

# "MOIST HEAT" FOR PAIN, SWELLING, SORENESS

In the treatment of boils or other localized infections where "Moist Heat" is indicated, the "Moist Heat" of ANTIPHLOGISTINE helps relieve pain, swelling and soreness.

Applied comfortably hot, ANTIPHLOGISTINE supplies "Moist Heat" for several hours. ANTIPHLOGISTINE may be used with chemotherapy.

The "Moist Heat" of ANTIPHLOGISTINE is also effective in relieving the pain and swelling of a sprain, bruise or similar injury or condition.

## NEW CARS—can we help?

For the last twenty years our work has consisted of advising the medical profession in regard to their motoring, which is of course of vital importance to them.

We are contracting agents for practically every popular make of British car and are therefore able to give a truly unprejudiced opinion. We have a special scheme available for ex-Servicemen returning to general practice who would be very seriously handicapped without some form of transport.

Our special Hire Purchase terms, financed by ourselves, are easily adaptable to suit the individual requirements of our customers. Service facilities are gradually returning to our pre-war standard of efficiency.
