

# Ladd & Gross' Abdominal Surgery of Infancy & Childhood

**New Book—Just Ready!**—Based on an experience with more than 11,000 cases at the Boston Children's Hospital, these distinguished authors bring to the literature not only a truly comprehensive guide on *to day's treatment* of the abdominal surgical diseases of infancy and childhood but also a specific and practical description of all the clinical factors that enter into diagnosis and management.

Incidence, etiology, pathology, physical, x-ray and laboratory examination, clinical features, non-operative treatments, completely illustrated surgical technique, and pre-operative and post-operative care are all concisely and systematically covered under the individual diseases discussed.

Virtually every abdominal surgical disease of childhood you may expect to meet is taken up, with special stress placed on those disorders of greatest importance and most frequent occurrence. It is a magnificent work!

By WILLIAM E. LADD, M.D., F.A.C.S., William E. Ladd Professor of Child Surgery, Harvard Medical School; Chief of Surgical Service, Children's Hospital, Boston; and ROBERT E. GROSS, M.D., Associate in Surgery, Harvard Medical School. 455 pages,  $6\frac{1}{2}'' \times 9\frac{1}{2}''$ , with over 600 illustrations on 268 figures. 50s. net.

**Arey's Developmental Anatomy**—By LESLIE BRAINERD AREY, Ph.D., Robert Laughlin Rea Professor of Anatomy, Northwestern University. 612 pages,  $6\frac{1}{4}'' \times 9\frac{1}{4}''$ , with 1,385 illustrations on 590 figures. Cloth, 35s. New (4th) Edition.

**Boyd's Surgical Pathology**—By WILLIAM BOYD, M.D., Professor of Pathology, University of Toronto. 886 pages,  $6\frac{1}{4}'' \times 9\frac{1}{2}''$ , with 476 illustrations. 45s. Fourth Edition.

**Cecil's Medicine**—By 144 American Authorities. Edited by RUSSELL L. CECIL, M.D., Professor of Clinical Medicine, Cornell University Medical College. 1,744 pages,  $6\frac{1}{4}'' \times 9\frac{1}{2}''$ , illustrated. Cloth, 45s. New (5th) Edition.

**Christopher's Textbook of Surgery**—By 188 American Authorities. Edited by FREDERICK CHRISTOPHER, M.D., Associate Professor of Surgery, Northwestern University. 1,695 pages,  $6\frac{1}{4}'' \times 9\frac{1}{4}''$ , with 1,381 illustrations on 752 figures. 42s. Second Edition.

**MacCallum's Pathology**—By W. G. MACCALLUM, M.D., Professor of Pathology and Bacteriology, Johns Hopkins University. 1,302 pages,  $6'' \times 9''$ , with 697 illustrations, many in full colours. 45s. Seventh Edition.

**Major's Physical Diagnosis**—By RALPH H. MAJOR, M.D., Professor of Medicine in the University of Kansas. 464 pages,  $6'' \times 9''$ , with 437 illustrations. 25s. New (2nd) Edition.
