

"Children, of course," said the family doctor, "are a special responsibility. I have found 'Sulphamezathine' to be safe and effective in most bronchial infections in children, and readily accepted, particularly when given in the new suspension."

Topical Comment on Cost

Under the N.H.S. the cost of 2 fl. oz. of this suspension dispensed from a 500 c.c. bottle is actually less than the cost of 2 fl. oz. of Mist. Sulphadimidin. pro Infant.

LONDON

FOUNDED ON A ROCK

For centuries, the many lighthouses around our shores have warned of treacherous rocks and shoals and guided shipping into the right channels. Without these safeguarding sentries of the seas many valuable lives and craft would be lost each year in the dangerous waters which surround our island home.

Babies, like frail craft, need protection if they are to be safely steered through the sometimes dangerous waters of infancy into the safe haven of adult health and happiness.

Cow & Gate, like a lighthouse, is well and truly founded on a rock of scientific research and experience now extending over half a century. It still stands alone as the most reliable and safe substitute if natural feeding fails.

COW & GATE MILK FOODS

CEREVON

in oral-iron therapy

... ferrous gluconate, an organic iron salt, has now established itself as superior to inorganic iron preparations in the treatment of iron deficiency anaemias.

Greater absorption and utilisation produce a speedy therapeutic response. Furthermore, undesirable side effects of nausea and gastric disturbance do not occur, even in patients normally sensitive to iron.

The Ferrous Gluconate used in our preparations is of our own manufacture and is *entirely free from ferric iron*.

EVANS MEDICAL SUPPLIES LTD*announce that the**ORIGINAL NEW LONG-ACTING INSULIN ZINC SUSPENSIONS***NOVO LENTE INSULINS***will be available shortly*

NOVO LENTE INSULINS are imported direct from the Novo laboratories in Copenhagen, where these outstanding new insulin derivatives were discovered and developed by Hallas-Møller and his co-workers.

TYPES OF INSULIN	ONSET OF ACTION	APPROX. DURATION OF ACTION HOURS	STRENGTH i.u. per ml.	IDENTIFICATION COLOURS	PRICE ★ per vial of 10 ml.
NOVO SEMILENTE Insulin Zinc Suspension (Amorphous)	Early	12-16	40	Vermilion/Blue	4/4½
NOVO LENTE Insulin Zinc Suspension	Intermediate	24	40 80	Mauve/Blue Mauve/Green	4/4½ 8/3
NOVO ULTRALENTE Insulin Zinc Suspension (Crystalline)	Delayed	24+	40	Brilliant Yellow/ Blue	4/4½

*To Hospitals and Retail Chemists

Characteristics of the Novo Lente Insulins

- Extensive clinical trials, first in Denmark and subsequently in the United Kingdom, have shown that they will enable not only mild and moderate but also most severe cases of diabetes to be adjusted on ONE DAILY INJECTION
- They cause no local reaction, because they contain no added protein and have been purified by repeated crystallisation
- Insulin NOVO LENTE will be used most frequently, as one daily injection will stabilize about 90 per cent of insulin-consuming diabetics. In other cases Insulin NOVO SEMILENTE or NOVO ULTRALENTE can be mixed with NOVO LENTE, or used alone—Insulin NOVO SEMILENTE where the onset of action of NOVO LENTE is not rapid enough, Insulin NOVO ULTRALENTE where its duration of action needs to be further prolonged
- Each batch is tested and assayed by the manufacturers, Novo Terapeutisk Laboratorium A/S, in Denmark, and by The Evans Biological Institute prior to release in this country.

unified front

Sulfa-Sugracillin 250M — a potent combination of penicillin and three sulphonamides — presents a unified front against sulpha- and penicillin-sensitive organisms. Sulfa-Sugracillin is practical for therapy because in addition to being promptly effective it is pleasant-tasting and readily accepted by the patient.

When oral penicillin alone is deemed sufficient, the recommended product is Sugracillin 250M, which is equally palatable.

Sulfa-Sugracillin^{*}_{250M}

fortified

Each 60 cc. bottle contains 3,000,000 units of buffered crystalline penicillin G potassium and 6 grams of sulphonamides (2 Gm. each of sulphadiazine, sulphamerazine and sulphadimidine). On addition of water to fill the bottle the resultant pleasant-tasting suspension provides in each 5 cc. 250,000 units of penicillin and 0.5 Gm. total sulphonamides.

A new and logical therapy for Rheumatic conditions

Water-soluble esters of salicylic, p-aminobenzoic and nicotinic acids, that readily pass the skin barrier

The local treatment of rheumatic conditions has hitherto presented certain difficulties; drugs which penetrated the skin often caused intense irritation and their use was of doubtful value.

Transvasin, a new preparation developed by Hamol S. A., our Swiss associates, and now available for prescription in this country, contains *esters* of salicylic, p-aminobenzoic and nicotinic acids. These esters, being both water- and fat-soluble, readily pass the skin barrier in therapeutic quantities without causing irritation, and enable an adequate concentration of the drugs to be built up where they are needed. Transvasin not only induces vasodilation of the skin with a superficial erythema but also brings about a deep hyperaemia of the underlying tissues.

Salicylic acid tetrahydro-	
furfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible cream base ad	100%

Transvasin is not advertised to the public. It is available in 1 oz. tubes at 3/4d plus 7½d P.T., and is obtainable on form E.C.10.

Aureomycin

FOR THE UROLOGIST

AUREOMYCIN is considered the most valuable antibiotic for use in infections of the genito-urinary system because of its broad range of effectiveness . . . its lack of development of resistant strains even under prolonged treatment . . . and the greatly increased activity which is engendered by the acidity of the urine. **AUREOMYCIN** is the antibiotic of choice when urogenital surgery is indicated, or when manipulation or instrumentation of the urinary passages is required.

After a single oral dose, **AUREOMYCIN** appears in the urine in appreciable quantities during the first hour, and in high concentrations for 2 to 8 hours; detectable amounts of the antibiotic are found for as long as 55 hours after a single oral dose of 0.5 to 0.75 Gm. **AUREOMYCIN** has been reported to be useful in infections commonly seen by urologists, including:

Genito-urinary infections caused by *E. coli*, *A. aerogenes*, *S. faecalis*, paracolon bacillus, staphylococcus, streptococcus and enterococcus.

CHRONIC OR RESISTANT URINARY INFECTION	NON-SPECIFIC URETHRITIS

comes

'Pro-Banthine' is parallel in action to its widely reported forerunner 'Banthine' but is 2 to 5 times more potent and exhibits greatly reduced side-effects. A true anticholinergic, 'Pro-Banthine' promotes the healing of peptic ulceration by blocking excessive vagal stimulation. The result of this action is a consistent decrease in gastric hypermotility and usually a lowering of the acidity of gastric secretions. 'Pro-Banthine' acts as an anticholinergic drug through its ability to inhibit the transmission of neural stimuli at the sites where acetylcholine serves to transmit the impulse. These sites are the parasympathetic ganglia and effectors and the sympathetic ganglia.

THEODROX**A DEPENDABLE METHOD
of administering—
AMINOPHYLLINE****ORALLY**

THEODROX provides a dependable method of oral administration of aminophylline in doses large enough to produce the same high blood levels obtainable with parenteral administration.

Previous investigations have shown that good response is obtained from aminophylline only if a certain concentration of the active component, theophylline, is attained in the blood. Because gastric irritation prevents giving oral doses large enough to produce this necessary blood level, the only dependable way of obtaining this end has been to resort to parenteral aminophylline.

Now there is clinical proof that when aminophylline is combined with a specially prepared aluminium hydroxide, the stumbling block of gastric irritation can be virtually eliminated, and massive oral doses can be tolerated to produce consistent blood levels comparable to those obtained by parenteral administration. *(1) *(2).

Theodrox is supplied in containers of 25, 100 and 1,000 tablets, each tablet containing Aminophylline B.P., 3 gr. and Aluminium Hydroxide Gel, Dried, B.P.C., 4 gr. Theodrox is also available as Theodrox with Phenobarbitone, each tablet containing in addition $\frac{1}{8}$ gr. of Phenobarbitone B.P.

REDUCING THE PRESSURE...

THE SUPERIORITY of papaverine nitrite over the generally used hydrochloride is becoming more and more recognized. The lower toxicity of the nitrite is of obvious importance in such long-term treatment as hypertensive syndromes usually demand.

'HYPERYSIN' Tablets are formularized to provide the anti-hypertensive effects of a superior nitrite together with the sedative influence of papaverine and two other agents of acknowledged synergistic action.

Composition (each Tablet approx.)—

Papaverine Nitrite 0.7 gr.
Hexamethylenetetraminodichloralhydrate . . . 3.0 gr.
Carbromalum B.P.C. 3.0 gr.

Advantages—

- Low toxicity:** Papaverine nitrite is less toxic than papaverine.
- Synergism:** The papaverine nitrite is synergistically potentiated by two other reputable sedatives.
- General effect:** 'Hyperysin' does not act so abruptly as the majority of nitrites.

Indications—

Hypertension, arterial spasm, angiospastic crises, angina pectoris.

Presentation—

Containers of 15 and 500 Tablets.

HYPERYSIN

VITAMIN

C

*for nursing
and expectant mothers*

VITAMIN C increases vitality and energy. Helps the body to resist infection. Keeps the skin clear. Encourages healthy growth of children's bones, gums and teeth. Helps wounds to heal more quickly.

The body does not store up Vitamin C. A regular daily intake is required, and the best way to ensure this is with delicious Delrosa Rose Hip Syrup. It is made from rose hips specially rich in natural Vitamin C, plus sugar syrup for energy.

Minimum requirements for adults are three teaspoonsful a day. Too much cannot be taken because the system throws off the surplus. Delrosa Rose Hip Syrup may also be taken on cereal, porridge, junket and milk puddings, in stewed fruits and drinks. Babies from one month to three months should have one teaspoonful of Delrosa daily, over three months they need two.

Every fluid ounce of Delrosa provides 57 mgms. vitamin C; 100 calories; 65 per cent sugar and an appreciable quantity of glucose for energy.

NULACIN

**provides
drip therapy
without a tube**

Maintains a continuous state of gastric anacidity

A maintained continuous state of gastric anacidity has heretofore been impossible without hospitalization and discomfort to the patient.

Now, NULACIN achieves this desirable state simply, effectively and without attendant disadvantages. A NULACIN tablet placed in the mouth between the cheek and the gum dissolves slowly and releases its contained medicaments at a rate that gives continuous neutralization of the acid gastric juice. NULACIN accomplishes this with considerably less antacid than is required by any other method of oral administration. The results are comparable with those of intragastric milk-alkali drip therapy.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the acid gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Dosage: Beginning half-an-hour after food a NULACIN tablet should be placed in the mouth between the cheek and the gum and allowed to dissolve.

During the stage of ulcer activity up to three tablets an hour may be required. During quiescent periods, for prophylaxis in peptic ulcer and for the relief of discomfort due to gastric hyperacidity, the dose of NULACIN is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing unit of 25 tablets is free of purchase tax. (Price to pharmacists ... 2/-). Also available in tubes of 12.

Superimposed gastric fractional test-meal curves of five cases of duodenal ulcer.

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

SITUATIONS (Vacant)

Metropolitan Water Board

The Metropolitan Water Board invite applications from duly qualified medical men possessing wide experience in the chemical and bacteriological examination of water for the position of

Director of Water Examination

which will shortly become vacant on the retirement of the present holder. The salary scale will be £2,750 per annum, rising, subject to satisfactory service, by annual increments of £150 to £3,500 per annum. The Director will be required to give his whole time to the service of the Board; to superintend and be responsible to the Board for all examinations, analyses and experiments, and the reports thereon, concerned with the quality of the supply; and to undertake such research work and chemical analyses and investigations, whether of water or otherwise, as may from time to time be required by him. Laboratory and office accommodation, equipment and staff are provided. The appointment will be held during the pleasure of the Board, and the person appointed will be subject to the Standing Orders, regulations and conditions of service which may from time to time be in force and appropriate. The selected candidate will be required to pass a medical examination by the Chief Medical Officer and to undertake in writing to join the Board's superannuation and provident fund. Pensionable service under the Local Government Superannuation Act, 1937, the Local Government Superannuation (Scotland) Act, 1937, or under the Local Government and other Officers (Superannuation) Act, 1922, may under certain conditions be counted as pensionable service with the Board. Applications, which must be submitted on the form provided for the purpose, a copy of which can be obtained from the undersigned on receipt of a stamped foolscap envelope, should be addressed to the Clerk of the Board endorsed "Appointment of Director of Water Examination," and must reach the offices of the Board not later than November 16, 1953. The form contains further particulars concerning the appointment. Canvassing in any form, direct or indirect, will be held to be a disqualification.—W. S. Chevalier, Clerk of the Board, Offices of the Board, New River Head, Rosebery Avenue, London, E.C.1. (8410)

PUBLIC HEALTH**BIRMINGHAM, CITY OF****Public Health Department****WHOLE-TIME ASSISTANT MEDICAL OFFICER (Male or female) for Maternity and Child Welfare**

Applicants should have had experience in work with mothers and children, including a six months' resident post in a maternity hospital and in a children's hospital. The D.P.H. or D.C.H. will be considered an additional qualification. The duties will be mainly in connexion with maternity and child welfare as well as the medical aspects of the care of deprived children. Salary £950 by £50 to £1,300 per annum, according to qualifications and experience. Pension scheme (including widows and orphans); medical examination. Form obtainable from the Medical Officer of Health, Council House, Birmingham, 3. Applications, with three recent testimonials, to be returned by November 7, 1953. (8365)

CUMBERLAND COUNTY COUNCIL**DEPUTY COUNTY MEDICAL OFFICER**

Applications are invited for the above appointment. Possession of the D.P.H. or corresponding qualification is essential. Experience in public health administration, civil defence, or the holding of approval by the Ministry of Education for the examination of educationally sub-normal children will be a recommendation. Salary within the range £1,300 (by two annual increments of £100 and one of £50) to a maximum of £1,550, according to qualifications and experience. The successful applicant will be required to pass a medical examination and to contribute to the appropriate superannuation scheme. Further particulars may be obtained from the County Medical Officer, 11, Portland Square, Carlisle, to whom applications, together with the names and addresses of three referees, must be sent by Saturday, November 28, 1953.—G. N. C. Swift, Clerk of the County Council, the Courts, Carlisle. (8301)

FLINTSHIRE COUNTY COUNCIL (Population 145,700)**Applications are invited for the appointment of DEPUTY MEDICAL OFFICER OF HEALTH (Male)**

from duly qualified and registered medical practitioners holding the Diploma in Public Health or similar qualification. Salary according to Award No. 2321 of the Industrial Court, plus a car allowance. Commencing salary will be fixed according to experience. The officer appointed will be required to devote the whole of his time to the duties of the office, and to act under the direction of the County Medical Officer of Health. The appointment is superannuable and the successful candidate will be required to satisfy a medical examination. Form of application can be obtained from the undersigned, and should be returned not later than November 16, 1953.—W. Hugh Jones, Clerk of the County Council, County Buildings, Mold. (8344)

Applications are invited from registered medical practitioners for appointment to the post of

MEDICAL OFFICER OF HEALTH

The salary scale is £1,550 per annum, rising by annual increments of £50 to a maximum of £1,750 per annum. In fixing the commencing salary, regard will be had to previous experience in public health service. A memorandum of information relative to the duties of the post and conditions applicable to the appointment may be had from the subscriber, with whom applications (twelve copies), stating age, qualifications, previous appointments and experience, as also copies of testimonials, should be lodged not later than November 9, 1953.—Alexander McIntosh, Town Clerk, Town Hall, Motherwell. (8393)

NOTTINGHAMSHIRE COUNTY COUNCIL**Hucknall Urban District Council**

Applications are invited from registered medical practitioners for mixed whole-time appointment of

ASSISTANT COUNTY MEDICAL OFFICER AND MEDICAL OFFICER OF HEALTH

to the Hucknall Urban District. Applicants must have had at least three years' professional experience since qualifying, be experienced in the duties of Medical Officer of Health, School Medical Officer, and the care of mothers and young children, and possess a Diploma in Public Health. Salaries are in accordance with Awards 2285, 2321 and 2452 of the Industrial Court for Public Health Medical Officers holding mixed appointments, namely: (a) Assistant County Medical Officer (32/44ths), £875 by £39 15s. 6d. to £1,034 2s. (On scale £1,100 by £50 to £1,300, plus loading in accordance with Spens formula.) (b) Medical Officer of Health (12/44ths), £436 7s. 3d. by £13 12s. 9d. to £490 18s. 3d. (On scale £1,500 by £50 to £1,700, plus 12/44ths of £100.) Application forms and conditions of appointment are obtainable from my office, and applications should reach me by November 20, 1953. Canvassing disqualifies.—K. Tweedale Meaby, Clerk of the County Council, Shire Hall, Nottingham. (8343)

SOUTHEND-ON-SEA, COUNTY BOROUGH OF**Public Health Department**

Applications are invited from duly qualified medical practitioners for appointment as

ASSISTANT MEDICAL OFFICER

to begin duty in January next. Salary £950 by £50 to £1,300. Duties will include school medical inspection and treatment, and general public health duties. The appointment will be subject to the National Health Service Superannuation Regulations, and the person appointed will be required to satisfy the Corporation's medical examiner. Particulars of appointment and forms of application can be obtained from the Medical Officer of Health, Municipal Health Centre, Warrior Square, Southend-on-Sea, to whom applications should be returned not later than November 7, 1953.—Archibald Glen, Town Clerk. (7998)

NORWICH, CITY OF**DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY SCHOOL MEDICAL OFFICER**

Applications are invited for the above-mentioned post from registered medical practitioners holding a Diploma in Public Health or an equivalent qualification. Salary scale £1,266 13s. 4d. by £50 to £1,516 13s. 4d. Car allowance granted. For particulars and application forms apply to the Medical Officer of Health, 68, St. Giles' Street, Norwich, by whom applications should be received not later than November 14, 1953. (8789)

STAFFORDSHIRE COUNTY COUNCIL**DEPUTY COUNTY MEDICAL OFFICER OF HEALTH AND DEPUTY COUNTY SCHOOL MEDICAL OFFICER**

The County Council invite applications for the above-mentioned whole-time appointment. Applicants must be duly registered medical practitioners holding a degree or Diploma in Public Health. Previous practical experience in public health and school health service work is essential, and candidates having had experience in administration will receive preference. The candidate appointed will be required to undertake any duties required by the Council bearing on the health and school services of the County: will act under the administrative control of and be responsible to the County Medical Officer of Health and County School Medical Officer; will be required to provide a car for which allowances will be paid according to the County Council's scale. The salary scale for this appointment is £1,767 per annum, rising by annual increments of £100 (3) and £50 (1) to £2,117 per annum. The appointment will be terminable by three calendar months' notice in writing on either side and will be subject to the appropriate superannuation provisions and to the passing of a medical examination. Candidates should state in their applications whether or not they are related to any member or senior officer of the County Council, and canvassing in any form will be a disqualification. Applications marked "Deputy County Medical Officer and Deputy County School Medical Officer," together with copies of not more than three recent testimonials, should reach the undersigned by not later than November 11, 1953.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (8120)

Point of entry in scale determined by qualification and experience. Child allowance paid. Superannuation under F.S.S.U. Unfurnished accommodation available at rent five per cent of basic salary. Applications (ten copies), giving full particulars of qualifications and experience, and names of three referees, should be received before November 23, 1953, by the Secretary, Senate Committee on Higher Education in the Colonies, University of London, Senate House, London, W.C.1. from whom further particulars may be obtained. (8538)

NEW ZEALAND

Applications are invited from qualified medical practitioners of the British Empire for the position of

ASSISTANT TUBERCULOSIS OFFICER in the Department of Health, New Zealand

Special importance will be attached to previous experience as a specialist in tuberculosis. Salary in accordance with the Hospital Employment Regulations and within the range of N.Z.£1,290 up to N.Z.£1,590 per annum, non-resident. Conditions of appointment, form of applications, etc., obtainable on request (mentioning this *Journal*, and quoting reference No. A.3/6/4) from the High Commissioner for New Zealand, 415, Strand, London, W.C.2, with whom completed applications should be lodged not later than December 5, (8406)

HER MAJESTY'S COLONIAL SERVICE Nigeria

Applications are invited from doctors with medical qualifications registrable in the United Kingdom and with at least one year's experience after qualification for the following posts in the Medical Department of the Government of Nigeria:

(a) **MEDICAL OFFICERS**

For general duties in preventive and curative medicine, which may include purely rural health work involving much travelling.

(b) **MEDICAL OFFICERS OF HEALTH**

Duties as under (a). In addition, the selected officers would undertake the control of sanitary matters, and may be required to perform the duties of Port Health Officer at a sea- or airport. Candidates should possess a Diploma in Public Health. A Diploma in Tropical Hygiene, though not essential, is desirable.

Appointments may be made as follows: (a) On three years' probation for permanent and pensionable employment in the Colonial Medical Service, with retiring age of between 45 and 55. Pensions are at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable service. (b) From the National Health Service. Candidates may resign from the National Health Service but retain their superannuation rights during their time in Nigeria (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary on leaving Nigeria at the end of their engagement. (c) On short-term contract (two to four tours of 18 months' duration), with inclusive salary of from £1,087 per annum, rising to £2,000 per annum; on completion of contract a gratuity is paid at the rate of £57 10s. for each completed period of three months' service (including leave). Officers appointed under (a) or (c) are required to contribute to a widows' and orphans' pension scheme. Salaries, including pensionable expatriation pay for officers appointed under (a) or (b), range from £950 to £1,850 per annum. Starting salary in all cases depends on experience and war service. Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Income tax at local rates. Local leave is permissible, and generous home leave is granted for each tour of 18 months' duration. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Gt. Smith St., London, S.W.1 (quoting ref. No. CDE.117/14/01).

UNIVERSITY APPOINTMENTS

GLASGOW ROYAL INFIRMARY

McGHEE CANCER RESEARCH SCHOLARSHIP

Applications are invited from suitably qualified persons (not necessarily medical graduates) for the above scholarship which is now vacant. This appointment is a whole-time research appointment, and remuneration is at the rate of £800 to £1,000 per annum, according to age and experience. Applications, with names of not more than three referees, should be forwarded to the undersigned, from whom further particulars may be obtained. In their applications, candidates should indicate the nature and scope of their proposed research.—Thomas Bryson, M.B., Ch.B., Medical Superintendent, Glasgow Royal Infirmary, 84, Castle Street, Glasgow, C.4. (8428)

GLASGOW ROYAL INFIRMARY

McINTYRE CLINICAL RESEARCH SCHOLARSHIP

Applications are invited from young medical men for the above scholarship. The work of this scholarship may be devoted to any branch of clinical investigation. The appointment is whole-time, and remuneration is at the rate of £500 per annum for two years. Applications, with names of not more than three referees, should be forwarded to the undersigned, from whom further particulars may be obtained.—Thomas Bryson, M.B., Ch.B., Medical Superintendent, Glasgow Royal Infirmary, 84, Castle Street, Glasgow, C.4. (8427)

INSTITUTE OF DERMATOLOGY

British Postgraduate Medical Federation—University of London**Applications are invited for the appointment of WHOLE-TIME SENIOR LECTURER**

to the Institute. Candidates must be Fellows or Members of the Royal College of Physicians of London or possess an equivalent qualification, and have experience of teaching of and research in dermatology. The salary scale will be £1,250 to £1,750 and the initial salary will be fixed according to qualifications and experience. The appointment is superannuable (with eligibility for family allowance). Applications by December 31, 1953, stating nationality, qualifications, details of previous appointments and names of three referees, to Secretary, Institute of Dermatology, St. John's Hospital for Diseases of the Skin, Lisle Street, Leicester Square, London, W.C.2. (8426)

ROYAL CANCER HOSPITAL Fulham Road, London, S.W.3**GORDON JACOBS RESEARCH FELLOWSHIPS**

Applications are invited from medically qualified persons for a full-time clinical Research Fellowship. Special consideration will be given to applicants wishing to carry out research in the medical aspects of protection against ionizing radiation. The grant will be £650 to £750, according to age and experience, and the appointment will be for one year in the first instance, and may be renewable annually to a tenure of three years. Applications should include (a) an outline of the research proposed, (b) details of previous training and experience, academic qualifications and published papers, and (c) the names of two referees, and addressed to reach the House Governor not later than November 16, 1953. (8150)

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE, Hunter Street, London, W.C.1

Applications are invited from registered medical practitioners, men or women, for the appointment from January 1, 1954, of

LECTURER IN PATHOLOGY AND HONORARY ASSISTANT BACTERIOLOGIST to the Royal Free Hospital

Duties include both teaching and hospital diagnostic routine. Two or three years' experience in pathology essential, including general training in bacteriology. Salary £900 by £100 to £1,100 per annum, with superannuation benefits and family allowances. Applications (nine copies), stating age, qualifications and experience, with nine copies of three testimonials, to be sent to the Secretary at the above address not later than November 21. (8352)

UNIVERSITY OF LONDON

Institute of Child Health

Applications are invited for the post of **LECTURER IN PHYSIOLOGY to the Institute of Child Health**. The appointment is whole-time, and becomes vacant on January 1, 1954, and is tenable for a period of one year in the first instance. Salary £900 per annum. Duties include research and postgraduate teaching. Applications, giving full details of previous experience and with the names of three referees, must be received not later than December 14, 1953, by the Director, The Institute of Child Health, The Hospital for Sick Children, Great Ormond Street, London, W.C.1, from whom further particulars may be obtained. (8481)

Readers frequently desire to refer to advertisements concerning appliances, preparations, etc., which have appeared in earlier issues of the *Journal*.

The Advertisement Manager can supply particulars at any time.

In dealing with written enquiries, especially from overseas, correspondents are, wherever possible, put in direct contact with the advertisers in whose products they are interested.

Write: Advertisement Manager,

For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided. **MOULTON PARK.**—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombières treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The Hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

(XF915B)

For the 'bilious' or 'liverish' patient

DEHYDROCHOLIN B.D.H. is the most active and least toxic of the bile acids. Since it is highly effective in promoting the secretion of bile and therefore aids the digestion and absorption of foodstuffs, particularly fats, it is indicated particularly for the treatment of 'bilious' or 'liverish' conditions.

Dehydrocholin B.D.H. is also useful in establishing normal bowel action in patients with a deficiency of bile and in patients needing mild peristaltic stimulation. Dosage of three tablets three times a day is recommended.

DEHYDROCHOLIN B.D.H.

Tablets for oral administration, each containing 0.25 gramme in bottles of 20 at 3/- and 100 at 13/-; Solution for injection—ampoules containing 2 grammes of sodium dehydrocholate in 10 ml. Box of 6 ampoules 14/-; box of 25 at 55/- Basic N.H.S. prices.

Literature and samples are available to physicians on request to the Medical Department
