SALT'S ILEOSTOMY APPARATUS

This modification of the Koenig-Rutzen ileostomy set has been used extensively, both in this country and abroad. Light and inconspicuous, it gives the wearer a feeling of security, saves the use of dressings, and prevents soiled clothes and bed linen. All parts replaceable.

SALT'S WET **APPARATUS** COLOSTOMY

For cases where one or both ureters have been transplanted into a sigmoid terminal colostomy the Salt Wet Colostomy Appliance and detachable bag is recommended. Details will be sent on application.

Brand's

MEAT AND FISH PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods (Meat and Fish) for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine table-quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Brand's Strained Fish is all selected white fish, prepared in purée form similar to the strained meats.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of $3\frac{1}{2}$ to 4 months onwards.

BRAND'S STRAINED BEEF

BRAND'S STRAINED **VEAL**

BRAND'S **STRAINED** FISH

Brand's Strained Protein Foods are free from preservatives: heat-sealed and sterilized, in 1\(^4\) oz. glass jars.

Professional samples and literature on request.

RECENT PUBLICATIONS

BACKACHE IN WOMEN By E. SCHLEYER-SAUNDERS 80 pp. 6 illustrations. 7s.

 $3\frac{1}{2} \times 5\frac{1}{2}$ in. 7s. 6d., bost 3d. This book is the result of the author's years of experience in the examination of several thousands of women suffering from backache. The author has shown that by approaching the subject from a different angle much can be done for a number of sufferers, and many new facts are presented in this book.

HYPNOTIC SUGGESTION

Its Role in Psychoneurotic and Psychosomatic Disorders

By S. J. VAN PELT

8s. 6d., post 3d.

The author believes an entirely new approach is required, not only to the psychoneuroses and a sociated psychosomatic disorders, but also to hypnotic suggestion and the role it plays in the aetiology and treatment of these conditions.

REMEDIAL EXERCISES FOR POSTURAL **DEFECTS**

For Use in the Home and School Compiled by L. S. ROLLESTO*
Revised by T. PRICE, M. ...Orth.
New Edition. 8½ × 5½ in. 16 pp. 16 Mustrations. 2s. 6d., post 1½d

The exercises are used in the children's orthopaedic clinics in Wiltshire and Somerset affiliate 1 to the Bath and Wessex Orthopaedic Hospital. It is felt that there is a need for a simple illustrated guide to the exercises for use in the school and the home and that this booklet should achieve

NOTES ON MENTAL DEFICIENCY Compiled by J. F. LYON and W. A. HEATON-WARD Third Edition. $8\frac{1}{2} \times 5\frac{1}{2}$ in. 52 pp. 4s., post 2d.

This booklet presents in a concise form a general picture of the problems of mental deficiency. It will be invaluable to medical students, general practitioners, nurses, social workers, and magistrates, and will give them a better understanding of the background against which their duties are performed and the ultimate object of those duties.

to fight infection

the vitamin supplemented antibiotics

In infection, because normal defence mechanisms increase metabolic demands and because this is frequently accompanied by reduced intake and utilisation of food, nutritional depletion is bound to occur. Formerly such a condition has necessitated separate therapies—antimicrobial and nutritional. Now, for the first time, it is possible to combat infection and fortify the body's defences simultaneously with a single prescription, at a lower cost than if they were treated separately.

In both Terramycin S.F. and Tetracyn S.F. the world's broadest spectrum antibiotics are combined with self-adjusting dosages of specific essential vitamins. Both preparations provide rapid antimicrobial therapy. Both provide potent nutritional factors. And both may be better tolerated than antibiotics alone because of their vitamin content. Moreover, because the nutritional factors are for the first time combined with the antibiotic in a small easy-to-swallow capsule, administration is assured and increased antibiotic therapy is automatically matched by proportionate vitamin intake.

to fortify body defences

Terramycin S.F. or Tetracyn S.F. is indicated in infections caused by gram-positive and gram-negative bacteria, the rickettsiae, some spirochaetes and viruses, and certain protozoa and helminths. It's the economical combined therapy for Speedier control of infection and Faster convalescence through better tolerance.

NUTRITIONAL DEPLETION IS DANGEROUS DURING ILLNESS...

- 1 Because susceptibility to infection is increased
- 2 Because resistance is lowered
- Because antibody production is reduced
- 4 Because tissue repair is retarded
- s Because recovery is delayed
- 6 Because convalescence is lengthened

CLINICAL ADVANTAGES OF TREATMENT WITH TERRAMYCIN S.F. OR TETRACYN S.F.

- 1 Resistance to infection is increased
- 2 Susceptibility to infection is decreased
- s Capacity for antibody production is improved
- 4 Tissue repair is facilitated
- 5 Recovery is hastened
- 6 Convalescence is shortened and complications are averted

Terramycin-SF or Tetracyn-SF Capsules

Bottles of 16 and 100. Each capsule contains 250 mg. of well-tolerated Terramycin or Tetracyn plus Ascorbic Acid 75 mg. · Thiamine Mono-Nitrate 2.5 mg. · Riboflavin 2.5 mg. · Nicotinamide 25 mg. MENAPHTHONE (vitamin K analogue) 0.5 mg.

The key to successful peptic ulcer treatment

NULACIN

Nulacin effectively controls gastric acidity. The value of Nulacin in the treatment of peptic ulcer and the prevention of relapse has been confirmed by clinical studies in Great Britain, Australia, the U.S.A. and India. Nulacin tablets are palatable and convenient.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

BIBLIOGRAPHY The Control of Gastric Acidity. Brit. Med. J. 26th July 1952 2180-182. Medical Treatment of Peptic Ulcer. Med. Press 27th February 1952 227 195-199 Notes on Remedial Agents. Med. Rev. World December 1954 81 591-601 Ambulatory Continuous Drip Method in the Treatment of Peptic Ulc. r. Amer. Jour. Dig. Dis. March 1955 22 67-71.

NULACIN tablets are not advertised to the public, have no B.P. equivalent and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

NULACIN is available throughout the British Commonwealth, in the U.S.A., and many other countries. It is known as NULACTIN in Canada and Sweden.

New approach to

CORTISONE MANUFACTURE

Cortisone, one of the most complicated of the synthetic organic compounds yet introduced into medical practice, has now been totally synthesised by Glaxo Laboratories in this country using a new process devised jointly with the National Institute for Medical Research. This new development utilises, as starting material, hecogenin derived from East African sisal waste. The synthesis is therefore of practical importance to the National economy because it avoids the need for dollar imports. At the same time it promises more plentiful supplies of this important drug for the National Health Service and for Britain's overseas customers.

The new method of manufacture is being put into full production scale and, from start to finish, Cortelan (cortisone Glaxo) is now being made in the United Kingdom from materials produced in sterling areas.

Glaxo cortisone preparations in U.K. are supplied only to hospitals, on Ministry of Health tender.

Information about both Cortelan (cortisone) and Efcortelan (hydrocortisone) is available on reference filing cards, a set of which can be sent at your request.

ASTHMA

Instant relief!

Ever increasing numbers of medical men are relying on Rybarvin Inhalant to combat bronchospasm. The Ministry of Health having agreed to the prices of Rybar asthma inhalants, Rybarvin can be freely prescribed.

RYBARVIN brings relief. Consistently, often spectacularly, attacks are cut short and their frequency lessened. Free from excess acid, non-irritant and non-habit-forming, it is an ideal inhalant for all asthmatics, young and old.

TANKERTON · KENT

Ulceration of the leg with associated eczema... yes, this is a case for Ichthopaste! But this is only one of the complete range of Smith & Nephew paste bandages available (on E.C.10) to the Medical Profession. The paste content of these bandages is particularly high, being four times the weight of their fabric base.

Ichthopaste

ZINC PASTE AND ICHTHAMMOL BANDAGE B.P.C

This bandage contains 2% of Ichthammol. It is indicated for eczematous conditions associated with leg ulceration, particularly when the eczema is of the weeping type. The bandage never sets harder than its original spongy state which gives a resilient dressing. An Elastocrepe or Elastoplast bandage may be applied to give firm elastic support.

Viscopaste

ZINC PASTE BANDAGE B.P.C

A zinc paste bandage which requires no preliminary heating and is ready for immediate use on removal of the waterproof wrapper. Viscopaste sets quickly, forming a thin shell and is indicated for eczematous conditions and also as a support for the leg following the removal of P.O.P. casts.

COLTAPASTE

ZINC PASTE AND COAL TAR BANDAGE B.P.C

Made from light cotton fabric, evenly impregnated with a water miscible coal tar zinc oxide paste. Coltapaste is indicated for the dry, scaly, itching type of eczema associated with varicose conditions, infantile eczema and neurodermatoses. Here is an ideal medium for the application of prepared coal tar to the skin, wherever its use is indicated.

SMITH & NEPHEW LIMITED

WELWYN GARDEN CITY . HERTS

More and more, practitioners and specialists are turning to ACHROMYCIN tetracycline—now recognised as a master stroke in the advancement of antibiotic therapy. In every sense, this newest Lederle antibiotic measures up to present-day requirements. In its anti-bacterial range, it is unsurpassed by any other broad-spectrum antibiotic. It is stable and readily soluble—quickly producing effective blood levels and diffusing rapidly into the body tissues. It is highly successful when taken by mouth, yet can be given safely by the intramuscular or intravenous routes when there is need for urgent control of infection. And to these merits can be added its relatively low frequency and mild degree of side effects.

ACHROMYCIN*

TETRACYCLINE

Antihistamines for old and young

When the contents of Pandora's Box were released, Hope alone remained. To the patient of allergic diathesis, threatened by a veritable Pandora's Box of ills, the antihistamines 'Histantin' and 'Actidil' represent far more than hope.

For adults 'Histantin' is the product of choice, giving prolonged relief with a minimum of side-effects.

The new quick-acting antihistamine, 'Actidil', exerts its effect for about 12 hours and is also notable for low incidence of side-effects. 'Actidil' Elixir has been specially formulated and clinically tried for the treatment of allergic conditions in children.

- 'HISTANTIN', 50 mgm., is issued in bottles of 25, 100 and 500 at list prices (subject to usual discount) of 6/6, 24/6, 110/-.
- **'ACTIDIL'** compressed products of 2·5 mgm. in bottles of 25 and 500 at list prices (subject) of 6/6 and 110/-.
- 'ACTIDIL' ELIXIR in bottles of 20 fluid ounces, for dispensing, at a list price (subject) of 15/-.

UNIVERSITY OF DURHAM King's College, Newcastle-upon-Tyne

Courses of Instruction for the postgraduate DIPLOMA IN PSYCHOLOGICAL MEDICINE

Part I. A part-time course will be given on 13 days a week throughout the year, commencing in October. Fee £20.

Part II. A full-time six months' course in Psychiatry and Neurology commences in October. Fee £40.

Fee £40.

The above courses are integrated with the Newcastle and Sheffield Regional Hospital Boards' Training Schemes for psychiatrists. Arrangements can be made for candidates from overseas to complete the requisite clinical experience during the six months' course. Separate courses including clinical experience are available in neurology (2 terms. Fee £15) and Child Psychiatry (2 months. Fee £25). Further particulars, regulations and syllabus for the Diploma and application forms may be obtained from the Assistant Registrar, Medical School, King's College, Newcastle-upon-Tyne, 1.—G. R. Hanson, Registrar of King's College. (6796)

UNIVERSITY OF SHEFFIELD

A refresher course for general practitioners will be held during the week beginning Monday. September 19, and will be repeated during the following week. The fee for one week's attendance is 5 guineas, and accommodation at one of the University's Halls of Residence can be arranged at a moderate additional charge. N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive also certain allowances (travelling expenses, subsistence, locum fees). As the numbers who can be accepted is limited, inquiries and applications (stating whether or not the latter are made under the Scheme for N.H.S. Practitioners, which week it is desired to attend, and whether residential accommodation is desired) should be addressed as soon as possible to the Dean of the Faculty of Medicine, 358, Mushroom Lane, Sheffield, 10. (6460)

Educational and Lectures—contd.
