# COMBAT SLUGGISHNESS STRAIN and FATIGUE this WINTER

Pressure increases daily; long waits mean strain and a wearing-down process. Yes, we are talking about your car—the indispensable partner of every doctor. Its battery needs the rejuvenation that a DAVENSET home charger gives so efficiently. This compact instrument works quietly while you sleep, ensuring a reliable response to exacting demands and emergency calls. Prescribe a DAVENSET charger this winter.

Model 'H' 3 amp output—Junior I amp output. Both charge 2, 6, or 12 volt batteries on 200/250 volt A.C. Mains.

MODEL H 119/6 · JUNIOR 73/6

When

# nourishment

is the main problem ...

Brand's Essence is a first-class protein of animal origin, in a form and strength that will not overtax a weakened system. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weightreducing diets is especially appreciated by the patient.

# Brand's Essence-

(BEEF OR CHICKEN)

# 15 years of clinical opinion supports the use of vaginal tampons

# Why an applicator?

The function of the applicator in inserting the tampon at the upper end of the vaginal tract is of the greatest importance. It eliminates any handling of the highly-compressed soft surgical cotton, and ensures comfort and steady absorption. The correct position of the internal tampon avoids contact with both anal and urethral sources of contamination. Tampax tampons are simply and hygienically inserted in correct proximity to the cervix by means of a disposable 'applicator' tube, only  $\frac{9}{16}$ " diameter. The applicator is an integral part of tamponage and, therefore, results in a definite improvement in menstrual hygiene.

# **CEREVON...** oral organic iron therapy

During the third trimester the increasing rate of foetal growth makes heavy demands on the maternal iron reserves which are not adequately met by the normal dietary intake.

The risk of gastric upset from ferro-therapy during this period is considerably lessened by the administration of CEREVON (Ferrous Gluconate)—an organic iron—which will rapidly build up the deficit of iron in the tissue depots to the mutual benefit of the expectant mother and foetus.

CEREVON is available in both tablet and palatable liquid form. In addition to the organic iron Ferrous Gluconate, ELIXIR CEREVON contains the Vitamin B complex, a valuable adjuvant to the ante-natal regime.

### **CEREVON ELIXIR**

FORMULA: Each teaspoonful contains: Ferrous Gluconate 300 mgm., Aneurine Hydrochloride 1 mgm., Riboflavin 1 mgm., Nicotinamide 10 mgm.

# A new capillary haemostatic

ADRENOXYL

(Adrenochromemonosemicarhazone)

# for medical and surgical conditions

Clinically proven to reduce bleeding-time without effect on coagulation or blood pressure, and to have no undesirable side effects

**ADRENOXYL**, a product of original research, reduces the mean bleeding-time by decreasing the permeability and increasing the contractility and resistance of the capillaries. Its effectiveness in diminishing blood loss has been demonstrated by clinical studies.

ADRENOXYL has no effect on coagulation. It neither increases nor decreases blood pressure.

ADRENOXYL is non-toxic, and there are no contra-indications to its use.

ADRENOXYL is indicated in the preventive and curative treatment of all types of capillary bleeding.

ADRENOXYL has been successfully used to diminish capillary bleeding in a wide range of surgical operations, and has proved particularly

useful in ear, nose, and throat surgery, ophthalmic surgery, thoracic surgery, gastro-intestinal surgery, plastic surgery and urogenital surgery. It has also been used successfully in many medical conditions associated with capillary haemorrhage or where capillary fragility is a feature.

**ADRENOXYL** may be administered by mouth or by subcutaneous or intramuscular injection. The oral form is for routine treatment, though when rapid action is desired the intramuscular route is recommended.

ADRENOXYL is now available in boxes of 6 or 50 ampoules: tubes of 25 tablets or bottles of 500 tablets.

This graph gives evidence of the effect of Adrenoxyl on capillary resistance and bleeding-time

Whenever there is a serious accumulation of excess fluid in the tissues—as in cardiac oedema—prompt action is called for. DIAMOX Acetazoleamide speedily and safely procures the copious diuresis needed to relieve such conditions. The value of this potent oral diuretic is, however, by no means restricted to congestive heart failure. In glaucoma, for instance, striking results have already been obtained; while in oedema of pregnancy, renal oedema, emphysema and epilepsy, the use of DIAMOX has passed well beyond a merely exploratory stage. DIAMOX is now available in parenteral form for patients when the oral route is impracticable.

ORAL TABLETS 250 mg.: Bottles of 25, 100 and 1,000.

# NERVOUS DYSPEPSIA

# ... relief without side-effects

The unfortunate sufferer from nervous dyspepsia may well believe himself beset by devils. The disease occasions such a number of unpleasant sensations, ranging from minor discomfort to virtual disability, that it is no surprise to find the artist attributing it to occult intervention. Fortunately the devils need no longer go unexorcised.

By using 'Merbentyl', not only can nervous dyspepsia be relieved—it can be relieved without side-effects. For 'Merbentyl' is not ''just another anticholinergic''—it has the great advantage of being virtually free from the side-effects usually associated with other synthetic substances and the belladonna alkaloids. Consequently 'Merbentyl' is the remedy of choice in functional bowel disturbance and an efficient reliever of painful spasm in organic disease.

'Merbentyl' Tablets contain
10 mg. diethylaminocarbethoxybicyclohexyl hydrochloride.
In bottles of 50 and 250
'Merbentyl' Tablets with Phenobarbitone each contain
10 mg. 'Merbentyl' and 15 mg. Phenobarbitone.
In bottles of 50 and 250.
Both are also available in syrup form.

"You've got to give them something to rub on, old boy.

I often wonder if it isn't just the massage that relieves the pain."

"There's been some work published on that," comparing the effects of medicated creams with an inert control cream in soft tissue rheumatism."

"Never saw the papers-but I bet the inert cream came out of it pretty well."

"Not so well as you might think—and surprisingly enough, of all the so-called active principles tried, a salicylate gave the best results."

"Counter-irritant, eh?"

"No—a new salicylate, diethylamine salicylate, capable of free skin penetration and not irritating at all."

"That's a new idea, isn't it? Local salicylate therapy. I always start patients off on salicylates by mouth for rheumatic pain. Useful to be able to put it through the skin at the site of the pain.

What's this stuff called?"

Lancet II, 395 (1950)

British Journal of Physical Medicine 18, 62 (1955)

10% diethylamine salicylate in a soothing vanishing cream

# non-irritant, skin penetrating salicylate for the relief of rheumatic pain by inunction

CLINICAL PRODUCTS LTD · RICHMOND · SURREY

# ASPIRIN INTOLERANCE IN RHEUMATOID ARTHRITIS

# BUFFERIN-

# THE NEW BETTER TOLERATED ANALGESIC

MOST SUCCESSFUL ANSWER YET DISCOVERED

BUFFERIN FAR BETTER TOLERATED BY ARTHRITICS

ACTS TWICE AS QUICKLY AS ASPIRIN

NO EQUIVALENT IN BRITISH PHARMACOPOEIA Following last year's report<sup>1</sup> by the Joint Committee of the Medical Research Council and Nuffield Foundation, many practitioners have returned to aspirin therapy in place of cortisone. Effective therapy with aspirin and similar salicylates unfortunately has been hampered by the problem of gastric irritation, which affects as many as 42% of arthritic patients. Bufferin, the new analgesic which reduces gastric intolerance to a negligible minimum, is the most successful answer to the problem yet discovered.

Bufferin combines acetylsalicylic acid with the antacids aluminium glycinate and magnesium carbonate (gentle buffering acids which do not produce "acid rebound"), and is well tolerated even by arthritics. In blind trials amongst arthritics with proven intolerance to ordinary aspirin, 70% had no gastric symptoms after taking large doses of Bufferin over periods of 4 to 16 months<sup>2</sup>. Previous studies amongst the general population showed that only 1 patient out of 238 had any distress after taking 10 grains of Bufferin.<sup>3</sup>

Not only is Bufferin better tolerated by the stomach than ordinary aspirin, but its pain relieving ingredient is absorbed twice as quickly into the blood-stream. Trials show that on an average the 10-minute salicylate level after taking Bufferin was more than 20% higher than the 20-minute level after taking ordinary aspirin.<sup>8</sup>

Bufferin is unique in incorporating aluminium glycinate and magnesium carbonate as buffering agents and has no equivalent in the British Pharmacopæia or National Formulary. This fully justifies the prescription of Bufferin on E.C.10.

# The "physiological" product for routine use

# KAYLENE-OL

the satisfactory and palatable emulsoid of colloidal kaolin B.P. and liquid paraffin

Prescribed as a gentle laxative at bedtime. When stimulant purgatives act erratically or fail, Kaylene-ol will usually prove to be effective, especially when the bowel is hypertonic or spastic.

All the products of Kaylene (Chemicals) Limited are in Category 2 or Category 4 in the Ministry of Health's Classified List, and are therefore prescribable on Form E.C.10.

# A new concentrated glucose drink

# CITROZE

(TRADE MARK)

# made with whole fresh lemons

Citroze is a new highly-concentrated glucose drink which offers all the virtues of pure glucose in a highly palatable form. It is deliciously and wholesomely flavoured with whole fresh lemons and is recommended for use during convalescence, and in cases of low vitality and poor appetite.

Citroze has an exceptionally high glucose content—not less than 10% after dilution. It does not cause flatulence, and can be taken either hot or cold. Citroze is to be diluted with two parts water or soda water. The price is 3/6 for an economical 26-oz bottle, which makes 4 pints of ready-to-drink Citroze, obtainable at all leading chemists.

Ingredients:

Dextrose monohydrate 30%, sugar, lemon juice, citric acid and benzoic acid

# A Poetic Prescription

The therapeutic use of Stout
Leaves very little room for doubt
About its value and utility
In cases of extreme debility.

(The life of Mrs. Clara Innes\*

Might have been saved by taking Guinness.

Although the idea would have shocked her I'm certain that it saved the Doctor.)

NORMANDIN& CO

TO DE

**Coquae** 

# for TRADITION

This Christmas you can honour the occasion as never before, with TRADITION—a superlative aged Liqueur Brandy recently arrived from France. Especially blended by E. Normandin et Cie. to suit the traditional English preference for a pale, dry Cognac, TRADITION is a wholly natural product of quality, time and skill. Its innocence of colouring or sweetening, its incomparable bouquet and finesse make TRADITION a gift that reflects the discernment of giver and recipient alike.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent \* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given. Canvassing in any form will disqualify.

\*SERVICE MEMBERS may have difficulty in supplying recent testimonials but this should not deter them from applying

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) he Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

#### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration s a medical practitioner and held normally for four years; £1,100 per annum in the first year; 1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

#### Other Grades, Whole-time (a) HOUSE OFFICERS:

(i) Provisionally registered medical practitioners: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) Fully registered medical practitioners: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) SENIOR HOUSE OFFICER: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

#### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

A. Williamson, Secretary, Otago Hospital Board, P.O. Box 946, Dunedin, New Zea'and.

### UNIVERSITY AND RESEARCH

### APPOINTMENTS, etc.

#### CHIEF PHARMACOLOGIST

Benger Laboratories Limited, manufacturers of ethical medicinal products, wish to appoint a Chief Pharmacologist to take charge of the Pharmacology Section of their Research Department. This is a post which offers considerable opportunities to a suitably qualified graduate who has wide experience in pharmacological research.

It is an important post and as the commencing salary offered will depend very much on age, qualifications, and experience of the particular applicant a fairly wide range is contemplated, with a lower limit of £1.000 per annum. A contributory pension scheme is in operation.

A Company house could be made available on a short term tenancy to give the successful applicant a base from which to find permanent living accommodation.

Applications should be sent to the Secretary, Benger Laboratories Limited, Holmes Chapel Cheshire. (5534)

#### MEDICAL LIAISON OFFICER

Benger Laboratories Limited, manufacturers of ethical medicinal products, have a vacancy for a Medical Liaison Officer to work in close collaboration with their Research Department, mainly in organizing and controlling clinical trials of new products. Applicants must have a wide clinical background with preferably some research experience. The commencing salary will depend on experience, qualifications, and age of the applicant, but will in any case be over £1.500 per annum. A contributory pension scheme is in operation. The post is tenable at the headquarters of the Company at Holmes Chapel. Cheshire, but a certain amount of travelling would be involved. Applications, which will be dealt with in strict confidence, should be sent to the Secretary, Benzer Laboratories Limited. Ho'mes Chapel, Cheshire. (5535)

### KING'S COLLEGE, UNIVERSITY OF DURHAM, and the UNITED NEWCASTLE-UPON-TYNE HOSPITALS

The Council of King's College invite applications for the post of

#### FIRST ASSISTANT

FIRST ASSISTANT
in the Department of Child Health. The appointment will be for one year in the first instance, renewable annually to a maximum of not more than three years. The commencing salary will be within the range £1.400 to £1.700. Previous experience in the siudy and management of chronic respiratory diseases in childhood will be an advantage. The successful applicant will hold the appointment cointly in King's College and in the United Newcastle-upon-Tyne Hospitals. Further particulars may be obtained from the undersigned, to whom applications (12 copies), together with the names of three referees, should be sent not later than December 10, 1955.—G. R. Hanson, Registrar of King's College. (5653)

## KING'S COLLEGE, UNIVERSITY OF DURHAM, and UNITED NEWCASTLE-UPON-TYNE HOSPITALS

The Council of King's College invite applications for the post of

### SENIOR LECTURER in Midwifery

SENIOR LECTURER in Midwifery
Candidates should possess a higher qualification in midwifery and gynaecology, and should have had considerable experience in the speciality. The appointment carries with it the posts of Honorary Assistant Obstetric Physician at the Princess Mary Ma'ernity Hospital and Honorary Assistant Gynaecologist at the Royal Vic'oria Infirmary. The commencing salary will be determined at an appropriate point on the scale £1,950 by £190 to £2,400, in accordance with the qualifications and experience of the successful applicant. Further particulars may be obtained from the undersigned, to whom applications (twelve copies), inc'uding the names of three referees, should be addressed so as to reach him not later than December 17, 1955.—G. R. Hanson, Registrar of King's College. (5713)

#### POSTGRADUATE MEDICAL SCHOOL, LONDON, Ducane Road, W.12

Applications are invited for the post of ASSISTANT LECTURER

In Haematology in the Department of Pathology. The duties involve teaching and the supervision of routine work Opportunities for research. Appointment from March 1 1956, or larer by arrangement. The salary is within the range £1.100 by £100 to £1,500 per annum. Applications to the Dean by December 2. (5546)

## THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY (University of London) 330/332, Gray's Inn Road, London, W.C.1

#### FIRST ASSISTANT to the Professorial Unit

FIRST ASSISTANT to the Professorial Unit Applications are invited for this post with effect from February 1, 1956. A higher qualification in surgery is required and candidates must have held an oto-laryngological registrarship in a teaching hospital. The post is a full-time one tenable for an initial period of one year, subject to annual relection thereafter, and the successful applicant will be given honorary rank as a Senior Registrar at the associated Royal National Throat, Nose and Ear Hospital. Salary within the range £1,200 to £1.700 with superannuation benefits, the commencing salary being determined according to experience and particularly any previous service in the Senior Registrar grade. Family allowances on the University scale are payable. Applications (in triplicate), giving full particulars of ase, qualifications and experience, and accompanied by the names of two referces, should be sent to the Secretary not later than December 19. (5682)

### University and Research

#### Appointments-contd.

## THE MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL West Smithfield, E.C.1

Applications are invited for the post of LECTURER IN ANATOMY tenable as from January 1, 1956. The salary will be on a scale of £900 by £100 to £1,400 per annum, together with children's allowance and membership of the F.S.S.U. The commencing point on the scale will depend upon academic qualifications and experience in teaching and research. Applications, which should be received not later than November 30, 1955, should be addressed to the Dean of the Medical College, from whom further particulars may be obtained. (5578)

#### THE UNIVERSITY OF MANCHESTER

Applications are invited for the post of DEMONSTRATOR IN CHEMICAL PHYSIOLOGY

in the Department of Physiology. Candidates should have a good honours degree in physiology, biochemistry or chemistry with subsidiary physiology, or be medically qualified. #### ST. ANDREW'S HOSPITAL, NORTHAMPTON for Nervous and Mental Disorders

President: The Earl Spencer, Medical Supt.. Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-proving

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

### CHEADLE ROYAL, CHEADLE, **CHESHIRE**

#### Registered Mental Hospital

President:
The Right Hon. The Earl of Derby, M.C.

Medical Superintendent:
W. V. Wadsworth, M.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigation, the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema. television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester. Manchester.

GLAN-Y-DON is the hospital's convalescent home overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed and has its own farm and market garden.

For terms and further particulars, apply to the fedical Superintendent. Telephone: GATLEY 2231. .
