*From now on, sister, SLEEP  
will do more good than we can*

There is a time reached in the treatment of all ills when doctor and nurse can let the natural recuperative forces of the body do their work unaided. It is then that sound, refreshing sleep becomes the most important thing of all. The Vitamin B, phosphorus and calcium in Bourn-vita are valuable for the nerves. Bourn-vita is particularly light and easily digestible—which is important in many cases of convalescence—and induces perfect natural sleep
