## When patients need more VITAMIN C

In the many cases where supplementary Vitamin C is called for, Rose Hip Syrup is an excellent choice. It is extremely palatable, simple to administer, and is readily tolerated by patients of all ages.

Scott & Turner's Rose Hip Syrup provides an ample intake of Vitamin C in all scorbutic and sub-scorbutic conditions—loss of weight, proneness to infection, anorexia and disordered blood picture. It is made from freshly-gathered rose hips which are exceptionally rich in ascorbic acid, and is prepared in accordance with the Ministry of Health standard (200 mgs. ascorbic acid per 100 mls.).

With its added sugar syrup, Scott & Turner's Rose Hip Syrup is pleasantly sweet. It may be given undiluted, or diluted with water or milk; or added to porridge, cereals and milk puddings. A dessertspoonful contains approximately 25 mgs. ascorbic acid. From chemists only, 1/9 per 6-oz. bottle.

Sample bottle for clinical trial on request.
