

# ‘Mapharside’

*An Improved Arsenical for the Treatment of Syphilis*

‘Mapharside’ (meta-amino-para-hydroxy-phenyl-arsine oxide hydrochloride) is a potent spirochaeticide which is the result of co-operative research by groups in two American Universities and the Research Department of Parke, Davis & Co. This compound contains 29 per cent. of arsenic, and it is effective in a dosage approximately one-tenth that of arsphenamine.

## SOME ADVANTAGES

1. ‘Mapharside’ is practically a pure chemical substance.
2. ‘Mapharside’ solutions do not become more toxic on standing.
3. ‘Mapharside’ is ready for injection by simple solution of the ampoule contents—no neutralization is required.
4. ‘Mapharside’ permits treatment of syphilis with small doses of arsenic.
5. Reactions following the use of ‘Mapharside’ are on the whole less severe than those observed after the use of arsphenamine and neoarsphenamine.
6. ‘Mapharside’ is chemically and biologically assayed.

IN ONE-DOSE AMPOULES OF 0.04 AND 0.06 GM.

## Why ANDREWS is the Ideal Tonic Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation. Its use may be discontinued without reaction when the need for it ceases.

Andrews justifies the description of “Ideal Tonic Laxative” because:—

**FIRST...** Patients like taking Andrews, because its brisk effervescence is immediately refreshing and stimulating, it sweetens the mouth and helps to clean the tongue.

**NEXT...** Andrews allays gastric discomfort, heartburn and nausea by diminishing the stomach's acidity and relieving flatulence.

**THEN...** Andrews increases bile flow, relieves hepatic congestion, and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

**FINALLY...** Acting by osmosis, Andrews clears the bowels gently and entirely without irritation.

**ANDREWS LIVER SALT**
