Why ANDREWS is the Ideal Tonic Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation. Its use may be discontinued without reaction when the need for it ceases.

Andrews justifies the description of "Ideal Tonic Laxative" because:—

FIRST... Patients like taking Andrews, because its brisk effervescence is immediately refreshing and stimulating, it sweetens the mouth and helps to clean the tongue.

NEXT... Andrews allays gastric discomfort, heart-burn and nausea by diminishing the stomach's acidity and relieving flatulence.

THEN... Andrews increases bile flow, relieves hepatic congestion, and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

FINALLY... Acting by osmosis, Andrews clears the bowels gently and entirely without irritation.

Are you getting the best VALUE for your limited SLEEP-ration?

Cadburys BOURN-VITA

For Deep,
Restoring Sleep

THERE is sleep and sleep, as all nurses know. In these days, with the whole nation working at high pressure, sleep, like most essential things, is rationed. It remains to get full value for your small portion—healthy, restful sleep. It can be induced *naturally* by Bourn-vita. The Vitamin B, phosphorus and calcium it contains are good for high-tensioned nerves. It is an ideal food-drink for your convalescent patients, too, specially light and easy to digest.
