AUGUST

THE RIDDLE OF THE SANDS

Some try to do it by standing on one leg and wiggling their spare foot about in the sea. Then they hop, ponderously, a yard or two inland and thrust the foot thus purified into a sock. Provided they do not lose their balance they are soon half-shod. But now they face the even more delicate problem of removing the sand from their remaining toes without wetting the foot which they have just accourted. A ballet dancer could do it, an acrobat could do it on his head. The average holiday-maker fails.

A more sultanic technique is favoured by those who send small children to fetch water in their little buckets. These citizens carry out their ablutions in comparative comfort; but the buckets represent what planners call an administrative bottleneck, and sometimes, when the tide is out and the children are fractious, this formula will not work. Even when it does, there are still deposits to be removed from between the children's toes.

We are a maritime nation, the heirs of Drake and Frobisher and Nelson. The sea, we are often loosely but emphatically told, is in our blood. How is it that, down the centuries, we have never evolved a satisfactory method of extricating ourselves from this small predicament? Of what flaw in our national character is this failure a symptom? No one knows, and regrettably few care.

The Midland Bank prides itself on the help it gives to its automors. Yet it confesses with regret that, among all the many services which the Bank provides for holiday-makers, there is none which solves this riddle of the sands.

When nourishment

is the main problem ...

BRAND'S ESSENCE is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion. digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weightreducing diets is especially appreciated by the patient.

Brand's Essence-

(BEEF OR CHICKEN)

MEDICAL AND SURGICAL PLASTERS

Developed in collaboration with some of the leading hospitals, the ZOPLA range of selfadhesive, zinc oxide plasters covers every medical, surgical, and dermatological need.

The range includes:

STRAPPINGS — for surgical use. Powerfully adhesive, on white, flesh, and elastic cloths. FELTS of selected Merino Wool, for all padding and protective purposes. Only pure wool felt will retain its resilience and will not harden in use.

HELVIA-First Aid Flexible Dressingelastic adhesive plaster with medicated gauze. ZOPLA-BANDS—Elastic adhesive bandage of superior quality.

Details of the full ZOPLA range, together with samples, will gladly be sent on request.

You've only got one pair of hands

USE A LITTLE NIVEA AFTER EVERY WASH Frequent washing and scrubbing of the hands and immersing them in anti-septics tends to impoverish the skin. Nivea counteracts the drying effects and keeps the skin smooth and supple. Nivea is a water-in-oil emulsion, containing Eucerite which, due to its high cholesterol content, is closely related to the fatty substances of the skin. It is rapidly absorbed and does not leave the skin greasy. Use a little after every wash and keep your hands in perfect working condition.

Selfadministered 3-FOLD THERAPY

Heat+massage+infra red naturally provides an intensive treatment for fibrositis, rheumatism or arthritis. It also gives relief in postfracture therapy and for sprains. The Thermasseur, which gives soothing warmth, gentle massage and infra-red emissions, is an inexpensive instrument which can safely be advised to patients for self use. 10–20 minute periods of application two or three times a day have often proved sufficient for general treatment, but these can be altered to suit special cases.

Many fat people overeat because inwardly they are unhappy and ill at ease. In food they find solace, and a substitute for the affection their obesity denies them. Their hearts are in their mouths.

Such patients find dieting particularly hard, for it involves the removal of the psychological prop that supports them in their daily life, besides the ordinary difficulties.

For them 'Drinamyl' is often very helpful. Given before meals it curbs the appetite, and because it produces a feeling of calm and cheerfulness, helps to relieve the emotional tension that lies behind the patient's excessive appetite.

an aid in the treatment of overweight

Each 'Drinamyl' Tablet contains 5 mg. 'Dexedrine' and 32 mg. amylobarbitone Issued in bottles of 50 tablets

NOW AN ACCEPTED TREATMENT

Transvasin

Contains skin-penetrating esters of salicylic, nicotinic, and p-aminobenzoic acids. It brings real relief to deep-seated muscular rheumatism by simple inunction.

TRANSVASIN, a new preparation developed by Hamol S.A., our Swiss associates, and now available for prescription in this country, contains esters of salicylic, p-aminobenzoic and nicotinic acids. These esters readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed. Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on the skin.

It is now being widely prescribed, with highly successful results. There is evidence, also, that since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Salicylic acid tetrahydrofurfuryl-ester

Nicotinic acid ethyl-ester

2%

Nicotinic acid n-hexyl-ester 2%
p-Aminobenzoic acid ethyl-ester 2%
Water-miscible cream base ad 100%

Transvasin is available in 1 oz. tubes at 3/4½ plus 7½d P.T., which are obtainable on form E.G.10, and is not advertised to the public.

Samples and literature will be gladly sent on application.

I 5 years of clinical opinion supports the use of vaginal tampons

Healthy conditions are maintained and the risk of infection minimised

Vaginal tampons, besides encouraging a greater sense of personal freedom, help to maintain optimum healthy conditions during the menstrual period. Over the past 15 years many research workers have found that tampons produce no appreciable change in the bacterial flora of the vagina. The vaginal pH and the glycogen content of the epithelial cells remain within normal limits (1-4).

One authority (1) found that the internal tampon does not act as an irritating foreign body and is in no way prejudicial to health. Another (2), investigating nurses between the ages of 1'8 and 21, came to the conclusion that tampons are suitable for use by unmarried as well as married women. They give rise to no irritation or infection of the vagina or cervix, and help to avoid contamination by micro-organisms from the rectum. Intelligently used, vaginal tampons represent a decided advance in feminine hygiene. They may be recommended with confidence.

FREEZE-DRIED HYALURONIDASE

Extended range of A.B. Insulins

Whether the individual requirements of the diabetic patient call for prompt action or prolonged effect, confident control of carbohydrate metabolism can be achieved with one of the extended range of A.B. Insulins.

INSULIN A.B. The original unmodified type.
Immediately effective but acting for a relatively short time.

5 and 10 c.c. vials (20, 40 and 80 units per c.c.)

GLOBIN INSULIN (with zinc) A.B. A combination of insulin and globin which has a slower and more prolonged action than Insulin A.B.
5 c.c. vials (40 and 80 units per c.c.)

PROTAMINE ZINC INSULIN A.B. A suspension of insulin precipitated by protamine which is absorbed slowly, thus delaying the initial action and prolonging the effect for 12 hours and upwards. 5 c.c. vials (40 and 80 units per c.c.) 10 c.c. vials (40 units per c.c.)

I.Z.S. INSULIN ZINC SUSPENSION A.B. 10 c.c. vials (40 and 80 units per c.c.)

Duration of action—24 hours.

INSULIN ZINC SUSPENSION (Amorphous) A.B. 10 c.c. vials (40 and 80 units per c.c.)

Duration of action—about 12 hours.

INSULIN ZINC SUSPENSION (Crystalline) A.B. 10 c.c. vials (40 and 80 units per c.c.)

Duration of action—up to 36 hours.

Antihistamines for old and young

When the contents of Pandora's Box were released, Hope alone remained. To the patient of allergic diathesis, threatened by a veritable Pandora's Box of ills, the antihistamines 'Histantin' and 'Actidil' represent far more than hope.

For adults 'Histantin' is the product of choice, giving prolonged relief with a minimum of side-effects.

The new quick-acting antihistamine, 'Actidil', exerts its effect for about 12 hours and is also notable for low incidence of side-effects. 'Actidil' Elixir has been specially formulated and clinically tried for the treatment of allergic conditions in children.

- 'HISTANTIN', 50 mgm., is issued in bottles of 25, 100 and 500 at list prices (subject to usual discount) of 6/6, 24/6, 110/-.
- **ACTIDIL.** compressed products of 2.5 mgm. in bottles of 25 and 500 at list prices (subject) of 6/6 plus 1/3 P.T. and 110/- plus $20/7\frac{1}{2}$ P.T.

TO EVERY DRIVER OF A NEW CAR

How to keep your engine in peak condition

When you have invested a considerable sum of money in buying a new car you don't want to see it deteriorate quickly. But while any amount of care and elbow-grease is spent on keeping body-work gleaming, many drivers neglect something far more important — care of the new engine.

If nothing is done about it, your engine will gradually accumulate a tenacious slate-like deposit on valve heads and cylinder-head surfaces. These harmful deposits cause loss of power and extravagant fuel consumption — until, before you know where you are, your 'new' car is approaching middle-age and sadly in need of an overhaul.

Maintain full compression with BP Super plus BP 08

THERE is a way of checking this build-up of deposits in your engine. BP Super petrol, with its new additive, BP 08, keeps valves, plugs and piston rings cleaner. Run a new car on BP Super plus BP 08, and the bulk of the products of combustion which might otherwise form deposits are passed harmlessly out through the exhaust.

Your new car will now behave like a new car for a much longer period. The lively performance, smooth running and instant starting, which the car was designed to give you in the first place, it will now go on giving you over thousands of miles.

This is an insurance for which there are no extra premiums. BP Super plus BP 08 costs you not a penny more at the pump. It will cost you far less in the long run, because you get still more miles per shilling, and you won't need to take your car off the road for an overhaul so soon. With BP Super plus BP 08 you are protecting a valuable investment in a safe, easy and economical way.

The BP Shield is the trade-mark of ANGLO IRANIAN OIL CO. LTD.

It depends what you mean by 'Banking'

OF COURSE we safeguard money and cash cheques. But we go further. We maintain specialist departments whose functions, although not 'banking' in the usual sense, can nevertheless be used to very good purpose. These departments will, for example, act as an Executor, help with a customer's Income Tax problems, obtain currency for foreign travel. They will do many more things besides. But the moral of this multiplicity of functions is simply this: if you have any problem of finance or

that is what we mean by 'banking'.
WESTMINSTER BANK

business, the chances are that we

can help you deal with it. And

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given. Canvassing in any form will disqualify.

*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Some advertisements in this issue, submitted before the revised salary scales were communicated to hospital authorities by the Ministry of Health, may quote the old scales, but the scales set out below nevertheless apply throughout the N.H.S. Hospital Service, as from 1st April, 1954.

Registrar Grades, Whole-tim:

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) Provisionally registered medical practitioners: £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) Fully registered practitioners: £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

for the second post held; £325 per annum for the third and any subsequent post held, provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

for six months.

(b) SENIOR HOUSE OFFICER: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

SHEFFIELD REGIONAL HOSPITAL BOARD

Applications are invited for the posts of

Applications are invited for the posts of REGISTRAR in Psychiatry
in the following hospitals: Carlton Hayes, near Leicester; Mapperley, Nottingham; Pastures, near Derby; and Middlewood, Sheffield; to commence in October, 1954. These posts form a part of the Joint Training Scheme in Psychiatry sponsored by the Newcastle and Sheffield Regional Hospital Boards in conjunction with Durham University. The tenure will be subject to annual review and the duties will be changed periodically in order to provide varied experience, including mental deficiency. The normal period of training will be one and half to three years, according to the previous experience of the trainee, and will terminate either when he obtains the Diploma in Psychological Medicine, or at the termination of his appointment as Registrar. The regulations for the D.P.M (Durham) require no special course of study for Part I of the examination. In order to take Part II, the candidate will be given six months' study leave, with pay, to attend a full-time course of instruction at Newcastle under the aegis of the Professorial Department of Psychological Medicine. Full particulars of the posts may be obtained from the Serior Administrative Medical Officer, Sheffield Regional Hospital Board. Old Fulwood Road, Sheffield. Applications should be made to the Secretary of the Board by August 1 and previous appointments (with dates), and naming three referees. three referees.

HOMES

CHEADLE ROYAL, CHEADLE, **CHESHIRE**

Registered Mental Hospital

President:

The Right Hon. The Earl of Derby, M.C.
Medical Superintendent:

W. V Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.
This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigations; the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital, and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema, television, etc.

GERIATRIC UNITY for mild.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home, overlooking the sea at Cowyn Bay. It is extremely comfortable and well appointed, and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY 2231.

CHARGES FOR CLASSIFIED ADVERTISEMENTS

(Revised JULY 1, 1951.)

To economize in paper, bookkeeping entries, and avoid delay, please send payment with the advertisement addressed:

Advertisement Manager,
"British Medical Journal,"
B.M.A. House, Tavistock Square, London, W.C.1.

The text of the advertisement itself should, where applicable, be clearly marked "MEMBER."

Every effort will be made to include "Hospital" and "Small" advertisements in the forth-coming issue provided they reach this office by not later than first post on the FRIDAY of the week preceding date of issue.

 $Cancellation \ of \ advertisements \ cannot \ be \ accepted \ if \ received \ after \ 4 \ p.m. \ on \ the \ Monday \ prior \ to \ date \ of \ issue \ (issues \ affected \ by \ public \ holidays \ excepted).$
