

IN THE SERVICE OF SURGERY

Gillette

Surgical Blades and Handles

The successful introduction of Gillette Surgical Blades has encouraged the development of a Gillette handle. Made from chromium-plated nickel silver, these handles are precision-machined to ensure perfect fit and complete rigidity in use with Gillette Surgical Blades.

Gillette Surgical Blades and Handles are made for each other and used together satisfy the most exacting requirements of surgical technique.

CIMLAC GAUZE

in the treatment of

GRAVITATIONAL AND TROPHIC ULCERS

In long-standing cases of gravitational and trophic ulcers, Cimlac Gauze will be found a valuable treatment to promote regeneration of devitalized tissues and to control infection due to the presence of *Ps. Pyocyanea* and *B. Proteus*, which are very often causative factors of delayed healing.

Cimlac Gauze is prepared with sterilized glyco-gelatin, which supplies substances required for the process of fibroplasia and cicatrization. The combination of Hexylresorcinol and Aminacrine Hydrochloride in the glyco-gelatin medium exerts a remarkable inhibitive action on Gram-positive and Gram-negative organisms.

Samples and literature gladly sent on request.

PURE PRODUCTS LTD COLWICK NOTTINGHAM ENGLAND

SALT'S REGISTERED COLOSTOMY BELT

WITH STERILIZABLE
RUBBER CUP

Designed specifically for use in cases where faeces are of a solid nature, or the amount is small. The special feature is that the cup is made of moulded rubber, in one piece, and has no corners nor crevices—therefore does not retain odour. Full details in our Corset and Belt Book—post free to medical people on request.
