

PRIZE OF THE BRITISH MEDICAL ASSOCIATION.

The Subject selected by the Committee of Council for competition in 1867 is for "Original Research on some Therapeutic Agent."

The Prize consists of a Gold Medal, value twenty Guineas, called the **HASTINGS MEDAL**.

The Essay must not be in the handwriting of the Author, nor exceed in length twenty-four pages of the **BRITISH MEDICAL JOURNAL**.

It must be forwarded to the General Secretary on, or before, the 1st of July, 1867, under cover, together with a sealed envelope bearing the motto of the Essay, and containing the Author's name and address.

The successful Essay is to be considered the property of the Association, and will be published in the Journal.

T. WATKIN WILLIAMS, *General Secretary*.

13, Newhall Street, Birmingham, Nov. 2nd, 1866.

Health, Fresh Air, Pure Water!

SECURED BY CONDY'S FLUID.
Liebig, Hofmann, Frankland, Letheby, Simon, and the whole
scientific and medical world, now agree in admitting the efficacy of
CONDY'S FLUID (Permanganate of Potash) for the testing and
purification of water, as first discovered and published by Mr. Condy
ten years ago, as well as for disinfection in general.

For full account of Condy's Fluid and its manifold uses read

"**AIR and WATER, their Impurities and
PURIFICATION,**" 3s. 6d., and
"**DISINFECTION and the PREVENTION
of DISEASE,**" 1s., by H. B. CONDY.

Hardwicke, Piccadilly, London.

Condy's Fluid is Sold by Chemists generally.

CHEMICAL WORKS, BATTERSEA.
