

A NEW compound

BISMUTH ALUMINATE

The medical treatment of peptic ulcer presents a problem of increasing magnitude; no available regime completely fulfils the ideal requirements; many upset gastric function further, whilst others fall short of the desired result.

For generations bismuth salts have been used, and in practice they have proved their worth. However, the older bismuth salts possess too little antacid power to allow of their use as the sole therapeutic agent in cases where acidity is marked.

Bismuth aluminate, the new bismuth compound, is the outcome of intensive research directed towards correcting the defects of standard bismuth therapy. This preparation combines the protective and sedative properties of older bismuth compounds with the desirable degree of antacid action. Pepsin is inactivated by the bismuth ion itself, quite independently of the degree of gastric acidity. To inactivate pepsin with a simple antacid it is necessary to raise the gastric pH to an abnormally high level.

Bismuth aluminate protects the ulcer crater and corrects abnormal peristalsis; pepsin is inactivated and gastric pH is brought within the normal range. The preparation thus combines in an economical and practical form all the measures at present applicable in the medical treatment of peptic ulcer.

Brand's

MEAT AND FISH PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods (Meat and Fish) for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Brand's Strained Fish is all selected white fish, prepared in purée form similar to the strained meats.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of 3½ to 4 months onwards (according to the physician's advice).

Reagent Tablets for the detection of

GLYCOSURIA

KETONURIA

Both tests performed together in one minute!

'Clinitest' tablets have been widely used and prescribed since 1947. Many valuable hours have been saved. Following successful clinical trials, the makers of 'CLINITEST' have produced 'Acetest' reagent tablets for the detection of Ketonuria. Reliable routine sugar and acetone tests can now be carried out *together* in one minute!

'CLINITEST'

No external heating. No measuring of reagents.

Approved by the Medical Advisory Committee of the Diabetic Association.

Available under the N.H.S. on Form E.C.10.

(Basic Drug Tariff Prices: Set 6/8d. complete. Refill bottles of 36 Tablets 2/4d.)

'CLINITEST'

HOSPITAL EQUIPMENT

An invaluable time-saver in wards and clinics. Write for details and hospital prices.

The advantages of 'ACETEST'

A single tablet provides all the reagents required. Low cost permits use as a screening procedure or as a routine for diabetic patients. No danger of false positives with normal urine. No caustic reagents.

- 1 Put 1 drop of urine on tablet.
- 2 Take reading at 30 seconds. Compare tablet to colour chart provided.
- 3 Record results as negative, trace, moderate or strongly positive.

Available under the N.H.S. on Form E.C.10. Basic Drug Tariff price 3/10 per bottle of 100 tablets (with colour scale).

PREGNANCY: meeting the inevitable iron deficiency

Progressive inroads are made on the maternal iron stores during pregnancy. The demand made is greatly increased during the third trimester, and there is little doubt that the exposition of a suitable form of iron is of definite clinical value. FERROMYN meets these important demands because it affords maximum bivalent iron from a minimum of ferrous salt, does not cause alimentary upset, has a high utilisation factor and will maintain a satisfactory haemoglobin level throughout term.

FERROMYN is supplied in four forms:

FERROMYN TABLETS Each tablet contains: *Ferrous Succinate 150mgm.*

ELIXIR FERROMYN Each teaspoonful contains: *Ferrous Succinate 150 mgm.*

FERROMYN 'B' TABLETS Each tablet contains *Ferrous Succinate 150mgm. Aneurine Hydrochloride 1 mgm. Riboflavin 1 mgm. Nicotinamide 10 mgm.*

ELIXIR FERROMYN 'B' Each teaspoonful contains: *Ferrous Succinate 150 mgm. Aneurine Hydrochloride 1 mgm. Riboflavin 1 mgm. Nicotinamide 10 mgm.*

Correcting Hyperacidity

STYRION

TRADE MARK

tailor-made to neutralise only the **EXCESS** acid

Styrion is polyaminostyrene, an 'ion exchange' resin chemically tailored to act selectively. Styrion combines with excess acid to form an inactive complex. When the complex passes into the alkalinity of the intestine, the acid is neutralised. Styrion is excreted chemically unchanged.

Styrion is a new antacid in which the neutralising activity ceases automatically as soon as the stomach's acid level is lowered to normal. Styrion does not over-neutralise, and does not incur any risk of after-effects. Insoluble, non-irritant, non-toxic, safely given in any dosage for any length of time, Styrion brings nothing but relief.

Glaxo **STYRION** tablets

TRADE MARK

Each tablet contains 0.4 Gm. polyaminostyrene

Dosage: 2 to 4 tablets (repeated if necessary) to be chewed and swallowed with a drink of water.

Who's next? Another rheumatic sufferer?

It is fortunate that an effective adjuvant in the treatment of this disease is available, bringing the patient prompt and effective relief from pain.

The value of salicylate in rheumatic disorders has long been recognised, but until recently its use was restricted by the toxic effects accompanying the necessarily high dosage.

In Berex, the combination of acetylsalicylic acid and calcium succinate enables toleration of massive aspirin dosage without lowering the prothrombin level, with encouragement of tissue respiration, and with less gastric disturbance.

BEREX has never been advertised to the public

SUMMARY OF STUDY ON SUCCINATE-SALICYLATE THERAPY*

A succinate-salicylate combination was found superior to acetylsalicylic acid in rheumatic states both on grounds of therapeutic efficacy and lower toxicity. Adequate amounts of the former could be administered with more lasting effect and with fewer and milder side effects. Furthermore, succinate-salicylate affects the disease process itself, as well as relieving painful symptoms and does not abnormally increase prothrombin time even after prolonged dosage.

A new cough specific

BECANTYL

(Sodium 2:6 ditertiarybutylnaphthalene monosulphonate)

Suppresses cough with no undesirable side effects

Sodium 2:6 ditertiarybutylnaphthalene monosulphonate (Becantyl), a product of original research, is a new agent that is specific in suppressing cough. It is unrelated to morphine and guaiacol.

BECANTYL does not cause constipation, anorexia, drowsiness or any other undesirable side-effects; being devoid of side-effects, **BECANTYL** may be prescribed for children and the aged.

Clinical experience supports the value of **BECANTYL** in suppressing all types of cough, **BECANTYL** may be prescribed whenever the treatment of cough is indicated.

BECANTYL is presented in 4 fluid ounce, 40 fluid ounce, and 80 fluid ounce bottles.

Transvasin

brings the esters of **NICOTINIC ACID**
SALICYLIC ACID
p-AMINOBENZOIC ACID

to the focal point of
soft-tissue rheumatism

The esters in Transvasin, a new preparation developed by Hamol S.A., our Swiss associates, readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed.* Transvasin

not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on delicate skins. It is now being widely prescribed with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Salicylic acid tetrahydrofurfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible cream base ad	100%

**Therapeutische Umschau* VIII, 1952, 10, 143

Transvasin is available in 1 oz. tubes, basic price 2/6 plus 9d. P.T., and is not advertised to the public. Samples and literature will be gladly sent on application.

***When overflow
is
menacing***

Whenever there is a serious accumulation of excess fluid in the tissues—as in cardiac oedema—prompt action is called for.

DIAMOX Acetazoleamide speedily and safely procures the copious diuresis needed to relieve such conditions. The value of this potent oral diuretic is, however, by no means restricted to congestive heart failure. In glaucoma, for instance, striking results have already been obtained; while in oedema of pregnancy, renal oedema, emphysema and epilepsy, the use of DIAMOX has passed well beyond a merely exploratory stage. DIAMOX is now available in parenteral form for patients when the oral route is impracticable.

Essential Iron

Iron is essential for blood formation and inevitably forms the foundation in the treatment of all types of hypochromic microcytic anaemia. PLASTULES Hæmatinic Compound is a reliable source of this essential iron. The palatability of the capsules and the readiness of absorption of the contained ferrous salt renders the preparation a potent weapon in the treatment of all iron deficiency anaemias. Two or three capsules daily raise the hæmoglobin 7—10% each week until the normal blood level is attained. PLASTULES Capsules are presented in four varieties: Plain, with Liver Extract, with Hog Stomach and with Folic Acid.

Each Plain capsule contains:

Exsiccated Ferrous Sulphate B.P. 5 gr., Dried Yeast B.P.C. $\frac{1}{2}$ gr.,
Aneurine Hydrochloride B.P. 0.5 mg.

SPECIFIC AGAINST MANY
GRAM-NEGATIVE ORGANISMS

'Aerosporin' brand Polymyxin B Sulphate is an antibiotic pre-eminent against *Pseudomonas pyocyanea* and is strongly and quickly lethal to many other gram-negative organisms. Used locally, it encourages healing of wounds or burns and facilitates skin-grafting. Intrathecally, it is given in the treatment of meningitis caused by certain gram-negative species. In systemic or urinary infections it is injected intramuscularly. In otitis externa and chronic otitis media due to *Ps. pyocyanea*, 'Aerosporin' is specific and should be administered as 'Aerosporin' Otic Solution. 'Polyfax', an ointment combining bacitracin with polymyxin B sulphate, is also available; lethal to both gram-positive and gram-negative organisms, it carries minimal risk of sensitisation.

ASPIRIN INTOLERANCE IN RHEUMATOID ARTHRITIS

BUFFERIN-

THE NEW BETTER TOLERATED ANALGESIC

**MOST SUCCESSFUL
ANSWER
YET DISCOVERED**

**BUFFERIN FAR
BETTER TOLERATED
BY ARTHRITICS**

**ACTS TWICE AS
QUICKLY AS ASPIRIN**

**NO EQUIVALENT
IN BRITISH
PHARMACOPOEIA**

Following last year's report¹ by the Joint Committee of the Medical Research Council and Nuffield Foundation, many practitioners have returned to aspirin therapy in place of cortisone. Effective therapy with aspirin and similar salicylates unfortunately has been hampered by the problem of gastric irritation, which affects as many as 42% of arthritic patients. Bufferin, the new analgesic which reduces gastric intolerance to a negligible minimum, is the most successful answer to the problem yet discovered.

Bufferin combines acetylsalicylic acid with the antacids aluminium glycinate and magnesium carbonate (gentle buffering acids which do not produce "acid rebound"), and is well tolerated even by arthritics. In blind trials amongst arthritics with proven intolerance to ordinary aspirin, 70% had no gastric symptoms after taking large doses of Bufferin over periods of 4 to 16 months². Previous studies amongst the general population showed that only 1 patient out of 238 had any distress after taking 10 grains of Bufferin.³

Not only is Bufferin better tolerated by the stomach than ordinary aspirin, but its pain relieving ingredient is absorbed twice as quickly into the blood-stream. Trials show that on an average the 10-minute salicylate level after taking Bufferin was more than 20% higher than the 20-minute level after taking ordinary aspirin.³

Bufferin is unique in incorporating aluminium glycinate and magnesium carbonate as buffering agents and has no equivalent in the British Pharmacopœia or National Formulary. This fully justifies the prescription of Bufferin on E.C.10.

AN EFFECTIVE **ORAL** MERCURIAL DIURETIC

Effective diuretic therapy by oral administration is now made possible by MERCLORAN. One emplet three times daily, equivalent to 30 mg. mercury, is usually sufficient to keep cardiac patients free from oedema. Where more intensive treatment is needed MERCLORAN, being well tolerated by the majority of patients, can be taken more often and in increased doses. The need for injection is thus frequently eliminated.

In severe cases, it is often desirable to initiate treatment parenterally, in which case the chemically related compound MERCARDAN (meralluride Sodium U.S.P.) is available.

"A cure in the true sense of the word"

Extract from *THE BRITISH ENCYCLOPAEDIA OF MEDICAL PRACTICE*,

Cumulative Supplement 1955, p. 79.

"The substances which stimulate peristalsis are produced in the colon itself by the action of *B. coli* enzymes on the senna glycosides, and the stimulating action is a neuromuscular one.... This reproduction of the physiological process of normal defaecation is of considerable clinical importance in giving to senna a re-educative action in cases of chronic constipation, so constituting a cure in the true sense of the word. Senokot... is the pleasantest and most reliable form of senna."

• In Constipation of Children

"This new preparation can play a valuable part in the treatment of chronic forms of constipation in children as well as in simple cases."

The Medical Press, June 9, 1954, 521.

• In Constipation of the Aged

"... the results have been most satisfactory and the laxative has been well tolerated and well liked by these elderly patients."

Report from the Sherwood Hospital, Nottingham, 1954.

• In Constipation of Pregnancy

"Senokot has been used as a routine in my unit and has proved suitable during pregnancy as well as in the puerperium."

The Lancet, March 21, 1953, 602.

• In Chronic Constipation

"... a re-educative value in the treatment of chronic constipation has been demonstrated for the new preparation by a number of workers."

The Medical Press, August 11, 1954, 127.

*Prescribed under the N.H.S.:
no B.P. equivalent; inexpensive;
not advertised to the public.*

Senokot is sold in Gt. Britain,
U.S.A., Canada and in
many other countries.

PRELUDIN*

*the Appetite Controlling Agent that is
Safe even in Cardiovascular Disorders*

PRELUDIN is new and PRELUDIN is news because it provides a new practical answer to an old problem. Here for the first time is a treatment for obesity that is safe, swift and sure for *all* patients—and particularly for those with cardiovascular disorders and hypertension.

PRELUDIN is an appetite controlling agent. It acts quickly and effectively without risk by controlling the patient's appetite and breaking the psychogenic overeating habit, thus curbing food intake. It enables the patient to lose weight safely and without mental strain by strengthening adherence to a prescribed diet. PRELUDIN, in recommended dosage, unlike dexamphetamine, does *not* raise the blood pressure, does *not* affect the heart, and does *not* create excessive mental stimulation. It is the prescription of choice in *all* cases of obesity—especially those with cardiovascular disorders—because it reduces the risk of reducing.

Heroin . . . *a suggested alternative*

DAPTAZOLE

(BRAND OF AMIPHENAZOLE)

in conjunction with morphine

The problem of a substitute for heroin has so far appeared to be unsolved in the judgement of many physicians. The following quotation embodies a

suggestion that in the treatment of severe pain an alternative to heroin may now have been developed. In a consideration of alternatives to heroin, it was stated:—

“... Another suggestion in this connection is the use of morphine combined with amiphenazole (diaminophenylthiazole, ‘Daptazole’). It is claimed that in this combination morphine becomes much less dangerous, and can be given in larger doses without resultant respiratory depression and without diminution of its analgesic effect.”

(see *Lancet*, 1955 ii 1183/4)

Literature on Daptazole for use in conjunction with morphine is available to the medical profession on request.

The complete answer for macrocytic anæmias

Clinical experience over a decade has established that the administration of Anahæmin constitutes the most effective form of treatment for pernicious anæmia.

Anahæmin produces, with small and comparatively infrequent doses, a prompt and satisfactory erythropoiesis in patients in relapse, it ensures the

maintenance of a normal erythrocyte level in patients in remission and is effective in preventing the onset of subacute combined degeneration of the cord. Anahæmin has also been found to be of value in the treatment of herpes zoster and post-herpetic neuralgia. The suggested dosage is 4 ml. on alternate days until relief is obtained.

'ANAHÆMIN'

Anahæmin is available in:

- 1 ml. ampoules, Boxes of 6 at 11/4, 25 at 43/4
- 2 ml. ampoules, Boxes of 6 at 19/-, 25 at 74/-
- Vials of 10 ml. at 14/8 and 25 ml. at 35/10

Child's Spinal Support

Dorso-Lumbar Support

Compare Spencer

with any other support for effectiveness,
comfort, economy

For Effectiveness—each Spencer Support is individually designed, cut and made—based on body descriptions, measurements and the medical requirements of each patient. In terms of individual needs, only a *designed-to-order* support can provide maximum therapeutic effectiveness.

For Comfort—Spencers are not adjusted to "fit," the "fit" of a Spencer is designed into the sections of the support itself! Heights, lengths, all details are determined by the needs of the individual wearer. Thus Spencer provides *lasting* comfort. Such comfort is not possible in a support that is adjusted to fit a body for which it was not designed.

For Economy—to be truly economical, a support must provide the correction required by the medical condition and must hold its shape in order to *maintain* that correction. Because each Spencer is individually designed it does not lose its shape.

We invite you to compare the difference! You will find Spencer demonstrably superior for women, children, and men.

The key to successful peptic ulcer treatment

NULACIN

Nulacin effectively controls gastric acidity. The value of Nulacin in the treatment of peptic ulcer and the prevention of relapse has been confirmed by clinical studies in Great Britain, Australia, the U.S.A. and India. Nulacin tablets are palatable and convenient.

INDICATIONS

Nulacin tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half an hour after food, a Nulacin tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

Nulacin tablets are not advertised to the public, have no B.P. equivalent and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

Nulacin tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

HORLICKS LIMITED

Pharmaceutical Division

Slough, Bucks.

A New Approach to the Treatment of Coughs:

How CETAMIUM in New Vick Cough Syrup increases the effectiveness of known and tried medicaments

Nature and Action of Cetamium

Cetamium is a quaternary ammonium salt known chemically as cetylpyridinium chloride. It is best known as a compound with high bactericidal activity, but its other important property of lowering surface tension is of special interest in a cough syrup.

Reduced Surface Tension Aids Penetration of Oral Mucosa

The surface tension of Vick Cough Syrup is approximately 43 dynes per square centimetre as compared with that of distilled water, which is 72. This enables the syrup to penetrate into the crypts and crevices of the oral mucosa which water alone, or a normal syrup, will simply bridge over.

More Effective Action of Accepted Medicaments

The inclusion of Cetamium with time-tested, clinically proven expectorants—ammonium chloride, sodium citrate and glycerine—produces a syrup which brings these medicaments into contact with a more extensive area of the throat membranes than they normally reach, thus bringing more relief to irritated tissues where inflammation or infection may exist.

Active Ingredients

Cetamium	0.025%
Ammon. Chlorid.	1.00%
Sod. Cit.	4.00%
Acid Cit.	0.25%
Glycer.	3.75%

Suitable for Children: No Narcotic

Vick Cetamium Cough Syrup contains no narcotics or habit forming drugs. This fact, plus its delicious flavour, makes it particularly suitable for children.

No Nausea

There is evidence to suggest that Cetamium slightly accelerates stomach emptying action. It will be found that the tendency of syrupy expectorant mixtures to induce nausea, particularly in children, is virtually absent. Nor are there any other side effects.

Free Samples will be sent on request to:

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

(6608)

IMPORTANT: All intending applicants should read the revised NOTICE at the top of page 32

PUBLIC HEALTH**CITY AND COUNTY OF BRISTOL Department of Public Health**

Applications are invited from registered medical practitioners for appointment of an **ASSISTANT MEDICAL OFFICER OF HEALTH and SCHOOL MEDICAL OFFICER (Male or female)**

Salary £975 by £50 (8) to £1,375 per annum. Successful applicant required to carry out maternity and child welfare, school health and port health work, and such other duties as may be required by Medical Officer of Health, and must devote his whole-time to these duties and not engage in private practice. Appointment will be superannuable and subject to passing a medical examination. Applications, on forms obtainable from undersigned, to be returned by December 24, 1955.—R. H. Parry, Medical Officer of Health, Central Health Clinic, G.P.O. Box No. 201, Tower Hill, Bristol, 2. (6612)

COUNTY BOROUGH OF SMETHWICK**APPOINTMENT OF ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the post of Assistant Medical Officer of Health and School Medical Officer. The duties will consist of work in connexion with the school health service, including the examination and ascertainment of handicapped pupils; child welfare clinics, and opportunities will be given for the successful applicant to gain experience in special fields of public or school health work. In this connexion, the close proximity of the Birmingham University and hospitals is advantageous. Preference will be given to candidates who are in possession of the Diploma or Certificate in Public Health, or the Diploma of Child Health. If the approval of the Ministry of Education for the purpose of the ascertainment of educationally subnormal children has not previously been gained, then the successful applicant will be sent on the appropriate course. The salary will be within the approved scale, that is, £975 per annum, rising by annual increments to a maximum of £1,375. The post is superannuable, and the successful candidate will be required to pass a medical examination. The appointment will be subject to two months' notice on either side. Applications, stating age, qualifications and experience, and giving the names of two persons to whom reference may be made, should be addressed to the Medical Officer of Health, Hales Lane, Smethwick, by Monday, January 2, 1956.—E. L. Twycross, Town Clerk, Council House, Smethwick. (6528)

Public Health—contd.**CITY OF NOTTINGHAM
Health Services****SENIOR ASSISTANT MEDICAL OFFICER**

Applications are invited from male registered medical practitioners holding a Diploma in Public Health for this appointment. The salary will be within the scale £1,075 by £50 to £1,475 a year, the commencing salary to be fixed in accordance with experience. The successful candidate will be given opportunities for administrative and practical experience in all services of the Health Department. The appointment is superannuable and subject to the usual conditions. Forms of application may be obtained from the undersigned, to whom they must be returned, together with the names of two referees, by not later than December 23, 1955. —T. J. Owen, Town Clerk, Guildhall, Nottingham. (6420)

COUNTY BOROUGH OF SWANSEA**APPOINTMENT OF ASSISTANT MEDICAL OFFICER (Female)**

Applications are invited from duly qualified medical practitioners for the post of Assistant Medical Officer. Applicants must have had post-graduate resident hospital experience, and should be under 45 years of age unless already holding a similar superannuable appointment. Salary £950 by £50 to £1,300 per annum. Application forms may be obtained from the Medical Officer of Health, Public Health Department, The Guildhall, Swansea, to whom they should be returned not later than Saturday, December 31, 1955. Canvassing, either directly or indirectly, is a disqualification. —T. B. Bowen, Town Clerk, The Guildhall, Swansea. (6475)

**CHESHIRE COUNTY COUNCIL
MUNICIPAL BOROUGH OF BEBINGTON****MEDICAL OFFICER OF HEALTH AND
DIVISIONAL MEDICAL OFFICER**

Applications are invited from registered medical practitioners holding a Diploma in Public Health, or similar registered qualification, for the above permanent full-time joint appointment. The successful applicant will be required to act as Medical Officer of Health for the Borough of Bebington and as Divisional Medical Officer and Divisional School Medical Officer under the County Council's scheme of divisional administration. The salary for the joint appointment will be in accordance with the scale recommended by the Whitley Council for the Health Services (Medical Council "C") and is at present £1,749 to £2,118 per annum. Candidates must possess administrative ability and have a sound knowledge and experience of the organization of public health services. The person appointed will not be permitted to engage in private practice. The appointment will be subject to the Local Government Superannuation Act, 1953, and the successful applicant will be required to pass a medical examination and to assume duty towards the end of July, 1956. Applications, marked "M.O.H.," stating age, qualifications and experience, together with the names and addresses of three persons to whom reference may be made, should be sent to the Town Clerk, Municipal Offices, Bebington, Wirral, Cheshire, not later than January 14, 1956. Canvassing directly or indirectly will disqualify. —Arnold Brown, County Medical Officer, Gerald Chappell, Town Clerk, Bebington, and Clerk of the Bebington Divisional Health Committee. (6610)

EAST SUSSEX COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICERS
OF HEALTH AND SCHOOL MEDICAL OFFICERS**

Applications are invited from registered medical practitioners for two posts at a salary of £975 per annum, rising by annual increments of £50 to £1,375 per annum. Possession of the D.P.H. will be considered an advantage. Forms of application and further particulars may be obtained from the County Medical Officer of Health, County Hall, Lewes, and should be returned to him not later than two weeks after the appearance of this advertisement, together with the names of three referees. —County Hall, Lewes. December, 1955. (6473)

ESSEX COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER
OF HEALTH**

Applications invited from registered medical practitioners for above appointment in Forest Health Area (partly in Harlow New Town). Candidates preferred with experience in School Medical and Maternity and Child Welfare duties, and possessing Diploma in Child Health and/or Certificate or Diploma in Public Health. Salary scale £975 by £50 to £1,375. Medical Whitley Council conditions. Medical examination. Superannuation. Application form from County Medical Officer of Health, County Hall, Chelmsford. Canvassing disqualifies. (6474)

GLOUCESTERSHIRE COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER OF
HEALTH**

Applications are invited for the appointment of Assistant County Medical Officer of Health (male). Salary in accordance with the Whitley Council for the Health Services, Medical Council, £975 per annum, rising by £50 to £1,375 per annum. Commencing salary will be determined on previous experience. Applicants must be registered medical practitioners and possession of a Diploma or Certificate in Public Health would be an advantage. The post is superannuable and is subject to a medical examination. Must be able to drive and possess a motor car. Travelling and subsistence allowances in accordance with the County scale. Forms of application with particulars of duties and conditions of appointment may be obtained from the County Medical Officer of Health, Berkeley House, Berkeley Street, Gloucester, to whom completed applications should be sent by December 31, 1955. —Guy H. Davis, Clerk of the County Council, Shire Hall, Gloucester. (6175)

WILTSHIRE COUNTY COUNCIL**SENIOR MEDICAL OFFICER**

Applications are invited from registered medical practitioners (men or women) holding a Diploma in Public Health, for superannuable appointment of Senior Medical Officer (general duties). Salary £1,415 by seven annual increments of £50 and one of £65 to £1,830 per annum. Travelling and subsistence allowances payable. Application forms and conditions of service obtainable from the undersigned, to whom completed applications returnable by January 2, 1956. Canvassing disqualifies. —P. A. Selborne Stringer, Clerk of the County Council, County Hall, Trowbridge. (6611)

COMMERCIAL APPOINTMENTS

MEDICAL EXECUTIVE/EUROPEAN EXPORTS. Important Ethical Pharmaceutical Manufacturers seek a Physician with fluent French and German for an interesting position in their Export Division. Duties include correspondence, visits, mainly to European countries, drafting of literature, training representatives and attending congresses. Minimum salary £1,500 per annum. Apply in strict confidence to Wright Atkinson Limited, Employment Specialists, 70, Queen Victoria Street, E.C.4. (6485)

INDUSTRIAL APPOINTMENTS**(Vacant)**

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers, which is available on request from the Secretary.

INDUSTRIAL MEDICAL OFFICER

The Bristol Aeroplane Company Limited invites applications from male registered medical practitioners for the post of Assistant Medical Officer. Applicants should have been in general practice for at least two years, preferably (i) in an industrial area, (ii) holding a Diploma in Industrial or Public Health, (iii) being under 45 years of age. Salary will be in accordance with qualifications and experience, having regard to the B.M.A. recommended scales. Applications should be addressed, Chief Personnel Officer, The Bristol Aeroplane Company Limited, Filton House, Bristol. (6656)

REPUBLIC OF IRELAND**LIMERICK COUNTY COUNCIL****ORTHOPAEDIC REGISTRAR**

St. Nessan's Regional Orthopaedic Hospital, Croom, Co. Limerick, Ireland

Applications are invited for the above post. Salary will be at the rate of £800 per annum, rising to £1,000 per annum by annual increments of £100. An additional allowance of £100 per annum will be paid to holders of a higher degree in surgery. Point of entry on scale will be determined by previous experience as Surgical Registrar. A deduction of £150 per annum will be made for residential emoluments provided. Application forms may be had on application to County Secretary, County Council Offices, 82/3, O'Connell Street, Limerick. Closing date for applications, December 31, 1955. —D. F. Donovan, County Sec. (6613)

OVERSEAS (Vacant)

GENERAL PRACTITIONER WANTED FOR country practice, two thousand people. For particulars, write The Overseer, Village of Rocanville, Rocanville, Sask., Canada.

MEDICAL OFFICER REQUIRED FOR MIDDLE East by large Oil Company. Preference for those with overseas experience and some knowledge of tropical work. Age about 35 and preferably single. Emoluments total over £1,800 per annum. Paid home leave after two years. Pension fund. —Write, quoting No. 379, to Box 2801, B.M.J.

APPLICATIONS ARE INVITED FOR THE APPOINTMENT of a Medical Officer with a leading British Company in British West Africa. Applicants should not be more than 35 years of age and should have had good all-round experience since qualifying. Salary will be in accordance with age, experience and qualifications, but will not be less than £1,500 per annum. In addition there are family allowances, free passages to and from West Africa and free furnished quarters. Membership of pension fund is compulsory. Tours of duty will be up to 21 months, followed by leave on full pay. Applications, giving full details of experience, should be made to the Principal Medical Officer, Unilever House, Blackfriars, London, E.C.4. (6655)

ASSISTANT DOCTOR, MALE OR FEMALE, required in March for Anglican Mission Hospital, 138 beds, in Native Reserve. Salary £626 per annum, including cost-of-living allowance; outward passage paid. Interview London. Write Medical Superintendent, St. Barnabas Mission Hospital, Nilaza Umtata, C.P., S. Africa. (6255)

GOVERNMENT OF SINGAPORE**MEDICAL REGISTRAR**

Required to undertake duties in one of two Medical Units in the Singapore General Hospital, which is a teaching hospital. Candidates should be members of one of the Royal Colleges of Physicians and have had four years' postgraduate experience. Appointment will be on contract for three years' resident service. On satisfactory completion of the contract, a gratuity (taxable) is payable in respect of each year of service at the rate of £300 per annum, rising by annual increments of £10 per annum to £450. Incremental credit in this gratuity scale corresponds with incremental credit in the salary scale. Alternatively, a doctor in the National Health Service may, by forgoing the gratuity, continue to participate in the National Health Service Superannuation Scheme and receive a gratuity (taxable) of 20 per cent of the aggregate of his Singapore salary. The emoluments of the post comprise a basic salary; a variable cost-of-living allowance and expatriation pay and expatriation allowances. Basic salary is on an incremental scale of £1,148 to £1,988 per annum, but candidates would be granted increments in that scale in respect of the required qualifications and experience and would enter the scale at an initial salary of approximately £1,491. The initial salary would be less if any of the required experience were gained below the age of 25 and slightly more if the candidate had more than the required four years' experience. The other emoluments vary according to salary and the family circumstances of the officer, but on a basic salary of £1,491 the total inclusive emoluments are approximately £2,051 a year, for an unmarried officer, £2,233 for a married officer and £2,401 for a married officer with dependent children. The emoluments referred to above apply only to doctors eligible for "expatriate" terms under Malayan Regulations (i.e. those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is for the tropics, healthy European children do well up to the age of about six and schools are available locally. Income tax is payable at Singapore rates. Government quarters with heavy furniture are provided, if available, at low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and up to three children under the age of ten. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/25/06). (6547)

SPECIALIST IN PHYSICAL MEDICINE AND rehabilitation required for rapidly developing programme in Rehabilitation Centre in Regina. Present daily caseload is sixty-five, mainly polio and cerebral palsy. Staff includes Physiotherapist, Occupational Therapist, Speech Therapist, three Teachers and Social Worker. Position offers excellent scope for keen well-qualified doctor. Salary range \$8,316 to \$9,936. Suitable superannuation scheme reciprocity exists for British doctors. For further particulars and application form write at once, airmail, to the Public Service Commission, Legislative Building, Regina, Saskatchewan, Canada, or to the Personnel Officer, Provincial Health Building, Regina, Saskatchewan, Canada. Competition closes as soon as a qualified applicant's obtained. (6500)

**UNIVERSITY OF ROCHESTER SCHOOL OF
MEDICINE
Rochester, New York, U.S.A.**

Applications are invited for the appointment of **VISITING FELLOW IN ANAESTHETICS**. Candidates should have had at least one year's experience in the subject. Duties will consist of clinical work, including anaesthesia for thoracic and cardiac surgery, together with the teaching of medical students. A proportion of time can be allotted to research if desired. Salary will be according to qualifications and experience within the range \$2,000 to \$8,000. Appointment for one year in the first instance, with possibility of renewal. Applications, stating age, qualifications and experience, together with the names of three referees, should be sent to Dr. D. Vernon Thomas, Anaesthetist-in-Chief. (6951)

Overseas (Vacant)—contd.**BURNIE PUBLIC HOSPITAL, Tasmania**
(60 beds—10,000 O.P.D. attendances annually)

Applications are invited from registered medical practitioners who possess a recognized higher qualification in medicine for the position of

DEPUTY MEDICAL SUPERINTENDENT

Duties will consist of (a) Responsibility and care of all cases occupying medical beds in the hospital. (b) Direction of and delineation of Resident Medical Officers' duties at Burnie Public Hospital and Spencer Hospital, Wynyard. (c) Consultation Physician to the Spencer Hospital, Wynyard. (d) Hospital administration generally. (e) Organization and running of Casualty and Out-patients' Department. Remuneration will be at the rate of £2,000 per annum on appointment, with annual increments of £50, rising to £2,250 plus quarters, fuel and light. Applicants with a higher qualification in medicine, e.g., M.R.A.C.P. or M.D., would be eligible for the maximum scale of pay. Further particulars on application to the Surgeon Superintendent, Burnie Public Hospital, Tasmania.—Jno. S. Cambridge, Secretary. (6559)

GOVERNMENT OF UNITED KINGDOM OF LIBYA

Applications are invited for the post of **PATHOLOGIST AND BACTERIOLOGIST** in the Ministry of Health under the Provincial Administration of Cyrenaica. Candidates should have several years' experience in pathological and bacteriological work. Salary £1,900 per annum (consolidated), is not liable to British Income Tax (Schedule E), but there is a local tax of eight per cent. Appointment is subject to medical fitness. Initial contract would be for two years. A provident fund exists under which both the Administration and the official are required to contribute a sum equivalent to 7½ per cent of official's salary, the total being paid to the official on termination of contract. 72 days' home leave are granted at the end of two years' resident service. Passages for the official and his family on first appointment and on leave journeys are at Government expense. Accommodation is scarce but a quarter (for which a rental will be charged) is likely to be available in the near future. Write, giving full particulars of experience and qualifications and the names of three referees, to the Secretary, Division 5A, Ministry of Health, Savile Row, London, W.1. Closing date for applications January 7, 1956. (6348)

ST. LUKE'S HOSPITAL, NEWBURGH, NEW YORK

Applications now being accepted for Internships beginning July, 1956. A.M.A. approved 224 modern general hospital. Excellent educational programme, including staff teaching and regular conferences on all ward services. Salary \$150 per month and maintenance.—Apply Administrator. (4192)

Applications are invited for the appointment of **SENIOR LECTURER in Preventive and Social Medicine**

A D.P.H. or equivalent qualification is essential. The duties include undergraduate teaching at Guy's Hospital Medical School and tutorial assistance in postgraduate teaching at the London School of Hygiene and Tropical Medicine, with opportunities for research. Salary on the scale £1,500 by £100 to £1,800 (bar) by £100 to £2,000, plus family allowances and superannuation under F.S.S.U. The commencing salary may be above the minimum according to qualifications and experience. Applications by letter, to the Dean, London School of Hygiene and Tropical Medicine, Keppel Street, London, W.C.1, not later than January 16, (6637)

THE UNIVERSITY OF BIRMINGHAM
Faculty of Medicine
Department of Social Medicine

The University invites applications for the post of **Whole-time LECTURER in Social Medicine** (Grade II—Clinical). Salary range £700 by £100 to £1,700 (plus F.S.S.U. and family allowance), depending on age, experience and qualifications. Duties consist of teaching and research. The research work of the department is concerned chiefly with human biology, particularly in the field of reproduction, and with research related to the organization of the medical services. Facilities for experimental enquiry are available. Applications (six copies), with names of three referees, should reach the Assistant Registrar, The Medical School, Birmingham, 15, not later than January 2, 1956, from whom further particulars may be obtained.—G. L. Barnes, Secretary, The University, Birmingham, 15. (6535)

THE ROYAL FREE HOSPITAL**British Empire Cancer Campaign**

Applications are invited for the full-time post of **RESEARCH ASSISTANT** for investigating (in wards and laboratories of the Royal Free Hospital) clinical pathological and metabolic changes resulting from hypophysectomy, performed for treatment of metastatic carcinoma. Candidates should be medically qualified and have had clinical and laboratory experience. The salary will be within the range of £1,000 to £1,500 per annum, according to qualifications and experience. Applications should be sent, by January 2, 1956, to Department of Chemical Pathology, Royal Free Hospital, W.C.1, whence further particulars can be obtained. (6546)

UNIVERSITY OF BRISTOL

Applications are invited for the post of **DEMONSTRATOR IN BACTERIOLOGY AND ASSISTANT BACTERIOLOGIST**. This appointment is for one year, and is intended to give the medical graduate experience in routine bacteriology and in demonstrating to medical and science classes. Salary £700 per annum. Applications, giving full names, age, qualifications, details of education and experience, together with the names of not more than two referees and copies of not more than three recent testimonials, should reach the Registrar, from whom further particulars may be obtained, on or before December 23, 1955. (6560)

UNIVERSITY OF DURHAM**King's College, Newcastle-upon-Tyne**
Nuffield Department of Industrial Health

Applications are invited from medical practitioners for the position of Medical Officer in charge of the Nuffield Foundation industrial health survey on Tyneside. Previous experience of industrial health not essential. Salary on the scale £750 by £100 to £1,450 or £1,450 by £100 to £1,750, depending upon seniority and experience. Further particulars can be obtained on application to the Nuffield Professor of Industrial Health.—G. R. Hanson, Registrar of King's College. (6487)

THE UNIVERSITY OF LEEDS**CHAIR OF PATHOLOGY**

The Council will shortly proceed to an appointment to the Chair of Pathology, vacant on the retirement of Professor R. A. Willis. The salary will be within the range £2,500 to £2,850; for a candidate of considerable clinical experience the salary may be at the maximum of this range and in particular circumstances may be increased to a sum not exceeding £3,100 a year. The appointment will take effect from a date to be arranged with the successful candidate. Applications (20 copies), stating date of birth, qualifications and experience, together with the names of three referees, should reach the Registrar, The University, Leeds, 2 (from whom further particulars may be obtained), not later than January 31, 1956. Candidates overseas may apply in the first instance by cable, naming three referees in the United Kingdom. (6514)

ST. MARY'S HOSPITAL MEDICAL SCHOOL
(University of London), Paddington, W.2

Applications are invited for the appointment of **SENIOR LECTURER in Morbid Anatomy** for an initial period of three years. Salary scale £1,500 by £100 to £1,800, together with superannuation under the F.S.S.U. and children's allowance. Applications (two copies), together with the names of three referees, should be sent by January 7, 1956, to the Secretary, from whom further particulars may be obtained. (6508)

UNIVERSITY OF ST. ANDREWS

The University Court of the University of St. Andrews invites applications for appointment as **LECTURER in Therapeutics** in the Medical School, Queen's College, Dundee, University of St. Andrews. The salary attached to this appointment is £1,300, rising by annual increments of £100 to £1,600 per annum, together with F.S.S.U. benefits. The person appointed will receive an honorary appointment from the Eastern Regional Hospital Board as Clinical Assistant. The University operates a scheme of family allowances and a grant towards expense of removal may be made. Further particulars of the appointment may be obtained from the undersigned, with whom six copies of the application, together with the names of three referees and/or testimonials, should be lodged not later than December 31, 1955.—Patrick Cumming, Joint Clerk to the University Court, Queen's College, Dundee. (6615)

NOTICES

APPLICANTS ARE ADVISED NOT TO SEND original testimonials when replying to advertisements. Copies will answer the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.
