

For certain cases of
weak (valgus) feet

Clarks
curator heel
for children means
"ordinary shoes"

Certain foot ailments and leg weaknesses can be put right without T-irons or surgical boots. Wherever possible doctors use a lightweight corrective heel, knowing the immense difference such an "ordinary look" makes to a child's attitude towards its own physical handicaps. Full details of *Clarks Curator Heel* are available to the medical profession, children's clinics, etc., on application to Clarks.

IN THE SERVICE OF SURGERY

Gillette

Surgical Blades and Handles

The successful introduction of Gillette Surgical Blades has encouraged the development of a Gillette handle. Made from chromium-plated nickel silver, these handles are precision-machined to ensure perfect fit and complete rigidity in use with Gillette Surgical Blades.

Gillette Surgical Blades and Handles are made for each other and used together satisfy the most exacting requirements of surgical technique.

Gillette Industries Ltd. Great West Road, Isleworth, Middlesex

Against exhaustion

The energising and therapeutic effect of glucose is available in a most acceptable form in LUCOZADE.

Whereas ordinary glucose preparations may have a sickly and even nauseating effect on the palate, LUCOZADE is remarkably refreshing. Once tasted—it is never refused.

An
improved
form of
glucose therapy

This pleasing characteristic is of the greatest value in treating cases of shock, physical exhaustion and other conditions requiring glucose ingestion.

(Containing Dextrose, Maltose, and Dextrin in solution equivalent to 23% w/v Liquid Glucose B.P.)

To assist
convalescence

Invalid Bovril is a highly concentrated form of Bovril for use in the sick-room. Prepared without seasoning, it provides the maximum concentration in the most easily assimilated form. Many doctors recommend it in cases where the patient needs "building-up" after illness. Perhaps there is a patient of yours who would benefit from a course of Invalid Bovril?
