

Libby's

HOMOGENIZED FOODS

Easy to digest SOUPS & VEGETABLES

for Babies . . . and for special diets

By Libby's patented process of Homogenization ★ the cells containing the valuable food elements of Vegetables, Soups and Fruits are broken open making the nutriment readily assimilable by the most delicate digestive system. Also, tough irritating fibres are eliminated and the bulk evenly spread throughout the product. Thus it is possible to give all the goodness of these foods at a very early age — without the digestive strain which would normally ensue. Excellent, too, for adults requiring a smooth diet.

★ Homogenized Foods have been forced through tiny valves under high pressure — a much more effective process than the usual 'straining' through wire meshes. Clinical data and laboratory reports gladly supplied on request. Write to Libby, McNeill & Libby Ltd., Forum House, 15/16 Lime Street, London, E.C.3.

PROTEIN THERAPY IN ALLERGIC DISORDERS

Specific Protein Therapy shows many advantages over the earlier forms of non-specific treatment for allergic disorders such as asthma, hay fever, migraine, etc.

Allergen Diagnostic Test Solutions—Duncan are issued in simple or multiple group tests. Comprehensive outfits are supplied containing a 2 cc. bottle of each multiple test and provide a valuable method of diagnosing allergic disorders.
