**THIN END
OF THE WEDGE
FOR FLAT FEET!**

The largest single cause of foot trouble in childhood—pronation—could easily become the least. 'Inneraze' shoes provide the complete answer: they apply the wedge principle at its most sensible, *built into the shoe itself*. This, together with the buttressed heel, gives a corrective support that lasts the life of the shoe, unaffected by wear or repair. And because the wedge cannot be seen 'Inneraze' is practically indistinguishable in wear from any of the first-class shoes made for normal young feet by Start-rite.

INNERAZE Shoes by

'TERCIN'

FOR MILD FORMS OF PAIN

"Aspirin and phenacetin are effective and useful, and a sedative effect is obtainable if a barbiturate is combined with them. . . . The reputation of codeine as a pharmacologically useful drug is at present waning, for the analgesic effect of the compound tablet of codeine B.P. is probably due more to its content of aspirin and phenacetin than to the $\frac{1}{4}$ gr. (8 mg.) of codeine present. It is a weak analgesic even when given in full doses." (Brit.Med.J. 1952 (Oct. 25th) ii, p.928)

Tercin combines aspirin and phenacetin with a barbiturate. It is intended for the relief of all those mild forms of pain for which tablets of Aspirin, Phenacetin and Codeine have hitherto been prescribed.

COST—The cost of 'Tercin' to the

National Health Service is no greater than that of Tab. Codein. Co. B.P. The basic N.H.S. price is 4/10 per bottle of 200.

Each tablet of Tercin contains aspirin 5 grains, phenacetin 3 grains and butobarbitone $\frac{1}{4}$ grain.

DOSAGE: One or two tablets as required. A total dose of eight tablets daily should generally not be exceeded.

Literature and samples are available on request to the Medical Department

In the Service...

Research

The House of Wander continues to maintain its advanced position in pharmaceuticals and quality food products because the standardization of active ingredients during manufacture is backed by careful control and investigation in its extensive Research Laboratories.

In Quality

The Wander Research Laboratories have made useful contributions in the fields of dietetics, nutrition and vitamins. Their wide experience and up-to-date laboratory facilities help to maintain the high quality of Malt Extract and Cod Liver Oil (Wander), the vitamin content of which exceeds that of the analogous B.P. preparations.

The special consideration of physicians when prescribing a malt and oil preparation is that of vitamin values. Comparative studies prove that to prescribe "Wander Brand" is to specify malt extract and cod liver oil of the finest possible quality.

In the Service of Medicine

Careful control and investigation help to maintain "Wander Brand" in the forefront of its class. Moreover, with all its special advantages, "Wander Brand" costs no more than some malt and oil preparations with a lower vitamin content. *And since its vitamin content exceeds B.P. standards it may be prescribed without restriction for therapeutic purposes on N.H.S. scripts, thus:*

ORIGINAL NEW LONG-ACTING INSULIN ZINC SUSPENSIONS

NOVO LENTE INSULINS

NOVO LENTE INSULINS are imported direct from the Novo laboratories in Copenhagen, where these outstanding new insulin derivatives were discovered and developed by Hallas-Møller, Pedersen and Schlichtkrull.

TYPES OF INSULIN	ONSET OF ACTION	APPROX. DURATION OF ACTION HOURS	STRENGTH i.u. per ml.	IDENTIFICATION COLOURS	PRICE * per vial of 10 ml.
NOVO SEMILENTE Insulin Zinc Suspension (Amorphous)	Early	12-16	40	Vermilion/Blue	4/4½
NOVO LENTE Insulin Zinc Suspension	Intermediate	24	40 80	Mauve/Blue Mauve/Green	4/4½ 8/3
NOVO ULTRALENTE Insulin Zinc Suspension (Crystalline)	Delayed	24+	40	Brilliant Yellow/ Blue	4/4½

*To Retail Chemists

Characteristics of the Novo Lente Insulins

- Extensive clinical trials, first in Denmark and subsequently in the United Kingdom, have shown that they will enable not only mild and moderate but also most severe cases of diabetes to be adjusted on ONE DAILY INJECTION
- They cause no local reaction, because they contain no added protein and have been purified by repeated crystallisation
- Insulin NOVO LENTE will be used most frequently, as one daily injection will stabilize about 90 per cent of insulin-consuming diabetics. In other cases Insulin NOVO SEMILENTE or NOVO ULTRALENTE can be mixed with NOVO LENTE, or used alone—Insulin NOVO SEMILENTE where the onset of action of NOVO LENTE is not rapid enough, Insulin NOVO ULTRALENTE where its duration of action needs to be further prolonged
- Each batch is tested and assayed by the manufacturers, Novo Terapeutisk Laboratorium A/S, in Denmark, and by The Evans Biological Institute prior to release in this country.

New conditions and terms of service

Regular and Short Service Commissions

New and improved conditions of service in the R.A.M.C. are now offered to doctors. These include:—

- ★ *permanent commissions direct from civil life.*
- ★ *after one year's satisfactory service, grant of £1,500 (taxable) to officers appointed to a regular commission after 1st October, 1953.*
- ★ *antedates (which count towards pay and promotion) of up to 7 years for civilian experience, and credit for former commissioned service other than as a doctor.*
- ★ *3 year short service commissions for those having liability for National Service.*
- ★ *increases in pay for majors and above.*
- ★ *increased rates of specialist pay.*

For full details, application should be made to the War Office (AMD1A), Room 130, Lansdowne House, Berkeley Square, London, S.W.1. (Telephone: GROsvenor 8040 Ext. 548).

A new and logical therapy for Rheumatic conditions

Water-soluble esters of salicylic, p-aminobenzoic and nicotinic acids, that readily pass the skin barrier

The local treatment of rheumatic conditions has hitherto presented certain difficulties; drugs which penetrated the skin often caused intense irritation and their use was of doubtful value.

Transvasin, a new preparation developed by Hamol S. A., our Swiss associates, and now available for prescription in this country, contains *esters* of salicylic, p-aminobenzoic and nicotinic acids. These esters, being both water- and fat-soluble, readily pass the skin barrier in therapeutic quantities without causing irritation, and enable an adequate concentration of the drugs to be built up where they are needed. Transvasin not only induces vasodilation of the skin with a superficial erythema but also brings about a *deep* hyperaemia of the underlying tissues.

Salicylic acid, tetrahydro-furfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible cream base ad	100%

Transvasin is not advertised to the public. It is available in 1 oz. tubes at 3/4d plus 7d P.T., and is obtainable on form E.C.10.

Perihemin

IRON-B₁₂-C-FOLIC ACID-STOMACH-LIVER FRACTION

Lederle

the haematinic of choice

PERIHEMIN* represents a considerable advance in the treatment of common anaemia, by means of a single form of medication. Already acknowledged the haematinic of choice in many hospitals in America, it is now introduced to physicians in the United Kingdom as a major therapeutic aid of proven merit in the iron-deficient and many megaloblastic anaemias.

DOSAGE

For severe megaloblastic anaemias, 3 capsules 3 times daily after meals. In other anaemias, 1 capsule 3 times daily after meals. In bottles of 100 and 1,000 capsules.

Literature on request.

PERIHEMIN combines the principal known haemopoietic substances in a well-balanced formula. An oral preparation, in capsule form, which provides maximum toleration and optimal dosage for the patient, it is invaluable in the treatment of nutritional hypochromic anaemia, post-infectious anaemias, the megaloblastic anaemias of pregnancy, infancy, pellagra and sprue and allied dyscrasias.

FORMULA

Each capsule contains Ferrous Sulphate Exsiccated, 192.0 mg., Vitamin B₁₂, 10 micrograms, FOLVITE Folic Acid, 0.85 mg., Ascorbic Acid (C), 50.0 mg., Powdered Stomach, 100.0 mg., Insoluble Liver Fraction, 350.0 mg.

Mummy, this isn't medicine — it's nice!

When medicine is "nice to take" the doctor's work is considerably lightened. This is the secret of the success of

Suspension Chloromycetin Palmitate. A pleasantly-flavoured preparation containing a tasteless derivative of Chloromycetin, each 4c.c. (teaspoonful) is therapeutically equivalent to 125mg. Chloromycetin. It hydrolyses readily in the gastrointestinal tract, yielding the pure antibiotic. It can thus be easily administered both to infants and children and to those unable to take capsules, for the successful treatment of bacterial, viral or rickettsial infection.

Terramycin

BRAND OF OXYTETRACYCLINE

in URINARY TRACT INFECTIONS

Terramycin is effective in the treatment of infections due to mixed bacterial flora, infections resistant to other chemotherapeutic and antibiotic agents and infections due to some strains of *Ps. pyocyanea* (1).

in RESPIRATORY TRACT INFECTIONS

the particular value of Terramycin lies in its efficacy against the variety of aetiological agents involved. It is effective in such conditions as laryngotracheobronchitis (2), a typical pneumonia (3), and staphylococcal empyema (4).

in OPHTHALMOLOGY

the particular value of Terramycin lies in the low incidence of sensitivity following topical application (5). It was found in a series of one hundred and sixteen cases of ocular infection that only one patient developed the least sign of allergy (6). Terramycin ophthalmic ointment is useful in epidemic keratoconjunctivitis (7).

in SURGICAL INFECTIONS

Terramycin is the broad-spectrum antibiotic of choice in peritonitis (8), pre-operative prophylaxis, and soft tissue infections. It is also effective in other conditions due to the broad range of Terramycin-sensitive organisms.

in VENEREOLOGY

It was considered that Terramycin is the first choice for gonorrhoeal patients who are allergic to penicillin, who cannot with convenience be injected or who fear the needle. The same author found Terramycin to be unsurpassed in the treatment of non-specific urethritis (9).

in PÆDIATRICS

and the general field of infective medicine, the value of Terramycin is due to its very wide antibacterial range, its versatility and ease of administration, the rapidity of its action and its remarkably low toxicity. British investigators have stressed its particular value in paediatric practice (10).

in EAR, NOSE & THROAT INFECTIONS

the broad spectrum of Terramycin is of particular value owing to the mixed nature of many of these conditions. It was found in a series of cases with chronic suppuration of the middle ear and mastoid that Terramycin gave the most satisfactory results (11). A satisfactory oral treatment of acute otitis media has again been recently reported (12).

in DERMATOLOGY

the particular value of Terramycin lies in the rapidity of its action and the low incidence of sensitization (13).

Graph showing percentages of average age of onset of menopause, drawn from figures compiled by the Council of Medical Women's Federation in England.

Why MIXOGEN is prescribed for menopausal symptoms

Because it is now established that :—

- combined male and female hormone treatment is the most effective in this condition.
- the correct balance of the two hormones is essential both for efficacy and economy—determined by extensive clinical trial in the U.K. and unique to Mixogen.
- both the hormones in Mixogen are completely effective when swallowed—thus maximum, immediate relief is given in the simplest and most convenient way.

Dosage : Initially 1-2 tablets daily, reducing when possible.

Packs : Perspex tubes of 25 tablets, and bottles of 100, 250 and 500.

Boots Pure Drug Company Limited, pioneers in the manufacture of Insulin, announce the availability of Insulin Zinc Suspensions. These new Insulins are characterised by their prompt but sustained action, which is related to the physical form of the insulin-zinc complex. Their retard effect does not, therefore, depend on the addition of secondary protein.

Boots Insulin Zinc Suspensions offer the following advantages:

Most diabetics can be controlled with one injection daily.

There is no secondary protein and sensitization reactions are less likely to occur.

They are neutral in reaction.

They are suitable for diabetes of the "juvenile" type.

A perfect source of Vitamin C

RIBENA (*Syrupus Ribis Nigri B.P.C.*)

HIGH CONCENTRATION OF VITAMIN C — REMARKABLE STABILITY

Four characteristics of Ribena make it a perfect source of Vitamin C:

- 1 It contains a high concentration of Vitamin C — and it is very stable.
- 2 The vitamin is in its natural state.*
- 3 Ribena is very well tolerated even by sensitive stomachs. It is completely free from all cellular structure. It is suitable for infants almost from birth, for peptic ulcer cases, and for women suffering from "morning sickness"; they can take it when almost everything else increases discomfort.
- 4 In addition to its therapeutic values, it is delicious in its own right as sweet blackcurrant syrup.

* *Following reports of unsatisfactory response to the therapeutic use of synthetic ascorbic acid in peptic ulcer cases, controlled tests using Ribena were instituted at various large British hospitals, with striking results. Clinical experience has also shown that in ulcerative gingivitis, the routine use of Ribena as an adjunct to local therapy has given more satisfactory results than that of the synthetic vitamin. The superiority is presumably due to the presence of other factors of the Vitamin-C complex, possibly the Vitamin P, as well as mineral elements.*

Therapeutic uses

Ribena is recommended for all conditions requiring Vitamin-C implementation: namely, as a natural and rapid restorative from fatigue; for increasing resistance to local infection and colds; for expectant and nursing mothers; for infants from birth; for children and adolescents; in many dental conditions; in peptic ulcer cases; in fractures and wounds; in blood dyscrasias and hæmorrhagic states; in infections and fevers; and in many skin disorders.

Reports for doctors overseas

The makers of Ribena co-operated extensively with the Ministries of Food and Health during the war, a co-operation which still goes on to some extent even now. The Royal Forest Factory has attached to it a series of very fine laboratories where research into fruit juices and vitamins is conducted to an academic level, under the direction of an expert, lately in charge of the Fruit Products Section of the University of Bristol Agricultural Research Station. Reports of much of the work done are available, on application, to doctors and scientists overseas. These are likely to be of particular interest now that Ribena is being extensively exported.

Send for further information. A booklet entitled "Blackcurrant Juice in Modern Therapy: Natural Vitamin C" will be forwarded to you with pleasure; also details of a number of controlled tests made on the use of Vitamin C, if you will write to:—

VITAMIN C
Ribena

A new basic ether of morphine, Pholcodine (morpholinylethyl-morphine), has been shown to have a powerful action in depressing the cough reflex.

Pholcodine, which has a sedative action superior to that of codeine while being decidedly less toxic, is employed as the active ingredient in a new cough linctus to which the name ETHNINE has been given.

The advantages of ETHNINE lie in its effectiveness with low toxicity, and its freedom from side-effects such as constipation or digestive upset.

ETHNINE is well tolerated by children and adults and is suitable for administration whenever a cough sedative is considered advisable.

Abbott

How often
are these
words heard
in your
surgery?

"DOCTOR, THAT'S JUST A WONDERFUL DIET you've given me, but where on earth can I get the protein foods from?..." If you have been shopping with your wife lately you will agree that this is a legitimate question and is, indeed, the root cause of patients failing to keep to a high-protein diet when one has been prescribed for them. It is a needless failure, for a high-protein intake can always be maintained by adding Sanatogen protein tonic to the patient's diet. Sanatogen is 95% milk protein combined with 5% sodium glycerophosphate, has a specific nutrient and tonic effect and a high rate of utilisation. The protein in Sanatogen contains a higher percentage of amino-acids than any other preparation and supplies all essential amino-acids together, thus permitting

tissue regeneration in accordance with the all-or-none dietetic law. Usually taken 3 times a day as a mixed drink in a little water or milk, Sanatogen can also be taken sprinkled on food or mixed in cooked dishes and is easily digested and most rapidly absorbed. Have you considered the use of Sanatogen for your high-protein diets?

Sanatogen

THE HIGH PROTEIN TONIC

The word 'Sanatogen' is a regd. trade mark of Genatosan Ltd., Loughborough, Leics.

THEODROX

ADEQUATE ORAL AMINOPHYLLINE

The tables below show blood levels obtained after a single dose of aminophylline parenterally and a single dose of oral Theodrox. The blood levels produced by oral Theodrox compare favourably with those produced by parenteral administration of aminophylline.

Prior to the introduction of Theodrox the usefulness of oral aminophylline has been limited by failure to obtain adequate blood levels because of gastric intolerance. With Theodrox this difficulty is overcome and effective oral dosage is entirely feasible. Each tablet of Theodrox contains 3 gr. of aminophylline B.P. with 4 gr. of dried aluminium hydroxide gel, B.P.C.

In the form of Theodrox, aminophylline can be administered orally to produce results comparable with intravenous or intramuscular dosage, yet without the inconvenience and danger of parenteral administration.

Theodrox is supplied in containers of 25, 100 and 1,000 tablets.

Theodrox is also available as Theodrox with Phenobarbitone, each tablet containing in addition $\frac{1}{8}$ gr. of Phenobarbitone B.P.

CODIS

REGD.

a marked improvement upon
TAB. CODEIN. CO. B.P.

Aspirin, phenacetin, codeine phosphate; there is no more familiar group of analgesic drugs. 'Codis' improves upon it. In Codis the 'aspirin' is soluble, as in 'Solprin', and rapidly forms a solution of palatable calcium aspirin.

A Codis tablet placed uncrushed in water provides, in a few seconds, a solution of calcium aspirin and codeine phosphate, with phenacetin in fine suspension.

The advantages of analgesic therapy with Codis are, rapid disintegration of the tablet in water with resulting greater ease of administration, and far less likelihood of intolerance by the patient. The chance of gastric irritation is minimised because there are no undissolved particles of aspirin.

COMPOSITION

Each Codis tablet weighs 11.45 grs. and contains:—
Acid. Acetylsalicyl. B.P. 4 grs., Phenacet. B.P.
4 grs., Codein. Phosph. B.P. 0.125 grs., Calc. Carb.
B.P. 1.2 grs., Acid. Cit. B.P. (Exsic.) 0.4 grs.

Codis is not advertised to the public.

DISPENSING PACK (Purchase Tax Free), 300 tablets in distinctive gold foils of 6 tablets, each 16/6 per box.

OTHER SIZES—Packs of 20 tablets, 2/7 each inc. P.T. (in bottles or foil).

POOR MRS. JONES

"Housework . . . queuing for the shops . . . three youngsters to pack off to bed and still supper to get for Jones. After such a day with diet so dull no wonder she only pecks at her food. Shouldn't think she ever gets her vitamin ration."

THE INCREASED POTENCY of the SUPAVITE formula ensures an ample supply of the Vitamins necessary for correcting Vitamin deficiencies in today's diet. The combination of Minerals with the Vitamins in SUPAVITE is important as they act together to give the fullest nutritional benefits.

Each **AMBER** Capsule contains:
Vitamin A ... 6,000 I.U.
Vitamin D ... 1,000 I.U.
Vitamin E ... 1 mg. plus one minim wheat germ oil.

Each **BLACK** Capsule contains:
Vitamin B₁ ... 1 mg.
Vitamin B₂ (Riboflavin) ... 1 mg.
Vitamin C ... 25 mg.
Nicotinamide ... 10 mg.
Iron (Ferrous) ... 17 mg.
Calcium ... 39 mg.
Phosphorus ... 30 mg.

Angiers
SUPAVITE
CAPSULES REGD.

INDICATED IN CONDITIONS OF VITAMIN DEFICIENCY OFTEN ASSOCIATED WITH: General fatigue and loss of appetite. Nervous debility. Irregular bowel function. Indigestion and general poor health. Mental irritability. Low resistance to colds and other ailments. Changes in the texture of the skin.

ANGIER CHEMICAL CO. LTD., LONDON S.E.1., LABORATORIES, SOUTH RUISLIP, MIDDLESEX.

Varicose Ulcers

In the cure of varicose ulcers treatment of the general condition, rest and a pressure bandage are usually essential. These measures however must be supported by the application of a dressing that will protect the ulcerated area and promote healing.

OPTULLE is an open mesh gauze evenly impregnated with petroleum jelly containing Balsam of Peru.

OPTULLE protects the ulcerated area—is slightly antiseptic and stimulates healing.

The **OPTULLE** dressing has the great advantage that drainage of serum and discharges takes place through the wide mesh gauze, making the frequent change of dressing unnecessary. The dressing is easily and painlessly removed without injury to delicate healing tissues.

Recent research has shown that such factors can reduce the time of healing by over 40 per cent.

THE FULL RANGE OF OPTULLE DRESSINGS COMPRISE:

NHS PACKS

Pre-operative Skin Preparation

with **'CETAVLON'**

CETRIMIDE B.P. TRADE MARK

Foremost among modern antiseptics, 'Cetavlon' finds numerous applications in surgery because of its powerful and persistent bactericidal action.

'Cetavlon' Tincture is a non-irritant formulation, particularly valuable for pre-operative preparation of the intact skin. It is coloured red, so that when applied to the skin it defines clearly the site of operation.

Available in bottles of 100 c.c. and 500 c.c.

The new anticonvulsant

'MYSOLINE'

TRADE MARK

its place in epilepsy

Clinical trials have demonstrated that 'Mysoline' possesses advantages over other anticonvulsants and that it can effectively control the seizures of grand mal epilepsy. Its potentialities in petit mal and psychomotor types, either alone or in combination with other drugs, are being investigated.

In a trial of cases of major epilepsy refractory to other forms of treatment, 80% of the patients were improved by 'Mysoline', and 30% were completely freed from attacks.

This result was achieved with the minimum of side-effects, and there was an improvement in the mental alertness, outlook and general well-being of the patients.*

*See *Lancet*, (1952), i, 742

'Mysoline' (5-ethyl-5-phenyl-hexahydropyrimidine-4:6-dione) is issued in tablets of 0.25 grammes. Containers of 100 and 1,000

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

(8789)

IMPORTANT: All intending applicants should read the revised NOTICE at the top of page 26

PUBLIC HEALTH**BIRMINGHAM, CITY OF****Public Health Department**

Applications are invited from registered medical practitioners for post of

ASSISTANT ADMINISTRATIVE MEDICAL OFFICER OF HEALTH (Male or female)

Candidates should hold the Diploma of Public Health. The successful candidate will have an opportunity to gain experience in all branches of the public health service, including maternity and child welfare. The salary scale is £1,250 by £50 to £1,450. Commencing salary within the scale will depend upon the medical officer's experience. Pension scheme (including widows and orphans). Medical examination. The officer appointed will be required to devote his/her whole time to official duties and the appointment will be subject to one month's notice on either side. Form obtainable from Medical Officer of Health, Council House, Birmingham, 3. Applications, with three testimonials, to be returned by December 7. (9276)

BOLTON, COUNTY BOROUGH OF**ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited for the above appointment from suitably qualified registered medical practitioners (male or female). The duties will be mainly in connection with the Maternity and Child Welfare Service and School Health Service, but the person appointed will be expected to carry out such other duties as may from time to time be allotted by the Medical Officer of Health. The possession of a D.P.H., D.C.H., or D.R.C.O.G. is desirable, but not essential. The salary scale for the post is £950 by £50 to £1,300. In fixing the commencing salary consideration will be given to previous experience and to the possession of higher qualifications. The appointment will be superannuable, and the successful candidate will be required to pass a medical examination. The appointment will be terminable by three months' notice on either side. There are no forms of application, but further particulars may be obtained from the Medical Officer of Health, Civic Centre, Bolton. Applications, giving full particulars of age, qualifications, and experience, and the names and addresses of three persons to whom reference may be made, should be forwarded to the undersigned not later than November 25, 1953.—Philip S. Rennison, Town Clerk, Town Hall, Bolton. (8821)

DERBYSHIRE COUNTY COUNCIL**County Health Department****ASSISTANT MATERNITY AND CHILD WELFARE MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for this whole-time, superannuable post. Salary £950 per annum, by annual increments of £50 to £1,300 per annum, plus a car allowance. Particulars and application forms are obtainable from Dr. J. B. S. Morgan, County Medical Officer, County Offices, St. Mary's Gate, Derby. (9192)

BRISTOL, CITY AND COUNTY OF**Department of Public Health**

Applications are invited from registered medical practitioners for the appointment of an

ASSISTANT MEDICAL OFFICER OF HEALTH and SCHOOL MEDICAL OFFICER (Male)

Salary £950 by £50 to £1,300 per annum. The successful applicant will be required to carry out maternity and child welfare, school health and port health work, and such other duties as may be required by the Medical Officer of Health, and must devote his whole time to these duties and not engage in private practice. The appointment will be superannuable and subject to passing a medical examination. Applications, on forms to be obtained from the undersigned, to be returned by November 23, 1953. Canvassing directly or indirectly will disqualify.—R. H. Parry, Medical Officer of Health, Central Health Clinic, Tower Hill, Bristol, 2. (9190)

CAERNARVONSHIRE COUNTY COUNCIL**Applications invited for post of ASSISTANT COUNTY AND SCHOOL MEDICAL OFFICER**

Possession of the Diploma or Certificate in Public Health will be regarded as an additional qualification. Salary scale £950 by £50 to £1,300, and commencing salary on this scale may be determined by length of service in a similar post. Opportunities available for gaining experience in public health administration and for attending Paediatric Unit at the County Hospital. Travelling and subsistence allowances paid. Knowledge of Welsh desirable. Further information from County Medical Officer of Health. Applications, giving complete particulars of training and experience, with copies of two recent testimonials, and names of two referees, by November 28, 1953, to Clerk of County Council, County Offices, Caernarvon. (8822)

IPSWICH, COUNTY BOROUGH OF**Applications are invited for the appointment of DEPUTY MEDICAL OFFICER OF HEALTH DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER AND DEPUTY PORT MEDICAL OFFICER**

Salary scale £1,233 6s. 8d. by annual increments of £50 to £1,483 6s. 8d. Applicants must be duly registered medical practitioners possessing the D.P.H. and preference will be given to those who have had previous experience in relation to the school health and mental health service. Application forms and conditions of service will be forwarded on application to the Medical Officer of Health, Elm Street, Ipswich. Applications should be received by me before November 25.—J. C. Nelson, Town Clerk, Town Hall, Ipswich. (8979)

LINCOLN, CITY AND COUNTY OF THE CITY OF**MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners possessing the necessary qualifications and experience for the above-mentioned appointment, which includes the duties of School Medical Officer. Salary £1,550, rising by £50 annually to a maximum of £1,750. A car allowance will be paid. The appointment (which will fall vacant on April 1, 1954) is pensionable, and the successful candidate will be required to pass a medical examination. Particulars of the appointment and forms of application are obtainable from the undersigned, by whom applications must be received not later than November 28, 1953.—J. Harper Smith, Town Clerk, Town Clerk's Office, Lincoln. (8761)

MALDON, BOROUGH OF, MALDON PORT HEALTH DISTRICT, BURNHAM-ON-CROUCH URBAN DISTRICT, CHELMSFORD AND MALDON RURAL DISTRICTS: COUNTY OF ESSEX**MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications are invited for the above-mentioned posts, which are combined for the purpose of one whole-time appointment. Applicants must possess the Diploma in Public Health and preference will be given to those with experience in public health duties and who are approved by the Ministry of Education for the ascertainment of educationally sub-normal children. The inclusive salary attaching to the posts, in accordance with the appropriate Industrial Court awards, will be £1,385 4s. 6d., rising by four annual increments of £55 13s. 8d., and three of £28 8s. 2d. to £1,693 3s. 8d. Other terms and conditions of the appointment in accordance with the recommendations of the Whitley Councils for the Health Services (Great Britain), Medical Council. The appointment is subject to medical examination and the appropriate statutory superannuation provisions will also apply. Application forms obtainable from, and returnable to, Clerk of the County Council, County Hall, Chelmsford, within three weeks of the appearance of this advertisement. Canvassing will disqualify. (9267)

Public Health—contd.**PRESTON, COUNTY BOROUGH OF****MALE ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners for the above appointment. The duties will include maternity and child health, school health, and port health duties, together with such other duties as may be allotted by the Medical Officer of Health. The possession of the D.P.H. or D.C.H. will be an advantage. Salary in accordance with the Industrial Court awards. The person appointed will be required to pass a medical examination and to contribute to the superannuation fund. Application forms may be obtained from the Medical Officer of Health, Municipal Building, Preston, and should be returned to the undersigned as early as possible.—W. E. E. Lockley, Town Clerk, Municipal Building, Preston. (9104)

STOKE-ON-TRENT, CITY OF**Public Health Department**

Applications are invited from qualified medical practitioners (women) for the post of **ASSISTANT MEDICAL OFFICER in the Maternity and Child Welfare Service**. Candidates should have experience in diseases of children and obstetrics. Opportunity will be given for hospital contact with both paediatrics and obstetrics. The possession of a D.P.H. or D.C.H. will be considered an additional qualification. Salary scale £950 by £50 to £1,300 per annum. The appointment will be subject to the provisions of the National Health Service (Superannuation) Regulations, 1947, and the successful candidate will be required to pass a medical examination. Forms of application may be obtained from the Medical Officer of Health, Public Health Department, Glebe Street, Stoke-on-Trent, and should be returned, accompanied by copies of not more than three recent testimonials, not later than November 20, 1953.—Harry Taylor, Town Clerk. (9017)

ADMINISTRATIVE**UNITED CARDIFF HOSPITALS**

The Board of Governors invites applications from suitably qualified men, medical or lay, who have had considerable experience in hospital administration, for the appointment of

SECRETARY AND PRINCIPAL ADMINISTRATIVE OFFICER

in this teaching hospital group. Salary in accordance with the national scale (£1,850 by £100 to £2,250 per annum), and conditions of service as laid down by the National Health Service Administrative and Clerical Whitley Council. A house is available, if desired, on terms to be agreed. Thirty-four copies of applications, stating age, education, qualifications, and experience, together with the names of three referees, should be addressed to the Chairman, The United Cardiff Hospitals, The Cardiff Royal Infirmary, Newport Road, Cardiff, not later than November 30, 1953. Envelopes should be endorsed "Secretary."

INDUSTRIAL APPOINTMENTS**FACTORY DOCTORS****FACTORIES ACTS, 1937 and 1948**

The following appointment as Appointed Factory Doctor is vacant: Salisbury, in the County of Wilts. Applications, which should be received not later than November 28, 1953, should be sent to the Chief Inspector of Factories, 8, St. James's Square, London, S.W.1. (9200A)

Available in 700-bed general, private Albany Hospital, directly connected with Albany Medical College. Approved for all major specialties. Participating in exchange visitor programme. Salary range \$1,320 to \$2,220 annually in addition to laundry, uniforms and room. All appointments begin July 1, 1954. For further information apply to Medical Director. (7659)

ST. VINCENT'S HOSPITAL 2820, Main Street, Bridgeport, Connecticut

American Medical Association approved

ROTATING INTERNSHIP

available, leading to Residencies in specialties. Saint Vincent's Hospital, Bridgeport, Connecticut, has approved rotating internships available in a 400-bed general hospital, close to Metropolitan New York. In addition, it has the following features: (1) Regional hospital teaching affiliation with New York University-Bellevue Medical Centre. (2) State Department Exchange Student Programme. (3) Monthly stipend \$250 (does not include maintenance). For information, write to Administrator, Saint Vincent's Hospital, Bridgeport, Connecticut, U.S.A. (8782)

HER MAJESTY'S COLONIAL SERVICE Nigeria

Applications are invited from doctors with medical qualifications registrable in the United Kingdom and with at least one year's experience after qualification for the following posts in the Medical Department of the Government of Nigeria:

(a) MEDICAL OFFICERS

For general duties in preventive and curative medicine, which may include purely rural health work involving much travelling.

(b) MEDICAL OFFICERS OF HEALTH

Duties as under (a). In addition, the selected officers would undertake the control of sanitary matters, and may be required to perform the duties of Port Health Officer at a sea- or airport. Candidates should possess a Diploma in Public Health. A Diploma in Tropical Hygiene, though not essential, is desirable.

Appointments may be made as follows: (a) On three years' probation for permanent and pensionable employment in the Colonial Medical Service, with retiring age of between 45 and 55. Pensions are at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable service. (b) From the National Health Service. Candidates may resign from the National Health Service but retain their superannuation rights during their time in Nigeria (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary on leaving Nigeria at the end of their engagement. (c) On short-term contract (two to four years of 18 months' duration), with inclusive salary of from £1,087 per annum, rising to £2,000 per annum; on completion of contract a gratuity is paid at the rate of £57 10s. for each completed period of three months' service (including leave). Officers appointed under (a) or (c) are required to contribute to a widows' and orphans' pension scheme. Salaries, including pensionable expatriation pay for officers appointed under (a) or (b), range from £950 to £1,850 per annum. Starting salary in all cases depends on experience and war service. Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Income tax at local rates. Local leave is permissible, and generous home leave is granted for each tour of 18 months' duration. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Gt. Smith St., London, S.W.1 (quoting ref. No. CDE.117/14/01).

UNIVERSITY APPOINTMENTS**INSTITUTE OF DERMATOLOGY**

British Postgraduate Medical Federation—University of London

Applications are invited for the appointment of **WHOLE-TIME SENIOR LECTURER** to the Institute. Candidates must be Fellows or Members of the Royal College of Physicians of London or possess an equivalent qualification, and have experience of teaching of and research in dermatology. The salary scale will be £1,250 to £1,750 and the initial salary will be fixed according to qualifications and experience. The appointment is superannuable (with eligibility for family allowance). Applications by December 31, 1953, stating nationality, qualifications, details of previous appointments and names of three referees, to Secretary, Institute of Dermatology, St. John's Hospital for Diseases of the Skin, Lisle Street, Leicester Square, London, W.C.2. (8426)

HOMES

CHEADLE, ROYAL, CHEADLE, CHESHIRE

A registered hospital for MENTAL DISEASES, and its Seaside Branch, GLAN-Y-DON, Colwyn Bay, N. Wales. The object of this hospital is to provide the most efficient means for treatment and care of Patients of both Sexes suffering from MENTAL and NERVOUS DISEASES. The Hospital is governed by a Committee appointed by Trustees. Deep and Modified Insulin Coma; E.C.T. and psychotherapeutic treatment given. VOLUNTARY, TEMPORARY, and CERTIFIED PATIENTS RECEIVED. For terms and further information apply to the Medical Superintendent. Telephone: Gatley 2231.

THE OLD MANOR, Salisbury

A Private Hospital for the treatment and care of Ladies and Gentlemen suffering from nervous disorders. Electrical Therapy, Leucotomy, Narcosis, Insulin Coma Unit and other physical methods of treatment are available. In addition, Occupational Therapy and Psychotherapy are provided for suitable cases.

Separate Villas provide accommodation which is suited to the type and severity of illness, and includes private rooms. All patients who are well enough are encouraged to attend entertainments and to join in sports and games. Cinema shows and dances are held in a spacious ballroom and facilities for games include tennis courts, croquet lawn, cricket and football grounds. Private automobiles are available for recreational drives. Divine Service is held every Sunday in the Hospital Chapel and visiting Chaplains attend for all denominations. Fees from £6 6s. weekly.

Hume Towers, Bournemouth

A Convalescent Home associated with the hospital and situated in lovely gardens and with detached Villas. Tennis courts and an adjoining golf course add to the attraction of this beautiful home. There is a Medical Officer in attendance and treatment can be obtained here as well as at Salisbury. Voluntary, Temporary and Certified patients are accommodated at both branches of the hospital. Fees from £8 8s. weekly. Further information and illustrated brochures on application to the Medical Superintendent, The Old Manor, Salisbury. Telephone: Salisbury 3216/7.

CHARGES FOR CLASSIFIED ADVERTISEMENTS

(Revised JULY 1, 1951.) CIRCULATION, 78,000.

To economize in paper, bookkeeping entries, and avoid delay, please send payment with the advertisement addressed:

Advertisement Manager,
"British Medical Journal,"
B.M.A. House, Tavistock Square, London, W.C.1.

The text of the advertisement itself should, where applicable, be clearly marked "MEMBER."

Every effort will be made to include "Hospital" and "Small" advertisements in the forthcoming issue provided they reach this office by not later than 10 a.m. on the FRIDAY of the week preceding date of issue.

Cancellation of advertisements cannot be accepted if received after 4 p.m. on the Monday prior to date of issue (issues affected by public holidays excepted).

DO PLEASE WRITE ADVERTISEMENTS AND NAME AND ADDRESS CLEARLY IN BLOCK LETTERS

ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombières treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

SPRINGFIELD HOUSE, near BEDFORD

'Phone: Bedford 3417

For Mental Cases (including the aged). Fees from eight guineas per week (separate bedrooms for suitable cases without extra charge). For forms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.

ASHENDENE, BAYFORD, HERTS

A Personally Supervised Nursing Home with Private Rooms, Cubicles or Sharing. Special treatments include E.C.T., Prolonged Narcosis, Alcohol, and Drug Addiction. Convalescents benefit in bracing country air and elderly persons find care and home comforts. Fully trained nursing staff.—J. C. Baker, M.B. Bayford 262.
