 "Striking and spirited portraits."—*The Lancet*.
 "Faithful likenesses of the distinguished originals."—*Med. Times*.
 "The portraits published by Mr. Stone are capital likenesses."—*Dublin Medical Journal*.
 "Admirable as works of art."—*Brit. & Foreign Med. & Chir. Review*.
 "Mr. Stone is known in the medical world as an assiduous and discriminating collector of portraits. The shortcomings of art towards the talented band who now lead the van of medical inquiry appear to have suggested the present series of engravings. The whole collection forms an interesting *souvenir* to the numerous body whom the requirements of instruction or relief may at any time have brought into communication with the distinguished originals."—*The Daily News*.
