Control of Head Lice

It is now possible to kill lice and nits in the head by the simple application of Semprolia Insecticide, a combination of Lethane 384 Special and a White Oil, faintly scented with Citronella.

NO ODOUR DISTINCTIVE OF THE TREATMENT

Simple application by massaging into the scalp. No combing is required—indeed, it is contra-indicated except *after* treatment for removal of dead nits. Treatment is economical—individual application half to two drachms only.

Sample, details of packages for clinical use and home treatment and prices, on application.
