Mathaplast

FIRST AID DRESSINGS

IN CONSULTING ROOM CABINETS

The medicated centres of Mathaplast Elastic Adhesive First-Aid Dressings are now impregnated with 5-Aminoacridine hydrochloride. This can be considered an important advance in that clinical trials have conclusively shown that 5-Aminoacridine hydrochloride possesses properties which strongly recommend its use as a general antiseptic.

Obtainable in attractively designed consulting room cabinets. Mathaplast Doctors' Cabinet, containing an assortment of Mathaplast Elastic Adhesive First-Aid Dressings.

Complete Cabinet 15/4 each

Mathaplast Surgery Cabinet, containing 1 yard each of the 1½ in., 2½ in., and 3 in. sizes of Mathaplast Elastic Adhesive Strip Dressing.

Complete Cabinet 8/9 each

William Mather, Ltd., are manufacturers of a complete range of Medical and Surgical Plaisters, including the progressively popular Mathaplast Elastic Adhesive Bandages.
