Up against it

Too many things on your mind, too little time on your hands and there you are; up against it. We can't help you to cope with the garden or deal with the correspondence you should have answered three weeks ago. But we can take a lot of financial affairs and business problems off your hands — and that's something. If you want to know more about our helpful services, drop in and have a chat. No obligation, of course.

SIGMUND FREUD

The Interpretation of Dreams

This entirely new translation contains a number of features not to be found in any previous edition. Freud made a great many changes and additions to the book over a period of some thirty years, and the present edition indicates for the first time the exact nature of these changes and additions and the dates at which they were made, thus enabling the reader to trace the gradual development and modification of Freud's view.

A New Man Product EFFECTIVE NON-BARBITURATE SEDATION The latter present:

★ Each tablet contains:

200 mg. Mephenesin 200 mg. Carbromal 70 mg. **Bromvaletone** Ascorbic Acid

Professional Sample and Literature gladly available on request.

Available in bottles of 50 tablets. Prescribable on N.H.S. Form E.C.10.

Growing recognition of the long-term cumulative toxic effects of barbiturates, and the well-known, insidious, psychic habituation to their use—matters of considerable concern to many Doctors—are now avoidable dangers through the formulation of Noctynol Tablets.

MEPHENESIN, which, by diminishing reflex hyperexcitability, relieving nervous tension and anxiety, and promoting muscular relaxation, not only induces the composure essential to the onset of sleep, but also ensures that the sleep is restful and refreshing.

CARBROMAL and BROMVALETONE which, by synergism, act as effective hypnotics and quickly transform the mephenesin-induced sedation to hypnosis. Unlike the barbiturates, carbromal and bromvaletone are non-toxic and non-cumulative and, as elimination is comparatively rapid, they rarely give rise to hangover' and depression.

In smaller doses, NOCTYNOL Tablets act as a non-depressant calmative eminently suitable for daytime sedation.

Tailor-made to correct hyperacidity

GLAXO STYRION TABLETS

Styrion, Glaxo's new preparation, neutralises only excess acid in the stomach. Its use eliminates risk of after-effects: Styrion brings only relief.

Styrion is polyaminostyrene, one of a class of 'ion exchange' resins—these can be chemically 'tailored' to act selectively. In the stomach Styrion combines with excess acid to form an inactive acid-resin complex (see graph). When normal physiological range is established the activity of Styrion ceases. The excess acid is then neutralised by the alkalinity of the small intestine and Styrion excreted chemically unchanged.

The dosage is 2 to 4 tablets (repeated if necessary), to be chewed and swallowed with a drink of water.

TABLETS: in cartons of 40 (rolls of 10 with pocket container)

Transvasin

LLOYD-HAMOL LTD., 11 Waterloo Place, London, S.W.1 WHItehall 8654/5/6

Their hearts are in their mouths

Many fat people overeat because inwardly they are unhappy and ill at ease. In food they find solace, and a substitute for the affection their obesity denies them. Their hearts are in their mouths.

Such patients find dieting particularly hard, for it involves the removal of the psychological prop that supports them in their daily life, besides the ordinary difficulties.

For them 'Drinamyl' is often very helpful. Given before meals it curbs the appetite, and because it produces a feeling of calm cheerfulness, helps to relieve the emotional tension that lies behind the patient's excessive appetite.

'DRINAMYL'

an aid in the treatment of overweight

Each 'Drinamyl' Tablet contains 5 mg, 'Dexedrine' and 32 mg, amylobarbitone

Issued in bottles of 100 tablets

Next patient, please...

What a blessing it is — to doctor and patient alike—that prompt, effective relief can nowadays be prescribed in cases of rheumatic pain.

The value of salicylate in rheumatoid disease and rheumatic fever has long been recognised, but until recently its use was restricted by the toxic effects accompanying the necessarily high dosage.

In Berex, the combination of acetylsalicylic acid and calcium succinate enables toleration of massive aspirin dosage without lowering the prothrombin level, with the encouragement of tissue respiration and with less gastric disturbance.

SUMMARY OF STUDY ON SUCCINATE-SALICYLATE THERAPY*

A succinate-salicylate combination was found superior to acetylsalicylic acid in rheumatic states both on grounds of therapeutic efficacy and lower toxicity. Adequate amounts of the former could be administered with more lasting effect and with fewer and milder side effects. Furthermore, succinate-salicylate affects the disease process itself, as well as relieving painful symptoms and does not abnormally increase prothrombin time even after prolonged dosage.

* Delaware State Medical Journal (1954) 26, 22.

Calcium Succinate 2.8 Gr. Acety'salicylic Acid 3.7 Gr

To-day, the new diabetic has many facilities to enable him to lead and enjoy a normal life. The introduction of I.Z.S. (Insulin Zinc Suspension) A.B. has greatly simplified the treatment of the majority of cases, one injection being sufficient to control the blood-sugar level for 24 hours.

I.Z.S. offers the following advantages over other prolonged action insulin preparations:—

- 1. No protein or peptide material present other than insulin itself.
- 2. Rapid onset with prolonged action.
- 3. It meets the needs of a higher percentage of diabetics.

I.Z.S. (Insulin Zinc Suspension) A.B. is supplied in vials of 10 c.c. containing 40 or 80 units per c.c.

An artist's impression of Lederle's plant, Pearl River, New York, U.S.A., as it is today.

Inset: Lederle's original antitoxin farm, Pearl River, 1906

Lederle

and the conquest of the anaemias

Ever since 1906 Lederle have been directing their energies in medical research to the conquest of disease. Early in their history they were evolving products to combat the anaemias. The name Lederle has been pre-eminent in the field of liver extracts for 36 years. To the Lederle research teams belongs the honour for the isolation and synthesis, in 1946, of folic acid. Today the Lederle range of anti-anaemia products is known and trusted by doctors and hospitals throughout the world.

Perihemin* Anti-anaemia preparation. "Master builder" of red cells and haemoglobin. Contains ferrous sulph. exsicc. 192 mg.; FOLVITE* Folic Acid, 0.85 mg., vitamin B₁₂, 10 micrograms; ascorbic acid, 50 mg.; stomach powder, 200 mg.; liver fraction, 50 mg.; purified intrinsic factor concentrate, 0.5 mg. in each capsule. Capsules: Bottles of 100 and 1,000.

Liver Injection U.S.P. 20 micrograms. (20 micrograms vitamin B₁₂ per cc.) Made solely from beef liver. Gives maximum therapeutic response with a minimum of pain. Boxes of 3×1 cc. vials.

Folic Acid. Recognised for its specific haematinic effect on bone marrow. Tablets (5 mg.). Tubes of 25: bottles of 100 and 1,000. Elixir (5 mg./4 cc.): bottles of 4 fl.oz. Solution (15 mg./cc.): Vials of 10 cc. and boxes of 12×1 cc. ampoules.

Folivron* Folic Acid and Iron. A powerful alliance of folic acid (1.7 mg.) and iron (ferrous sulph. exsicc. 3 grains) in one capsule. Capsules: Bottles of 100 and 1,000. Elixir: Bottles of 16 fl. oz. Tablets: Bottles of 100 and 1,000.

In the severer forms of HYPERTENSION

RAUWILOID + VERILOID

RAUWILOID+VERILOID is a striking example of drug complementation. It combines in one tablet 1 mg. of 'Rauwiloid' brand alkaloid hydrochlorides of *Rauwolfia serpentina* and 3 mg. 'Veriloid' brand alkaloids of *Veratrum viride*. 'Rauwiloid', by widening the margin between the effective therapeutic dose of 'Veriloid' and that producing side actions, enables satisfactory hypotensive doses of 'Veriloid' to be given to most patients. The combination is ideal for relieving the symptoms of moderate to severe hypertension. It is effective, safe, produces a minimum of discomfort to the patient and exerts a prolonged antihypertensive action.

"The addition of 'Rauwiloid' makes 'Veriloid' easy to administer, more effective and practically does away with unpleasant side reactions".

Amer. J. Med., (1954) 17:629.

Available in Bottles of 100 and 500 Tablets

When weight gain is essential

during a specific wasting disease or in convalescence when weight depletion is a complication, Stenediol ensures full employment of dietary protein and the consequent restoration of body tissue. It has this property in common with its structural relation, methyltestosterone, but unlike the male hormone, Stenediol is free from the side-effect of virilisation in the recommended dosage.

Dose:

Adults (both sexes): One 10 mg. tablet thrice

daily after meals.

Children (boys and girls before puberty):

One 10 mg. tablet daily, or on alternate

days as required, after meals.

Omit treatment every fourth week.

Packs:

10 mg.—25 and 100.

50 mg. tablets also available-25 and 100.

A PLATINUM-PROCESSED MOTOR SPIRIT

New **BP Super**

-the petrol with more energy per gallon

Another success for The British Petroleum Company!

motorists in this country have been enjoying their first experience of a platinumprocessed spirit. And 'enjoying ' is the word! Because this new BP Super is the petrol with more energy per gallon. It gives an immediate 'fillip' to performance. It doesn't

DURING THE LAST FEW WEEKS, matter what sort of car you run, new or old - high or low compression — you get all these benefits from this new super motor spirit :-

More energy per gallon . Smoother, swifter acceleration • Greater freedom from engine-knock · More miles per gallon . Less engine deposits • Longer engine life

British Empire Trophy won on new BP Super

W. A. Scott-Brown used new BP Super in his two-litre Lister-Bristol and won the British Empire Trophy race for sports cars. But even if you are not a racing man—and whatever sort of car you drive—you will find new BP Super gives greater freedom from engine-knock and more energy per gallon.

Photograph by courtesy of " The Autocar Livelier performance

here and now Have you driven on the new BP

Super yet? You're missing a lot if you haven't. From the very first tankful you'll notice far more 'go'

about your car's behaviour. And

you'll keep on enjoying this

For cars of today and tomorrow

To produce the new BP Super, petroleum spirit is passed through a *catalyst impregnated with pure platinum. This re-forms the petroleum molecules so that you get a smoother-burning petrol which gives greater freedom from engine-knock and has more energy per gallon. This means that while new BP Super is ideal for all cars now on the road it will also suit higher-than-ever compression ratios. New BP Super, because it is platinum-processed, opens the way to further progress in engine design.

livelier performance for a considerably longer period before your engine needs overhaul. One more word about this

platinum-processed petrol before you try it yourself. You don't have to pay a penny extra. New BP Super costs no more than ordinary premium-grade petrols

produced by less advanced methods.

*A catalyst is an agent which assists in producing a chemical change in other substances without being changed itself.

Give your car

MORE ENERGY PER GALLON!

SIDE cream

Siopel! Cream is a completely new protective cream which can be safely applied to any skin surface likely to be in prolonged contact with water soluble irritants or to become macerated by moisture or discharge. It contains a selected silicone fluid and when applied to the skin the Cream leaves a durable, flexible film which possesses powerful water-repellent properties.

'Stopel' Cream may be used with advantage in the management of any of the occupational dermatoses caused by water-soluble irritants, in the post-operative care of such cases as colostomies, ileostomies, and hamorrhoidectomy, and in dealing with the effects of incontinence in pædiatric and geriatric practice.

UNIQUE PROPERTIES

- Siopel' Cream is smooth and easy to apply; it is non-irritating, nongreasy and inconspicuous on the skin.
- Siopel' helps to maintain the skin in a healthy condition and retards loss of natural skin fats.
- * Once the protective barrier has been formed, it can be maintained with one or two applications daily.
- * (If necessary, the film can be removed readilys, by repeated washing with hot water and soup.

'Siopel' Cream is usued in tubes of 50 grammes and containers of 500 grammes.

MINISTRY OF TRANSPORT AND CIVIL AVIATION

(8360)

MEDICAL OFFICER

MEDICAL OFFICER

The Civil Service Commissioners invite applications for a pensionable post in the Marine Crews Division. Age at least 28 on July 1, 1955. Candidates must be fully qualified medical practitioners with seven years' experience since the date of qualification, including at least four years as surgeon in passenger or emigrant ships. Duties involve inspection of ships' medical equipment and advising the Ministry on medical matters arising in ships. Headquarters in London, but travelling to port necessary. Starting salary from £1,620 at age 35 (lower for those under 35) to £1,900 at 40 or over, rising to £2,100. Non-contributory pension and gratuity. Further information and application form from Secretary, Civil Service Commission, 6, Burlington Gardens, London, W.I. quoting No. 4493/55. Application forms to be returned by Sept. 36 (8359)

PRISON COMMISSIONERS

Require three part-time Consultant Surgeons at H.M. Prison, Wormwood Scrubs, for two sessions of 3½ hours per week. The intention is to divide the time between a general surgeon, an orthopaedic and an E.N.T. surgeon. Fees payable at the rate of 5 guineas per session. Travelling allowance also payable in certain circumstances. Application forms from the Establishment Officer, Prison Commission, Horseferry House, Dean Ryle Street, S.W.1, returnable by August 23, 1955. Reference No. E.70/6/21. (8386)

SERVICES

ROYAL ARMY MEDICAL CORPS

New Conditions and Terms of Service

REGULAR AND SHORT-SERVICE COMMISSIONS

New and improved conditions of service in the R.A.M.C. are now offered to medical practitioners. These include:

These include:

Permanent commissions direct from civil life.

After one year's satisfactory service, grant of £1,500 (taxable) to officers appointed to a regular commission after October 1, 1953.

Antedates (which count towards pay and promotion) of up to seven years for civilian experience, and credit for former commissioned service as a medical or combatant officer in any of the three Services.

A three-year short-service commission offers an alternative to National Service, with higher rates of pay and allowances and eligibility for married quarters.

quarters.

Increases in pay for captains and above.

Increased rates of specialist pay.

A limited number of vacancies exist for experienced specialists of the Consultant or Senior Regis-

enced specialists of the Consultant or Senior Registrar grade.

Excellent facilities are offered for training selected young medical officers as specialists. Approximately one M.O. in three will be selected for specialist training.

For full details application should be made to the Assistant Director General, A.M.D.2 The War Office, London, S.W.1. Telephone inquiries should be made to the Staff Captain, J. A. Wade, M.B.E., Tel. GROsvenor 8040, Ext. 548.

CHEADLE ROYAL, CHEADLE, **CHESHIRE**

Registered Mental Hospital

President:

The Right Hon. The Earl of Derby, M.C.

Medical Superintendent:
W. V. Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigation, the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema, television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester

GLAN-Y-DON is the hospital's convalescent home overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed and has its own farm and market garden.

For terms and further particulars, apply to the edical Superintendent. Telephone: GATLEY Medical

ST. ANDREW'S HOSPITAL, NORTHAMPTON For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, blochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

therapeutic treatment is employed when indicated. BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket At all the branches of the Hospital there are cricker grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.
