

## *A Delicious Concentrated* **VITALTOL**

TO the physician requiring a product which incorporates important vitamins in a form acceptable to every patient, "Vimaltol" presents special advantages.

"Vimaltol" is made from specially prepared malt extract of high protein content, yeast—one of the richest sources of vitamin B<sub>1</sub>—and Halibut Liver Oil, an important source of vitamins A and D. It is also fortified with additional vitamins and mineral salts, and is deliciously flavoured with orange juice.

"Vimaltol" is thus an important aid in the treatment of the many abnormal conditions resulting from the deficiency of one or more of the essential vitamins in the average everyday dietary.

The routine use of "Vimaltol" helps normal development of the growing organism and the maintenance of correct metabolism, while raising the general resistance against infection.

"Vimaltol" has thus a very wide application in general practice for patients of all ages. It can be prescribed with advantage at all seasons.

## DERMATOPHYTOSIS

The introduction of AERO-PED—a preparation containing Phenylmercuric Nitrate in an o/w emulsion—presents a new and effective treatment for Tinea Pedis and allied mycotic affections.

- 1 It combines high antiseptic and fungicidal activity with low tissue toxicity.
- 2 Inhibits bacterial decomposition of perspiration.

**FORMULA** Methyl Salicylate 1%, Benzoic Acid 2%, Terpineol 1%, Glycerin 5%, Phenylmercuric Nitrate 0.05% w/w, Soft Paraffin 5%, Hexadecyl Alcohol 9%, Octadecyl Alcohol 5%, Sodium Cetyl Sulphate 1% Water to 100

Complying with requests from Medical Practitioners for a P.M.N. Dry Treatment for Tinea Pedis, AERO-PED is now available also in powder form.

## Food

in preventive medicine

Preventive medicine has never been more important than it is to-day, and the role of food in the prevention of disease has perhaps never been so universally appreciated. With post-war austerity conditions facing all nations in varying degree the nutritional policy has to be as sound as is humanly possible in order to maintain the standard of health at the highest possible level. Special attention is therefore being given to the type of food recommended.

Marmite provides the essential vitamins of the B<sub>2</sub> complex and, within the limits of the amount consumed, it is a useful source of predigested protein.

## MARMITE

yeast extract

contains

Riboflavin (vitamin B<sub>2</sub>) 1.5 mg. per oz.  
Niacin (nicotinic acid) 16.5 mg. per oz.

Jars: 1-oz. 8d., 2-oz. 1/1, 4-oz. 2/-, 8-oz. 3/3, 16-oz. 5/9

Obtainable from Chemists and Grocers
