

### The SCIENTIFIC TREATMENT of HAY FEVER and allied ailments.

## KINECTINE

According to Dr. MOUNEYRAT, the discoverer of Galy and Hectine (the widely adopted Salvarsan Substitutes).

#### FORMULA:

*Chlorhydrate of Quinine c. Hectine—i.e., Benzo-sulfone-para-amino-phenyl-arsenate of Quinine.*

**Non-toxic, produces no ill-effects.**

**Easily taken (tablets) and well tolerated.**

**Not only a Prophylactic against, but, a specific in**

**Catarrh, HAY FEVER, Coryza, Influenza, Malaria, &c.**

**Rapid Abortive Action in the Initial Stages.**

**Curative Action in the Advanced and Chronic Conditions.**

DEAR SIR,  
For the first time for 18 years I have escaped my annual attack of Influenza, thanks to Kinectine. Please send me further supply. I enclose cheque 30s.—Yours faithfully,

G—, M.D.

Adult Dose: 1 tablet three times a day for three days, then 2 tablets every other day until 18 tablets have been taken. Half doses for Children.

### Rational Treatment of CONSTIPATION. By the double action of secretions and peristalsis.

## OPOLAXYL

**Opolaxyl** is a combination of the secretions of the liver (biliary), pancreas, and intestines, with vegetable extracts of a non-drastic nature.

It combines all the secretions to correspond to nature's therapy and promotes a flow of bile and glycogen.

It is a normal regulator of the gastro-intestinal functions; consequently it improves the metabolic changes of the entire organism.

**Opolaxyl** does not lose its efficacy by prolonged use; its effect is gentle and constant, with the least irritation. It is not merely purgative; it stimulates the defective organs and revives the normal equilibrium; it has a lasting effect by reason of it rebuilding the organs, thus correcting diminutional function.

**Opolaxyl** is put up in small size tabular form and should be swallowed without crunching at bedtime or before breakfast.

E—, Scotland, 9th Oct., 1917.

DEAR SIR,—Having derived considerable benefit from the use of Opolaxyl tablets in my own personal case, I write as a practising physician to ask if you would make any reduction of price in the event of my sending you an order for a fair quantity, say, one dozen bottles.

Yours faithfully,  
C A—, M.D.

Dose—For obstinate constipation 2 or 3 tablets, afterwards 1 tablet every 3 or 4 days for a month.

Supplied in vials of 50 tablets.

## AMBRINE

*(The only Authorised Preparation of Dr. Barthe de Sandfort.  
Various Imitations compel us to make this statement.)*

**GOUT  
NEURALGIA  
CHILBLAINS  
SCIATICA**

The most efficient means and method of ensuring active **Hyperthermal-Therapy** to the practical treatment of **Burns Varicose Ulcers, Rheumatism, Gout, Arthritis, Neuralgia**, and similar affections.

Although the dressing with AMBRINE is occlusive and adhesive, it becomes after a short period non-adhesive, and can be removed without pain, hæmorrhage, or injury to the newly forming tissues. The healing takes place without leaving scars or contraction.

The BRITISH MEDICAL  
JOURNAL,  
Sept. 2nd, 1916:—

#### Re AMBRINE TREATMENT.

"..... The primary and quite incontestable advantages of the treatment are two: it is agreeable to the patient, because entirely painless; it is convenient to the surgeon, because easily and quickly applied. .... It is possible that the treatment would be useful in dealing with ordinary ulcers, and in any case it is certain that the study of its application to the raw surfaces is worth pursuing....."

26.10.17. E—  
DEAR SIR,—I thank you for the Ambrine. I found it very effective in a chronic and very painful varicose ulceration of leg.

Please send some more Ambrine, about 5s. worth.

A. G. W.  
M.R.C.S., L.R.C.P., &c.

Ambrine may be applied with a camel's hair brush, but **The Ambrine Spray** greatly facilitates the application.

LITERATURE and CLINICAL REPORTS to the PROFESSION on REQUEST.

Telegrams: "AMPSALVAS, LONDON."

THE LANCET,  
June 10th, 1916:—

THE VALUE OF AMBRINE IN  
THE TREATMENT OF WOUNDS

"The Minister of War, in reply to the Deputy M. Mons as to why, in view of the marvellous results obtained by treating burns and frost bites with Ambrine at the Hôpital St. Nicholas, all the soldiers suffering from such wounds were not sent there, stated that this was being done as far as possible. ...."

K—

2nd Feb., 1918.

DEAR SIR,—Kindly send 1 gr. tablets Ambrine. I am using it for varicose ulcers which defied usual treatment, but are now doing splendidly.

Your truly,  
A. C. B.
