

A Great Chemical Industry.

THE SOCIETY OF CHEMICAL INDUSTRY IN BASLE, SWITZERLAND.

ESTABLISHED 1864.

PHARMACEUTICAL PRODUCTS.

SALEN

A new Salicylic Acid preparation for outward application, free from odour, non-irritant to the skin and easily absorbable.

SALENAL

UNGUENTUM SALENÆ

Absolutely non-irritating, odourless, stable and easily absorbed by the skin. The most convenient form for the employment of Salen.

Illustrated Price List and Literature on application.

VIOFORM

SUBSTITUTE FOR IODOFORM.

Antiseptic for wounds of every description. Odourless and non-irritant. Inhibits bacterial growth both directly and indirectly. Diminishes discharge. Deodorizes burns and septic wounds. Insoluble, and consequently non-toxic.

PERISTALTIN

INTESTINAL EVACUANT.

A glucoside from the bark of Rhamnus Purshianus. Its subcutaneous administration obviates the meteorism frequently observed after abdominal operations, by relieving the flatus without endangering the stitches; the faeces, whose solidity is unaffected, being passed along the bowel. As compared with Physostigmine, abdominal colic is very rare. Taken by the mouth, in tablets each containing $\frac{3}{4}$ grain of Peristaltin, its regular administration for several weeks acts as a cure for chronic constipation, especially of the atonic type.

ALL THE PREPARATIONS DESCRIBED ABOVE ARE PREPARED IN THE PHARMACEUTICAL DEPARTMENT OF THE SOCIETY OF CHEMICAL INDUSTRY IN BASLE, SWITZERLAND. THE MEMBERS OF THIS SOCIETY ARE ALL OF SWISS OR FRENCH NATIONALITY. NO ALIEN ENEMY OF GREAT BRITAIN HAS ANY INTEREST IN THE SOCIETY.

BRANCHES:—CLAYTON, Nr. MANCHESTER, ENGLAND.
MONTHEY, SWITZERLAND.

PETIT-HUNINGUE, SWITZERLAND.
ST. FONS, FRANCE.

Sole Agents for the Pharmaceutical Products produced exclusively by the Society of Chemical Industry in Basle:—

Every Field Ambulance and Base Hospital should be equipped with a good supply of **HORLICK'S RATION** OF **MALTED MILK TABLETS**

A round airtight tin weighing 7 ozs. and containing 80 highly compressed tablets:—this is Horlick's 24-Hour Ration. From 10 to 20 tablets dissolved in the mouth as required supply the nourishment given by an ordinary meal, and they quickly restore energy and vitality. The contents of one tin are sufficient to maintain strength and vigour for 24 hours without any other food, and, in addition, the tablets relieve thirst.

The comfort given by these food tablets to soldiers when wounded has been evidenced very largely during the war. They contain all the well-known food qualities of Horlick's Malted Milk. The neat tins in which they are packed may be carried without inconvenience by members of the R.A.M.C. and by Red Cross workers, and larger bottles should be always available in each ambulance and at all dressing stations.

Specify "HORLICK'S MALTED MILK TABLETS," as supplied to the War Office, Admiralty, and many Red Cross organizations.

We will send one of these tins post free and complimentary to any member of the Medical or Nursing professions serving with any of the Expeditionary Forces.

HORLICK'S MALTED MILK CO., Slough, Bucks., England

Valentine's Meat-Juice

In Phthisis, Pneumonia, Influenza and other Wasting, Acute or Febrile Diseases, When Other Food Fails and it is Essential to Aid the Digestion and Sustain the Exhausted Patient, Valentine's Meat-Juice demonstrates its Ease of Assimilation and Power to Restore and Strengthen.

"For a Tired Stomach."

Physicians are invited to send for Clinical Reports.

For sale by European and American Chemists and Druggists.

VALENTINE'S MEAT-JUICE COMPANY,

Professional Classes War Relief Council

President - *LORD MAYOR OF LONDON.*

The COUNCIL sends SEASONABLE GREETINGS to all those who have so generously helped to make Christmas happier for so many families of Professional Men and Women who are in distress through the War.

Much has been done, but there is much more to do, and much more *that will* be done, provided that funds are forthcoming. To those who have not yet thought of helping *their own kind* we appeal to *give*—and to *give generously*.

Money may be allocated for special objects such as Education, Maternity Aid, Temporary Employment, Training, etc., and all cheques most gratefully received by the Treasurer, 13 and 14, Prince's Gate, S.W.

To Medical Men

Who Pays Your Income When You Are Ill?

The value of personality is greater in the medical profession than any other, and it naturally follows that the enforced withdrawal of the doctor's personality through sickness or accident MUST inevitably result in a very considerable loss of income, unless he has been wise enough to cover himself against such an every-day possibility. No one imagines they are ever going to be ill or meet with an accident, but the law of averages prevails as infallibly in this as in everything else. The risk of illness through overwork, the dangers of the streets, the loss of life or limb from Zeppelin air-raids are ever present and becoming increasingly frequent.

The ideal insurance for professional men is one which covers (1) sickness of all kinds; (2) accidents of all kinds; (3) death, or to survival to age 65. The Combined Policy of the Medical Sickness and Accident Society has been specially drawn up to provide for all of these contingencies—the rate charged is the lowest obtainable; the Society deals **only** with medical and dental practitioners; is mutual, and was established in 1884.

EXAMPLE:

At age 30 an annual premium of £13 8s. 6d. will insure the following benefits—During incapacity from illness or accident, £3 3s. per week for first 26 weeks, and £1 11s. 6d. per week during remainder of illness to age 65. At age 65 or previous death, £300.

Sickness and accidents claims are paid every week by cheque, and death claims on production of satisfactory evidence. Survival claims are paid on the 65th birthday.

Practitioners are invited to write the Secretary for full prospectus,

MEDICAL SICKNESS AND ACCIDENT SOCIETY,
300, High Holborn, LONDON, W.C.

EMETINE.

Hydrochlorid (WHIFFEN'S) Hydrobromid,

FOR HYPODERMIC INJECTION.

"Emetine is specific in Amoebic Dysentery."—E. R. WHITMORE, *New York Medical Journal*.

Specific Curative Action in Amoebic Dysentery and Hepatitis. Further Success of Treatment of Tubercular Hæmoptysis, Treatment of Intestinal Hæmorrhage in Typhoid. Remedy for Hæmorrhage in Diabetes.

SUCCESSFUL TREATMENT OF CHOLERA, 73 PER CENT. OF CURES.

FOR LATEST REPORTS SEE PAMPHLET, FORWARDED ON APPLICATION.

May be obtained by ordering Whiffen's Brand, from all Chemists and Wholesale Drug Houses in the United Kingdom and Abroad, or direct from—

WHIFFEN & SONS, Ltd., Battersea, London, S.W.
Telephone: 254 and 255 Battersea.

The Best Results are obtained by administering

'ABSOL' (REGD.)

A highly rectified Russian Liquid Paraffin. Odourless, tasteless, and of very high gravity. 'ABSOL' is more efficient than larger doses of the lighter Oils.

THE PRICE IS RIGHT.

On request a Sample will be sent free to the Medical Profession.

WALTON & CURTIS, Ltd.,
8, OLD CAVENDISH STREET, LONDON, W.

A NEW, IMPROVED
AND ENTIRELY SATISFACTORY
METHOD OF ADMINISTERING LIQUID
PARAFFIN, ELIMINATING THE DISADVANTAGES
OF THE UNCOMBINED OIL AND ADDING TO THE
EFFICACY OF THE TREATMENT, OF PROVED
VALUE IN

Constipation, Haemorrhoids, Malnutrition,

AND ASSOCIATED CONDITIONS.

OF SPECIAL VALUE FOR
INFANTS, CHILDREN & INVALIDS.
CONTAINING 50 PER CENT. OF PURE LIQUID PARAFFIN
OF HIGH VISCOSITY AND PRESENTED IN DRY FORM.

'Wander' Malt Extract with Paraffin.

EXTREMELY PLEASANT TO TASTE, IT MIXES FREELY WITH MILK OR WATER
WITHOUT SEPARATION OF THE OIL. THE HIGHLY NUTRIENT, DIGESTIVE
AND MILK-MODIFYING PROPERTIES OF THE "WANDER" MALT EXTRACT ARE
RETAINED UNIMPAIRED, THUS MAKING THE PREPARATION A VALUABLE
ADDITION* TO INFANT FEEDS.

IT MIXES THOROUGHLY WITH THE INTESTINAL CONTENT, PRE-
VENTING FORMATION OF SCYBALA, AND DOES NOT CAUSE OVER
LUBRICATION.

Rx 'Wander' Ext. Malti c̄ Paraffin.

We invite members of the Medical Profession to write

The GUARDIAN ASSURANCE COMPANY, Ltd. (Estab. 1321.)

Subscribed Capital, £2,000,000. Paid up, £1,000,000. Total Assets, £7,267,000. Income, £1,412,000.

In **ELECTRO-THERAPY** the most rapidly efficient electrolyte is **COLLOSOL IODINE**. The use of Sodium Iodide or Sodium chloride entails loss of energy in dissociating the ions. In Collosol Iodine the ions are already free.

Collosol Iodine is also indicated in **Tonsillitis**.

In acute **Tonsillitis** Collosol Iodine should be alternated with Collosol Argentum.

COLLOSOL ARGENTUM is specially indicated in **Chilblains**, either in Liquid or Pasta form.

Battley's Solution of Opium.

Liquor Opii Sedativus (BATTLE)

THE OLDEST and still THE BEST
Hypnotic and Sedative.

Advantages:

- ¶ May be given with the greatest safety, being pure and free from harmful matter.
- ¶ No disagreeable after-effects follow its use.
- ¶ Never varies in strength.

The *Medical Annual* writes:

"Battley's Solution of Opium is a common word in the Practitioner's vocabulary. It has gained its reputation by its intrinsic value as a remedy which contains all that is sedative and anodyne in opium without its resinous constituents, which are, therapeutically speaking, impurities."

Strength—Twice that of Tinctura Opii B.P. Usual Dose—5 to 15 minims.

Issued in 2 oz., 4 oz., 8 oz. and 1 lb. bottles.

NOTE.—We do not guarantee our preparations unless in original bottles with the autograph of Richard Battley over each cork and on the label, without which none is genuine.

Sole Manufacturers:

BATTLE & WATTS, 18 Wellclose Square, London, E.

Telegraphic Address: "Sedative, London."

Telephone: Central 2183.

BOOTS PURE DRUG CO. LTD.

WERE PIONEERS IN THE WAR ON GERMAN TRADE.

- During the past two years New Research Laboratories and extensive Fine Chemical Works have been established at Nottingham for the manufacture of many of those organic drugs formerly obtained from Germany.

ASPIRIN *Boots*

is manufactured by a process evolved in the SIR JESSE BOOT RESEARCH LABORATORIES, its melting point being several degrees higher than that given in the B.P. It is absolutely free from salicylic and acetic acids, and has the same stability and freedom from injurious impurities as the original Bayer Aspirin, to which it is equal in every respect.

Amongst many other important products now manufactured by BOOTS THE CHEMISTS at NOTTINGHAM are:

SODIUM SALICYLATE	ANTIFEBRIN
CHLORALAMIDE	PHENACETIN
BUTYL-CHLORAL HYDRATE	SALOL
SALICYLIC ACID	ATROPINE
PARALDEHYDE	HEXAMINE
DIGITALIN	HOMATROPINE
CHLORAMINE-T	

All these products are of unsurpassed purity and excellence. Every detail of their manufacture is under the constant supervision of a large staff of scientifically trained chemists, and the most rigorous analytical control.

Supplies are available for *Prescription Service* at all the 555 Branches of BOOTS THE CHEMISTS.

BOOTS PURE DRUG CO. LTD.

Head Offices: STATION STREET, NOTTINGHAM. ::: JESSE BOOT, Managing Director.

Prescribed by the Medical Profession for 35 years.
The LANCET (London, Eng.) describes it as—“ Mr. Bengers admirable preparation.

What BENDER'S FOOD is—

Benger's Food is the direct outcome of the pioneer work on Digestive Ferments, by the late Sir William Roberts, M.D., F.R.S., and the late Mr. F. Baden Benger, F.I.C., F.C.S., in 1880.

BENDER'S is essentially a food for physicians to use in the feeding of difficult cases and through the crises of illness. Briefly described, it is a farinaceous food, combining the natural digestive principles—Trypsin and Amylopsin. These become active as the Food is being prepared with fresh new milk.

The self-digestion thus resulting can be regulated to suit any degree of enfeebled digestion. At the same time, it conforms with the accepted principle that if the digestive system, however weak, can do any work at all, it should be given work to do to the extent of its powers.

Wherever there is a case of enfeebled digestion, there is a case for Benger's Food. It is admittedly the only Food which can be administered to give the digestive organs rest, or exercise regulated according to physical conditions.

for INFANTS, INVALIDS,
AND THE AGED,

is sold throughout the World by Chemists, &c., in sealed tins;
price 1/-, 1/6, 2/6, 5/- and 10/-.

A physician's sample, with full particulars, will be sent post free on application to any member of the medical profession.

Representation of the Turkish and Christian fleets in battle array before Lepanto. The Turkish fleet, consisting of 240 galleys and 60 smaller vessels, was overcome by the Venetians, Spanish, Knights of Malta and other allies, under Don John of Austria with 200 galleys and 6 huge galleasses, with loss to the Turks of 30,000 men, and 15,000 Christian galley slaves set free. But Turkish morale withstood even this calamitous reverse. By hard effort the Turks repaired their misfortunes, and maintained their supremacy at sea. Date, A.D. 1571.

Seasonable Vaccines

Trade Mark
'WELLCOME'
BRAND

Coryza Vaccines

Four Coryza Vaccines are issued for use according to the nature of the infection.

SUGGESTED DOSAGE

Prophylactic—100 to 200 million organisms of a Vaccine containing a number of different organisms. This dose may be doubled a week later.

Therapeutic—100 million organisms of the Vaccine which contains the organisms most abundantly present in smear or culture. 200 million may be given a week later.

No. 1, containing 100 million *B. septus* in each c.c.

No. 2, containing 100 million *M. catarrhalis* in each c.c.

No. 3, containing 100 million each of *B. septus* and *M. catarrhalis* in each c.c.

No. 4, containing 50 million each of *B. septus*, *B. Hoffmann*, *B. Friedländer*, *M. catarrhalis* and *Staphylococcus*, mixed; and 10 million each of *Pneumococcus* and *Streptococcus*, mixed, in each c.c.

Phials of 1 c.c., 2/6 each; bottles of 25 c.c., 28/0 each

For Treatment

For use in cases in which the *Bacillus influenzae* has been detected.

DOSAGE—A suitable initial dose is 10 million organisms, which may be increased if necessary.

The Ottoman Empire at the height of its power was governed by a succession of brilliant sovereigns distinguished by extreme personal courage and for skill in military strategy. Their rule was perfect secrecy and lightning rapidity in the manipulation of troops and munitions. Asked what his military plans were, a Sultan replied: "If a hair of my beard knew them, I would pluck it out!" The scene here reproduced depicts the Grand Turk in camp surrounded by his guards, Date. A. D. c. 1680.

London Exhibition Room: 54, Wigmore Street, W.

The Turks, who were renowned for their siege operations, beleaguèred "Troy's rival, Candia" or Crete, for twenty years, winning it at last from the Venetians after a desperate three years' struggle, in which more than 13,000 mines had been fired on either side and 30,000 Turks had fallen. The scene here reproduced depicts a Turkish Janissary leading off to execution a native Greek soldier captured in the Cretan campaign. Date, A.D. 1669.

COPYRIGHT

A Powerful Antiseptic, Disinfectant and Deodorant.

THE PURE PEROXIDE OF HYDROGEN.

Among the numerous germicides that have come into vogue since the inception of the antiseptic era none has a wider range of usefulness than "Dioxogen." Its merits, abundantly demonstrated by chemical analysis and by clinical and laboratory experiments, lie in its

Purity, Uniformity and Constancy of Composition.

Uses.

Invaluable in Medicine,
Surgery, Dentistry,
Hygiene, and
Veterinary Practice

"Dioxogen" is more powerful in germicidal value than 1 in 1000 bichloride of mercury. Experiments within the last few years have proven conclusively that a solution consisting of one part "Dioxogen" to ten parts water will kill all forms of micro-organisms in a short time.

"Dioxogen" destroys pathogenic micro-organisms, checks purulent and foul secretions, and dissolves false membranes and sloughs.

"Dioxogen" will neither destroy nor harmfully affect the vitality of sound tissue.

Warning !

Cheap peroxides are "preserved" with acetanilid—the poorer they are the more they require it. Acetanilid is an objectionable ingredient. It is acted upon by the oxygen of the solution, producing a peculiar unpleasant taste and odour.

"Dioxogen" requires and contains no acetanilid ; it is perfectly pure and completely stable.

"Dioxogen" is always the same—uniform in strength and quality ; it may be thoroughly relied upon, being known as

"the kind that keeps."

"Dioxogen" in War Time

"Dioxogen" will render valuable aid in the treatment of wounds suffered by our soldiers and sailors. Used on fresh wounds "Dioxogen" stops bleeding, prevents suppuration and systemic infection and promotes cicatrization ; it is equally helpful in septic conditions. "Dioxogen" is the only peroxide of hydrogen specified by the U.S. Navy Department for its supplies at Naval Depots.

In Convalescence After Acute Disease.

Byno Hypophosphites

"One of the most popular tonics of the day."

British Medical Journal.

"Byno" Hypophosphites combines the nutritive and digestive principles of the finest Malt Extract with Hypophosphites, a powerful tonic nerve food. It is much superior to the official syrup, and in many years' clinical experience has given most gratifying results.

"Byno" Hypophosphites may be taken when ordinary tonics cannot be tolerated.

As a General Tonic

"Byno" Hypophosphites is unrivalled; it contains a variety of principles which each have their particular therapeutic value.

Tuberculosis

In the wasting of Tubercular Cachexia it tends to reduce the temperature, improve the appetite, increase the weight, and rehabilitate the nervous system.

Typhoid Fever

In the slow convalescence from Typhoid Fever it is an easily absorbed and highly nutritious tonic food. "Byno" Hypophosphites helps the enfeebled digestion, decreases the anaemia, and improves the general tone of the nervous system. Owing to the presence of 'Bynin,' it is not constipating in its action.

FORMULA.

Calcium Hypophosphite	2 gr.
Potassium	2 "
Sodium	2 "
Iron	1 "
Manganese	1 "
Cinchona Alkaloids	1 1/2 "
Nux Vomica	"
Equal to Strychnine	1/10 "
"Bynin" Liquid Malt	1 oz.

Influenza and Malaria

For those debilitated by Influenza, Malarial and Tropical Diseases, it has proved itself an invaluable restorative and reconstructive.

In Old Age

For the Aged and Infirm there is no preparation so acceptable and so readily assimilated. It stimulates a flagging heart and is not only a tonic but a food.

Brain-Fag

It is surprisingly successful in cases of cerebral exhaustion with digestive disturbance, and constitutes a mild, yet efficient invigorator in general brain-fag. "Byno" Hypophosphites restores tone to the heart muscle and arteries, and is a blood-producing agent as well as a concentrated nutrient.

"Byno" Hypophosphites is one of the best tonics ever put forward for combating the after-effects of severe illness or as a general invigorator when the system is enfeebled. It may be prescribed with confidence to enrich the blood, strengthen the gastro-intestinal functions, give tone to the nerves, and nourish and vivify the whole organism.

Prices : In bottles 2/6 & 4/6 each. Sample sent free on request.

Emol-Keleet

The Natural Sedative Emollient Dusting Powder.

After vaccination, dusting the vesicles with Emol-Keleet will be found to have a mildly astringent action and to considerably alleviate the local irritation. Owing to its purely inorganic composition and its extremely fine, impalpable texture, it may be recommended with advantage for regular application.

Emol-Keleet has a very beneficial effect in all cases of inflamed and irritated conditions of the skin. It is especially indicated in the treatment of epidermic irritation accompanying scarlet fever and measles and its absorbent and sedative properties make it particularly beneficial in purulent eczema and inflammatory papule.

Samples free to the Medical Profession on request.

KOND'S EUONYMISED COCOA.

What is it?

A delicious Beverage, taking the place of Tea, Cocoa, or Coffee.

Why take it?

Its use is attended with a marked increase of appetite and rapidity of digestion: all feelings of heaviness after meals disappear; and an increase of the natural flow of bile takes place. It is not aperient, except in repeated doses, but the increased activity of the liver is valuable in removing constipation. It is used in stomach or liver disorders, alcoholism, slow digestion, overwork, depression, loss of appetite, in cases where tea and coffee are not desirable, sedentary habit of life, gout, rheumatism, and biliousness.

Euonymised Cocoa can be freely taken by those unable to take ordinary Cocoas.

The **Euonymin** is taken in the form of a hot infusion in a delicious beverage. Its action in this form is incomparably more direct and powerful than when taken in any other forms.

Highly recommended by the Medical Profession, from whom we have received hundreds of testimonials.

SOLD IN TINS 1s. 6d. and 2s. 6d.

Scholl's Foot Comfort Service

for Men and Women

DEVICES FOR ALL FOOT AILMENTS

SCHOLL'S SCIENTIFIC APPLIANCES FOR THE RELIEF OF FOOT AILMENTS.

*Awarded Prize Medal and Diploma at the International
Congress of Medicine, London, 1913.*

Scholl's "FOOT-EAZERS" are built on scientific principles. They are not hard or rigid to the feet, but give instant relief and permanent comfort.

The construction of Scholl's "FOOT-EAZERS" enables everyone to wear them with great satisfaction. Made of two non-rustable Silveroid Springs, covered with special oak-tanned leather. Light and resilient.

Price 7/6 per pair.

Scholl's "ANTERIOR METATARSAL" ARCH SUPPORTS are made in three designs, especially constructed to give relief to Metatarsalgia, Morton's Toe, or any weakness in the Anterior or Transverse Arch; the plates are longer than the ordinary supports and are shaped to conform to the heads of the metatarsal bones, giving a true and substantial elevation.

Style No. 1, with flange for ordinary cases: where there is slight weakness this support is recommended.

Style No. 2 is made without flange and is recommended where the longitudinal arch is quite normal, but elevation and adjustment is required at the transverse arch.

Style No. 3 is somewhat longer than Nos. 1 and 2, extending further forward beneath the heads of the second, third and fourth metatarsal, and all metal is cut away from the first metatarsal-phalangeal joint so as not to interfere with its action to produce more pressure on the other toes.

Made of the finest Silveroid Metal, with a special oak-tanned leather covering. Price 10/6 per pair.

No. 1.

No. 2.

No. 3.

New Edition of our booklet "Scientific Correction for Ailments of the Feet," sent FREE on application.

MIDDLEMORE PRIZE, 1917.

THE MIDDLEMORE PRIZE consists of a cheque for £50 and an Illuminated Certificate, and was founded by the late RICHARD MIDDLEMORE, F.R.C.S., of Birmingham, to be awarded for the best Essay or Work on any subject which the Council of the British Medical Association may from time to time select in any department of Ophthalmic Medicine or Surgery.

The Council of the British Medical Association is prepared to consider an award of the Prize in the year 1917 to the author of the best Essay on the following subject:—

"DISORDERS OF THE EYE AND OF ITS FUNCTIONS INDUCED BY WAR INJURIES NOT DIRECTLY AFFECTING THE EYE."

Essays submitted in competition must reach the Medical Secretary, British Medical Association, 429, Strand, London, on or before April 30th, 1917. Each Essay must be signed with a pseudonym and accompanied by a sealed envelope marked on the outside with the pseudonym, and containing the name and address of the author.

In the event of no Essay submitted being of sufficient merit, the Prize will not be awarded in 1917.

ALFRED COX, M.B., *Medical Secretary.*

December 12th, 1916,

NEWMAINS RETREAT, NEWMAINS, LANARKSHIRE.

Licensed under the Inebriates Acts.

The House is devoted to the care of LADIES of the upper classes only, who can be treated either under the Acts or as Voluntary Patients. For further particulars apply, personally or in writing, to Professor HEWLETT at the Laboratories, or to THE SECRETARY, KING'S COLLEGE, Strand, W.C.

HOUSE OF LORDS, S.W.,

26th December, 1916.

To the Electors

OF THE

Universities of Edinburgh & St. Andrews

GENTLEMEN,

As His Majesty has been pleased to appoint me Lord Chancellor, the tie between you and myself, as your Representative in Parliament, is necessarily severed.

I am proud of having had the honour of representing the two Universities for more than six years, and I shall always retain the most grateful sense of the unfailing kindness and consideration which I have received from all sections of the Electorate.

Though I must now bid you farewell as your Member, the feeling of attachment between us is, I trust, and will always remain unabated.

With the highest regard and sincere gratitude,

I have the honour, Gentlemen, to remain,

Always your faithful Servant,

FINLAY.

To the Parliamentary Electors

OF THE

Universities of St. Andrews & Edinburgh

GENTLEMEN,

I accede to the unanimous invitation of the Unionist Committee to place my services at the disposal of the constituency on the present vacancy.

In politics I am a Unionist, but I have been assured of the cordial support, under present circumstances, of many of my political opponents.

I shall support the King's Government in the energetic, resolute, and unbending prosecution of the war until the ends, for which so many of the flower of our manhood have given their lives, are fully secured.

I have studied at both Universities and I am a Graduate of Edinburgh and an Honorary Graduate of St. Andrews. For many years I have taken an active part in the administration of the business of Edinburgh University as a member of the principal Committees of the General Council. As a Prison Commissioner, an Asylum Director, a Hospital Manager, and a public school Governor, I have been brought into contact with many of the social, medical, and educational problems of interest to important sections of the constituency.

I am,

Your faithful Servant,

CHRISTOPHER N. JOHNSTON.

4, HERIOT ROW, EDINBURGH.

22nd December, 1916.

Salary £200 and £150 per annum respectively, with apartments, board and attendance.

Applications, stating age, with copy of testimonials, should be forwarded to the undersigned, from whom further particulars may be obtained.

ALBERT E. BRISCOE, Secretary.

Devonshire Hospital, Buxton,

Derbyshire (300 beds).

ASSISTANT HOUSE PHYSICIAN. The Committee invite applications for this post. Salary £100 per annum, with furnished apartments, board (excepting stimulants) and laundry. Applications of Senior Students will be considered.

Applications, with copies of three recent testimonials, endorsed "Assistant House Physician," to be sent in at once.

The Medical Staff consists of five Honorary Physicians, three Assistant Honorary Physicians, a Pathologist and Bacteriologist, and two Resident House Physicians.

The Hospital contains a Pathological Laboratory and X-Ray Department.

By order, W. STEVENSON,
General Superintendent and Secretary.

December 26th, 1916.

County Borough of SUNDERLAND.

EDUCATION COMMITTEE.

TEMPORARY SCHOOL MEDICAL OFFICER (WOMAN).

Applications are invited from fully qualified women for the post of Temporary School Medical Officer during the absence of the permanent staff on Military Service. The lady appointed will be required to devote her whole time to the service of the Education Committee, and will not be permitted to undertake any private practice or to hold any other appointment without the sanction of the Committee. Salary £300 per annum.

The appointment will be subject to three months' notice in writing given by either party.

Applications—to be made on forms which may be obtained from the undersigned—must be returned on or before Wednesday, the 17th January next, accompanied by copies of not more than three testimonials. Canvassing, either directly or indirectly, until after the first selection of candidates by the Committee, will disqualify the applicant, by whom, or on whose behalf such canvassing shall have been made.

HERBERT REED, Secretary.

Education Department, 15, John Street,
Sunderland, December, 1916.

Rochdale Infirmary,

110 Beds.

Wanted a **SECOND HOUSE SURGEON** (either sex, unmarried). Salary £150 per annum, with board, residence and laundry. No outside visiting.

Applications, with testimonials, stating age, &c., to be sent to the undersigned, endorsed "House Surgeon."

Copies of Rules will be forwarded on application.
T. ELVYN KERSHAW, Secretary.

Bristol General Hospital.

The Committee invites applications for the post of **HOUSE SURGEON**. Salary at the rate of £175 per annum with board, residence, etc., provided in the house. The appointment may be held for six months by candidate ineligible for Military Service, or for three months under the scheme of the War Office whereby recently qualified medical men may hold three months posts as residents after joining the R.A.M.C. Candidates must be registered under the Medical Acts, and produce testimonials of good personal character and ability, and must have had recent experience in the administration of anaesthetics. Applications, stating age and accompanied by copies of testimonials, should be forwarded to the undersigned as soon as possible, from whom further particulars may be obtained.

THOMAS W. GIBSON, Secretary.

Bolton Union.

RESIDENT ASSISTANT MEDICAL OFFICER.

Wanted, for the period of the War, a Resident Assistant Medical Officer for the Fishpool Institution, Farnworth, near Bolton. Candidates must be enrolled with the Central Medical War Committee. Salary £383 5s. 0d. per annum, with furnished apartments, rations and attendance.

Form of application and print of conditions of the appointment, etc., may be obtained from me on receipt of a stamped addressed *open envelope*.

Last day for applications 13th January, 1917.

H. I. COOPER, Clerk to the Guardians.

ALLIANCE DRUG AND CHEMICAL CO.

33, Leadenhall St., London, E.C.
Established 1812—Reorganised 1902.

The Company specialises in providing the Medical profession at the **lowest possible inclusive prices** (no charge for Bottles, etc., or Cases, &c.) with pure and reliable Drugs, Chemicals, Pharmaceutical Preparations, Compressed Tablets, Pills, Surgical Dressings, and Stock Mixtures of approved Formulae as used by the London and other Hospitals. We append a few sample prices for guidance of the great saving that can be effected, and in many instances our Clients have written us stating we have saved them

40 per cent.

of their usual Yearly Account for Drugs. This saving is not reflected in the quality of our Goods, but is primarily due to **not employing TRAVELLERS**, thus saving the purchaser the cost of the Travellers' Salaries and expenses which greatly enhance the prices the usual Drug Houses have to charge.

NOTE.—Only Terms Net Cash with order without discount, or orders received through London Merchants or Bankers. Goods carriage forward. All packages free. Export cases extra.

INTRAMINE

IMPROVED FORM

INTRAMINE IS A NON-TOXIC ORGANIC AMINO COMPOUND FOR THE TREATMENT OF SYPHILIS AND ALL PROTOZOAL DISEASES, AND FOR CHRONIC BACTERIAL DISEASES, ESPECIALLY TUBERCULOSIS AND LEPROSY.

INTRAMINE acts as a reducing agent, and as such it is effective in destroying parasitic protozoa and bacteria at certain stages of their life cycle.

INTRAMINE is now prepared in the form of an aqueous colloidal emulsion, the individual particles of which are of ultra-microscopic proportions. The new form of Intramine is more readily absorbed than the oily suspension hitherto supplied, and the injection is comparatively painless.

INTRAMINE in its new form is supplied in 5 c.c. ampoules. The usual dose for adults is $2\frac{1}{2}$ c.c. injected into each buttock. This dose may be repeated as often as is desired, and may be exceeded with impunity, since Intramine is absolutely non-toxic; beneficial results may also be obtained with a smaller dose than that above mentioned.

INTRAMINE MAY BE OBTAINED THROUGH ANY PHARMACIST.

The Reasons Why

Sanaphos

T. M. Reg.

Is the best of the Phosphated Nerve Foods.

Important Physiological facts :

1. SANAPHOS contains in active form the Vitamines and Enzymes natural to milk.
2. SANAPHOS is combined with Phosphorous compounds in easily assimilable form.
3. This combination ensures easy and complete assimilation and rapid results.
4. Vitalising effect is the essential quality in a nerve food.
5. All other prepared nerve foods have their basis in insoluble gritty and indigestible Casein.
6. All the Casein preparations are apt to produce intestinal disturbance.
7. SANAPHOS is completely soluble, readily miscible, pleasant in flavour.

THE REASONS JUSTIFY THE CLAIM FOR SANAPHOS THAT IT IS

THE IDEAL RECONSTRUCTIVE NERVE FOOD.
