

SHARING THE HONOURS IN SURGERY

THE UNIVERSAL DIATHERMY, Type MME.11

The Universal Diathermy *faithfully* responds to the surgeon's lightest touch. Its cutting current is delicately controlled and exactly right for each procedure. Its smooth, assured performance inspires confidence and contributes to operative success. Its usefulness is increased by a wide range of facilities for suction, cautery and illumination. Already the surgical ideal in many hospitals, the Universal Diathermy by Marconi can be demonstrated in your theatre at your convenience.

*For the Disabled
and the
Infirm...*

The ability to get about, to maintain daily interests and social contacts, plays an important part in the continued health and happiness of the disabled and the infirm.

For this purpose the NELCO "SOLOCAR" is ideal. Electrically driven; silent, vibrationless and free from fumes; operated with one hand—effortlessly and without strain—it climbs any hill, travels 35 miles without re-charging, turns in its own length.

★ Agents in all parts of the Country.
