

KAYLENE

Kaylene brand of colloidal kaolin has an adsorptive and analgesic action. By reason of its detoxicating and consolidating properties it is invaluable in the treatment of Food Poisoning, Tropical Diarrhoeas, Infantile Diarrhoea, Acute Colitis and Gastro-Enteritis. KAYLENE-OL should be given if, after the diarrhoea has been overcome, a mild laxative action is desired.

Sleep, too, is rationed..

There is often a shortage of sleep-hours for those working under the stress of war conditions... Up at all hours... Extra late shifts...

Here is a way to make the limited sleep ration go further. Drink a cup of Bourn-vita before putting out the light. Its Vitamin B, phosphorus and calcium content is valuable for the nerves. Bourn-vita brings healthy, *natural* sleep. It is light and easily digestible—as good for you as it is for your convalescent patients.

THE THERAPY OF ASTHMA

The treatment of asthma resolves itself into a consideration of underlying factors and causes. Often in ASTHMA the underlying cause is not discoverable or changes from time to time—now irritant dusts, now bacterial infection etc.

The underlying factor is fortunately always the same—bronchospasm.

Thus sometimes causative agents can be removed or mitigated but always the underlying factor—bronchospasm—can be treated, successfully, with FELSOL.

Most cases of Asthma are chronic and demand patience in treatment—persistence with FELSOL will yield the highest possible percentage of successes.
