THE MEDICAL ANNUAL 1955

Edited by SIR HENRY TIDY, K.B.E., and R. MILNES WALKER

· With the collaboration of 46 contributors. 73rd issue. $5\frac{1}{2} \times 8\frac{1}{4}$ in. 548 pp. 63 plates and 58 text illustrations. 32s. 6d., post 1s. 3d.

This annual volume has for many years provided practitioner and specialist with a comprehensive review of the most recent developments and progress in every field of medical and surgical practice and has become world-famous as a standard medical reference.

"To old friends of the Annual, all we need to say is that this edition is in as good form as ever, thanks to Sir Henry Tidy and his co-editor, Prof. R. Milnes Walker (and, of course, their team of industrious contributors). To those who have not previously made its acquaintance, we commend it as one of the few things that really make life easier."—The Lancet.

THE SYNOPSIS SERIES

The books in this series are ideal for revision purposes and as a ready reference. New editions appear frequently and new titles are constantly being added. Each volume 43 × 72 in.

ceing addea. Each volume 42 × 72 in.

ANAESTHESIA (Lee). Third Edition. 21s., post 6d.

CHILDREN'S DISEASES (Rendle-Short). 32s. 6d., post 8d.

FORENSIC MEDICINE AND TOXICOLOGY (Thomas). Third Edition. 12s. 6d., post 5d.

MEDICINE (Tidy). Tenth Edition. 35s., post 1s. 3d.

MEUROLOGY (Tallow, Ardis, and Bickford). 30s., post 6d.

OBSTETRICS AND GYNAECOLOGY (Bourne). Eleventh Edition. 25s., post 7d.

OPHTHALMOLOGY (Martin-Doyle). 20s., post 4d.

PHYSIOLOGY (Short, Pratt, and Vass). Fourth Edition. 20s. post 5d.

post 5d. SURGERY (Ed. Wakeley). Fourteenth Edition. 30s., post 1s. 3d. SURGICAL ANATOMY (McGregor). Seventh Edition. 25s.,

New Titles in Active Preparation: DISEASES OF THE EAR, NOSE AND THROAT (Simpson, Robin, and Ballantyne). PATHOLOGY (Cunningham). BACTERIOLOGY (Cooper)

MEDICAL STUDENTS AND MEDICAL SCIENCES

Some Problems of Education in Britain and the United States

by D. C. SINCLAIR, M.A., M.D.

"This book can be read with considerable profit, much enjoyment, and with many a quiet chuckle, since the author has an attractive style, a dry, even pungent wit, a gift of phrase, and an aptitude for making his points. It can be recommended to all, but especially to those who feel that medical education is a dull subject or one which can look after itself."

-BRITISH MEDICAL JOURNAL.

IMPORTANCE OF PHYSIO-THERAPY IN THE TREATMENT OF SICK CHILDREN

J. M. Jewry-Harbert Sept 26 10s 6d net

All available on approval from Staples Bookshop, 14 Great Smith Street, S.W.1

He is going into hospital. But he is going with good heart. Because he *trusts* them to make him well again.

If it means an operation he will be worried and rather nervous when the moment comes—it's only natural, but the doctors and nurses are all so confident . . .

... every minute of every day and every night they put their *trust* in B.O.C. equipment and B.O.C. gases to help ease pain and save lives.

'Hibitane' Concentrate 2%

Specially prepared to be diluted for ordinary antiseptic purposes. Mildly detergent and anti-rusting.

'Hibitane' Powder

For the preparation of pure aqueous and alcoholic solutions, incorporation in creams, ointments, etc.

'Hibitane' Antiseptic Cream 1%

For lasting disinfection of the hands and prevention of cross infection. Also as a beneficial skin application.

'Hibitane' Obstetric Cream 1%

A non-irritant antiseptic lubricant for vaginal examinations. Combines rapid and complete antibacterial action with persistent effect.

New approach to

CORTISONE MANUFACTURE

CORTISONE, one of the most complicated of the synthetic organic compounds yet introduced into medical practice, has now been synthesised by Glaxo Laboratories in this country using a new process devised jointly with the National Institute for Medical Research. This new development utilises, as starting material, hecogenin derived from East African sisal waste. The synthesis is therefore of practical importance to the National economy because it avoids the need for dollar imports. At the same time it promises more plentiful supplies of this important drug for the National Health Service and for Britain's overseas customers.

The new method of manufacture is being put into full production scale and, from start to finish, Cortelan (cortisone Glaxo) is now being made in the United Kingdom from materials produced in sterling areas.

Glaxo cortisone preparations in U.K. are supplied only to hospitals, on Ministry of Health tender.

Information about both Cortelan (cortisone) and Efcortelan (hydrocortisone) is available on reference filing cards, a set of which can be sent at your request.

GLAXO LABORATORIES LIMITED, GREENFORD, MIDDLESEX, ENGLAND

Elastoplast Bandaging Technique

in the treatment of

Post-Operative Conditions

surgery is a field in which Elastoplast elastic adhesive bandages are widely used with marked success. The illustration shows the 'stole' method of applying Elastoplast to the neck after operation in that region, e.g. thyroidectomy. It is an efficient method of retaining dressings in position and saves time, trouble and discomfort to the patient.

SOME OF THE MANY OTHER USES OF ELASTOPLAST IN MEDICAL PRACTICE

To reduce umbilical and inguinal herma in children

To retain a dressing in position on the head

Compression treatment of leg ulcers

Support, and control of effusion, in joint injuries

Fixation of empyema tubes, catheters and intravenous drips

To close the edges of a gaping wound

Elastoplast elastic adhesive bandages (Porous) B.P.C. are available in 3 yard lengths and 2", $2\frac{1}{2}$ ", 3" and 4" widths. Prescribable on Form E.C.10.

when inflammation

gives warning of bacterial invasion

The imminent danger of invasion of the structures adjacent to the ear makes immediate treatment of otic infections a therapeutic necessity. ACHROMYCIN Tetracyline Ear Solution presents a new and convenient form of this truly broad-spectrum antibiotic for the treatment of external otitis of infectious origin. Safe, effective and simple to administer, ACHROMYCIN Ear Solution is particularly active against Gram-negative and Gram-positive bacteria; staphylococci, strepto-cocci and pneumococci and many mixed infections. No other antibiotic has a wider range of antibacterial activity or lower incidence of side reactions than has ACHROMYCIN.

ACHROMYCIN TETRACYCLINE EAR SOLUTION

Supplied in vials of 50mg. with 10cc. diluent.

ETHIOPIAN AMULET

Depicted in this ancient drawing is the Cross of the Divine Face. To the left is a cross drawn on a cross-shaped background. Below are 15 panels of 4 eyes, pairs of eyes and crosses. This amulet was regarded as a very special protection against attacks of the Evil Eye.

NOW, Abbott's selective acting antibiotic ERYTHROCIN is prescribed for specific therapy against cocci infections. It is less likely to alter normal intestinal flora than most other widely used antibiotics; gastrointestinal disturbances are rare; no serious side effects reported. ERYTHROCIN Filmtab coating provides faster drug absorption and earlier blood levels. Thus your patient has high blood concentrations of ERYTHROCIN within 2 hours. Peak levels at 4 hours and significant concentrations for 8 hours. Consider ERYTHROCIN against staphylococci, streptococci and pneumococci even when patients are allergic to other antibiotics or when the organism is resistant. ERYTHROCIN 100 and 200 mg. Filmtabs are available in bottles of 25 and 100. For children 60 cc. bottles of ready-to-use Oral Suspension.

'WYOVIN'

ATROPINE-LIKE ACTION WITHOUT MYDRIATIC OR SALIVARY SIDE EFFECTS

TO CONTROL HYPERMOTILITY AND PAIN

in peptic ulcer

The use of atropine or belladonna to quieten gastric movements and "liunger pain" in the treatment of peptic ulcer has hitherto been complicated by blurring of vision and dryness of the mouth. 'WYOVIN', the new Synthetic anti-spasmodic, exhibits the smooth muscle relaxant effects of atropine to the full, without visual or oral disturbance.

10 mg. tablets available in bottles of 50 and 250.

Fluoroscopic
examination
of the chest
by scanning

Any r
down beam.
screen

The 'Cardanoscope' is on show at the X-ray Center, Century House.

With Philips 'Cardanoscope', the operator can carry out thorough fluoroscopic chest examinations effortlessly without continually moving the screen assembly.

In fact the latter is adjusted only once for patient height. Thereafter viewing is by scanning—i.e. movement of the X-ray beam.

By manipulation of a control arm the tubehead is moved in any required direction on both horizontal and vertical planes.

For techniques other than scanning the X-ray head and fluorescent screen can be locked together so that they move in unison with the beam automatically centred. Philips 'Cardanoscope' is powered by the well-known 'DXI' tubehead.

Any movement of the extension arm, upwards, downwards or sideways, is reproduced by the X-ray beam. Thus it is possible to 'scan' the whole screen with a beam of any area.

Antihistamines for old and young

When the contents of Pandora's Box were released, Hope alone remained. To the patient of allergic diathesis, threatened by a veritable Pandora's Box of ills, the antihistamines 'Histantin' and 'Actidil' represent far more than hope.

For adults 'Histantin' is the product of choice, giving prolonged relief with a minimum of side-effects.

The new quick-acting antihistamine, 'Actidil', exerts its effect for about 12 hours and is also notable for low incidence of side-effects. 'Actidil' Elixir has been specially formulated and clinically tried for the treatment of allergic conditions in children.

- ⁶ HISTANTIN⁹, 50 mgm., is issued in bottles of 25, 100 and 500 at list prices (subject to usual discount) of 6/6, 24/6, 110/-.
- *ACTIDIL, *compressed products of 2.5 mgm. in bottles of 25 and 500 at list prices (subject) of 6/6 and 110/-.
- 'ACTIDIL' ELIXIR in bottles of 20 fluid ounces, for dispensing, at a list price (subject) of 15/-.

THE EXTRA **PHARMACOPŒIA**

(MARTINDALE)

Volume 1, 23rd Edition

In this new edition will be found information on the composition and character of practically every substance used in medicine, together with a concise summary of its use, its method of administration and its contraindications, with abstracts of the world literature. The book gives details, with references, of the most recent innovations in medical practice.

Information is provided on the toxicity of chemicals and drugs, on reports of cases of poisoning, and on treatment of overdosage. It is unlikely that any medicinal agent of established value has been omitted from the Therapeutic and Pharmacological Index, which is about half as long again as that of the last edition and contains approximately 750 headings.

Pp. xxii + 1352.

a truly restful night

the tablet

that works to a time-table . . .

Outer shell

Pentobarbitone sodium B.P. 90mg. Action rapid; duration 3 hours

with

Enteric coated inner core Butobarbitone B.P.C. 60mg. Action begins after 2½ hours; Duration 5 hours.

Bidormal is an effective hypnotic with a two-phase action. It contains a rapid short-acting barbiturate, together with an intermediate-acting barbiturate that has a carefully timed delayed action. Bidormal thus provides a unique and effective means of maintaining calm uninterrupted sleep throughout a complete night of 8 hours. Its lack of residual hangover, drowsiness or "drugged" feeling enables the patient to set about his daily tasks next morning with no diminution of mental acuity and no feeling of drug dependence.

BIDORMAL

Supplied in bottles of 25 and 500 tablets.

ALLEN & HANBURYS LTD - LONDON - E - 2

The complete answer for macrocytic anæmias

Clinical experience over a decade has established that the administration of Anahæmin constitutes the most effective form of treatment for pernicious anæmia.

Anahæmin produces, with small and comparatively infrequent doses, a prompt and satisfactory erythropoiesis in patients in relapse, it ensures the maintenance of a normal erythrocyte level in patients in remission and is effective in preventing the onset of subacute combined degeneration of the cord. Anahæmin has also been found to be of value in the treatment of herpes zoster and post-herpetic neuralgia. The suggested dosage is 4 ml. on alternate days until relief is obtained.

'ANAHÆMIN'

Anahæmin is available in:

1 ml. ampoules, Boxes of 6 at 11/4, 25 at 43/4

2 ml. ampoules, Boxes of 6 at 19/-, 25 at 74/
Vials of 10 ml. at 14/8 and 25 ml. at 35/10

THE BRITISH DRUG HOUSES LTD. (Medical Department) LONDON N.I

NERVOUS DYSPEPSIA

... relief without side-effects

The unfortunate sufferer from nervous dyspepsia may well believe himself beset by devils. The disease occasions such a number of unpleasant sensations, ranging from minor discomfort to virtual disability, that it is no surprise to find the artist attributing it to occult intervention. Fortunately the devils need no longer go unexorcised.

By using 'Merbentyl', not only can nervous dyspepsia be relieved—it can be relieved without side-effects. For 'Merbentyl' is not 'just another anticholinergic''—it has the great advantage of being virtually free from the side-effects usually associated with other synthetic substances and the belladonna alkaloids. Consequently 'Merbentyl' is the remedy of choice in functional bowel disturbance and an efficient reliever of painful spasm in organic disease.

'Merbentyl' Tablets contain

10 mg. diethylaminocarbethoxybicyclohexyl hydrochloride.
In bottles of 50 and 250

'Merbentyl' Tablets with Phenobarbitone each contain
10 mg. 'Merbentyl' and 15 mg. Phenobarbitone.
In bottles of 50 and 250.

Both are also available in syrup form.

The right diet at your fingertips

This filing box, designed for the consulting room desk, contains an indexed supply of diet cards for 16 different conditions. The cards are planned to include specimen daily menus which facilitate the patient's cooperation and save the doctor's time. This is one of the services offered free of charge to the medical profession by the Energen Dietary Service.

In special cases, clinical considerations often necessitate the preparation of a diet which takes into account the individual requirements of the patient. On receipt of the appropriate information from the practitioner, such diets can be specially constructed and sent through the post; or a consultation can be arranged with a senior dietitian.

The Energen Dietary Service is staffed by fully qualified dietitians, under close medical supervision. It offers independent information and assistance to the medical profession in all dietary and nutritional matters.

THE ENERGEN DIETARY SERVICE, 25A, BRYANSTON SQUARE, LONDON, W.1. TELEPHONE: AMBASSADOR 9332.

An Effective Antacid of established value

Immediate neutralization of gastric acid, yet unaccompanied by the

disadvantages arising from carbonate medication, clearly indicates the clinical superiority of 'Milk of Magnesia'* as a therapeutic antacid.

Non-systemic in action, 'Milk of Magnesia' may confidently be prescribed in

a wide variety of conditions associated with gastric acid disturbance — from the mild case of dyspepsia to the acute ulcer stage — where intensive alkaline treatment is essential.

'Milk of Magnesia' reacts with the acids of the stomach to form a neutral laxative salt which promotes gentle but effective elimination.

Milk of Magnesia

ANTACID LAXATIVE

The Chas. H. Phillips Chemical Co. Ltd., 1 Warple Way, London, W.3.

* 'Milk of Magnesia' is the trade mark of Phillips' preparation of magnesia.

Time off for allergy?

Many thousands of working hours are lost throughout the year because of allergic disorders. Much of this loss in efficiency and production is preventable. Allergy rarely causes complete prostration but even so, the discomfort caused to patients is usually enough to reduce their efficiency whether they be housewife, office worker, or the man who works in a factory. When symptoms of allergic or sensitization reactions limit the patient's activities, treatment with one of the M&B brand antihistaminics is indicated. In most cases these drugs provide rapid and effective control of the distressing symptoms and enable the patient to resume a normal life. Supplies: 'Anthisan' — 50 and 100 mgm. tablets; elixir containing 25 mgm. per 3-6 c.c. (approx. 1 teaspoonful); solution for injection; and cream. 'Phenergan' — 10 and 25 mgm. tablets; elixir containing 5 mgm. per 3-6 c.c. (approx. 1 teaspoonful); solution for injection; and cream incorporating dibromopropamidine isethionate.

A New treatment
for Peptic Ulcer
complicated by
Mental Stress and Anxiety

Because many conditions of peptic ulceration are complicated by mental stress, anxiety and nervousness, the Searle Research Laboratories have combined the anticholinergic properties of "Pro-Banthīne" with the sedation of the c.n.s. of phenobarbitone in tablets containing 15 mg. of each compound. Phenobarbitone suppresses parasympathetic stimuli at their origin while "Pro-Banthīne" forms a block at the autonomic ganglia and at parasympathetic nerve endings. Thus "Pro-Banthīne" with Phenobarbitone is an example of rational therapeutics, promoting calm serenity with speedy relief from ulcer pain.

SEARLE

Ethical Pharmaceuticals
since 1888

G.D. SEARLE & CO., LTD.

17, Manchester Street London, W.1.

Telephone: Welbeck 1306.

"Pro-Banthine" with Phenobarbitone is as safe as "Pro-Banthine" alone, the side-effects being exactly similar and as easily controlled. Only rarely is sleep induced by the phenobarbitone, and even then seldom during working hours. Dosage of "Pro-Banthine" with Phenobarbitone is the same as "Pro-Banthine" alone, usually one or two tablets t.i.d. with meals and two tablets at bedtime as required. "Pro-Banthine" with Phenobarbitone is available in bottles of 100 and 1,000 tablets.

Literature available on request.

A SPENCER SUPPORT for Intervertebral Disc

In both conservative and surgical treatment of intervertebral disc, application of a back support is usually indicated. We invite the surgeons' investigation of Spencer as an adjunct to treatment. Each Spencer is *individually designed*, cut and made for each patient—after a description of the patient's body and posture has been recorded and detailed measurements taken. Thus, individual support requirements are accurately

met. The Spencer Spinal Supports shown incorporating rigid Spinal Brace were individually designed for both man and woman patients. Note exterior pelvic binder for added pelvic stability.

The key to successful peptic ulcer treatment

NULACIN

Nulacin effectively controls gastric acidity. The value of Nulacin in the treatment of peptic ulcer and the prevention of relapse has been confirmed by clinical studies in Great Britain, Australia, the U.S.A. and India. Nulacin tablets are palatable and convenient.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

NULACIN tablets are not advertised to the public, have no B.P. equivalent and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

NULACIN is available throughout the British Commonwealth, in the U.S.A., and many other countries. It is known as NULACTIN in Canada and Sweden.

IN BOWEL INFECT

Clinical experience has shown that 'Sulphamezathine' is every bit as effective as the non-absorbable sulphonamides in the treatment of these conditions. A recent large-scale investigation* showed quite clearly that in diarrhoeic conditions in childhood, where so often there is concomitant infection, 'Sulphamezathine' is far superior to these other drugs. Furthermore, it also dispenses with the need of using antibiotics and especially those of the costly "broad-spectrum" group.

MEAT AND FISH PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods (Meat and Fish) for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine table-quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Brand's Strained Fish is all selected white fish, prepared in purée form similar to the strained meats.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of $3\frac{1}{2}$ to 4 months onwards.

I5 years of clinical opinion supports the use of vaginal tampons

Why an applicator?

The function of the applicator in inserting the tampon at the upper end of the vaginal tract is of the greatest importance. It eliminates any handling of the highly-compressed soft surgical cotton, and ensures comfort and steady absorption. The correct position of the internal tampon avoids contact with both anal and urethral sources of contamination. Tampax tampons are simply and hygienically inserted in correct proximity to the cervix by means of a disposable 'applicator' tube, only $\frac{9}{16}$ " diameter. The applicator is an integral part of tamponage and, therefore, results in a definite improvement in menstrual hygiene.

TAMPAX

Prevention is better than cure ...

The cure for a tyre that suddenly decides it can go no further (and they are very stubborn about this) usually involves an operation, even if it hasn't given up the ghost altogether. And tyres that do this kind of thing seem usually to choose the most awkward times and places.

It pays to examine your tyres regularly and to put them in retirement when they are becoming doubtful runners. It pays, too, to replace them with John Bull which keep a good grip on life for a very, very long time. But perhaps you are a John Bull enthusiast already?

THE INSTITUTE OF LARYNGOLOGY AND **OTOLOGY** 330/332, Gray's Inn Road, London, W.C.1

IN ASSOCIATION WITH

THE ROYAL NATIONAL THROAT, NOSE, AND EAR HOSPITAL

The Institute is organized to provide instruction in this Speciality for the whole of the period of training necessary to reach full consultant standard. There are ample clinical and research facilities and teaching is carried on continuously daily throughout the year.

There are full-time comprehensive courses of lectures and demonstrations for period of eight months commencing in February and September each year, which cover the whole field of the Speciality including the basic sciences, and will be found to be suitable for those intending to take the D.L.O. (R.C.P.&S.Eng.), and intensive clinical courses (4 weeks) in February and July intended as a basis for practical clinical training.

There is also an advanced revision course (part-time) for 10 to 12 weeks twice yearly, suitable for students preparing for the final examinations in otolaryngology for the F.R.C.S. (England and Edinburgh), and a full-time Practical Revision Class for Part II D.L.O. students.

Intensive courses in endoscopy and in aural surgery (both with practical work) are held at intervals for senior students.

A number of paid appointments, which are open to postgraduate students in the different stages of training, give opportunities of clinical experience and research.

Further information may be obtained from the Dean.

FACULTY OF MEDICAL SCIENCES (University of London) Gower Street, London, W.C.1

Dean of the Faculty: Professor F. R. Winton, M.A., M.D., D.Sc.

The Faculty of Medical Sciences at University College London offers exceptional opportunities to medical and dental students. The staff, including teachers and research workers, is the largest in London, and for those with wide interests there is close contact with students in other Faculties.

At present about 40 medical students are accepted each October for the Preliminary course in order to obtain exemption from the 1st M.B. Examination. Similar numbers are accepted for direct entry into the 2nd M.B. course or the 2nd B.D.S. course.

On completing the preclinical course most students attend University College Hospital Medical School or the National Dental Hospital for their clinical studies.

There are four Entrance Scholarships for the preclinical course, and for those students who desire to take a B.Sc.(Special) Degree in Anatomy or Physiology following the 2nd M.B. Examination there are twelve scholarships (four valued at £200 each) tenable for one year.

The prospectus of the Faculty and application forms may be obtained from the Secretary, University College London, Gower Street, W.C.1.

WEST END HOSPITAL FOR NEUROLOGY AND NEUROSURGERY

91. Dean Street, W.1

Dean: T. Rowland Hill, M.D., F.R.C.P.

M.R.C.P. COURSES IN NEUROLOGY

Courses of Lecture-Demonstrations in Neurology suitable for postgraduate students citting this and similar higher examinations are given at this hospital.

The dates of the Courses are advertised in the Medical Press.

Inquiries: Secretary of the Postgraduate Medical chool. Telephone: GERrard 3703

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL

(University of London)

The hospital and medical school are fully equipped for teaching the entire medical curriculum.

SCHOLARSHIPS AND PRIZES

Two ENTRANCE SCHOLARSHIPS, value £100 each, and four UNIVERSITY SCHOLARSHIPS, value £100 each, are awarded annually. In addition, numerous prizes are also awarded each year and exceed £1,000 in value.

The Tutors assist all students, especially those who are preparing for examinations, without extra fee.

Special attention is given to students studying for Higher Degrees and Diplomas.

Common rooms and a restaurant are provided in school buildings. A squash racquets court is available.

Athletic ground: Chislehurst, Kent.

The students' amalgamated clubs include rugby and association football, golf, cricket, hockey, sailing, fencing, etc., etc.

SESSIONS 1955-56

Classes begin on October 3. Clinical appointments are made every three months, beginning on October 1, and are held at the Middlesex Hospital, and Central Middlesex Hospital, Acton, N.W.

Further particulars, scholarship regulations, and detailed prospectus may be obtained on application to the Medical School Secretary. Middlesex Hospital, W.1.

Professor B. W. WINDEYER, M.B., D.S F.R.C.S., F.F.R., Dean of the Medical School.

ROYAL EYE HOSPITAL

(King's Co!lege Hospital Group)

A COURSE OF LECTURES suitable for the D.O. will be held during the Autumn Term on clinical subjects and refraction. A course for the next Fellowship examination in ophthalmology will commence in September.

Further particulars are obtainable on application to the Secretary, Royal Eye Hospital, St. George's Circus, S.E.1.

THE LION BUILDING SOCIETY

HOLLINGTON HOUSE, HIGH ST., CHISLEHURST, KENT. Tel: Imperial 2233/4/5

INSTITUTE OF NEUROLOGY

(QUEEN SQUARE)

LONDON, W.C.1

(University of London-British Postgraduate Medical Federation)

Associated with: The National Hospital, Queen Square, and the Maida Vale Hospital for Nervous Diseases. Maida Vale

THE Institute provides postgraduate training in the various departments of Neurology.

THE OUT-PATIENT PRACTICE is open at 10 o'clock at QUEEN SQUARE every day (except Saturday). A fee of £3 3s. per month is charged for attending the Out-Patient Department only.

THE IN-PATIENT PRACTICE at QUEEN SQUARE and MAIDA VALE is open at 10 o'clock, and a limited number of Clinical Clerks are appointed at both Hospitals. Fees: three months, £18; six months, £32.

Special courses of instruction are given during the summer, autumn and winter terms, and Clinical Demonstrations are given on Wednesday afternoons and Saturday mornings as advertised in the Medical Journals.

Application should be made to the Dean at the Institute.

MICHAEL KREMER.

THE SOCIETY OF CHIROPODISTS

21, CAVENDISH SQUARE, LONDON, W.1

The Society is a member of the Board of Registration of Medical Auxiliaries.

Its diploma is accepted by the Medical Profession as evidence of scientific knowledge and thorough practical training. The designatory letters are F.Ch.S. (Fellow), M.Ch.S. (Member), and A.Ch.S. (Associate).

The course of instruction covers the whole sphere of the theory and practice of Chiropody, and includes tuition in Anatomy, Physiology, Medicine, and Surgery in so far as these have a bearing on Chiropody. All lectures on Medical subjects are given by members of the Medical Profession and certain of the lectures are given in the Universities and Medical Schools of the cities where these Schools are situate. The training, which is approved by the Minister of Health, occupies three years' full-time tuition and may be taken at any of the following Schools, which are recognized by the Society:

years' full-time

Chelsea School of Chiropody,
Chelsea Polytechnic,
Manresa Road,
London, S.W.3.

London Foot Hospital School of Chiropody, 33 Fitzroy Square, London, W.1.

Birmingham General Dispensary School of Chiropody, 41 Newhall Street, Birmingham, 3.

Manchester School_of Chiropody,

Anson Road,
Victoria Park, Manchester, 14.

Royal Technical College, School of Chiropody, 28 and 29 The Crescent, Salford, 5.

Edinburgh School of Chiropody, 81 Newington Road, Edinburgh.

Glasgow and West of Scotland College of Chiropody, 22 Windsor Terrace, Glasgow, N.W.

Glasgow Southern Foot Hospital, 44 and 48 Cumberland Street, Glasgow, C.5.

These Schools are attached to Foot Clinics where Students are afforded opportunities of seeing and treating those varied types of foot trouble which come within the province of the Chiropodist.

The Examinations in Anatomy, Physiology, Medicine, and Surgery are conducted by members of the Medical Profession from a panel approved by the Royal College of Physicians and Royal College of Surgeons of England respectively.

Further particulars may be obtained from the Secretary, L. W. Griffiths, F.A.C.C.A., A.C.I.S., or direct from any of the Schools referred to above.

INSTITUTE OF BASIC MEDICAL SCIENCES

ROYAL COLLEGE OF SURGEONS OF ENGLAND

BRITISH POSTGRADUATE MEDICAL FEDERATION (University of London)

A programme of teaching in the basic medical sciences has been arranged for medical and dental post-lates. In addition to the practical demonstrations in the laboratories and dissecting room, lectures

graduates. In addition to the practical demonstrations in the practical demonstrations in the practical demonstrations in the past also given.

Facilities are available for advanced study in the basic medical sciences for a period of 1-3 years.

Facilities are available for advanced study in the basic medical sciences for a period of 1-3 years.

Facilities are available for advanced study in the basic medical sciences for a period of 1-3 years.

Facilities are available for advanced study in the basic medical sciences for a period of 1-3 years. COURSE OF DEMONSTRATIONS AND LECTURES IN ANATOMY, PHYSIOLOGY AND PATHOLOGY (for limited numbers only) and a COURSE OF REVISION LECTURES (120).

September 19-December 23, 1955.
February 20-May 19, 1956.

Fees: £63. Lectures only £36 15s.

(Applications for the course of demonstrations should be sent in at least six months in advance)

COURSE OF DEMONSTRATIONS AND LECTURES IN ANATOMY, PHYSIOLOGY AND PATHOLOGY IN THEIR APPLICATION TO DENTAL SURGERY

January 2-February 24, 1956 June 8-July 27, 1956 Fee: £31 10s.

Full particulars may be obtained on application to: Mr. W. F. Davis, Secretary, Institute of Basic Medical Sciences, Royal College of Surgeons of England, Lincoln's Inn Fields, London, W.C.2. (Tel. HOLborn 3474.)

Incorporated 1505 ROYAL COLLEGE OF SURGEONS OF **EDINBURGH**

COPIES OF REGULATIONS for the FELLOW-SHIP, LICENCE, FELLOWSHIP IN DENTAL SURGERY, and LICENCE IN DENTAL SURGERY, containing Dates of Examinations, may be had on application to DAVID THOMSON, Clerk of the College.

ELECTROENCEPHALOGRAPHY

A course for postgraduates in the technique and A course for postgraduates in the technique and clinical application of electroencephalography will be held jointly at the Institutes of Psychiatry and Neurology from October 10 to December 17, 1955. For further particulars apply to the Dean, Institute of Psychiatry, Maudsley Hospital, Denmark Hill, S.E.5. or The Dean, Institute of Neurology (Queen Square), The National Hospital, Queen Square, W.C.1.

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE

The LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (Keppel Street, W.C.1) provides courses for the ACADEMIC POST-GRADUATE CERTIFICATE AND DIPLOMA IN PUBLIC HEALTH, for the ACADEMIC POST-GRADUATE DIPLOMA IN BACTERIOLOGY, for the ACADEMIC POSTGRADUATE CERTIFICATE AND DIPLOMA IN TROPICAL MEDICINE AND HYGIENE, for the ACADEMIC POSTGRADUATE CERTIFICATE AND DIPLOMA IN APPLIED PARASITOLOGY AND ENTOMOLOGY, and for the Conjoint Board'S DIPLOMA IN TROPICAL MEDICINE AND HYGIENE (England).

The D.P.H. course, starting each October, lasts for one academic year, the examination for the Certificate being held at the end of three months. It is designed primarily for qualified medical practitioners who intend to enter the public health service in this country. Fee—£73 10s. (£26 5s. for Part L only.) for Part I only).

The Diploma in Bacteriology course, starting in October of each year, lasts one academic year and is intended to give advanced instruction to graduates in medicine, science (including veterinary science) or pharmacy who intend to follow a career in bacteriology. There are now no vacancies for the 1955-56 course, Applications for the subsequent session should be received not later than March, 1956. The number of places is strictly limited. Fee—£73 10s.

The course of study for the University of London's Academic Postgraduate Certificate and Diploma in Tropical Medicine and Hygiene is designed to give advanced training in tropical medicine. The preliminary course of not less than four months commences at approximately the beginning of October each year. The final course of not less than four months consists of advanced study in one of two fields—Clinical Tropical Medicine or Tropical Hygiene. Fee—£73 10s. (£42 for Part I only).

only).

The first course of study for the University of London's Academic Postgraduate Certificate and Diploma in Applied Parasitology and Entomology will commence on September 26, 1955, and thereafter at approximately the beginning of October each year. The course, which is open to candidates suitably qualified in medicine, veterinary medicine, veterinary science or science, extends over an academic year of full-time study, the pre-liminary C.A.P. and E. course extending over the first three months. Fee—£73 10s. (£42 for Part I only).

Two courses for the Conjoint Board's Diploma in Tropical Medicine and Hygiene will be held next session, commencing on September 26, 1955, and on February 27, 1956. This course is open to any qualified medical practitioner, but those not holding a qualification registrable in England should consult the Secretary of the Conjoint Board (8-11, Queen Square, W.C.1) regarding their admissibility to the examination. Fee—£42.

A course in Statistical Methods applied to Medicine and Epidemiology is held annually on two days a week from approximately the beginning of March to approximately the end of June. Students without a medical qualification can be accepted. Fee—£15 15s.

A ten weeks course in Environmental Control is held twice a year commencing next on September 26, 1955, and February 27, 1956. Although intended primarily for health inspectors from abroad, the course is so planned as to be of value to medical officers and others interested in the health aspects of environmental control both at home and abroad. Fee—£15 15s., plus registration fee of £1 1s.

THE MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL UNIVERSITY OF LONDON

The Pre-Clinical Departments are established in the Charterhouse Square portion of the Medical College, where much of the War Damage has now been reconstructed.

The clinical work of the students is carried on at St. Bartholomew's Hospital. Adequate facilities are available for instruction in Pathology and Mid-

STUDENTS' UNION

The Union possesses a Club Ground of seventeen acres at Chislehurst.

HIGHER EXAMINATIONS
Special Classes are held for F.R.C.S., etc.

For further particulars apply, by letter, to the Dean of the Medical College, St. Bartholomew's Hospital, London, E.C.1.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

POSTGRADUATE TEACHING

A programme of postgraduate teaching has been A programme of postgraduate teaching has been arranged, including the study of surgery and surgical and allied specialties. A full-time Course in Clinical Surgery is held twice a year, and, in addition, clinical conferences are arranged to take place at various hospitals during the periods when lectures in general surgery and anaesthetics are

Specialists are available to advise postgraduate students regarding study in General Surgery, Orthopaedic Surgery, Plastic Surgery, Anaesthetics, and Dental Surgery, who will assist as far as possible in finding suitable clinical instruction and clinical appointments.

The following courses have so far been arranged for 1955-56:

GENERAL SURGERY

August 29 to October 21, 1955.

(Full-time course to be held at Central Middlesex and West Middlesex Hospitals. Limited en.ry)
October 3 to 21, 1955 (24 lectures)
April 3 to 20, 1956 (24 lectures)
Fees: Full-time courses (two months), £26 5s.
Part-time courses (three weeks), £15 15s.
Lectures only, £10 10s.
Individual lectures, 10s. each

FACULTY OF ANAESTHETISTS

Full-time courses in Anaesthetics, consisting of 40 lectures, nightly discussion groups and clinical conferences, have been arranged for 1955-56 on the

conferences, have been arranged tot 1353 50 following dates:

November 28 to December 16, 1955

June 4 to 22, 1956

Fees: Lectures only, £15 15s.

Discussion Groups, £15 15s.

Clinical Conferences, £5 5s.

Individual Lectures, 10s. each

PHARMACOLOGY

PHARMACOLOGY

Two-weck courses of evening lectures in Pharmacology have been arranged for 1955-56 as follows:
October 31 to November 11, 1955
April 30 to May 11, 1956
Fee: £6 6s.
Individual Lectures, 10s. each
FACULTY OF DENTAL SURGERY
Course of Lectures and Clinical Demonstrations in General, Oral, and Dental Surgery (In conjunction with the Institute of Dental Surgery)
October 24 to December 16, 1955 (24 lectures)
April 30 to June 22, 1956 (24 lectures)
Fees: Full course, £31 10s.
Lectures only, £10 10s

EXAMINATIONS

The Final Examination for the Fellowship (F.R.C.S.) may be taken in Surgery, Ophthalmology and Otolaryngology.
There is also a Fellowship in Dental Surgery (F.D.S.R.C.S.) and a Fellowship of the Faculty of Anaesthetists (F.F.A.R.C.S.).
Details of these examinations may be obtained either from the College or from the Examination Hall, 8-11, Queen Square, W.C.1.

CONJOINT EXAMINATIONS

The Diplomas of L.R.C.P., M.R.C.S. are granted jointly with the Royal College of Physicians, as well as Diplomas in 12 specialties.

SCHOLARSHIPS AND PRIZES

The College grants many Research Scholarships and Prizes and in certain cases makes grants in aid of surgical research, the work being carried out either in the College or elsewhere. Research facilities are available in Anatomy, Physiology and

HALL OF RESIDENCE

Residential accommodation is available within the College for postgraduate students.

Full particulars may be obtained on application to Mr. W. F. Davis, Deputy Secretary, Royal College of Surgeons, Lincoln's Inn Fields, London, W.C.2 (Tel. HOLborn 3474).

UNIVERSITY OF MANCHESTER

FACULTY OF MEDICINE

Courses are offered for the following diplomas which are granted by the University: Psychological Medicine, Public Health, and Bacteriology.

In addition, full-time courses are offered for the D.M.R.D. and D.M.R.T. of the Examining Board in England.

Facilities are available for candidates preparing for the Primary Fellowship examination.

Clinical assistantships may be arranged in various specialties, and Sunday morning ward rounds for general practitioners are held at a number of hospitals in the region.

Mr. R. L. Newell, the Dean of Postgraduate Medical Studies, will be glad to advise and is available by appointment.

BRITISH POSTGRADUATE MEDICAL FEDERATION

(UNIVERSITY OF LONDON)

COURSES FOR GENERAL PRACTITIONERS, September-December 1955

Applications for places on the following Intensive Courses should be made to the Secretary, British Postgraduate Medical Federation, 2, Gordon Square, London, W.C.1. They should state if the application is or is not made under the Scheme for N.H.S. Practitioners.

INTENSIVE COURSES

Date	No. of day	Subjeci	Hospital

THE UNIVERSITY OF SHEFFIELD

FACULTY OF MEDICINE

Dean-J. G. McCRIE, O.B.E., T.D., M.B., F.R.C.P.Ed.

The University grants Degrees in Medicine (M.B., Ch.B., M.D., Ch.M.) and in Dental Surgery (B.D.S., M.D.S.). It also grants a Diploma in Dental Surgery (L.D.S.) and a Diploma in Microbiology (Dip. Microbiol.). These are all open to men and women on equal terms.

The Session 1955-56 begins on October 10.

Lectures and laboratory courses are given in the University, whilst clinical instruction is provided in the general and special Hospitals in the City.

A number of resident hospital appointments are open to qualified students of the School, both male and female.

HALLS OF RESIDENCE.—For Men: Crewe Hall, Clarkehouse Road, Sheffield, 10; Ranmoor House, Fulwood Road, Sheffield, 10; Stephenson Hall, Oakholme Road, Sheffield, 10. For Women: University Hall for Women, Endcliffe Vale Road, Sheffield, 10, and Annexes.

Particulars of the Halls may be obtained from the Wardens.

SCHOLARSHIPS.—A number of Entrance Scholarships are open to students wishing to enter the Faculty of Medicine. There are also Postgraduate Scholarships. Entries to the Medical and Dental Schools are strictly limited in order to ensure adequate lecture and laboratory accommodation for all students. The relatively ample number of hospital beds available renders the facilities for clinical instruction unusually large.

Prospectuses containing details of the Medical and Dental Schools may be obtained, respectively, from the Dean of the Faculty of Medicine and the Director of Dental Studies; and one giving particulars of Scholarships from the undersigned. A. W. CHAPMAN, Registrar.

UNIVERSITY OF EDINBURGH FACULTY OF MEDICINE

Master of Dental Surgery (M.D.S.), Bachelor of Dental Surgery (M.D.S.), Bachelor of Veterinary Medicine and Surgery (B.V.M.S.), and Doctor of Veterinary Medicine and Surgery (B.V.M.S.). Doctor of (D.V.M.S.).

(D.V.M.S.).

The approximate cost of the six years' course for the degrees of M.B., Ch.B. is £310. The curriculum for the degree of B.D.S. is of five years' charation and the approximate cost is £285. The course for the degree of B.V.M.S. extends over five years, the approximate cost being £295. Prospective students are normally required to make application to the Dean of the Faculty of Medicine, on a prescribed form, not later than December 31 in the year prior to that in which entry is desired. desired.

The University grants Diplomas in Public Health, Medical Radiodiagnosis, Medical Radiotherapy, and Tropical Medicine and Hygiene, and full courses of instruction for the Diplomas are provided.

courses of instruction for the Dipolinas are provided.

A Sister-Tutor Certificate is granted in conjunction with the Royal College of Nursing. Enquiries regarding the course should be addressed to the Secretary, Royal College of Nursing, Scotish Board, 44, Heriot Row, Edinburgh, 3.

A Certificate in Medical Illustration, the course for which extends over a period of three years, is given. The course is suitable for persons who desire to take up medical illustration as a profession. Prospective students are invited to submit their applications as soon as possible.

In the various Departments of the Faculty of Medicine provision is made for research by students of graduate standing. A copy of the Faculty Programme may be obtained from the Dean of the Faculty of Medicine, University. Teviot Row, Edinburgh, 8. Programme regarding Degrees in other Faculties may be obtained from the Matriculation Office, University, South Bridge, Edinburgh, 8.

CHARLES H. STEWART.

CHARLES H. STEWART. Secretary to the University.

ASSOCIATION OF GRADUATES

ROYAL COLLEGE OF SURGEONS IRELAND

The Association is recognized by the Council of the R.C.S.1. as the official body to represent the interests of the graduates of the Medical School of the College.

Any graduate or diplomate desirous of joining the Association or of forming an affiliated branch in his own area should communicate with the Honorary Secretary.

The Association maintains an Appointments' Bureau at the College, the services of which are available to members and non-members alike.

Further particulars of the activities of the Association can be obtained on application to Honorary Secretary, Association of Graduates, Royal College of Surgeons, St. Stephen's Green. Dublin.

SOCIETY OF APOTHECARIES OF LONDON (M.M.S.A.)

The Mastery of Midwifery is designed to give evidence of intensive study and practical experience in An e-natal Care, Midwifery, and Infan: Welfare and their relation to Hygiene and Preventive Medicine. The possession of this Diploma will prove of value in private practice and also to candidates for appointments involving the special work described in the preceding paragraph. The tests imposed are stringent; the Examination, writen, oral, and clinical, demands thorough and detailed knowledge gained by practical experience, and constitutes a definite endeavour to combat Maternal and Infant Mortality. Examinations are held twice yearly, in the months of May and November. Regulations and forms of application for admission to the Examination may be obtained from the Registrar, the Society of Apothecaries, Black Friars Lane, E.C.4.

ROYAL COLLEGE OF PHYSICIANS OF EDINBURGH

The EXAMINATIONS for the MEMBERSHIP of the College are held quarterly during the FIRST WEEK of JANUARY, APRIL, JULY and OCTO-

Candidates for the MEMBERSHIP must submit their applications and testimonials to the Secretary one month before the date at which they wish to appear for Examination.

For the regulations in regard to the LICENCE of the College (as a single qualification) and in regard to the various qualifications granted by the College and all other information, application should be made to the Secretary

UNIVERSITY OF ABERDEEN FACULTY OF MEDICINE

The Degrees in Medicine granted are: Bachelor of Medicine and Bachelor of Surgery (M.B., Ch.B.), Doctor of Medicine (M.D.), Master of Surgery (Ch.M.), and Doctor of Philosophy (Ph.D.). A Diploma in Public Health (D.P.H.) is also granted, the period of study for which covers one year.

The total cost of the curriculum for the Degrees of M.B., Ch.B., including textbooks, class, hospital, matriculation, and Degree fees, is approximately £400. Students are required to commence study in the Winter Term, which begins in October, and the period of study covers six years.

The University also grants Degrees in Arts, Science (Pure. Agriculture. Forestry, and Engineering). Divinity, and Law, particulars of which may be had on application to the undersigned.

W. S. Angus, Secretary.

Overseas (Vacant)—contd.

GOVERNMENT OF SINGAPORE

MEDICAL REGISTRAR

MEDICAL REGISTRAR

Required to undertake duties in one of two Medical Units in the Singapore General Hospital, which is a teaching hospital. Candidates should be members of one of the Royal Colleges of Physicians and have had four years' postgraduate experience. Appointment will be on contract for three years' resident service. On satisfactory completion of the contract, a gratuity (taxable) is payable in respect of each year of service at the rate of £300 per annum, rising by annual increments of £10 per annum to £450. Incremental credit in this gratuity scale corresponds with incremental able in respect of each year of service at the rate of £300 per annum to £450. Incremental credit in this gratuity scale corresponds with incremental credit in the salary scale. Alternatively, a doctor in the National Health Service may, by forgoing the gratuity, continue to participate in the National Health Service may, by forgoing the gratuity (taxable) of 20 per cent of the aggregate of his Singapore salary. The emoluments of the post comprise a basic salary; a variable cost-of-living allowances. Basic salary is on an incremental scale of £890 to £1.680 per annum, but candidates would be granted increments in that scale in respect of the required qualifications and experience and would enter the scale at an initial salary of approximately £1,272. The initial salary would be less if any of the required experience were gained below the age of 25 and slightly more if the candidate had more than the required four years' experience. The other emoluments vary according to salary and the family circumstances of the officer, but on a basic salary of £1,272 the total inclusive emoluments are approximately £1,832 a year for an unmartled officer, £2.014 for a married officer, and £2,182 for a married officer with dependent children. The emoluments referred to above apply only to doctors eligible for "expatriate terms" under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Singapore rates. Government quarters with heavy furniture are provided for the doctor, his wife and up to three children under the age of ten Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/25/06). (9407)

HER MAJESTY'S OVERSEA CIVIL SERVICE Nigerian Federal Service

MEDICAL OFFICERS

MEDICAL OFFICERS

Required for general duties in curative and preventive medicine and other duties in connexion with epidemic diseases if required. Appointments may be made as follows: (a) on three years probation for permanent and pensionable employment with retiring age of between 45 and 55. Pensions (which are non-contributory) are at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable service; (b) from the National Health Service. Candidates may leave the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary. Salaries, including pensionable expatriation pay for officers appointed under (a) or (b), range from £950 of £1.850 per annum; or (c) on short term contract (two tours of 18 to 24 months' duration) with inclusive salary of from £1.164 per annum, rising to £2.150 per annum; on completion of contract a gratuity (taxable) is paid at the rate of £37 los. for each completed period of three months service (including leave). Officers appointed under (a) or (c) are required to contribute to a widows' and orphans' pension "cheme. Starting salary depends on experience and war service. A revision of salaries is being undertaken in Nigeria, and officer selected would benefit from any increase granted. Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Income tax at low local rates. Local leave is permissible and generous home leave is granted after each tour. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London. S.W.1 (quoting ref. BCD 117/14/01).

HER MAJESTY'S OVERSEA CIVIL SERVICE Malaya

HEALTH OFFICERS

Required for general health duties including training of hospital assistants and nurses. Candidates must possess medical qualifications registrable in the United Kingdom and a Diploma or Certificate in Public Health. Appointments are available: (a) On three years' probation for permanent and pensionable employment with pension (non-contributory) at age of 55. Basic pensionable salary is paid in the scale £890 by £50 to £1 £1.276 by £50 to £1 £60 per annum. In addition, pensionable expatriation pay is payable to all officers at the rate of £266 to £364 per annum. A non-pensionable expatriation allowance is also paid to married officers without children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £182 to £259 per annum. There are posts, specialist and administrative, available on promotion carrying higher salaries (up to about £3,080 for the highest post). Promotion is often made before reaching the top (£1,680) of the Health Officer's salary scale. A temporary variable non-pensionable cost-of-living aflowance is payable, according to salary and to family circumstances. This ranges from £56 to £497 a year. Note: Doctors with more than one year's approved experience after age 25 (including service in Her Majesty's Forces) enter the salary scale at points above the minimum according to their experience. (b) From the National Health Service. Candidates may leave the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary. Emoluments as under (a). (c) On short-term contract for three years' resident service. Emoluments as under (a). In addition a gratuity (taxable) at he rate of €300 to £450 a year, according to salary, is paid on expiry of contract. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for "expatriact terms" under Malayan Regulations (i.e. those whose permanent homes are in the United Kingdom, Irish Republic, Aus HEALTH OFFICERS
Required for general health duties including training of hospital assistants and nurses. Candi-
