

OCTOBER

THE BLIND SPOT

We live, it is frequently alleged, and learn. But some lessons are oddly elusive, and if, on the evening which sees the end of Summer Time, it were possible by some form of telepathic radar to conduct a nation-wide public opinion poll, there would be a striking lack of unanimity in our answers to the question: "Should the hands of the clock be put on or put back at the end of Summer Time?" One trusts that the putters-back would outnumber the putters-on; but it might not be by a very wide margin, and there would, one cannot help fearing, be a discredibly large total of "Don't Knows". Why, in almost every household, should summer's lease expire in a minor flurry of controversy? ("But if we gain an hour, surely it doesn't make sense to put the clock back." "I'm positive that's what we did last year, dear. Don't you remember? I went and asked Mother . . .") Why, every autumn, do we make such heavy weather of our elementary experiment with time?

None can say. We are a modest race. As our orators and our leader-writers frequently remind us, we are not given to bragging about those qualities of commonsense and good judgment to which, happily combined as they are with a lively imagination and a practical grasp of detail, we owe as a nation our reputation for sagacity. Our modesty is particularly appropriate at the end of Summer Time.

The change from Summer Time is the only occasion on which the Midland Bank 'puts back the clock'. In all other respects, its outlook is forward and its services as modern as today.

CASSELL MEDICAL BOOKS

CLINICAL PSYCHIATRY

by W. MAYER-GROSS, M.D., F.R.C.P.

ELIOT SLATER, M.A., M.D., F.R.C.P., D.P.M.

MARTIN ROTH, M.D., M.R.C.P., D.P.M.

The authors of this important new comprehensive textbook have approached their task in the belief that the foundations of psychiatry are laid in the ground of the natural sciences, especially neurophysiology and cerebral pathology. Their standpoint derives from the classical, and has led to an attempt to handle psychiatry along the lines of an essentially medical tradition. The discussions of the various forms of mental disorder are accordingly drawn up under the headings (such as may be found in any standard work on medicine): definition and classification, incidence, aetiology and pathology, clinical features, diagnosis, prognosis, and treatment.

PROCEEDINGS OF THE FIRST WORLD CONFERENCE ON MEDICAL EDUCATION

Held under the auspices of The World Medical Association—London, August 1953

The volume records facts about the way undergraduate medical education is conducted in different countries and constructive ideas on how this should be developed. It contains the opening addresses, concluding reports and eighty main papers, with summaries in English, French and Spanish, read at the four sections of the conference:—

Requirements for Entry into Medical Schools Techniques and Methods of Medical Education
Aims and Content of the Medical Curriculum Preventive and Social Medicine

It should serve for many years as a fruitful source of information and opinion to those who are entrusted with the training of the doctor of the future.

SAUNDERS BOOKS

Nelson's **TEXTBOOK OF PEDIATRICS** New (6th) Edition

Complete—Authoritative—Up-to-the-minute

The bedrock on which generations of physicians have
built solid, effective, successful care of children.

Edited by WALDO E. NELSON, M.D., Professor of Pediatrics at Temple University
School of Medicine. With the collaboration of 70 eminent Contributors. 1,581 pages,
440 illustrations. Price \$15 (75s. in the U.K. and Eire only).

FLUID THERAPY IN PEDIATRICS

By Professor FONTAINE S. HILL (Tennessee)

275 pages, illustrated.

Of outstanding interest to all concerned with treatment of children. Tells how to recognize and manage fluid and electrolyte disturbances. Not a book of theory but of bedside application.

Price \$6.00 (30s. in U.K. and Eire only)

EMERGENCY TREATMENT AND MANAGEMENT

By THOMAS FLINT, M.D.

303 pages.

Exactly what to do for an emergency patient until definite treatment can be arranged—a really practical guide.

Price \$5.75 (29s. in U.K. and Eire only)

ATLAS OF PELVIC OPERATIONS

By Professor LANGDON PARSONS (Boston) and Professor
HOWARD ULFELDER (Harvard)

231 pages, with 220 plates.

"... an excellent book, full of information from surgeons with a large repertoire of pelvic operations... clearly sets forth the practice of a school whose present reputation runs high."
—EDINBURGH MEDICAL JOURNAL.

Price \$18.00 (90s. in U.K. and Eire only)

THORACIC SURGERY

By Professor RICHARD H. SWEET (Harvard)

381 pages with 159 illustrations.

"... a book of which the Harvard School may well be proud..." —BRITISH JOURNAL OF SURGERY.

INTRODUCE

NOBECUTANE

A NEW PLASTIC WOUND DRESSING

(See Brit. med. J. 1954. 2.17)

NOBECUTANE consists of an acrylic resin dissolved in a mixture of acetic esters. When applied to the dry skin the solvent evaporates leaving an elastic, transparent, and adhesive film.

★ ★ ★

NOBECUTANE has many advantages over conventional dressings. It is non-irritating, transparent, tough, pliable and durable and can be applied over joints where some degree of mobility is required.

★ ★ ★

NOBECUTANE is impervious to bacteria but permeable to air and water vapour and allows normal aqueous exhalation of the skin to escape and no maceration of the skin occurs.

★ ★ ★

NOBECUTANE is economical in use and results in a saving of at least 20% over the cost of conventional dressings. In addition it is welcomed by nursing staff who find it effects a considerable amount of saving in time.

★ ★ ★

NOBECUTANE is available to *hospitals only* in bottles of 250 ml. at a price of 17/6 per bottle. Each bottle contains adequate material for the dressing of approximately sixty to seventy surgical wounds.

FERROMYN

(Ferrous Succinate)

A NEW ORGANIC IRON TABLET

*the latest and most significant advance
towards ideal oral iron therapy*

FERROMYN is an original and logical approach to the problem of iron absorption and utilisation in the treatment of hypochromic anæmias and brings oral iron therapy a step nearer the ideal.

This new iron preparation presents Ferrous Succinate, a bivalent iron salt prepared from succinic acid, which, together with glycine is essential for the synthesis in the red bone marrow of a porphyrin (haem) containing iron.*

Normal Hb. and serum iron levels were demonstrated over an average period of 24 days treatment with a group of hypochromic anæmia

patients with an average initial haemoglobin of 60%.

The controlled clinical trials with Ferromyn show an iron utilisation factor of 42% as compared with 14% Ferrous Sulphate and 28% Ferrous Gluconate.

This response was obtained with the low total average dosage of 2,604 mgm. available iron.

In comparison, the controlled group treated with Ferrous Sulphate required 42 days with an average dosage of 7,568 mgm. available iron to reach the same Hb. and serum-iron value.

FORMULA: Each tablet contains 150 mgm. Ferrous Succinate, providing 35 mgm. elemental iron.

PACKS AND PRICES: Bottles of 100 tablets 4/2d plus P. Tax. Bottles of 1,000 tablets 38/8d plus P. Tax.

How often have THESE FEET walked into your consulting room?

How often have these feet walked into your consulting room? And how often have you longed to tell the patient that their pathetic deformity was almost always the result of their having worn ridiculously fitted footwear?

Hallux Valgus deformity is almost an impossibility if the natural shape of the human foot is accurately catered for by the shoemaker.

Many years ago a man who was ostracised by the profession as a quack bonesetter designed men's and women's footwear so that the wearer's feet would be completely free and unhampered by pressure. He ended up with a knighthood for the astonishing remedial work he did in orthopædics. His footwear have become world famous.

Remember Sir Herbert Barker the next time you are confronted with a pair of 'difficult' feet. His shoes are NOT made for the deformed foot, but they are made for the foot that does not intend to be deformed by wearing badly fitted footwear.

If you are interested in these shoes that are made in no less than 7 fittings to each half size, please ask us to send you a list of stockists in your area and an illustrated brochure.

It's so easy for
them to be
correctly fitted

- this way

SIR HERBERT BARKER SHOES FOR MEN AND WOMEN

A PRODUCT OF NORVIC SHOE COMPANY LTD., NORTHAMPTON

NOW AN ACCEPTED TREATMENT . . .

Transvasin

Contains skin-penetrating esters of salicylic, nicotinic, and p-aminobenzoic acids. It brings real relief to deep-seated muscular rheumatism by simple inunction.

TRANSVASIN, a new preparation developed by Hamol S.A., our Swiss associates, and now available for prescription in this country, contains polar esters of salicylic, p-aminobenzoic and nicotinic acids. These esters readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed. Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on the skin.

It is now being widely prescribed, with highly successful results. There is evidence, also, that since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Salicylic acid tetrahydrofurfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible cream base ad	100%

Transvasin is available in 1 oz. tubes at 3/4¹/₂ plus 7¹/₂d P.T., which are obtainable on form E.C.10, and is not advertised to the public.

Samples and literature will be gladly sent on application.

mixed infections
resistant infections
unidentified infections
point to

Vigorous bactericidal action over a broad front: that is the most decisive attack against mixed or resistant infections . . . and that is

the attack provided by CRYSTAMYCIN.

In a single injection CRYSTAMYCIN provides the antibacterial activity of sodium penicillin, streptomycin and dihydrostreptomycin. Moreover, together as they are in CRYSTAMYCIN, these antibiotics act synergistically and, by reinforcing each other's striking power, bring more infections

under effective attack. In addition, the risk of resistance developing to either drug is reduced. Indeed, in resistant or mixed infections, or infections of unidentified bacterial origin, CRYSTAMYCIN gives a greater assurance of effective therapy than either antibiotic alone.

DIAMOX^{*}

ACETAZOLEAMIDE *Lederle*

NEW SAFE ORAL DIURETIC

DIAMOX, Acetazoleamide, is a new, potent, yet safe oral diuretic which represents an important step forward in the control of cardiac oedema. It is easily administered, and oedema fluid is eliminated with safety. It is a remarkably non-toxic inhibitor of carbonic anhydrase. DIAMOX has been intensively tested clinically, and studies have shown that many cases of cardiac oedema previously requiring mercurials have been maintained oedema-free on DIAMOX alone. It allows for steady rather than intermittent control and has the following special advantages in general practice:—

Not a mercurial or xanthine derivative

A single dose induces profuse diuresis for 6—12 hours

It is potent yet remarkably safe

Suitable for regular use at home

Permits undisturbed sleep at night

Neither a gastro-intestinal nor renal irritant

For the long-term treatment of cardiac oedema

DOSAGE 1-1½ tablets orally each morning or every other morning according to the patient's weight.

PACKING: Scored tablets of 250 mg. Bottles of 25 and 100.

No external heating · No measuring of reagents

Approved by the Medical Advisory Committee of the Diabetic Association. The 'Clinitest' set, refills and accessories are all available under the N.H.S. on Form E.C.10. (*Basic Drug Tariff Prices: Set 6/8 complete. Refill bottles of 36 tablets 2/4.*)

CLINITEST HOSPITAL PACK

An invaluable time-saver in wards and clinics.
Write for details and hospital prices.

Specialists, General Practitioners, Clinics and Hospitals in all parts of the country have used and prescribed 'Clinitest' Reagent Tablets since 1947. Many valuable hours have been saved. Now after intensive research work and clinical trials the makers of 'Clinitest' Reagent Tablets have produced 'Acetest' Reagent Tablets for the detection of Ketonuria. With 'Clinitest' and 'Acetest' Reagent Tablets, reliable routine sugar and acetone tests can be carried out *simultaneously* in one minute!

The advantages of **ACETEST** Reagent Tablets

Quick and reliable, a single tablet provides all the reagents to perform a test. Low cost permits this tablet test to be used as a screening procedure or as a routine for diabetic patients. No danger of false positives with normal urine. No caustic reagents.

TO PERFORM A TEST:

- 1 Put 1 drop of urine on tablet.
- 2 Take reading at 30 seconds. Compare tablet to colour chart provided.
- 3 Record results as negative, trace, moderate or strongly positive.

Supplied in bottles of 100 tablets with colour scale.

'Acetest' Reagent Tablets (diagnostic nitroprusside tabs.) are also available under the N.H.S. on Form E.C.10. Basic Drug Tariff price 3/10 per bottle of 100 tablets (with colour scale).

DON S. MOMAND LTD., 58 ALBANY STREET, LONDON, NW1

What can you do for my Rheumatism, Doctor?

What a difficult question this is to answer—particularly when put by an elderly patient. As an immediate resort, however, you can readily relieve the painful symptoms by prescribing Berex.

Being a combination of salicylate and succinate, Berex enables a massive dosage of salicylate to be administered without lowering the prothrombin level, with less gastric disturbance and with the encouragement of tissue respiration.

SUMMARY OF FINDINGS OF A STUDY ON SUCCINATE SALICYLATE THERAPY*

A succinate-salicylate combination has been found superior to acetylsalicylic acid in rheumatic states both on grounds of therapeutic efficacy and lower toxicity. Adequate amounts of the former could be administered with more lasting effect and with fewer and milder side effects. Furthermore, succinate-salicylate affects the disease process itself, as well as relieving painful symptoms and does not abnormally increase prothrombin time even after prolonged dosage.

THE EXTRA PHARMACOPŒIA

(MARTINDALE)

Volume 1, 23rd Edition

In this new edition will be found information on the composition and character of practically every substance used in medicine, together with a concise summary of its use, its method of administration and its contraindications, with abstracts of the world literature. The book gives details, with references, of the most recent innovations in medical practice.

Information is provided on the toxicity of chemicals and drugs, on reports of cases of poisoning, and on treatment of overdosage. It is unlikely that any medicinal agent of established value has been omitted from the Therapeutic and Pharmacological Index, which is about half as long again as that of the last edition and contains approximately 750 headings.

Pp. xxii+1352.

Price 55s. (postage 1s.)

(Publishers of the *British Pharmaceutical Codex*)

For the treatment of vaginal infections of fungal and trichomonal origin

Mycil Pessaries have, as a result of extensive laboratory and clinical investigation, been reformulated to ensure improved liquefaction of the base and freedom from irritation.

Mycil Pessaries contain hydroxydichlorodiphenyl methane (D.M.238) and chlorphenesin—two highly effective non-mercurial fungicidal, anti-bacterial and trichomonocidal substances.

Ensuring adequate cough sedation

ETHNINE is a new, palatable, and effective cough sedative containing 4 mg. Pholcodine in each teaspoonful.

The properties of Pholcodine are:—

Less toxic than Codeine.

Higher anti-tussive factor than Codeine.

Less constipating than Morphine or Codeine.

The sedative action of ETHNINE is particularly useful in the treatment of the elderly patient who may suffer from insomnia or exhaustion as a result of intractable nocturnal cough.

ETHNINE

CONTAINING PHOLCODINE 4 mg.
IN EACH TEASPOONFUL (4 ml.)

In bottles of 4 and 80 fluid ounces.

'WYOVIN'

ATROPINE-LIKE ACTION WITHOUT MYDRIATIC OR SALIVARY SIDE EFFECTS

TO CONTROL HYPERMOTILITY AND PAIN *in peptic ulcer*

The use of atropine or belladonna to quieten gastric movements and "hunger pain" in the treatment of peptic ulcer has hitherto been complicated by blurring of vision and dryness of the mouth. 'WYOVIN', the new Synthetic anti-spasmodic, exhibits the smooth muscle relaxant effects of atropine to the full, *without visual or oral disturbance.*

10 mg. tablets available in bottles of 50 and 250.

EAR WAX

Removed

THE EASIER WAY

The removal of wax from the external auditory meatus can now be greatly simplified—by the use of Cerumol Ear Drops. Cerumol dissolves soft cerumen, disimpacts the hard wax plug, and a simple wiping or washing out is sufficient to remove debris. Cerumol is not injurious to the lining of the external auditory meatus or to the tympanic membrane.

Anti-bacterial, safe and efficient, Cerumol is an accepted product for use in a large number of hospitals and general practices throughout the country. It is included in Category No. 4 of the Classified List of Proprietary Preparations issued by the Ministry of Health, and may therefore be prescribed on N.H.S. form E.C.10.

PACKS. For Surgery Use: 10 c.c. vial, separate dropper included (Basic N.H.S. price 2s. 8d.)
For Hospital Use: 2 oz. and 10 oz. bottles.

IMPERIAL CHEMICAL (PHARMACEUTICALS) LIMITED

A subsidiary company of Imperial Chemical Industries Limited

WILMSLOW, MANCHESTER

"I spent a most interesting day yesterday, Sister!"

"I saw PYREX Precision Bore tubing being re-drawn in the PYREX works."

"The ordinary tubing is carried over a steel mould (a mandril they call it) and is re-heated in the process. It comes out the other side dead accurate to size and shape. And that's the tubing they use for these hypodermic syringes. I'm told it is accurate to four points of decimals."

"Yes, doctor, accuracy is certainly important, but what I find most remarkable is that these PYREX syringes never crack or break even in the hottest water."

● PYREX Precision Bore Glass Tubing gives exceptional resistance to thermal shock. Normally supplied with a bore tolerance of ± 0.05 mm (± 0.002 in.), or for special requirements to bore tolerance of ± 0.02 mm (± 0.0004 in.).

● Special leaflet giving details of lengths and bore sizes gladly sent on application.

JAMES A. JOBLING & CO., LTD.

Wear Glass Works, Sunderland

The only makers of 'PYREX' Brand Glass in the United Kingdom.

3-FOLD THERAPY *penetrates deeply*

Deep-seated pain due to rheumatic conditions and after injuries often needs intensive treatment. The Thermasseur provides 3-fold therapy — soothing warmth, gentle massage and infra-red emissions.

The massaging sphere, in stimulating the circulation and breaking down adhesions, also accelerates the absorption of waste matter. It is thus likely to prove commendably beneficial in cases of rheumatism and fibrositis, and indeed testimony proves this to be the case.

The Thermasseur can be manipulated all over the body and can safely be advised to patients for self use.

FEATURES ● Operates from A.C. mains at low voltage ● Portable in strong box ● 6 ft. lead and 2-way adaptor plug ● Massaging sphere can be dismantled for sterilizing ● 12 months' guarantee. ● Price £4 19s. 6d. complete, inc. tax.

*It depends what
you mean by 'Banking'*

OF COURSE we safeguard money and cash cheques. But we go further. We maintain specialist departments whose functions, although not 'banking' in the usual sense, can nevertheless be used to very good purpose. These departments will, for example, act as an Executor, help with a customer's Income Tax problems, obtain currency for foreign travel. They will do many more things besides. But the moral of this multiplicity of functions is simply this: if you have any problem of finance or business, the chances are that we can help you deal with it. And that is what we mean by 'banking'.

for milk-alkali drip therapy

without inconvenience

Superimposed guel fractional test-meal curves of five cases of duodenal ulcer

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

HORLICKS LIMITED

PHARMACEUTICAL DIVISION · SLOUGH · BUCKS

The use of milk-alkali drip therapy in establishing and maintaining a state of gastric anacidity has for many years been accepted as a standard practice in the treatment of peptic ulcers.

Such a continuous antacid effect could only be achieved by administering the drip through a tube, with its attendant inconvenience and discomfort to the patient. NULACIN tablets, held in the buccal cavity, give continuous neutralization without inconvenience or discomfort.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

NULACIN

is available throughout the British Commonwealth, in the U.S.A., and many other countries. It is known as Nulactin in Canada and Sweden.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a, HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) *Fully registered practitioners:* £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

MEMBERS ABROAD. Copies of vacancies advertised in the *Journal* can be sent by AIR MAIL. Please state type of vacancy and remit to the Advertisement Manager, B.M.J., 3s. for each week that this service is desired.

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelope "Vacancy."

COUNTY OF AYR EXECUTIVE COUNCIL

Applications are invited from registered medical practitioners for a vacancy, due to death, in Troon. Practice is mainly urban. List approximately 2,375. The doctor's residence will not be available to the successor to the practice but surgery and waiting room may be available. Forms of application may be obtained from the undersigned, with whom applications should be lodged not later than fourteen days from the date of publication of this advertisement.—D. M. Blythe, Clerk and Finance Officer, County of Ayr Executive Council, 56, London Road, Kilmarnock.

GOMSHALL, Surrey

Applications invited for vacancy at Gomshall in Guildford Rural District. List about 800 (practically all dispensing patients). Practice of lady doctor for about twenty years. Residence and surgery may be available for purchase. "Intermediate" area. Applications, on Form E.C.16A, to reach the undersigned on or before October 15, 1954.—S. H. Bennett, Clerk, Surrey Executive Council, 187, Ewell Road, Surbiton, Surrey.

NORTH DEVON

Applications are invited for vacancy (Rural). List approximately 1,000 (all dispensing patients). Residence and surgery available. Applications, on Form E.C.16A, should reach the undersigned not later than October 18, 1954. Further particulars may be obtained on request.—H. Bell, Clerk of the Executive Council for Devon and Exeter, 46, Queen Street, Exeter.

SWINDON (Designated Area)

Surgery accommodation available at the Health Centre, Milton Road, Swindon, on a tenancy basis. There is no list, but the successful applicant will be granted the initial practice allowance, if eligible. Residence not available. Applications should be lodged with the undersigned, from whom further particulars of the vacancy can be obtained, not later than October 15, 1954.—J. C. Parrott, Clerk to the Wiltshire Executive Council, Holloway House, Stallard Street, Trowbridge.

PRACTICES (Offered)

CHANNEL ISLANDS DEATH VACANCY. Receipts last year about £1,550.—Details from Medical Practices Advisory Bureau, B.M.A. House, Tavistock Square, London, W.C.1.

MANITOBA (CANADA) PRACTICE, HOUSE, furniture for disposal. Average gross receipts \$22,000, approximately £7,850 per annum. Particulars, Arthur Shaw (Medical Agent), Premier Buildings, 88, Church Street, Liverpool, 1.

Preference given to candidates with experience in school medical and maternity and child welfare duties and to those possessing diplomas in child health and/or a certificate or diploma in public health. Salary scale £950 by £50 to £1,300 a year. Medical examination: superannuation. Canvassing forbidden. Application forms from County Medical Officer of Health, County Hall, Chelmsford, to whom they should be returned as soon as possible. (9555)

HENDON, BOROUGH OF**MEDICAL OFFICER OF HEALTH**

Applications are invited for the above-mentioned post from registered medical practitioners with appropriate qualifications and experience of administration of Local Authority health services. Candidates must hold a Diploma in Sanitary Science, Public Health or State Medicine. The person appointed will be required to devote 30 per cent of his time to the service of the Middlesex County Council in the capacity of Assistant Medical Officer, initially in the Boroughs of Hendon and Finchley, the County Council reserving the right to require him to carry out those duties in such other part of the County as they may require. The salary will be in accordance with the recommendations of the Whitley Council Committee C, on the scale £1,800, rising by annual increments of £87 (two), £54 (one), and £18 (four) to £2,100 per annum, including the prescribed weighting for combined appointments. The commencing salary will be determined in accordance with qualifications and experience of the person appointed. The appointment will be subject to the conditions of service published by the Whitley Council Committee C, to the Local Government Superannuation Acts, and to the passing of a medical examination, and will be determinable by three months' notice on either side. Applications, stating age, qualifications and experience, with the names of three referees, must be delivered to the undersigned by October 18, 1954.—R. H. Williams, Acting Town Clerk, Town Hall, Hendon, N.W.4. (9729)

ROCHDALE, COUNTY BOROUGH OF

Applications are invited from qualified medical practitioners, male or female, for the whole-time appointment of either

ASSISTANT MEDICAL OFFICER in the School Medical and Child Welfare Department or SCHOOL MEDICAL OFFICER

The duties of the former will be equally divided between the Child Welfare and School Medical Services, while the duties of the latter will be mainly within the School Medical Service. Preference will be given to holders of the D.P.H. or similar qualification and applicants who have experience in the branches mentioned, including experience of ascertainment of educationally sub-normal children. Salary £950, rising by increments of £50 to £1,300 per annum, commencing according to experience. The successful candidate must pass a medical examination. Candidates must state whether they are related to any member or senior official of the Council. Canvassing will disqualify. Application forms may be obtained from the Medical Officer of Health, Public Health Department, Baillie Street, Rochdale, to whom they should be returned, together with the names and addresses of three referees, by October 11, 1954.—K. B. Moore, Town Hall, Rochdale. (9418)

WESTMINSTER CITY COUNCIL AND HOLBORN BOROUGH COUNCIL

Joint appointment of

PRINCIPAL ASSISTANT MEDICAL OFFICER OF HEALTH

(permanent superannuable post). Salary £1,250 by £50 to £1,400 per annum. Applicants to be registered medical practitioners and to hold a registered Public Health qualification; age not to exceed 45 years. The person appointed will act as Principal Assistant Medical Officer of Health for the two Boroughs. His services will be allocated in the proportion of three-fourths to Westminster and one-fourth to Holborn. Further particulars from and applications (marked "Principal Assistant Medical Officer of Health," stating age, war service, qualifications, present and past appointments, with copies of three recent testimonials), to the Town Clerk, Westminster City Hall, Charing Cross Road, W.C.2, by October 12, 1954. (9426)

GOVERNMENTAL**TREASURY MEDICAL SERVICE**

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office Area in which the place, or group of places, is situated. Successful applicants will be required to examine and report on the condition of certain Government officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood. Fees for this work, and mileage allowance where necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within fourteen days, to the Treasury Medical Adviser, Treasury Chambers, Whitehall, S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age. The places for which applications are invited are as follows:

England and Wales:

Bognor Regis, Middleton-on-Sea and Pagham. (Bognor Regis)
Keynsham and Saltford (Bristol).
Ruislip (Harrow).
Sandown (Ryde).
Syston, Cossington, Queniborough and Rearsby (Leicester).
Willesden, London, N.W.10.

Scotland:

Aberdeen (Aberdeen).
Rosyth, Inverkeithing and North Queensferry (Dunfermline).
Barrhill and Pinwherry (Girvan). (9742)

SERVICES**MEDICAL SERVICE OF THE ROYAL NAVY****MEDICAL OFFICERS**

Candidates are invited for short-service commissions of four years, on termination of which a gratuity of £600 (tax free) is payable. Ample opportunity is granted for transfer to permanent commissions on completion of one year's total service. Officers so transferred are paid instead a grant of £1,500 (taxable). All entrants are required to be British subjects whose parents are British subjects, to be medically fit, and to pass an interview. Full particulars from the Admiralty Medical Department, Queen Anne's Mansions, St. James's Park, London, S.W.1.

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers, which is available on request from the Secretary.

BRITISH TRANSPORT COMMISSION (BRITISH Railways), London Midland Region.—Applications are invited from male registered medical practitioners, aged 30 to 40, for appointment as Assistant Medical Officer in the London Midland Region, British Railways. Candidates should have a good clinical background and an interest in industrial medicine. Experience in general practice is desirable. Salary on appointment £1,200 per annum, and membership of the superannuation fund, subject to medical examination, obligatory. Applications, giving full particulars of age, qualifications, and experience, and two references, should be sent to the Regional Medical Officer, British Railways, London Midland Region, 66, Drummond Street, Euston, N.W.1, not later than October 16. (9773)

FACTORY DOCTORS**FACTORIES ACTS, 1937 and 1948**

The following appointments as Appointed Factory Doctor are vacant: Stillington, in the County of Durham; Lynton, in the County of Southampt. Applications, which should be received not later than October 23, 1954, should be sent to Chief Inspector of Factories, 8, St. James's Square, London, S.W.1. (9743)

(9784)

Overseas (Vacant)—contd.**HER MAJESTY'S OVERSEA CIVIL SERVICE**
(Medical Branch)
Northern Nigeria

Applications are invited from doctors with medical qualifications registrable in the United Kingdom and with at least one year's experience after qualification, for the following posts in the Medical Department of the Northern Region of Nigeria:

(a) MEDICAL OFFICERS

For general duties in curative and preventive medicine, which may include purely rural health work involving much travelling. There is great scope for the practice of many branches of medicine and surgery, and a considerable measure of independence and personal responsibility. One post available for a doctor with experience in, or a leaning towards, orthopaedics.

(b) MEDICAL OFFICERS OF HEALTH

For duties as under (a) and in addition to undertake the control of sanitation. They may be required to perform duties of Port Health Officer at an airport. Candidates for these posts should possess a Diploma in Public Health. A Diploma in Tropical Hygiene, though not essential, is desirable.

(c) SLEEPING SICKNESS MEDICAL OFFICERS

Duties comprise the control of endemic and epidemic sleeping sickness by means of chemotherapy and chemoprophylaxis. Undertaking of epidemiological investigations is a routine aspect of this work and opportunities for original enquiry into the treatment and natural history of the disease are also available. The candidate should be prepared to undertake the control of other epidemic diseases as necessity arises, and to interest himself in other aspects of rural health work. Duties would involve touring over a wide area.

(d) PATHOLOGISTS

For routine clinical pathology and the supervision and training of African technical staff. Experience in pathology is essential.

Appointments may be made as follows: (a) on three years' probation for permanent and pensionable employment with retiring age of between 45 and 55. Pensions (which are non-contributory) are at the rate of 1/60th of final pensionable emoluments for each completed month of reckonable service. (b) From the National Health Service. Candidates may resign from the National Health Service but retain their superannuation rights up to six years and receive a gratuity of 20 per cent of the aggregate of their salary. Salaries, including pensionable expatriation pay for officers appointed under (a) or (b) range from £950 to £1,850 per annum. (c) On short term contract (two tours of 18 months' duration) with inclusive salary of from £1,087 per annum, rising to £2,000 per annum; on completion of contract a gratuity is paid at the rate of £37 10s. for each completed period of three months' service (including leave).

Officers appointed under (a) or (c) are required to contribute to a widows' and orphans' pension scheme. Starting salary in all cases depends on experience and war service. Higher starting salaries are granted to doctors holding certain qualifications (F.R.C.S., M.R.C.P., D.P.H., etc.). Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Income tax at low local rates. Local leave is permissible and generous home leave is granted after each tour of 18 months. The Northern Region of Nigeria has many attractions for Europeans. The climate is in the main hot and dry, and generally healthy for families. There are many recreational facilities including riding and polo, tennis, golf and shooting, and the way of life of the 17 million Africans in the Region is interesting and often colourful. African leaders welcome the appointment of European doctors and are ready to assure them of a full career. Application forms from Director of Recruitment Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. BCD 117/14/01). (9735)

REGINA GENERAL HOSPITAL
Regina, Saskatchewan

Applications are invited for a
CLINICAL PATHOLOGIST

800-bed General Hospital. General pathology department with a Director and an Assistant Pathologist already on staff. Emphasis to be placed on haematology and bacteriology. Salary and conditions of employment by agreement. Minimum starting salary \$6,000. Applications to be forwarded to Superintendent, Regina General Hospital, Regina, Saskatchewan. (9677)

REGINA GENERAL HOSPITAL
Regina, Saskatchewan

Applications are invited for a
RADIOLOGIST

800-bed General Hospital. General radiographic service, mostly diagnostic. Remuneration and conditions of service to be arranged. Minimum starting salary \$8,000. Applications to be forwarded to Superintendent, Regina General Hospital, Regina, Saskatchewan. (9699)

FEDERATION OF RHODESIA AND NYASALAND**Ministry of Health**

Applications are invited for the following vacancies from suitably qualified male doctors, who must be British subjects, or citizens of Eire.

PATHOLOGIST

(upper age limit 42). The salary will be at a fixed rate of £2,250 per annum. Private practice is not permitted, but consultant practice is allowed to pathologists called into consultation by private medical practitioners.

GOVERNMENT MEDICAL OFFICERS

G.M.O.'s are essentially general duty officers and have opportunities in practically all fields of medicine. Though applicants up to 35 will be considered, these posts, which involve considerable change of stations and relieving duties during the first years of service, are best suited to young doctors, who have completed one to five years of post-qualification experience and who are single, or married without children. Starting salary scale £1,100 to £1,800, actual starting point (maximum £1,300 per annum) depending on experience. In addition, private practice is permitted, or an allowance of £200 per annum is paid in lieu. Application forms and further details (mention post) from Secretary, Rhodesia House, 429, Strand, London, W.C.2, completed forms to be returned by October 16. (9463)

KAMPALA MUNICIPAL COUNCIL

Applications are invited from registered medical practitioners with experience in general practice and tropical medicine for the post of

MEDICAL OFFICER

Duties include (a) The out-patient and domiciliary care of Council's staff (European, Asian and African); (b) Antenatal and child welfare clinics; (c) School medical inspections; (d) Immunization Centre; and such other duties as the Medical Officer of Health may prescribe. Private practice will not be permitted. Starting salary will be determined according to age, qualifications and experience in the scale £860 to £1,590, plus a temporary allowance of 35 per cent with a maximum of £350 per annum. A knowledge of Swahili and a Diploma in Tropical Medicine will be an advantage and will be taken into consideration when determining the starting point in the salary scale. Partly furnished housing provided at a rental of 10 per cent of salary limited to £150 per annum. Free passages on appointment up to three full fares and on completion of a 30 to 36 months' tour overseas. Leave is calculated at five days per month. Local leave 14 days per annum. Income tax at local rates. Transport allowance is payable to the officer, who will be required to provide his own car, for which an advance is obtainable. The officer will be required to become a member of the Council's Superannuation Scheme, when formulated. The successful applicant will be required to take up his duties on January 1, 1955, and to serve an initial six months' probationary period. Applications, including the names of two referees, should be addressed by air mail to the Town Clerk, Municipal Offices, P.O. Box 210, Kampala, Uganda, to reach Kampala not later than October 31, 1954. Canvassing of members of the Council, directly or indirectly, shall disqualify the candidate.—K. Evans, Town Clerk, Municipal Officer, P.O. Box 210, Kampala, Uganda. (9678)

HER MAJESTY'S COLONIAL SERVICE
Kenya

Vacancies exist for
MEDICAL OFFICERS
for general duties in the Medical Department of Kenya

Successful candidates may be posted to any station in Kenya. During the earlier years of service an officer will be expected to carry out general medical and surgical duties, including a varying amount of public health administration. In most stations, even if remote from the larger towns, it is possible for an officer to maintain interest in any particular branch of medicine or surgery to which he is attracted. As far as possible the interests of an officer are considered when postings are made. The work of every medical officer is based on a hospital which may vary in size and facilities from a small district hospital meeting the needs of a comparatively primitive community to a large and modern provincial hospital. Appointments can be made on a permanent basis with pension (non-contributory) at age of 55, or on short term contract with gratuity on satisfactory completion of service. Salary is paid in the scale £865 to £935 by £35 to £1,005 by £45 to £1,140 by £45 to £1,320 by £45 to £1,590 per annum, starting point is determined by experience and war service, and four extra increments are given to successful candidates possessing the M.R.C.P., D.P.H., or other approved higher qualifications. Temporary cost-of-living allowance of £300, rising to a maximum of £350 per annum, is also payable. Quarters are generally available at rental of 10 per cent of salary. Free passages in both directions for officer and wife and up to cost of one adult fare for children. Taxation at local rates. Annual leave permissible and generous home leave granted after each tour of from 40 to 48 months. Educational facilities are available. Medical officers are eligible for promotion to administrative super-scale posts in Kenya and other colonial territories and also, if they have higher qualifications and suitable experience, for specialist appointments. Candidates must possess medical qualifications registrable in the United Kingdom and at least one year's post-graduate hospital experience. Application forms from Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference number CDE.117/7/02). (9675)

UNIVERSITY COLLEGE HOSPITAL OF THE WEST INDIES

Applications are invited for the post of
SENIOR REGISTRAR

in the Department of Diagnostic Radiology. Preference will be given to candidates holding a Diploma in Diagnostic Radiology. The appointment will be for one year in the first instance. Salary will be in the scale £1,000 by £100 to £1,300 per annum, depending on experience and qualifications, and is subject to a deduction of £125 per annum in respect of board, residence, etc. Single accommodation only is provided. Return first-class passage by sea will be paid. Applications, stating age, nationality, details of qualifications and experience, together with three recent testimonials, or names and addresses of three referees, and including the approximate date on which the candidate could become available, should reach the Hospital Manager and Secretary, University College Hospital, Mona P.O., Jamaica, B.W.I., not later than October 30, 1954. Further information may be obtained from the Hospital Manager and Secretary. (9676)

Applications should be addressed to the Secretary, Rockhampton Hospitals Board, Rockhampton, Queensland. Applications close on November 17, 1954. (9384)

TRAVELLING FELLOWSHIP TO AMERICA
(Thoracic Surgery)

Applicants should have considerable experience in thoracic surgery, and if they are not already of consultant status should be closely approaching that grade. The Fellowship is provided through the generosity of the American Association for Thoracic Surgery and entails a year's stay in the United States. A grant of \$3,000 is provided. Application should be made, together with the names of two referees, to J. Leigh Collis, Honorary Secretary, Society of Thoracic Surgeons, 15, Highfield Road, Edgbaston, Birmingham, 15, from whom further details can be obtained. Closing date, Thursday, October 28, 1954. (9716)

UNIVERSITY OF QUEENSLAND
Australia

Applications are invited for the position of **CHIEF LECTURER IN CLINICAL MEDICINE**. Salary £A.1,915 per annum to £A.2,115 per annum. Applicants should hold a senior qualification in clinical medicine and have both teaching experience in medicine and a substantial record in medical research. Further particulars and information as to the method of application are obtainable from the Secretary, Association of the Universities of the British Commonwealth, 5, Gordon Square, London, W.C.1. Closing date for the receipt of applications is October 30, 1954. (9724)

WORLD HEALTH ORGANIZATION

Applications are invited for the post of **REGIONAL MATERNAL AND CHILD HEALTH ADVISER for the Eastern Mediterranean Area** (Regional Office in Alexandria)

The person appointed will be required, under the direction of the W.H.O. Regional Director, to advise Governments in the organization and promotion of maternal and child health services and the training of personnel; to assist in the development of field projects; and to supervise technical personnel working in the Region. Considerable time will be spent in travel within the Region. Candidates should have a recognized state qualification in medicine, preferably with a diploma and experience in general public health. Postgraduate training and experience in paediatrics and/or obstetrics, and in the administration of maternal and child health services is essential. Candidates should have excellent knowledge of English and fluency in French is highly desirable. The salary offered is \$7,300 per annum free of tax. Applications, making reference to this advertisement, should be sent immediately to Personnel Section, World Health Organization, Palais des Nations, Geneva. (9663)

OVERSEAS (Wanted)

SOUTH AFRICAN DOCTOR, D.I.H., AT present in London, seeks industrial appointment in factory or pneumoconiosis unit. Free to undertake special studies in U.K. if desired. Aged 29, married.—Box 2512, B.M.J.

YOUNG MARRIED DOCTOR, IRISH, EXTENSIVE overseas experience, seeks permanent post abroad.—Box 2538, B.M.J.

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****GUY'S HOSPITAL MEDICAL SCHOOL**
London Bridge, S.E.1

Applications are invited for the appointment of **WHOLE-TIME RESEARCH FELLOW** in the Cardiac Department of Guy's Hospital to work primarily on the problems of heart disease with special reference to surgical treatment. The work would include the clinical aspects and previous clinical experience and a higher qualification would be an advantage. Salary within the range of £700 to £1,000 per annum, according to qualifications and experience. The appointment would be for one year in the first instance, with duties starting on December 9, 1954. Applications, with the names of three referees, should be sent to the Dean not later than October 15, 1954. (9087)

GUY'S HOSPITAL MEDICAL SCHOOL
London Bridge, S.E.1

Applications are invited for the appointment of **WHOLE-TIME RESEARCH FELLOW** in the Cardiac Department of Guy's Hospital to carry out physiological and clinical investigations into congenital heart disease. The work would include the clinical aspects and previous clinical experience would be an advantage. Salary within the range £700 to £1,000 per annum, according to qualifications and experience. The appointment would be for one year in the first instance, with duties starting on November 9, 1954, or as soon as possible thereafter. Applications, with the names of three referees, should be sent to the Dean not later than October 15, 1954. (9088)

HEALTH EDUCATION

The Scottish Council for Health Education invite applications from registered medical practitioners, preferably under 45 and, in the case of female applicants, unmarried, for the post of

MEDICAL LECTURER

Duties include lecturing on health topics to school children and other groups throughout Scotland. Some experience in public speaking desirable. Work is interesting and varied and provides excellent opportunity for study of community health problems. Salary scale £900 to £1,050 per annum, plus travelling and full subsistence expenses. Possession of motor-car essential. Superannuation under National Health Service scheme. Applications, stating age, qualifications, experience and previous appointments, together with one copy each of three recent testimonials, should be submitted not later than October 20, 1954, to the Scottish Council for Health Education, 29, Queen Street, Edinburgh, 2. (9715)

INSTITUTE OF OPHTHALMOLOGY
Judd Street, W.C.1

Applications are invited for the post of **Full-time ASSISTANT PATHOLOGIST**. This post will be in the grade of Senior Lecturer, salary scale commencing at £1,250, rising by annual increments of £100 to £1,750 per annum. The post requires membership of the appropriate superannuation scheme. Family allowances are admissible. Applications, together with copies of three recent testimonials, should reach the undersigned not later than October 11, 1954.—C. F. Seath, Secretary. (9403)

INSTITUTE OF UROLOGY

In association with St. Peter's, St. Paul's, and St. Philip's Hospitals

Applications are invited from medically qualified practitioners (of approximately senior registrar status) for the post of

MEDICAL RESEARCH ASSISTANT
to the Institute of Urology

The applicant should be especially interested in metabolic problems. He will be expected to assist in the development of the new metabolic wards and to help with the investigations and treatment of patients admitted to this ward and to the associated hospitals. An honorary contract with the associated hospitals will be granted to the successful applicant. The appointment will be for one year in the first instance. Commencing salary £1,400 per annum with increments—subject to annual review. Applications to the Secretary, Institute of Urology, 10, Henrietta Street, Covent Garden, London, W.C.2. Applications to be received by October 16, 1954. (9483)

UNIVERSITY OF LEEDS
Department of Surgery

Applications are invited from suitably qualified persons for appointment to a newly established post of

MEDICAL ARTIST

at a salary of £450 a year. The successful candidate will be required to join the Federated Superannuation System for Universities. Applications (three copies), stating date of birth, qualifications and experience, together with the names of three referees, should reach the Registrar, The University, Leeds, 2 (from whom further particulars may be obtained), not later than October 18. (9714)

NOTICES

APPLICANTS ARE ADVISED NOT TO SEND original testimonials when replying to advertisements. Copies will answer the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

PREGNANCY DIAGNOSIS BY THE XENOPUS METHOD. 24-hour service. Send specimen of urine and fee. Haematology, Biochemistry, Flame Photometry.—Welbeck Biological Laboratories, 26, Park Crescent, Portland Place, W.1. MUS 5386-7.

POSTGRADUATE INSTRUCTION IN PSYCHOLOGICAL MEDICINE

A course designed for those studying for a Diploma in Psychological Medicine will commence in January, 1955. Instruction will be part-time and will occupy approximately three half-days a week during six academic terms; three terms being devoted to Part I and three terms to Part II. Students may enrol for either part separately but, except in special circumstances, will not be permitted to study for both parts concurrently. Fees £12 12s. per term or £70 for the whole course. Further particulars may be obtained from the Director of Studies in Psychological Medicine, 10, Croxteth Road, Liverpool, 8, to whom application for admission to the Course should be sent as soon as possible.—Stanley Dumbell, Registrar. (9664)

SOCIETY OF APOTHECARIES OF LONDON.—Surgery: October 11, November 8, December 6. Medicine and Pathology: October 18, November 15, December 13. Midwifery: October 19, November 16, December 14. Mastery of Midwifery: May and November. Diploma in Industrial Health: July and December. For regulations apply Registrar, Apothecaries' Hall, Black Friars' Lane, London, E.C.4.

SOCIETY OF APOTHECARIES OF LONDON (M.M.S.A.)

The Mastery of Midwifery is designed to give evidence of intensive study and practical experience in *Ante-natal Care, Midwifery, and Infant Welfare* and their relation to *Hygiene and Preventive Medicine*. The possession of this Diploma will prove of value in private practice and also to candidates for appointments involving the special work described in the preceding paragraph. The tests imposed are stringent: the Examination, written, oral, and clinical, demands thorough and detailed knowledge gained by practical experience, and constitutes a definite endeavour to combat *Maternal and Infant Mortality*. Examinations are held twice yearly, in the months of May and November. Regulations and forms of application for admission to the Examination may be obtained from the Registrar, the Society of Apothecaries, Black Friars' Lane, E.C.4.

COURSE IN ORTHOPAEDIC SURGERY**HARLOW WOOD ORTHOPAEDIC HOSPITAL**

Fee from 12 guineas per week. Patients treated under certificate, temporary or voluntary status. Usual modern forms of treatment, including psychotherapy, narco-analysis, modified insulin, occupational therapy, E.C.T., etc. — Douglas Macaulay M.D., D.P.M.

ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHEADLE ROYAL, CHEADLE,
CHESHIRE

Registered Mental Hospital

President:

The Right Hon. The Earl of Derby, M.C.

Medical Superintendent:

W. V. Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigations; the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital, and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema, television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home, overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed, and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY 2231.
