

# DERIPHYLLIN

THEOPHYLLIN and DI-ETHANOLAMINE

*indicated in*

**Cardiac Decompensation, Oedema,  
Angina Pectoris and Cardiac Asthma**

Deriphyllin has a regulating action on water metabolism and influences the cardiac mechanism. By dilating the coronary vessels and relieving any coronary spasm which may be present an improved flow of blood through the heart-muscle is secured.

Deriphyllin is exceedingly well tolerated and may be given for a long time (chronic cardiac decompensation) without reaction occurring. Effect does not decrease after prolonged administration. Can be usefully combined with the organic mercurial diuretics. Not contra-indicated in renal disease.

**Deriphyllin-Strophanthin** is indicated for all cases of heart failure.

Available in liquid form for oral use,  
ampoules and suppositories.

*Literature and samples on request.*

**CAMDEN CHEMICAL COMPANY LIMITED**

61, GRAY'S INN ROAD, LONDON, W.C.1

*she's always  
on duty  
—on time*

She still has many more essential calls to make and she can't afford to waste time or risk travelling delays. District Nurses, like all whose motoring is necessary, need reliable transport to help them to carry out their urgent duties. With a Ford they can count on Ford Service Facilities everywhere. All Ford Dealers and their Dagenham-trained mechanics, are equipped to deal *quickly* with maintenance, and repairs at low fixed prices. That's why a Ford is always ready, day and night, to provide the essential motoring for the people whose duties are vital to our national recovery.

## Libby's HOMOGENIZED FOODS

**Easy to digest SOUPS & VEGETABLES  
for Babies . . . and for special diets**

By Libby's patented process of Homogenization ★ the cells containing the valuable food elements of Vegetables, Soups and Fruits are broken open making the nutriment readily assimilable by the most delicate digestive system. Also, tough irritating fibres are eliminated and the bulk evenly spread throughout the product. Thus it is possible to give all the goodness of these foods at a very early age — without the digestive strain which would normally ensue. Excellent, too, for adults requiring a smooth diet.

★ Homogenized Foods have been forced through tiny valves under high pressure — a much more effective process than the usual 'straining' through wire meshes. Clinical data and laboratory reports gladly supplied on request. Write to Libby, McNeill & Libby Ltd., Forum House, 15/16 Lime Street, London, E.C.3.
