## Saunders' English Edition.

# NOTHNAGEL'S PRACTICE.

## DISEASES OF THE BRONCHI AND PLEURA; INFLAMMATION OF LUNGS.

A NEW  
VOLUME.

DISEASES OF THE BRONCHI AND PLEURA, AND INFLAMMATION OF THE LUNGS. By Dr. F. A. HOFFMANN, of Leipsic; Dr. O. ROSENBACH, of Berlin; and Dr. F. AUFRECHT, of Magdeburg. The entire volume edited, with additions, by JOHN H. MUSER, M.D., Professor of Clinical Medicine, University of Pennsylvania. Octavo of 1029 pages, illustrated, including 7 full-page lithographs in colours. Cloth, 21s. net.

JUST  
ISSUED.

The editor has made numerous valuable additions to this already excellent work, so that the English edition represents the present state of our knowledge on the subjects under discussion. Much new matter has been incorporated into the section on pneumonia, including the recent work of Hutchison and others on the blood and urine in that disease. In the Pleurisy section will be found an account of the latest bacteriologic studies, and references to the work of Morse on the leucocytes in pleurisy, to that of Williams and others on X-ray diagnosis, and to the Litten phenomenon. The work in every particular is thoroughly up to date.

## TYPHOID AND TYPHUS FEVERS.

TYPHOID AND TYPHUS FEVERS. By Dr. H. CURSCHMANN, of Leipsic. The entire volume edited, with additions, by WM. OSLER, M.D., F.R.C.P., Professor of Principles and Practice of Medicine, Johns Hopkins University. Octavo, 646 pages, illustrated. Cloth, 21s. net.

"We are prepared to accept the book as the first authority on the subject in existence"—*Edinburgh Medical Journal*.

"As a thoroughly sound, scientific, and practical treatise we confidently recommend this work to the British practitioner."—*British Medical Journal*.

"Taking it all in all, the monograph on typhoid fever is the best exponent of the knowledge that we have in regard to this disease that is to be had in any language."—*Journal of the American Medical Association*.

## SMALL-POX (including VACCINATION), VARICELLA, CHOLERA, ERYSIPelas, PERTUSSIS, AND HAY FEVER.

SMALL-POX (including VACCINATION), VARICELLA, CHOLERA, ERYSIPelas, PERTUSSIS, AND HAY FEVER. By Dr. H. IMMERMANN, of Basle; Dr. TH. VON JURGENSEN, of Tübingen; Dr. C. LIEBERMEISTER, of Tübingen; Dr. H. LENHARTZ, of Hamburg; and Dr. G. STICKER, of Giessen. The entire volume edited, with additions, by Sir J. W. MOORE, M.D., F.R.C.P.I., Professor of Practice, Royal College of Surgeons, Ireland. Octavo, 682 pages, illustrated. Cloth, 21s. net.

"The present volume.....is another admirable instalment of Notthnagel's great system of medicine in its English form.....To those who wish a comprehensive, authoritative, and well-written account of these very important diseases, we have every confidence in recommending this fine volume."—*Glasgow Medical Journal*.

"Dr. Immermann's vindication of vaccination in the prophylaxis of small-pox will be read with peculiar interest at the present time, since it is probably the most complete and unassassable indictment of the propaganda of antivaccination fanatics which has ever been published."—*The Lancet*, London.

## DIPHTHERIA, MEASLES, SCARLET FEVER, ROTHENL.

DIPHTHERIA, MEASLES, SCARLET FEVER, AND ROTHENL. By WM. P. NORTHRUP, M.D., of New York, and Dr. TH. VON JURGENSEN, of Tübingen. The entire volume edited, with additions, by WM. P. NORTHRUP, M.D., Professor of Pediatrics, University and Bellevue Medical College, N.Y. Octavo, 672 pages, illustrated, including 24 full-page plates, 3 in colours. Cloth, 21s. net.

Dr. Northrup, having been associated with Dr. O'Dwyer at every step in the perfection of intubation tubes, is particularly fitted to describe this aspect of the treatment of diphtheria. Prof. Jürgensen's monographs are unrivalled for richness of clinical detail. The work is far and away the best and most up to date treatise of the subjects extant.

"Brightened with the leaven of transatlantic originality, this article on Diphtheria is not only practically and substantially sound, but also delightfully illuminating and suggestive reading.....In no other work with which we are acquainted is the question of combined fevers so adequately described."—*The Lancet*.

# The Practitioner

A NEW VOLUME will commence with the January Number. The Journal will then be ENLARGED, and improvements as regards paper and printing will be introduced. Consequently the Journal will be, more than ever, ESSENTIALLY SUITABLE FOR BINDING AND PRESERVING IN VOLUME FORM, and to avoid spoiling the plates and illustrations all copies will be sent out flat. The price will remain the same.

Of late years "The Practitioner" has rapidly increased its circulation and influence, and all who keep in touch with modern developments of Medicine and Surgery now find it indispensable.

A SPECIMEN COPY of the Journal, in its improved form, will be sent gratis to any Member of the Profession upon application.

**The Practitioner, Limited, 30, Holborn, London, E.C.**

MACMILLAN & CO., LIMITED, LONDON.

## NEW EDITION OF

THE OPERATIVE SURGERY OF  
MALIGNANT DISEASE.

By HENRY T. BUTLIN, F.R.C.S., D.C.L., Surgeon to St. Bartholomew's Hospital, &c., with the co-operation of JAMES BERRY (the thyroid), W. BRUCE CLARK (the kidney), ALBAN DORAN (the ovary and uterus), PHILIP FURNIVALL (the stomach, intestine and rectum), WALTER JESSOP (the eye), and H. J. WARING (the liver and gall-bladder).

With 12 Engravings, 8vo, 14s.

J. & A. CHURCHILL.

"There are few recent books more important, there are none more interesting to the surgeon and the general practitioner than Mr. Butlin's new edition of his work on the *Operative Treatment of Malignant Disease* . . . Every practitioner in the country should consider it his duty (one can answer for it that it will certainly be his pleasure) to read, to study, to remember, to act upon, the teaching conveyed in this work."—*BRITISH MEDICAL JOURNAL*.

"Comparatively few treatises dealing with this very important subject (tumours) exist, and the two which lie before us are merely re-editions of works which had previously gained an enviable reputation. Mr. Butlin's book on the *Operative Surgery of Malignant Disease* reappears after an interval of twelve years, and the changes which have occurred in that period are so great that he has been forced to ask the collaboration of several other surgeons to undertake the representation of special organs."—*PRACTITIONER*.

"The work, taken as a whole, is good, and the advice given is derived from actual experience and observation, the book differing materially in this respect from a number of contemporary works in which conclusions are drawn from a collation derived from numerous works. The book will be found most useful and instructive and well worth adding to one's library."—*NEW YORK MEDICAL JOURNAL*.

By MR. WATSON CHEYNE.

**REPORT  
ON THE  
ANÆSTHETICS COMMITTEE  
OF THE  
BRITISH MEDICAL ASSOCIATION.**

This Report is based on 25,920 recorded  
cases of the administration of anæsthetics in  
Great Britain, tabulated and analysed  
with a view to the investigation of the  
influence of various factors in the produc-  
tion of complications and danger under each  
of the chief anæsthetics.

The Report deals with many interesting  
and important questions, and contains 78  
statistical tables together with detailed  
accounts of more than 800 complicated  
cases.

BRITISH MEDICAL ASSOCIATION, 429, Strand,  
London, W.C.

## DISEASES OF THE ANUS AND RECTUM.

By D. H. GOODALL, F.R.C.S.,

Senior Surgeon Metropolitan Hospital, Senior Surgeon St. Mark's Hospital.

"The authors have evidently spared no efforts to render the treatise reliable and comprehensive. The practitioner will find it a good guide on most questions relating to diagnosis and treatment."—*The British Medical Journal*.

"... The various morbid conditions are carefully described; their etiology is fully discussed, and a good account of the treatment to be followed is given. The rules given for operation in fistula in ano are distinctly good..."—*The Lancet*.

"One cannot but be impressed by the genuine character of the work, which is evidently dictated by experience and not merely by reading."—*The Practitioner*.

"The treatment of the whole subject by the authors of this book is thoroughly good."—*The Hospital*.

"We can thoroughly recommend it to those of our readers who wish to acquire a sound practical knowledge of the subject. Many of the difficulties not usually mentioned in text-books are discussed and ably dealt with."—*The Medical Times & Hospital Gazette*.

"The important subject of abscess and fistula has 120 pages devoted to it, and this, on the whole, is very well done."—*Glasgow Medical Journal*.

LONGMANS, GREEN & CO., London, New York, Bombay.

AND THE

## LESSON OF A HUNDRED YEARS OF VACCINATION IN EUROPE, 1796-1896.

Issued by the Council of the British Medical Association, January, 1902.

Pamphlets and Leaflets of the above can be obtained at the offices of the Association, 429, Strand, W.C., or from the Jenner Society, Gloucester.

Pamphlets at 6s. 6d. per 100 (by post 10d. extra), or 10d. per doz. (by post 1s. 1d.), single copies, post free, 1d.; Leaflets, 1s. 3d. per 100, by post, 4d. extra. An illustration with description can also be obtained. Remittances must accompany all orders.

and W. ERNEST MILES, F.R.C.S., Assistant Surgeon Cancer Hospital, Surgeon (Out-patients) Gordon Hospital, &c.

"... Is well worthy of perusal."—*The Medical Press*.

"... Is a valuable addition to the monographs on special subjects; it is essentially a practical work, and affords that valuable information which can only be obtained from the study of a vast amount of clinical material."—*West London Medical Journal*.

"The question of ano-rectal fistula is treated with special completeness."—*Medical News, New York*.

"The subject of fistula is most exhaustively considered, and the views of the authors are thoroughly sound and scientific, as well as eminently practical."—*Inter-Colonial Medical Journal of Australasia*.

"The book is full of practical points. ... As an example, we may note the chapter on general diagnosis and the examination of the rectum."—*Treatment*.

"It comprises all that is known in the way of medical and surgical treatment of these distressing disorders."—*Pacific Medical Journal, San Francisco, Cal.*

"This is the first section, and if the second is as satisfactory we shall be in the possession of an excellent work of reference in this field of surgery. ... We are glad to note the appearance of so useful a work."—*Medical Record, New York*.

# HALL'S WINE.

*A MARVELLOUS RESTORATIVE.*

For over a decade HALL'S WINE has been before the Medical Profession. During this period the sales have steadily increased; this is mainly the result of recommendation. It becomes increasingly popular with Medical Men because the formula is well known, and it is undoubtedly most effectual in cases of extreme weakness following Influenza, Typhoid, or serious operations.

The great feature of this Wine is the rapidity with which it restores the physical and nervous systems. It has an immediate and lasting effect, and has no unpleasant reaction.

It relieves Neuralgia speedily, frequently in an hour or two.

In cases of heart trouble it is valuable; it increases the action without the depressing after-effects which follow the use of alcohol.

For Anæmic persons it is eminently suited, the basis being sound Port.

*At all times we are pleased to forward a bottle free on receipt of Professional Card.*

Milk Food**

# SCHERING'S SUBLAMIN. (Patent.)

A Non-Irritant Sulphate of Mercury Preparation for Thorough  
HAND DISINFECTION.

**SUBLAMIN** is a preparation containing Mercury Sulphate and Ethylenediamine in chemical combination. By the presence of Ethylenediamine the irritating action to the skin is entirely avoided, and, what is equally important, a great penetrative power is secured for the metallic disinfectant, inasmuch as the presence of Ethylenediamine prevents the coagulation of the albuminous substances of the skin usually produced by metallic agents, and thus permits of easy and deep penetration of the Mercury Salt without any inconvenience.

SUBLAMIN is sold in boxes containing 5 pocket vials, 20 tablets of 1 gramme with each, or 100 tablets in all, at 8/- per box.

For Literature see PROFS. KROENIG and BLUMBERG, "THE THERAPIST," May and June Numbers, 1901.

**A. & M. ZIMMERMANN, 3, Lloyds Avenue, LONDON, E.C.**

## ZIMMER'S

# Saloquinine.

Excellent cholagogue. Remover of gall stones. Can be taken for months in the form of Eunatrol

(Quinine Ester of Salicylic Acid). Tasteless, no cinchonism, no ill-effects on Digestive Organs. For the treatment of Neuralgia, Neurosis, Typhoid Fever.—**RHEUMATINE** (Salicylate of Saloquinine). Tasteless, non-irritant, no influence on stomach or heart, antirheumatic and antipyretic properties combined in the best conceivable form. For the treatment of Acute Articular Rheumatism, &c.

# Eunatrol.

pills without any ill effects. Dose 4 pills (of 4 grains each) morning and night during several weeks.

Non-poisonous, non-irritant, exsiccating, antiseptic dressing; great healing power in cuts, lacerations, burns, contusions. Very good results in dermatose conditions. Deserving special attention on account of its low price.

# Dymal

*Samples and Literature to the Medical Profession free on application.*

Agents: **WIDENMANN, BROICHER & CO., 33, Lime Street, LONDON, E.C.**

## THE TEST OF TIME AND EXPERIENCE.

### THIRTY YEARS OF CONFIDENCE

on the part of the Profession have established, beyond all question, that

# SYR. HYPOPHOS. CO. FELLOWS

is the

### REMEDY—PAR EXCELLENCE—

in **Anæmia, Neurasthenia, Bronchitis, and Influenza, and during Convalescence from exhausting diseases.**

*It contains—Hypophosphites of Iron, Quinine, Strychnine, Lime, Manganese, and Potash. Each fluid drachm contains the equivalent of 1-64th grain of pure Strychnine.*

**SPECIAL NOTE.**—Fellows' Syrup of Hypophosphites is NEVER SOLD IN BULK, and is advertised only to the Medical Profession. Physicians are cautioned against worthless substitutes.

*Medical Letters may be addressed to—*

**Mr. FELLOWS, 94, Paul Street, Finsbury, London, E.C.**

## CACODYLATE OF SODIUM (CLIN)

(ORGANIC ARSENIC).

Emphatically recommended by Professors GAUTIER, RENAUT, LETULLE, &c., in the treatment of

TUBERCULOSIS (either incipient or declared), IMPALUDISM, DIABETES, DERMATOSES, and CANCER.

DRiOPS:—5 drops contain  $\frac{1}{2}$  grain of Pure Cacodylate of Sodium

GLOBULES.—This special form consists of little Globules, easy to swallow, with a shell of gluten. Each Globule contains  $\frac{1}{2}$  grain of Pure Cacodylate of Sodium.

TUBES (Sterilised for Hypodermic Injection).—Each Tube contains a sterilised solution dosed at 1 grain of Pure Cacodylate of Sodium per injection of 16 minimis.

When prescribing, kindly specify "CLIN." These preparations are employed in the Paris Hospitals.

## NOURRY'S IODINATED WINE.

Free from Alkaline Iodides. Palatable. Easily assimilated. A perfect substitute for Cod Liver Oil and Iodides.

LYMPHÆMIA. ANÆMIA. DYSMENORRHœA. PULMONARY AFFECTIONS.

77 grain (0.05 gm.) of Iodine and 1.54 grain (0.10 gm.) of Tannin per tablespoonful.

Children—One to two teaspoonfuls. Adults—One tablespoonful. To be taken at meals twice a day.

THE LANCET of January 6th, 1894, in its Analytical Report, states:—"The above preparation, therefore, which contains no free Iodine, but which yields it in full quantity on the slightest provocation, is calculated to lead to more extended application. It certainly deserves trial."

THE BRITISH MEDICAL JOURNAL of August 29th, 1896, in its Analytical Report, states:—"The wine contains no free Iodine. It is very pleasant to the taste, and no doubt would be very effective in cases where Iodine and Iodides are indicated."

NOURRY'S IODINATED WINE is not advertised to the public. It owes its success entirely to the Medical Profession.

SAMPLES AND LITERATURE SENT FREE TO MEDICAL MEN ON APPLICATION TO:—

F. COMAR & SON, 64, Holborn Viaduct, London, E.C.

## Valentine's Meat-Juice

For quieting the Irritable Stomach and aiding the Tired Digestive Organs, for refreshing the Fever Patient, soothing the Weary Nerves and inducing Natural Sleep, for Blood Building, Nourishing and Restoring, When all Other Forms of Food Fail. Valentine's Meat-Juice is in daily use in the Hospitals and prescribed by leading Medical Authorities.

Physicians are invited to send for Brochures containing Clinical reports from Hospitals and General Practitioners in all parts of the world.

For sale by European and American Chemists and Druggists.

Address all communications to

Valentine's Meat-Juice Company,  
Richmond, Virginia, U. S. A.

"The Food Par Excellence  
for a Tired Stomach."

Original  
Process of Preparing Meat  
and extracting the Juice, by  
which the elements of nutritive  
value important to Man  
are retained in a state ready  
for immediate absorption.

Directions—Dissolve  
one teaspoonful of the  
Preparation in two or three  
ounces of cold  
Candied or Warm Water.  
The Use of Hot Water  
changes the character of the  
preparation.

# SALUTARIS

**SALUTARIS** is a distilled water aërated, manufactured under the most elaborate methods and with the most minute precautions, to secure perfect hygienic purity.

**SALUTARIS** will be found very useful—

- (1) As a Table Water for daily use;
- (2) As a Preventive of diseases caused by contaminated water;
- (3) As an ideal solvent for absorbing and mechanically washing out the accumulations of waste products in the body without lowering the system;
- (4) In the treatment of all Kidney Affections and many Liver Disorders, also Gout, Dyspepsia, &c.

“**STILL**” (i.e., non-aërated) **SALUTARIS**, specially useful in cases of Dyspepsia, is supplied in One-Gallon Jars with Taps (as illustrated).

## DUOTAL “Heyden” & CREOSOTAL “Heyden”

(Guaiacol-Carbonate)

(Creosote-Carbonate)

the most reliable remedies for **Tuberculosis** of the lungs and larynx, **Bronchitis** and **Serofula**. Duotal “Heyden” and Creosotal “Heyden” possess the curative effect of Guaiacol and Creosote without any of the caustic or poisonous by-effects and the nauseating taste and smell of the Guaiacol and Creosote. No irritation of the stomach and the digestive channel. No diarrhoea. No nausea. No vomiting. Greatly stimulating the appetite. Rapid gain of weight and convalescence. Phthisis in its earlier stages (apex-catarrh, bacilli in the sputum) curable within a few months without affecting the professional functions in the least. Duotal “Heyden” is totally odourless and tasteless and consequently is readily taken even by very sensitive patients who stand large doses without inconvenience. (Cf. “Berliner Charité-Annalen 1897,” “Ziemssen’s Annalen der Münchener Krankenhäuser 1896,” etc.).

**COLLARGOLUM** (Argentum colloidale Credé). Indicated in Lymphangitis, Phlegmons and all septic diseases (pure and mixed). Application: As an ointment (“**Unguentum Credé**”) for inunctions, in solution for intravenous injections and internally, etc.

**ANTISEPTIC CREDÉ** (Citrate of Silver). Strongly antiseptic, perfectly inodorous, non-toxic silver-preparation for Credé’s antiseptic treatment of wounds, for ophthalmology and for treatment of diseases of the bladder and venereal diseases.

*Free Samples and Literature will be sent on application to*

**BURGOYNE, BURBIDGES & CO., 12 & 16, Coleman Street, London, E.C.**

**A. & M. ZIMMERMANN, 3, Lloyds Avenue, LONDON, E.C.**

In Biliary Attacks and Disorders of the Liver, and in

The Treatment of Gall-Stones.

For these disorders "**Apenta**" stands unrivalled. It favours the excretion of Bile, and removes the hyperæmia of the Liver. Under its influence headache disappears, a normal balance of healthy function is attained, and threatened jaundice may often be averted.

In cases of Gall-Stones, "**Apenta**" has proved of the greatest service. It should be warmed, and about 10 ounces taken daily, early in the morning, or it may be mixed with **Apollinaris Water**, and it then proves an excellent means for relieving and preventing the painful attacks of Biliary Colic. Four ounces of "**Apenta**" made hot, and mixed with 6 ounces of **Apollinaris**, should be taken in the morning fasting. This dose may be repeated once or twice in the day, during an attack.

## BULLOCK'S PEPSINA PORCI.

DOSE—2 to 4 GRAINS.

## ACID GLYCERINE OF PEPSINE.

DOSE—1 to 2 DRMS.

(BULLOCK).

In this preparation advantage has been taken of the solubility of Pepsine in Glycerine to produce a convenient and desirable *liquid form* of this valuable medicine; whilst the preservative qualities of the menstruum confer upon the Acid Glycerine of Pepsine the property of keeping for any length of time.

May be prescribed with most substances compatible with Acids.

In 4-oz., 8-oz., and 16oz. Bottles, and in Bulk.

The published experiments of G. F. DOWDESWELL, Esq., M.A. Cantab., F.C.S., F.L.S., &c., Dr. PAVY, Professor TUSON, the late Professor GARROD, Dr. ARNOLD LIKES, and others, conclusively demonstrate the excellence, high digestive power, and medicinal value of the above preparations.

J. L. BULLOCK & CO., 3, Hanover Street, Hanover Square, London, W.

## MISTURA BISMUTHI COMP.

MACKEY'S ORIGINAL PREPARATION.

Composition—Liq. Bismuth, Tr. Nux Vomica, Morphia, Hydrocyanic Acid, and Spt. Chlorof.

This reliable preparation contains Bismuth in its most effective form for the successful treatment of Atonic and Irritative Dyspepsia, Gastric Catarrh, and Pyrosis accompanied with Pain after Food. It is highly useful in some forms of Vomiting, and has been used with success in the Diarrhoea or Constipation connected with Debilitated Conditions of the Alimentary Canal.

THE LANCET says:—"Bismuth could hardly be given in better form."

"I have used the Mistura Bismuthi Co., prepared by Messrs. MACKEY, MACKEY & Co., Ltd., and have found it most efficacious, and far superior to any other preparation of Bismuth that has come under my notice."—C. E. B.—, M.R.C.S., &c.

"MACKEY's Mistura Bismuthi Co., is an improvement on other preparations of Bismuth, and more acceptable to the stomach. I have found it a very reliable preparation."—J. P.—, F.R.C.S.

In Bottles, 15s. 5d., 7s. 9d., 4s., and 2s. 3d. each.

INTRODUCED AND PREPARED ONLY BY

MACKEY, MACKEY & CO., Ltd., Wholesale Druggists and Manufacturing Chemists,  
40, ALDERSGATE STREET, LONDON E.C.

## COLCHI-SAL CAPSULES.

Indicated in Subacute, Chronic, and Articular Rheumatism, Rheumatoid Arthritis, Pericarditis, Pleurisy, Lumbago, Sciatica, Gout, and Allied Affections.

## BETUL-OL LINIMENT.

Indicated in Subacute, Chronic, and Articular Rheumatism, Rheumatoid Arthritis, Pericarditis, Pleurisy, Lumbago, Sciatica, Gout, and Allied Affections.

COLCHI-SAL CAPSULES contain a carefully-dosed solution of Crystallized Colchicine in pure Methyl Salicylate. Colchi-Sal is free from the dangers of the uncertain Colchicum preparations.

BETUL-OL LINIMENT. A compound liniment of Methyl Salicylate (distilled from the bark of *Betula Lenta*), which is absorbed by the skin even more quickly than Colchi-Sal by the stomach. Indications: to supplement the action of Colchi-Sal by local application, and to replace Salicylate of Soda where this drug is not tolerated by the stomach.

"The Standard of Highest Purity."—THE LANCET.

For the Classes and the Masses. Suits Everybody.

**IT IS A "PERFECT FOOD,"**

Free from drugs or any admixture.

# AN INFANT'S FOOD.

**A**S a basis for preparing a substitute for human milk, it is agreed by the authorities that Fresh Cow's Milk must be used.

Fresh milk contains the antiscorbutic principles.

Sterilized, condensed, dried, or desiccated milk does not contain them.

The addition of

## MELLIN'S FOOD

to fresh milk is simply for modification.

Fresh milk so modified still contains the antiscorbutic essentials, and is easily and readily assimilated by an infant.

The subject of the

## Home Modification of Fresh Cow's Milk

is concisely and interestingly treated in our book, which we should be pleased to send you free.

MELLIN'S FOOD does not contain starch.

---

MELLIN'S FOOD, LTD., STAFFORD ST., PECKHAM, S.E.

**SUPERIOR TO COD LIVER OIL, TINCTURE OF IRON, OR PEPTONE.**

# Hommel's

# Haematogen.

Purified and concentrated Hæmoglobin, flavoured with chemically pure glycerine and wine, in the proportion of four ounces of glycerine and two ounces of wine in each pint.

*AN ENERGETIC BLOOD FORMER, rich in organically combined iron, it has no equal as a nourishing and strengthening food for children and adults suffering from debility of any kind.*

**HOMMEL'S HÆMATOGEN** contains:

1. Perfectly pure Hæmoglobin, which has been sterilized and freed from the bacteria circulating in the blood.
2. The whole of the salts found in fresh blood.
3. The valuable compounds of phosphorus, namely, phosphate of sodium and phosphate of potassium in their natural organic condition.
4. The albuminous constituents of the serum in concentrated and purified form, neither decomposed nor predigested.

## HÆMATOGEN HAS BEEN GREATLY IMPROVED IN TASTE

by the addition of a new flavouring, and the Profession will have no difficulty in the administration of fluid Hæmoglobin in this form. THE GENEROUS SUPPORT hitherto accorded by the Profession, and an improved method of manufacture, has enabled us to reduce the price to medical men from 2/6 to 2/8 per Bottle of about 9-oz. by weight. Doctors are requested to order of Wholesale Chemists, or direct of us.

(If ordered through Retail Chemists the charge will be higher.)

Infants ... ... Take Half a Teaspoonful, or One Teaspoonful, twice a day in milk.  
Children ... ... " One Tablespoonful, either pure or mixed with any convenient liquid  
Adults ... ... " One Tablespoonful twice a day **before** meals.

**FREE** SAMPLES AND LITERATURE of Hæmotogen gratis and carriage paid to Medical Practitioners.

**NICOLAY & CO., 36 & 36a, St. Andrew's Hill, London, E.C.**

AGENTS FOR NORTH AMERICA: LEHN & FINK WILLIAM STREET NEW YORK.

# PLASMON

*Unaltered Soluble Milk Albumen. Most Highly Nourishing Food known.*

PLASMON is soluble caseinogen retaining the original organic characteristics of milk albumen.

PLASMON contains all the original organic salts, which constitute an essential feature of living albumen. Without these salts milk albumen is wholly valueless as a nutrient.

The solubility of PLASMON is not secured at the expense of its alimentary properties. It is the most perfect natural food.

DR. C. VIRCHOW (Berlin) says:—"PLASMON is easily digested and wholly assimilated. The digestibility of PLASMON I found to be 99.4 per cent. PLASMON is the albumen of fresh milk in its original unaltered condition."

PLASMON is indicated in Wasting Diseases, Anæmia, Febrile Diseases, Tuberculosis, Enteric Fever, Diseases of the Alimentary Tract, Rickets, Acute Indigestion, Stomach Disorders, &c.

In Packets, 9d., 1s. 4d., and 2s. 6d. Full directions with each packet.

# PLASMON COCOA

Highly nutritious; restorative; absolutely pure; delicious; therefore an ideal beverage, and a perfect food for all, especially for Invalids during, and Convalescents after, exhausting diseases.

The highest scientific authorities give these analytical results:—Finest Cocoa Beans, 6.3 per cent. soluble proteid; Plasmon Cocoa, 66.0 per cent. soluble proteid, or more than ten times as much as that contained in the best and purest cocoas known; thus one cup of Plasmon Cocoa contains more real building-up nutriment than ten cups of cocoa prepared with the finest and purest cocoa obtainable in the market.

In Tins, 9d., 1s. 4d., and 2s. 6d.

# BEEF PLASMON

*The Ideal Nitrogenous Food—Stimulating, Digestible, and Nourishing.*

BEEF PLASMON combines the stimulating and restorative extractives of prime fresh Beef with PLASMON, a soluble and readily assimilable form of pure unaltered albumen.

BEEF PLASMON is composed of—Plasmon, 80 per cent.; Pure Beef Extract, 20 per cent. Hence BEEF PLASMON is eighty times more nourishing than the best beef extract. Under ordinary circumstances it resists decomposition for an indefinite period.

In Hermetically Sealed Tins, 1 oz., 5d., and 2 oz., 9d.

# PLASMON DIABETIC BISCUITS

*ABSOLUTELY FREE from STARCH or SUGAR.*

**SPECIALLY ADAPTED FOR DIABETICS.** The Official Analytical Report on PLASMON DIABETIC BISCUITS states: "Starch, nil; Sugar, nil." These biscuits may also be used with advantage in cases of Obesity.

Plain or Sweetened with Saccharin, price 4s. per 1-lb. box; 2s. per  $\frac{1}{2}$ -lb. box.

**SAMPLES SENT FREE TO MEDICAL MEN.**

**INTERNATIONAL PLASMON, LIMITED,**

56, Duke Street, Grosvenor Square, London, W.

# BAYER'S

## Pharmaceutical Products

### ARISTOL.

Valuable Cicatrisant, antiseptic and deodorant. Can be obtained in powder or ointment form.

### OREOSOTAL.

Non-poisonous, non-irritating Carbonate of Creosote. Indicated in all tuberculous conditions.

### DUOTAL.

A tasteless and odourless Carbonate of Guaiacol. Indicated in diseases of the respiratory organs, &c.

### EUROPHEN.

Perfect substitute for Iodoform. Can be used either as a powder or as a 5% to 10% ointment.

### SOMATOSE.

Invigorating, strength-giving Beef Preparation. Improves the appetite and general tone of the system.

### IRON SOMATOSE.

The albuminous substance of beef organically combined with iron.

### MILK SOMATOSE.

The albuminous matter of milk organically combined with tannic acid 50%.

### TANNIGEN.

An improved intestinal astringent. Indicated in all cases of acute and chronic diarrhea. Its value in the SUMMER DIARRHOEA of adults and infants is particularly observed.

## ASPIRIN.

A reliable substitute for the Salicylates, without their unpleasant by-effects.

Does not cause nausea, tinnitus aurium, &c.

Indications : Acute and chronic articular and muscular Rheumatism, Lumbago, Sciatica, Influenza, etc.

## ARISTOCHIN.

The neutral Carbonic Ester of Quinine.

Free from the bad after-effects generally associated with the administration of Quinine.

Tasteless, quick in action.

Indications : Typhus and all Fevers, Influenza, Malaria, &c.

## MESOTAN.

A new Salicylic Acid derivative for outward application in the treatment of rheumatic and gouty affections, muscular rheumatism (lumbago), neuralgic pains (not sciatica), also for relieving the pains in chronic gout (rheumatoid arthritis).

Practically odourless.

Easily absorbed by the skin.

## AGURIN.

Powerful diuretic.

Derivative of Theobromine—indicated in the treatment of all dropsical conditions, more especially those due to cardiac affections.

Phenacetine-Bayer.

Piperazine-Bayer.

Salol-Bayer.

Salicylic Acid.

Sulfonal-Bayer.

*Samples, Literature, and full Particulars can be had on application to*

### HEROIN HYDROCHLOR.

A soluble Morphine derivative, possessing several important advantages over Morphia Hydrochlor. Can be employed subcutaneously as well as per os.

Heroin Hydrochlor. is prepared in pastille form by Messrs. Wyleys, Limited, Coventry, each pastille containing 1/2 grain. This is a very handy and elegant form of administering Heroin.

### HEDONAL.

Active but harmless hypnotic. Indicated in uncomplicated insomnia.

### LYCETOL.

Uric Acid Solvent. Indicated in gout, chronic rheumatism, urinary concretions, &c.

### PROTARGOL.

A most reliable, non-irritating silver preparation, in all cases of gonorrhœa, gleet, &c.; also in eye affections of a bacterial origin.

### TRIONAL.

The Hypnotic par Excellence. Prompt, safe, and reliable in action. No secondary ill-effects.

### SALOPHEN.

Anti-rheumatic and anti-neuralgic. Highly recommended in the early stages of Influenza.

### SALOQUININE.

A tasteless quinine preparation. Indicated in malaria, enteric fever and high temperatures, neuralgia, &c.

## Grand Prix, Paris, 1900.

### Three Medical Specialities:

#### T. & H. SMITH'S CHLOROFORM.

Write us for Experimental Samples.  
Stock Supplies may be had through  
Chemists or the Wholesale Houses.

Answers all purity tests. Free from the elements of decomposition and remains unimpaired in all climates. Long and favourably known to the profession as a safe and certain anaesthetic.

*Supplied in all sizes of bottles.*

#### T. & H. SMITH'S TELA VESICATORIA.

The well-known Cantharidine blistering tissue. Invaluable to the physician for its cleanliness, safety, and convenience in use, and its extreme portability. Unaffected by time or climate.

*Sold in boxes (retailing at 1s. 3d. and 4s. 6d. each) and in tins containing 12 large sheets for dispensing.*

#### T. & H. SMITH'S EMP. CANTH. LIQ.

This ready and reliable vesicant is quite without a rival. It never disappoints the physician or the patient, a single application by means of a camel-hair brush usually producing a complete blister in from two to four hours.

*Sold in 1-oz., 2-oz., and 4-oz. bottles.*

# LISTERINE.

## THE BEST ANTISEPTIC FOR BOTH INTERNAL AND EXTERNAL USE.

The word **LISTERINE** assures to the Medical Profession a non-poisonous antiseptic of well-proven efficacy; uniform and definite in preparation, and having a wide field of usefulness.

On account of its absolute safety, **LISTERINE** is well adapted to internal use and to the treatment of Catarrhal Conditions of the mucous surfaces.

An interesting little brochure, entitled:—

### “The Treatment of Diseases of the Respiratory System.”

will be mailed to your address, upon application.

**LISTERINE** has established an enviable reputation in the general antiseptic treatment of disease of every character, thorough clinical test having demonstrated that no other one antiseptic is so well adapted to the general requirements of the Physician and Surgeon, for both internal and external use, as this carefully-prepared formula of essential oils, ozoniferous ethers, and benzo-boracic acid—all antiseptics and chemically compatible.

**LISTERINE** promptly destroys all odours emanating from diseased gums and teeth, and will be found of great value when taken internally in teaspoonful doses, to control the fermentative eruptions of dyspepsia, and to disinfect the mouth, throat, and stomach.

The gratefully stimulating properties of **LISTERINE** assist in the effective anti-fermentative and antiseptic influence which this preparation exerts upon the stomach and duodenum, and will aid in a remarkable degree in overcoming the distressing symptoms of that class of disorders produced by the fermentation of food, the decomposition of organic matter, the endo-development of fetid gases, and the presence or attack of low forms of microzoic life.

*Literature descriptive of Listerine may be had upon application to the Manufacturers—*

**LAMBERT PHARMACAL CO., ST. LOUIS, U.S.A.,**

# HUMANIZED MILK

BEST AND MOST RELIABLE,

Being prepared from Perfectly Fresh Milk, produced on the Company's Own Farms.

No. 1.—"FACSIMILE HUMAN MILK."

Prepared from Milk Constituents only.  
Analogous to the Best Mother's Milk.

No. 2.—"MODIFIED HUMANIZED MILK."

With a minimum percentage of Casein.  
For very young and delicate Infants.

Has Soft  
Flocculent Curd  
and is  
readily  
Digested.

Is Palatable  
Nourishing  
and  
Easily  
Assimilated.

Milk Prescriptions

To contain any required proportion of  
Fat, Milk sugar, Proteids, &c., pre-  
pared by the Company's Resident  
Chemist.

Samples Free to Members  
of the  
Medical  
Profession.

ASSES, MILK

From Own Herd of Milk Asses.  
Supplied on receipt of Telegram to  
any part of the Kingdom.

Full Particulars of Milk Preparations and Nursery Supplies on application to

Chief Dairy and Offices—

**ELGIN AVENUE, Maida Vale, London, W.**

Telegraphic Address—“WELFORDS, LONDON.”

Telephone—No. 107 PADDINGTON.

Doctors should be aware that

# INVALID BOVRIL

is a special preparation, quite distinct from ordinary "Bovril" and more highly concentrated. It is

## Unseasoned

and consequently acceptable to the most fastidious palate. For patients who object to "Bovril" on account of its salt flavour Doctors might order "INVALID BOVRIL," which can be obtained from any Chemist.

THE LANCET, writing of two special analyses, the first an analysis of Special Invalid Bovril and the second one of a good home-made beef-tea, remarks that "in considering the question of relative nutriment, regard must, of course, be paid to the amount of water employed in preparing beef-tea," and says very forcibly, that "all things being equal, the Invalid Bovril yielded, according to the analysis from THE LANCET Laboratory, a much higher proportion of nutrient substance than the ordinary beef-tea."

### A Great Authority condemns Beef-Tea.

**DR. MILNER FOTHERGILL** says —

"To give beef-tea to a sick person is to give him a stone when he asks for bread."

## ANÆMIA, CHLOROSIS, etc.

THE various combinations of Alginic Acid with metals were introduced by the late E. C. C. STANFORD, F.I.C.

The most valuable of the series is

### ‘ALGINOID IRON,’

containing 10·97 per cent of Fe.

The dry powder has been mostly administered; even where gastric ulceration was present it has been well borne, and showed a sedative action by arresting vomiting and sickness. It can be employed therefore when other preparations of iron would not be tolerated. Unlike other iron compounds it does not cause constipation.

*Supplied in Powder, also in 3-grain Coated Pills or Pellets.  
Full particulars and Sample on application.*

## ‘THYROGLANDIN’ (STANFORD).

THYROGLANDIN contains all the active principles of the Thyroid Gland of the sheep, and is four times the strength of the Fresh Glands. It is prepared by the Patented Process of E. C. C. STANFORD, F.I.C., F.C.S., from Glands received fresh daily, which are treated at once, before any putrefaction can take place, all the adhering fat, etc., being carefully removed, and only the perfectly healthy glands being used, for obtaining which we have special facilities from the fact that Liverpool is the principle meat market in the United Kingdom.

*Supplied in Powder in  $\frac{1}{2}$ -oz. and 1-oz. Bottles; also in the form of 1-grain Soluble Coated Pilules and Pellets.  
The Pilules are a most convenient form of administration.*

N.B.—A Pamphlet on the treatment of Obesity and Myxedema by the above new preparation of Thyroid will be forwarded on application.

LONDON, SYDNEY AND CAPE TOWN.

This engraving from an early Indian MS. depicts a surgeon treating a wound in the nose. In 1423 a petition was presented by Henry VI. forming all physicians and surgeons practising in London into a single body of men governed by a Rector of medicine, in conjunction with two surgeons of the faculty of physic and two masters of the craft of surgery. No surgeon was allowed to practise his art unless he had been admitted by the Rector and by two masters of surgery, after which he had to be received by the College of the March 22, 1423.

BEWARE OF

## KEPLER'S SOLVITON

That marked improvement in strength, vitality and physique rapidly follows its use, proves its exceptional food value and easy assimilability.

*'Kepler' Solution of Cod Liver Oil in Malt Extract is supplied to the medical profession in two sizes, 12 oz. and 30 oz. bottles.*

BURROUGHS, WELLCOME & CO.,  
LONDON, SYDNEY AND CAPE TOWN.

The fisheries of the Roman empire formed an important industry. The prices obtained for fish in ancient Rome were almost incredible for it is recorded that their equivalent of 960 sterling was a common outlay for one pound of a special fish, and some mullet are stated to have sold for sums varying from £48 to £240.

A perfect combination of Malt Extract and Cod-liver Oil."—*British Medical Journal.*

# BYNOL.

*The "PERFECTED" Malt and Oil.*

BYNOL has been found very beneficial in the modern form of treatment where super-nutrition, combined with increased capabilities of digestion, plays so important a rôle. It consists of two essential foods in a very concentrated form, viz., soluble nitrogenous elements and fat, the latter being in a very easily assimilable state. There are present also soluble phosphates and an active digestive amylolytic ferment diastase, which promotes the digestion of all starchy foods.

In BYNOL the Malt Extract and Cod-liver Oil are so intimately combined that globules of the Oil are not perceptible even under a microscope, and all taste of Cod-liver Oil is entirely overcome.

BYNOL is one of the few preparations of Cod-liver Oil which may be safely exhibited when the digestive powers are impaired.

BYNOL is of an agreeable nutty flavour, readily taken by invalids, and relished by children as a sweetmeat. It is of great value to the thin and weakly, especially during the winter season.

In white Jars only, as figured.

SAMPLES will be sent FREE to Medical Men on request.

Lombard Street.

Two Points of much Importance.

# The 'Allenburs' Foods.

The great success attending the use of the "Allenburs" Milk Foods is in great measure due to the two following important facts:—

(1) Their similarity in composition to human milk; the constituents being in the same relative proportions.

Mixed with water according to the directions, a humanized milk is provided.

(2) The readiness with which they can be digested and assimilated by the infant. Both foods being as easy of assimilation as maternal milk, and much more so than ordinary modified or diluted cow's milk.

These points are confirmed and substantiated by independent authorities.

*Samples and descriptive pamphlet giving Analyses sent free to medical men on request.*

# Benger's Food

GOLD MEDAL AWARDED Health Exhibition, London.

## NOTICE TO THE MEDICAL PROFESSION.

**BENGER'S FOOD** is *not* a Malted Food, and it does not contain dried milk, which is a very poor substitute for fresh. It consists of a specially finely ground, nitrogenous, wheaten meal, cooked and impregnated with a suitable proportion of the fresh, natural digestive principles of the pancreas. When mixed with warm new milk or milk and water, as directed on each tin, these digestive principles not only render the farinaceous elements of the Food soluble (as in malted foods), but further, reduce the casein of the milk to a condition similar to that in which it exists in human milk, so that hard indigestible masses of curd cannot be formed in the stomach. BENGER's Food forms a delicate and delicious cream, rich in all the elements necessary to maintain vigorous health. It is enjoyed by Infants, Invalids, Convalescents, and the Aged.

The Lancet describes it as "Mr. Benger's admirable preparation."

The London Medical Record says:—"It is retained when all other foods are rejected. It is invaluable."

The British Medical Journal says:—"Benger's Food has by its excellence established a reputation of its own."

The Illustrated Medical News says:—"Infants do remarkably well on it. There is certainly a great future before it."

A Government Medical Officer writes:—"I began using your food when my son was only a fortnight old, and now (five months) he is as fine a boy as you could wish to see."

From an eminent Surgeon:—"After a lengthened experience of Foods, both at home and in India, I consider Benger's Food incomparably superior to any I have ever prescribed."

BENGER'S FOOD may be obtained in various sized Tins of leading Chemists &c., everywhere wholesale of all Wholesale Houses, or of

**F. B. BENGER & Co., Ltd., Otter Works, Manchester.**

BLOOMSBURY,  
LONDON.  
PRICE 3/6

**Maltine**

**Maltine** WITH  
CASCARA SAGRADA

Combines certain readily appreciated advantages  
It is an absolutely Palatable Method of prescribing Rhamnus  
Purshiana.  
Its use is attended by no Inconvenience or Pain.  
By means of careful selection and proper maturing of the  
bark, the griping principles of Cascara Sagrada are elimi-  
nated, and "MALTINE WITH CASCARA SAGRADA" has an  
easy, painless action.  
The therapeutic value of "MALTINE WITH CASCARA  
SAGRADA" has been demonstrated by clinical experience, the  
aid afforded by "MALTINE" to the nutritive and digestive  
processes serving to counteract any tendency of the drug to  
weaken and exhaust the system.

Each Fluid Ounce of "Maltine" with Cascara  
Sagrada" contains the Liquid Extract obtained from  
60 grains of the bark.

A Teaspoonful of "MALTINE WITH CASCARA SAGRADA"  
represents the minimum, a Tablespoonful the maximum,  
dose for adults.

**R**EPRESENTS the Best Attainable in  
Malt Extracts. It is absolutely  
Pure, most active in the Diastasic  
conversion of Starch, and while its Semi-

Fluid Consistence is of great convenience and is liked by patients; it is also rich  
in the assimilable, carbohydrate, proteid and phosphatic derivatives of malt.

"'Maltine' exhibits in an eminent degree the starch-dissolving power of  
diastase."—THE LANCET.

"The nitrogenous substances which it contains are considerably richer  
than in any other extract of malt. Phosphoric acid and potash are  
also present in larger quantity."—Dr. A. STUTZER, Director of the  
Imperial Agricultural Chemical Laboratory for Rhenish Prussia.

In prescribing, kindly specify "MALTINE COMPANY."

**The Maltine Manufacturing Company, Ltd.**

24 & 25 HART STREET, BLOOMSBURY, LONDON

Will be pleased to send specimens free of charge to Medical Men.

## BROMIDIA

**FORMULA.**—Every fluid drachm contains fifteen grains EACH of pure CHLORAL HYDRAT. and purified Brom. Pot.; and one-eighth grain EACH of gen. imp. ex. CANNABIS IND. and HYOSCYAM.

**INDICATIONS.**—Sleeplessness, Nervousness, Neuralgia, Headache, Convulsions, Colic, Mania, Epilepsy, Irritability, etc.

**IT DOES NOT LOCK UP THE SECRETIONS.**

**DOSE.**—One-half to one teaspoonful in WATER or SYRUP every hour until sleep is produced.

## PAPINE

**FORMULA.**—PAPINE is the Anodyne or pain-relieving principle of Opium, the narcotic and convulsive elements being eliminated. One fluid drachm is equal in power to one-eighth grain of Morphine.

**INDICATIONS.**—The same as Opium or Morphine, with less tendency to cause Nausea, Vomiting, Constipation, etc. A safe opiate for children.

**DOSE.**—For adults, one teaspoonful; for children under one year, 2 to 10 drops.

## IODIA

**FORMULA.**—IODIA is a combination of active principles obtained from the green roots of STILLINGIA, HELONIAS, SAXIFRAGA, MENISPERMUM and AROMATICS. Each fluid drachm contains five grains Iod-Potas and three grains PHOS. IRON.

**INDICATIONS.**—Syphilitic, Scrofulous and Cutaneous Diseases, Dysmenorrhœa, Menorrhagia, Leucorrhœa, Amenorrhœa, Impaired Vitality, Habitual Abortion and General Uterine Debility.

**DOSE.**—One or two teaspoonfuls (more or less, as indicated), three times a day, before meals.

## ECTHOL

**FORMULA.**—ECTHOL contains the active principles of ECHINACEA and THUJA, and is of uniform strength.

**INDICATIONS.**—In all breaking down tendencies of the fluids, tissues and corpuscles. Wherever there is dyscrasia of the secretions, or where blood poisoning or tissue disintegration exists. In typhoid or morbid fevers, erysipelas, diphtheria, carbuncles, boils, gangrenous wounds, ulcers, abscesses, etc. For stings of insects, bites of snakes, blotches, pimples, etc. ECTHOL is very valuable as a local application in any kind of pustular formations as well as fresh cuts.

**DOSE.**—One teaspoonful four times a day or oftener, as indicated.

GENERAL DEPOT FOR GREAT BRITAIN—

**ROBERTS & CO., 76, New Bond St., London, W.**

# COUGH

THE Sum of Clinical Experience Designates Glyco-Heroin (Smith) as a Respiratory Sedative Superior in All Respects to the Preparations of Opium, Morphine, Codeine and Other Narcotics, and withal devoid of the toxic or depressing effects which characterize the latter when given in doses sufficient to reduce the reflex irritability of the bronchial, tracheal and laryngeal mucous membranes.

## The Problem

of administering Heroin in proper doses in such form as will give the therapeutic virtues of this drug full sway, and will suit the palate of the most exacting adult or the most capricious child,

## has Been Solved

in the pharmaceutical compound known as GLYCO-HEROIN (SMITH).

## By "Glyco-Heroin (Smith)"

is meant a pharmaceutically exact solution of heroin in chemically pure glycerine in the proportion of one-sixteenth of a grain to the fluid drachm, with the addition of Ammonium Hypophosphite, Henbane, White Pine and Tolu, to enhance the curative value of the compound, and of stomachics to counteract any sensitiveness on the part of the patient's stomach.

The results attained with GLYCO-HEROIN (SMITH) in the alleviation and cure of cough are attested by numerous clinical studies that have appeared in the medical journals within the past few years.

**Scientifically Compounded, Scientifically Conceived, GLYCO-HEROIN (SMITH) simply stands upon its merits before the profession, ready to prove its efficacy to all who are interested in the advances in the art of medication.**

### NOTES.

GLYCO-HEROIN (SMITH) is supplied to the druggist in sixteen ounce dispensing bottles only. The quantity ordinarily prescribed by the physician is two, three or four ounces.

### DOSE.

The adult dose of GLYCO-HEROIN (SMITH) is one teaspoonful, repeated every two hours or at longer intervals, as the case may require. Children of ten or more years, from a quarter to a half teaspoonful. Children of three years or more, five to ten drops.

DOUCHE

## NASAL CATARRH

An Alkaline, Antiseptic, Non-irritating, Cleansing Solution for the Treatment of Diseased Mucous Membrane, particularly Nasal Catarrh.

66 The antiseptic preparations now seeking eminence and favoritism at the hands of the profession are many. The preparation that has given me most uniform, excellent and lasting results is Glyco-Thymoline (Kress). It is a most excellent mixture, of a beautiful wine color, alkaline in reaction, slightly pungent and very pleasant to take. Its therapeutic virtues are best shown in nasal and pharyngeal troubles, though I am now using it with marked benefit in a case of chronic cystitis of ten months' standing. I had used the various remedies recommended, such as boric acid, sulphate of zinc, etc., with scarcely any improvement; but since I have been using Glyco-Thymoline I see marked improvement in every way, particularly in less frequent urination, and with more ease, with also considerable improvement in general health. —Charlotte Medical Journal for March, 1897.

# 'MALTAVA'

## Food

Contains a Concentrated Preparation of Fresh Eggs combined with Extract of Malt.

### 'Maltova.'

A most concentrated and highly nutritive combination of the natural proteids of egg, viz.: Albumen, Vitellin, Lecithin, and Nuclein, besides the various salts and elements necessary for building up the human frame.

TRADE MARK.

**THE LANCET**, May 24th, 1902, says:—"The combination of an active malt extract with raw eggs is an excellent idea. Such a preparation is calculated to contain all classes of material suited for the repair of the body waste. Moreover, the combination of course contains lecithin, that curious phosphorised principle of nerve substance, brain, &c. That 'Maltova' is a genuine preparation is obvious from the facts: (1) that it readily transforms starch into sugar, and (2) that it yields a coagulum of albumin on boiling. The preparation is one of undoubted merit, and may be justly reckoned as belonging to the class of specially nutritious foods."

### Antiseptic Tablets.

**LANCEET, June 28th, 1902:-**

**MEDICAL AND ANTISEPTIC TABLETS.**

(ARTHUR H. COX & CO., ST. MARTIN'S PLACE, BRIGHTON.)

"We have received specimens of tablets of various drugs, and containing well-known formulae from the above firm. The tablets are well made and with special care directed towards accuracy of dosage. Amongst those submitted were cascara extract, phenacetin with caffeine, chlorate of potash, with borax and cocaine, potassium permanganate, quinine bisulphite, and tritinin. Very convenient for use also are the antiseptic tablets containing carbolic acid, corrosive sublimate, and mercuric iodide. The antiseptic tablets are prepared with an innocuous colouring matter, so that the stock solution of antiseptic fluid obtained may be distinguished from other solutions by its colour."

**MEDICAL REVIEW, July, 1902:-**

"They are all of excellent quality."

PRICE LISTS of PILLS and TABLETS, with SAMPLES OF THE ABOVE, on application.

# EMOL (TRADE) KELEET

A Remarkable Discovery for Skin Treatment.

Emol-Keleet has been the subject of investigation by competent hands, both chemico-technically and therapeutically. It was brought specially to the attention of the profession at the meeting of the British Medical Association, at Newcastle-on-Tyne, when an exceedingly interesting paper was read during the session of the Dermatological section by the President. The interest aroused by the therapeutic notes given in his paper by this distinguished authority on skin diseases brought Emol-Keleet prominently into view, and a brief recapitulation of the points of the paper referred to may be useful.

It is also incorporated with Soap as a Shaving Stick.

FASSETT & JOHNSON, 31 and 32, Snow Hill, London, E.C.

## VITTEL

### GRANDE SOURCE

This water is specially indicated in cases of  
**Gout, Gravel, Rheumatism,  
 Diabetes and Diseases  
 of the Urinary Passages.**

### SOURCE SALEE

Very efficacious against

**Gall-Stones & Biliary Sand,  
 Congestion of the Liver,  
 Spleen and Constipation.**

For habitual use by those who suffer from  
 Arthritis, the water of the GRANDE  
 SOURCE is invaluable.

## VITTEL

The characteristic action of the mineral waters of the **Grande Source** and of the **Source Salee** consists in the daily elimination of the excess of uric acid which is formed in the system.

The water of the **Grande Source** is diuretic it causes no gastric uneasiness and carries off all waste products.

The water of the **Source Salee** is laxative, and has a marked effect in breaking down and expelling Biliary Calculi and Sand.

The magnificent établissement at Vittel is situated quite in the country, at some distance from the village of Vittel, in a wide valley having free circulation of air and not liable to dampness. It stands on the slope of a plateau on which large modern hotels, replete with every comfort, have been erected. The Casino and the Theatre are from the designs of M. Charles Garnier, the eminent architect of the Paris Opera.

Vittel Railway Station is six hours' journey from Paris.

# SOMATOSE

(MADE FROM BEEF).

The most Powerful Food known to Science. A true Meat Nutrient, and is especially valuable for all cases of **FEVER, DYSENTERY, AND INFLUENZA.**

Vide *LANCET* of September, 30th, 1899.

Is acknowledged by eminent Medical Authorities at home and abroad to be

**The IDEAL FOOD for INVALIDS and CONVALESCENTS**

It is an almost TASTELESS and ODOURLESS POWDER.  
It contains nearly 50 per cent. of MEAT ALBUMEN.  
It is easy SOLUBLE in Water, Milk, Soup, Coffee, &c.

It acts directly as a TONIC, and creates an APPETITE.  
It is NOT a drug, but a THERAPEUTIC FOOD.

**SOMATOSE IS ALSO SOLD AS A LIQUID**  
BEING A MORE CONVENIENT FORM OF ADMINISTRATION.

## IRON SOMATOSE      MILK SOMATOSE

Contains the tonic qualities of IRON combined with the albuminous substance of MEAT.  
Causes no GASTRIC DISTURBANCE or CONSTIPATION.  
Does not AFFECT THE TEETH.  
Is a freely SOLUBLE preparation of IRON.

Contains the ALBUMINOUS MATTER of MILK combined with 5 per cent. of TANNIC ACID.  
Is slightly ASTRINGENT and NON-IRRITANT.  
Is most suitable for STRENGTHENING WEAK DIGESTIVE ORGANS.  
Is especially valuable for INFANTS and CHILDREN.

**NOW USED IN ALL THE PRINCIPAL CIVIL & MILITARY HOSPITALS.** Sold by all Chemists.  
Full particulars from—The British Somatose Co., Ltd., 165, Queen Victoria Street, London, E.C.

Members of the Profession are cordially invited to write for Samples.

Phosphori.	gr. i
Glycerini, etc., q.s., ad.	3 xv

No argument is needed to convince a Physician that a Preparation such as is indicated by the above Formula would be of immense value to him in his daily Practice, always provided 1st, that the Preparation is true to Formula; 2nd, that the emulsion will remain stable; 3rd, that it is palatable and easily assimilated. We can truthfully claim that "Ferroleum" fully and literally meets all these requirements, and in order that the Physician may satisfy himself by a personal clinical test, we will furnish a large size sample bottle free of charge (excepting carriage expense, 5d.) on request. Address:

THE FERROLEUM COMPANY, LIMITED, 86, CLERKENWELL ROAD, LONDON, E.C.

# CONTREXEVILLE PAVILLON

SOURCE  
DU

## DIURETIC, TONIC, DIGESTIBLE — BEFORE AND AT MEALS GOUT, GRAVEL, ARTHRITISM

The Contrexéville Mineral Water (Pavillon SPRING) is a diuretic and laxative, a tonic, a stimulant, and aid to digestion.—It acts upon the secret mechanism of nutrition, as is proved by its influence in checking the production of uric acid and glucose: it favourably modifies those morbid processus of biological chemistry which result in the accumulation of uric acid in the blood, inducing the phenomena of gout.—It facilitates the elimination of urinary deposits, by contracting the ducts containing them and increasing the quantity of liquid by which these vessels are flushed.—It assists the cicatrization of the inflamed mucus of the urinary organs, and helps to restore the normal acidity of the urine; facilitates the flow of the bile, by causing contraction of the biliary ducts and the expulsion of calculi; and is invaluable in the treatment of congestion of the liver.

Wholesale: Ingram & Royle Ltd., East Paul's Wharf, 26, Upper Thames st. London E.C. Retail: Sold by all Chemists.

JOSEPH TURNER & CO.'S New Synthetic Remedies.

Synthesized and Manufactured in England.

PIPERIDINE TARTRATE. (THE NEW URIC ACID SOLVENT).

PIPERIDINE possesses uric acid solvent powers greatly superior to any other known substance, and, in combination with tartaric acid forms a pleasant salt, which may be taken in 5 to 15 gr. doses in all wines, mineral waters, &c., at or before meals. See LANCET, July 28, 1898; BRITISH MEDICAL JOURNAL, February 27th, 1897; CENTRALBLATT DER PHYSIOLOGIE, Bd. III., p. 434.

ERYTHROL TETRA NITRATE. (TURNER). The New Vaso-Dilator.

The difference between the action of Erythrol Tetra Nitrate and other Vaso-Dilators, consists mainly in the fact that the vaso-dilation produced by it is of a much more permanent nature; the administration of gr. 1 by the mouth causing a reduction in crural tension lasting for more than five hours.

See BRADSHAW LECTURE, 1895; CROONIAN LECTURE, 1896; BRITISH MEDICAL JOURNAL, April 10th, 1897, January 1 and January 8, 1898, &c.

GUAIPEROL (GUAIACOLATE OF PIPERIDINE).

Remedy for Phthisis which combines the antiseptic properties of Guaiperol with the vascular tonic action of Piperidine. See BRITISH MEDICAL JOURNAL, January 1, 1897, and July 16, 1898, &c.

SOLE PATENTEES & MANUFACTURERS, from whom Samples and Literature may be obtained.

JOSEPH TURNER & CO., Ltd., QUEENSFERRY, FLINTSHIRE N.W.

"In the same degree as the salts of quinic acid are a specific against malaria, and the salts of salicylic acid against rheumatism. **UROSINE** (the quinate of lithia) is a specific against gout (uric acid diathesis)."—Dr. J. Weiss, in *Verhandlungen des xviii Congresses für innere Medicin*.

Agents: **WIDENMANN, BROICHER & CO., 33, Lime St., LONDON, E.C.**

**THE LANCET**, 22nd July, 1899, says:—

"This brandy shows excellent features on analysis while the evidence of taste is distinctly in favour of the description that it is an old matured grape spirit. It possesses that ethereal fragrance due to the peculiar ethers of wine. Our analysis yielded the following results:—Alcohol, by weight 41.00 per cent., by volume 48.43 per cent., equal to proof spirit 84.87 per cent.; acidity expressed as acetic acid, 0.033 per cent.; extractives 0.69 per cent.; mineral matter, nil; alcohol in volatile ethers, two grammes per 10 litres. The flavour is soft and mellow and the aroma is characteristic of a sound and mature wine-derived spirit. In view of these analytical and general evidences this brandy may be described as particularly suitable for medicinal purposes."

# MARTELL'S THREE STAR BRANDY.

**THE MEDICAL PRESS**, 2nd August, 1899, says:—

"We have carefully examined a sample of this well-known spirit by the usual tests, and the results obtained by analysis fully warrant our recommending it for medical and dietetic purposes. The analysis gave the following figures:

Alcohol (as proof spirit) .. .. .. .. .. ..	86.5	per cent.
Extractives .. .. .. .. .. ..	68	" "
Ash .. .. .. .. .. ..	Nil.	
Acidity .. .. .. .. .. ..	0.036	" "
Ethers (as alcohol) .. .. .. .. .. ..	0.028	" "

"We analysed this product some ten or more years ago, and finding that it still maintains its exceptionally high character, we are consequently in a position to speak highly of it as a genuine old brandy made from wine, well matured, and free from all compounds which might detract from its value as a medicinal agent."

# Casumen

**The Lancet** says:—

"Casumen is a very powerful and concentrated form of nourishment. It contains no less than

**93 PER CENT PROTEID**

and is extremely digestible, tasteless, and keeps indefinitely. No other Preparation contains so high a proportion of proteid. CASUMEN is useful towards raising the flesh-forming value of a number of foods. Can be added to soups, beef-tea, cocoa, and many other foods, with great dietic gain."

A Free Sample Packet, with the *Lancet* Analysis, &c., will be sent post-free to any Medical Man on receipt of Address.

Price 2/- per lb. (in 2 oz.,  $\frac{1}{2}$  lb.,  $\frac{1}{4}$  lb., 1 lb., 2 lb. Boxes) of Chemists, Stores, Grocers, and Dairies, or direct from

# “Berkefeld” Filters.

This illustration shows FILTER H, fitted to Ordinary Household Service pipe over sink. House Filter H 30/-, Smaller size F 22/-.

*Extract from the Special Report to the BRITISH MEDICAL JOURNAL on, “The Relative Efficiency of Water Filters,” by Drs. Sims Woodhead and Cartwright Wood:-*

“Experiments were carried out with the Filter H, an exceedingly good model which seems to subserve the functions of a Filter better than any we have yet seen described. . . . The output is so large that there is no reason why such Filters should not supply sufficient water for all household requirements.”

“We must accordingly conclude from the extensive series of experiments carried out with these BERKEFELD FILTERS that they afford complete protection against the communication of water-borne disease.”

## Rubber Adhesive Plaster

### SELF-ADHESIVE— NON-IRRITANT— ANTISEPTIC.

Has been in daily use for years in many leading hospitals, infirmaries, and other public institutions, and has a well-deserved reputation among surgeons everywhere. It is SPLENDIDLY ADHESIVE at a low temperature, clings closely and firmly to the skin, whilst retaining a PERFECTLY EVEN SURFACE; may be relied upon NOT TO SLIP; is absolutely NON-IRRITANT; and does not pull away from the fabric. The ever-increasing demand for the "NATIONAL" Rubber Adhesive Plaster is eloquent testimony to its uniform quality and reliability.

**Ladies' and Gentlemen's Abdominal Belts of all kinds, Trusses, Elastic Stockings, &c.**  
*Experienced Fitters, male and female, always in attendance or can be sent to any part of the United Kingdom.*

**DR. FISHER'S PATENT FLEXIBLE KNEE-CAP.**

The above is considered the only Knee-Cap made which allows free action of the joints, while at the same time keeping up the requisite pressure.

The front is constructed of nickel-plated fine steel wire, and meshed in a manner to contract and extend with the motion of the knee, but fixed from side to side. It is lined with soft felt. The top and bottom straps are merely for the purpose of keeping the knee-cap in position, but the middle portion is made of soft buckskin, divided into two straps which buckle on the outside. It is cool and light, adding scarcely any size to the joint, and it is calculated to wear for a considerable time.

In ordering, give circumference of centre of knee, also four inches above and below the same.  
 AND STATE FOR WHICH KNEE.

PRICE 30s

**DR. FISHER'S (IMPROVED) BOW-LEG SPLINTS.**

These Splints have been in use during the last nine years with very great success. Directions for measurement and application: Give height from ground to centre of knee, and state age of child. Should the Splints not fit well below the knee, calf, or ankle, warm the part gently before the fire, till it bends freely, then mould it on the leg and hold it in position until it has set. The success of these Splints depends a good deal on keeping the centre strap as tight as possible without causing inconvenience. They may also be worn as a support for weak ankles only, in which case it should be stated on which side of the foot the child is inclined to walk. Light boots should always be worn.

Per pair.  
 31s.

PRICE, FIRST QUALITY ... ...

Patent No. 17951,  
1900.

Detailed Catalogues free on application.

### "COMBINED" LIGHT CURE APPARATUS

(Red Cross Patent.)

As used by His Majesty King Edward  
VII, Buckingham Palace, Windsor Cas-  
tle. H.M. King Oscar of Sweden, &c.

**ORAYON ANTI-BUÉE** a means of obviating the condensation of vapour upon Laryngoscope mirrors, mouth mirrors, spectacle and eye-glasses, reflectors, &c., &c. Mirrors need not be warmed or their surfaces distorted with glycerine. Glasses and other eye-glasses do not become dimmed on change from outdoors to indoors. Cut the pencil to expose its core and make 3 or 4 streaks with it across the glass to be protected, rub and polish off with a handkerchief, then try breathing on the glass.—Price 2s. each, for stamps with order.—Vide *LANCET*.

### MILK HUMANIZER (PATENT).

A simple apparatus made in glass, enabling cow's milk to be so altered as to resemble Human Milk in its composition, and adaptable to the requirements of individual infants or children. Full directions how to humanize milk for infant feeding, together with description of Hawksley's Patent Sterilizers for Infants and Invalids, free by post on application.

**BELTS—ABDOMINAL FOR GENERAL** support to the abdominal walls and for obesity. The support given by the above enables the wearer to walk more erect, breathe more freely, and ride with comfort. The uncomfortable swinging of the abdomen whilst hunting is remedied, and in case of a fall the chances of internal injury to the rider are much lessened, no understraps required.

### KNEE TRUSSES.

For Dislocated Semi-lunar Cartilages.—Made in 3 sizes for right and left knees. The same principle specially adapted for chronic dislocations of the patella. The truss does not interfere with the free use of the joint in kneeling, cycling, football, or tennis.

### FRACTURED PATELLA.

A walking splint for use after union of the upper and lower fragments. The steel joints at the sides are so made that the degree of bending at the knee-joint can be gradually increased. In case of a slip the knee cannot bend more than is allowed by this adjustable stop, and thus prevents over-stretching of the newly-formed ligament. To assist extension of the limb a strong elastic band joins the upper and lower part of the splint. This also is adjustable, and greatly assists the weakened quadriceps muscles in walking; as used at Guy's, Middlesex, & St. Bartholomew's Hospitals.

In the usual form, for twelve months' use, the splint is about 12 inches long, but for permanent disablement it is better to carry a light support to the heel of the foot.

**APPLIANCES** for Varus or Valgus, with Inversion or Eversion Straps, also with Toe-Lifting and Depressing Springs.—For genu Varum or Vulgarum, for Day or Night Use, with and without Screw Extension.

SOLE ADDRESS—T. HAWKSLEY.

Surgical Instrument Makers,

357, OXFORD STREET, LONDON W.

Prepared strictly in accordance with the methods advocated by Dr. S. Monckton Copeman.

## HOUSEHOLD FURNITURE FOR THE MEDICAL PROFESSION.

Cash or Deferred Payments (1, 2 or 3 years.)  
Best Quality. Low Prices. Free Life Assurance.

### RODNEY & CO., Ltd.,

Associated with the Educational Supply Association. Offer Members of the Medical and other Professions the means of obtaining sound, reliable, and artistic Furniture (whether for Cash or Credit) on exceptionally advantageous terms.

RODNEY & CO. (a branch of the Educational Supply Association, by far the largest and best known firm of School Suppliers in the Kingdom) was originally established to supply Members of the Scholastic Profession with Household Furniture and other requisites at Wholesale prices in the same way as the E.S.A. supplied them with General School Material. The want of such a firm as RODNEY & Co. had long been felt—firm with whom professional men could do business with every confidence, and with a feeling that they would secure the full advantage in terms to which their professional position entitled them.

RODNEY & Co.'s connexion with a firm of such world-wide repute as the Educational Supply Association at once established so great an amount of confidence, that the business progressed by leaps and bounds, and it was soon decided to carry its operations beyond Scholastic circles, so as to include the Medical and other professions. The full benefit of RODNEY & Co.'s system is therefore now offered to every member of the Medical profession.

POINTS.—Free Life Assurance. Easy Payments. Business treated confidentially. No Security required. Free delivery in town and country. Enormous Stocks to choose from. Exceptional Value for Money.

BOOKLET containing full description of their system of Furnishing may be had on application to the Manager.

## FOR VARICOSE VEINS AND WEAKNESS.

A figure of a leg wearing a support stocking. The text reads: Very superior SURGICAL ELASTIC STOCKINGS and KNEE-CAPS on a new principle, pervious, light in texture, and inexpensive, yielding an efficient and unvarying support under any temperature, without the trouble of lacing or bandaging. Likewise a strong low-priced article for hospitals and the working classes.

Abdominal Supporting Belts for ladies' use before and after accouchement, are admirably adapted to giving adequate support with extreme lightness—a point hitherto little attended to.

Instructions for measurement, and prices on application, and the articles sent postage free from the manufacturers.

## Excelsior Motor Cycles.

### THE NATIONAL FAVORITES.

### IMPORTANT NOTICE.

Butiley new models of the EXCELSIOR  
MOTOR BICYCLES have been designed for  
1903 Season, embodying all the latest improvements  
in scientific Cycle and Motor construction, including  
triple crown duplex front forks, special Motor  
bottom bracket and Motor hubs, strong steering  
lock, new powerful brakes, specially strong and  
reliable 2 in. A 1 Clincher Motor tyres, and many  
other minor, but important, improvements have  
been effected.

The EXCELSIOR MOTOR BICYCLE will  
be made in three different powers, viz.: 2, 2½, 2¾ h.p.,  
which will be sufficient to meet all reasonable requirements  
for business and professional purposes, for  
towing, with a trailing Car, for hill climbing, or for  
speed, which can be regulated in a simple manner  
from 5 to 35 miles per hour.

The reliability of the 2½ h.p. EXCELSIOR

MOTOR BICYCLE, after nearly two years use,  
is irrefutable. We can give Medical and Professional  
references.

Full particulars and Pictorial Catalogues  
free on application.

**INEBRIETY AND DRUG HABIT.—NEW HOME FOR GENTLEMEN.****WEIR HALL, Upper Edmonton, LONDON, N.**

Remarkable Cures have already been effected at this Home by influence, Medical and Dietetic Treatment and Tonics aided by the invigorating air of the place. Drug Habit cured by gradation. Reference to any officer of the Church of England Temperance Society.

WEIR HALL is a fine mansion, standing in nearly seven acres of grounds. Good boating and fishing. Large Swimming Bath, Cycle Track, Workshops, Dark Room for Photography. Billiards, Croquet Ground and Skittle Alley. A good Chapel.

CHARGES: From 6 guineas monthly. This is a special effort to give all the advantages of expensive Homes at a moderate charge.

Apply, The Manager, Weir Hall, Upper Edmonton. 1½ miles from Palmer's Green Station, N.H. 1 mile from Silver Street, G.E.R.

**THE INEBRIATES' ACTS. 1879-99.****BUNTINGFORD HOUSE RETREAT.**  
BUNTINGFORD, HERTS.

Under entirely new management. For the treatment of Gentlemen suffering from Inebriety and Abuse of Drugs. In a most salubrious, picturesque and secluded part of the country, 1½ hours from Liverpool Street, over 400 feet above sea-level; 10½ acres of grounds. Heated by hot-water apparatus. Electric light throughout. Healthy employment and recreation. Workshops. Poultry Farm. Gardening. Cricket. Tennis. Billiards. Dark Room for Photography, &c. Patients may enter under the Acts or privately. Terms—1½—3 GUINEAS. Apply to RESIDENT MEDICAL SUPERINTENDENT or SECRETARY.

**PLAS-YN-DINAS.**

Dinas Mawddwy, Merionethshire, Wales. Licensed under the Inebriates Acts, 1879-99.

Resident Proprietor and Licensee: Dr. W. F. WALKER, J.P.

The HOME is devoted to the care of gentlemen of the upper classes only, suffering from Inebriety, Neuritis, Nervous Debility, Neurasthenia, and the Abuse of Drugs. The Plas is a handsomely furnished modern residence, replete with every convenience, containing fine reception rooms, hall, and billiard rooms, twenty-five large and airy bedrooms, and seven bath-rooms.

SCENERY.—Shooting over 22,000 acres; 8,000 acres of grouse moors; 600 acres of covert. FISHING.—Salmon fishing in the river Dovey; sea-win and trout-fishing in the Dovey, Cledion, and tributaries. Private golf links close to the house.

References can be made to—Dr. GROZEX SAVAGE, 3, Henrietta Street, Cavendish Square, London, W.; Dr. PERRIN, 34, Cavendish Square, London, W.

For terms, &c., apply to Dr. WALKER, J.P., Plas-yn Dinas, Dinas Mawddwy, Merionethshire, Wales.

**INEBRIETY.**  
**INVERNITH LODGE RETREAT,**  
DUMFRIES, SCOTLAND.

(Licensed under the Inebriates Acts.)

For treatment of Gentlemen suffering from the Alcoholic and Morphia Habits, and Narcomania from other drugs, e.g., Cocaine, Chloral, Chloroform, and Ether.

This is the only Retreat in Scotland licensed under the Inebriates' Acts. This Retreat possesses many peculiar advantages. It lies in a remote and beautiful district, the nearest place where intoxicating liquor can be obtained being four miles from the boundary limit. The house stands high in a bracing position with magnificent views. The rainfall is small. Within the boundary limits are walks of five miles, through forest and moor, with the right of fishing on three rivers and two lochs. Boating, golf, tennis, badminton, photographic dark room with necessary appliances, billiards, tobogganning, and curling. The number of patients is limited (voluntarily or under the Acts). The best scientific methods for the attainment of a permanent cure in those suffering from Drug Habits are adopted.—References can be made to some of the leading medical men in England, Scotland and Ireland.

Terms and particulars on application to JOHN Q. DONALD, L.R.C.P., L.R.C.S. (Edin.), Resident Physician.

TELEGRAMS: "Cordon, Dumfries."

**FEMALE INEBRIETY.**

Excellent Home (Established 1880) for Voluntary Patients. Two Classes. Most encouraging results. Highly recommended by the Hon. Medical Officers and influential Committee. Apply, Miss HOCKING, Vergmont Sanatorium, West Derby, Liverpool.

MIDDLETON HALL,  
MIDDLETON ST. GEORGE,  
CO. DURHAM.

Near Darlington, N.E.Ry., where cars can be got, or should it be preferred a carriage can be sent to meet any train.

Private Asylum for the care and treatment of ladies and gentlemen.

This house which is situated in a healthy and pleasant country has been recently erected from plans approved by the Commissioners in Lunacy and has been comfortably furnished throughout. Private rooms and special attendants are provided if required.

Terms to be had on application to R. SMITH, M.D., the Resident Licensee, late Medical Superintendent, Durham County Asylum.

SUNNYSIDE ASYLUM, MONTROSE.  
(Instituted 1781. Incorporated by Royal Charter, 1810.)

The Board of Managers have recently provided additional accommodation for Private Patients.

CARNEGIE HOUSE, the new Private Asylum, is beautifully situated in its own grounds and accommodates a limited number of ladies and gentlemen.

H.M. Commissioners in Lunacy report:—

"Carnegie House is in every way a desirable residence for patients belonging to the cultured and wealthy classes. It is impossible to speak too highly of the manner in which the whole house has been furnished and decorated."

"The great comfort and elegance of the internal arrangements of Carnegie House never fail to attract favourable mention. The excellence of its accommodation is more and more evident at every visit."

For further information address the PHYSICIAN, SUPERINTENDENT.

FENSTANTON,  
Christchurch Road, Streatham Hill, S.W.  
(Close to Twiss Hill Station L.B.S.C. Railway.)

A PRIVATE ASYLUM for ladies mentally afflicted.

Removed from Peterboro' House, Fulham.

For terms, etc., apply to J. H. HILL, Medical Superintendent son of Dr. R. GARDNER HILL.

**BOREATTON PARK.**

This Private Asylum, which was founded by the late W. H. O. Sankey, M.D., F.R.C.P., for the reception of a limited number of ladies and gentlemen mentally afflicted, is now conducted on the same lines by his son, W. H. O. SANKEY, M.A., M.B., B.C.Cantab.

Dr. Burd, Newport House, Shrewsbury, M.D., and M.C.Cantab, Consulting Physician to the Salop Infirmary, and to the Salop and Montgomery Lunatic Asylum, &c., is Consulting Physician, and visits the House once a month, and oftener if required.

The mansion stands high, among handsomely laid out gardens in the midst of a picturesque deer park (about 70 head of deer are kept) and commands a magnificent view of Welsh mountain scenery.

Carriages, horses, lawn-tennis, golf, trout and other fishing are provided.

The Asylum is situated about ten miles from Shrewsbury, within easy distance of Baschurch Station, G.W.R., whither carriage can be sent at any time for visitors.

Letters and telegrams should be addressed to Dr. SANKEY, Boreatton Park, Baschurch, Salop.

**Exeter City Asylum,**

PRIVATE PATIENTS are admitted into the Asylum at a uniform rate of 25s. a week. This sum includes everything except clothing. For further information, printed forms of certificates, etc., apply M. L. BUTTERFORD, M.D., Medical Superintendent.

"The wards are in excellent order, bright and cheerful, and those occupied by the patients of the private class should attract many, whose means are limited, from all parts of England."—Extract from the Forty-eighth Report of the Commissioners to London.

**St. Luke's Hospital,**  
London, E.C.

ESTABLISHED 1761.

This Hospital was established for the treatment of mental disease of the middle classes. Preference is given to acute cases, and these are admitted either gratuitously or on payment of a weekly sum varying from 1s. to 30s., according to the circumstances of each. Patients are eligible for admission from any part of the United Kingdom. Forms of application may be had from, and enquiries addressed to, the Secretary, at the Hospital.

The Convalescent Establishment in connection with the Hospital is at St. Lawrence, near Ramsgate.

W. H. BAIRD,  
Secretary.  
Old Street, London, E.C.

**St. Andrew's Hospital for  
MENTAL DISORDERS,** Northampton.

FOR THE UPPER AND MIDDLE CLASSES ONLY.

President, The Right Hon. the EARL SPENCER, K.G.

The Institution is pleasantly situated in a healthy locality, one mile from the Northampton stations of the London and North Western and Midland Railways, and 1½ hours only from London; and is surrounded by more than 100 acres of pleasure grounds.

The terms vary from 31s. 6d. to £4 4s. a week according to the requirements of the case. These terms may be reduced by the Committee of Management under special circumstances.

Patients paying higher rates can have special attendants, horses and carriages, and private rooms in the hospital or in detached villas in the grounds of the hospital, or at Moulton Park, a branch establishment, two miles from the hospital.

There is also a seaside house, Bryn-y-Neuadd Hall, Llanfairfechan, N. Wales, beautifully situated in a park of 180 acres, to which patients may be sent.

For further information apply to the Medical Superintendent.

**Home Life for Ladies  
MENTALLY AFFLICTED.**—BISHOPSTONE  
HOUSE, Bedford (one hour from London). A Home for the Care and Treatment of a limited number of Ladies of the upper and middle classes. Voluntary patients also received. For forms of admission, &c., apply to H. E. HAYNES, Resident Medical Proprietor. Telephone: No. 0108.

Telegraphic Address: "RELIEF, OLD CATTON." Telephone: 290 NORWICH.

**Nervous and Mental Affections.**

LADIES ONLY RECEIVED.

**THE GROVE, OLD CATTON,**  
Near NORWICH.

A High Class Home for the Curative Treatment of Nervous Affections. Situated a mile from the City of Norwich. Special and Separate accommodation is provided for those suffering from Hysteria, and for cases of Incipient Mental trouble, who can be received as Voluntary Boarders without Certificates, and occupy their own private suites of apartments. A staff of experienced nurses has been organised to take charge of patients in their own homes. For terms, &c., which are moderate and inclusive, apply to the Misses MCLINTOCK, or to CECIL A. P. OSBURN, F.R.C.S.E., Medical Superintendent.

**THE COPPIGE, NOTTINGHAM.**

HOSPITAL FOR MENTAL DISEASES.  
President: The Right Hon. The EARL MARVENS.

This Institution is exclusively for the reception of a limited number of Private Patients of both sexes, of the Upper and Middle Classes, at moderate rates of payment. It is beautifully situated in its own grounds on an eminence a short distance from Nottingham, and commands an extensive view of the surrounding country, and from its singularly healthy position and comfortable arrangements, affords every facility for the relief and cure of those mentally afflicted. For terms, &c., apply to Dr. TATE, Medical Superintendent.

The estate on which it is situated extends to 480 acres, and possesses miles of beautiful sheltered walks through extensive pine woods. The Sanatorium itself stands 800 feet above the sea level on a pine clad hill which rises to 1,100 feet. The views from the building and the higher grounds embrace some of the finest mountain and loch scenery in Scotland. Every arrangement is provided for the efficient carrying out of Open-air methods under the most favourable circumstances of climate and surroundings. Complete installations have also been provided for inhalation, electrical, and Hydropathic treatment. Every medical and sanitary appliance which favours the cure of tuberculosis will be supplied to the patients.

The patients will have the advice of two Consulting Hospital Physicians and of an eminent Throat Specialist. The Electrical and Bacteriological Departments will be under the care of a Trained Specialist.

Resident Physicians—THOMPSON CAMPBELL, M.D., C.M., THOMAS NEILL, M.B., Ch.B.

For further particulars apply to the Secretary, D. HILL JACK, 141, West George Street, Glasgow.

Inclusive Terms £5 5s. per week.

## LONDON OPEN-AIR SANATORIUM, PINEWOOD, near WOKINGHAM, BERKS.

### FOR THE TREATMENT OF PULMONARY TUBERCULOSIS.

Situated in its own grounds; 82 acres of pine forest. Specially built, with every essential of hygiene and comfort. Each patient has a separate South bed-room, with Electric Light. Shelters are placed about the grounds, and some of them are also lighted by electricity. There are two resident medical officers. Only early cases are admitted.

Applications should be made to the SECRETARY, 26, Hanover Square, W., from whom the form of medical certificate and all particulars may be obtained.

INCLUSIVE TERMS, £3 3s. a week.

**OPEN-AIR TREATMENT OF DISEASES OF THE LUNGS.**  
**DR. W. DENTON JOHNS' SANATORIUM,**  
**Alderney Manor, Parkstone, Dorset.**

An ideal spot, beautifully situated about three miles from Bournemouth. 600 acres of pine woods and heather lands. Specially built for the cure on the "HUT SYSTEM," under the personal supervision of Dr. JOHNS, who resides upon the premises.

**SUN BATHING A SPECIALITY.**

For terms and particulars apply Secretary.

**NORDRACH IN WALES.**  
**A PRIVATE SANATORIUM FOR THE TREATMENT of PULMONARY TUBERCULOSIS**  
**OPENED IN FEBRUARY, 1900.**

Situated in its own grounds of 100 acres, parkland, pine woods, and mountain. Graduated walks rising to a height of 1,000 feet above sea-level. Combines pure mountain air and pure sea air. As only a limited number of patients are received, that special individual attention, which is so necessary to a successful result is assured. The Physician has himself been a patient at Nordrach under Dr. Walther, whose principles of treatment are strictly carried out.

For particulars apply to G. MORTON WILSON, M.B., Nordrach in Wales, Conway.

For terms and particulars apply Secretary.

**COTSWOLD SANATORIUM.**

THIS Sanatorium takes patients suffering from all forms of Tuberculous Disease. It is situated on the Cotswold Hills at an elevation of 800 feet, and surrounded by magnificent scenery. It stands in its own grounds of nearly 70 acres, and in the midst of wooded common land of about 1,000 acres. Rooms have hot and cold water laid on, are warmed by hot-water, and lighted by electricity. Verandas similarly warmed and lighted. Milk, butter, and cream supplied from tested cows. Inclusive charges £5 5s. weekly; a few rooms at £8 6s. and £5 15s. 6d.; cubicles £4 4s. Physicians—S. T. PRUEN, M.D., C. BRAINE-HARTNELL, M.R.C.S., L.R.C.P.

Apply to SECRETARY, 2, Ormond Place, Cheltenham. Telegrams: "BICKERBY, CHELTENHAM."

—  
Medical Electricity.  
OPENED IN 1900.

Address: Dr. LAWSON, Banchory, N.B.

**VALE OF CLWYD SANATORIUM.**

This Sanatorium is established for the treatment of Phthisis, as carried out by Dr. OTTO WALTER of Nordrach. It is situated at a height of 450 feet above the sea, on the sheltered aspect of mountains rising to over 1,800 feet.

The Physicians are fully conversant with Dr. WALTER'S treatment, having themselves been patients at Nordrach.

For particulars apply to GEORGE A. CRACE-CALVERT, M.B., M.R.C.S., L.R.C.P., or OSCOLL E. FISH, B.A., M.B., B.C., M.R.C.S., L.R.C.P. Llanbedr Hall, Ruthin, N. Wales.

**EAST ANGLIAN SANATORIUM,**  
**NAYLAND, SUFFOLK.**

This Sanatorium has been specially built for the Open-Air Treatment.

The building faces South, and stands in its own grounds of 94 acres, is lighted throughout by electricity and heated by steam. There is a resident medical officer, matron, and staff of nurses.

Applications for admission should be made to Doctor JANE WALKER, 122, Harley Street, W.

TERMS: Four to Six Guineas per week.

**LINFORD SANATORIUM.**  
**RINGWOOD, NEW FOREST.**

FOUNDED 1898.

The first SANATORIUM built in the United Kingdom with the advice of Dr. OTTO WALTER, to carry out the Treatment of Consumption as practised at NORDRACH, where one of the Physicians was resident for a year and a half.

The site affords a great variety of walks in charming forest and moorland scenery. Hot and cold douche bath and radiators in each room. Electric light. Farm of 30 acres for milk and vegetable supply.

Apply to Resident Physicians—R. MANDER SMYTH, M.D., HENRY G. PHILKIN, M.D., D.P.H. Telegrams: SMYTH, Linford, Ringwood

## MENTALLY FEEBLE, NEUROTIC, AND BACKWARD CHILDREN.

**SPECIAL EDUCATION** is given to a limited number of *select* pupils in the well-appointed residence of the former Medical Superintendent of a large Public Institution for Mentally-deficient Children. Situation high and bracing. Kindergarten, Sloyd, Manual and Physical Training by experienced Teachers. Music, Languages, &c., as required. Outdoor Work, Gymnasium, and Workshop. Extensive Gardens and Grounds, contiguous with Richmond Park. Home comforts, family life, individual attention, suitable and varied recreations.—For terms and particulars, address

**G. E. SHUTTLEWORTH, B.A., M.D., &c.**, Ancaster House, Richmond Hill, Surrey.

## THE YARROW HOME FOR CONVALESCENT CHILDREN OF THE BETTER CLASS, BROADSTAIRS. Established 1895.

Established and endowed for 100 children of respectable persons who are unable to afford the entire cost of a change of air at the seaside for their convalescent children.

Boys from 4 to 12 years and Girls from 4 to 16 years are admitted irrespective of nationality or creed.

A charge of 5s. per week is made for each child.

The Building stands in 10½ acres of ornamental grounds, with sheltered garden and shrubberies, and faces the sea and has spacious well equipped Play Rooms.

The Home is under the management of a highly experienced Matron. A Medical Officer and Certificated Nurses form a part of the Staff.

During the winter children requiring active treatment are accommodated, and a lengthened stay is granted when there is a prospect of permanent benefit.

*Full Particulars and Forms of Application for Admission may be obtained on application to Mr. T. F. MYERS, Secretary, at the London Office,*

73A, QUEEN VICTORIA STREET, E.C.

## ABERYSTWYTH, "The Biarritz of Wales,"

Is highly recommended for invalids. It possesses the most equable temperature, its shore being swept by the Gulf Stream, and the S.W. breezes of the Atlantic. The drainage is perfect, and the town is supplied with the purest water from Plyllimmon and lighted by electricity. The late Sir James Clarke, M.D., says: "A fortnight in Aberystwith is equivalent to a month's residence in most watering places." *Guide and information may be had on application to the Town Clerk.*

## MONTRÉUX.—Celebrated Autumn, Winter & Spring Health Resort. GRAND HÔTEL & CHÂTEAU, BELMONT.

One of the finest and most modern Family Hotels. The best position in Montreux. Every home comfort. Enlarged and decorated 130 Rooms and Salons with balconies. Unique and elevated position, 200 feet above the Lake, in most sunny, healthy, and quiet part of district. Situated in own grounds. Fine panoramic views of lake and mountains. Surrounded by vineyards, gardens, and shady terraces. Tennis court and play-grounds. Five minutes of Montreux Stations and tramways. Near Colleges (Schools). Most charming residence in Montreux at any time of the year. New dining room and restaurant, fine salons, billiards (English and French), comfortable lounge and winter garden, full south. Lift and dark room. Bath rooms on every floor. Most modern improvements in sanitary, heating (hot water), and ventilating. Electric light throughout. Golf Links near. Omnibus free to Town, Church and Kurhaus. Excellent Cuisine, tables d'hôte at separate tables. Weekly concerts, entertainments, and dances. Moderate charges for a lengthened stay. *Managed by the Proprietor: THOS. UNGER DONALDSON, also of the Gd. Hotel Victoria, St. Beatenberg. Telegraphic Address: "BELMONT-MONTRÉUX."*

## WOODHALL SPA.

**M.D.** (London, Cambridge, Durham, Brussels.)

**F.R.C.S.** (England, Edinburgh.)

**D.P.H.**

(London, Cambridge, Oxford, Edin., Dub.) ALL FINAL MEDICAL EXAMINATIONS. (Conjoint Colleges: London, Edinburgh, Dublin.)

THE SERVICES. TUITION in CLASS, PRIVATELY, or by POST, in

MEDICINE	ANATOMY	CHEMISTRY
SURGERY	PHYSIOLOGY	BACTERIOLOGY
OBSTETRICS	MATERIA MEDICA	HYGIENE
	SC., &c.	

Laboratory with all apparatus. Many years continuous success.

**D.P.H.**

**15** CANDIDATES passed recently. Remarkable success. July 1902. 5 Candidates sent up **ALL PASSED**. 8 Candidates passed (October-November, 1902) for Cambridge, Edinburgh, and Oxford D.P.H.

Candidate (qualified before 1890) recently passed D.P.H. after 3 weeks' coaching only, with no previous knowledge whatever of the work.

**M.D.** (Durham Practitioners).

**16** CANDIDATES successful during the past year after correspondence or oral preparation by our Tutors.

### CONJOINT FINALS.

7 CANDIDATES successful this year.

Many other successes for M.D. (Lond.), M.B. (Lond. and Cambridge), F.R.C.S. (Eng. and Edin.), M.D. (Brux.), Apothecaries' Hall, Indian and Army Medical; also Anatomy and Physiology for Various Examinations.

Particulars of the above successes on application.

Candidates can take SPECIAL ORAL AND PRACTICAL COACHING for M.D. Durham in Newcastle either a week or a fortnight before the examination. This practical revision has been found of great advantage to candidates, 8 prepared by our Tutors having passed at the last examination (September, 1902).

**M.D. BRUX.**

At the recent Examination (the standard for which has greatly gone up of late) about 80 per cent. of the Candidates were rejected. 2 Candidates were sent up by us—**BOTH PASSED**.

**D.P.H.** (London).

PRACTICAL AND THEORETICAL COACHING (in Bacteriology, Chemistry, and all the other subjects of both Parts of the Examination). Thorough revision of important parts of the work. Candidates weak points specially attended to.

ORAL COACHING for ALL MEDICAL EXAMINATIONS given daily at 115, Gower Street, London, W.C. SPECIAL CORRESPONDENCE COURSES for M.D. Lond., M.D. Durham, M.D. Brux., F.R.C.S., CONJOINT BOARD, D.P.H., &c.

For further particulars of the Courses and Examinations, address, E. GOOCH, B.Sc., 115, Gower Street, W.C.

Mr. GOOCH can usually be seen for interviews between 12 and 1, and between 4 and 5—except on Saturdays—at other times by appointment.

## UNIVERSITY EXAMINATION POSTAL INSTITUTION.

OFFICE:

27, Southampton Street, Strand, W.C.

7 Medical Tutors, including 3 Gold Medallists.

Manager: Mr. E. S. WEYMOUTH, M.A. (Lond.)

Preparation through the Post or Orally, for all Medical Examinations, especially for the

<b>M.D.</b>	<b>D.P.H.</b>	and <b>F.R.C.S.</b>
London	Cambridge, London,	England
or	Dublin.	or
Durham.		Dublin.

of the total number of 37 successful Candidates in the M.D. (London) Examination, including the Gold Medallist, were prepared successfully by the Institution through the Post for the 1901 Examination, besides several others prepared orally by one of our Tutors. Of the total number of 29 successful Candidates at the 1902 Examination, 10 were prepared through the Post by the Institution, besides several others prepared orally by one of our Tutors. For the second time a Candidate prepared by the Institution has won the M.S. Gold Medal.

Numerous candidates prepared successfully by the Tutors for the D.P.H. this year:

4 out of 5 prepared by our Tutor for the D.P.H. (Lond.) Examination of July last were successful. 6 out of 7 prepared in the last few months by our Bacteriology Tutor were successful.

Candidates successful for the M.D. (Durham) this year out of 13 sent in by our Tutors.

SPECIAL ORAL CLASS held a fortnight before the M.D. (Durham) Examination. All candidates should endeavour to attend this for the sake of the practical work required in the Examination and a review of the book work. Of the 6 candidates prepared by our Tutor (who himself holds the M.D. (Durham) degree) for the Examination of September last only one failed, but of the 16 other candidates for the Examination no less than 6 failed.

Many candidates prepared successfully during recent years both for the F.R.C.S. (Eng.) and the F.R.C.S. (Edin.).

Prospectus and full particulars concerning any Examination will be sent on application to the Manager.

## INDIAN MEDICAL SERVICE.

INDIA OFFICE,

12th Dec., 1902.

An Examination for not less than 13 Appointments in His Majesty's Indian Medical Service will be held in London on 13th January, 1903, and following days.

The regulations for the Examination, together with a memorandum as to the pay and promotion of officers of the Indian Medical Service may be obtained on application to the Military Secretary, India Office, Whitehall, S.W., to whom applications to attend the Examination, together with the necessary certificate, must be sent so as to reach him by 31st December, 1902.

E. STEDMAN,  
Major-General, Military Secretary.

## Southbourne-on-Sea, Hants.

APPLY to **J. C. NEEDES**, 1, Adam Street, Adelphi, W.C.

**NOTICE.**—**Mr. J. C. NEEDES'** Offices will be closed on December 25, 26, and 27.

### MEDICAL TRANSFER AGENCY

#### AND GENERAL PRACTICE AND LOCUM TENENS OFFICES, 14, ADAM STREET, STRAND, W.C.

### MEDICAL TRANSFER AND PARTNERSHIP. 56, LUDGATE HILL.

**Messrs. Orridge & Co.,** Medical Transfer Agents, Referees and Valuers, in offering their services to the Profession, have pleasure in referring to the fact, that for about HALF A CENTURY the name of Mr. Orridge has been known in the advertising columns of the leading Medical Journals, and that a very large proportion of the Medical men throughout the Kingdom have confided their interests in the adjustment of Partnerships and Transfers to their care.

Purchasers will communicate (confidentially) the nature and extent of their wishes regarding investments, and be apprised of appropriate opportunities may occur.

On application where advise is required in forming a correct estimate as to the worth or eligibility of a Practice, Messrs. Orridge & Co., trust that their family experience of the various contingencies that govern Practice will be found of considerable service to those who may be employed.

**SPRING NOTICE.**—Commission on Sales of Practices, on £100, and 2½ per cent. on any additional amount.

N.B.—No charge is made if unsuccessful. No charge to purchasers.

# THE PHARMACEUTICAL, CLERICAL, AND MEDICAL ASSOCIATION, LIMITED.

## MEDICAL DEPARTMENT.

This Association was founded in 1880 as a Limited Liability Company under the direction of Professional men, its object being the creation of a RESPONSIBLE and PHARMACEUTICAL, CLERICAL, AND MEDICAL ASSOCIATION. The Medical Department has met with so great success that it has been found necessary for one of the Directors (Mr. G. E. Stocker) to devote his whole attention thereto, and he has the assistance of an experienced Medical Accountant and large staff of clerks. Further, a Committee composed entirely of gentlemen of high standing in the Medical Profession has been appointed, and to them matters of dispute and difficulty are referred.

The Association undertakes the SALE of PRACTICES and PARTNERSHIPS; the Introduction of LOCUM TENENS and ASSISTANTS; MEDICAL ACCOUNTANT (by a duly qualified Medical Accountant); INVESTIGATION and VALUATION of Practices, &c.; POSTING BOOKS and sending out Bills, &c., &c.

A pamphlet relating to the Medical Department with the names of the "Directors" and the "Medical Advising Board," and terms will be sent on application to Mr. G. E. STOCKER, \* MANAGER, DIRECTOR, 22, CRAVEN STREET, STRAND, W.C.

Telephone Address—“TRIFORM, LONDON.” Telephone No. 1854 (GERRARD).

NOTE change of address to 22, CRAVEN STREET, STRAND, W.C.

# Elixir Glycerophosphates

(P. D. & Co.)

Combines Purity and  
Stability with Palatability

Each fluid-ounce contains:

Sodium Glycerophosphate.... 8 grains.  
Calcium Glycerophosphate.... 4 grains.

**Dose.**—One to four teaspoonfuls  
three times a day, before meals.

**T**HIS preparation provides Phosphorous in the form in which it actually exists in the tissues of the human organism. It is quickly assimilated, and improves the general nutrition by its effect upon the nervous system.

Elixir Glycerophosphates is said to be of particular service in building up the impaired nervous system, which is found during convalescence from all serious acute diseases, especially after Influenza.

SAMPLE AND FULL PARTICULARS  
ON REQUEST.
