when nourishment

is the main problem ...

Brand's Essence is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weightreducing diets is especially appreciated by the patient.

Brand's Essence-

because

RYOTOL is lethal to Ps. pyocyanea, Staphylococcus aureus, Proteus vulgaris and Streptococcus pyogenes found in C.S.O.M. and Otitis Externa.

The presence of Ps. pyocyanea has been demonstrated in 90% of cases of chronically discharging ears. This gram-negative, highly resistant organism is unaffected by penicillin, sulphonamides and many other bactericides. It produces abundant pus and is therefore extremely troublesome.

RYOTOL Ear Drops are the outcome of clinical work on humans, following outstanding results obtained in the veterinary field.

Samples and literature gladly forwarded on request.

Trained Retailer-Fitters resident throughout the Kingdom, name and address of nearest Fitter supplied on request.

Copyright

During antepartum and postpartum periods—and especially in early ambulation—a Spencer exerts an important psychological effect. A Spencer's gentle but effective support increases the patient's confidence in her ability to "stay on her feet" and "move about."

Therapeutically, a Spencer Support helps to regain postural stability, helps replace organs in normal position, often relieves low-back pain. A Spencer offers protection to tissues affected by operative procedures without restricting natural muscle activity.

A qualified scientifically trained Fitter furnishes us with a description of the patient's body and posture, and detailed measurements. Then the support is individually designed, cut, and made at our Manufactury at Banbury. Within a short time the patient's support is delivered and adjusted by the Fitter.

B.M.J.9/55

In the past, the successful treatment of many cases of peptic ulceration demanded hospital conditions. Now, by means of Nulacin Tablets, it is possible to control gastric hyperacidity without any inconvenience to the patient. By using Nulacin Tablets as directed, an ambulant patient can obtain all the advantages of intragastric milk-alkali drip therapy.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent penticular gastritis gastric hyperacidity

peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued

NULACIN is available throughout the British Commonwealth, in the U.S.A., and many other countries, It is known as NULACTIN in Canada and Sweden.

HORLICKS LIMITED

Pharmaceutical Division Slough, Bucks.

An accepted combination in the chemotherapy of tuberculosis is P.A.S. together with isoniazid or streptomycin. Either combination, according to a recent Medical Research Council report (1), is very effective and helps to delay the appearance of resistant strains. P.A.S. has, however, the disadvantage of being poorly tolerated; many patients would welcome an alternative. Therapas, first synthesized in our laboratories in 1951, was introduced as an alternative to P.A.S. to which it is converted in the body (2). Preliminary trials have shown that Therapas may be effective in delaying the emergence of resistant strains to isoniazid or streptomycin, when used together with either of these drugs, and also that it has a therapeutic action per se. It gives satisfactory clinical and radiological results in the treatment of pulmonary tuberculosis (3, 4) and of genito-urinary tuberculosis (5). Since it has a sweet, not unpleasant, taste it is usually much preferred by the patient.

- I Report to M.R.C. of Tuberculosis Chemotherapy Trials Committee, Brit. Med. J., 1955, 1, 435.
- 2 J. Pharmacy & Pharmacol., 1953, 5, 849.
- 3 Schweiz. med. Wschr., 1955, 85,
- 4 Tubercle, 1955, 36, 209.
- 5 Lancet, 1955, 1, 116.

dosage

Therapas may be administered in daily doses of 14 G.

availability

Individual packets of 3.5 G. in boxes of 100 packets. I G. cachets in containers of 100 and 500. Bulk Therapas powder in containers of 100 G. and 500 G.

Further information and prices from Smith & Nephew Ltd., Welwyn Garden City, Herts.

to summarize

а

THERAPAS may be just as effective as P.A.S.

b

It is often better tolerated.

C

And it can be used wherever P.A.S. is indicated.

ETRUSCAN WINGED DEITY

Amulets were designed and used to preserve man from trouble. Etruscans often used the one illustrated in the above drawing.

TROUBLESOME staphylococcal, streptococcal and pneumonococcal infections are today attacked by the selective action of ERYTHROCIN.

With ERYTHROCIN Stearate Filmtabs, patients get high inhibitory blood levels of ERYTHROCIN in 2 hours or less. Peak concentration is reached at 4 hours, with significant levels for 8 hours. Low in toxicity ERYTHROCIN is less likely to alter normal intestinal flora than most other antibiotics.

(ERYTHROMYCIN STEARATE, ABBOTT)

ERYTHROCIN Stearate 100 or 200 mg. Filmtabs are available in bottles of 25 and 100.

For children 60 cc. bottles of ready-to-use Oral Suspension.

An easier way of removing EAR WAX

Hitherto, the removal of wax from the external auditory meatus has, commonly, necessitated two attendances by the patient—first for diagnosis and prescription of a suitable loosening agent—the second, two or three days later, for syringing. Now, by the use of Cerumol Ear Drops, wax can be removed, in the majority of cases in one visit. A few drops of Cerumol are instilled into the ear, and, while another patient is being seen to, the soft cerumen dissolves and the harder wax disimpacts. The resultant debris can then be cleared by gentle syringing. Only when the wax plug is abnormally hard, is it necessary for the administration of Cerumol to be prolonged and the patient told to return for syringing at a later date. In many. cases, Cerumel can be instilled by patients in their own home and, as the wax has frequently been found to come out of its own accord, further visits are unnecessary. Cerumal is anti-bacterial, efficient, and harmless to the lining of the external auditory mentus or to the tympunic membrane. Accepted for use in a large number of hospitals and general practices. Corumol is included in Category No. 4 of the M.O.H. classified list of Proprietary Preparations, and may therefore be prescribed on N.H.S. from B.C.10.

CERUMOL BAR DROPS

Samples of Cerumol will gladly be sent to members of the Medical Profession, on application to the Distributors:

THE TREATMENT OF

oro-pharyngeal infections

'PONDETS'

A unique presentation of penicillin for the treatment of minor superficial oro-pharyngeal infections.

The ingenious and novel method of presenting penicillin in 'Pondets,' enables a high therapeutic concentration to be maintained in the immediate vicinity of the oro-pharyngeal mucosa, for a prolonged period.

Each 'Pondet' contains 5,000 units of crystalline penicillin-G in a pleasantly flavoured, hard, fruit-sweet base, which dissolves slowly in the mouth.

'Pondets' are indicated for all minor superficial oral infections due to penicillin sensitive organisms.

Individually wrapped in bottles of 20.

JOHN WYETH & BROTHER LTD., CLIFTON HOUSE, EUSTON ROAD, LONDON, N.W.1

NERVOUS DYSPEPSIA

... relief without side-effects

The unfortunate sufferer from nervous dyspepsia may well believe himself beset by devils. The disease occasions such a number of unpleasant sensations, ranging from minor discomfort to virtual disability, that it is no surprise to find the artist attributing it to occult intervention. Fortunately the devils need no longer go unexorcised.

By using 'Merbentyl', not only can nervous dyspepsia be relieved—it can be relieved without side-effects. For 'Merbentyl' is not 'just another anticholinergic''—it has the great advantage of being virtually free from the side-effects usually associated with other synthetic substances and the belladonna alkaloids. Consequently 'Merbentyl' is the remedy of choice in functional bowel disturbance and an efficient reliever of painful spasm in organic disease.

'Merbentyl' Tablets contain
10 mg. diethylaminocarbethoxybicyclohexyl hydrochloride.
In bottles of 50 and 250
'Merbentyl' Tablets with Phenobarbitone each contain
10 mg. 'Merbentyl' and 15 mg. Phenobarbitone.
In bottles of 50 and 250.
Both are also available in syrup form.

Mrs Colley-

Urtication by switching with the common stinging nettle appears to have been an old Roman custom. When Julius Caesar landed, his soldiers had with them nettle seeds which they sowed for their own use as an epidermal stimulant and counter-irritant, to relieve stiffness and rheumatism caused by the already then notorious British climate.

The Modern Answer to an Ancient ill . . .

combined systemic and local anti-rheumatic therapy

arthripax tablets

formula

Salicylamide 5 grs. Dihydroxyaluminium Glycinate 11 grs.

Effectively relieves pain and spasm and reduces inflammation associated with rheumatic conditions. Negligible incidence of side-effects as synergy permits minimal dosage of mephenesin and salicylamide. Dihydroxyaluminium glycinate minimises the possibility of gastric disturbances.

2-3 tablets t.d.s. dosage

Basic N.H.S. 50 tabs. 3/4d. plus 10d. P.T.

thripax cream

formula

Glycol Salicylate 7.50% Menthol 1.00%

Ephed. Hydrochlor. 0.50% Terebene 7.50%

Benzyl Salicylate 7.50% Capsicin 0.05%

Rapidly penetrates the epidermis through the pilo-sebaceous glands, producing local hyperaemia with prompt and prolonged local analgesia, relieving pain, spasm and inflammation. Negligible risk of untoward skin reactions.

directions

2 applications daily normally suffice.

Basic N.H.S. 1 oz. 1/5d. plus 5d. P.T.

When you are asked about

SKIN HEALTH

It is often very helpful to recommend Cidal soap. For Cidal contains an unusually efficient germicide

Hexachlorophene (2,2'-dihydroxy-3,5,6,3',5',6'-hexachlorodiphenylmethane) which has been found to play a useful part in the alleviation of acne, seborrhœa, impetigo and many other minor ailments involving the skin, including prickly heat. Cidal also reduces the risk of infection through minor cuts and grazes.

Many people have been happy to find that Cidal helps to minimize unpleasant body odours at source by attacking the bacteria that ferment perspiration.

Cidal Cream Shampoo also contains Hexachlorophene and helps to keep the scalp healthy and free from dandruff. (1/3d. and 3/9d.)

Send for a booklet and an experimental sample of Cidal Toilet Soap to: Sales Department (Pharmacy Division), J. Bibby & Sons Limited, King Edward Street, Liverpool 3.

80% Less Engine Wear

with new BP Special Energol

'VISCO-STATIC' MOTOR OIL

It guards against the dangerous 5 minutes every time you start

MOTORISTS ALL OVER BRITAIN are talking about the wonderful new motor oil—BP Special Energol 'VISCO-STATIC'. It saves 80% of engine wear. This has been proved by the new radio-active wear detector which actually measures wear while the engine is running. BP Special Energol also cuts petrol consumption by up to 12%, and gives you easier starting than you have ever known. These are claims no car owner can ignore. What is so different about this new oil? How does it work? Here are the answers.

The Dangerous 5 Minutes

For 5 minutes after every cold start any engine lubricated with conventional oil suffers more wear than in about 6 hours steady running. The reason is that conventional oils are too thick when cold to give immediate lubrication and a full flow of oil to the cylinders. So the engine runs virtually dry just when it needs oil most of all.

cyilliders, so the engine rainvirtually dry just when it needs oil most of all.

BP Special Energol prevents this heavy starting wear in two ways. First, it flows so easily when cold that it gives full oil circulation the moment the engine starts. Second, it guards against corrosion while the engine is not running.

Amazing new property

Instantaneous oil circulation with BP Special Energol is the result of an amazing new property. This oil is as thin when cold as the thinnest winter oil you can buy. Yet it is as thick when hot as are the grades normally recommended for summer use, at the same temperature.

Here at last is an oil that not only lubricates completely in freezing cold but also gives complete protection in summer heat and hard running conditions. This is why BP Special Energol reduces engine wear by 80%.

This new oil is for use all the year round in all 4-stroke engines in good condition for which an oil from S.A.E. 10W to S.A.E. 40 is recommended. Now there is no need to change your grade of oil with change of season.

Saves up to 12% on petrol

Because BP Special Energol reduces oil drag when the engine is warming up, you will find you need less choke. The reduction in oil drag and use of the choke will cut your petrol consumption. Saving can be as high as 12% in start and stop runs in towns. Even on average running you can expect at least 5% saving. This saving alone more than repays the extra cost of BP Special Energol.

Striking improvement in starting

The first thing you notice when you change to BP Special Energol is a striking improvement in starting from cold. Once again it's because this new oil flows easily when cold. The engine springs to life immediately and runs as if it

LEEDS

LONDON TO LEEDS

Sheffield

LEEDS

Sheffield

Derby

Cleicester

In the first 5 minutes after starting from cold any engine lubricated with conventional oil suffers more wear than in about 6 hours steady running—that is, more wear than on a non-stop run from London to Leeds! This is because conventional oil is too thick to reach vital parts at the top of the cylinder bores. Result—cylinder walls and piston rings are virtually dry and suffer severe wear. But BP Special Energol flows freely even in extreme cold. It gives full oil circulation from the moment the engine starts.

were already warmed up. Performance is noticeably livelier during the warming up period. And of course your battery is under less strain.

Only for engines in good condition

BP Special Energol is only for engines in good condition. If yours is worn and shortly in need of overhaul you will do best to use the recommended grade of normal BP Energol. If in any doubt ask your garage manager.

How to change to BP Special Energol

Because BP Special Energol is a completely different kind of oil be sure to make a complete changeover. Do not top up your existing oil with BP Special Energol. Drain and refill with the new oil, run for 500 miles, then drain and refill again. From then on the oil should be changed at the normal change periods recommended for your engine.

Ask for BP Special Energol at

Ask for BP Special Energol at garages where you see the BP shield. This oil is coloured red for easy identification and sold only in sealed packages.

You've said it yourself: 'If only this had been reported sooner'

But your tyres can't tell you when they are in need of examination, and the only report you'll get from them is likely to be a loud one—protesting against neglect. If your tyres let you down, it usually serves you right for not examining them sooner.

Anyway, there's syrup to sweeten the dose—you can always make your next tyres John Bull. They'll put up with your bad'treatment and neglect rather better and longer than most makes of tyres.

Brand's

MEAT AND FISH PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods (Meat and Fish) for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine table-quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Brand's Strained Fish is all selected white fish, prepared in purée form similar to the strained meats.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of $3\frac{1}{2}$ to 4 months onwards.

BRAND'S STRAINED BEEF BRAND'S STRAINED VEAL BRAND'S STRAINED FISH

Brand's Strained Protein Foods are free from preservatives; heat-sealed and sterilized, in 13/4 oz. glass jars.

Professional samples and literature on request.

BRAND & CO. LTD., MAYFAIR WORKS, VAUXHALL, S.W.8

Perfect Cast-after 3 weeks' hard wear!

THE BANK MANAGER of a small Essex town, fell and suffered a Colles fracture. Here is the Gypsona cast which was removed three weeks later. The thin, even formation is a characteristic of a Gypsona cast. This thin, light cast is made possible by the high plaster content of Gypsona which gives

exceptional strength and makes it the most economical plaster of Paris bandage.

The clean, porcelain-like appearance of the cast, still intact after three weeks' wear, is further evidence of the quality of the fine ground Gypsum and the high plaster content of this remarkable bandage.

Gypsona TRADE MARK

Mothers are grateful when you advise canned strained foods

When you recommend a varied diet for baby based on Heinz Strained Foods, you are recommending a diet which can easily be followed by even the busiest mothers. And baby will benefit not only from the nourishment of these foods, but also from accustoming his palate to a variety of flavours at an early age.

And another point is this. It is often impossible for a mother - particularly if she lives in a town -to make foods as nourishing as Heinz. Heinz have the advantage of buying farm-fresh fruits and vegetables and also of having cooking and straining equipment that keeps the maximum amount of goodness in the foods.

For a FREE booklet giving the exact nutrient values of all 19 varieties of Heinz Strained Foods, please write to Dept. 1P, H. J. Heinz Company Ltd., London, N.W.10.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent * testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given. Canvassing in any form will disqualify.

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time (a) HOUSE OFFICERS .

(i) Provisionally registered medical practitioners: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) Fully registered medical practitioners: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable

(b) SENIOR HOUSE OFFICER: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

PUBLIC HEALTH

DAGENHAM BOROUGH COUNCIL—ESSEX COUNTY COUNCIL

DEPUTY MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH

AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH

Applications are invited from duly qualified and experienced medical practitioners possessing the Diploma in Public Health, or similar qualification, for the above-mentioned posts which together constitute one whole-time appointment. The officer appointed will be required to devote 20 per cent whole-time for the Borough Council, and 80 per cent to duties for the County Council. Remuneration (in accordance with the appropriate Industrial Court awards) as follows: Borough Council, £195 by £10 (8) to £275, plus £100 per annum. County Council, £1828 15s. by £42 10s. (8) to £1,168 15s. The appointment is subject to a medical examination, and in the case of the Borough Council appointment, to the consent of the Minister of Health. Whitley Medical Council conditions of service will apply and also the relevant Standing Orders of the two employing authorities. The appointments are superannuable. Application forms are obtainable from, and returnable to, the Town Clerk, Civic Centre, Dagenham, as early as possible. Canvassing disqualifies. Closing date September 23. (9567)

BUCKS COUNTY COUNCIL

APPOINTMENT OF DEPUTY COUNTY MEDICAL OFFICER AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER

PRINCIPAL SCHOOL MEDICAL OFFICER
Applications are invited from registered medical practitioners for the appointment of Deputy County Medical Officer and Deputy Principal School Medical Officer. Salary on scale £1,675 by £100 (2) by £62 10s. to £1,937 10s. per annum. This scale will shortly be reviewed as the population of the county now exceeds 400,000. Travelling and subsistence allowances on the Council's scale will be paid. The appointment is superannuable and subject to medical examination. Further particulars and forms of application may be obtained from the undersigned at County Hall, Aylesbury, to whom completed applications must be delivered by Tuesday, September 20, 1955.—R. E. Millard, Clerk of the Bucks County Council.

COUNTY BOROUGH OF BARROW-IN-FURNESS

ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER

AND SCHOOL MEDICAL OFFICER OF HEALIH AND SCHOOL MEDICAL OFFICER

Applications are invited from fully qualified and resistered medical practitioners for the above appointment. Salary is as laid down by the Medical Council of the Whitley Councils for the Health Services (£975 per annum rising by annua increments of £50 to £1,375 per annum) and the point of entry will be fixed in accordance with the qualifications and experience of the person appointed. The appointment will be subject to the Corporation's general conditions of service and is superannuable. As the duties are mainly in connexion with the school health service and maternity and child welfare service, the possession of the D.P.H. or D.C.H. will be an advantage. Further particulars and application forms may be obtained from the Medical Officer of Health, Town Hall, Barrown-Furness. Completed applications must be received by the undersigned not later than noon on Monday, September 26, 1955.—Lawrence Allen, Town Clerk, Town Hall, Barrow-in-Furness. (6679)

COUNTY BOROUGH OF WARRINGTON

ASSISTANT MEDICAL OFFICER and SCHOOL MEDICAL OFFICER (Male or female)

Applications are invited from suitably qualified medical practitioners for the above appointment. The salary is £975 per annum, rising by annual increments of £50 to a maximum of £1,375 per annum. Experience in dealing with children is essential, but possession of the D.P.H. or D.C.H. would be an advantage. The duties will be mainly clinical in connexion with maternity and child welfare or school medical services, as may be required. A car allowance is payable. The post is superannuable and subject to a satisfactory medical examination. Applications, giving full details of age, qualifications and experience, together with the names of two persons to whom reference can be made, should be forwarded to the undersigned not later than September 24, 1955.—Eric H. Moore, Medical Officer of Health and Principal School Medical Officer, Health Department, Sankey Street, Warrington.

COUNTY OF CORNWALL

Applications are invited for the post of SCHOOL MEDICAL OFFICER

Preference will be given to candidates who have had some experience in ophthalmology. The salary will be within the scale of £975 by £50 to £1,375. A car is essential and there will be a travelling allowance in accordance with the County scale. Whitley Council service conditions apply. Applications, stating age, qualifications and experience, together with a copy of a recent testimonial, and the names of two persons to whom reference may be made, should be sent to the County Medical Officer. County Hall, Truro, not later than September 24, 1955.—E. T. Verger, Clerk of the County Council, County Hall, Truro.

URBAN DISTRICT COUNCILS OF BRIGHT-LINGSEA, CLACTON, FRINTON AND RURAL DISTRICT COUNCIL OF TENDRING: ESSEX COUNTY COUNCIL

MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH

Applications invited from registered medical practitioners possessing the Diploma in Pu'slic Health for the above-mentioned posts, which together constitute whole-time, 82 per cent of time being devoted to the duties as Medical Officer of Health to the District Councils and 18 per cent to County Council duties. Remuneration (if accordance with appropriate Industrial Court Awards) as follows:

(a) District Councils, £1,414 10s. by £43 1s. to £1309 7s. 6d. Whitley medical council conditions and relevant standing orders of the employing councils apply. Medical examination. Posts superannuable. Application forms obtainable from, and when completed returnable to, the Clerk of the County Council, County Hall, Chelmsford, as soon as possible. Canvassing disqualifies. (9515)

COUNTY BOROUGH OF WOLVERHAMPTON

HER MAJESTY'S OVERSEA CIVIL SERVICE Medical Branch, Kenya

Vacancies exist for

MEDICAL OFFICERS

Wacancies exist for

MEDICAL OFFICERS

for general duties in the Medical Department of Kenya. Successful candidates may be posted to any station in Kenya. During the earlier years of service an officer will be expected to carry out general medical and surgical duties, including a varying amount of public health administration. In most stations, even if remote from the larger towns, it is possible for an officer to maintain interest in any particular branch of medicine or surgery to which he is attracted. As far as possible the interests of an officer are considered when postings are made. The work of every medical officer is based on a hospital which may vary in size and facilities from a small district hospital meeting the needs of a comparatively primitive community to a large and modern provincial hospital. Appointments can be made on a permanent basis with pension (non-contributory) at age of 55, or on short-term contract with gratuity payable on satisfactory completion of service. Salary ranges from £1,116 to £1,836 a year; starting point is determined by experience, and four extra increments are given to successful candidates possessing the M.R.C.P., D.P.H., or other approved higher qualifications. Temporary cost-of-living allowance at the rate of 10 per cent of salary is also payable, subject to a maximum of £162 a year, making gross emoluments of £1,228 to £1,998 a year. Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Kenya and other territories in medical administration or, if they possess higher qualifications and suitable experience, and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible, and generous home leave granted after each tour of from 40 to 48 months. Education facilities are available. Candidates must possess medical qualification registrable in the United Kingdom and at least one year's post-graduate hospital experience. Application forts forms from Director of Recruitment, Colonial O S.W.1 (quoting Reference BCD 117/7/02).

SUDAN GOVERNMENT

The Ministry of Health, Sudan Government, invites applications for the following posts:

MEDICAL PATHOLOGIST

Candidates must have honours degree and must be fully literate in either Arabic or English. Age limits 22 to 45 years. Salary range from £E.1,750 to £E.2,330 per annum (for Junior Specialist) or a fixed salary of £E.2,500 per annum (for Specialist).

BACTERIOLOGIST

Candidates should have specialist experience in bacteriology, and in a reputed institute. Salary range from £E.1,750 to £E.2,330 per annum (for Junior Specialist), or a fixed salary of £E.2,500 per annum (for Specialist).

MALE SPECIALIST, PHYSICIANS, SURGEONS AND GYNAECOLOGIST

Candidates must possess adequate professional qualifications for the type of post, viz., M.R.C.P., F.R.C.S., or M.R.C.O.G., or internationally recognized equivalents. Age should be 28 to 43. Salary range £E.1,750 to £E.2,330 per annum (for Junior Specialists) or fixed rate of £E.2,500 per annum (for Specialists).

Specialists).

Candidates for these posts may apply for secondment from the National Health Service for a period of up to three years under the terms of circular letter No. RHB/(52)106BG(52)101 of September 30, 1952. All the above appointments will be on short-term contracts for a period of up to five years, and starting rates of pay will be determined according to age, experience, and qualifications. In certain cases a cost-of-living allowance is also payable at present. A bonus of one month's salary for each year of service, subject to a maximum of six months' pay, is payable on satisfactory completion of the contract. Outfit allowance of £E.50 is payable when the contract is signed. Free passage on appointment. Annual leave after the first tour. Further particulars and application form will be sent on application to Dr. E. P. Pratt, Consultant Physician to the Sudan Government, 93, Harley Street, London, W.1. Please quote the appointment. appointment concerned and give name and address in block letters. (9913)

THE GENERAL HOSPITAL St. Thomas, Ontario, Canada

Wanted immediately

FOUR INTERNES

salary \$150 monthly with full board. Hospital Board will provide passage to Canada, subject to deductions from salary of 50 per cent if a twelvemonth period served. UNIVERSITY AND RESEARCH

APPOINTMENTS, etc.

MEDICAL RESEARCH COUNCIL Department of Experimental Medicine, Cambridge

VACANCY FOR REGISTRAR

VACANCY FOR REGISTRAR

The Medical Research Council have a vacancy in the Department of Experimental Medicine, Tennis Court Road, Cambridge, for a research worker of registrar status (preferably with an M.R.C.P.) to be responsible for the clinical work of the department. The Department is engaged in studies of renal function and the control of electrolytes and water, in nutritional work, and in investigating the changes which take place during growth and in disease, but not in evaluating methods of treatment. The work includes studies of normal infants and adults, and of animals. Initial salary will be fixed according to qualifications and experience, and will be £850 to £900 or at a point on the scale £950 by £50 to £1.250 per annum, with prospects of promotion to a higher grade. The Council have a scheme for the payment of children's allowances similar to the one in force in the universities. Superannuation will be provided. Applicants, who should preferably have had some research experience and who intend to make their careers in medical research, should write giving details of education and subsequent career, and the names and addresses of two professional referees under whom they have worked, to the Director, Professor R. A. McCance, at the address given above. (9965)
