

## SPENCER INDIVIDUALLY DESIGNED SPINAL SUPPORTS

Spencer Designers make positive support  
embodying comfort without undue weight

Patient with fixed kyphosis  
wearing a Spencer Spinal  
jacket designed especially  
for her.

For spinal curvatures, injuries, or disease, Spencer Designers create a spinal support that orthopaedic opinion finds most effective. It provides positive support with less weight and more comfort than does a brace.

The Spencer Spinal Support is designed to exert the degree of hyper-extension or flexion of the spine required by the surgeon for treatment of the condition in the individual patient.

Where immobilisation is needed, the necessary rigidity is incorporated.

Only if individually designed, cut, made, and fitted for the one patient who is to wear it can a support be effective in the application of the necessary corrective and supportive forces on the body to aid reconstruction in the patient.

## DERMATOPHYTOSIS

The introduction of AERO-PED—a preparation containing Phenylmercuric Nitrate in an o/w emulsion—presents a new and effective treatment for Tinea Pedis and allied mycotic affections.

- 1 It combines high antiseptic and fungicidal activity with low tissue toxicity.
- 2 Inhibits bacterial decomposition of perspiration.

**FORMULA** Methyl Salicylate 1% Benzoic Acid 2%,  
Terpineol 1%, Glycerin 5%, Phenylmercuric  
Nitrate 0.05% w/w. Soft Paraffin 5%, Hexadecyl Alcohol  
9%, Octadecyl Alcohol 5%, Sodium Cetyl Sulphate 1%.  
Water to 100.

Complying with requests from Medical Practitioners for a P.M.N. Dry Treatment for Tinea Pedis, AERO-PED is now available also in powder form.

## "OXOID" LABORATORY Preparations

For Culture Media

"OXOID" Brand

### BACTERIOLOGICAL PEPTONE

#### USE

A Peptone of the highest quality for the general culture of all species of Bacteria.

#### SUPPLIED

As a readily soluble granular powder. Packed in sizes to suit all requirements.

#### NOTES

Particularly useful for Presumptive Coli and Indol tests. Further information may be obtained from "Oxoid" Leaflet No. 122.

### LAB LEMCO

#### USE

Standardised meat extract specially manufactured for Bacteriological Laboratories.

#### SUPPLIED

In 2-oz. jars.

#### NOTES

Each batch issued can be guaranteed to yield identical analytical figures. Further information may be obtained from "Lab Lemco" leaflet.

**OXO LIMITED (Medical Dept.)**

Thames House, Queen St. Place, London, E.C.4

## THREE ESSENTIALS TO EVERY DOCTOR'S OFFICE

Specimens *Free* on Request

The average doctor doesn't want elaborate correspondence-cabinets. (They're hard to come by anyway.)

But every doctor needs somewhere to keep his correspondence and records.

There is a Shannon unit which fits neatly onto any desk, side-table, or other convenient place. It is inexpensive and handy. Complete with all the necessary triply-strong suspended (on metal) folders, it costs very little. Yet it controls the doctor's correspondence safely and will last for many years.

Most doctors would find

this Shannon unit invaluable in simplifying routine.

Then there are the ready-printed visible Case-History and Accounts records which control the history of every patient, give visible indication of impending visits, warnings of confinements, indications of cases to watch. . . . These too cut down the time spent on routine and help the doctor to control his practice as rigidly as any business or professional man.

Hundreds of doctors rely on these Shannon systems to keep close control of their multifarious activities. Why not you?

Just write "Send Records" on your card or letterheading and post it to The Shannon Limited of 41, Shannon Corner, New Malden, Surrey. You will receive full details of all the above by return—plus specimen Case-History and Accounts Records, free and without obligation.
