No Advance in the Price of FELLOWS' SYRUP as a Result of the War

Notwithstanding the great scarcity of some of the ingredients of Fellows' Syrup, its quality and uniformity will be strictly maintained and its price will not be increased at present, the Proprietors themselves assuming the considerable extra expense which its compounding now entails.

REPORT

OF THE

ANÆSTHETICS COMMITTEE

OF THE

BRITISH MEDICAL ASSOCIATION.

This Report is based on 25,920 recorded
cases of the administration of anæsthetics
in Great Britain, tabulated and analysed
with a view to the investigation of the
influence of various factors in the produc-
tion of complications and danger under each
of the chief anæsthetics.

The Report deals with many interesting
and important questions, and contains 76
statistical tables together with detailed
accounts of more than 800 complicated
cases.

MIDDLEMORE PRIZE, 1915.

The Middlemore Prize, which consists of a cheque for £50 and an Illuminated Certificate, was founded by the late Mr. RICHARD MIDDLEMORE, F.R.C.S., of Birmingham, for the best Essay or Work on any subject which the Council of the British Medical Association may from time to time select in any department of Ophthalmic Medicine or Surgery.

The Council of the British Medical Association will make an award of the Prize in the year 1915 to the writer of the best Essay on the following subject:—

“THE PATHOLOGY OF THE AFFECTIONS OF THE RETINA MET WITH IN CONNECTION WITH DISEASES OF THE KIDNEYS.”

Essays submitted in competition must be addressed to reach the Medical Secretary, British Medical Association, 429, Strand, W.C., on or before April 30th, 1915. Each Essay must be signed with a pseudonym and accompanied by a sealed envelope marked outside with the pseudonym and containing the name and address of the writer.

In the event of no Essay submitted being of sufficient merit, the Prize will not be awarded in 1915.

ALFRED COX, M.B., *Medical Secretary.*

January 2nd, 1915.

“Semplolin”

PETROLEUM PREPARATIONS

There are NINE good reasons why physicians are obtaining such excellent results with “SEMPROLIN” Preparations.

ONE REASON: Because of the low percentage of inert materials in them.

Although “SEMPROLIN” Emulsions contain exceptionally large percentages of the purest *Russian* petroleum, less emulsifying material is used than in the ordinary 33½ per cent. emulsion now on the market. It is comparatively easy to manufacture an emulsion if one employs quantities of inert material but, obviously, no patient wants this. Our specially-devised emulsifying process overcomes all manufacturing difficulties.

The other eight reasons are—

1. High percentage of petroleum.
2. High quality of ingredients.
3. New process of emulsification.
4. Absence of sugar.
5. Specific gravity of the oil.
6. Accuracy of content.
7. Palatability.
8. British manufacture.

**Made by a British Firm with
British Labour.**

*A Sample will be sent post free to any Member
of the Medical Profession applying to—*

SULPHAQUA

LARGELY AND SUCCESSFULLY PRESCRIBED IN

SKIN DISEASES, RHEUMATISM, GOUT, NEURASTHENIC CONDITIONS IN ARTHRITIC SUBJECTS, &c.

And as a valuable addition to the Inunction TREATMENT OF SYPHILIS with Mercury.

Employed in BATH and TOILET BASIN.

Possesses powerful Antiseptic, Antiparasitic, and Antalgic properties. Relieves intense Itching and Pain, is WITHOUT OBJECTIONABLE ODOUR, and does not blacken the bath enamel.

SULPHAQUA SOAP

Recommended for the Skin and Hair. Especially useful in the treatment of Acne and Seborrhoea of the Scalp. Largely used in dermatological practice.

In Boxes of $\frac{1}{2}$ -doz. and 1-doz. BATH CHARGES, 2 doz. TOILET CHARGES, and $\frac{1}{4}$ -doz. SOAP TABLETS.

Samples and Literature on request. Advertised only to the Profession.

THE S. P. CHARGES CO., Manufacturing Chemists, St. Helens, Lancs.

"SULPHAQUA" is stocked by the leading Wholesale Drug Houses in Canada, Australia, New Zealand, South Africa, India, &c.

MEMBERS OF THE MEDICAL PROFESSION

may confidently recommend baths of **TIDMAN'S SEA SALT** for the following, among other reasons:—(1) It is now established by scientific authority beyond question, that **Seawater** is **RADIO-ACTIVE**, containing a definite quantity of **Radium**, with all its marvellous potentialities in cases of weakness and disease. (2) Tidman's Sea Salt, by observations made by the authorities at the **Natural History Department of the BRITISH MUSEUM**, and at the **ZOOLOGICAL GARDENS, Regents Park**, is shown to produce **REAL SEAWATER**. *Higher testimony than this cannot be imagined or desired.* Medical men all over the world are prescribing baths of Tidman's Sea Salt with the greatest advantage to their patients and credit to themselves. In bags, 1 cwt., 10/-; $\frac{1}{2}$ cwt., 5/6; $\frac{1}{4}$ cwt. (Box or Bag), 3/6, free anywhere in the United Kingdom. Also in packets, bags, and boxes from 1d. upwards. Of all Chemists and Stores. Pamphlets of testimonials, all guaranteed genuine, post free on application. **TIDMAN & SON, Limited, Wapping, London, E.**

SAVORY & MOORE'S PEPTONISED MILK PREPARATIONS

(Awarded **GOLD MEDAL** International Congress of Medicine, 1913)

Savory & Moore's Peptonised Milk Preparations include Cocoa and Milk, Coffee and Milk, condensed Peptonised Milk and Milk Chocolate. They are highly nourishing and extremely easy of digestion, and are thus especially useful in all cases where ordinary nourishment cannot be taken, whether through illness or digestive weakness. They are easily and quickly prepared, as hot water only is required.

COCOA AND MILK

The Cocoa and Milk is made from specially selected Cocoa and pure, rich country milk, both of which are treated by a special peptonising process. The result is a preparation of remarkable nutritive value and delicious flavour which can be taken and assimilated even by those who are quite unable to take cocoa in the ordinary form.

The Cocoa and Milk is especially suitable for Invalids, Convalescents, and all whose digestive organs have been weakened by illness, overwork, study or other debilitating causes. In cases of GASTRITIS and GASTRIC ULCER it has proved highly successful. It is also very beneficial in NERVOUS CASES, and it may be taken at night without the least fear of causing digestive disturbance.

It requires only the addition of hot water, and can thus be prepared in a moment at any hour of the day or night.

PEPTONISED MILK

The process of making peptonised milk is one requiring much skill and experience, and it is practically impossible to prepare it properly in the sick room. In Messrs. Savory & Moore's factory the various operations are carried out by a highly skilled and specially trained staff, with the result that their Peptonised Milk may be absolutely relied upon.

The Peptonised Milk is of the greatest value as a food in all cases of INFANTILE MALNUTRITION, also in cases of FEVER and WASTING DISEASE, whether in children or adults. It is retained even when no other kind of food can be taken, and by its nutrient qualities enables the patient to successfully combat disease. In many cases it has been the means of saving life, especially among infants.

Dilution with hot or cold water, as directed, renders it ready for immediate use.

SAMPLES of the above may be obtained on application to:—

ORAL SEPSIS.**"EUMENTHOL JUJUBE."**

(HUDSON).

A Gum pastille containing the active constituents of well-known Antiseptics, Eucalyptus Globules (a well rectified Oil free from aldehydes [especially valeric aldehyde], which make themselves unpleasantly noticeable in crude oils by their tendency to produce coughing), Thymus Vulg., Pinus Sylvestris, Mentha Arv., with Benzo-borate of Sodium, &c., they exhibit the antiseptic properties in a fragrant and efficient form. Non-coagulant antiseptic and prophylactic, reducing sensibility of mucous membrane.

THE LANCET says :—

"In the experiments tried the Jujube proved to be as effective bactericidally as is Creosote."

Mr. W. A. DIXON, F.I.C., F.C.S.,
Public Analyst of Sydney, after making exhaustive tests, says :—

"There is no doubt but that 'Eumenthol' Jujubes have a wonderful effect in the destruction of bacteria and preventing their growth. I have made a comparative test of 'Eumenthol' Jujubes and Creosote, and find that there is little difference in their bactericidal action."

THE PRACTITIONER says :—

"They are recommended for use in cases of oral sepsis, a condition to which much attention has been called in recent years as a source of gastric troubles and general constitutional disturbance, and are also useful in tonsillitis, pharyngitis, &c."

The AUSTRALASIAN MEDICAL GAZETTE :—

"Should prove of great service."

Copies of the Index to the Volume of the Journal and to the Epitome with title pages, for binding in separate form, at 4d. each, can be had on application.

Remittances must accompany all orders. Apply at the office, 129, Strand, W.C.

KEROL

KEROL combines all the properties which go to the making of an ideal preparation. It has been shown to be practically non-toxic, non-irritant and non-corrosive—a combination of properties which make it the one preparation which can be used with perfect confidence wherever the use of either a disinfectant or antiseptic is indicated. It is of high and definite germicidal value and is perfectly homogeneous.

KEROL is highly recommended by Bacteriologists and by prominent members of the Medical Profession.

KEROL CAPSULES.

INTESTINAL. These are of great value where intestinal antiseptics is indicated. In a comparatively short space of time the coli content of the intestine is reduced by over 99 per cent. They are non-irritant and perfectly safe.

STOMACHIC. For use in cases of stomach fermentation and other gastric troubles, and are of great value in reducing the number of malign organisms prior to administration of treatment with lactic ferments, i.e. sour milk, etc.

Samples and literature sent free to any Medical Practitioner.

Prescribed by the Medical Profession for 35 years.

The BRITISH MEDICAL JOURNAL says:

"Time and use have justified the claims put forward for these preparations."

Cases of persons subsisting upon *BENGER'S FOOD*, mainly or entirely, for several years.

There will be many medical men, who can, in their own experience, confirm the value of Benger's Food, as indicated in the following excerpts from genuine unsolicited and voluntary letters.

PLUMSTEAD, KENT.

"I have been living entirely on Benger's Food for seven years, it being the *only* food I can get to suit me." Mrs. C——.

ROTTINGDEAN, near BRIGHTON.

"Having been a sufferer from gastric trouble for the past 8 years, and not being able to take any solid food, I am living on Benger's Food, and am now weighing 13 stone 2 lbs. My age is 71 years." J. M——.

GILLINGHAM, KENT.

"I have lived on Benger's Food alone for over 12 years. I have tried other foods, but cannot take them without feeling sick." M. A. G——.

BISHOPSTON.

"I have thought you would be interested to know that during the past eight years I have been living practically on Benger's Food. I cannot speak too highly of the good it has done me. It was ordered for me by my medical man." M. L——.

NEWCASTLE, STAFFS.

"I live on Benger's Food alone, and have done so for a number of years. Five years ago the doctor never thought I should be able to leave my bed." E. D——.

Benger's Food is prepared with fresh new milk, with which it combines to form a delicate food cream, rich in all the elements necessary to sustain life.

for INFANTS, INVALIDS,
AND THE AGED,

is sold throughout the World by Chemists, &c., in sealed tins.

A physician's sample, with full particulars, will be sent post free on application to any member of the medical profession.

N.B.—BENGER'S FOOD is the direct outcome of the pioneer work on digestive ferments, by the late Sir William Roberts, M.D., F.R.S., and the late Mr. F. Baden Benger, F.I.C., F.C.S., in 1880, since when it has been the premier dietetic preparation of its kind in the British Empire.

The Natural SPANISH APERIENT WATER **RUBINAT-LLORACH**

[FROM THE LERIDA SPRING, SPAIN—LEASED BY A FRENCH COMPANY]

(Hydragogue, Purgative, and Cholagogue.)

The BRITISH MEDICAL JOURNAL of 9th July, 1910, says:—

"Examination showed it to contain no less than 10.3 parts of anhydrous salts in 100 parts by measure, the principal constituent being sodium sulphate; magnesium sulphate, sodium chloride, and calcium sulphate were present in much smaller quantity. The analysis represents the dissolved salts as follows (grams per litre being here converted into grains per fluid ounce:

Sodium sulphate	... 42.16 grains	Calcium sulphate	... 0.85 grains
Potassium sulphate	... 0.10 "	Sodium chloride	... 0.90 "
Magnesium sulphate	... 1.43 "	Silica, alumina, iron, etc.	... 0.02 "

In one fluid ounce.

(42.16 grains of anhydrous sodium sulphate represents 95.7 grains of the usual crystallised salt, or "Glauber's salt.")

In view of the large amount of purgative salts present, a comparatively small dose suffices, a wineglassful" (fasting).

Administration: 90, AVENUE NIEL, PARIS.

FREE SAMPLE ON APPLICATION.

OF ALL CHEMISTS, DRUG STORES, &c.

Glycolactophos

FORMULA.—Casein 95%, Glycerophosphate of Sodium 2½%, Glycerophosphate of Calcium 2½%.

**This preparation being BRITISH, inability
to obtain supplies need not be anticipated.**

GLYCOLACTOPHOS is a fine white powder, readily soluble, pleasant to take, and in it is united the proteid element of milk with phosphorus in an organic form.

GLYCOLACTOPHOS has a high dietetic and therapeutic value, and provides a most efficient form in which to administer organic phosphorus.

ITS USE IS INDICATED IN THE TREATMENT OF

Neurasthenia Tabes Dorsalis Neuralgia Phthisis Diabetes	Ansemias Alimentary Disorders Rickets Hæmophilia Urticaria
--	---

Graves Disease

All conditions where there is need of a readily assimilable calcium salt or where an excess of phosphates is excreted in the urine.

SAMPLES AND PARTICULARS SENT FREE TO THE MEDICAL PROFESSION ON REQUEST.

CLAY, PAGET & Co., Ltd., 71, Ebury Street, Eaton Sq., London, S.W.

Telephone—Victoria 5043 (2 Lines).

Telegrams—"LACTOSE, CHURTON, LONDON."

Typhoid Prophylaxis

In view of the large numbers now being inoculated, the Vaccine Laboratory of St. Mary's Hospital, London, W., now issues

Typhoid Vaccine (Prophylactic) containing 2000 million bacilli per c.c. in bottles of 25 c.c. at 27/9 per bottle.

This bottle contains sufficient vaccine for the double inoculation of sixteen adults with the doses recommended by Sir Almroth Wright, or of twice that number if the doses now employed for short-period protection are used.

The sets of two doses for one individual are still supplied, the price being now 5/6 per set.

Treatment of Tetanus

From the battlefields of Flanders there comes fresh evidence of the prophylactic value of Antitetanus Serum when administered early.

When the disease has developed the serum must be given persistently, and it has been shown that

CHLORETONE

is an invaluable auxiliary.

Dissolved, or merely diffused, in warm olive oil and given per rectum, Chloretone relaxes the muscles and prevents tetanic spasms, so that the patient escapes exhaustion, and is able to take food, and to sleep (see *Brit. Med. Journ.*, Oct. 17th, 1914, p. 669.)

Persistent Hæmorrhage

COAGULOSE (P., D. & Co.), a sterile, soluble, anhydrous preparation of normal blood serum, containing the fibrin ferment necessary to produce coagulation of the blood, is of great service in all cases of hæmorrhage due to defective coagulation of the blood. Its administration is also indicated, prophylactically, prior to surgical or dental operations on hæmophilic subjects. (See article by Clowes and Busch—the originators of Coagulose—in the *New York Medical Journal*, January 4th, 1913.)

MODE OF USE.—Dissolve the Coagulose in sterile, distilled water, and inject hypodermically; for application to accessible bleeding surfaces the powder may be dusted on sterile gauze.

FURTHER PARTICULARS WILL BE SUPPLIED ON REQUEST.

PARKE, DAVIS & Co., LONDON, W.

TRADE MARK
A.D. 1715.

Bynin Amara

FORMULA :

Quinine Phosphate	1½ grains.
Iron Phosphate	2 "
Nux Vomica Alkaloids (equal to Strychnine)	⅓ grain.
"Bynin," Liquid Malt	1 ounce.

"A distinct advance on Easton's Syrup"

THE LANCET.

"Bynin" Amara

is an analogue of Easton's Syrup, over which it has, however, marked advantages. In this product, "Bynin," a pure, nutritious and highly active Liquid Malt, supersedes the inert basis of the official preparation.

"Bynin" Amara

is vastly superior to Easton's Syrup; the dose can be regulated with exactness; the digestive organs are reinforced and the system is invigorated by its powerful tonic action. It not only assists the digestion of food, but conserves and ensures complete assimilation.

Explanatory Pamphlet and Sample Free to Medical Men.

Allen & Hanburys Ltd.,

Lombard St., London.

Niagara Falls, N.Y. Toronto. Buenos Aires. Durban. Sydney.

Special Advantages

- 1—The close conformity in composition of the Milk Foods to human milk; both fat and proteids being in similar relative proportions.
- 2—The readiness with which the Foods are assimilated; being as easy of digestion as maternal milk.
- 3—Their adaptability as an adjuvant to breast feeding during the period of weaning; no digestive troubles being likely to occur.
- 4—Their freedom from all harmful bacteria; being made from fresh milk, modified, evaporated at a low temperature, in vacuo, and preserved in hermetically sealed tins.
- 5—The ease and exactness with which the Foods can be prepared; the addition of hot water only being necessary.
- 6—Fresh elements of diet can be easily added to the Foods, and are specifically mentioned on each tin.

A reliable substitute is thus provided for the Mother's Milk, when this is wanting or deficient.

of all manufactures

completely superseded by an All-British Antiseptic
certified of higher disinfecting value.

TOXOL

manufactured by Boots Pure Drug Co., Ltd.,

Responding to the desire of the Medical Profession to discard preparations paying tribute to the enemies of this country, the laboratory staff of *BOOTS the Chemists* (consisting of some thirty highly-trained analysts) perfected TOXOL, which is identical in all but name with "Lysol," as formerly imported from Herren Schülke & Mayr of Hamburg, a solution of cresols in a saponaceous medium—and superior in strength of disinfecting power.

TOXOL is pronounced by medical men who are using it to have all the qualities of "Lysol," and is certified on high authority to excel all samples of "Lysol" in disinfecting co-efficient.

Copy of Report by

Dr. SAMUEL RIDEAL, Joint-Originator of the RIDEAL-WALKER Coefficient Test.

November 16th, 1914.

"I have purchased at one of your branches samples of Toxol, and my results on examination confirm your labelled strength that it is $2\frac{1}{2}$ times as powerful as Phenol, and it is higher than all samples of 'Lysol' I have examined.

(Signed) SAMUEL RIDEAL."

The following are extracts from the letters of Medical Men who have already used TOXOL to replace "Lysol."

"It seems to be in every way quite satisfactory and an excellent substitute for 'Lysol.'"

"Very glad to test, and prove that English science is as good as that of the Barbarians. It would be a good thing to circularise the profession with a list of *Allen Enemies'* products."

"I tried it on a septic finger and found it all you stated it to be"

"Toxol is very satisfactory. The Medical Profession ought to feel grateful to Sir Jessie Boot for replacing a German article in such a prompt and satisfactory manner."

"Am using sample and I am so pleased with it that I shall continue to use Toxol in future."

"An excellent preparation; I obtained 'Lysol' many times from Hamburg before any English chemist would stock it; so am interested in your venture."

"Dr. — is pleased to see an English manufacturer superseding a German product and he will give his support to such a company as will do this."

"Many thanks, have used solutions of TOXOL in various strengths, for numerous minor surgical cases with most satisfactory results."

"Will give TOXOL a trial, am much interested in finding that your firm has succeeded in making a preparation in England of a German make like 'Lysol.' It is much more efficient than the German."

"Superior to 'Lysol' as far as I have tried it."

Samples of TOXOL will be delivered free on application to Medical men who have not yet tested it.

TOXOL is sold in 6½d., 11d., 1s 7d. and 2s. 9d. Bottles at all Branches or
Sent Carriage paid to any Medical man at above prices. Address,
Boots, M.O., Nottingham.

SPECIAL BULK TERMS TO HOSPITALS AND INSTITUTIONS.

BRITISH PHARMACOPŒIA, 1914

BURROUGHS WELLCOME & CO.'S
products will be as hitherto

“B.P. or Better”

THE BRITISH PHARMACOPŒIA, 1914, will become official on December 31, 1914. As the new Pharmacopœia will conform more closely to the advanced standards (notably in the case of melting points) adopted in the past by Burroughs Wellcome & Co., the changes, other than those of nomenclature and strength, are few so far as B. W. & Co. products are concerned.

In the light of further researches, improvements will be introduced, so that all products prepared and issued by Burroughs Wellcome & Co. will, as heretofore, be B.P. or Better.

HOEFFTCKE'S EXTENSION APPLIANCES.

Ambulatory Treatment of Fracture of the Limbs;
Tuberculous and Arthritic Disease of Joints.

By C. A. HOEFFTCKE,

21, Woodstock Street, Oxford Street, London, W.

THIS case will interest surgeons who have charge of a patient with fractured leg where a good deal of bone has to be removed through being either crushed or shattered by shot or shell, and where there is a large amount of supuration. The illustration of the X-ray pictures 2-4 show plainly how gaps of bone will fill up if only a little periost is left and the ends of the fragments are held in a good line by means of extension. Where, with the recumbent position, there might not be a chance of the bones uniting without a great amount of shortening, the dependent position of the leg and exercise while walking in my Extension splint, and the consequent increased blood supply, furthers the forming of callus, which fills up the gap and enables the bones to unite in less time with reduced shortening.

The Ambulatory treatment in comparison with the recumbent one is far better in every way, as the patient is enabled to walk about and rejoin his friends at home while the bones are uniting, and in addition, especially in the present war time, his bed in nursing home or hospital may be occupied by another patient.

Mr. G. G. (et. 30). The doctor wrote on May 22nd, 1913: "I have a patient, Mr. G. G., in a private ward in — hospital, who, while riding a motor cycle through — nine weeks ago, ran into a motor omnibus coming in an opposite direction and got a badly comminuted fracture of the left femur at the middle third. He was anxious to avoid shortening, and Mr. —, consulting surgeon to the hospital, did an operation for plating the fracture (see Fig. 1). Three loose fragments were removed at the time. Very unfortunately, probably owing to presence of other wounds on the limb and to great bruising of skin and muscle, the wounds became septic, and later the surgeon had to remove the plates and another piece of bone which had necrosed. The infecting organism was found to be a streptococcus, and the patient has had injections of a vaccine prepared from his own pus. He is slowly improving and the wounds are granulating up. The patient is wearing now a drain tube at the back of the limb, and is having gauze plugged through the anterior wound. I suggested to the surgeon and to the bacteriologist who prepared the vaccine, that the patient should be fitted with one of your splints, so that he would be enabled to get out of bed, where he has now been lying for two months. Both the surgeon and the doctor agreed that the splint would be the very thing for him, and they told me they had had very good experience of its favourable effects. Can you come down and see the patient and measure him? I shall be pleased to meet you. The hospital is close to — station," &c.

I saw the patient in consultation on May 27th. He was in great pain and the wounds were suppurating freely. The patient had a high temperature. I suggested taking the plaster cast and putting the leg in plaster, which was done on June 3rd. A window was cut in the anterior and posterior side of the plaster to allow for dressing the two wounds. The leg was then three inches short. The following day the patient was almost free from pain, and the temperature had nearly gone down to the normal.

June 14th.—A sequestrum was removed.

June 24th.—The leg was taken out of plaster and Hoefftcke's Extension splint applied. Part of the periost was overlapping, and there was an opening of about an inch and a quarter between the ends of the shaft (see Fig. 2).

June 26th.—Leg extended on Hoefftcke's Extension table under an anæsthetic and splint adjusted accordingly. The next day the patient was allowed to get up and put weight on the leg, and the X-ray showed an opening of about two inches and a half between the fragments (see Fig. 3).

July 7th.—There was a consultation with the surgeon to discuss the advisability of letting the patient go to the seaside for a change of air, as he was able to walk about with the help of sticks. About the third week in July he went to Margate.

In September he went back to his own place and attended to his business. He was able to walk without sticks, and the leg resumed its normal shape.

October 21st.—Another sequestrum was removed.

In the beginning of January, 1914, the splint was taken off, as the bones had united well. There was shortening of an inch and a half. The gap of two inches and a half between the fragment had completely filled with callus (see Fig. 4). There was still a little wound suppurating at the back of the leg.

March 20th.—A small sequestrum was removed from the little wound at the back of the thigh.

The last week in May suppuration ceased.

Free movement was allowed in the knee-joint from the time that the splint was put on, with elastic traction in front of the knee, which assisted the straightening power of the extensor muscles; the result is that there is good movement in the knee up to 75 degrees which angle is still improving.

The patient made me a present of the pieces of bone which had been taken out of his leg, which he had fitted and seceded together. The piece consists of nine separate fragments, lateral and posterior view of which is shown in Figs. 5 and 6.

PRICES.

Three Sizes in Cotton, 3/9 each.
 Three Sizes in Silk, 5/- each.

Extract from “THE LANCET,”
 September 20th, 1907:—

“The simple apparatus which is represented in the accompanying illustration is designed to aid in overcoming the mouth breathing habit so common in children and others who have suffered from adenoids or other nasal obstruction. The apparatus consists essentially of an elastic webbing band about two inches wide, into which the chin fits comfortably, and which tapers upwards to form a narrower elastic strap which terminates in a buckle on the top of the head. Another similar strap is inserted into this vertical one slightly above the middle and passes to the back of the head just below the occiput, where it is fastened by means of another buckle. Two pieces of fine net, or the narrow diagonal elastic bands shown in the illustration, serve to strengthen the apparatus and assist in keeping it in place on the head.”

Telegram: "SANABILIS, BOURNEMOUTH."

Telephone: 61, SOUTHBOURNE.

DUFF HOUSE, Banff, Scotland.

a former home of H.R.H. the Prince of Wales and His Grace the late Duke of Fife, is now open to receive Patients suffering from

DISORDERS OF THE STOMACH AND INTESTINES, DIABETES, GOUT,

and other complaints which need skilled chemical investigation and dietetic treatment.

The House is fitted with Laboratories, X-ray Installation, Medical Baths and Lifts. The climate is mild, and the rainfall the lowest in Scotland.

The Staff includes Physicians who have had special experience of Chemical Pathology, Dietetics, and X-ray work, an Analytical Chemist, a Matron, and fully Trained Nurses.

NORDRACH-ON-DEE

(Near BALMORAL), SCOTLAND.

Open-Air Treatment of CONSUMPTION and allied diseases.

TUBERCULIN and VACCINE TREATMENT associated with Laboratory Control is available for all patients residing in this Sanatorium.

Research Laboratory, Fully Equipped Throat Room, Roentgen Ray and Ultra Violet Light Installations.

Address, Dr. LAWSON or Dr. LUCAS, Banchory, N.B.

VALE OF CLWYD SANATORIUM.

This Sanatorium (opened 1901) is established for the treatment of Tuberculosis as carried out by Dr. OTTO WALTHER, of Nordrach. It is situated in the midst of a large area of park-land, at a height of 450 feet above the sea level, on the western slopes of mountains rising to over 1,800 feet, which protect it from north and east winds, and provide many miles of carefully graduated uphill walks, similar in character and extent to those at Nordrach.

Small rainfall. Porous subsoil. Large amount of sunshine. Electric lighting, and hot water radiators in each room. The Physician himself was a patient at Nordrach.

For particulars apply to GEORGE A. CRACE-CALVERT, M.B., &c., Llanbedr Hall, Ruthin, North Wales.

MENDIP HILLS SANATORIUM, FOR THE OPEN-AIR TREATMENT.

Specially built, facing South. 300 acres of Sanatorium grounds—meadow and woodland; sheltered pine avenues. Altitude 853 feet, magnificent view for miles South; hot-water radiators and electric light. Special features are breathing, singing, and graduated exercises, walking and tramping; continuous inhalation; decided success; electric treatment. Individual attention. Resident Physician—C. MUTHU, M.D., M.R.C.S., L.R.C.P.

Terms 3 Guineas Weekly.

For particulars, apply, SECRETARY, Hillgrove, Wells, Somerset.

For Men only.

SALARIED CLERKS AND OTHERS IN THE EARLIEST STAGE OF CONSUMPTION.

Fees. £2.2. to £3.3.

FIRST-CLASS ACCOMMODATION. SEPARATE ROOMS. Two RESIDENT DOCTORS. HEALTHY COUNTRYSIDE.

APPLY TO THE SECRETARY, 34, CLEMENTS LANE, LONDON, E.C.

GHYLLWOODS SANATORIUM Est. 1905.

ABBOTSWOOD HOUSE, CINDERFORD, GLOS.

The Temple Memorial Home, of the Church of England Temperance Society, for the Treatment of Inebriety (Males only).

Terms from £2 2s. weekly. A few vacancies at 10s. weekly. For admission forms and full particulars apply to Chaplain-Sup., Rev. S. SCOBELL LESSEY, M.D., Abbotswood House, Cinderford, Glos., or Secretary, C.E.T.S., 50, Marsham Street, Westminster, London, S.W. Tel.: 33X CINDERFORD.

Alcohol and Drug Inebriety and Neurasthenia.

INVERNITH SANATORIUM, COLINSBURGH, FIFE, SCOTLAND FOR GENTLEMEN ONLY.

(Under the direction of an Advisory Council of eminent Medical men.)

Neurasthenia is treated on approved principles, and there are Open-air Shelters in the grounds for suitable cases.

Inebriety and Narcomania are treated on definite medical lines, and the most approved scientific means are employed in the curative treatment. The Resident Medical Superintendent has each patient under his personal care and observation. The curative treatment is much aided by the healthy situation of the Sanatorium.

The Sanatorium, which stands in 200 acres of private grounds, is 500 feet above the sea, faces south, and looks out over the Firth of Forth. The climate is dry and bracing. All outdoor and indoor sports. First-class private golf course. Excellent mixed shooting over 1,200 acres, fishing, tennis, gardening, carpentry, &c. Billiard room (two tables), music room, large private library.

For all particulars of Invernith Sanatorium, Ltd., apply to the Resident Medical Superintendent, W. H. BRYCE, M.B., C.M.

Telegrams: Salubrious; Upper Largo." Telephone No. 8 Upper Largo. STATION—KILCONQUHAR (N.B. RAILWAY).

NEWMAINS RETREAT, NEWMAINS, LANARKSHIRE.

Licensed under the Inebriates Acts.

The House is devoted to the Care of LADIES of the upper classes only, who can be treated either under the Acts or as Voluntary Patients. The place stands high and the estate is extensive, with bracing air and in good shelter. It is very retired and beautiful, well situated for the treatment of Inebriety, Narcomania and other perversions, Neurasthenia, Hysteria and Minor Mental Ailments.

No patient under Certificate of Insanity can be received.

References:—Sir THOMAS CLOUSTON, Dr. YELLOWLEES, Dr. RISDEN RUSSELL, and others.

Terms and particulars on application to "Superintendent, The Retreat, Newmains, Lanarkshire." Nearest Station: Hartwood Cal. Rly.

NORWOOD (REMOVED TO BECKENHAM) SANATORIUM.

UNDER A COMMITTEE OF WELL-KNOWN MEDICAL MEN whose names will be supplied to any member of the profession on application to the Resident Medical Superintendent.

The object is to apply to the treatment of Alcoholism and other Drug Habits all available knowledge, and by accurate observation and record of cases to extend that knowledge, and place the therapeutics of Inebriety upon a definite scientific basis. The treatment is of such a nature that the restrictions common to Retreats need not be enforced. In many cases a residence of six weeks is sufficient.

The Sanatorium consists of a large family mansion, recently redecorated, and brought up to date in all respects. It is situated in a large and beautifully wooded private park, in near proximity to London.

All information to be obtained from the Resident Medical Superintendent, Norwood Sanatorium, Ltd., The Mansion, Beckenham Park. Consultations at 13, Welbeck Street, W., every afternoon by appointment.

Telegrams: "NORWOOD, BECKENHAM."

Resident Medical Superintendent: FRANCIS HARE, M.D.

Telephone: 618, BROMLEY.

The Examiners above named are re-eligible, and intend to offer themselves for re-election. Full particulars of the remuneration of each Examinership can be obtained on application to the Principal.

N.B.—Attention is drawn to the provision of Statute 124, whereby the Senate is required, if practicable, to appoint at least one Examiner who is not a Teacher of the University.

Candidates must send in their names to the Principal, with any attestation of their qualifications they may think desirable, on or before WEDNESDAY, DECEMBER 30th. (It is particularly desired by the Senate that no application of any kind be made to its individual Members.)

If testimonials are submitted, three copies at least of each should be sent. Original testimonials should not be forwarded in any case. If more than one Examinership is applied for, a separate complete application, with copies of testimonials, if any, must be forwarded in respect of each.

University of London,
South Kensington, S.W.
November, 1914.

By order of the Senate,
HENRY A. MIERS, Principal.

Applications for places to be made as early as possible to the Dean of the School of Medicine of the Royal Colleges, Bristo Place, Edinburgh.

Lectureship on Chemical
PHYSIOLOGY IN EDINBURGH
UNIVERSITY.

Applications for the above post may be sent to Professor Sir Edward Schäfer, University New Buildings, Edinburgh, from whom all particulars may be obtained.

The Lecturer is also an Assistant to the Professor of Physiology.

The emoluments amount to £300 per annum.

Wolverhampton Union.

ASSISTANT (RESIDENT) MEDICAL OFFICER.

The Guardians of the Poor of the Wolverhampton Union invite applications for appointment as Assistant Medical Officer of the Workhouse, and Medical Officer of the Cottage Homes, at a combined salary of £250 per annum, together with furnished apartments, ratons, &c.

The gentleman selected will also be appointed Public Vaccinator for the Cottage Homes, with fees prescribed under the Vaccination Act.

Candidates must be single, or widowers without children, and must be duly qualified and registered. The appointments will be subject to the approval of the Local Government Board, and to the provisions of the Poor Law Officers' Superannuation Act, 1886.

Applications, upon forms to be obtained from my office, must be delivered to me not later than first post on Monday, 11th January, 1915.

Canvassing the Guardians, directly or indirectly, will be deemed a disqualification.

FRANK HARRISON,
Clerk to the Guardians.

Poor Law Offices,
Wolverhampton.

Edmonton Education COMMITTEE.

The Education Committee of the Urban District Council of Edmonton, Middlesex, invite applications from duly qualified medical practitioners (male and female) for the post of temporary ASSISTANT SCHOOL MEDICAL OFFICER under the Education (Administrative Provisions) Act, 1907, and of Certifying Officer under the Mental Deficiency Act, 1913, pending the return of the permanent officer from Naval Service.

The person appointed will be required to carry out under the direction of the Committee all the necessary work of inspection, &c., and to devote the whole of his (or her) time to the office.

Salary at the rate of £300 per annum.

Applications stating age, qualifications and experience, with copies of not more than three recent testimonials, must reach me not later than 14th January, 1915.

Canvassing for the position will disqualify absolutely.

ARTHUR HEAP,
Secretary.

Education Offices,
Brettenham Road, Upper Edmonton.

The Macdonald & Middleton MEMORIAL BABY CLINIC.

12, Telford Road, North Kensington.

Wanted, WOMAN MEDICAL OFFICER for Mother's Clinic, to attend on Tuesday afternoons. Salary £1 1s. per attendance. Applications, stating qualifications, etc., should be sent by January 31st to the Hon. Sec., Mrs. H. H. SLESSEY, at the Clinic.

ASSISTANT MEDICAL OFFICER OF THE
INSTITUTION & INFIRMARY, Whiston.

The Guardians invite applications from duly qual-
ified men for the appointment of Assistant Medical
Officer of the Institution and Infirmary at Whiston,
near Prescot, Liverpool (600 Infirmary beds).

Salary £240 (non-resident) rising to £250 per
annum after 12 months' satisfactory service. The
appointment will be determinable by one month's
notice on either side, and subject to the approval of
the Local Government Board, and the provisions of
the Poor Law Officers' Superannuation Acts.

Applications stating age and full particulars as to
experience and qualifications, accompanied by copies
of not more than three recent testimonials to be
sent to me by Friday, 8th January, 1915.

A. F. MANN, Clerk to the Guardians.
Union Offices, Whiston, Prescot.
18th December, 1914.

Parish of Liverpool.

Wanted RESIDENT ASSISTANT MEDICAL
OFFICERS, ladies and gentlemen, for the BLOWN-
HILL INSTITUTION (1,000 Beds), Liverpool.
Salary (subject to superannuation deductions) £250
per annum, together with separate apartments, and
usual resident allowances. The officer appointed
will be required to devote his or her whole time to
the duties and to recognise the authority of the
Visiting Medical Officers and the Select Vestry.

The appointment (determinable on any date by
one calendar month's notice on either side) will in
the first instance be for one year, or for such shorter
term as may be agreed, and be open for renewal at the
expiration of that time for such further period and
subject to such conditions as are then decided upon.

Applications in candidate's own handwriting,
stating age and qualifications, and enclosing copy of
testimonials, to be made forthwith.

GAUIS W. COSTER,

Clerk to the Select Vestry.

Parish Offices, Liverpool, 18th Dec., 1914.

Birmingham General Hospital.

HOUSE SURGEON TO SPECIAL DEPARTMENT.

OPEN APPOINTMENT.

There is a vacancy for a House Surgeon to Special
Department (Eye, Ear and Throat, and Skin).

Candidates must possess a Surgical qualification
and be registered.

Salary £50 per annum, with residence, board, and
washing. The appointment is for six months, but
candidates are eligible for re-election for a further
period of six months.

Applications, with certificate of registration and
copies of testimonials, to be sent to the undersigned.
S. OAKLEY, Acting House Governor.

County Borough of Sunderland.

TEMPORARY TUBERCULOSIS MEDICAL
OFFICER.

Applications are invited for the appointment of a
Temporary Tuberculosis Medical Officer, (Male or
Female) at a salary at the rate of £500 per annum.

The gentleman appointed must be a registered
Medical Practitioner, and must devote the whole of
his time to the duties of the office.

The appointment will be for one year, or for the
time of the war as the case may be.

Preference will be given to those who have had
special practical experience in the treatment of
Tuberculosis at a Sanatorium or otherwise. Experi-
ence in the use of Tuberculin, and of other special
treatment, is important.

The officer appointed will have charge of the
Tuberculosis Dispensary and the general arrange-
ments for the provision of Tuberculosis treatment
thereat.

He must be prepared to act as expert adviser of
the Borough Insurance Committee in regard to the
diagnosis and treatment of cases of tuberculosis.

Canvassing, directly or indirectly, until after the
first selection of candidates by the Committee will
disqualify.

Applications, stating age, qualifications, and
previous experience, accompanied by copies of not
more than three recent testimonials (which will not
be returned), to be forwarded to the undersigned not
later than Tuesday, the 5th January, 1915, endorsed
"Tuberculosis Officer."

H. CRAVEN,

Town Hall, Sunderland. Town Clerk.
18th December, 1914.

The General Infirmary at LEEDS (520 Beds).

Wanted, an OPHTHALMIC HOUSE SURGEON.
Salary £50 per annum, with board, residence, and
laundry. Six months' appointment.

Candidates must be legally qualified and registered.
Applications, with testimonials, should be
addressed to the Infirmary on or before January 7th,
1915. FRED J. BRAY, General Manager.

St. Mary's Hospital for WOMEN AND CHILDREN, Plaistow, E.

A RESIDENT MEDICAL OFFICER required
immediately.

Salary at the rate of £90 per annum, with board,
residence, and laundry, and an honorarium of £10 on
completion of six months' service. The Hospital is
a general Hospital for Women and Children, has 42
beds, and Special Departments for Diseases of Eye,
Ear, Nose, and Throat, Diseases of Women, and
X-Rays. Applications, with copies of three recent
testimonials, to be sent to

A. ERNEST WILKES, Secretary.

N.B.—Ladies are invited to apply.
8th December, 1914.

Tunbridge Wells General HOSPITAL.

Wanted a HOUSE SURGEON, unmarried, male.
Candidates must be duly qualified in Medicine
and Surgery. Anaesthetic experience essential.
May be required to give Lectures to the Nursing
Staff.

Salary £100 per annum, with board, residence, &c.,
in the Hospital. Four weeks' holiday allowed per
annum and a Locum provided.

This Hospital is approved by the University of
London for the purposes of the M.D. and M.S.
Examinations.

This Hospital is a Section of the Central Military
Hospital at Chatham, and is being largely used for
the wounded. Extra beds have been provided. At
the present juncture, to avoid undue pressure, the
cases, both Medical and Surgical, are equally divided
between the two Residents, the Casualty work also
being shared.

Applications, with certificate of registration and
copies of testimonials, to be sent to the under-
signed as soon as possible.

J. J. WEBB, Secretary.

County Borough of WARRINGTON.

APPOINTMENT OF ASSISTANT MEDICAL
OFFICER OF HEALTH.

Applications are invited from duly qualified
medical practitioners (men or women) for the above
named position. The person appointed shall devote
the whole of his (her) time to the duties of the office,
and carry out, under the supervision of the Medical
Officer of Health, the inspection of School Children,
Bacteriological work, and such other Public Health
work as may be directed. Commencing salary £300
per annum.

Applications, accompanied by copies of not less
than three recent testimonials, to be forwarded to
the undersigned not later than Monday, 11th
January, 1915.

Health Department, G. W. N. JOSEPH,
Warrington. Medical Officer of Health.

St. George's Hospital, Hyde Park Corner, S.W.

Applications are invited for the post of SURGICAL
REGISTRAR. Candidates must be registered
Medical Practitioners, and preference will be given
to those possessing the F.R.C.S. Eng. Diploma.
Salary £200 per annum. Particulars of the duties
can be obtained on application to the Dean of the
Medical School. Applications, accompanied by copies
of three testimonials, should be sent to the under-
signed by Saturday, January 2nd, 1915.

The appointment is subject to the provisions of the Asylum Officers' Superannuation Act. Application, stating qualifications, etc., with copies of 3 recent testimonials to Medical Superintendent.

Royal Waterloo Hospital for CHILDREN AND WOMEN, S.E.

There is an immediate vacancy at this Hospital for 1 RESIDENT MEDICAL OFFICER for the duration of the War only. Salary at the rate of £150 per annum, with board and washing. Applications should be sent, with copies of 3 recent testimonials, to the Secretary at the Hospital.

Royal Infirmary, Preston.

Wanted at once an ASSISTANT RESIDENT MEDICAL AND SURGICAL OFFICER. Beds 138, with Out-patient Department, X-Ray and Electrical Department and Pathological Laboratory.

Salary £120 per annum, with board, residence and laundry. No home visiting.

Applications, stating age, qualifications and experience, together with copies of testimonials, to be sent to the undersigned, from whom further particulars of the appointment may also be obtained.

WALTER DAVIES, Secretary.

5, Winckley Street, Preston.

Swansea General and Eye HOSPITAL (161 Beds.)

HOUSE SURGEON wanted. Salary £125 per annum, with board, washing, and attendance. Candidates, who must be fully qualified, are requested to send their applications, stating age, experience, and qualifications, with three testimonials (typewritten copies preferred), to the undersigned.

W. D. HUGHES, Secretary.

The Guest Hospital, Dudley (105 beds.)

Wanted an ASSISTANT HOUSE SURGEON, qualified. Salary £100 per annum, with residence, board, and washing.

Appointment for six months. Applications, stating age and nationality, and accompanied by not more than six testimonials, to be sent to the Secretary at the Hospital, at once.

North Lonsdale Hospital, Barrow-in-Furness.

Wanted at once MALE HOUSE SURGEON. Salary £150 per annum with residence, board and laundry. Applications, accompanied by not more than three recent testimonials, to be sent to the Secretary.

Warrington Infirmary and DISPENSARY.

The Board of Management of this Voluntary Hospital (which is one of the best equipped in Lancashire and serves a population of 100,000, and at which, consequently, plenty of experience is to be obtained) invite applications for the post of SENIOR HOUSE SURGEON.

Salary commencing at the rate of £200 per annum, with board, apartments and laundry.

Candidates must be registered in medicine and surgery and have had previous hospital experience.

Applications, stating age, with copies of three recent testimonials, should be sent to reach the undersigned as early as possible, as the vacancy has arisen owing to the late Resident Surgeon having volunteered and been called up for active service.

J. H. J. HAMPSON, Secretary.

Royal Halifax Infirmary.

Wanted a SECOND HOUSE SURGEON (unmarried) who must be fully qualified and registered. Salary £120 per annum, with residence, board and washing provided.

Also wanted a THIRD HOUSE SURGEON (unmarried), who must be fully qualified and registered. Salary £100 per annum, with residence, board and washing provided.

The Infirmary contains 150 Beds. There is a large Eye, Ear and Throat Department.

Particulars of the duties, &c., may be obtained from the undersigned, to whom applications, with copies of testimonials, should be sent.

OATES WEBSTER,

Royal Halifax Infirmary, Secretary.
Halifax, October 21st, 1914.

Beckett Hospital and DISPENSARY, Barnsley.

SECOND HOUSE SURGEON required at once, who would be eligible for the appointment as Senior House Surgeon when the post falls vacant. Must have a medical and surgical qualification in the United Kingdom. Must be unmarried and under 30. New Eye and X-Ray Department. 110 beds, 50 now occupied by wounded. Salary £100, with apartments, board and laundry provided.

Applications and testimonials should be sent to the undersigned at once.

R. F. PAWSEY, Honorary Secretary.
8, Regent Street, Barnsley,
23rd November, 1914.

Cancer Hospital (Free), Fulham Road, London, S.W.

The Committee are prepared to receive applications for the post of SURGICAL REGISTRAR. Candidates must be fully qualified. Honorarium £100 per annum. Copies of the Rules can be obtained from the Secretary.

Applications, accompanied by copies only of three testimonials, must reach the Secretary not later than noon Tuesday, 5th January, 1915.

FRED. W. HOWELL, Secretary.

Royal Gwent Hospital, Newport, Mon.

HONORARY MEDICAL OFFICER TO THE EAR, NOSE AND THROAT DEPARTMENT.

The Board of Directors invite applications for the post of Honorary Medical Officer to the Ear, Nose and Throat Department now about to be formed.

Applications, stating qualifications and experience should be sent to the undersigned on or before Monday, January 9th, 1915.

Canvassing is prohibited.

J. K. MILLWARD,
Hospital Offices, Secretary-Superintendent.
Newport, Mon., December 13th, 1914.

Royal Gwent Hospital.

(126 Beds.) Wanted, RESIDENT MEDICAL OFFICER. Registered Medical and Surgical qualifications. Salary at the rate of—first six months £100 per annum; second six months £125 per annum, third six months £150 per annum, with board, residence and laundry (no stimulants provided). There are three positions to be occupied during the 18 months. The offices are as follows:—Casualty Officer, House Physician and House Surgeon. Applications, stating age and qualifications, together with copies of three recent testimonials to be sent to the undersigned.

J. K. MILLWARD,

Secretary-Superintendent.
Royal Gwent Hospital, Newport, Mon.

Bedford County Hospital.

Wanted an ASSISTANT HOUSE SURGEON, unmarried (male) to act as House Surgeon. Candidates must be fully qualified in medicine and surgery. Salary £100 per annum, with board, lodging and laundry.

This hospital is approved by the University of London for the purposes of the M.D. and M.S. Examinations.

Applications with particulars and 3 recent testimonials must be sent to

BEAUCHAMP WADMORE, Secretary.
December 14th, 1914.

Manchester Education COMMITTEE.

Wanted an ASSISTANT SCHOOL MEDICAL OFFICER, woman (unmarried). Salary £300 per annum, rising by annual increments of £25 to £450 per annum, together with £10 per annum for travelling expenses. Particulars of duties may be obtained by sending stamped addressed envelope to the undersigned. All applications must be received not later than January 9th, 1915.

SPURLEY HEY,

Education Offices, Director of Education.
Deansgate, Manchester. 12th Dec., 1914.

Noble's Hospital, Douglas,

Isle of Man (55 Beds; opened 1912; complete X-Ray Department, equipped under the supervision of Dr. HALL EDWARDS of Birmingham).

The Committee invite applications for the post of RESIDENT HOUSE SURGEON. Candidates must be single, have double qualifications, and be registered under the Medical Act. The duties, in addition to ward and dispensary work, will comprise some visiting of patients at their own homes.

Salary £150 per year, with board and laundry.

Testimonials as to professional ability, &c., to be sent to me on or before 31st December, 1914. The candidate appointed will be required to commence his duties as soon as possible.

D. H. ROTHWELL, Secretary.

16, Athol Street, Douglas, Isle of Man.

Corporation of Birmingham.

YARDLEY ROAD SANATORIUM (169 Beds)
and THE ANTI-TUBERCULOSIS CENTRE,
Birmingham.

Wanted fully qualified and registered THIRD ASSISTANT MEDICAL OFFICER for the above Institutions.

Salary £200 per annum, with board and residence.

Applications, stating age, general and Tuberculosis experience, with copies of three testimonials (terms of appointment, 3 months' notice on either side), to the Medical Superintendent, City Sanatorium, Yardley Road, Birmingham.

West Riding of the County OF YORK.

SCALEBOR PARK ASYLUM,
Burley-in-Wharfedale.

Wanted, ASSISTANT MEDICAL OFFICER. Salary £250 per annum, with furnished rooms, board, attendance, and washing.

The appointment will be made subject to the provisions of the Asylums Officers' Superannuation Act, 1909. Or LOCUM TENENS for the winter months. Salary £5 5s. per week. Applications, with copies of three recent testimonials, to be sent to the Medical Superintendent.

Leicester Royal Infirmary.

ASSISTANT RESIDENT MEDICAL OFFICERS.

The Committee desire it to be known that they are prepared to consider applications from Lady Doctors for two of the Assistant Resident Posts in the Institution, and lady candidates are invited to send in their applications to the undersigned forthwith, from whom further information may be obtained. Appointments for six months with board and apartments.

HARRY JOHNSON,
15th Dec., 1914. House Governor and Secretary.

AUGUST REICHWALD, LTD.

(Established 1872. Entirely British owned and controlled.)

Finsbury Pavement House, LONDON, E.C.

ALLIANCE DRUG AND CHEMICAL CO.

34, Leadenhall St., London, E.C.

Established 1812—Reorganised 1902.

The Company specializes in providing the Medical profession at the **lowest possible** inclusive prices (no charge for Bottles, &c., or Cases, &c.) with pure and reliable Drugs, Chemicals, Pharmaceutical Preparations, Compressed Tablets, Pills, Surgical Dressings, and Stock Mixtures of approved Formulae as used by the London and other Hospitals. We append a few sample prices for guidance of the great saving that can be effected, and in many instances our Clients have written us stating we have saved them

40 per cent.

of their usual Yearly Account for Drugs. This saving is not reflected in the quality of our Goods, but is primarily due to not employing **TRAVELLERS**, thus saving the purchaser the cost of the Travellers' Salaries and expenses which greatly enhance the prices the usual Drug Houses have to charge.

NOTE.—Only Terms Net Cash with order without discount, or orders received through London Merchants or Bankers. Goods carriage forward. All packages free. Export cases extra.

We regret that by reason of the abnormal variations in many prices we have been compelled to withdraw all price lists. We give herewith a few of our present prices, which are subject to revision without notice, and shall be pleased to quote on application for anything not enumerated in this list. Many of our friends entrust us with their orders to do our best for them, and we can generally price more cheaply than if we had to quote, and we hold numerous letters of thanks for the treatment we have accorded to our regular customers.
