| 12 h.p. Two-Seater       | ... ..              | £445 |

Also Saloon, Coupe and Landulette and  
All weather Models.

The Car that is different

IN every essential feature of modern Car design, the Enfield-Allday is much more than a light car. In design, construction, power, equipment, and reliability it compares with cars of higher rating and higher cost.

It is this "little more" that makes the Enfield-Allday so desirable a car. Costing no more than an ordinary light car, both to buy and run, it has that extra reserve of power, superior coachwork and little refinements that make "all the difference" to an owner-driver's full enjoyment of his car.

During 1922 the Enfield-Allday has won many premier awards for beauty of design in Club Rallies, and in Speed Trials two note-worthy achievements stand out to its credit, notably in the 200 miles race at Brooklands, a Standard Sports Model finished fourth, winning a Gold Medal, and averaging a speed of 76-86 m.p.h., and again in the Isle of Man 1,500 c.c. Race it was the only All-British Car to finish.

The 12 h.p. Model introduced for 1923, deliveries of which will commence in January, is a still further advance in design and value. With a Four Speed Gear Box, increased Wheel-base and track, re-designed dashboard and special all-weather features it is a car worth waiting for.

Catalogues from—

ENFIELD-ALLDAY MOTORS, LTD.,  
SMALL HEATH, BIRMINGHAM

## For ASTHMA Peptone "Sterules"

(Registered Trade Mark).

are being largely used with  
successful results.

We make a series of graded doses in "Sterule" form for immunisation. The Peptone employed is the correct type, containing the right proportion of primary albumoses.

In addition, Peptone "Sterules" are **STERILE**.
