

### July

Even the longer summer days are not long enough for the housewife. When you are so busy it is easy to overlook household accounts, but this need not worry you if you bank at the Midland, for an up-to-date statement of your receipts and payments is always available.

### MIDLAND BANK

OVER 2,100 BRANCHES TO SERVE YOU

### Cutting the coat to suit the cloth

With insurance policies as with clothes—it's the well-fitting ones that give the greatest satisfaction. The many ready-made policies often do not meet the needs of the individual. We have always borne this in mind when planning our policies. To keep them flexible rather than rigid; and to plan them personally to fit both the needs—and the pocket—of the prospective policyholder. If you are concerned for your future or for the future of your dependants, see how simple it is to guarantee now what you need. For example, at the age of 25 by setting aside the modest sum of £5 a month we could provide:

### FOR YOU

In 20 years a cash sum of £1,000 plus profits.

Should you become disabled, your premiums cease during disability and an income of £10 monthly is paid to you.

### FOR DEPENDANTS

Benefits up to a maximum of £3,400. Immediate cash payment of profits plus Pension of £10 monthly for balance of 20 years . . £2,400 Plus cash at end of

Pension period .. £1,000

£3,400

This type of plan is bringing PEACE OF MIND to many men in your calling. Send for full particulars to-day.

### Confederation Life

18 PARK LANE, LONDON, W.I

### \_\_\_ JUST PUBLISHED =

### MEDICAL JURISPRUDENCE

By I. GORDON, M.B., Ch.B., R. TURNER, M.B., Ch.B., D.P.H., and T. W. PRICE, Ph.D., M.A., LL.B. Third Edition. 1,000 pages. 143 illustrations. 75s.

The need for a new edition of this standard textbook has given the authors the opportunity of rewriting the whole work. It is an essential requirement for medical and legal practitioners in the Union of South Africa, Southern Rhodesia, and South-Vest Africa, and should also prove invaluable to members of both professions who are concerned with medico-legal practice in other parts of the world.

### COMPRESSION ARTHRODESIS, including Central Dislocation as a Principle in Hip Surgery

By JOHN CHARNLEY, F.R.C.S. With a chapter on Mechanics by Professor J. A. L. MATHESON and a chapter on Histological Observations by Professor S. L. BAKER. 276 pages. 208 illustrations.

Mr. Charnley has already written a very successful work, "The Closed Treatment of Common Fractures," and has now followed it with this new book which should prove equally vital to all surgeons.

### ENZYMATIC CONCEPT OF ANAPHYLAXIS AND ALLERGY, and the Role of Eosinophils in Anaphylactic Reactions related to Hormonal Alterations

By Z. Z. GODLOWSKI, M.D.(Cracow), Ph.D.(Edin.), M.R.C.P.(Edin.). 128 pages. 19 illustrations. 15s.

A very scholarly new book which endeavours to demonstrate the involvement of the cellular enzymatic system in anaphylactic reaction.

### MEDICINE FOR NURSES

By M. TOOHEY, M.D., M.R.C.P., D.C.H. 604 pages. 152 illustrations. 28s. A comprehensive textbook of medicine for nurses which will not only help the nurse during her training but also serve as a reference book afterwards.

# nourishment

### is the main problem ...

Brand's Essence is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weightreducing diets is especially appreciated by the patient.

### PHARMACOLOGY IN CLINICAL PRACTICE

By HARRY BECKMAN, M.D. 839 pages, with 152 figures.

The name of Dr. Harry Beckman is a household word among many thousands of doctors who have read his famous "Treatment in General Practice." This new book is directed at a much wider field, and is of inestimable value to senior students, house officers, consultants, and general practitioners.

"... This is one of the best books on therapeutics that has been published in the English language, and one which should be owned by every senior medical student, house officer and registrar, and there will be few practitioners who will not benefit from it."—THE PRACTITIONER.

"... It is an excellent book ... in advance of books which are available in Britain... The book is to be recommended to the consultant as well as to those in general practice, for it is a comprehensive and very practical guide to modern therapy."—BRITISH MEDICAL JOURNAL.

### 1953 CURRENT THERAPY

puts today's best treatments at your fingertips. The first printing of 1953 CURRENT THERAPY was by far the largest in the 5-year history of this very popular annual volume.

And yet, three weeks later, the book was back on our presses for a reprint.

When the demand for a book is that great, there can only be one answer: it is a tremendously useful book. And that's just what 1953 CURRENT THERAPY is.

This is the book that puts today's treatments at your fingertips; that gives you a description of the most effective treatment known to medical science today for every disease you are likely to encounter.

By 373 American Authorities specially selected by a Board of Eminent Consulting Editors. Editor in Chief, Dr. HOWARD F. CONN. 860 pages. 55s.

AN ATLAS OF SURGICAL EXPOSURES OF THE EXTREMITIES. By SAM W. BANKS, M.D., Associate Professor of Orthopedic Surgery; and HAROLD LAUFMAN, M.D., Associate Professor of Surgery at Northwestern University Medical School. 391 pages, 552 illustrations. 75s.

### **NEW BOOKS**

### THE MEDICAL ANNUAL, 1953

Edited by SIR HENRY TIDY, K.B.E., and A. RENDLE SHORT

With the collaboration of 45 contributors.

71st issue.  $5\frac{1}{2} \times 8\frac{1}{4}$  in. 494 pp. 72 plates and 29 text illustrations. 27s. 6d., postage 1s. 2d.

The 71st issue of this indispensable medical companion and book of reference appears in a new dress in this the Coronation year. The typographical arrangement has been improved by the use of larger type of recent design, and elsewhere minor changes have been carried out to make the pages additionally attractive. Lastly, the familiar green cloth binding has been redesigned in a contemporary style.

### THE CONCEPT OF SCHIZOPHRENIA

By W. F. McAULEY

 $5\frac{1}{2} \times 8\frac{1}{2}$  in. 145 pp. 12s. 6d., postage 5d.

The purpose of this book is to estimate present knowledge of schizophrenia, to assess its historical background and evolution, and to indicate the importance of heredity and environment. It is based on a comprehensive inquiry, both bibliographical and practical, and provides a concise account of schizophrenia that will doubtless be of value to students preparing for examinations in psychological medicine and to those medical students who contemplate specializing in psychiatry.

Published last week:

### SOCIAL PSYCHOLOGY AND INDIVIDUAL VALUES

D. W. Harding

Professor of Psychology, University of London

Takes up questions that the intelligent non-specialist can reasonably put to social psychology and sees what answers are so far available. It inquires, to give one of the many topics discussed, into the nature and development of the human being's social needs and the effects of their frustration. The emphasis of the book lies on the fact that although the people who make up society are social beings they are also individuals.

March books included:

### THE SCIENCE OF MIND AND BRAIN

J. S. Wilkie

Formerly Lecturer in Anatomy and Physiology of the Nervous System, University College, London

"Dr. WILKIE has now given us a helpful guide to its [the brain's] treasures which is more than a catalogue of lobes and convolutions, fissures and ventricles, gyri and sulci. He sifts the most recent studies in an endeavour to determine what the powers of the brain really are. Does the brain's activity 'resemble' what we experience? What is the significance of a large or small brain? Are the brain's functions localised in its parts? What makes the parts work harmoniously together?"

# PoroPlast

**Research during the past ten years** into skin irritation associated with the use of adhesive plaster has resulted in notable improvements over the old type of elastic adhesive bandage.

**PoroPlast** contains no rubber, and it is entirely free from the irritating solvents and resins usually embodied in elastic adhesive bandages. PoroPlast is porous over its whole surface, giving ventilation *even where two layers overlap*. It offers greatly increased plaster toleration even on the most sensitive skins. Samples on application.

PoroPlast conforms to the Specification for Flexible Adhesive Bandages Porous of the Drug Tariff (April 1953 Amendment) and is freely prescribable in width  $2\frac{1}{2}$  in. and 3 in. on E.C.10 under the name "PoroPlast."

### **PoroPlast**

POROUS ELASTIC ADHESIVE BANDAGE

(Flexible Adhesive Bandage, Porous, Drug Tariff)

### Would you like a sample?

A full size roll of ANDREX Teilet Tissue will be forwarded free to medical practitioners on request. Your name and address on a post card will be sufficient.

### "AH! ANDREX!

-and what a difference"

# Elastoplast Porous Adhesive Bandages are now prescribable on Form E.C.10

The adhesive mass of Elastoplast is now rendered porous by a special process.

The bandage with the Porous Adhesive has all the advantages associated with Elastoplast—firm adhesion, compression and support—while permitting free evaporation of sweat.

The price is unchanged.

When prescribing Elastoplast,
add "Porous Adhesive"
to your script.
Full details from
Medical Division,
T. J. Smith & Nephew Ltd., Hull.

Outside the British Commonwealth Elastoplast is known as Tensoplast.

### PENICILLIN COMPOUND

'PENIDURAL' is the new ready-for-use fluid oral penicillin, containing 300,000 units to each large teaspoon (5 c.c.). It will retain its full potency in aqueous suspension for eighteen months at room temperature, and is thus ideal for treatment both in hospital and home.

Extract from

Editorial of the British Medical Journal, dated

11th April, 1953, page 823.

"A standard dose of 300,000 units(of 'Penidural') was given, and after a single dose a therapeutic blood concentration was invariably found after 3 hours. When the dose was repeated at six-hour intervals a cumulative effect was observed, with continuous maintenance of a therapeutic concentration".

Below is a diagram based upon recent work as reported in the British Medical Journal, April 11th, 1953, pp. 805 and 823.

118 Patients (101 children and 17 adults) were given, irrespective of age and weight, 300,000 units of 'PENIDURAL'. No less than 100% showed therapeutic blood levels after 3 hours.

The introduction of this pleasantly flavoured liquid penicillin banishes the need for any tedious mixing. The patient merely has to pour out the specified dose.

Supplied in bottles of 2 fl. ozs. (12 large teaspoonsful)

DOCTOR, there doesn't seem to be anything wrong with the child but I'm worried..." Further questioning may bring to light that the child has a tendency to catch more than a fair share of childhood complaints, that he or she suffers from unexplained nervousness or has always been what parents used to call "sickly". When no constitutional causes can be traced have you ever considered the use of a protein tonic for such children? Sanatogen is probably the most widely used by the profession. This preparation contains 95% protein combined with 5% sodium glycerophosphate, has a specific nutrient and tonic effect and a high rate of utilisation. The protein in Sanatogen contains a higher percentage of amino-acids than any other preparation and supplies all essential

amino-acids together, thus permitting tissue regeneration in accordance with the all-or-none dietetic law. Its recorded successes seem to indicate that the relationship between an adequate protein intake and childhood health may be much closer than has been thought. Have you considered the use of Sanatogen in this light?

# Sanatogen

### Like aspirin

it is analgesic, sedative, anti-rheumatic

# Like pure calcium aspirin it is soluble and bland

By providing calcium aspirin in stable, soluble, palatable tablet form, 'Solprin' overcomes the physical and chemical defects, not only of aspirin, but of calcium aspirin itself as generally prepared. Extensive clinical trials with 'Solprin' have shown just such gratifying results as might be expected from so remarkable a combination of properties. Except in cases of extreme hypersensitivity, aspirin, in the form of 'Solprin' can now be administered in large doses over prolonged periods, without gastric or systemic disturbances.

### SOLPRIN

### Stable, soluble, palatable calcium aspirin

Clinical sample and literature supplied on application. Solprin is not advertised to the public and is available only on prescription (U.K. and Northern Ireland only). Dispensing pack, price 7/6 (Purchase Tax free) contains 300 tablets in foil.

### IN "SUMMER DIARRHOEA"

Precisely how warm weather influences the incidence of infective diarrhoea in children is uncertain, but the increased number of flies and amount of dust makes it more likely that milk and food will become contaminated, while the rapid multiplication in warm weather of the various organisms known to be associated with the disease may lead to increased virulence.

'Thalazole' is indicated when dysentery bacilli are responsible for sporadic or epidemic cases. But it is often not possible to isolate the causal organism in outbreaks, and since even the mildest cases may suddenly assume a grave character, it is suggested that treatment with 'Thalazole' should be considered as an immediate routine measure.

Supplies: Bottles of 4 and 40 fl. oz. Each 3.6 c.c. (approx. 1 teaspoonful) contains 0.75 Gm. phthalylsulphathiazole.

# Marked decrease of pyogenic infections

follows

the use of DERL containing

### HEXACHLOROPHENE

The use of "Derl", containing Hexachlorophene, has proved effective in causing a marked decrease in the incidence of pyogenic infections such as Whitlows, Sycosis, Impetigo, Furuncles, Carbuncles and Cellulitis, and can be prescribed with confidence to patients liable to these conditions.

The introduction of "Derl" has secured the interest of the Medical Profession and Health Authorities. A report recently received from a large British hospital states: "The incidence of septic skin conditions is increasing at the hospitals which we are using as a 'control' but it has not increased at the hospital where we are using DERL."

A wash with Derl lasting from one to three minutes will reduce the bacterial flora of the skin to a level unheard of by the use of ordinary soap, or by the combination of ordinary soap with other chemicals.

The high germicidal activity of this remarkable new soap is known to be due to the absorption of Hexachlorophene by the skin in sufficient quantity to exert a continuous bacteriostatic effect. No cases of sensitization have been reported.

We gladly send testing samples to members of the medical profession.

# Derl

THE SOAP WITH THE MOST EFFECTIVE

BACTERIOCIDAL ACTION

Available from Chemists only

A Product of Roberts Windsor Soap Company Ltd., Windsor

A patient on an Intalok mattress can relax completely. With this unique spring system great comfort is combined with correct support. Intalok

springs are much finer than those usually used in mattresses—giving a softer 'local' resilience. Yet, because there are hundreds of them, interlinked spring into spring, the overall support is even and firm. The complete rest Intalok brings makes a real contribution to the patient's recovery.

Here are other good reasons why Intalok is the ideal hospital mattress:

- All metal parts are rustless—can be sterilized repeatedly.
- 2 The spring centre gains by repeated stoving.
- 3 The special Intalok spring system makes the mattress unusually light and easy to handle.
- 4 Intalok mattresses can be made to special thicknesses or sizes, or in segments to suit special cases.
- 5 Existing hair mattresses can be converted to Intalok. This cuts costs.
- 6 Every Intalok springing unit is guaranteed for ten years.

Write for illustrated leaflet and prices.

# The key to successful peptic ulcer therapy

WHENEVER continuous neutralization of gastric acidity is required—in active and quiescent peptic ulcer, gastritis, hyperacidity—NULACIN TABLETS are indicated.

The successful clinical behaviour of NULACIN TABLETS is accounted for by their composition and unique manner of use.

### Dosage

Beginning half-an-hour after food a NULACIN TABLET should be placed in the mouth between the cheek and the gum and allowed to dissolve.

During the stage of ulcer activity up to three tablets an hour may be required. For follow-up treatment the suggested dosage is one or two tablets between meals.

NULACIN TABLETS are not advertised to the public and there is no B.P. equivalent. NULACIN is supplied in tubes of 25 and 12 tablets. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to Pharmacists . . . 2/-.)

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

### **APPOINTMENTS**

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

\*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter. month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

### Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years; £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years

### Other Grades, Whole-time

(a) HOUSE OFFICER: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) SENIOR HOUSE OFFICER: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

## HER MAJESTY'S COLONIAL SERVICE, Malaya

RADIOLOGISTS

RADIOLOGISTS

Required for general medical duties and as hospital radiologists. Candidates should have medical qualifications registrable by the General Medical Council in the United Kingdom, with one or more years of experience after qualification and either a Diploma in Medical Radiology or considerable experience in radiological work. Appointments are available (a) on probation for permanent and pensionable establishment, (b) on employment from the National Health Service, and (c) on shorterm contract with gratuity, (a) Permanent terms. Subject to three years' probation appointment is permanent with pension (non-contributory) at age of 55. Basic salary is paid in the scale (890 by £50 to £1.192. to £1,276 by £50 to £1.680 per annum. In addition pensionable expatriation pay is payable to all officers at the rate of £266 to £364 per annum. A non-pensionable expatriation allowance is paid to married officers without children at the rate of £91 to £132 per annum, and to married officers with children at the rate of £91 to £132 per annum, and to married officers with children at the rate of £91 to £132 per annum, and to married officers with children at the rate of £91 to £132 per annum, and to married officers with children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £91 to £135 per annum, and to married officers with children at the rate of £91 to £135 per annum, and to married officers with children at the rate of £91 control to £1.680 of the modical officers with children at the rate of £182 to £259 per annum. There are many posts, specialist and administrative, available on promotion carrying higher salaries (up to about £3,080 for the highest post). Promotion is often made before reaching the top (£1.680) of the modical officers with the Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malayan salary on leaving Malaya at the end of their engagements. Emoluments as under (a), including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for perence and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their employment in Malaya provided they surfender their rights to the resettlement grant: payment by Malayan Governments of National Health Service superannuation contributions ceases from date of permanent service. (c) Contract terms. The contract will be for three years' resident service, renewable for a further tour of three years by mutual agreement. Salary and allowances as under (a), including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum according to salary is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for expatriate terms under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom. Irish Republic. Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental. or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of dutty of three to four years. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, S.W.1 (quoting Ref. No. 27215/194), (9775)

S.W.1 (quoting Ref. No. 27215/194). (9775)

# THE CERTIFICATE, AND THE DIPLOMA, I PUBLIC HEALTH, AND THE DIPLOMA IN INDUSTRIAL HEALTH

INDUSTRIAL HEALTH

The next bl-annual Course of Instruction for the Certificate in Public Health (C.P.H.) will commence on October 2, 1953. This leads to Courses both for the Diploma in Public Health and for the Diploma in Industrial Health. All Courses may be taken either whole-time or part-time, Prospectuses, enrolment forms, and full details may be obtained from the Secretary, 28, Portland Place, London, W.1. (Telephone: Langham 2731-2.)

# UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

# RICKMAN GODLEE TRAVELLING SCHOLARSHIP

Applications are invited for the Rickman Godlee Travelling Scholarship, which is of the value of £1,000 per annum. The Scholarship can be held in any branch of medicine, including obstetrics and gynaecology, surgery or pathology. Applicants for the Scholarship must have been full students of University College Hospital Medical School, have held a house surgeoncy and one other resident appointment in University College Hospital. The Scholarship is tenable for one year, during which period the scholar must carry out a course of study or scientific research approved by the School Council, on the recommendation of the Academic Board, in recognized medical or scientific institutions either in or outside the United Kingdom. Applications should be forwarded to the Secretary, University College Hospital Medical School, University Street, London, W.C.1, on or before Saturday, September 19, 1953. (9756)

## UNIVERSITY OF MANCHESTER

A course in preparation for the DIPLOMA IN PSYCHOLOGICAL MEDICINE will commence in October, 1953, subject to a sufficient number of candidates being available. The instruction is part-time, occupying three half-days per week for eight terms. Further particulars as to regulations and fees may be obtained from the Dean of Postgraduate Medical Studies, The University, Manchester, 13, to whom application to take the course should be made not later than Monday, July 27, 1953. (9434)

## CHARGES FOR CLASSIFIED ADVERTISEMENTS

(Revised JULY 1, 1951.) CIRCULATION, 78,000.

To economize in paper, bookkeeping entries, and avoid delay, please send payment with the advertisement addressed:

Advertisement Manager,

"British Medical Journal,"

B.M.A. House, Tavistock Square, London, W.C.1.

The text of the advertisement itself should, where applicable, be clearly marked "MEMBER."

Every effort will be made to include "Hospital" and "Small" advertisements in the forthcoming issue provided they reach this office by not later than 10 a.m. on the FRIDAY of the week
preceding date of issue.

Cancellation of advertisements cannot be accepted if received after 4 p.m. on the Monday prior
to date of issue (issues affected by public holidays excepted).

DO PLEASE WRITE ADVERTISEMENTS AND
NAME AND ADDRESS CLEARLY IN BLOCK LETTERS

# A New Bayer Product FOR THE TREATMENT OF ANGINA PECTORIS

Mycardol

Trade Mark

In angina pectoris, Mycardol\* reduces the severity of the attacks and may help to diminish their frequency while, at the same time, improving exercise tolerance. Especially valuable in reducing the need for repeated doses of trinitrin, and of extremely low toxicity, this long acting nitrite provides a new and important adjuvant in the routine management of angina pectoris.

\* Pentaerythritol tetranitrate.

Packings: tablets of 30 mg. (scored to give 15 mg. per half tablet), in bottles of 100 and 1,000 tablets. The basic N.H.S. price of one week's treatment is 1/6d.
