IN FEBRILE CONDITIONS

Because LUCOZADE is so palatable it is frequently given to children and adults in febrile conditions. These patients, off their food, yet in need of the sustenance which LUCOZADE so attractively supplies, respond quickly to glucose presented in this delightful, non-nauseating form.

Gray's Anatomy

DESCRIPTIVE & APPLIED

The thirty-first edition of Gray's Anatomy retains most of the features which have made it so popular with medical students for nearly 100 years. The whole text has been carefully revised in the light of new knowledge which has established itself during the past few years. In the revision of the Respiratory and the Digestive Systems, the sections dealing with the Rectum and the Anal Canal have been expanded. The descriptions of the functional areas of the cerebral cortex have been re-written, and every effort has been made to keep the rapidly changing body of knowledge of the functions of the parts of the Nervous System up to date.

A special feature of this edition is the work that has been done on the illustrations. Much care has been taken in replacing more than 300 figures to ensure continued clarity of definition and, in addition, nearly 100 new figures have been introduced throughout the text, including many coloured illustrations of microscopical anatomy.

New conditions and terms of service

Regular and Short Service Commissions

New and improved conditions of service in the R.A.M.C. are now offered to doctors. These include:—

- * permanent commissions direct from civil life.
- * after one year's satisfactory service, grant of £1,500 (taxable) to officers appointed to a regular commission after 1st October, 1953.
- * antedates (which count towards pay and promotion) of up to 7 years for civilian experience, and credit for former commissioned service other than as a doctor.
- * 3 year short service commissions for those having liability for National Service.
- * increases in pay for majors and above.
- * increased rates of specialist pay.

For full details, application should be made to the War Office (AMD1A), Room130, Lansdowne House, Berkeley Square, London, W.1. (Telephone: GROsvenor 8040 Ext. 548).

FERROMYN

(Ferrous Succinate)

A NEW ORGANIC IRON TABLET

the latest and most significant advance towards ideal oral iron therapy

FERROMYN is an original and logical approach to the problem of iron absorption and utilisation in the treatment of hypochromic anamias and brings oral iron therapy a step nearer the ideal.

This new iron preparation presents Ferrous Succinate, a bivalent iron salt prepared from succinic acid, which, together with glycine is essential for the synthesis in the red bone marrow of a porphyrin (haem) containing iron.*

Normal Hb. and serum iron levels were demonstrated over an average period of 24 days treatment with a group of hypochromic anæmia

patients with an average initial haemoglobin of 60%.

The controlled clinical trials with Ferromyn show an iron utilisation factor of 42% as compared with 14% Ferrous Sulphate and 28% Ferrous Gluconate.

This response was obtained with the low total average dosage of 2,604 mgm. available iron.

In comparison, the controlled group treated with Ferrous Sulphate required 42 days with an average dosage of 7,568 mgm. available iron to reach the same Hb. and serum-iron value.

FORMULA: Each tablet contains 150 mgm. Ferrous Succinate, providing 35 mgm. elemental iron.

PACKS AND PRICES: Bottles of 100 tablets 4/2d plus P. Tax. Bottles of 1,000 tablets 38/8d plus P. Tax.

SERVICE AS UNIVERSAL AS THE NEED

Safety in SULPHONAMIDES need not be costly!

Since its introduction into medical practice some ten years ago, 'Sulphamezathine' has been used with consistent success throughout the world. It has won the highest reputation for its efficacy in a wide range of important bacterial infections, and for its safety in patients of all ages.

With 'Sulphamezathine', toxic reactions such as nausea, vomiting, drug fever, and blood disorders, are rarely encountered. Renal complications do not occur. 'Sulphamezathine' has thus rendered unnecessary the uneconomical practice of combining sulphonamides in an endeavour to reduce the danger of urinary blockage.

A wealth of Experience

a single Capsule

Over the years, the armoury of anti-anaemia substances has grown steadily. For the hypochromic anaemias, ferrous sulphate is today an almost traditional treatment. Folic acid and vitamin B₁₂—though only isolated in relatively recent times—were quick to earn recognition in their separate spheres. These and other factors of specific value in anaemia therapy are brought together in PERIHEMIN*. The result is a powerful haematinic which provides effective oral treatment for many of the common types of anaemia met with in everyday practice. Maximum toleration and optimum dosage are assured, and the capsules are now dry-filled for rapid dispersion of their ingredients and freedom from regurgitation.

Ferrous sulphate exsiccated 192 mg.

Vitamin B₁₂ 10 micrograms

FOLVITE* Folic Acid 0.85 mg.

Ascorbic Acid
50 mg.

Powdered Stomach 200 mg.

Insoluble Liver

Fraction 50 mg.

Intrinsic Factor 0.5 mg.

WHEN, as with penicillin, the efficacy of a drug is universally accepted, its presentation and ease of administration then assume importance. 'Distaquaine' preparations are pre-eminently suitable for almost all those instances in which penicillin therapy is indicated.

'DISTAQUAINE' G

Procaine penicillin G for administration in aqueous suspension vials of 300,000, 900,000 and 3,000,000 units.

'DISTAQUAINE' FORTIFIED

Procaine plus potassium penicillin G for administration in aqueous suspension vials of 400,000, 1,200,000 and 4,000,000 units.

'DISTAQUAINE' SUSPENSION

'Distaquaine' G in ready-prepared aqueous suspension vials of 10 ml. (300,000 units per ml.).

Advantages

- * aqueous, containing neither oil nor way
- * easy to prepare and administer
- * least possible pain on injection
- * effective levels up to 24 hours following administration
- * dry syringe unnecessary
- * equipment easily cleaned after use

'WYOVIN'

ATROPINE-LIKE ACTION WITHOUT MYDRIATIC OR SALIVARY SIDE EFFECTS

TO CONTROL HYPERMOTILITY AND PAIN

in peptic ulcer

The use of atropine or belladonna to quieten gastric movements and "hunger pain" in the treatment of peptic ulcer has hitherto been complicated by blurring of vision and dryness of the mouth. 'WYOVIN', the new Synthetic anti-spasmodic, exhibits the smooth muscle relaxant effects of atropine to the full, without visual or oral disturbance.

10 mg. tablets available in bottles of 50 and 250.

New..

for the
prevention
or relief of
Motion
Sickness

'MARZINE' brand Cyclizine Hydrochloride, a new compound for the prevention or relief of motion sickness, is remarkably free from any tendency to produce untoward side effects such as drowsiness, dryness of the mouth or blurred vision.

In clinical trials it was given to over four thousand steamship passengers, the majority of whom reported that the relief obtained was excellent. Similar results were obtained among air travellers. Where sickness had already occurred, 'Marzine' reduced or abolished the symptoms in practically all cases. Side effects in all groups were no more than 4 per cent.

- 'MARZINE' is of distinct value, too, in the treatment of vomiting of pregnancy and is worthy of trial in the symptomatic management of Ménière's syndrome.
- 'Marzine' is usually given in a dose of 50 mgm. (one product) three times a day before meals for adults. For children, half this dose is advised. 'Marzine' is issued in tubes of 10 at 2/6 plus 6d. purchase tax and bottles of 100 at 20/- plus 3/9 purchase tax (prices subject to usual discount).

BURROUGHS WELLCOME & CO. (The Wellcome Foundation Ltd.) LONDON

A CENTRALLY-ACTING VASORELAXANT WITH A POTENT HYPOTENSIVE ACTION

VERILOID

ORAL DOSAGE FORMS

Scored tablets of 1 mg. and 2 mg.

Scored tablets of 2 mg. with Phenobarbitone 15 mg. (Veriloid -VP).

RAUWILOID + VERILOID

Each scored tablet contains I mg. of standardized alkaloids of Rauwolfia serpentina with 3 mg. of Veriloid. In this product the sedative, tranquilizing and hypotensive properties of Rauwolfia serpentina are advantageously combined with the veratrum alkaloids. Tolerance to Veriloid is notably increased so that in the majority of cases fully effective doses can be given without troublesome side-effects.

An outstanding feature of the hypotensive action of Veriloid is its central action, which effects vaso-relaxation by impulses transmitted to the arteriolar musculature. Ganglionic function is not disturbed, therefore there is no interference with the postural reflexes essential for normal activity.

Veriloid, a unique preparation of the ester alkaloids of *Veratrum viride*, is specifically indicated in all grades of essential hypertension. Because it is biologically standardized in dogs, its clinical effect is significant and dependable. If dosage is carefully adjusted, control of blood-pressure throughout the whole day is entirely possible.

"Rauwiloid" and "Veriloid" are Registered Trade Marks.

COMBINES THESE

THESE 12 IMPORTANT FEATURES

- Uniformly potent. Its constancy of pharmacological action permits calculation of exact dosage in milligrams . . .
- 2 A unique process of manufacture produces a tablet which dissolves slowly, assuring absorption and action over a considerable period . . .
- **3** Moderates blood-pressure by vasorelaxant action independent of vagomotor effect . . .
- 4 No ganglionic or adrenergic blocking . . .
- 5 Lability of blood-pressure, so important in meeting the demands of an active life, is not interfered with; no danger of postural hypotension . . .

- 6 Cardiac output is not reduced . . .
- 7 No compromise of renal function . . .
- R Cerebral blood flow is not decreased . . .
- 9 Tolerance or idiosyncrasy rarely develops . . .
- 10 Hence can be given over long periods with the aim of arresting or lessening progression of hypertension . . .
- 11 Well tolerated in properly adjusted dosage; does not occasion headache . . .
- 12 Produces a prompt and sustained reduction of blood-pressure in all forms of hypertension . . .

Restoring day-to-day Rhythm

When normal periodicity of peristalsis is interrupted, day-today rhythm may be restored by the administration of I-so-gel. This natural laxative does not contain purgatives and it has a smooth mechanical action which stimulates normal peristalsis.

I-so-gel is invaluable in the treatment of habitual constipation and is particularly suitable for elderly and convalescent patients and diabetics. It is also indicated in mucous colitis, dysentery, hæmorrhoids and intestinal flatulence. After the performance of colostomy, I-so-gel gives excellent results by solidifying the fæces.

I-SO-GEL

Granules

The gentle bulk laxative

" Out nettle...in dock" (old country saying)

A minor lesion demands a simple treatment, and the age-old practice of applying a dock leaf is undoubtedly one way of allaying the irritation of nettle stings. But in more serious skin conditions, predictable and effective symptomatic control can only be achieved by the use of modern therapeutic agents.

'Anthisan' Cream is a powerful antihistaminic and analgesic preparation; it provides a speedy and effective means of controlling irritation in allergic and sensitization skin reactions, and in many other superficial conditions in which pruritus is a predominant feature. Supplied in collapsible tubes of 1 oz. and 1 lb. jars.

To lessen the fear of mutilation arrange for Prosthesis before mastectomy

The psychological hazards of mastectomy are generally recognized. A woman's fear of mutilation-of its effect on her appearance—is often as great as her fear of surgery itself. That is why arranging for the correct prosthesis replacement before surgery helps to minimize the psychic trauma—enabling the patient to face the adjustment period with more calm and assurance.

The surgeon can prescribe Spencer Mastectomy Supports with complete confidence that they will meet both the medical and cosmetic indications. The reason: Each Spencer Breast Support and Breast Form is individually designed, cut and made for each patient.

Wherever support is indicated for breasts, back, abdomen -for women, men, children-you will find Spencer Supports demonstrably superior.

An Effective Antacid of established value

Immediate neutralization of gastric acid, yet unaccompanied by the

disadvantages arising from carbonate medication, clearly indicates the clinical superiority of 'Milk of Magnesia'* as a therapeutic antacid.

Non-systemic in action, 'Milk of Mag-

a wide variety of conditions associated with gastric acid disturbance - from the mild case of dyspepsia to the acute ulcer stage — where intensive alkaline treatment is essential.

'Milk of Magnesia' reacts with the acids of the stomach to form a neutral laxative salt which promotes gentle but

nesia' may confidently be presented. Milk of Magnesia. PROPERSION OF MARKETINE

The Chas. H. Phillips Chemical Co. Ltd., 1 Warple Way, London, W. 3.

* 'Milk of Magnesia' is the trade mark of Phillips' preparation of magnesia.

ERYTHROCIN (Erythromycin, Abbott) is now supplied as the Stearate Salt, in film-sealed—not enteric-coated—tablets. Abbott's new *Filmtab* ERYTHROCIN Stearate provides faster absorption, earlier blood levels. The *Filmtab* (marketed only by Abbott) disintegrates far faster than enteric coatings and permits almost immediate drug absorption. Because of the swift absorption high blood concentrations of ERYTHROCIN are reached *within 2 hours*. Peak level is reached at 4 hours, with significant concentrations for 8 hours.

*(Trade Mark for Abbott's film-sealed tablets, patent applied for)

200 mg. tablets now available

Average adult dose of ERYTHROCIN Stearate is 200 mg. every four to six hours. To facilitate administration *Filmtab* ERYTHROCIN Stearate is now available in 200 mg. as well as 100 mg. tablets, packed in bottles of 25 and 100.

20% reduced prices (effective from 29th August 1954)

The price of the new *Filmtab* ERYTHROCIN Stearate is 20% cheaper than the price previously charged for the old enteric coated tablets. A 20% reduction in the price of ready-mixed ERYTHROCIN Stearate Oral Suspension, which children find so palatable, also becomes effective on the same date.

Erythrocin Stearate is generally indicated for the infections produced by staphylococci, streptococci and pneumococci. It has particular value for the treatment of conditions caused by gram-positive organisms, especially those which have become resistant to the action of penicillin.

May we send you a sample of the new Filmtab ERYTHROCIN Stearate tablets?

THE EXTRA **PHARMACOPŒIA**

(MARTINDALE)

Volume 1, 23rd Edition

In this new edition will be found information on the composition and character of practically every substance used in medicine, together with a concise summary of its use, its method of administration and its contraindications, with abstracts of the world literature. The book gives details, with references, of the most recent innovations in medical practice.

Information is provided on the toxicity of chemicals and drugs, on reports of cases of poisoning, and on treatment of overdosage. It is unlikely that any medicinal agent of established value has been omitted from the Therapeutic and Pharmacological Index, which is about half as long again as that of the last edition and contains approximately 750 headings.

Into General Practice

A guide for beginners and others

By J. G. THWAITES, M.B., B.S.

This book is primarily for those finding their feet in general practice, and for the recently qualified and the senior student contemplating the future. It also has much which will instruct all who are interested in general practice. The author spent many years in a busy general practice. He is also a past chairman of the Central Ethical Committee of the British Medical Association. It is not a clinical book nor is it an exhaustive book of reference on Health Service Regulations. Dr. Thwaites seeks to describe general practice in a way which will encourage and guide the newcomer in strange surroundings. From his own experience he tries to help others with the problems of practice so that they may less painfully gain wisdom from their own experience. After opening chapters on general practice and the general practitioner, there are others on such matters as entering practice, practice organization, relationship with colleagues, the doctorpatient relationship, and two on medical ethics.

"Yes, I've checked these graduations most carefully....

"....I've never yet found the slightest inaccuracy in a 'PYREX' Glass graduated Burette, or in fact in any 'PYREX' graduated vessel."

"Our work is rather special, so we always use Works Class A standard, but I am sure we'd be quite safe in using Works Class B at the lower cost. Of course we keep NPL Class A for all our research work."

"What about breakages?"

"Very few, Sir! You see, 'PYREX' can be made so much more sturdy and robust because of its low coefficient of expansion (actually 3.2x10-6)—and we never have breakage through heat, nor any sign of chemical attack."

• 'PYREX' Brand Graduated Glassware is made only by James A. Jobling & Co. Ltd., Sunderland.

HIGH WYCOMBE · BUCKINGHAMSHIRE · ENGLAND

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

NULACIN provides control of gastric acidity comparable with that obtained with intragastric milk-alkali drip therapy. It is the most convenient and effective form of treatment for bed and ambulatory patients.

DOSAGE

A NULACIN tablet, placed in the mouth and allowed to dissolve slowly, releases its contained medicaments at a rate that gives continuous neutralization of the gastric juice.

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half an hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists, 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

Kylon G.F.4.

NOW RECOGNIZED AS

"a new remedy of proved value"

The Joint Committee on Prescribing have now accepted Kylon G.F.4 for inclusion in Category 4 as being a new remedy of proved value when the product is prescribed for therapeutic purposes.

Kylon G.F.4 — the special preparation of liver containing the dietary growth factor—was first introduced to the medical profession in July 1952 as an aid in the treatment of underdeveloped, malnourished or convalescent children. The discovery of the growth factor in the special preparation of liver was the subject of an article in the *British Medical Journal*, 1952, 1, 1388. Other physicians have since confirmed its effectiveness.

Henceforward Kylon G.F.4 may, therefore, be freely prescribed for therapeutic purposes on N.H.S. Form E.C.10.

Literature will gladly be sent on request.

Sympathetic control of Enuresis

METHEPH

(I-N-METHYLEPHEDRINE HYDROCHLORIDE)

The sympathomimetic action of METHEPH reduces uninhibited reflex contractions of the bladder. Enuresis is thereby controlled, usually in 3 to 4 weeks in children. With adults, longer treatment may be necessary. METHEPH, supplied in $\frac{2}{3}$ gr. tablets, has the following advantages over ephedrine:—

- * Blood-pressor action only about one-tenth.
- * Central nervous system not stimulated.
- * No secondary acceleration of respiration.

Literature and clinical samples gladly sent on request.

BRITISH POSTGRADUATE MEDICAL FEDERATION

UNIVERSITY OF LONDON

THE INSTITUTE **OF** LARYNGOLOGY AND OTOLOGY 330/332, Gray's Inn Road, London, W.C.1

IN ASSOCIATION WITH

THE ROYAL NATIONAL THROAT, NOSE, AND EAR HOSPITAL

The Institute is organized to provide instruction in this Speciality for the whole of the period of training necessary to reach full consultant standard. There are ample clinical and research facilities and teaching is carried on continuously daily throughout the year.

There are full-time comprehensive courses of lectures and demonstrations for period of eight months commencing in February and September each year, which cover the whole field of the Speciality including the basic sciences, and will be found to be suitable for those intending to take the D.L.O. (R.C.P.&S.Eng.), and intensive clinical courses (4 weeks) in February and July intended as a basis for practical clinical training.

There is also an advanced revision course (part-time) for 10 to 12 weeks twice yearly suitable for students preparing for the final examinations in otolaryngology for the F.R.C.S. (England and Edinburgh).

Intensive courses in endoscopy and in aural surgery (both with practical work) are held at intervals for senior students.

A number of paid appointments, which are open to postgraduate students in the different stages of training, give opportunities of clinical experience and research.

Further information may be obtained from the Dean.

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

(UNIVERSITY OF LONDON) UNIVERSITY STREET, W.C.1 Telephone: Euston 5861

THE WINTER SESSION will commence on Tuesday, October 5, 1954

THE SCHOOL IS FOR FINAL STUDIES only. STUDENTS are prepared for the degrees of the Universities of—OXFORD, CAMBRIDGE, and London, and for the Diplomas of other qualifying bodies.

FEES.—The fees for the complete Clinical Course are £180 and are payable, if desired, in three annual instalments of £60. There are no extras, as the fees include (i) Courses of Instruction in Pharmacy, Vaccination, and Fevers; (ii) Life subscription to the Medical Society; (iii) Subscription to the U.C.H. Magazine.

SCHOLARSHIPS, EXHIBITIONS and Prizes (value £3,000) are awarded annually. Among the most important are:

most important are:

I. GOLDSMID ENTRANCE SCHOLARSHIPS, entitling the holder to the Final Course of Medical Study, are offered for competition annually in July, and are open to Students who are preparing for the Degrees of the Universities of Lordon, Oxford, Cambridge, or other British Universities, or for the Diplomas of the Royal Colleges of Physicians and Surgeons. Surgeons.

II. GOLDSMID ENTRANCE EXHIBITION, entitling the holder to a reduction of £126 of the fees due for the Full Course of Final Medical

Study.

III. FILLITER ENTRANCE SCHOLARSHIP IN PATHOLOGY, entitling the holder to a reduction of £123 of the fees due for the Full Course of Final Medical Study. Candidates will be examined in any two of the following subjects: Anatomy, Physiology, General Pathology, and Bio-Chemistry. Candidates take the examination in Pathology alone, if they desire to enter only for the Filliter Entrance Scholarship in Pathology.

All further information and Prospectus can be obtained from the Secretary, and the Dean can be interviewed at any time by appointment.

Dean—J. D. S. FLEW, M.D., F.R.C.O.G.

Vice-Dean—PROF. S. J. COWELL, M.A., M.B., F.R.C.P.

Vice-Dean for Dental Students— ALAN SHEFFORD, O.B.E., F.D.S., R.C.S.Eng. Secretary—Maj. Gen. H. L. BIRKS, C.B., D.S.O.

UNIVERSITY COLLEGE LONDON

FACULTY OF MEDICAL SCIENCES (University of London) Gower Street, London, W.C.1

Dean of the Faculty: Professor E. Baldwin, Ph.D.

The Faculty of Medical Sciences at University College London offers exceptional opportunities to medical and dental students. The staff, including teachers and research workers, is the largest in London, and for those with wide interests there is close contact with students in other Faculties.

At present about 30 medical students are accepted each October for the Intermediate Science course in order to obtain exemption from the 1st M.B. Examination. Similar numbers are accepted for direct entry into the 2nd M.B. course or the 2nd B.D.S. course.

On completing the preclinical course most students attend University College Hospital Medical School or the National Dental Hospital for their clinical studies.

There are four Entrance Scholarships for the pre-There are four Entrance Scholarships for the pre-clinical course, and for those students who desire to take a B.Sc.(Special) Degree in Anatomy or Physiology following the 2nd M.B. Examination there are twelve scholarships (four valued at £200 each) tenable for one year.

The prospectus of the Faculty and application forms may be obtained from the Secretary, University College London, Gower Street, W.C.1.

WEST END HOSPITAL FOR NEUROLOGY AND NEUROSURGERY

Out-patient Department

40. Marylebone Lane, London, W.1

Dean: T. Rowland Hill, M.D., F.R.C.P.

M.R.C.P. COURSES IN NEUROLOGY

Quarterly Courses of one month's duration, of Lecture-Demonstrations in Neurology, suitable for postgraduate students sitting this, and similar, higher examinations, are given at this Hospital. The dates of the Courses are advertised in the medical press, and the Courses are held during each University term.

Inquiries: Secretary of Medical School, WEL-eck 1260-9.

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL

(University of London)

The hospital and medical school are fully equipped for teaching the entire medical curriculum.

SCHOLARSHIPS AND PRIZES

Two ENTRANCE SCHOLARSHIPS, value £100 each, and four UNIVERSITY SCHOLARSHIPS, value £100 each, are awarded annually. In addition, numerous prizes are also awarded each year and exceed £1,000 in value.

The Tutors assist all students, especially those who are preparing for examinations, without extra fee. Special attention is given to students studying for Higher Degrees and Diplomas.

Common rooms and a restaurant are provided in the school buildings. A squash racquets court is available.

Athletic ground: Chislehurst, Kent.

The students' amalgamated clubs include rugby and association football, golf, cricket, hockey, sailing, fencing, etc., etc.

SESSIONS 1954-55

Classes begin on October 4. Clinical appointments are made every three months, beginning on October 1, and are held at the Middlesex Hospital, and Central Middlesex Hospital, Acton, N.W.

Further particulars, scholarship regulations, and detailed prospectus may be obtained on application to the Medical School Secretary, Middlesex Hospital, W.1.

Professor B. W. WINDEYER, M.B., D F.R.C.S., F.F.R., Dean of the Medical School.

THE NORTH LONDON POST-GRADUATE MEDICAL INSTITUTE

Holds courses in Advanced Medicine, Advanced Surgery and Obstetrics and Gynaecology; and Instruction is given in Pathology, Anaesthetics, and Radiodiagnosis. Clinical instruction is given at Bearsted Memorial Hospital, Chase Farm Hospital, North Middlesex Hospital, The Prince of Wales's General Hospital, and St. Ann's General Hospital. Further information can be obtained on application to the Dean, Dr. J. Browning Alexander, The Prince of Wales's General Hospital, London, N:15.

INSTITUTE OF NEUROLOGY

(QUEEN SQUARE)

LONDON, W.C.1

(University of London-British Postgraduate Medical Federation)

Associated with: The National Hospital, Queen Square, and the Maida Vale Hospital for Nervous Diseases, Maida Vale

THE Institute provides postgraduate training in the various departments of Neurology.

THE OUT-PATIENT PRACTICE is open at 10 o'clock at QUEEN SQUARE every day (except Saturday). A fee of £2 2s. per month is charged for attending the Out-Patient Department only.

THE IN-PATIENT PRACTICE at QUEEN SQUARE and MAIDA VALE is open at 10 o'clock, and a limited number of Clinical Clerks are appointed at both Hospitals. Fees: three months, 15 gns.; six months, 28 gns.

Special courses of instruction are given during the summer, autumn and winter terms, and Clinical Demonstrations are given on Wednesday afternoons and Saturday mornings as advertised in the Medical Journals.

Application should be made to the Dean at the Institute.

MICHAEL KREMER.

THE SOCIETY OF CHIROPODISTS

LIMITED (By Guarantee)

21, CAVENDISH SQUARE, LONDON, W.1

The Society is a member of the Board of Registration of Medical Auxiliaries.

Its diploma is accepted by the Medical Profession as evidence of scientific knowledge and thorough practical training. The designatory letters are F.Ch.S. (Fellow), M.Ch.S. (Member), and A.Ch.S. (Associate).

The course of instruction covers the whole sphere of the theory and practice of Chiropody, and includes tuition in Anatomy, Physiology, Medicine, and Surgery in so far as these have a bearing on Chiropody. All lectures on Medical subjects are given by members of the Medical Profession and certain of the lectures are given in the Universities and Medical Schools of the cities where these Schools are situate. The training, which is approved by the Minister of Health, occupies three years' full-time tuition and may be taken at any of the following Schools, which are recognized by the Society:

Chelsea School of Chiropody,
Chelsea Polytechnic,
Manresa Road,
London, S.W.3

London Foot Hospital School of Chiropody, 33 Fitzroy Square, London, W.1

Birmingham General Dispensary School of Chiropody, 41 Newhall Street, Birmingham, 3

Manchester School of Chiropody,
Anson Road,
Victoria Park, Manchester, 14

Royal Technical College, School of Chiropody, 28 and 29 The Crescent, Salford, 5

Edinburgh School of Chiropody, 81 Newington Road, Edinburgh

Glasgow and West of Scotland College of Chiropody, 22 Windsor Terrace, Glasgow, N.W.

Glasgow Southern Foot Hospital, 44 and 48 Cumberland Street, Classow, C.5

These Schools are attached to Foot Clinics where Students are afforded opportunities of seeing and treating those varied types of foot trouble which come within the province of the Chiropodist.

The Examinations in Anatomy, Physiology, Medicine, and Surgery are conducted by members of the Medical Profession from a panel approved by the Royal College of Physicians and Royal College of Surgeons of England respectively.

Further particulars may be obtained from the Secretary, L. W. Griffiths, F.A.C.C.A., A.C.I.S., or direct from any of the Schools referred to above.

Date

ROYAL COLLEGE OF SURGEONS OF ENGLAND

POSTGRADUATE TEACHING

A programme of postgraduate teaching has been arranged, including the study of surgery and surgical and allied specialties. Clinical Conferences are arranged to take place at various hospitals, during the periods when lectures in general surgery and anaesthetics are being held. In addition, a full-time clinical surgical course will be held in March and April, 1955, at the Central Middlesex and West Middlesex Hospitals.

Specialists are available to advise postgraduate students regarding study in General Surgery, Orthopaedic Surgery, Plastic Surgery, Anaesthetics and Dental Surgery who will assist as far as possible in finding suitable clinical instruction and clinical appointments.

The following courses have so far been arranged for 1954-55:

GENERAL SURGERY

September 27 to October 14, 1954 (24 lectures) March 28 to April 19, 1955 (24 lectures) Fees: £15 15s. Lectures only £10 10s. Clinical conferences will be held at various hopitals during these courses and in January, 1955.

FACULTY OF ANAESTHETISTS

October 11 to 29, 1954 (40 lectures) March 14 to April 1, 1955 (40 lectures) Fees: Lectures only £15 15s.
Discussion Group £15 15s.
Clinical Conferences £5 5s.

PHARMACOLOGY

November 29 to December 10, 1954 (20 lectures) May 9 to 20, 1955 (20 lectures). Fee: £6 6s.

FACULTY OF DENTAL SURGERY

Course of Lectures and Clinical Demonstrations in General. Oral and Dental Surgery (In conjunction with the Institute of Dental Surgery)
October 25 to December 17, 1954 (24 lectures)
May 2 to June 24, 1955 (24 lectures)
Fees: Full Course £31 10s.
Lectures only £10 10s.

EXAMINATIONS

The Final Examination for the Fellowship (F.R.C.S.) may be taken in Surgery, Ophthalmology and Otolaryngology.

There is also a Fellowship in Dental Surgery (F.D.S.R.C.S.) and a Fellowship of the Faculty of Anaesthetists (F.F.A.R.C.S.).

Details of these examinations may be obtained either from the College or from the Examination Hall, 8-11, Queen Square, W.C.1.

CONJOINT EXAMINATIONS

The Diplomas of L.R.C.P., M.R.C.S. are granted jointly with the Royal College of Physicians, as well as Diplomas in 12 specialties.

SCHOLARSHIPS AND PRIZES

The College grants many Research Scholarships and Prizes and in certain cases makes grants in aid of surgical research, the work being carried out either in the College or elsewhere. Research facilities are available in Anatomy, Physiology and Pathology.

HALL OF RESIDENCE

Residential accommodation is available within the College for postgraduate students.

Full particulars may be obtained on application to Mr. W. F. Davis, Deputy Secretary, Royal College of Surgeons, Lincoln's Inn Fields, London, W.C.2 (Tel. HOLborn 3474).

THE MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL UNIVERSITY OF LONDON

WINTER SESSION BEGINS OCTOBER 1, 1954

The Pre-Clinical Departments are established in the Charterhouse Square portion of the Medical College, where much of the War Damage has now been reconstructed.

The clinical work of the students is carried on at St. Bartholomew's Hospital. Adequate facilities are available for instruction in Pathology and Midwifery.

STUDENTS' UNION

The Union possesses a Club Ground of seventeen acres at Chislehurst.

HIGHER EXAMINATIONS

Special Classes are held for F.R.C.S., etc. For further particulars apply, by letter, to the Dean of the Medical College, St. Bartholomew's Hospital. London, E.C.1.

11

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE

The LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (Keppel Street, W.C.1) provides courses for the ACADEMIC POST-GRADUATE CERTIFICATE AND DIPLOMA IN PUBLIC HEALTH, for the ACADEMIC POST-GRADUATE DIPLOMA IN BACTERIOLOGY, for the ACADEMIC POSTGRADUATE CERTIFICATE AND DIPLOMA IN TROPICAL MEDICINE AND HYGIENE and for the Conjoint Board's DIPLOMA IN TROPICAL MEDICINE AND HYGIENE (England).

The D.P.H. course, starting each October, lasts for one academic year, the examination for the Certificate being held at the end of three months. It is designed primarily for qualified medical practitioners who intend to enter the public health service in this country. Fee—£73 10s. (£26 5s. for Part I only).

service in this country. Fee—£73 10s. (£26 5s. for Part I only).

The Diploma in Bacteriology course, starting in October of each year, lasts one academic year and is intended to give advanced instruction to graduates in medicine or veterinary science who intend to follow a career in bacteriology. There are now no vacancies for the 1954-55 course. Applications for the subsequent session should be received not later than March, 1955. The number of places is strictly limited. Fee—£73 10s.

The course of study for the University of London's Academic Postgraduate Certificate and Diploma in Tropical Medicine and Hygiene is designed to give advanced training in tropical medicine. There is a preliminary course of not less than four months which commences at approximately the beginning of October each year. There is a final course of not less than four months which consists of advanced study in one of three fields—Medical Biology (Parasitology and Entomology), Clinical Tropical Medicine, or Tropical Hygiene. Fee—£73 10s. (£42 for Part I only).

Two courses for the Conjoint Board's Diploma in Tropical Medicine and Hygiene will be held next session, commencing on September 27, 1954, and on February 21, 1955. This course is open to any qualified medical practitioner, but those not holding a qualification registrable in England should consult the Secretary of the Conjoint Board (8-11, Queen Square, W.C.1) regarding their admissibility to the examination. Fee—£42.

A course in statistical methods and their application in medicine and a course in medical statistics

A course in statistical methods and their application in medicine and a course in medical statistics and epidemiology will commence in March, 1955, and last for approximately four months. On each course lectures and practical demonstrations are given twice weekly, and the courses are so arranged on different days of the week that they can be taken in conjunction. Persons without a medical qualification can be accepted. Fee for each course—£10 10s. Fee for combined courses—£17 17s.

-£10 10s. Fee for combined courses—£17 17s. A new short course in Environmental Control will start on September 13, 1954. Thereafter there will be two courses a year, each of ten weeks' duration, commencing on the first Monday in March and on the second Monday in September. Although intended primarily for health inspectors from abroad, the course is so planned as to be of value to medical officers and others interested in the health aspects of environmental control both at home and abroad. Fee—£15 15s., plus registration fee of £1 1s.

ROYAL DENTAL HOSPITAL OF LONDON

SCHOOL OF DENTAL SURGERY (University of London)

Patron: Her Majesty The Queen Leicester Square, London, W.C.2

Men and Women Students may be admitted for the Curriculum for the B.D.S. Degree and the L.D.S. Diploma in October and January.

HOSPITAL PRACTICE.—The School is furnished with modern equipment, and the Clinic of the Hospital is unrivalled. Clinical instruction is given by the Surgeon of the day. Special instruction is given in Advanced Operative Technique, Pathology and Radiology. There is a well-equipped Department of Clinical Photography and Visual Education.

ORTHODONTICS AND DENTAL PROSTHE-TICS.—The Departments have been re-equipped and the teaching staff strengthened in all branches.

HOUSE APPOINTMENTS.—Six Senior House Surgeons and eighteen ordinary House Surgeons are appointed every year.

SCHOLARSHIPS. — Numerous Scholarships, Bursaries, and Prizes are awarded annually, including an open Entrance Scholarship of £100.

Applications for further particulars and Calendar should be submitted to the School Secretary.

INSTITUTE OF BASIC MEDICAL SCIENCES

10 a.m.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

Saturday

BRITISH POSTGRADUATE MEDICAL FEDERATION (University of London)

Teaching Ward Round-Stanmore

A programme of teaching in the basic medical sciences has been arranged for medical and dental post-uates. In addition to the practical demonstrations in the laboratories and dissecting room, lectures graduates.

are also given.

Facilities are available for advanced study in the basic medical sciences for a period of 1-3 years. COURSE OF DEMONSTRATIONS AND LECTURES IN ANATOMY, PHYSIOLOGY AND PATH-OLOGY (for limited numbers only) and a COURSE OF REVISION LECTURES (120).

October 4-December 31, 1954 February 21-May 20, 1955 Fees: £63. Lectures only £36 15s.

(Applications for the course of demonstrations should be sent in at least six months in advance)

COURSE OF DEMONSTRATIONS AND LECTURES IN ANATOMY, PHYSIOLOGY AND PATH-OLOGY IN THEIR APPLICATION TO DENTAL SURGERY

January 3-February 25, 1955 June 6-July 29, 1955

Fee: £31 10s.

Full particulars may be obtained on application to: Mr. W. F. Davis, Secretary, Institute of Basic Medical Sciences Royal College of Surgeons of England, Lincoln's Inn Fields, London, W.C.2 (Tel. HOLborn 3474).

THE ROYAL COLLEGE OF SURGEONS IN IRELAND

TO WHICH ARE ATTACHED BY CHARTER THE SCHOOLS OF SURGERY

All students take the pre-medical course and then do five years medical course before completing the final examinations.

A composition fee of twenty-six pounds a term covers tuition, hospital fees, examination fees and the Students' Union.

There is a very active Students' Union with excellent playing fields about three miles from the schools.

A limited number of dental students is accepted.

Courses for the Primary Fellowship are held twice a year.

For information apply to the Registrar, 123, St. Stephen's Green, Dublin, Ireland.

INSTITUTE OF PSYCHIATRY (UNIVERSITY OF LONDON)

(THE BETHLEM ROYAL HOSPITAL AND THE MAUDSLEY HOSPITAL)

at the Maudsley Hospital Denmark Hill, London, S.E.5

The Institute, which is in the British Postgraduate Medical Federation, provides courses of instruction covering up to three years for postgraduate students wino wish to specialize in psychiatry or prepare for the Academic Postgraduate Diploma in Psychological Medicine of the University of London or the Diploma in Psychological Medicine of the Conjoint Board. The subjects covered include anatomy and biochemistry of the nervous system, neurophysiology, pathology of nervous and mental diseases, psychiatry of children and adults, delinquency, principles of psychotherapy, forensic psychiatry and criminology, psychology, mental testing, and statistics. Clinical training is available throughout the year. There is a special six months' course in child psychiatry. Selected students are eligible for appointments as House Officer and Registrar at the Bethlem Royal Hospital and the Maudsley Hospital. The Institute, which is in the British Postgraduate

Facilities for research and supervision of study for higher degrees can be provided in clinical work and in the biochemical, physiological, neuro-endocrinological, neuropathological and psychological laboratories.

A course for Honours Graduates in Psychology A course for Honours Graduates in Psychology is available in clinical psychology for the Academic Postgraduate Diploma in Psychology. In conjunction with the Institute of Neurology, a course in the techniques of electroencephalography is provided for doctors who expect to take up electroencephalographic appointments in hospitals.

Further information may be obtained from the Dean, Institute of Psychiatry, Maudsley Hospital, Denmark Hill, London, S.E.5.

SOCIETY OF APOTHECARIES OF LONDON (M.M.S.A.)

The Mastery of Midwifery is designed to give evidence of intensive study and practical experience in Ante-natal Care, Midwifery, and Infant Welfare and their relation to Hygiene and Preventive Medicine. The possession of this Diploma will prove of value in private practice and also to candidates for appointments involving the special work described in the preceding paragraph. The tests imposed are stringent; the Examination, written, oral, and clinical, demands thorough and detailed knowledge gained by practical experience, and constitutes a definite endeavour to combat Maternal and Infant Mortality. Examinations are held twice yearly, in the months of May and November. Regulations and forms of application for admission to the Examination may be obtained from the Registrar, the Society of Apothecaries, Black Friars Lane, E.C.4.

ROYAL EYE HOSPITAL

(King's College Hospital Group)

A COURSE OF LECTURES suitable for the D.O. will be held during the Autumn Term on clinical subjects and refraction. A course for the next Fellowship examination in ophthalmology will commence on September 6, 1954.

Further particulars are obtainable on application of the Sceretary, Royal Eye Hospital, St. George's Circus, S.E.1.

The University, St. Andrews, August, 1954.

THE UNIVERSITY OF SHEFFIEL

MEDICINE FACULTY OF

Dean-J. G. McCRIE, O.B.E., T.D., M.B., F.R.C.P.Ed.

The University grants Degrees in Medicine (M.B., Ch.B., M.D., Ch.M.) and in Dental Surgery (B.D.S., M.D.S.). It also grants a Diploma in Dental Surgery (L.D.S.) and a Diploma in Microbiology (Dip. Microbiol.). These are all open to men and women on equal terms.

The Session 1954-55 begins on October 4.

Lectures and laboratory courses are given in the University, whilst clinical instruction is provided in the general and special Hospitals in the City. A number of resident hospital appointments are open to qualified students of the School, both male and female.

HALLS OF RESIDENCE.—FOR Men: Crewe Hall, Clarkehouse Road, Sheffield, 10; Ranmoor House, Fulwood Road, Sheffield, 10; Stephenson Hall, Oakholme Road, Sheffield, 10.

FOR WOMEN: University Hall for Women, Endcliffe Vale Road, Sheffield, 10, and Annexes.

Particulars of the Halls may be obtained from the Wardens.

SCHOLARSHIPS.—A number of Entrance Scholarships are open to students wishing to enter the Faculty of Medicine. There are also Postgraduate Scholarships. Entries to the Medical and Dental Schools are strictly limited in order to ensure adequate lecture and laboratory accommodation for all students. The relatively ample number of hospital beds available renders the facilities for clinical instruction unusually large.

Prospectuses containing details of the Medical and Dental Schools may be obtained respectively, from the Dean of the Faculty of Medicine and the Director of Dental Studies; and one giving particulars of Scholarships from the undersigned.

A. W. CHAPMAN, Registrar.

UNIVERSITY OF WALES

The Session begins in October of each year. Application for admission should be made to the Warden and Secretary, from whom an application form, prospectus and full information can be the secretary. obtained

ELECTRODE ASSEMBLIES INCLUDED SHEATHED OPEN

MICRO

PYE UNIVERSAL

pH METER

AND MILLIVOLTMETER

For pH measurements of plasma and sera, of stomach fluids, of antibiotic media, of cholinesterase activity in human blood, of initial solutions for T.B. cultures and of many other liquids in the field of medical research and routine investigation, a direct-reading, mains-operated pH Meter provides the ideal method. The direct-reading facility permits determinations to be made quickly with a minimum of effort and with the smallest possibility of error. It is invaluable for titration work. Mains operation eliminates the nuisance of battery failures and minimises setting-up time. The PYE UNIVERSAL pH METER and Millivoltmeter provides excellent stability under wide mains supply variations. It is extremely simple to operate. The electrode assemblies included with the instrument allow almost any type of measurement to be made and specialized electrodes can be provided to meet individual requirements. Both automatic and manual temperature compensation are incorporated. A conscientious effort has been made to make this instrument as comprehensive, reliable and easy to operate as possible.

"ANY QUESTIONS?"

(second volume)

FOR TEN YEARS a number of experts have each week constituted a Brains Trust for answering questions sent to the

BRITISH MEDICAL JOURNAL

from all over the world.

The second volume of "Any Questions?" complements the 1st volume, of which 10,000 copies have been sold. Subjects covered lightly in the 1st volume, such as "Marital Problems" and "Immunization," receive more detailed treatment in the new volume.

Please reserve your copy now as the edition is limited. The book is bound in cloth, fully indexed, small enough to fit the pocket, and quite indispensable to the general practitioner in his daily work.

GOLD COAST LOCAL CIVIL SERVICE

Gold Coast Medical Service

SPECIALIST (Obstetrician and Gynaecologist)

SPECIALIST (Obstetrician and Gynaecologist)
Required to take charge of all obstetrical and gynaecological cases in a large hospital in the territory and to give opinions on all cases referred for advice by Medical Officers and private practitioners. Candidates must possess either a Fellowship of one of the Royal Colleges of Surgeons (with obstetrics and gynaecology forming special subjects of the examination) or the Membership of the Royal College of Obstetricians and Gynaecologists. Four years' full-time experience in the work of this speciality under the direction of a fully qualified specialist is desirable. The successful candidate will probably not be required to take up appointment until after January 1, 1955. Appointment will be to the Gold Coast Civil Service on short-term contract of two tours of eighteen to twenty-four months in the first instance with gratuity on satisfactory completion of service. Basic salary scale would be £2.400 by £100 to £2.700 a year. Gratuity would be at the rate of \$37 10s. for each completed three months of service. Candidates in the National Health Service but retain their superannuation rights while in the Gold Coast (up to a maximum stay of six years). Salary, in this case, would be in the scale £1.900 by £100 to £2.200 a year, and officers would receive a resettlement grant of 20 per cent of the aggregate of their Gold Coast salary. Quarters when available are provided at rental not exceeding £150 per annum. Income tax at local rates. Free passages provided for officer, wife and up to three children under thirteen years of age. Annual local leave is permissible and generous home leave is granted after each tour. Application forms can be obtained from the Director of fice Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting ref. No. BCD. 117/13/014). (8354)

AUCKLAND HOSPITAL BOARD New Zealand

Applications are invited for the position of ASSISTANT PATHOLOGIST
Board's Institutions

ASSISTANT PATHOLOGIST
Board's Institutions

The appointment is initially to the National Women's Hospital and Connwall Geriatric Hospital but the appointee may be transferred, should the need arise, to any of the Board's other three major hospitals situated in Auckland or its suburbs. Applicants must be qualified medical practitioners of the British Commonwealth eligible to qualify for the status of Junior Specialist under the Hospital Employment (Medical Officers') Regulations, 1952, and should possess a good knowledge of general pathology including morbid anatomy and histology. Salary scale £NZ.1,352 per annum, rising to £NZ.1,652 per annum by annual increments of £NZ.50. Commencing salary within this scale according to qualifications and experience in the specialty. Accommodation is not provided but travelling expenses to New Zealand for appointee and family will be paid on certain conditions. Conditions of appointment and form of application may be obtained from the office of the High Commissioner for New Zealand, New Zealand House, 415, Strand. London, W.C.2. Applications close with the undersigned at the office of the Board, Kitchener Street, Auckland, New Zealand, at noon on Friday, October 1, 1954.—R. F. Galbraith, Secretary. (8341) Secretary.

HER MAJESTY'S COLONIAL SERVICE Tanganyika

MEDICAL OFFICERS

MEDICAL OFFICERS

Required for general medical duties. They must be prepared to go on tour and to train African staff. Appointments can be made on a permanent basis with pension (non-contributory) at the age of 45 to 55, or on short term contract with gratuity on completion of satisfactory service. A doctor in the National Health Service may resign from the National Health Service but retain his superannuation rights (up to a limit of six years) during his term in the Colonial Service and receive are settlement grant of 20 per cent of the aggregate of his Colonial salary at the end of his engagement. Salary scale ranges from £865 to £1,590 erannum. A temporary allowance at the rate of 35 per cent of salary is also payable, subject to a maximum of £350 per annum. A Salaries Commission has lately completed work on the revision of salaries in East Africa, and the selected candidates would benefit from any increases in emoluments approved. Starting salary will be determined according to age, qualifications and experience. Extra increments are given for approved higher qualifications. Quarters when available provided at low rental. Free passages provided in both directions for officer, wife and children up to the cost of three adult fares. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour of from two to three years. Educational facilities are available in East Africa. Social and recreational amenities are good. Candidates must possess medical qualifications registrable in the United Kingdom, Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD, 117/8/02).

HER MAJESTY'S COLONIAL SERVICE Mauritius

PATHOLOGIST

PATHOLOGIST

Required in the Medical Department of Mauritius to perform all the duties normally done by a qualified person in a clinical laboratory. Candidates must have medical qualifications registrable by the General Medical Council in the United Kingdom, preferably with postgraduate experience in all subjects related to clinical pathology. especially histology, haematology, including blood transfusion, and bacteriology. Appointment will be on three years' probation for permanent and pensionable employment. Salary scale is Rs.10,020 to Rs.19,020 (£751 10s. to £1,426 10s. a year); point of entry determined by qualifications and experience. In addition, a temporary non-pensionable cost-of-living allowance is payable, which amounts to 12 per cent on salary not exceeding Rs.12,000 (£900) a year and 9 per cent on salary over Rs.12,000 (£900) a year. Candidates in the National Health Service may resign from the National Health Service in the interest of the superannuation rights (up to a limit of six years) during their time in the Colonial Service, and receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary on leaving the Colonial Service at the end of their engagement. Quarters are not provided, but officers who have not been allowated Government houses will be reimbursed any difference between approved rent paid for a private house (subject to a maximum of Rs.300 (£22 10s.) a month) and the 10 per cent salary they would normally pay for a Government houses. For this purpose, officers living in hotels or boarding houses will be regarded as paying half

the board and lodging charge for themselves and their wives in respect of the rent. Income tax at local rates. Free passages are provided for officer, wife, and children, not exceeding five persons in all, on appointment, and for officer and wife on leave. Generous home leave is granted after each tour of four years. Application forms may be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. BCD117/52/01).

W. V Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.
This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigations; the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital, and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema. television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home, overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed, and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY 2231.

HITCHAM PLACE, BURNHAM, BUCKS (Late Fenstanton—Christchurch Road, S.W.)
