## COD LIVER DRAGÉES.

### The Watery Exudations which

escape from Cod Livers, along with Cod Liver Oil, have been found to be richer than the oil itself in those active principles to which that substance owes its medicinal properties. An extract obtained from the concentration, by a patented process, of those watery products, forms the nucleus of Guffroy's Cod Liver Dragées, which, being easily taken and free from nauseating effects, can, therefore, be prescribed with great advantage for patients—children especially—unable to use the oil, or for the purpose of augmenting the efficacy of the oil. Daily dose for adults, 6 to 10 dragées. Box of 220 dragées, 4s. 6d.; box of 120 dragées, 2s. 9d. Procurable Retail through any Chemist, and Wholesale of F. NEWBURY and SONS, 45, ST. PAUL'S CHURCHYARD, LONDON. Sent free on receipt of the price in stamps, by BARR and CO., Sole Consignees, 1, Robert Street, Adelphi, London.
