PROTEIN THERAPY IN ALLERGIC DISORDERS

Specific Protein Therapy shows many advantages over the earlier forms of non-specific treatment for allergic disorders such as asthma, hay fever, migraine, etc.

Allergen Diagnostic Test Solutions—Duncan are issued in simple or multiple group tests. Comprehensive outfits are supplied containing a 2 cc. bottle of each multiple test and provide a valuable method of diagnosing allergic disorders.

DO YOUR PATIENTS SAY

*"But Doctor,
a soft diet is so dull!"*

WHEN you are advising the patient who has to go on a Soft Diet, there's one thing you can point out, Doctor . . . and that is: this diet can be nutritionally balanced and interesting even to-day.

The difficulties caused by present shortages can be overcome conveniently and economically by including in the diet Heinz Strained Meat Broths, Soups, Vegetables and Fruits. In this way, the loss of appetite that often occurs with patients on a Soft Diet can be avoided, as there are seventeen varieties of Strained Foods which can be given in turn.

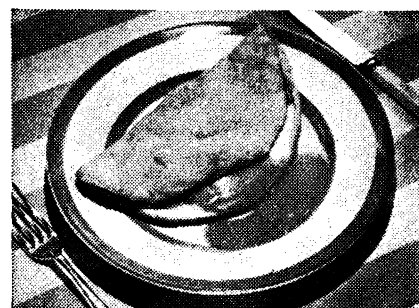

All coarse fibres are removed from these foods by the sieving process, but

sufficient bulk is kept to maintain the bowel's function. Heinz seventeen varieties of Strained Foods contain no seasoning or hot spices to irritate the digestive system.

Moreover, special cooking methods *conserve* the nutritive values of these foods. They are therefore more nutritious than similar foods prepared by home cooking methods. Their regular inclusion in the diet makes it easy to provide the patient with protein, vitamins and minerals.

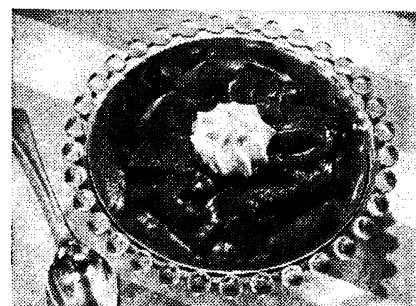

For hospital use, these foods are obtainable in 15½-oz. cans from the usual suppliers, or direct from H. J. Heinz Company Ltd., Harlesden, London, N.W.10.

SOFT DIET —but appetising

1st COURSE

One-egg Tomato Omelette: Pour some Heinz Strained Tomato Soup into a fluffy omelette just before cooking is complete, fold, and serve immediately.

2nd COURSE

Fruit Whip: Half a fruit jelly, with Heinz Strained Prunes whipped in just as it begins to set.

Heinz Strained Foods make a Soft Diet interesting

From the earliest days

of penicillin development,
I.C.I. has been closely associated
with the progress of this antibiotic.

From I.C.I. laboratories came the very first
commercial quantities to be produced for clinical trials,
and since that time a consistent programme of research
has been maintained.

Today, I.C.I. manufacture on a large scale,
penicillin of the highest purity and potency,
to be distributed throughout the world

WILMSLOW, MANCHESTER

New Peptic Ulcer Treatment Comparable to Drip Therapy

**Whole milk and alkaline constituents combine
to produce increased buffering action**

NULACIN TABLETS have been evolved to meet a very real need in the treatment of gastric and duodenal ulcers.

All the literature on the treatment of peptic ulcers emphasizes the proven value of diminishing the acidity of the gastric juice. Many large and otherwise intractable ulcers can be healed by a continuous, intra-gastric drip of milk or alkali.

Drip therapy is, however, not always available or practicable to use in many instances. Nulacin offers a satisfactory alternative.

CONTINUOUS NEUTRALIZATION

NULACIN TABLETS, allowed to dissolve slowly in the mouth, have been shown clinically to provide a continuous neutralization comparable with that of drip therapy. (B.M.J., 1952, 2, 180.)

NULACIN TABLETS contain nutrient in a most acceptable form to the peptic ulcer patient. They obviate the necessity of taking frequent feeds, and so lessen the tendency to obesity in those following a dietary regime of food at frequent intervals.

During ulcer activity the suggested dosage is 3 tablets to be sucked each hour, and for follow-up treatment 2 tablets should be sucked between meals, beginning half an hour after a meal.

The tablet is of a suitable size, and of a consistency and hardness, so that, when it is sucked, the result is a constant and prolonged neutralization of the gastric juice.

NULACIN TABLETS during extensive clinical tests proved palatable and acceptable to patients.

The patient should be instructed to place the tablet between the gum of the upper jaw and the cheek. Here it will be comfortable, and slowly dissolve. The efficacy of the tablet is greatly diminished if it is chewed and swallowed.

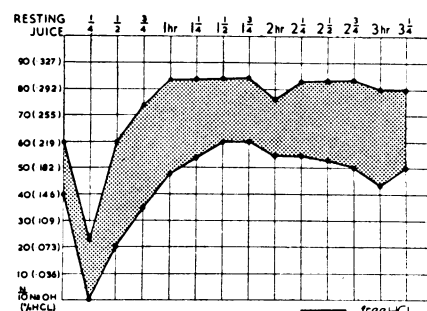

NULACIN TABLETS are not advertised to the public. There is no B.P. equivalent to this tablet.

NULACIN TABLETS are available in dispensing units of 25, free of purchase tax.

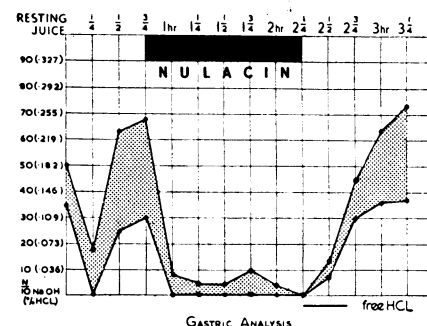

NULACIN
HORLICKS LIMITED

Pharmaceutical Division
SLOUGH · BUCKS.

**HYPON
TABLETS**

Rapid Disintegration*

Tablet manufacture is the art of compounding to produce a ready means of administering an accurate dosage in the most convenient form. In the case of an analgesic tablet it is important that this should disintegrate rapidly to provide quick relief from pain.

To comply with the British Pharmacopœia tablets must disintegrate within fifteen minutes under standard tests.

* **HYPON TABLETS**, when submitted to these tests, disintegrate in less than twenty seconds.

Containing the well-known triad acetylsalicylic acid, phenacetin and codeine with the addition of phenolphthalein and caffeine to counteract side effects of depression and constipation, HYPON TABLETS provide a most effective analgesic for the relief of pain associated with rheumatic conditions, spastic dysmenorrhœa and neuralgia.

FORMULA: Acid. Acetylsalicyl. 40.22%; Phenacet. 48.00%; Caffein. 2.00%; Codein. Phosph. B.P. 0.99%; Phenolphthal. 1.04%; Excip. 7.75%. (Each tablet 8 grains.)

PACKS: 10, 50, 125, 250, 600 and 1,000.

Minimum skin hazards— wider therapeutic use

... WITH **THIS** ADHESIVE BANDAGE

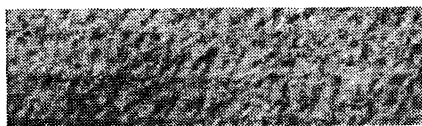

PoroPlast, the new porous elastic adhesive bandage, contains no rubber. It represents an entirely new approach to the solution of problems inherent in the use of conventional elastic adhesive bandages.

Without impairing the adhesiveness, the compression, or ease of application, the formulation of PoroPlast completely avoids the use of rubber or the irritating solvents and resins usually embodied in elastic adhesive bandages. The plaster is spread in a new way to give regular ventilation over the entire surface, *even where two layers of the bandage overlap.*

PoroPlast (stretched) showing ventilating pores in the plaster mass. (Enlarged $2\frac{1}{2}$ times)

Ordinary elastic adhesive bandage (stretched) showing non-porous plaster mass. (Enlarged $2\frac{1}{2}$ times)

In clinical trials in Great Britain, the United States, and Germany, PoroPlast has offered greatly increased plaster toleration to all patients, including those with very sensitive skins. Its rubber-free porosity allows continuous permeation of secretions. It greatly extends the time during which plaster may remain *in situ*, and opens up new possibilities in elastic adhesive compression therapy.

$2\frac{1}{2}$ " and 3" PoroPlast Elastic Adhesive Bandages
 $\frac{1}{2}$ ", 1" and 2" PoroPlast Elastic Adhesive Strapping

Supplied in rolls of 5-6 yards (stretched). Clinical samples available on request.

PoroPlast

An inclusive, single, daily-dose of Multivitamins . . .

Each capsule contains:

Vitamin A, 5,000 I.U.
 Vitamin D (Calciferol), 500 I.U.
 Thiamine HCl (B₁), 3.0 mg.
 Riboflavin (B₂), 3.0 mg.
 Pyridoxine HCl (B₆), 0.2 mg.
 Ascorbic Acid (C), 75.0 mg.
 Niacinamide, 20.0 mg.
 Calcium Pantothenate, 1.0 mg.
 FOLVITE* folic acid, 1.0 mg.
 Vitamin B₁₂ 1.0 microgram

VI-MAGNA* Multivitamins *Lederle* provide a full daily supplement of essential vitamins, to complement the all-too-common, vitamin-deficient diet, as well as the normal diet. Unusual demands on the energy of the individual require a higher vitamin intake.

VI-MAGNA Multivitamins supplementation is recommended for all wounded and burned patients, for the pre-operative and post-operative care of surgical patients and for those suffering from post-operative vomiting. In infancy and childhood, vitamin supplementation is highly desirable to aid in cellular growth.

VI-MAGNA provides an inclusive, single, daily-dose of essential multivitamins . . . beneficial in subclinical malnutrition following infections, in states of dehydration and malnutrition and during the hyperactivity of infancy and childhood.

The Hypertension Syndrome

RESPONDS

VERILOID

Trade
Mark

Product of Riker Research

*A potent alkaloidal fraction of *Veratrum viride* — biologically standardised for hypotensive activity in mammals—a new active principle not heretofore available, for the treatment of hypertension.*

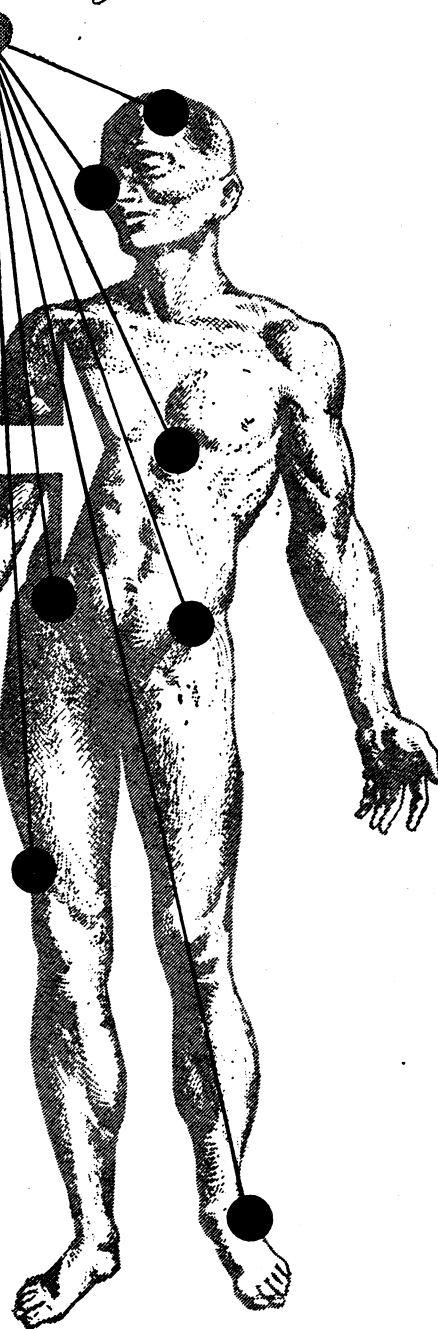

Veriloid therapy produces not only gratifying objective results — significant and sustained control of elevated arterial tension — but also leads to marked subjective benefit readily detectable by the patient. As the drug takes effect, the so-called hypertension headache is relieved, impaired renal function improves, vision becomes more clear, and the associated muscular weakness is overcome.

These beneficial changes are directly attributable to the peripheral vasodilatation induced by Veriloid and the resultant improved tissue nutrition.

While individualisation of dosage is essential for maximum therapeutic benefit, in the majority of patients a response to Veriloid is usually obtained from the average daily intake of 9 to 15 mg. given in divided dosage 3 times daily. Dosage adjustment to suit the responsiveness of the individual patient can be accomplished in a week or two. Tolerance to Veriloid is not likely to develop, and treatment can be continued indefinitely without deleterious effect.

Veriloid is available on prescription only through all pharmacies in 1 mg. and 2 mg. tablets in bottles of 100 and 500. Literature available on request.

RIKER LABORATORIES LTD.,
29, KIRKEWHITE STREET, NOTTINGHAM.

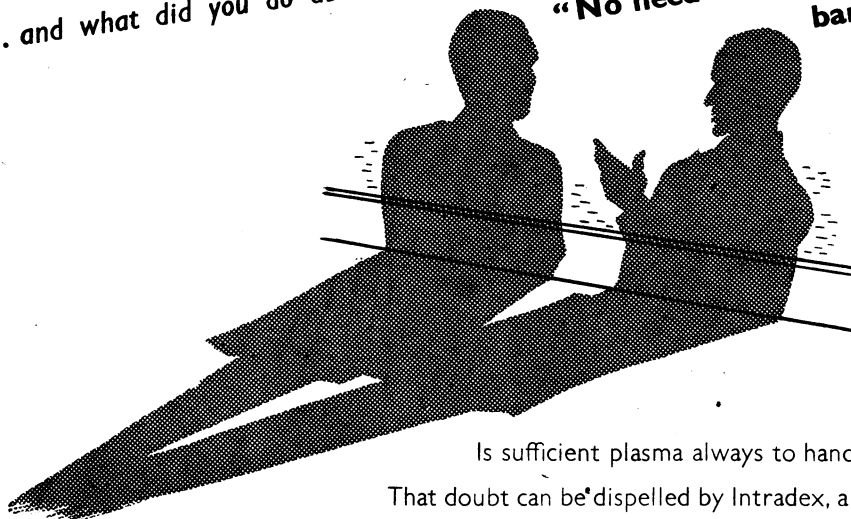

VERILOID-VP AND VERILOID INTRAVENOUS

Veriloid is also available as Veriloid-VP, containing Veriloid 2 mg. and Phenobarbitone B.P. 15 mg. for administration to patients who find it difficult to tolerate Veriloid alone.

For injection in cases of hypertensive crises, it may be obtained in ampoules containing Veriloid 0.4 mg. per c.c. in 0.25% acetic acid, under the style of Veriloid Intravenous Solution.

"... and what did you do about plasma?"

"No need for plasma. These days we bank on Intradex."

Is sufficient plasma always to hand—immediately?
That doubt can be dispelled by Intradex, a 6 per cent solution
of dextran in saline that can be stored indefinitely against
the calls of emergency.

INTRADEx

In bottles of 540 cc.

Also prepared: Intradex (Salt-Free)
Intradex (Salt-Free) with Glucose

★ There are no contra-indications to Intradex. It can be used as a complete replacement for plasma, and as a first-aid measure prior to infusion of whole blood.

GLAXO LABORATORIES LTD., GREENFORD, MIDDLESEX BYRON 3434

there's strength in combined action

The answer to many a problem lies in combined action. Witness the higher blood levels and the greater clinical efficacy that have been reported from oral administration of penicillin and the sulphonamides simultaneously in cases when the oral administration of the antibiotic or chemotherapeutic agent alone has been ineffective. A convenient means of applying this combined antibacterial therapy is Sulpenin. Containing penicillin, sulphadiazine and sulphamerazine in balanced dosage, it provides a valuable treatment for many infections due to susceptible micro-organisms. By utilising the synergistic action between penicillin and the sulphonamides the antibacterial range is increased, the likelihood of kidney damage is lessened and the tendency for the bacteria to develop mutant strains resistant to one or other of the component drugs is reduced.

Simplifying Seasonal Therapy...

PAVACOL for Coughs and Coryza

A palatable and effective cough syrup which combines the antispasmodic action of Papaverine on the bronchi with the sedative inhibitory activity of Codeine, combined with mild expectorants to assist bronchial secretion and demulcents Glycerine and Tolu to soothe and protect the mucous membranes of the throat. Papaverine and Codeine are also a most successful combination for relieving symptoms and lessening the duration of coryza.

N.B.—Pavacol is not a scheduled poison.

DOSAGE: Coughs: 1 - 2 teaspoonfuls as required.

Coryza: 1 tablespoonful morning and afternoon and 2 tablespoonfuls at bedtime.

Packing: Bottles of 4, 16 and 80 fl. oz.

ADAPRIN for Chilblains

Each tablet contains the therapeutic properties of 10 mgm. Acetomenaphthone (Vitamin K) with those of 50 mgm. Nicotinamide (Vitamin PP.) and not with Nicotinic Acid, thus avoiding the unpleasant symptoms of rapid vaso-dilatation often produced by the latter compound.

These non-toxic tablets are effective both for prevention and treatment of chilblains, and relief may be expected in a few days after treatment is commenced.

DOSAGE: Treatment: 1 - 2 tablets three times daily.

Prevention: 2 tablets daily throughout the season when chilblains are prevalent.

Packing: Containers of 25, 100 and 500 tablets.

Detailed literature and samples
on request.

THE GROWTH FACTOR IN A *SPECIAL PREPARATION* OF LIVER

The highly significant results of a clinical trial on children reported in the B.M.J. 28th June, 1952 were obtained from the use of a **SPECIAL PREPARATION of liver—KYLON G.F.**

As the author observed, "it cannot be assumed that the growth factor is present in all preparations of liver" and in fact biological tests showed other preparations to be inactive.

The Kylon G.F. (growth factor) preparation used in the clinical trials is now available in a pleasantly flavoured base as KYLON G.F.4. The liver concentrate in G.F.4 is prepared in exactly the same way as that used in the clinical trials, and before issue each batch is biologically tested for growth factor content.

KYLON G.F.4 is not advertised to the general public and may be prescribed on form E.C.10 for under-developed, mal-nourished or convalescent children.

Kylon **G.F.4.**

Packed in boxes of 28 tablets, each containing 9.2 grains
growth-promoting liver concentrate. Recommended dose 2 tablets daily.

FIBROSITIS | *Circulatory Progress*

A new approach to vaso-dilatation in the treatment of rheumatism and allied conditions.

'ALGIPAN' is a new and highly efficient surface-action cream for the relief of pain in such conditions as rheumatism, fibrositis, muscle spasm, strains and sciatica. Its success is due to the use of the penetrative agent methyl nicotinate. This enables the powerful vaso-dilator histamine to reach deeper tissues below the skin and induce a prolonged, pain-relieving hyperæmia. The glycol salicylate and capsin exert a comforting rubefacient action.

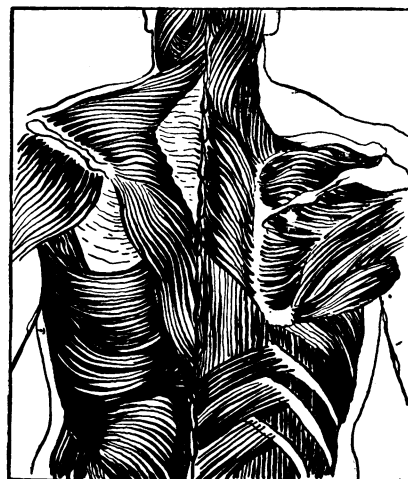

'Algipan'

• Trade Mark.

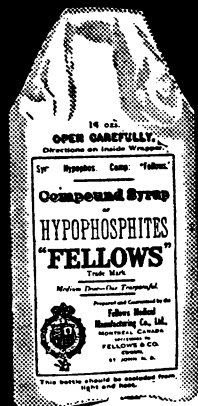

FORMULA:— Methyl Nicotinate 1.0%, Histamine Dihydrochloride 0.1%, Glycol Salicylate 10.0%, Capsin 0.1%.

JOHN WYETH & BROTHER, LTD., CLIFTON HOUSE, EUSTON ROAD, LONDON, N.W.1.

• The Trade Mark is the property of Laboratoires Midy, Paris.

The triple penetrative, warming and pain-relieving effect makes 'Algipan' valuable for all types of rheumatic and muscular pains, whether acute or chronic or arising from strain or injury. Only very gentle surface friction is required.

PAIRED FOR EFFECTIVENESS

The association of methyltestosterone and ethinylœstradiol in 'Mepilin' enables a reduction to be made in the effective dose of œstrogen for the relief of menopausal symptoms. Undesirable side-effects such as breast turgidity and pelvic congestion are avoided and the risk of withdrawal bleeding is reduced. The anabolic properties of the combination provide an increased feeling of confidence and well-being.

In ageing people of both sexes improvement is shown by a lessening of the senile degenerative state, and in many individuals by some retardation of both mental and physical decline

'MEPILIN'

ETHINYLœSTRADIOL 0.01 mg. METHYLTESTOSTERONE 3 mg.

Dosage: Menopause — 2 to 6 tablets daily. Premenstrual tension and dysmenorrhœa — 2 tablets daily from 10th to 22nd day of menstrual cycle. Geriatric conditions — 3 to 6 tablets daily.

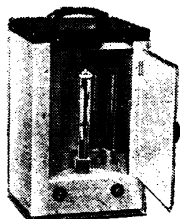

Bottle of 25 at 7/- and 100 at 21/7 to the Medical Profession

Literature and specimen packings are available on request

Ultra-Violet Therapy

Thousands of these Lumsden Cabinet Quartz Sun Lamps have already given striking proof of their reliability all over the world.

They give a generous actinic output, are very compact and of the most modern design. They can be recommended with confidence where it is necessary for a patient to have Ultra-Violet treatment carried out under the physician's guidance at home.

There is a complete range of Lumsden Lamps for every need. Full information from the LUMSDEN LAMP CO., 311, MILLBURN, ALMONDBANK, PERTH.

LUMSDEN SUN LAMP

So sturdy in construction,
So simple to operate,
So easy to hear

Dimafon

DICTATING &
RECORDING
MACHINE

Imagine how greatly the Dimafon would ease the burden of your everyday work... enable you to dictate letters and reports without interrupting the routine duties of your typist... to record discussions and conferences, lectures and patients' conversations. There are so many ways the Dimafon could help you. May we show you how?

- 1 Unbreakable and untearable records can be used.
- 2 Recordings erased in seconds for re-use.
- 3 One microphone with three degrees of sensitivity.
- 4 The recording arm tracks directly on to the record.
- 5 Corrections made by over-speaking.
- 6 The most comprehensive machine on the market.

BEREX

Reg. Trade Mark

SUCCINATE-SALICYLATE THERAPY

Licensed under DOLCIN Patent. Patented in Great Britain 642971

IN TABLET FORM

For the relief of symptoms
and aid in the control of the systemic
metabolic disturbances found to be
associated with Arthritis and
all Rheumatic disorders

INDICATIONS

1. Rheumatic Fever.
2. Articular Rheumatism
(including Rheumatoid and
Osteo-Arthritis).
3. Non-articular Rheumatism
(including Fibrositis, Neu-
ritis and Sciatica).
4. Arthritis associated with
the menopause.
5. Gout.

FUNCTION

A stimulating effect on cellular respiration and respiratory enzyme systems, together with an increase of oxygen utilisation by the tissues (impairment in tissue oxygenation having been demonstrated in arthritis).
Since Berex is non-toxic it may be prescribed whenever massive salicylate therapy is indicated.

BEREX combines the following advantages:
Prompt relief of symptoms; correction of impaired tissue oxidation; obviation of salicylate toxicity; suitability for protracted administration.

Professional sample and literature on request to:

A new preparation of **Aspirin** *for* **Children**

A SAFE AND ACCURATE DOSE OF ASPIRIN—There is little fear of an anxious mother giving too large a dose of Angiers Junior Aspirin for Children. Each tablet contains $1\frac{1}{4}$ grains of Aspirin.

IN AN EASY TO TAKE TABLET—The pleasant orange flavour and sweetening in this small pink tablet makes Angiers Junior Aspirin acceptable to children even if sucked or chewed.

WITH A SAFEGUARD AGAINST GASTRIC IRRITATION—The combination of di-calcium phosphate with the aspirin guards against any irritation caused by the acid effect of the aspirin.

Acid. Acetylsalicylic. 1.25 grains. Di-Calcium Phosphate 1.50 grains, orange flavoured and sweetened.

Bottles of 50 tablets 1/6

ANGIERS **JUNIOR ASPIRIN** *for children*

BISMUTH CARBONATE

for

DYSPEPSIA

Extract from preliminary report by a London physician (Sept., 1952)

"During the past 2 years bismuth carbonate has been prescribed for cases of peptic ulcer. The results have been remarkable, far better than those obtained with methods previously employed. The recurrence rate has been extremely low and as over 90% of cases have remained ambulant and at their employment, the overall cost of treatment has been small."

Full literature on bismuth therapy and free samples of bismuth carbonate for clinical trial will be despatched with pleasure on request to:

HOUGH HOSEASON & CO. LTD. ATLAS LABORATORIES, MANCHESTER, 19

Introducing the B.O.C BOYLE MARK II Closed Circuit Absorber

GREATER FLEXIBILITY · IMPROVED VAPORIZATION

The Boyle Mark II Circle Absorber has been designed to meet the needs of those anaesthetists who prefer the conventional rebreathing bag for hand compression. Besides permitting greater flexibility of control, this absorber also tends to increase the vapour concentration—because the basal flow is introduced *below* the surface of the ether, so that the fresh gases actually bubble through the liquid. Careful attention to design has ensured highly efficient absorption and low restriction.

Though primarily designed for use with the Boyle range of apparatus and fitted as standard to Model 'H,' the Mark II Absorber can be readily attached to almost any apparatus possessing flowmeters suitable for measuring the low rates of flow employed in closed circuit anaesthesia. *Full details will gladly be supplied on request.*

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

Deferment of recruitment for "R" practitioners (i.e., practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow an "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to a Third House Officer post (£450 per annum).

Under present arrangements in England and Wales the C.M.R.C. normally allows an "R" practitioner to proceed directly from a Second House Officer post to a Senior House Officer post (£670 per annum) for one year, but this practice will be discontinued on January 1, 1953. An "R" practitioner who completes six months in a Second House Officer post on or after January 1, 1953, will require the special written permission of the C.M.R.C. or Scottish C.M.R.C. to proceed to any further post.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held, £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

PUBLIC HEALTH

(See Important Notice page 23)

BRISTOL, CITY AND COUNTY OF
Department of Public Health
Applications invited for post of
SENIOR MEDICAL OFFICER
(Epidemiologist for Tuberculosis)
at salary £1,250 by £50 to £1,650 (Industrial Court award). A higher qualification essential. Possession of Diploma in Public Health an advantage, but not essential. Successful applicant will be employed principally in the tuberculosis service, having responsibility, in particular, for the epidemiology of tuberculosis and the local health authority's arrangements for care and after-care. He will be expected to work in co-operation with the Chest Physicians and general medical practitioners, and maintain liaison with hospital management committees and various organizations and agencies concerned with tuberculosis. The whole of his time must be devoted to his duties, and he will not be allowed to engage in private practice. Appointment superannuable and subject to medical examination. Applications, on forms from the undersigned, should be submitted by November 15, 1952. Canvassing, directly or indirectly, will disqualify.—R. H. Parry, Medical Officer of Health, Central Health Clinic, Bristol, 2. (4881)

ANTRIM COUNTY HEALTH COMMITTEE
Northern Ireland

Applications are invited from registered medical practitioners holding a Diploma in Sanitary Science, Public Health or State Medicine, for the following posts:

(a) **MEDICAL OFFICER in charge of No. II Divisional Area of County Antrim**, to act as Assistant County Medical Officer and also as Medical Officer of Health within No. II divisional area, comprising Ballymena Borough and Ballymena Rural District (combined population 46,610 approximately).

(b) **MEDICAL OFFICER in charge of No. III Divisional Area of County Antrim**, to act as Assistant County Medical Officer and also as Medical Officer of Health within No. III divisional area, comprising Larne Borough, Carrickfergus Borough and Whitehead Urban and Larne Rural Districts (combined population 41,873 approximately).

Salary for posts (a) and (b) on the scale £1,300 by £50 to £1,700 per annum as approved by the Ministry of Health and Local Government. The title, status and responsibilities of the posts are, however, subject to further consideration by the Health Committee.

(c) **ASSISTANT COUNTY MEDICAL OFFICER** to carry out duties in connexion with the maternity and child welfare service, schools medical service, and other general health functions under the direction of the County Medical Officer. Salary for post (c) on the scale £850 by £50 to £1,150 per annum.

Applicants for the three posts must be qualified in accordance with the Qualifications and Duties of Medical Officers' Regulations, S.R. & O. (N.I.), 1948, No. 26. The persons appointed will each be expected to provide a car for official duty, and will be granted a travelling allowance in accordance with the scale in force for the time being. The posts are subject to the Local Government Superannuation Act (N.I.), 1950. Regulations have provided for credit to be given within the Northern Ireland Scheme for service reckonable under approved superannuation schemes in Great Britain. It is the Committee's policy to give special consideration to applicants who have served in Her Majesty's Forces. Application forms and full particulars may be obtained from the Secretary at Rosstulla, Jordanstown, County Antrim. Applications must be lodged with the Secretary at or before noon on Saturday, November 22, 1952.—S. Penninton, Secretary. (5303)

CROYDON, COUNTY BOROUGH OF
ASSISTANT MEDICAL OFFICER OF HEALTH
AND ASSISTANT SCHOOL MEDICAL OFFICER

Applications are invited for this established appointment from registered medical practitioners, with at least three years' experience after qualification, for duties mainly in the school health and maternity and child welfare services. D.P.H. or D.C.H. will be an advantage. Salary within the scale £850 by £50 to £1,150 per annum. Applications on forms from the Medical Officer of Health, 45, Wellesley Road, Croydon, must be submitted to him by November 17, 1952. Canvassing will disqualify. No living accommodation is offered.—E. Taberner, Town Clerk. (5296)

EDINBURGH, CITY OF
Public Health Department

Applications are invited for the post of
ASSISTANT MEDICAL OFFICER
(Male or female)

in the Maternity and Child Welfare Service of the City of Edinburgh. Possession by applicants of the Diploma in Public Health or the Diploma in Child Health will be an added qualification. The salary scale is £850 by £50 to £1,150, with placing according to experience in local authority service. The successful candidate will require to undergo a medical examination and to become a contributor to the Corporation's superannuation scheme. Applications, giving age, qualifications, and experience, and the names of three referees, should be sent to the Medical Officer of Health, Johnston Terrace, Edinburgh, 1, not later than November 8, 1952. (5331)

KENT EDUCATION COMMITTEE
ASSISTANT COUNTY MEDICAL OFFICER
(Male or female)

Applications are invited for the above appointment in the North-West Kent area. The salary scale is £850 a year, with annual increments of £50 to £1,150 a year. The commencing salary will be fixed at a point on the scale according to the experience and qualifications of the successful candidate. The appointment is superannuable and the successful candidate will be required to pass a medical examination. The duties are, mainly in the school health and child welfare services and experience in the classification of educationally subnormal children will be an advantage. Applications, stating age, qualifications and experience, accompanied by the names and addresses of two persons to whom reference may be made as to professional ability and character, should be addressed to the County Medical Officer, County Hall, Maidstone, not later than November 12, 1952.—A. Elliott, M.D., School Medical Officer, County Hall, Maidstone. (5297)

GATESHEAD, COUNTY BOROUGH OF
Public Health Department

Applications are invited from duly qualified men in possession of the D.P.H., C.P.H., or D.C.H., for the post of

ASSISTANT MEDICAL OFFICER OF HEALTH
AND ASSISTANT SCHOOL MEDICAL OFFICER

Salary will be within the scale commencing £850 and rising to £1,150 per annum, by annual increments of £50, having regard to the experience of the candidate in similar posts. The appointment is superannuable, subject to medical examination, and is terminable by one month's notice from either side. A list of the duties of the office may be obtained from the Medical Officer of Health, Greenfield House, Mulgrave Terrace, Gateshead, to whom applications, stating age and experience and accompanied by not more than three recent testimonials should be sent in envelopes endorsed "Assistant Medical Officer," not later than November 15, 1952. Candidates are requested to state whether they are related to any member of the Council or Senior Officer employed by this Corporation.—J. W. Porter, Town Clerk. (5298)

JARROW, UNITED DISTRICTS OF THE
BOROUGH OF, AND URBAN DISTRICTS OF
HEBBURN AND FELLING

Aggregate population — 76,890

The Joint Committee of the above invite applications from medical practitioners possessing the requisite qualifications and experience, for the appointment of

MEDICAL OFFICER OF HEALTH

for the above United Districts, at a salary of £1,650 per annum, rising by annual increments of £50 to a maximum of £1,900, which includes the sum of £100 per annum for the combined appointment. Applicants must possess a Diploma in Public Health, or a similar qualification, and should possess experience in the administration of public health services. The person appointed will be required to devote his whole time to the duties of such offices and will not be allowed to engage in private practice. Canvassing directly or indirectly will disqualify the applicants and candidates must disclose in writing whether they are related to any member or senior officer of any of the above Councils. Particulars of the appointment and forms of application are obtainable from the undersigned. Applications, endorsed "Medical Officer of Health," addressed to the undersigned, at the Town Hall, Jarrow, must be received not later than Saturday, November 29, 1952.—M. L. Rothfield, Town Clerk of Jarrow (Clerk to the Joint Committee), Town Hall, Jarrow. (5332)

LONDONDERRY COUNTY BOROUGH
Health Committee

Applications are invited for the position of a
DEPUTY MEDICAL OFFICER OF HEALTH

Applicants must be registered medical practitioners holding a Diploma in Sanitary Science, Public Health or State Medicine, and for the position of Deputy must have had experience in a whole-time public health appointment in accordance with the Health Authorities (Qualifications and Duties of Medical Officers) Regulations (Northern Ireland), 1948, and must be otherwise qualified in accordance with the above order. Preference will be given to those applicants who have attended a special postgraduate course in the ascertainment of educationally subnormal children. The salary for the post will be in accordance with the Industrial Court award, viz.: within the scale of £966 13s. 4d. by annual increments of £50 to £1,166 13s. 4d. inclusive, plus car allowance. Increments will be payable from the first day of the financial year, subject to the condition that a newly-appointed officer shall not be entitled to an increment unless at the incremental date he has served six months in the new appointment. The person appointed will be required to reside within the County Borough. Preference will be given to ex-Servicemen possessing the required qualifications, provided that such candidate can fill, or within a reasonable time will be able to fill, the position efficiently. The appointment will be subject to (a) The terms of the Local Government Superannuation Act (Northern Ireland), 1950, which ensures the reckoning of Local Government service in Great Britain for pension purposes. (b) The approval of the Ministry of Health and Local Government for Northern Ireland. In the event of no applicant being fully qualified for the appointment in accordance with the foregoing regulations the Committee will consider all such applications received, for the post of

ASSISTANT MEDICAL OFFICER

on a salary scale of £850 by annual increments of £50 to £1,150 inclusive, plus car allowance. Forms of application and copies of the above regulations may be obtained from the undersigned, with whom completed applications must be lodged not later than Wednesday, November 5, 1952. Canvassing in any form will be a disqualification. Dated this 21st day of October, 1952.—H. A. Baxter, Secretary, Riverview House, Abercorn Road, Londonderry, Northern Ireland. (5343)

Public Health—contd.**MANCHESTER, CITY OF
Health Department**

Applications are invited from duly registered medical practitioners (men or women) who hold a Diploma in Public Health, or equivalent qualification, for the position of

SENIOR MEDICAL OFFICER

in the Nursing Services Division of the Health Department. Administrative experience is essential. The salary scale is £1,250, rising by annual increments of £50 to £1,650 per annum, and the appointment is subject to the regulations and conditions of service approved by the City Council. Full particulars of the appointment and forms of application may be obtained from the Town Clerk, Town Hall, Manchester, 2, to whom completed applications must be submitted not later than Saturday, November 8, 1952, endorsed "Senior Medical Officer—Nursing Services." Canvassing in any form is prohibited. (5008)

**MONMOUTHSHIRE COUNTY COUNCIL
ASSISTANT MEDICAL OFFICERS**

The Council invite applications from duly qualified medical practitioners for the above-named appointments. Possession of the D.P.H. or similar qualification would be an advantage. The duties will mainly be the medical inspection and treatment of schoolchildren and infant welfare work. The salary will be at the rate of £850 per annum, rising by increments of £50 to a maximum of £1,150 per annum. The successful candidates will be required to act under the direct supervision of the County Medical Officer, to devote whole time to the work of the County Council, and to reside in such place as the County Council may determine. The posts will be subject to the provisions of the National Health Service (Superannuation) Regulations, and to a satisfactory medical examination. A schedule of duties to be performed, together with conditions of appointment and a form of application, can be obtained from the County Medical Officer, to whom applications, accompanied by copies of not more than three testimonials, are to be sent by November 24, 1952.—Vernon Lawrence, Clerk of the Council, County Hall, Newport, Monmouthshire. (5299)

**NORTHAMPTON COUNTY BOROUGH
ASSISTANT MEDICAL OFFICER OF HEALTH
and ASSISTANT SCHOOL MEDICAL OFFICER**

Salary £850 by £50 to £1,150 per annum. Particulars of the above appointment and form of application, to be returned by November 29, may be obtained from the Medical Officer of Health, 7a, St. Giles' Square, Northampton.—C. E. Vivian Rowe, Town Clerk. (5144)

**STOKE-ON-TRENT, CITY OF, EDUCATION
COMMITTEE**

Applications are invited from fully qualified and registered medical practitioners for the post of

**WHOLE-TIME ASSISTANT SCHOOL MEDICAL
OFFICER**

Salary scale £850 to £1,150 per annum by annual increments of £50. The duties will consist of routine medical inspections in schools and clinic work. Experience in refraction work is desirable. The appointment is subject to the provisions of the National Health Service (Superannuation) Regulations, and is terminable by one month's notice on either side. The successful candidate will be required to pass a medical examination. Form of application, which may be obtained from the undersigned, should be completed and returned as soon as possible.—H. Dibden, Chief Education Officer, Town Hall, Hanley, Stoke-on-Trent. (5145)

SERVICES**ROYAL ARMY MEDICAL CORPS SHORT
SERVICE (SPECIALIST) and REGULAR
COMMISSIONS**

The War Office invites applications from registered medical practitioners, men and women, for

**SHORT SERVICE (SPECIALIST)
COMMISSIONS**

in the Royal Army Medical Corps, for a period of eight years, of which from two to eight years is on the active list and the balance on the reserve. Extensions up to a maximum of eight years on the active list are admissible. Commissions as specialists are granted to doctors experienced in anaesthetics, army health, medicine, psychiatry, radiology, surgery, orthopaedic surgery and medicine. Civilian applicants should have been qualified for seven years, have been engaged in whole-time practice of their speciality for five years and should hold an appropriate higher qualification in their speciality. Released medical officers, including women, should have been classified during previous military service as specialists or should fulfil the requirements outlined above. They will after three months' service be granted the temporary

rank and the pay of major. Short service specialist officers receive qualification pay and will, on being granted the temporary rank of major if single, receive total emoluments of approximately £1,325 a year, or if married £1,462 a year. Pay is increased by £55 a year on completion of two years in the temporary rank of major. Previous service on full pay as an R.A.M.C. medical officer in the rank of major counts towards three increments of pay. Antedates of up to two years for civil experience in the hospital field may be given. Applicants appointed within twelve months of leaving superannuable employment as medical practitioners on the staff of an employing authority under the National Health Service may continue contributions during the active list period of their short service commission and preserve their superannuation position. On satisfactory termination of active list service, officers not appointed to a regular commission are eligible for gratuities ranging from £450 for three years, up to £1,200 for eight years active list service. Male officers may apply for regular commissions on completion of six months as a short service medical officer. Previous full pay service as an R.A.M.C. medical officer counts towards seniority, increments of pay, promotion and pension. Regular commissions are not available for women. Regular officers retire at ages varying from 53 to 60 years, the majority at 57 years of age. Rates of retired pay vary from £500 to £1,200 a year, the majority getting £875 a year. Officers eligible for full retired pay qualify for a terminal grant up to £1,000. Further details may be obtained on application to the War Office (AMD 1), Lansdowne House, Berkeley Square, London, W.1. Visits to the above address (Room 130) will be welcomed. Telephone, GROsvenor 8040. Extension 548. (7374)

COMMERCIAL APPOINTMENTS

GENATOSAN LIMITED OF LOUGHBOROUGH invite applications from persons keen to fulfil the duties of a **Medical Representative** (1) in the Greater London area; (2) in a Midlands area, and who consider they have the necessary ability to succeed. Good remuneration offered. All expenses paid, and a car provided. Superannuation scheme in operation. Applications please, with full details, to the Personnel Officer Genatosan Limited, Loughborough.

INDUSTRIAL APPOINTMENTS

NATIONAL COAL BOARD INVITE APPLICATIONS for a superannuable post of **Scientist** on the staff of the Director of Scientific Control at London Headquarters to co-ordinate and supervise environmental studies which are to be carried out at twenty or more selected collieries during the next ten years as part of a field research on pneumoconiosis. Candidates should have a good honours degree in natural science (physics, chemistry or mathematics), preferably with experience in the study of dust and other industrial environmental problems. Salary according to qualifications and experience, but not less than the Board's Grade 1 scientist scale range (£1,095 by £35 to £1,305 to £1,495 per annum, plus London location allowance). Write, giving full particulars (in chronological order) of age, education, qualifications and experience (with dates), to National Coal Board, Establishments (Personnel) Hobart House, Grosvenor Place, London, S.W.1, marking envelope IT/544. Original testimonials should not be forwarded. Closing date November 10, 1952. (5226)

NATIONAL COAL BOARD, NORTH-WESTERN DIVISION.—Applications are invited for the post of **Medical Officer** to the No 1 (Manchester) Area. The work will include making underground visits at collieries. Candidates should have experience in the field of preventive and industrial medicine; knowledge of the coal-mining industry would be an advantage. Salary will be according to qualifications and experience, within the range of £1,250 to £1,900 per annum. Applications, giving age, education, qualifications, experience, present appointment, and salary, together with the names of two referees, should be sent to the Divisional Establishments Officer, National Coal Board, North-Western Division 40, Portland Street, Manchester, 1, within fourteen days from the date of this advertisement. (5025)

NATIONAL COAL BOARD, NORTH-EASTERN DIVISION.—Applications are invited for the post of **Medical Officer** in the Barnsley area of the North-Eastern Division. Candidates should have experience in the field of preventive and industrial medicine, and a knowledge of the coal mining industry will be an advantage. The work will include making underground visits to collieries. Salary, according to qualifications and experience, will be within the range of £1,250 to £1,900. Detailed applications, giving the names of two referees, should be sent to the Divisional Establishments Officer, National Coal Board, North-Eastern Division, Rammoor Hall, Belgrave Road, Sheffield, 10, to arrive not later than November 17, 1952. (5241)

AUCKLAND HOSPITAL BOARD, New Zealand

Applications are invited from those with the necessary qualifications for the status of Junior or Senior Specialist for the position of

RADIOLOGIST (Board's Institutions)

Applicants must be qualified medical practitioners of the British Commonwealth, and the appointee shall be registered in New Zealand before taking up duty. Salary: Junior Specialist £1,260 per annum, rising to £1,560 per annum by annual increments of £50; Senior Specialist, £1,660 per annum, rising to £1,910 per annum, by annual increments of £100, £100 and £50. (Commencing salary within these scales will be in accordance with qualifications and experience in the specialty.) The amounts quoted are in New Zealand currency and are living-out rates. Living accommodation is not provided. Particulars regarding payment by the Board of travelling expenses are set out in the conditions of appointment, which, together with an application form, may be obtained from the office of the High Commissioner for New Zealand, 415, Strand, London, W.C.2. Applications, addressed to the Secretary, close at the office of the Board, Kitchener Street, Auckland, New Zealand, at noon on Tuesday, December 2, 1952.—R. F. Galbraith, Secretary. (4879)

UNIVERSITY COLLEGE OF THE WEST INDIES

Applications are invited for the post of **SENIOR LECTURER IN OBSTETRICS AND GYNAECOLOGY**

The duties will include clinical work in the University College Hospital and instruction of students working for the medical degrees of the University of London. The salary scale is £1,200 by £50 to £1,600 per annum. The point of entry in the scale is determined by qualifications and experience. Child allowance paid and also temporary cost-of-living allowance. Superannuation under F.S.S.U. arrangements. Unfurnished accommodation available at five per cent of basic salary. The successful applicant will be expected to take up the post during March, 1953. Applications (twelve copies), giving full particulars of qualifications and the names of three referees, should be received before November 22, 1952, by the Secretary, Senate Committee on Higher Education in the Colonies, Senate House, University of London, London, W.C.1, from whom further particulars may be obtained. (5342)

Overseas—contd.

ROCHESTER GENERAL HOSPITAL
Rochester, 8, New York

Approved internships and residencies in specialties available for this year and next year.—Address Director of Medical Education. (2609)

AUCKLAND HOSPITAL BOARD
New Zealand

Applications are invited from qualified medical practitioners for the following posts to the Cardio-surgical and Thoracic Surgical Units, Green Lane Hospital, Auckland, New Zealand.

FULL-TIME THORACIC SURGEON
JUNIOR OR SENIOR SURGICAL REGISTRAR

Applicants for post of full-time Thoracic Surgeon must possess necessary qualifications for status of Junior Specialist as defined in the conditions of appointment. Salary scale £1,260 to £1,560 per annum by annual increments of £50. Commencing salary within scale according to experience. Accommodation not provided. Fares paid by Board to appointee subject to certain conditions as set out in conditions of appointment, which, together with form of application, may be obtained from the office of the High Commissioner for New Zealand, 415, Strand, London, where also is available for perusal a copy of the most recent annual report on the work carried out in the unit. Applicants for post of Junior or Senior Surgical Registrar must be eligible to qualify as either a Junior or Senior Registrar as defined in the conditions of appointment. Salary scale, Junior Registrar, £840 13s. to £898 3s. per annum by one annual increment of £57 10s. Senior Registrar, £955 13s. to £1,070 13s. per annum by two annual increments of £57 10s. Commencing salary within scale according to seniority. Accommodation is not provided. Fares not payable by Board. Conditions of appointment and form of application obtainable from High Commissioner's Office as listed above. Applications for both posts close with the undersigned at the office of the Board, Kitchener Street, Auckland, New Zealand, at noon on Tuesday, December 2, 1952.—R. F. Galbraith, Sec. (5224)

HER MAJESTY'S COLONIAL SERVICE
British Guiana
ASSISTANT SURGEON

Duties to assist in surgical work, including gynaecology, in the Public Hospital, Georgetown, the obstetrical wards and antenatal clinics of which will be under his care, to perform such surgical and other duties in the public hospitals as the Director of Medical Services may direct; to instruct junior medical officers and nurses in surgery and obstetrics. Appointment will be on three years' probation for permanent and pensionable employment or on agreement for two to three years. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights while serving in British Guiana (up to six years) and thereafter receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary. Salary scale £1,000 by £50 to £1,200 per annum. Specialist allowance of £150 per annum. Private practice is not allowed, but 50 per cent of consultation fees are payable to the officer. Free unfurnished quarters provided. Taxation at local rates. Free passages on appointment for officer and family, not exceeding five persons in all, and up to £200 for officer only on leave. Local leave permissible and generous home leave granted after each tour of from two years. Candidates must hold degrees or diplomas in medicine and surgery registrable in United Kingdom and be Fellows of one of the Royal Colleges of Surgeons. A higher qualification in gynaecology and obstetrics is desirable. They should have held resident surgical appointments in a general hospital for at least two years. Application forms from Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1, quoting reference No. CSE.60/30/02. (5339)

MIDDLE EAST
Arab Refugee Work
GENERAL SURGEONS (Men or women)

Wanted urgently for work at C.M.S. Hospital, Gaza, for minimum period of one year. The hospital is well-equipped: 100 beds, practically all surgical. It is responsible for all the major surgery for a population of approximately 300,000—250,000 of whom are Arab refugees. These posts offer a unique opportunity for concentrated surgical experience, ranging over the whole field of general surgery, including orthopaedics. A good deal of gynaecological work is also done, and there is scope among the specialties, chiefly ophthalmology and ear, nose, and throat surgery. The hospital runs a P.T.S. and is a training hospital for nurses: there are four British Sisters. The posts require people in sympathy with this kind of work as a piece of practical Christian service. Salary at mission rates: single £306, married £630 per annum, free housing and fare to and from Gaza.—Medical Superintendent, Church Missionary Society, 6, Salisbury Square, London, E.C.4. (4588)

HER MAJESTY'S COLONIAL SERVICE, Kenya
MEDICAL OFFICERS

Required for general duties. Permanent appointments with non-contributory pension at age 55, or short-term contracts with gratuity on satisfactory completion of service. Salary scale from £865 to £1,590 per annum, starting point determined by age, experience and war service. Temporary cost-of-living allowance of 25 per cent of salary, subject to maximum of £250 per annum also payable. Quarters provided at rental of 10 per cent of salary. Free passages in both directions for officer and wife and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible and generous home leave granted after each tour of from 40 to 48 months. Social amenities good. Educational facilities available for children. Medical officers are eligible for promotion to administrative super-scale posts in Kenya and other colonial territories and also, on acquiring specialist qualifications and experience, for specialist appointments. Candidates must possess medical qualifications registrable in the United Kingdom and at least one year's post-graduate hospital experience. Application forms from Director of Recruitment (Colonial Service) Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. CSE. 60/7/02). (5340)

Are Vaginal Tampons Prejudicial to Health?

An Investigation* concerned with the bacteriology of vaginal flora following the use of internal tampons was undertaken at the request and with the co-operation of the visiting gynaecologists to a London Women's hospital.

This investigation confirms earlier work carried out in America and gives further support to the claim that Tampax can be confidently recommended as a convenient, comfortable and safe form of sanitary protection.

* Tampax tampons were used in this investigation.

EXTRACTS FROM THE REPORT:—

- “Smears and cultures taken before and after each period showed no appreciable change in the bacterial flora of the vagina.”
- “None of the volunteers acquired monilia or trichomonal organisms during the period of study or developed erosions or vaginitis as a result of using the internal tampon.”
- “In each case the underlying cause responded to treatment, and did not recur, which proves that the internal tampon does not act as an irritating foreign body.”
- “The glycogen content was uninfluenced by the use of tampons.”
- “Volunteers who had not previously used tampons stated that they did not cause the irritation usually found with the perineal pad.”
- “There was no evidence that vaginal tampons are prejudicial to health.” British Medical Journal, 1, 24 (1952)
