

CLINITEST

TRADE MARK

The unique one-minute test
for detecting urine-sugar

now made in Britain

The rapidly increasing use of 'CLINITEST' (brand) for detecting urine-sugar, has made it necessary to establish manufacturing facilities in the British Isles. Heretofore, 'CLINITEST' has been imported from America. This unique copper reduction test is based upon the same principles involved in the Benedict Test, but has all the reagents compressed into a single tablet: No external heating is required as the tablet generates its own heat. The complete test takes less than one minute. 'CLINITEST'

Complete Set with 36 tablets — Price 12/-
Refill Bottles (36 tablets) — Price 4/-

Sole Distributors:

IN THE SERVICE OF SURGERY

Gillette

Surgical Blades and Handles

The successful introduction of Gillette Surgical Blades has encouraged the development of a Gillette handle. Made from chromium-plated nickel silver, these handles are precision-machined to ensure perfect fit and complete rigidity in use with Gillette Surgical Blades.

Gillette Surgical Blades and Handles are made for each other and used together satisfy the most exacting requirements of surgical technique.

When Breast-Feeding Fails—

Many Doctors and Nurses prefer to recommend FRESH Cow's Milk—instead of Dried Milk—for their baby patients.

★ Liquid cow's milk is Nature's finest substitute for breast-feeding. MODIFIED with a little of Sister Lauras Food, cow's milk (undiluted) is completely digestible by the youngest and most delicate infant.

Sister Lauras Food, a simple cereal product, breaks up the casein, which is so valuable for tissue building, and all the mineral and vitamin content of the milk is unimpaired.

That is why so many Doctors recommend FRESH COW'S MILK modified with Sister Lauras Food.

SISTER LAURAS FOOD
MODIFIES FRESH MILK

FREE PROFESSIONAL SAMPLES
sufficient for a good trial with your difficult babies, are available to Members of the Medical Profession. Write to Sister Lauras Food Co. Ltd. (Dept. BMJ/21), Springfield Works, Bishopbriggs, Near Glasgow.

The treatment of SERIOUS cases of pediculosis capitis *

(head lice)
