TO CORRESPONDENTS.

* * * All letters and communications for the JOURNAL, to be addressed to the EDITOR, 37, Great Queen St., Lincoln's Inn Fields, W.C.

COMMUNICATIONS.—To prevent a not uncommon misconception, we beg to inform our correspondents that, as a rule, all communications which are not returned to their authors, are retained for publication.

CORRESPONDENTS, who wish notice to be taken of their communications, should authenticate them with their names—of course, not necessarily for publication.

LUDICROUS ERRORS.—Last week, in an article on the Conservancy of the Thames Commission, the *Times* throughout called Mr. Rawlinson, the well known engineer, *Captain Rawlinson*; and, in the same day's paper, said "another medical authority, the *Gazette des Tribunaux*, etc.", which, we suppose, meant *Gazette des Hôpitaux*.
