly when applied. Are free from grittiness, cleanly in use, far superior to the old style, and suitable for any climate.

For Fractures of the upper extremity, or of the leg, the MEDIUM Bandages are preferable as they are less bulky, and, therefore, more easily adapted to smaller inequalities of surface. For Fractures of the thigh, Sayre's Jackets, and jury-masts, the THICK ones, are the most suitable, as it is necessary to carry them so many times round the trunk of the body.

## "THE LEICESTER" SURGICAL STRAPPING. (SELF-ADHESIVE).

Specially prepared  
for Hospital and Accident  
Practice.

HOLLAND, per 6-yard Tin ...	2/1
PURE CALICO " " ...	1/10

THE ABOVE CAN BE OBTAINED FROM ALL WHOLESALE HOUSES.

# A. DE ST. DALMAS & Co., LEICESTER.
