The right diet at your fingertips

This filing box, designed for the consulting room desk, contains an indexed supply of diet cards for 16 different conditions. The cards are planned to include specimen daily menus which facilitate the patient's co-operation and save the doctor's time. This is one of the services offered free of charge to the medical profession by the Energen Dietary Service.

In special cases, clinical considerations often necessitate the preparation of a diet which takes into account the individual requirements of the patient. On receipt of the appropriate information from the practitioner, such diets can be specially constructed and sent through the post; or a consultation can be arranged with a senior dietitian.

The Energen Dietary Service is staffed by fully qualified dietitians, under close medical supervision. It offers independent information and assistance to the medical profession in all dietary and nutritional matters.

*Requests for this Diet Card Filing Box or
other inquiries should be addressed to:*

ENERGEN DIETARY SERVICE

The case of *Melolontha melolontha*...

In Northern and Central France the larva of the common cockchafer (*M. melolontha*), has always been regarded as one of the most serious pests of growing crops. French farmers christened it 'Agricultural pest No. 1'.

'White grubs' live 3 years in the soil and do an enormous amount of damage to many crops, especially to sugar beet, mangolds and potatoes. Losses amounting to 10,000 million francs a year were normal... but that was before the arrival of aldrin.

Aldrin, a soil insecticide developed by Shell, has completely changed the picture. Its use on sugar beet, one of the worst attacked crops, has often doubled the yield of sugar in cases of severe white grub infestation. Today non-tainting aldrin is widely recognised as a completely effective control and French farmers use it as part of their seasonal routine.

2-3 lbs. of aldrin per acre wipe out white grubs.

Long-lasting, non-tainting aldrin is the most effective of all insecticides for use in the soil. Because of its great stability, it is ideal for compounding with fertilizers. Aldrin's wider range includes many pests previously difficult to 'get at' economically.

Another recently developed Shell insecticide is dieldrin, possessing exceptional persistence. On foliage, dieldrin controls a very wide range of weevils, beetles, flies and other crop-eating pests. It is also extensively used as a residual spray against disease-carrying insects.

Have you a stubborn pest problem to deal with?

aldrin

aldrin and dieldrin are  insecticides for world-wide use

For further information apply to your Shell Company.

Issued by The Shell Petroleum Company Limited, London, E.C.3, England

**15 years of clinical opinion
supports the use of vaginal tampons**

Why an applicator?

The function of the applicator in inserting the tampon at the upper end of the vaginal tract is of the greatest importance. It eliminates any handling of the highly-compressed soft surgical cotton, and ensures comfort and steady absorption. The correct position of the internal tampon avoids contact with both anal and urethral sources of contamination. Tampax tampons are simply and hygienically inserted in correct proximity to the cervix by means of a disposable 'applicator' tube, only $\frac{9}{16}$ " diameter. The applicator is an integral part of tamponage and, therefore, results in a definite improvement in menstrual hygiene.

TAMPAX

**Yes, this is a case
for Ichthopaste!**

Ulceration of the leg with associated eczema . . . yes, this is a case for Ichthopaste ! But this is only one of the complete range of Smith & Nephew paste bandages available (on E.C.10) to the Medical Profession. The paste content of these bandages is particularly high, being four times the weight of their fabric base.

Ichthopaste

ZINC PASTE AND ICHTHAMMOL BANDAGE B.P.C

This bandage contains 2% of Ichthammol. It is indicated for eczematous conditions associated with leg ulceration, particularly when the eczema is of the weeping type. The bandage never sets harder than its original spongy state which gives a resilient dressing. An Elastocrepe or Elastoplast bandage may be applied to give firm elastic support.

Viscopaste

ZINC PASTE BANDAGE B.P.C

A zinc paste bandage which requires no preliminary heating and is ready for immediate use on removal of the waterproof wrapper. Viscopaste sets quickly, forming a thin shell and is indicated for eczematous conditions and also as a support for the leg following the removal of P.O.P. casts.

COLTAPASTE

ZINC PASTE AND COAL TAR BANDAGE B.P.C

Made from light cotton fabric, evenly impregnated with a water miscible coal tar zinc oxide paste. Coltapaste is indicated for the dry, scaly, itching type of eczema associated with varicose conditions, infantile eczema and neurodermatoses. Here is an ideal medium for the application of prepared coal tar to the skin, wherever its use is indicated.

SMITH & NEPHEW LIMITED

WELWYN GARDEN CITY • HERTS

Just because little can be done to prevent the common cold, there is no reason why the secondary infections that so frequently follow it should be allowed full liberty to prolong the ill effects.

If given at the first sign of a cold 'Sulfex' intranasal therapy controls these secondary invaders, curtailing the course of the illness, and lessening the risk of more serious sequelae.

'SULFEX'

Vasoconstriction in minutes . . .

Napkin Rash

PREVENTION and treatment

DRAPOLENE is a cream formulated specifically for the prophylaxis and treatment of urinary dermatitis.

The water miscible property of the cream allows ease of application and facilitates the napkin toilet. The application of DRAPOLENE to both mild and severe forms of urine rash provides a soothing effect which gives relief from the distress associated with all forms of urine rash. Many infant welfare centres confirm that even the severest cases respond satisfactorily in four to six days.

The key to successful peptic ulcer treatment

NULACIN

Nulacin effectively controls gastric acidity. The value of Nulacin in the treatment of peptic ulcer and the prevention of relapse has been confirmed by clinical studies in Great Britain, Australia, the U.S.A. and India. Nulacin tablets are palatable and convenient.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public, have no B.P. equivalent and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

AMPHETONE

REGISTERED

A GENERAL STIMULANT FOR THE CENTRAL NERVOUS SYSTEM

For cases requiring a quick-acting general stimulant without increasing the patient's appetite, we consider Amphetamine unique. It combines for the first time Dexamphetamine Sulphate and Strychnine with Glycerophosphates and members of the Vitamin B Group. The Dexamphetamine provides the convalescent with an immediate feeling of well-being, this being followed by the well-known tonic effects of the other medicaments. Clinical reports have been excellent.

FORMULA

Dexamphetamine Sulphate B.P.C., 1/12 grain : Strychnine Hydrochloride B.P., 1/60 grain : Calcium Glycerophosphate B.P.C., 2 grains : Sodium Glycerophosphate B.P.C., 2 grains : Aneurine Hydrochloride B.P., 1/30 grain : Nicotinamide B.P., 1/4 grain : Riboflavin B.P., 1/60 grain : Syrup of Blackcurrant B.P.C., 2 fluid drms. : Water, to 1/2 fluid ounce.

POISON

SI

Available in bottles containing 10, 20, 40, and 80 fluid ounces. Professional prices 4/8, 8/10, 14/7, and 26/6 each. Samples available on request.

WAI

In 'Pentoxylon' the tranquillizing, bradycardic influence of 'Rauwiloid' brand alkaloid hydrochlorides of Rauwolfia serpentina is allied to the prolonged vasodilating effect of pentaerythritol tetranitrate. This new combined therapy represents an important advance in the long term treatment of angina pectoris.

Although some patients will still occasionally require glyceryl trinitrate, in many others 'Pentoxylon' will provide complete relief from anginal attacks. It will also bring: "*gratifying reduction of anxiety and relief of apprehension. . .*"

North-West Med. 1955, 54: 34

Dose: 1 tablet four times a day, increased if necessary.

'Pentoxylon' is available in tablets, each containing 1 mg. of 'Rauwiloid' and 10 mg. of pentaerythritol tetranitrate, available in bottles of 25, 100 and 500.

'RAUWILOID' and
'PENTOXYLON' are registered trademarks.

Nervous Exhaustion

Practitioners often encounter patients whose ill-health is due mainly to emotional or neurotic disturbance. Frequently there appears to be no physical basis and their principal symptoms are usually undue nervousness, fatigue and poor appetite.

For these mildly neurasthenic and exhausted cases 'BEPLETE' Wyeth is uniquely appropriate. It contains Phenobarbitone and Vitamin B-complex as an appetising Elixir, and so provides a quieting relaxation, while at the same time supplying nutritional factors known to be essential for the energy requirements of nervous metabolism.

'BEPLETE' Tablets:—

Each tablet contains: Phenobarbitone B.P. 0.25 gr., Aneurine Hydrochloride B.P. 1.5 mg., Riboflavine B.P. 1.0 mg., Pyridoxine Hydrochloride B.P.C. 0.17 mg., Nicotinamide B.P. 5.0 mg.

'TERCIN'

TRADE MARK

FOR MILD FORMS OF PAIN

Background to Tercin "Aspirin and phenacetin are effective and useful, and a sedative effect is obtainable if a barbiturate is combined with them. . . . The reputation of codeine as a pharmacologically useful drug is at present waning, for the analgesic effect of the compound tablet of codeine B.P. is probably due more to its content of aspirin and phenacetin than to the $\frac{1}{4}$ gr. (8 mg.) of codeine present. It is a weak analgesic even when given in full doses."

(Brit. Med. J. 1952 (Oct. 25th) ii, p.928)

Tercin combines aspirin and phenacetin with butobarbitone. It is indicated for the relief of mild forms of pain for which tablets of aspirin, phenacetin and codeine have hitherto been prescribed. An important aspect

of Tercin therapy is that it does not cause constipation. Tercin is available in tablets containing aspirin 5 grains, phenacetin 3 grains and butobarbitone $\frac{1}{2}$ grain. *Basic N.H.S. price.* Bottles of 200 at 4/10.

DOSAGE: One or two tablets as required. A total dose of eight tablets daily should generally not be exceeded.

Literature and samples are available on request to the Medical Department

Children like it... worms don't

One week's treatment with 'Antepar' Elixir is usually sufficient to eradicate *threadworms*. A single dose clears *roundworms* from the gut. Effective without fasting, purging or supporting measures, 'Antepar' acts by paralysing the worms—they are then expelled by normal peristalsis.

'Antepar', the original elixir of piperazine, is well tolerated by patients of all ages. Its pleasant taste is popular with children. Containing piperazine citrate equivalent to 500 mgm. of piperazine in each fluid drachm, 'Antepar' is supplied in bottles of 4 fl. oz. and 20 fl. oz.

PRODUCT

CASILAN

is a family affair

GLAXO LABORATORIES LTD.,
GREENFORD, MIDDLESEX BY Ron 3434

As a diet poor in protein actually hastens the ageing process, those old people who subsist largely on tea - and - toast diets are among the first to succumb to exhaustion and illness. Casilan with its high protein content is an invaluable "extra" for the aged—and one that will do much to restore their vitality.

Though not all housewives can afford abundant supplies of protein rich foods, such as meat, fish and fowl, they *can* afford a weekly packet of Casilan. And what value! Every ounce contains 26 grams of protein—as much as in four eggs or a pint and a half of milk.

If the family bread-winner falls ill, the tissue-building protein of Casilan will help speed his recovery and his return to the payroll. If 'overweight' is the problem, Casilan can be relied upon to provide a sustaining yet *non-fattening* basis for the reducing diet.

Infants and children have real need of ample protein if regular, healthy growth is to take place. Casilan completely meets this need, because it is first-class protein and therefore extremely rich in the "formative" nourishment so necessary for healthy tissue growth.

rapid response
with **ORAL** antibiotic therapy

Chloromycetin* is unique in being readily and effectively absorbed from the gastro-intestinal tract and producing blood-levels which rise proportionally with increase in dosage. This is a great advantage in severe infections where initially, high blood-levels are essential; a rapid response to treatment is a natural corollary. Owing to effective absorption, gastro-intestinal side-effects following the administration of Chloromycetin are reduced to a minimum.

the call is for—
Carnation Milk

Increasingly widespread use in general medical practice, in hospitals and clinics, of 500 Unit (Vitamin D₃) Carnation Evaporated Milk emphasises the confidence placed in Carnation for infant feeding.

This confidence is based on countless case histories of the successful feeding of normal babies, prematures and those infants presenting special feeding problems.

CARNATION MILK OFFERS:

1. Optimal Assimilation — due to emulsified butterfat and a granular, tensionless curd. The curd is approximate to that of breast milk.
2. Natural Vitamin D₃—this is added at the rate of 33 international units per ounce, thus providing adequate prophylactic intake.
3. A Standardised Product—never varies throughout the year. It is readily adaptable to meet every infant feeding requirement with precision.
4. Complete Sterility—because Carnation Milk is sterilised *after* it has been sealed in airtight tins.

"FROM CONTENTED COWS"

Carnation Feeding Charts and reprints of clinical investigations are available to the medical profession from: Medical Department, General Milk Products Limited, Candlewick House, 116/126 Cannon Street, London, E.C.4.

Average dose—2 tablets three or four times a day.

Merrell
RANKIN

Fleet Street, home of the Press, is one of those microcosms where the pace is hotter and the strain more intense than in the world at large.

Life bears hard upon habitués of such places; and in particular—in so many cases—this stress eventually results in peptic ulcer, hyperacidity and the like. 'Kolantyl', a new treatment for these disorders, represents a combination of several therapeutic agents in one convenient tablet—a form which will be particularly welcomed by patients who have to be out and about.

ANTI-PRURITIC

*now
also in
LOTION
form*

CONTAINING 10% CROTONYL-N-ETHYL-O-TOLUIDIDE

Eurax has been used in the treatment of many cases of pruritus with marked success. Relief is usually prompt and long-lasting. It is now available as a soothing, emollient lotion, which is cosmetically acceptable, being readily absorbed, non-staining and pleasantly perfumed. It contains the same strength of active ingredient as the ointment.

Eurax Lotion is particularly suitable for application to moist weeping areas, although in cases of acute inflammatory conditions its use should be deferred until the inflammation has subsided.

Eurax Lotion is prescribable on N.H.S. Form E.C.10 and is available in bottles of 2, 4 and 16 oz.

Optimum Nutrition

Although severe malnutrition is now seldom seen in this country there are undoubtedly certain groups whose nutritional standard is low and whose general health could be improved with a better diet.

The protective foods are more often neglected than the other foods by those whose diet is not based on sound principles. Marmite, a protective food supplying the B₂ vitamins, is a concentrated yeast extract which is economical as a dietary source of these vitamins. A special pack is available for distribution at welfare centres, where advice on nutrition is often given.

MARMITE yeast extract
contains

RIBOFLAVIN (vitamin B₂) 1.5 mg. per oz. NIACIN (nicotinic acid) 16.5 mg. per oz.

Obtainable from chemists and grocers

Special terms for packs for hospitals, welfare centres and schools

Brand's

MEAT AND FISH PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods (Meat and Fish) for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine table-quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Brand's Strained Fish is all selected white fish, prepared in purée form similar to the strained meats.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of 3½ to 4 months onwards (according to the physician's advice).

THE NEW ROVER PROGRAMME

New high performance specification and new power-braking for the 90. Greater comfort in all three models:—the 60, 75 and 90.

THE NINETY

HIGH PERFORMANCE By increasing the compression ratio, the acceleration has become still more vivid. An optional overdrive ensures a higher maximum speed, exceptionally fast and silent cruising at low engine speeds and a useful saving in petrol consumption. Top gear flexibility, so valuable when driving in traffic, is unaffected.

EXTRA SAFETY To match this livelier performance, a new Servo-assisted braking system is introduced. This ensures impressive light-pressure stopping from high speeds and maximum safety under modern road conditions.

THE SIXTY, SEVENTY-FIVE AND NINETY

EXTRA COMFORT Rover cars have a fine reputation for driver and passenger comfort. There is now a choice of two styles in the front seating—a bench type seat or, as an optional extra, two individual seats independently adjustable. The deep hide upholstery is pleated to retain its shape and the rear arm rests have been redesigned for greater comfort.

How to get to grips with the problem of **LONG LIFE**

Nowadays, with tyres so expensive (yes!—but they cost a lot to make) you want, more than ever before, the very best value for your money. You want a safe, trouble-free tyre with a long life in front of it.

Obviously, you want John Bull. It is made from only the very best materials, and its functional tread is specially compounded to give softness with extreme toughness. This results in remarkable *grip* which, in turn, means less 'dither' and skid—the principal causes of wear.

A distinguished arrival from France —

NORMANDIN COGNAC

TRADITION

LIQUEUR BRANDY

To everyone who appreciates rare quality, the arrival in this country of TRADITION Liqueur Brandy is important news. So named because it is especially blended by E. Normandin et Cie. to suit the traditional English preference for a pale, dry Cognac, TRADITION owes nothing to artifice. It derives its superb clean flavour wholly and solely from grapes grown at Chateaufort, in the heart of the Cognac region, while its delicate amber colour is its natural inheritance from the oaken casks in which the years have mellowed it. Ask your Wine Merchant to tell you more about TRADITION — to be informed about it is to enjoy it all the more.

TRADITION Cognac Liqueur Brandy
Bottles: 57/6 each
Half-Bottles: 29/3 each

FOR A SPLENDID 3-STAR LOREL
Although TRADITION is not inexpensive, you can with an easy conscience spend on it what you sensibly save on LOREL — an uncommonly excellent pure French Brandy which costs only 37/6 a bottle. Perfect for Brandies-and-sodas.

If these two Brandies have not yet arrived in your locality, please write to:

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

Applications (12 copies), with twelve copies of three recent testimonials, should reach the House Governor, St. Peter's Hospital, Henrietta Street, W.C.2, by October 22, 1955. (3064)

IMPORTANT: All intending applicants should read the revised NOTICE at the top of page 26

PUBLIC HEALTH**COUNTY BOROUGH OF SMETHWICK****APPOINTMENT OF DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the post of Deputy Medical Officer of Health and Deputy School Medical Officer. The duties will consist mainly of work in connexion with maternity and child welfare and school medical inspection, but the successful candidate will be required to undertake other public health work as the Medical Officer of Health may direct, including especially the ascertainment and supervision of handicapped persons. The possession of the Diploma in Public Health or Child Health will be required and preference will be given to candidates who are approved by the Ministry of Education for the purpose of the ascertainment of educationally sub-normal children. The salary will be at the rate of £1,291 13s. 4d. per annum, rising by five annual increments of £51 10s. to £1,549 3s. 4d. per annum. The post is superannuable and the successful candidate will be required to pass a medical examination. The appointment will be subject to two months' notice on either side. Applications, stating age, qualifications and experience, and giving the names of two persons to whom reference may be made, should be addressed to the Medical Officer of Health, Hales Lane, Smethwick, by October 14, 1955. E. L. Twycross, Town Clerk. (2045)

CAERNARVONSHIRE COUNTY COUNCIL**DEPUTY COUNTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited for this post from persons possessing the Diploma in Public Health or equivalent qualification. The salary scale is £1,727 10s., rising by annual increments of £52 10s. to £1,990 and the salary of the person appointed will be determined within this scale according to his experience and qualifications. Travelling and subsistence allowances will be paid in accordance with the Council's scale. A knowledge of Welsh is desirable. Intending applicants are invited to obtain further information and a form of application from the County Medical Officer of Health. Applications, together with copies of two recent testimonials, and the names of three referees, should be sent to the Clerk of the County Council, County Offices, Caernarvon, not later than October 8. (2928)

CITY OF NOTTINGHAM Health Services**SENIOR ASSISTANT MEDICAL OFFICER**

Applications are invited from male registered medical practitioners holding a diploma in public health for this appointment. The salary will be within the scale £1,075 by £50 to £1,475 a year, the commencing salary to be fixed in accordance with experience. In addition to special duties in connexion with health education, the successful candidate will be given wide opportunities for administrative and practical experience in all services of the Health Department. The appointment is superannuable and subject to the usual conditions. Forms of application may be obtained from the undersigned, to whom they must be returned, together with the names of two referees, by not later than October 8, 1955.—T. J. Owen, Town Clerk, Guildhall, Nottingham. (2992)

CORPORATION OF THE CITY OF ABERDEEN Health and Welfare Department

Applications are invited for the post of **ASSISTANT MEDICAL OFFICER OF HEALTH** in the above Department. Candidates must be under 45 years of age and must be registered medical practitioners; possession of the Diploma of Public Health will be regarded as an advantage. The duties of this appointment will be largely connected with Maternity and Child Welfare and candidates should be experienced in this work. The salary for the post is £975 per annum, rising by annual increments to £1,375 per annum. The post is superannuable and the candidate selected for appointment will be required, before appointment, to pass a medical examination. Application forms may be obtained from the Medical Officer of Health, Willowbank House, Willowbank Road, Aberdeen, with whom they should be lodged, together with one copy of each of three recent testimonials, on or before Saturday, October 1, 1955.—J. C. Rennie, Town Clerk, Town House, Aberdeen. (2745)

COUNTY BOROUGH OF WEST BROMWICH

Applications are invited from registered medical practitioners for the appointment of **DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

at a salary in accordance with the scale £1,222, rising by five increments of £51 10s. to £1,479 10s. The Council have adopted the conditions of service agreed by the Medical Council of the Whitley Councils for the Health Services. Full particulars and form of application may be obtained from the undersigned. Closing date for applications October 1, 1955.—J. M. Day, Town Clerk, Town Hall, West Bromwich. (3122)

COUNTY COUNCIL OF DURHAM

Applications are invited from registered medical practitioners (men and women) for appointment as **SCHOOL MEDICAL OFFICER**

to act as Dental Anaesthetist in the School Health Service. Applicants must have had at least three years' experience in the practice of their profession. Salary scale £975 by £50 to £1,375 per annum. Conditions of appointment and forms of application may be obtained from the undersigned, to whom completed application forms must be returned not later than October 10, 1955.—G. H. Metcalf, Director of Education, Shire Hall, Durham. (3049)

KUWAIT OIL COMPANY INVITES APPLICATIONS for the post of **Clinical Pathologist** to the Company Hospital in Kuwait. The post affords excellent opportunities for specialized work, and there is good clinical material available. Applicants should have a good background of general experience in the Pathology Department of a hospital. Previous overseas experience would be an advantage. Age up to 40. Salary will depend upon experience, but total emoluments will not be less than £2,500 per annum. In addition there is a contributory pension scheme. Married accommodation available on appointment. Write, giving brief details, Box 123, B.M.J.

AUCKLAND HOSPITAL BOARD, New Zealand

Applications are invited from medical practitioners eligible to qualify as a "Junior Specialist" under the Hospital Employment (Medical Officers) Regulations, 1952, for the position of **JUNIOR MEDICAL SPECIALIST, Chest Unit** Green Lane Hospital

The appointment is a full-time one for a period of twelve months from March 1, 1956. If during that period the appointee has satisfactorily carried out the duties of the position and if he so desires, an extension of the term for a limited period would be considered by the Board. The position is non-residential. A higher qualification is desirable but not essential. Salary £N.Z.1,371 7s. per annum, rising to £N.Z.1,671 7s. per annum by annual increments of £N.Z.50. Commencing salary within this scale according to qualifications and experience in the speciality. Conditions of appointment and form of application obtainable from the office of the High Commissioner for New Zealand, New Zealand House, 415, Strand, London, W.C.2. Applications addressed to the undersigned at the office of the Board, Kitchener Street, Auckland, New Zealand, close at noon on Wednesday, November 2, 1955.—R. F. Galbraith, Sec. (3032)

GOLD COAST LOCAL CIVIL SERVICE**SPECIALIST PATHOLOGIST**

Required by Ministry of Health, Gold Coast, to take charge of a laboratory and carry out the duties of his speciality. He will have plentiful opportunities for research and will be expected to interest himself in research work involving his speciality. He may be required to carry out post-mortem examinations and other duties in connexion with forensic medicine and to advise the Gold Coast Ministry on matters involving the pathological service in the Gold Coast. Candidates should hold a Diploma in Bacteriology (preferably) or in Clinical Pathology, or, alternatively, a Doctorate in Medicine of London University in pathology, this qualification having been supplemented by not less than four years' approved full-time laboratory experience in the practice of bacteriology and/or pathology. Appointment would be to the Gold Coast Civil Service on contract for two tours of duty of from 18 to 24 months each in the first instance, with gratuity on satisfactory completion of service. Basic salary scale would be £2,400 to £2,700 a year. Gratuity (taxable) would be payable at the rate of £37 10s. for each completed three months of service. A candidate in the National Health Service may leave the N.H.S. but retain his superannuation rights (up to a maximum stay of six years). Salary, in this case, would be in the scale £1,900 to £2,200 a year, and the gratuity 20 per cent of the aggregate of salary. Starting point in both salary scales is determined according to qualifications and experience. Quarters when available are provided at rental not exceeding £150 per annum; income tax is payable at local rates; free passages; generous home leave. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/13/032). (3085)

GOVERNMENT OF JAMAICA**TWO ASSISTANT BACTERIOLOGISTS**

required in Jamaica to carry out and supervise bacteriological procedures in the Bacteriological Laboratory or elsewhere in the Government Medical Service, to undertake forensic investigations if required, to assist in training technicians, medical officers, and medical students of the University College and to perform such other duties as the Director of Medical Services may direct. Appointments on short term contract for one tour of three years in the first instance with gratuity on satisfactory completion of service. Salary would be at the rate of £1,750 a year with the right to accept fees for consulting practice or at the rate of £2,000 a year without this right. Gratuity would be payable at the rate of £37 10s. for each completed three months of service. Free return passages provided for officer, wife and children, not exceeding five persons in all. Income tax at local rates. Local leave permissible and home leave on full pay is granted after tour. Climate is healthy for Europeans. Educational facilities are available. Candidates must possess medical qualifications registrable in the United Kingdom. For one post a Diploma in Bacteriology or a Diploma in Public Health with experience in bacteriology is required; and for the other training in pathology and a knowledge of bacteriology. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/32/08). (3133)

BECHUANALAND PROTECTORATE**A MEDICAL OFFICER**

with qualifications registrable in the United Kingdom is required to take charge of an extra-venereal treponematoses campaign. Candidates should be single, since the post will involve much travelling and field work. Tentage or caravan will be provided. Appointment will be on probation for the permanent and pensionable establishment. Salary scale from £940 to £1,515 a year. A non-pensionable cost-of-living allowance of £56 to £66 a year and a desert allowance of £150 a year are also payable. Free passages provided. Application forms may be obtained from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/76/02). (3100)

HER MAJESTY'S OVERSEA CIVIL SERVICE
Medical Branch—Hong Kong**PATHOLOGIST**

required in Medical Department, Hong Kong, to undertake vaccine production, public health laboratory work, clinical pathology, and post mortem work. Candidates must be under 35 years of age, possess a medical qualification registrable in the United Kingdom and have had three years' professional experience, preferably in pathology. Appointment on two years' probation for permanent and pensionable employment. Total emoluments of the post are made up as follows: (1) Salary scale from \$1,395 to \$2,800 a month, i.e. £1,046 5s. to £2,100 a year (one Hong Kong dollar equals 1s. 3d.), starting salary depending upon qualifications and experience; (2) expatriation pay, half of which counts as pensionable, varying according to salary from \$280 a month (£210 a year) to \$375 a month (£281 5s. a year); and (3) temporary variable non-pensionable cost of living allowance varying according to salary and family circumstances. At present a single officer on the minimum would get approximately £41 a year and a married officer on his maximum salary would get £630 a year. Free passages in both directions provided for officer, wife and up to three children under the age of 18. Quarters, when available, are provided at rental of not more than 1/7th of basic salary. Income tax at local rates. Annual local leave is permissible and generous home leave is granted after each tour of four years. Climate is favourable for Europeans—a cool dry winter with well-marked changes of seasons. Education facilities are available. Pension is 1/600th of final pensionable emoluments for each completed month of reckonable service. Officers permanently employed are required to contribute to a Widows' and Orphans' Pension Scheme. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/51/025). (3134)

SUEZ CONTRACTORS MANAGEMENT COMPANY LIMITED

Required for service at the Company's Hospital, Moascar, Ismailia, Egypt.

ANAESTHETIST/GENERAL DUTIES MEDICAL OFFICER

Must hold a British, Irish, or Commonwealth qualification and a Diploma in Anaesthetics. Contract for two years, renewable for two further periods of two years each. Two weeks' local leave annually and two months' home leave with free transportation at the end of each contract. £50 clothing allowance. Free furnished accommodation. Salary £2,500 to £3,000 per annum.—Appl., Medical Secretary, Suez Contractors Management Co., Ltd., 53, Great Cumberland Place, London, W.1. (3005)

THE OTAGO HOSPITAL BOARD
University of Otago, Dunedin, New Zealand**ASSISTANT DIRECTOR, Anaesthetic Services, Otago Hospital Board**
LECTURER IN ANAESTHETICS, Otago Medical School

Applications are invited for the above position, commencing on January 1, 1956, from candidates who (a) hold a higher qualification in Anaesthetics and have had five or more years' practical experience in this speciality, and have been qualified for not less than ten years; or (b) have been qualified for a period of fifteen years or more, and have had eight years' or more practical experience in Anaesthetics. The position is a full-time one, and private practice is not permitted. The position is designed as that of Senior Specialist under the Hospital Employment (Medical Officers) Regulations and Amendments. Salary Scale: £1,690 per annum to £1,940 per annum, plus general wage increase of £81 7s. per annum. Duties will include the practical teaching of Anaesthetics to Medical and Dental Students. The position is non-resident. Application forms and conditions of appointment may be obtained from the Office of this publication; the office of the High Commissioner for New Zealand, 415, The Strand, London, or from the undersigned. Applications, stating age, qualifications and experience, together with testimonials and Health and Radiological Certificates, will be received by the undersigned until 10 o'clock a.m. on Tuesday, October 25, 1955.—W. A. Williamson, Secretary, Otago Hospital, P.O. Box 946, Dunedin, New Zealand. (2751)

Overseas (Vacant)—contd.**HER MAJESTY'S OVERSEA CIVIL SERVICE**
Nigerian Federal Government Service**AN ANAESTHETIST**

is required in Lagos to administer anaesthetics in Government hospitals, to instruct junior medical officers and to perform such other duties as may be assigned to him by the Chief Medical Adviser to the Federal Government of Nigeria. Candidates must possess the Diploma in Anaesthetics (if obtained prior to November, 1953) or Fellowship of the Faculty of Anaesthetists in addition to possessing medical qualifications registrable in the United Kingdom. The selected candidate will be appointed a Special Grade Medical Officer. Appointments may be made as follows: (a) on three years' probation for permanent and pensionable employment with retiring age of between 45 and 55. Pensions (which are non-contributory) are at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable service; (b) on the National Health Service. Candidates may leave the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary. Salaries, including pensionable expatriation pay, for officers appointed under (a) or (b) range from £1,170 to £1,850 per annum; or (c) on short term contract (two tours each of 18 to 24 months' duration) with inclusive salary of from £1,386 per annum, rising to £2,150 per annum; on completion of contract a gratuity (taxable) is paid at the rate of £37 10s. for each completed period of three months' service (including leave). Starting salary depends on experience and war service. A revision of salaries has been undertaken in Nigeria and the candidate selected would benefit from any increase granted. Officers appointed under (a) or (b) will be considered after experience abroad for promotion to Specialist with a salary of £2,025 a year which includes pensionable expatriation pay. Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Alternatively, an allowance at the rate of £75 a year for each of two children under the age of 18 is payable pro rata during an officer's tour of residential service (excluding leave) provided that the cost of children's passages is not paid from Nigerian Government funds and that the children are maintained outside Nigeria during the period for which the allowance is claimed. Income tax at low local rates. Local leave is permissible and generous home leave is granted after each tour. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/14/045). (3086)

THE ROYAL NEW ZEALAND SOCIETY FOR THE HEALTH OF WOMEN AND CHILDREN (INC.) (Plunket Society)**CHIEF MEDICAL OFFICER**

Applications for the above-named position are invited from registered medical practitioners with higher medical qualification and experience in preventive and curative paediatrics. Salary £N.Z.2,021 per annum, rising to £N.Z.2,271 in three years. Applications, which close on November 5, 1955, should be addressed to the High Commissioner for New Zealand, 415, The Strand, London, W.C.2, from whom particulars concerning conditions of appointment, duties, etc., may be obtained on request, quoting reference number A 18/159/2. Applications should state qualifications and experience and should be accompanied by two recent testimonials and a recent medical certificate. The earliest date on which the applicant would be available to take up duties should also be stated. (3099)

UNIVERSITY OF MALAYA, Singapore

Applications are invited for

(1) LECTURESHIP or (2) ASSISTANT LECTURESHIP in Anatomy

Candidates holding medical qualifications will be preferred, but those with science degrees and ability to teach gross anatomy will be considered. Salary scales for medically qualified candidates (1) £1,295 by £49 to £1,442/£1,540 by £56 to £1,988 per annum. (2) £1,148 by £49 to £1,246 per annum. For non-medically qualified (1) £1,148 by £49 to £1,442/£1,540 by £56 to £1,820 per annum. (2) £1,001 by £49 to £1,099 per annum. Point of entry determined by qualifications and experience. Allowances: expatriation in range £280 to £308 per annum, cost-of-living in range £210 to £560 per annum. All paid in Malayan currency. Free passages for appointee, wife and children under 12 years. Part-furnished quarters at reasonable rent. Provident fund scheme. Applications (six copies), naming three referees, and detailing qualifications and experience, to be received by October 7 by Secretary, Inter-University Council for Higher Education Overseas, 1, Gordon Square, London, W.C.1, from whom further particulars may be obtained. (3072)

SUDAN GOVERNMENT

The Ministry of Health, Sudan Government, invites applications for the following posts:

MEDICAL PATHOLOGIST

Candidates must have honours degree and must be fully literate in either Arabic or English. Age limits 22 to 45 years. Salary range from £E.1,750 to £E.2,330 per annum (for Junior Specialist) or a fixed salary of £E.2,500 per annum (for Specialist).

THE UNIVERSITY OF LIVERPOOL**RADIOLOGY**

The University of Liverpool provides a full-time course of two academic years leading to a Diploma in Radiology which can be taken in either radio-diagnosis or radiotherapy (D.M.R.(D) Liverpool or D.M.R.(D) Liverpool), and which is open to graduates of approved medical schools. The course (which begins in October each year) allows a candidate to hold suitable approved hospital appointments during the second year, and covers the regulations required by the Conjoint Board. The fee for the full two year course is £63. The degree of M.Rad. may, after report by the Faculty, be conferred on holders of the D.M.R.(D) or (D) Liverpool under certain conditions. Applications for further information should be addressed to the Dean of the Faculty of Medicine.—Stanley Dumbell, Registrar. (3024)

RECEPTIONISTS, SECRETARIES, TYPISTS, HOUSEKEEPERS, Etc.

The engagement of persons answering these advertisements must be made through a Local Office of the Ministry of Labour or a Scheduled Employment Agency if the applicant is a man aged 18 to 64 inclusive, or a woman aged 18 to 59 inclusive, unless he or she, or the employment, is exempted from the provisions of the Notification of Vacancies Order, 1952.

The three constituents of 'Franol' combine to give effective symptomatic relief in chronic bronchitis which is so often given the diagnostic label of "asthma and bronchitis".

The theophylline and ephedrine help to control the cough by their antispasmodic action and to relax the bronchial musculature. The 'Luminal' brings undisturbed rest at night and relieves the feeling of tenseness and anxiety which often attends these conditions.
