RYOTOL

for
Chronic Discharge of the Ear

because

RYOTOL is lethal to *Ps. pyocyanea*, *Staphylococcus aureus*, *Proteus vulgaris* and *Streptococcus pyogenes* found in C.S.O.M. and Otitis Externa. The presence of *Ps. pyocyanea* has been demonstrated in 90% of cases of chronically discharging ears. This gram-negative, highly resistant organism is unaffected by penicillin, sulphonamides and many other bactericides. It produces abundant pus and is therefore extremely troublesome.

RYOTOL Ear Drops are the outcome of clinical work on humans, following outstanding results obtained in the veterinary field.

Formula:
Monophenyl ether of ethylene glycol ... 2.0% v/v
Phenylmercuric Nitrate ... 0.1% w/v
Phenyl-dimethyl iso-pyrazolone ... 5% w/v
in a stabilised non-irritant base.

Samples and literature gladly forwarded on request.

New

FIRST SAFE AND EFFECTIVE INTRAMUSCULAR IRON

BENGER LABORATORIES, who introduced the first intravenous iron preparation, now present a new and equally effective iron complex for intramuscular administration. ITS NAME IS IMFERON. The introduction of this new compound considerably simplifies the control of iron deficiency anæmias in both hospital and general practice.

Note these advantages . . .

- | | |
|---|---|
| ★ Imferon is the first safe and effective iron preparation for intramuscular injection—equally suitable for general practice and hospital use. | ★ Imferon produces a haemoglobin response identical with that obtained by saccharated oxide of iron. The response is thus predictable. |
| ★ Imferon is well tolerated. Reactions of the kind which have been reported with saccharated oxide of iron have not been observed. | ★ Imferon provides the equivalent of 250 m.g. of iron per 5 ml. injection; fewer injections are therefore necessary to administer the calculated total dose. |

AMPOULES 2 ml. (100 mg. Fe.) boxes 10 and 100 AMPOULES 5 ml. (250 mg. Fe.) boxes 5 and 50

A NEW ADJUVANT IN THE TREATMENT OF RESPIRATORY DISORDERS

Lloyd-Hamol Ltd., of London and Zurich, announce the launching in this country of Thoracin, a new decongestive salve for the symptomatic relief of coughs, colds and respiratory disorders.

This diagram shows how Thoracin components penetrate the skin, are carried by the bloodstream to the alveoli and excreted there to exert their effect

FORMULA

Phenyl Ethyl Nicotinate	2.0%w/w
Guaiacol Furoate	5.0%w/w
Tetrahydrofurfuryl Salicylate	10.0%w/w
Camphor	3.0%w/w
Eucalyptol	2.0%w/w
Water-Miscible Base to	100.0%

► The Thoracin formula is based on the same principles that have made Transvasin so successful in the treatment of rheumatic conditions.

► Thoracin is composed of esters of substituted hydroxy aromatic derivatives.

► Thoracin achieves the effect of the classic counter-irritant remedies—poultices, plasters and cupping—without irritation of the skin.

► Thoracin contains a new ester of Guaiacol that is entirely free from the evil smell and irritant effect associated with this phenol derivative in its pure form. This ester easily penetrates the skin and is excreted in the alveoli, where it exerts its well-known action.

► Thoracin ensures vasodilation of the superficial skin vessels by the use of esters of nicotinic acid.

► Thoracin brings to the alveoli via the blood-stream the sedative, antispasmodic, and expectorant properties of camphor and eucalyptus.

THORACIN is available in 1 oz. tubes — basic price 2/6 plus 7½d. P.T. It is an ethical product, and is not advertised to the public. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low. *Samples and literature will be gladly sent on application.*

A new preparation

Quotane Ointment

*Formula: 1-(β -dimethylaminoethoxy)-3-n-butylisoquinoline monohydrochloride
0.5% w/v in an oil-in-water emulsion base.*

Here is a new topical anaesthetic, chemically unrelated to the 'caine' group, with a remarkably low index of sensitization. When the patient's symptoms of itching, burning, and pain are hindering progress, when they are causing sleeplessness, or when scratching is leading to secondary infection of the lesions, this highly effective antipruritic may often provide a valuable support to treatment.

In 1-oz. (28g.) tubes

for the rapid relief of pain

The distress caused by the piercing, stabbing pains of neuralgia is quickly relieved by the rapid, smooth, analgesic action of HYPON TABLETS, enabling the practitioner to prescribe a safe means of meeting the patient's need. Menstrual pain is also effectively alleviated. Where the cause of distress is of a more chronic nature, as in rheumatism and sciatica, the adverse

effects of prolonged medication with codeine and salicylic therapy are eliminated by the inclusion in the formula of caffeine and phenolphthalein. HYPON TABLETS are already widely prescribed by members of the profession for their speedy and safe action with the almost complete elimination of gastric upset. Parallel with the relief from pain, febrile states are effectively reduced in conditions such as influenza, coryza and tonsillitis.

FORMULA: *Acid Acetylsalicyl*
B.P. 40.22%. *Phenacet.* *B.P.* 48.00%
Caffein. *B.P.* 2.00%. *Codein. Phosph.*
B.P. 0.99%. *Phenolphthal.* *B.P.* 1.04%

LITERATURE ON REQUEST

**The
ideal
nasal
decongestant**

FENOX

NASAL DROPS

Prompt Effect

Low surface tension—readily absorbed by the mucosa.

Prolonged Action

The prompt, sustained effect of Fenox gives prolonged relief with small dosage.

Non-Oily

Fenox does not interfere with ciliary action and there is no danger of lipoid pneumonia.

Viscous

Fenox has the same viscosity as mucus and remains at the site of action.

Non-Irritant

Fenox is pH-adjusted and isotonic with the nasal secretion.

Non-Toxic

Free from undesirable side effects—suitable for children and adults.

**For the treatment of
catarrhal conditions**

FENOX, the only preparation containing phenylephrine hydrochloride and naphazoline nitrate, marks an advance in the local treatment of catarrhal conditions of the nasal passages and accessory sinuses. It exhibits all the properties of the ideal nasal decongestant.

FENOX is supplied in $\frac{1}{2}$ fl. oz. dropper bottles—Retail Price 2/6d, subject to usual discounts.

Literature and "Patients' Directions" pads are available from the Medical Department, Boots Pure Drug Co. Ltd. Nottingham.

DIAMOX^{*}

ACETAZOLEAMIDE *Lederle*

NEW SAFE ORAL DIURETIC

DIAMOX, Acetazoleamide, is a new, potent, yet safe oral diuretic which represents an important step forward in the control of cardiac oedema. It is easily administered, and oedema fluid is eliminated with safety. It is a remarkably non-toxic inhibitor of carbonic anhydrase. DIAMOX has been intensively tested clinically, and studies have shown that many cases of cardiac oedema previously requiring mercurials have been maintained oedema-free on DIAMOX alone. It allows for steady rather than intermittent control and has the following special advantages in general practice:—

Not a mercurial or xanthine derivative

A single dose induces profuse diuresis for 6—12 hours

It is potent yet remarkably safe

Suitable for regular use at home

Permits undisturbed sleep at night

Neither a gastro-intestinal nor renal irritant

For the long-term treatment of cardiac oedema

DOSAGE 1-1½ tablets orally each morning
or every other morning according
to the patient's weight.

PACKING: Scored tablets
of 250 mg. Bottles of 25
and 100.

**effective local
antibiotic therapy
— minimal risk of
sensitisation**

'POLYFAX' combines 'Aerosporin' brand Polymyxin B Sulphate with Bacitracin in a new antibiotic ointment of *very wide antibacterial range*. 'Polyfax' has a prominent place in clinical practice because

- 'Polymyxin' is lethal to many gram-negative organisms, particularly *Ps. pyocyanea*.
- Bacitracin is effective against gram-positive organisms.
- Drug resistance to polymyxin is unknown, to bacitracin very rare.
- Penicillin-resistant strains often succumb to bacitracin.
- Risk of skin sensitisation is minimal.
- Local absorption is insignificant.
- Subsequent systemic use of antibiotics is not prejudiced.
- 'Polyfax' is so formulated that its antibiotic components are stable and readily diffusible.

'POLYFAX' is non-irritating and may be applied for long periods if necessary. It is available in tubes of 20 gm. for topical application and in tubes of 4 gm. with special nozzle for ophthalmic use.

rapid response
with **ORAL** antibiotic therapy

Chloromycetin® is unique in being readily and effectively absorbed from the gastro-intestinal tract and producing blood-levels which rise proportionally with increase in dosage. This is a great advantage in severe infections where initially, high blood-levels are essential; a rapid response to treatment is a natural corollary. Owing to effective absorption, gastro-intestinal side-effects following the administration of Chloromycetin are reduced to a minimum.

TO EVERY DRIVER OF A NEW CAR

How to keep your engine in peak condition

WHEN you have invested a considerable sum of money in buying a new car you don't want to see it deteriorate quickly. But while any amount of care and elbow-grease is spent on keeping body-work gleaming, many drivers neglect something far more important — care of the new engine.

If nothing is done about it, your engine will gradually accumulate a tenacious slate-like deposit on valve heads and cylinder-head surfaces. These harmful deposits cause loss of power and extravagant fuel consumption — until, before you know where you are, your 'new' car is approaching middle-age and sadly in need of an overhaul.

Maintain full compression with BP Super plus BP 08

THERE is a way of checking this build-up of deposits in your engine. BP Super petrol, with its new additive, BP 08, keeps valves, plugs and piston rings cleaner. Run a new car on BP Super plus BP 08, and the bulk of the products of combustion which might otherwise form deposits are passed harmlessly out through the exhaust.

Your new car will now behave like a new car for a much longer period. The lively performance, smooth running and instant starting, which the car was

designed to give you in the first place, it will now go on giving you over thousands of miles.

This is an insurance for which there are no extra premiums. BP Super plus BP 08 costs you not a penny more at the pump. It will cost you far less in the long run, because you get still more miles per shilling, and you won't need to take your car off the road for an overhaul so soon. With BP Super plus BP 08 you are protecting a valuable investment in a safe, easy and economical way.

The BP Shield is the trade-mark of ANGLO IRANIAN OIL CO. LTD.

How Sanatogen can help in the treatment of Psychosomatic Disorders

Edward Jenner, when a boy in Gloucestershire, heard that dairy maids who had contracted cowpox did not take smallpox. Later, when studying under John Hunter in London, he told the great man of his idea of vaccination. Hunter replied: "Don't think — try. Be patient. Be accurate." (Yet it is difficult to be patient with all the cases of psychosomatic disorders that flood the surgery!)

WHAT CAN THE BUSY GENERAL PRACTITIONER DO?

Psychosomatic disorders are increasing every year, so the surveys show. The symptoms are diverse — rheumatism, headache, insomnia, dyspepsia, diarrhoea, effort syndrome, etc. — and each patient must be heard, fully examined, and reassured. What then? Is reassurance enough? Here surely is a case where the use of Sanatogen protein nerve tonic is always useful.

THE ROLE OF SANATOGEN

Although Sanatogen is not prescribable owing to its high food value, it has been recommended by the profession for more than 50 years for "nerves" and psychosomatic disorders. It is 95% casein chemically combined with 5% sodium glycerophosphate. Three teaspoonfuls of Sanatogen t.d.s. (the normal dosage) provide the patient with 24 grams of first-class protein free from fat and cholesterol, at a cost of less than a shilling a day; whilst by reason of its glycerophosphate content it has a specific tonic effect on body and nerve tissue. Of course, it is not suggested that Sanatogen is the complete answer to psychosomatic disorders, but the general practitioner will find that it is a most powerful aid. Now we do not ask you to believe this without trial. We ask you to follow John Hunter's advice: "Try it."

Sanatogen

Canned Strained Foods and

Early Mixed Feeding

HOW OFTEN a mother looks questioningly when you recommend a varied diet for her baby. And no wonder! She is frequently wondering how to fit this new task into her already busy day.

Happily you can recommend with perfect confidence, the range of strained foods all ready prepared by Heinz. And when she asks, as mothers often do, whether Heinz Strained Foods are as nutritious as foods cooked at home, you can fully assure her there, too.

Heinz make meat broths, soups, vegetables, fruits and cereal—foods that expense, time or season often make it so difficult to prepare at home.

These foods come fresh to the Heinz factory and are prepared, cooked, strained and canned within a few hours by perfected modern methods. Inspections and tests take place at every stage.

Together, Heinz Strained Foods are a balanced team providing vital proteins, vitamins and minerals.

For a FREE booklet giving the exact nutrient values of Heinz Strained Foods please write to Dept. I.M., H.J. Heinz Company Ltd., Harlesden, London, N.W.10.

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners:** £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) **Fully registered practitioners:** £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consulant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

EXECUTIVE COUNCIL FOR THE COUNTIES OF ABERDEEN AND KINCARDINE

Peterhead, Aberdeenshire

Applications are invited from doctors to fill a vacancy in the medical list. The successful applicant will succeed to a practice in Peterhead, Aberdeenshire. The district to be served is mainly urban and the number on the list at September 17, 1954, was 2,237. The present residence and surgery accommodation will be available for purchase by arrangement with the present practitioner. The successful applicant will be expected to take up duty on December 13, 1954. Applications, in writing, stating age, qualifications and professional experience, and giving any further particulars it is desired to submit should be lodged with the undersigned not later than October 23, 1954. Applicants may, if they desire, submit along with their applications, copies of not more than two testimonials. The Council cannot undertake to apply to referees. Further details may be obtained from the undersigned.—A. W. Smith, Clerk to the Council, 9, Bon-Accord Square, Aberdeen.

ZETLAND EXECUTIVE COUNCIL

Applications are invited from registered medical practitioners to fill the vacancy in the medical service area in the Island of Unst, Shetland Islands. Persons on list number approximately 1,000, and there is a mileage payment available in the practice. Dispensing practice. A house is available. Applications, stating age, qualifications and experience, together with copies of recent testimonials, should be lodged on or before October 23, 1954, with the Clerk, Zetland Executive Council, Commercial Street, Lerwick, from whom further particulars can be obtained. Canvassing in any form will be a disqualification.

HANDSWORTH, Birmingham

Applications invited for vacancy (urban) due to death. List approximately 2,550. Residence and surgery available. Apply on E.C.16A, not later than October 23, 1954, to the undersigned.—K. F. G. Day, Clerk of the Birmingham Executive Council, Sutton New Road, Erdington, Birmingham, 23.

PRACTICES (Exchange)

Public Health—contd.**HENDON, BOROUGH OF****MEDICAL OFFICER OF HEALTH**

Applications are invited for the above-mentioned post from registered medical practitioners with appropriate qualifications and experience of administration of Local Authority health services. Candidates must hold a Diploma in Sanitary Science, Public Health or State Medicine. The person appointed will be required to devote 30 per cent of his time to the service of the Middlesex County Council in the capacity of Assistant Medical Officer, initially in the Boroughs of Hendon and Finchley, the County Council reserving the right to require him to carry out those duties in such other part of the County as they may require. The salary will be in accordance with the recommendations of the Whitley Council Committee C, on the scale £1,800, rising by annual increments of £87 (two), £54 (one), and £18 (four) to £2,100 per annum, including the prescribed weighting for combined appointments. The commencing salary will be determined in accordance with qualifications and experience of the person appointed. The appointment will be subject to the conditions of service published by the Whitley Council Committee C, to the Local Government Superannuation Acts, and to the passing of a medical examination, and will be determinable by three months' notice on either side. Applications, stating age, qualifications and experience, with the names of three referees, must be delivered to the undersigned by October 18, 1954.—R. H. Williams, Acting Town Clerk, Town Hall, Hendon, N.W.4. (9729)

WALSALL, COUNTY BOROUGH OF**ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited from qualified medical practitioners for the above post at a salary of £950 per annum, rising by annual increments of £50 to £1,300 per annum. Possession of the D.P.H. or D.C.H. will be considered an advantage. Commencing salary according to qualifications and experience. Further particulars and application forms may be obtained from me.—W. Staley Brookes, Town Clerk, Council House, Walsall. (2610)

COMMERCIAL APPOINTMENTS

ALBANY HOSPITAL
Albany, New York, U.S.A.**NEUROLOGY RESIDENCIES**

Available in 700-bed university teaching, general hospital. Salary range \$1,620 to \$2,220 annually, plus laundry, uniforms and room. Address inquiries to Medical Director. (7227)

CITY COUNCIL OF NAIROBI**SUPERINTENDENT OF AFRICAN MATERNITY HOSPITAL**

The City Council invites applications from persons possessing suitable qualifications for the appointment of a Medical Officer who will be in full charge of the obstetrical side of the African Maternity Hospital. The person appointed will also have to organize and assist in the training of African midwives, and will be expected to take an active interest in their social welfare. The hospital has 72 beds and 40 African trainee midwives. A European Matron and four European Sisters assist in the running of the hospital. The consolidated salary attached to the post is £865 by £35 to £970 by £40 to £1,250 by £50 to £1,350, plus special temporary allowance, which is at present £249 10s. per annum at the commencement of the scale. The person appointed will be expected to live in the hospital grounds, and accommodation will be provided at an assessed rental. The appointment is an established post, but will be subject to a probationary period of six months' service. The successful applicant will be entitled to four weeks' paid local leave per annum. She will be allowed to accumulate such local leave up to a maximum of 13 weeks for the purpose of overseas leave, and will be permitted to proceed overseas for such leave at her own expense. Membership of the Staff Superannuation Scheme is compulsory, the officer's rate of contribution being 7½ per cent of consolidated salary. The successful applicant will be required to pass a medical examination before she is appointed. Applications, giving previous experience, age, marital status, and any qualifications which would be of value in carrying out the duties of this post, should be addressed by airmail to the Town Clerk, P.O. Box 651, Nairobi, so as to reach him not later than October 23, 1954.—Robert Lunn, Acting Town Clerk, Town Hall, Nairobi. (2685)

HOTEL DIEU HOSPITAL
Kingston, Ontario, Canada**JUNIOR INTERNES**

One year on rotation service in medicine, surgery, obstetrics, gynaecology. Monthly remuneration \$75 with room and board. Further information may be obtained from writing the Secretary, Internec Committee. (2611)

When the story came to be told of the width and depth of the advance of medical practice over the last fifty years, it came as a surprise to many. All this remarkable progress is described in

"50 YEARS OF MEDICINE"

Publishing Manager, B.M.A. House, Tavistock Square, W.C.1

Overseas (Vacant)—contd.**HER MAJESTY'S OVERSEAS CIVIL SERVICE**
(Medical Branch), Seychelles**MEDICAL OFFICER**

(with surgical qualifications or experience)

Required in the Seychelles. Candidates must possess medical qualifications registrable in the United Kingdom and have either F.R.C.S. or experience as a senior surgical registrar. Appointment on probation for permanent employment with pension (non-contributory) at the age of 50 to 55. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights (up to six years) and receive a gratuity of 20 per cent of the aggregate of their salary at the end of their engagements. Salary scale from Rs.11,800 to Rs.16,420 (£885 to £1,231 10s.) a year—starting salary according to qualifications and experience. Other emoluments are temporary non-pensionable cost of living allowance payable at present rate of 10 per cent of basic salary, an allowance as Surgeon amounting to Rs.1,334 (£100 approximately) a year and half operation fees, which may amount to about £150 a year. Free passages in both directions for officer and family up to cost of three adult fares. Income tax at local rates. Furnished quarters provided at rental of 10 per cent of basic salary. Generous home leave granted after each tour of duty of three years. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/54/04). (2660)

KAMPALA MUNICIPAL COUNCIL

Applications are invited from registered medical practitioners with experience in general practice and tropical medicine for the post of

MEDICAL OFFICER

Duties include (a) The out-patient and domiciliary care of Council's staff (European, Asian and African); (b) Antenatal and child welfare clinics; (c) School medical inspections; (d) Immunization Centre; and such other duties as the Medical Officer of Health may prescribe. Private practice will not be permitted. Starting salary will be determined according to age, qualifications and experience in the scale £860 to £1,590, plus a temporary allowance of 35 per cent with a maximum of £350 per annum. A knowledge of Swahili and a Diploma in Tropical Medicine will be an advantage and will be taken into consideration when determining the starting point in the salary scale. Partly furnished housing provided at a rental of 10 per cent of salary limited to £150 per annum. Free passages on appointment up to three full fares and on completion of a 30 to 36 months' tour overseas. Leave is calculated at five days per month. Local leave 14 days per annum. Income tax at local rates. Transport allowance is payable to the officer, who will be required to provide his own car, for which an advance is obtainable. The officer will be required to become a member of the Council's Superannuation Scheme, when formulated. The successful applicant will be required to take up his duties on January 1, 1955, and to serve an initial six months' probationary period. Applications, including the names of two referees, should be addressed by air mail to the Town Clerk, Municipal Offices, P.O. Box 210, Kampala, Uganda, to reach Kampala not later than October 31, 1954. Canvassing of members of the Council, directly or indirectly, shall disqualify the candidate.—K. Evans, Town Clerk, Municipal Officer, P.O. Box 210, Kampala, Uganda. (9678)

original testimonials when replying to advertisements. Copies will answer the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

EDUCATIONAL AND LECTURES

POSTAL COACHING FOR ALL MEDICAL EXAMINATIONS.—Examination successes 1940-1953: M.R.C.P.Lond. 219; F.R.C.S.Eng., Primary, 178; F.R.C.S.Eng., Final, 220; M. and D.Obst.R.C.O.G., 255; D.A., 203; D.C.H., 150; University and Conjoint Finals, 514. Up to date courses for the M.D.Lond., F.R.C.S.Eng., M.R.C.P.Edin., C.P.H., D.O., D.P.M., D.L.O., D.I.H., F.F.A., F.F.R., D.M.R.D.&T., D.T.M.&H. Assistance with M.D. Thesis. Prospectus, list of tutors, etc., on application to G. E. Oates, M.D., M.R.C.P. (London), University Examination Postal Institution, 17, Red Lion Square, London, W.C.1. Phone: HOLborn 6313.

Educational and Lectures—contd.**EXPERIMENTAL RESEARCH INTO PROBLEMS OF AGEING**

The Trustees of the Ciba Foundation for the Promotion of International Co-operation in Medical and Chemical Research, 41, Portland Place, London, W.1, wishing to encourage well-conceived research relevant to basic problems of ageing, invite candidates to submit work in the field for awards for 1954-55. Details of the conditions may be obtained on application to the undersigned, but in general candidates should note: (a) Five awards, of an average value of £300 each, are available for the period 1954-55. The announcement of awards will be made in July, 1955. (b) Entries must be received by the undersigned not later than February 28, 1955. (c) Entries will be judged by an independent international panel of distinguished scientists who will advise the Executive Council of the Foundation on their findings and will also have power to recommend variation in the size and number of the awards according to the standard of entries. The decisions of the Executive Council will be final. (d) In making the awards preference will be given to younger workers. (e) The work submitted should be unpublished (but may be under consideration for publication) at the closing date for entries. (f) The papers may be in the candidate's own language, but a summary in English not exceeding 500 words must be attached. (g) Where there is one or more co-author, the name of the leading author should be indicated; it is to him that the award will normally be made, and it will be left to his discretion to share this award appropriately with his co-authors.—G. E. W. Wolstenholme, Director and Secretary to the Executive Council.

The complete answer for macrocytic anæmias

Clinical experience over a decade has established that the administration of Anahæmin constitutes the most effective form of treatment for pernicious anæmia.

Anahæmin produces, with small and comparatively infrequent doses, a prompt and satisfactory erythropoiesis in patients in relapse, it ensures the

maintenance of a normal erythrocyte level in patients in remission and is effective in preventing the onset of subacute combined degeneration of the cord. Anahæmin has also been found to be of value in the treatment of herpes zoster and post-herpetic neuralgia. The suggested dosage is 4 ml. on alternate days until relief is obtained.

'ANAHÆMIN'

Anahæmin is available in :

1 ml. ampoules, Boxes of 3 at 8/3, 6 at 15/3, 25 at 58/6

2 ml. ampoules, Boxes of 3 at 13/6, 6 at 25/9, 25 at 100/-

Vials of 10 ml. at 19/10 and 25 ml. at 48/5
