

# "LITTLE TYRE INSURANCE POLICIES."

**DUNLOP:** Neat and effective instruments these Dunlop pressure gauges, aren't they? In fact, they are little tyre insurance policies, at 5/3 each, against under-inflation. Slip one on the valve and you see the pressure in your tyre immediately. They are accurate and they last. And talking of pressure, good workmanlike pumps to put that same pressure into your tubes are the

Every Field Ambulance and Base Hospital should be equipped with a good supply of

## HORLICK'S RATION OF MALTED MILK TABLETS

A round airtight tin weighing 7 ozs. and containing 80 highly compressed tablets:—this is Horlick's 24-Hour Ration. From 10 to 20 tablets dissolved in the mouth as required supply the nourishment given by an ordinary meal, and they quickly restore energy and vitality. The contents of one tin are sufficient to maintain strength and vigour for 24 hours without any other food, and, in addition, the tablets relieve thirst.

The comfort given by these food tablets to soldiers when wounded has been evidenced very largely during the war. They contain all the well-known food qualities of Horlick's Malted Milk. The neat tins in which they are packed may be carried without inconvenience by members of the R.A.M.C. and by Red Cross workers, and larger bottles should be always available in each ambulance and at all dressing stations.

Specify "HORLICK'S MALTED MILK TABLETS," as supplied to the War Office, Admiralty, and many Red Cross organizations.

We will send one of these tins post free and complimentary to any member of the Medical or Nursing professions serving with any of the Expeditionary Forces.
