The ideal Bronchial Sedative

**RYBRONSOL**

COMPLEMENTARY TREATMENT FOR ASTHMA

RYBRONSOL is a sedative powder which soothes the general nervous system, helps to relax the bronchial spasm and relieves congestion in the bronchial tree.

It can be recommended to all sufferers from asthma as complementary to Rybarvin and/or Rybarex, the well-known inhalation treatments also prepared by Rybar Laboratories Ltd.

At bedtime, RYBRONSOL promotes sleep and after meals it alleviates the congestion and excitability of the bronchial tubes.

The largest single cause of foot trouble in childhood—pronation—could easily become the least. 'Inneraze' shoes provide the complete answer: they apply the wedge principle at its most sensible, *built into the shoe itself*. This, together with the buttressed heel, gives a corrective support that lasts the life of the shoe, unaffected by wear or repair. And because the wedge cannot be seen 'Inneraze' is practically indistinguishable in wear from any of the first-class shoes made for normal young feet by Start-rite.

“No—a Soft Diet  
doesn’t mean  
gruel nowadays!”

**A Soft Diet Menu—  
but delicious!**

Heinz Strained Vegetable Soup diluted with milk. A lightly cooked omelette filled with Heinz Strained Chicken Broth. And to follow, Heinz Strained Plums with Semolina garnished with whipped cream.

IT IS, OF COURSE, only natural for a patient to dislike the idea of a Soft Diet. He often visualises tasteless, tedious meals and, possibly, unsatisfied hunger. But with Heinz Strained Foods available to him, a soft diet can be both satisfying and interesting.

Heinz Strained Foods come in a wide range providing the variety that the patient fears he'll miss. They contain no unsuitable seasoning and, whilst all coarse fibres are removed, sufficient bulk is re-

tained to encourage the bowel's correct function.

Scientific cooking conserves the nutritive values making them actually more nutritious than similar foods prepared at home. They are a *balanced team* providing vital proteins, vitamins and minerals.

For hospital use, Heinz Strained Foods are obtainable in 15½-oz. cans from the usual suppliers or direct from H. J. Heinz Company Ltd., Harlesden, N.W.10.

## Oral Iron Therapy

Corner of control laboratory

The main disadvantage with the majority of oral iron preparations is that they cause gastro-intestinal disturbance. It is thus often impossible to administer sufficient iron by the oral route fully to restore the hæmoglobin level to normal. Colloidal ferric hydroxide in the form of Colliron overcomes this great disadvantage as the iron is presented in a non-irritant form and is readily tolerated even in large dosage over a prolonged period.

#### OUTSTANDING ADVANTAGES OF COLLIRON INCLUDE:

- 1 *It is pleasant to take.*
- 2 *It very rarely causes gastro-intestinal disturbance.*

- 3 *The iron is present in a non-irritant form.*
- 4 *It is suitable for prolonged therapy even in young children or infants.*
- 5 *It does not stain the teeth.*

#### PRESENTATION:

Bottles of 4 fl. oz. and 8 fl. oz. Dropper bottles of 30 ml.  
The special dropper bottle is available for prescribing Colliron to infants

## WHICH WOULD YOU RATHER . . . ?

**'DIBENCIL' ORAL SUSPENSION** presents the newly developed salt of penicillin, N:N'dibenzylethylenediamine dipenicillin G, as a stable, pleasantly flavoured preparation ready for use. It is well tolerated and is readily accepted by the youngest child. Doses of 300,000 units (one large teaspoonful) taken every six hours, are usually sufficient for either prophylaxis or treatment of the milder infections caused by penicillin-sensitive organisms. In severe infections it is usually advisable to supplement this dosage, initially, with penicillin by injection.

When it is a question of choice, oral penicillin therapy with the new **'Dibencil' Oral Suspension** is preferred because:—

- It is therapeutically effective.
- It is convenient for both doctor and patient.
- It is extremely palatable and free from the taste of penicillin.
- It is ready for use.
- It retains its potency at ordinary room temperature for at least two years.

### PRESENTATION

## Not whether but how

FERROUS SULPHATE is now recognised as the most efficient form of iron treatment for hypochromic anæmias. The question is therefore not "whether" but "how" it should be administered.

The preparation should not be too bulky, nor cause gastro-intestinal upset, yet it must disintegrate quickly and produce maximum hæmatopoietic response.

In 'PLASTULES' ferrous sulphate is presented in its most attractive form—a semi-liquid base in a capsule which rapidly dissolves in the stomach, thus ensuring maximum absorption. 'PLASTULES' induce a rapid response without gastric upset.

'PLASTULES' are available in three varieties:  
Each capsule contains:

Plain: Exsiccated Ferrous Sulphate 5 gr., Dried Yeast  $\frac{1}{2}$  gr.

With Hog Stomach: Exsiccated Ferrous Sulphate  $2\frac{1}{2}$  gr., Dried Yeast  $\frac{1}{2}$  gr., Desiccated Hog Stomach 1.47 gr.

With Liver Extract: Exsiccated Ferrous Sulphate  $2\frac{1}{2}$  gr., Dried Yeast  $\frac{1}{2}$  gr., Extract of 52 gr. of fresh liver.

## LEUKÆMIA

The study of growth-inhibitors has been among the interests of the laboratories of The Wellcome Foundation in the United Kingdom and the United States for several years. One of the most promising drugs so far investigated is 6-mercaptopurine.

This compound now available under the brand name 'Puri-nethol', was synthesised in the Company's American laboratories and has been subjected to clinical studies in Britain and the U.S.A. It is capable of causing temporary remission in acute leukæmia, particularly in children. 'Puri-nethol' may produce similar results in chronic myeloid leukæmia.

Further details of 'Puri-nethol' which is issued as 50 mgm. compressed products in bottles of 25, may be obtained on application to 183-193 Euston Road, London, N.W.1.

*The complete  
treatment for*  
**Vaginal Leucorrhoea  
and  
Vaginitis**

Fundamentally, "Floraquin" aims to acidify the vagina and to destroy all offending organisms. "Floraquin" is non-arsenical, being a skilful combination of the potent protozoacide Diodoquin\* with lactose, dextrose, and boric acid. It not only destroys pathogenic organisms but also brings the pH of the vagina to the desirable level of between 3.8 and 4.4. Thus, a favourable environment is furnished for the growth of the normal protective bacterial flora.

Hypertension**

Each tablet contains:  
RAUWILOID 1 mg.  
HEXAMETHONIUM  
CHLORIDE 250 mg.  
Bottles of 100 and 500

Clinical experience has shown that when Rauwiloid is combined with the potent hypotensive agent hexamethonium, a striking reduction in the side-effects of the latter is apparent. This is due in part to mutual antagonism of side-effects, but more particularly to synergistic potentiation between the two drugs. The dose of hexamethonium in this combination can be reduced to as little as 50% of the dose of hexamethonium given alone, yet at the same time maintaining full therapeutic response.\*

# *Sanatogen as an aid in treatment of Psychosomatic Disorders*

It is now widely recognised that a high percentage of all cases seen by the general practitioner today can be attributed wholly or partly to psychosomatic disorders. Though the symptoms may be diverse (rheumatism, headache, insomnia, dyspepsia, diarrhoea, effort syndrome, etc.), a common factor in the patients is their inability to withstand the pressure to which he or she is subjected.

## A SUGGESTION FOR THE GENERAL PRACTITIONER

In the treatment of these psychosomatic disorders the general practitioner will find that Sanatogen protein nerve tonic is an extremely useful adjunct, particularly when dealing with patients who insist on a tonic, when strong suggestion is needed, or for people who are reluctant to accept a psychosomatic disorder as a diagnosis.

## THE ROLE OF SANATOGEN

Sanatogen is 95% casein chemically combined with 5% sodium glycerophosphate, and has a vigorous tonic effect on the physical and nervous system. Three teaspoonfuls of Sanatogen t.d.s. (the normal dosage) provide the patient with 24 grams of protein daily, free from fat and cholesterol; whilst by reason of its glycerophosphate content it has a specific tonic effect on body and nerve tissue. Although Sanatogen is not prescribable owing to its high food value, it has been widely recommended by the profession for more than 50 years.

# Sanatogen

THE HIGH PROTEIN TONIC

The word 'Sanatogen' is a registered trade mark of Genatosan Ltd., Loughborough, Leics.

# EPHAZONE tablets

## *Rational, symptomatic treatment in Asthma & Bronchitis*

Each tablet contains Ephedrine, the important anti-spasmodic for bronchial spasm, Theobromine, for its relaxing effect on the bronchial muscle and for stimulation of the coronary circulation, Phenazone, for its soothing effect on the higher centres, and Calcium gluconate, a readily absorbable calcium salt, for diminishing capillary permeability and checking the secretion of mucus.

These active ingredients with complementary effects in bronchial asthma are presented in the following proportions in the 'EPHAZONE' Tablet:

Ephedrine hydrochloride - - -  $\frac{1}{2}$  grain  
Theobromine - - -  $\frac{1}{2}$  grain  
Phenazone - - - 1 grain  
Calcium gluconate -  $\frac{1}{2}$  grain

This preparation is sanctioned for prescription under N.H.S. Please write for sample and descriptive leaflet.

## THE ANTIPEPTIC

In addition to its protective and sedative properties Bismuth carbonate will inactivate pepsin at pH below 2.0. Thus this preparation is unique in that it can be used in all cases of peptic ulcer. Where there is marked hyperacidity Bismuth carbonate should be given in combination with stronger simple antacids. Where there is no hyperacidity Bismuth carbonate alone will suffice.

## Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme is not advertised to the public and may be prescribed on Form E.C.10*

*Have you had your free copy of "The Therapeutic and Nutritional Value of Brewers' Yeast"?*

*Professional Samples and Prices on request from:*

**ALUZYME PRODUCTS**

## BURSON<sup>LASTEX</sup> Surgical Stockings

*Specify "Burson" for  
Two-Way Stretch*

- ★ Uniform tension, easily adjustable
- ★ Strength at points of greatest strain
- ★ Lightness and coolness for comfort
- ★ Expert fashioning for exact fitting

Burson Elastic Stockings are made from the finest 'Lastex' yarn to give them a special two-way stretch. And the complete size range of Burson Hosiery ensures a perfect fitting in every case.

## A perfect source of Vitamin C

**RIBENA** (*Syrupus Ribis Nigri B.P.C.*)

HIGH CONCENTRATION OF VITAMIN C—  
REMARKABLE STABILITY

Four characteristics of Ribena make it  
a perfect source of Vitamin C:

- 1 It contains a high concentration of Vitamin C—and it is very stable. \*
- 2 The vitamin is in its natural state.
- 3 Ribena is very well tolerated even by sensitive stomachs. It is completely free from all cellular structure. It is suitable for infants almost from birth, for peptic ulcer cases, and for women suffering from "morning sickness"; they can take it when almost everything else increases discomfort.
- 4 In addition to its therapeutic values, it is delicious in its own right as sweet blackcurrant syrup.

\* Following reports of unsatisfactory response to the therapeutic use of synthetic ascorbic acid in peptic ulcer cases, controlled tests using Ribena were instituted at various large British hospitals, with striking results. Clinical experience has also shown that in ulcerative gingivitis, the routine use of Ribena as an adjunct to local therapy has given more satisfactory results than that of the synthetic vitamin. The superiority is presumably due to the presence of other factors of the Vitamin C complex, possibly the Vitamin P, as well as mineral elements.

### Therapeutic uses

Ribena is recommended for all conditions requiring Vitamin C implementation: namely, as a natural and rapid restorative from fatigue; for increasing resistance to local infection and colds; for expectant and nursing mothers; for infants from birth; for children and adolescents; in many dental conditions; in peptic ulcer cases; in fractures and wounds; in blood dyscrasias and hæmorrhagic states; in infections and fevers; and in many skin disorders.

### Reports for doctors overseas

The makers of Ribena co-operated extensively with the Ministries of Food and Health during the war, a co-operation which still goes on to some extent even now. The Royal Forest Factory has attached to it a series of very fine laboratories where research into fruit juices and vitamins is conducted to an academic level, under the direction of an expert, lately in charge of the Fruit Products Section of the University of Bristol Agricultural Research Station. Reports of much of the work done are available, on application, to doctors and scientists overseas. These are likely to be of particular interest now that Ribena is being extensively exported.

Send for further information. A booklet entitled "Blackcurrant Juice in Modern Therapy: Natural Vitamin C" will be forwarded to you with pleasure; also details of a number of controlled tests made on the use of Vitamin C, if you will write to:—

# Nulacin

## MILK-ALKALI DRIP THERAPY WITHOUT INCONVENIENCE OR DISCOMFORT

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

NULACIN is available from Horlicks in  
U.K. · U.S.A. · CANADA (as Nulactin)  
AUSTRALIA · NEW ZEALAND · CEYLON  
MALAYA · INDIA  
and is also distributed in most other  
countries.

HERETOFORE, a continuous state of maintained gastric anacidity has been possible only with hospitalization and discomfort to the patient.

Now, NULACIN will give your patients the relief and comfort of intra-gastric milk-alkali drip therapy without hospitalization, and whether they are at home or at work.

### INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required:—in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip.q.s.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Some advertisements in this issue, submitted before the revised salary scales were communicated to hospital authorities by the Ministry of Health, may quote the old scales, but the scales set out below nevertheless apply throughout the N.H.S. Hospital Service, as from 1st April, 1954.

#### Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) *Fully registered practitioners:* £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

Salary £1,450 by £50 to £1,650 per annum. Further particulars obtainable from the undersigned. Applications, giving full details of qualifications and experience, accompanied by the names and addresses of three referees, to reach me by August 31, 1954. Canvassing, directly or indirectly, disqualifies.—P. Wadsworth, Town Clerk, The Council House, Dudley. (7512)

**FLINTSHIRE COUNTY COUNCIL****ASSISTANT MEDICAL OFFICER  
(Male or female)**

Applications are invited from duly qualified and registered medical practitioners for the above appointment. The possession of additional qualifications such as the D.P.H., D.C.H., etc., will be an advantage. The duties will be mainly connected with the maternity and child welfare services and the school health services. If desired the person appointed will be given facilities to obtain experience in all the services provided by the Department, including administration. Previous experience of Local Health Authority services may be taken into consideration in assessing the commencing salary, which will be in accordance with the recent award of the Industrial Court—£950, rising to £1,300 per annum. An appropriate allowance for travelling and subsistence will be payable. The appointment is superannuable and the successful candidate will be required to satisfy a medical examination. Form of application, together with further particulars, can be obtained from the County Medical Officer, Flintshire County Council, Llwynegri, Mold, and on completion should be forwarded to the undersigned not later than August 28, 1954.—W. Hugh Jones, Clerk of the County Council, County Buildings, Mold. (7191)

**KENT EDUCATION COMMITTEE****ASSISTANT COUNTY MEDICAL OFFICER  
in North-West Kent**

Required in January, 1955. Salary within scale £950 by £50 to £1,300. Post superannuable. Duties mainly in school health and child welfare services. Experience in classification of educationally subnormal children an advantage. Applications, stating age, qualifications, experience, and names of two persons to whom reference may be made as to professional ability and character, to Principal School Medical Officer, County Hall, Maidstone, by September 11, 1954. (7552)

**LANCASHIRE COUNTY COUNCIL**

Registered medical practitioners required for appointment of

**ASSISTANT DIVISIONAL MEDICAL OFFICERS  
in areas adjacent to Bolton, Bury, Burnley, Leigh  
and Preston**

Possession of D.P.H. desirable. Salary £950 to £1,300 per annum. Travelling and subsistence allowances where applicable. Posts superannuable and subject to medical examination. Application forms and further particulars from County Medical Officer of Health, East Cliff County Offices, Preston. (7680)

**WALSALL, COUNTY BOROUGH OF****ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited from qualified medical practitioners for the above post at a salary of £950 per annum, rising by annual increments of £50 to £1,300 per annum. Possession of the D.P.H. or D.C.H. will be considered an advantage. Commencing salary according to qualifications and experience. Further particulars and application forms may be obtained from me.—W. Staley Brookes, Town Clerk, Council House, Walsall. (7359)

**OXFORD, CITY OF  
Health Department****ASSISTANT MEDICAL OFFICER OF HEALTH  
(Male or female)**

Applications are invited from registered medical practitioners for the above post. Duties will be mainly in connexion with the child welfare and school health services, but there will be opportunity for experience in all branches of public health work. There is close contact with the United Oxford Hospitals, and Assistant Medical Officers of Health may be requested to undertake duties in the infectious diseases and paediatrics departments. Salary scale £950 by £50 to £1,300. In fixing commencing salary, previous experience will be taken into consideration. Car allowance. Permanent pensionable post. Medical examination. Application forms and conditions of service from Dr. J. F. Warin, Medical Officer of Health, Health Department, Greyfriars, Paradise Street, Oxford, to whom they must be returned by August 28, 1954.—Harry Plowman, Town Clerk, Town Hall, Oxford. (7409)

**STOKE-ON-TRENT, CITY OF**

Applications are invited from qualified medical practitioners (women) for the post of

**ASSISTANT MEDICAL OFFICER (Temporary)**  
on the maternity and child welfare services. Candidates should have experience in diseases of children and obstetrics. The post is temporary—for a period of twelve months. Opportunity will be given for hospital contact with both paediatrics and obstetrics. The possession of a D.P.H. or D.C.H. will be considered an additional qualification. Salary scale £950 by £50 to £1,300 per annum. The appointment will be subject to the provisions of the National Health Service (Superannuation) Regulations, 1947, and the successful candidate will be required to pass a medical examination. Forms of application may be obtained from the Medical Officer of Health, Public Health Department, Glebe Street, Stoke-on-Trent, and should be returned, accompanied by copies of not more than three recent testimonials, as soon as possible.—Harry Taylor, Town Clerk. (7192)

**WILTSHIRE COUNTY COUNCIL**

Applications are invited from registered medical practitioners holding the Diploma in Public Health or its equivalent for the whole-time appointment of  
**ASSISTANT COUNTY MEDICAL OFFICER AND  
MEDICAL OFFICER OF HEALTH of the Salisbury and Wilton Rural District, the Mere and Tisbury Rural District and the Borough of Wilton**  
The officer appointed must not engage in private practice as a medical practitioner and must reside in the district. Office accommodation provided in Salisbury. As an Assistant County Medical Officer he is on the staff of the County Medical Officer for 5/11ths of his time, and required to perform such duties as may be prescribed. As Medical Officer of Health for the remaining 6/11ths he is subject to the Sanitary Officers' (Outside London) Regulations, 1935 and 1951, and to the control and direction of the respective District Councils. Superannuable appointment, terminable by three months' notice on either side. The post is a mixed appointment. The salary scale applicable are as follows: District Councils: Appropriate proportions of £1,450 by £50 to £1,650 and £100. County Council: Appropriate proportion (subject to Spens formula weighting) of £950 by £50 to £1,300. Travelling and subsistence allowances payable. Forms of application from the undersigned, to whom completed applications must be sent within fourteen days of the appearance of this advertisement. Canvassing disqualifies.—P. A. Selborne Stringer, Clerk of the County Council, County Hall, Trowbridge. (7676)

**WORCESTERSHIRE COUNTY COUNCIL****ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited from registered medical practitioners, men or women, for the above whole-time post. The duties will chiefly concern school health and child welfare services. The possession of the D.C.H. or the D.P.H. will be an advantage. The salary will be in accordance with the national scale, the starting point to be fixed in accordance with qualifications and experience, with travelling and subsistence allowances according to the national scale. The successful candidate must own and drive a car. The post is superannuable and subject to medical examination. Application forms may be obtained from the County Medical Officer, County Buildings, Worcester.—W. R. Scurfield, Clerk of the County Council. (7822)

**ADMINISTRATIVE****BIRMINGHAM REGIONAL HOSPITAL BOARD****ASSISTANT SENIOR MEDICAL OFFICER**

Required to assist Senior Administrative Medical Officer at Board Headquarters in planning and organization of hospital and specialist services. Previous experience in public health and/or hospital administration an advantage. Salary £1,500 to £1,900. Apply to Secretary, B.R.H.B., 10, Augustus Road, Birmingham, 15, by August 23, 1954. (7505)

Up to date courses for the M.D.Lond., F.R.C.S.Eng., M.R.C.P.Eng., C.P.H., D.O., D.P.M., D.L.O., D.I.H., F.F.A., F.F.R., D.M.R.D.&T., D.T.M.&H. Assistance with M.D. Thesis. Prospectus, list of tutors, etc., on application to G. E. Oates, M.D., M.R.C.P. (London). University Examination Postal Institution, 17, Red Lion Square, London, W.C.1. Phone: HOLborn 6313.

**UNIVERSITY OF GLASGOW****Postgraduate Medical Education Committee****PRIMARY EXAMINATION FOR THE SURGICAL FELLOWSHIPS**

A course of instruction in anatomy, physiology, biochemistry, pathology, and bacteriology suitable for candidates preparing for the Primary Examination of the Fellowship qua Surgeon of the Royal Faculty of Physicians and Surgeons of Glasgow will be held from October 11 to December 3, 1954. (The Primary Examination conducted by the Glasgow Royal Faculty is accepted by the Royal Colleges of Surgeons of Edinburgh, of England, and in Ireland in lieu of the corresponding examinations of these bodies.) The course will comprise a total of approximately 160 hours' instruction given daily from Mondays to Fridays between the hours of 12 noon and 5.30 p.m. The course will be open to the junior staff of hospitals in the Western Region of Scotland and also to other suitable applicants. Applicants not employed in the hospitals of the Western Region will, so far as can be arranged, be given an honorary clinical attachment to one of the surgical teaching units. The fee for the course is 25 guineas.

**COURSE IN CHEMOTHERAPY**

A short intensive course on the principles and application of chemotherapy in acute and chronic infectious diseases will be held at Ruchill Hospital, Glasgow, from Monday, October 4, to Saturday, October 9, 1954. The course will comprise: (1) Systematic lectures followed by appropriate clinical demonstrations on the different infectious diseases, including pneumonia and tuberculosis. (2) Lectures and demonstrations on the scope and effective application of all forms of chemotherapy. (3) Practical demonstrations of the techniques used in the diagnosis and control of infectious diseases. The fee for the course is 5 guineas. The usual arrangements for financial assistance are available to N.H.S. practitioners attending this course whereby the fee, cost of travelling and subsistence, and locom expenses may, subject to certain conditions, be recovered from Government sources.

**COURSE IN MENTAL DEFICIENCY**

A short intensive postgraduate course in mental deficiency, suitable for School Medical Officers and others interested, will be held from October 11 to October 29, 1954. The course will comprise lectures and demonstrations, instruction in mental testing, and visits to institutions. Fee: 15 guineas. The course is limited to 20 practitioners.

Those wishing to attend any of these courses should make early application to the Director of Postgraduate Medical Education, The University, Glasgow, W.2, from whom further details and a syllabus may be obtained. (6273)

**Educational and Lectures—contd.**

**POSTGRADUATE STUDY.** Diploma in Anaesthetics; Diploma in Psychological Medicine; Diploma in Ophthalmology; Diploma in Radiology; Diploma in Laryngology; Diploma in Child Health; F.R.C.S.Eng., and all Surgical Examinations; M.R.C.P.Lond., and all Medical Examinations; M.D. Thesis of all Universities; Courses for all qualifying Examinations. Complete Guide to Medical Examinations sent free on application. Applicants should state in which qualification they are interested. Address: Secretary, Medical Correspondence College, 19, Welbeck St., London, W.1.

**EXPERIMENTAL RESEARCH INTO PROBLEMS OF AGEING**

The Trustees of the Ciba Foundation for the Promotion of International Co-operation in Medical and Chemical Research, 41, Portland Place, London, W.1, wishing to encourage well-conceived research relevant to basic problems of ageing, invite candidates to submit work in the field for awards for 1954-55. Details of the conditions may be obtained on application to the undersigned, but in general candidates should note: (a) Five awards, of an average value of £300 each, are available for the period 1954-55. The announcement of awards will be made in July, 1955. (b) Entries must be received by the undersigned not later than February 28, 1955. (c) Entries will be judged by an independent international panel of distinguished scientists who will advise the Executive Council of the Foundation on their findings and will also have power to recommend variation in the size and number of the awards according to the standard of entries. The decisions of the Executive Council will be final. (d) In making the awards preference will be given to younger workers. (e) The work submitted should be unpublished (but may be under consideration for publication) at the closing date for entries. (f) The papers may be in the candidate's own language, but a summary in English not exceeding 500 words must be attached. (g) Where there is one or more co-author, the name of the leading author should be indicated; it is to him that the award will normally be made, and it will be left to his discretion to share this award appropriately with his co-authors.—G. E. W. Wolstenholme, Director and Secretary to the Executive Council.

## **FOR PATIENTS** *who cannot take oral iron*

The administration, orally, of iron can prove difficult in practice through gastrointestinal irritation. Absorption is reduced and the patient after one or two digestive upsets fails to take the tablets regularly. FERGON, however, causes less digestive disturbances than other oral preparations and often produces a marked rise in the haemoglobin level where ordinary iron salts have failed. FERGON is well tolerated and even the most sensitive patient will take this better absorbed iron preparation readily and regularly.

N.H.S. cost 8d. per week
