When
nourishment
is the main problem

BRAND'S ESSENCE is a first-class protein of animal in a form and strength that will not overtax a weak system. Being partly hydrolized, it is capable of easy digestion, digestion and absorption. It is extremely palatable and may be taken either as a jelly or as a liquid. It supports convalescence and assists in restoring a nitrogen balance.

The major indications for the administration of Essence are loss of appetite during fatigue, acute infectious dysphagia or digestive disturbances due to organic or functional lesions of the mouth, oesophagus and alimentary tract, and surgical procedures.

The addition of Brand's Essence to low residue and reducing diets is especially appreciated by the patient.

On injecting Cytamen—crystalline vitamin B₁₂—a doctor can be as confident of that injection as he is in the certainty of dawn. Confident that each dose is an exact weight of crystalline vitamin B₁₂ . . . that the stated potency cannot vary . . . that varied response on the part of the patient therefore is not and cannot be due to the product . . .

that he has at his command a range of potencies
which allows complete flexibility of treatment.

In short, Cytamen puts into the doctor's hand the
most therapeutically efficient and the
most economical means of combating
pernicious and other macrocytic anaemias.

CYTAMEN

TRADE MARK

Crystalline vitamin B₁₂

50, 100, 250 and 1,000 micrograms per cc.

INTRAVENOUS TUBERCULOTHERAPY

Intravenous sodium PAS infusion for miliary, meningitic and severe forms of tuberculosis is an established technique; some sanatoria now favour I.V. PAS as *first choice* even in moderate cases because of its very high tolerability.

I.V. infusions demand the use of crystalline sodium PAS of first-grade quality, for which purpose 'AMINACYL' (Wander) brand of specially purified crystalline PAS is supplied to sanatoria in bottles of 250 grammes.

The Wander range of tuberculostatics also includes the following oral forms:

B-PAS

Calcium B-PAS (Wander), first introduced by our Research Laboratories in 1948, provides the advantages of high bacteriostatic levels, and excellent acceptability because it is practically tasteless.

PACKS:—Powder: Tins of 150 and 500 × 3.5 g. envelopes
Cachets: Tins of 80 and 400 × 1.0 g.

'B-PASINAH'

For concurrent therapy, 'B-PASINAH' provides 1 g. B-PAS and 25 mg. INAH in convenient Cachet form, packed in tins of 100 and 500.

Full Literature, also details of institutional quantities and prices sent on request.

All Wander tuberculostatic products may be obtained from usual pharmacists or direct from

Taste, tolerance and efficiency in

Iron Therapy

Difficulty in treating an iron-deficiency anaemia is more often due to "consumer-resistance" to unpleasant remedies than to any refractoriness of the anaemia itself.

Ferlucon Elixir, a highly stable solution of Ferrous Gluconate, has a high utilization rate, and is both palatable and well-tolerated.

It is suitable for the treatment of all iron-deficiency anaemias—especially those of childhood and pregnancy, when palatability and absence of unpleasant alimentary disturbances are of particular importance.

Each teaspoonful (3.5 ml.) contains 0.3 g. Ferrous Gluconate-Evans.

FERLUCON ELIXIR

Presentation: Bottles of 4 fl. oz. (114 ml.) and 2 litres.

Ferlucon Tablets containing 0.3 g. Ferrous Gluconate are also available

The broom-shaped mould

As long ago as 1701, the Italian botanist Micheli described *MUCOR PENICILLATUS*, which means simply the broom-shaped mould. It is a far cry from this pre-Linnaean classification of *PENICILLIUM* to the researches of Fleming, Florey and Chain, yet the name is apter than anyone knew, for what antibiotic makes a cleaner sweep of pathogenic organisms?

Penicillin is not a cure-all, nor has it been superseded by the newer antibiotics. It is active against all the diseases caused by penicillin-sensitive organisms: no more and no less. World-wide research has so far failed to disclose any substance possessing penicillin's unique blend of high efficacy and low toxicity. It is the best known and the most versatile of antibacterial substances, pharmacologically almost inert yet therapeutically invaluable. And while penicillin-resistant bacteria do occur, it is doubtful whether a genuine case of acquired resistance to penicillin has ever been reported.

Glaxo penicillin has now been fully available to the general practitioner for ten years. We helped to pioneer its manufacture in this country; our knowledge of it is unrivalled; we are responsible for 60 per cent of the country's present penicillin production.

Among the nineteen Glaxo penicillin products the "stars" are

Milk-alkali drip therapy without a tube

NULACIN

The most effective control of gastric acidity is milk-alkali drip therapy; the most convenient way of obtaining milk-alkali drip therapy is by sucking Nulacin tablets.

Thus, Nulacin is of great value in the treatment of peptic ulcer in the ambulatory patient, and in the prevention of ulcer relapse.

Nulacin tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium trisilicate 3.5 grs; Magnesium oxide 2.0 grs; Calcium carbonate 2.0 grs; Magnesium carbonate 0.5 grs; Ol. menth. pip. q.s. Their shape, size and consistency are such that, when

they are allowed to dissolve slowly in the mouth, control of gastric acidity can be achieved. Up to three tablets an hour may be required to give continuous neutralization of the gastric contents.

Nulacin tablets are not advertised to the public, have no B.P. equivalent, and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to Pharmacists is 2/-.) Also available in tubes of 12.

Nulacin is available throughout the British Commonwealth, in the U.S.A. and in many other countries. It is known as Nulactin in Canada and Sweden.

GASTRIC ANALYSIS. Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

GASTRIC ANALYSIS. Same patients as in graph on left, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

PENTOXYLON

endows the anginal patient with a happy, useful life...

'Pentoxylon'—combining two effective and reliable agents, 'Rauwiloid' and P.E.T.N. in one tablet—provides a more comprehensive therapy for angina pectoris than has hitherto been possible using a single preparation. 'Rauwiloid'—a purified and standardized alkaloidal extract of *Rauwolfia serpentina*—has pronounced tranquillizing, bradycardic and stress-relieving properties; P.E.T.N. (pentaerythrityltetranitrate) is a powerful, long-lasting coronary vasodilator.

'Pentoxylon' not only relieves the coronary spasm, but helps to *prevent* attacks—reducing the apprehension of the patient living in dread of the next onset of pain, and so checking the cycle at its commencement.

- * *Reduces tachycardia*
- * *Increases exercise tolerance*
- * *Reduces nitroglycerin needs*
- * *Allays apprehension and anxiety*
- * *Lowers blood pressure when this is raised*

Each 'Pentoxylon' tablet contains 'Rauwiloid' 1 mg. and P.E.T.N. (pentaerythrityltetranitrate) 10 mg. The usual dose is one tablet four times daily always *before* meals. Up to eight tablets daily are well tolerated.

Descriptive literature will be supplied on request.

'Rauwiloid' and 'Pentoxylon' are registered trade-marks. Regd. Users;

Which Branch of Medical Science belongs to the Future?

Will it be physiology that best stands the test of time? Or maybe dietetics? Or will psychiatry be pre-eminent? Could it be that man's future mode of living will demand special study of bodily functions, of sustenance, or of the mind? Or will therapy of the future be centred around one of the other branches of medical science? If only we knew now! Perhaps, on second thoughts, a vast new field of medical research will be opened up—a special subject will perhaps emerge—a study born of man's necessity under conditions and in circumstances incomprehensible to today's deepest thinkers. After all, who even fifty years ago could have foreseen the age of antibiotics? And who, even today, can predict whether antibiotics have a great future or only a present and a past? Even before their full powers are universally known and appreciated, may they not be eclipsed by even greater 'greats'—more specific drugs or drugs that exceed even the range of Terramycin, which is presently effective against more than 100 infections? Or will antibiotics continue to be extolled throughout the centuries as they are at present? So vast, so infinite is the future that all thinking men become humble in the face of it. But which branch of medical science do *you* think will live with the future?

Terramycin is the Trade Mark of Chas. Pfizer & Co. Inc., for its brand of oxytetracycline

drop by drop

Administration of small doses of ACHROMYCIN tetracycline is considerably simplified by the introduction of a new improved presentation of the antibiotic—ACHROMYCIN Liquid Pediatric Drops, which is issued in a small pliable plastic bottle with dropper nozzle. The bottle is designed to deliver 5 mg. of ACHROMYCIN in each drop. ACHROMYCIN Liquid Pediatric Drops is a pleasant cherry-flavoured preparation intended particularly for infants and children where palatability is a factor. The dose from the dropper bottle can be conveniently added to milk, water or fruit juices.

ACHROMYCIN* LIQUID PEDIATRIC DROPS

TETRACYCLINE

*In anxiety
states . . .
. . . three-fold
effective
therapy*

Anxine Tablets provide the complete symptomatic treatment of anxiety states by improving mood and increasing confidence, by inducing gentle sedation and allaying anxiety, and by securing the optimal degree of muscular relaxation.

Although each of the three components of Anxine Tablets, dexamphetamine sulphate, cyclobarbitone and mephenesin, makes an

important contribution to the amelioration of the symptoms of anxiety states, none is adequate alone. It is only when they are combined, in the form of Anxine Tablets, that maximum control of symptoms is achieved.

Anxine Tablets are indicated in the treatment of anxiety states, psychoneuroses and psychosomatic disorders. Anxine will produce rapid improvement in cases where mental or emotional tension is an important factor, in depression and neurasthenia, and in those patients suffering from the many ill-defined anxieties and fears which can so profoundly and adversely affect general health.

ANXINE

Each tablet contains :—

DEXAMPHETAMINE SULPHATE	2.5 mg.
CYCLOBARBITONE	35 mg.
MEPHENESIN	120 mg.

Preserving a fine craft

'MYSOLINE' not only reduces the frequency and severity of epileptic attacks, but also produces a marked sense of well-being. The patient is encouraged to take a renewed and more vigorous interest in life and to become a self-supporting member of the community.

For these reasons it is often advantageous to use 'Mysoline' in cases already controlled by

other drugs, but in which a heightened interest and improvement in performance is desirable.

Universally acknowledged as a major advance, 'Mysoline' is indicated in all the manifestations of epilepsy.

Further progress in the treatment of hypertension

The autonomic ganglion blocking agent, pentolinium tartrate is now widely acknowledged as being the most satisfactory single substance available for the reduction of raised arterial pressure. It is effective when given orally, has a powerful and prolonged hypotensive action, and when used with care in selected cases not only permits a resumption of more normal activities but frequently arrests or even reverses the organic changes resulting from sustained hypertension.

Recently it has been shown that considerable advantage is to be gained by using 'Ansolsen' in conjunction with the hypotensive and sedative alkaloid, reserpine. This combined therapy not only minimizes some of the effects of parasympathetic blockade associated with the unselective ganglion blocking action of 'Ansolsen', but also permits a reduction in the effective dose of this drug.

Detailed information is available on request.

'ANSOLYSEN'

VALLESTRIL* — A SELECTIVE OESTROGEN

'Selective Action' on Vaginal Mucosa

"Vallestril is an effective synthetic oestrogen singularly free from toxic effects and complications, especially uterine bleeding." †

Adult vaginal epithelium maintained by natural oestrogenic activity.

At menopause: reversion of epithelium towards the infantile type.

Post-menopausal, infantile type of epithelium, with thin, atrophic layers.

At menopause, with Vallestril: slowing of the reversion.

The above drawings illustrate the oestrogenic activity of Vallestril brand of methallenoestril, and direct attention to its selective action in the pelvis, for the uterus is stimulated much less than is the vagina.

Clinical experience bears out experimental studies. Vallestril is a potent oestrogen, and yet is comparatively weak in its action on the uterus. This is shown by the effectiveness of treatment with Vallestril in the disorders indicated below, accompanied by a remarkable absence of "withdrawal" bleeding.

Vallestril is indicated in the menopausal syndrome, in post-menopausal osteoporosis, in prostatic carcinoma, and in suppression of ovulation or lactation.

Vallestril is well-tolerated, even in large doses.

DOSAGE: The usual dose in middle-aged or older women is one tablet (3 mg.) two or three times daily for two or three weeks, followed by lower maintenance doses.

Two tablets three times daily is the average dose for suppression of lactation or in prostatic carcinoma.

Ovulation is suppressed by a dose of two to four tablets three times daily.

Supplied as scored tablets of 3 mg. in bottles of 100 and 1,000. Further literature is available to the medical profession on request.

Carnation Milk *for infant feeding*The advantages of
Standardisation

The diagram above shows the percentage of solids in Carnation Milk. The total solids are standardised, as required by law, to a minimum of 31%. Of this figure 9% must be butterfat.

Previous Carnation advertisements have demonstrated that, chemically and physically, ordinary milks cannot compete with the range of tolerance and digestibility of the proteins and butterfat in Carnation Milk. These superiorities in an infant food are enhanced by the uniformity obtained by standardisation.

Uniformity in practice means :—

1. Constant calorie value. 2. Accuracy and ease of measurement. 3. Control of intake where necessary. 4. Precision in dilution.
5. A milk of known value at all times — and available everywhere.

Other attributes of Carnation Milk are :

- Safety, because of sterilisation *after* the Carnation cans are sealed — Hypo-allergenic properties
- Homogenisation — Prophylactic D₃.

"The Feeding of Infants"—a book specially prepared for doctors together with reprints of clinical investigations and Carnation feeding charts are available from : Medical Dept., General Milk Products Ltd., Bush House, Aldwych, London, W.C.2.

CARNATION MILK "*from Contented Cows*"

**the best things in life are not free . . .
from hyperacidity**

Most patients know when their hyperacidity is caused by over indulgence in food, tobacco or drink. When the cause is not obvious, the doctor may trace gastric distress to emotional strain and nervous tension. In any case, the causes are not easy to remove, but the symptoms are — with Gelusil.

Gelusil promptly and effectively controls the excessive gastric acidity of "heartburn" and chronic indigestion. Its action is sustained, and side-effects do not occur. Gelusil leaves the patient free from constipation and "acid rebound".

Dose: 2 tablets after meals, or whenever symptoms arise.

Formula: Each tablet contains Magnesium Trisilicate 7.5 gr. and Aluminium Hydroxide gel 4 gr.

Packing: In packs of 20 and 50 tablets. Packs of 250 and 500 tablets available to chemists for dispensing.

A NICHOLAS PRODUCT

in the treatment of the intractable pain associated with cancer

For the relief of pain in either medicine or surgery, there is probably no better drug than morphine. But its use in large doses is generally hindered by the risk of producing severe respiratory depression. DAPTAZOLE permits the use of large doses of morphine adequate to effect satisfactory analgesia. It has in fact little effect on the analgesic properties of morphine, while at the same time revealing a

very definite and lasting antagonism to its respiratory depressant and narcotic effects. Research and clinical trials clearly indicate that DAPTAZOLE is a compound of considerable merit, which, when given in therapeutic doses to a morphinized patient, causes practically no side-effects. It has been proved of particular value in the treatment of intractable pain often associated with terminal carcinoma.

St Ivel

LACTIC CHEESE

IN THE DIET

AFTER AN ORAL COURSE OF ANTIBIOTICS

The skill of the cheesemaker together with scientific control of manufacture have been used to produce in St. Ivel a cheese which activates and stimulates the complex psychological and physiological mechanisms associated with appetite, deglutition and digestion.

It has already been proved to be of value when fed to children after they have been treated with chloromycetin for whooping cough. In such cases it stimulates the appetite, helps to smooth away the gastro-intestinal disturbances and to restore the normal flora of the alimentary tract.

LIL-LETS

the new vaginal tampon without applicator

A tampon which has been successfully marketed on the Continent during the last five years has now become widely accepted in this country under the name LIL-LETS.

Following extensive clinical trials, LIL-LETS have won the support of leading gynaecological opinion. Samples will gladly be sent to medical practitioners on request.

LIL-LETS
o.b.

LIL-LETS have these main advantages:

LIL-LETS need no applicator. By inserting the tampon with the fingers, the risk of bruising is eliminated.

LIL-LETS assist personal hygiene. At 1/6 for 10 they are so much cheaper than other leading tampons that women will be encouraged to change them often. They are easily carried about and easily disposed of.

LIL-LETS are highly absorbent. They absorb almost ten times their own weight in moisture and swell sideways, not lengthways. They are, therefore, really safe.

LIL-LETS are individually wrapped. Each tampon is sealed in a transparent cover. There is no risk of soiling or infection when it is carried loose.

CORK TIP IN THE RED BOX

PLAIN TIP (MEDIUM) IN THE BLUE BOX

(1) Test car with nails hammered into tyres driven repeatedly "through" a 17" deep pot-hole at speed—without tyre damage or air loss!

proving it the hard way...

Look at these pictures.

They show just a few of the tests which have been carried out with Dunlop Tubeless tyres. Convincing proof indeed that Dunlop Tubeless not only lessen the risk of puncture delays, but will stand up to the most arduous conditions.

(2) Nails hammered into tyres before 1,230-mile round trip from London to Fort William and back (RAC observed). Completed without air loss!

(3) Richard Pape chose Dunlop Tubeless for his 17,500-mile journey from the Arctic Cape to Capetown. Every kind of road surface and not a moment's tyre trouble.

- ★ **ALREADY FITTED AS ORIGINAL EQUIPMENT ON MOST NEW BRITISH CARS**
- ★ **COSTS NO MORE THAN A COVER WITH TUBE**
- ★ **REDUCES POSSIBILITY OF PUNCTURE DELAYS, BURSTS, IMPACT DAMAGE**
- ★ **NEEDS FAR LESS "TOPPING-UP"**

DUNLOP TUBELESS

"There was a time..."

says OLD HETHERS

There was a time when making barley water meant a lot of fuss and bother, stewing and straining the old pearl barley. But, bless you, that's right out of fashion now, for when you make barley water with Robinson's 'patent' Barley it's just as easy as making cocoa and as quick. It's cheap too—a 1/7½d. tin makes forty-eight pints!

Robinson's

'PATENT'

Barley

A Convenient Plan for being Well Dressed by Subscription Payments

The Austin Reed Subscription Account entitles you to purchase up to 12 times the first monthly payment you have decided to make.

For example, by opening a Subscription Account for say £4 a month you can have clothing up to £48. There is the further advantage that as each monthly payment

is made you again become in credit to that amount. And your credit continues for as long as you wish. It's just a part of the Austin Reed service.

Full details from your local Austin Reed branch. Or if you prefer to study the details at home please write for booklet to Austin Reed, 109 Regent Street, London, W.1.

FAMOUS SINCE 1795

KEDAFON

*Puts two on
speaking terms instantly!*

The simplest and most economical way to keep two busy people in constant touch. It ensures instant and private contact.

Kedafon is a precision-built, electronic system, giving clear speech communication up to 500 feet. It consists simply of two units linked by three core flex. Powered by standard batteries, Kedafon needs no mains and maintenance is negligible. It is the smallest internal communications system yet made.

NO INSTALLATION

—easily and quickly connected up anywhere.

NO MAINS—works off standard dry batteries.

COMPLETELY PRIVATE LINE

—conversations don't leak out.

CLEAR SPEECH

—2-valve amplification.

penotrane

PHENYLMER-URIC DINAPHTHYLMETHANE DISULPHONATE

in vaginal therapy

AVAILABILITY:

- PENOTRANE** Applicator Sets—containing Penotrane Vaginal Cream & disposable applicators.
PENOTRANE Aqueous Solution—Bottles of 100, 500 and 2,000 c.c.
PENOTRANE Jelly—Tubes of 1 oz.
PENOTRANE Pessaries—Cartons of 15 and 100.
PENOTRANE Powder—Polythene Insufflating Containers.
PENOTRANE Tincture—Bottles of 15, 100, 500 and 2,000 c.c.

The powerful trichomonacidal and fungicidal properties of PENOTRANE present the greatest advantage in the treatment of vaginal discharge, particularly trichomonal vaginitis and moniliasis. PENOTRANE is also strongly bactericidal and it deeply penetrates the vaginal mucosa. Both the Pessaries and Vaginal Cream are buffered to approximate the normal vaginal acidity.

INDICATIONS: ★ Vaginal Discharge due to trichomonal, monilial and coccal infections. ★ Pruritus Vulvae. ★ Obstetrical Lubrication. ★ Pre-operative Skin Disinfection.

Literature and professional samples on request.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

ARMAGH COUNTY HEALTH COMMITTEE**APPOINTMENT OF ASSISTANT COUNTY
MEDICAL OFFICER**

Applications are invited for the whole-time appointment of **Assistant County Medical Officer** to the above Committee. Applicants must be registered medical practitioners and must also be registered in the *Medical Register* as holding a Diploma in Public Health, Sanitary Science or State Medicine. The main duties of the post will be in connection with the School Health and Maternity and Child Welfare Services and the person appointed will work under the direction of the County Medical Officer. Previous experience in the work of a Public Health Department will be an advantage but is not essential. The salary for the post will be within the scale £1,050 by £50 to £1,200 by £55 to £1,475 (subject to confirmation), and previous experience in whole-time public health work may be taken into consideration when fixing the commencing point on the salary scale. The person appointed must provide and use a motor car in the execution of his duties, in respect of which a travelling allowance will be made. The person appointed will be required to reside in or adjacent to his district. Preference will be given to ex-Service candidates possessing the required qualifications, provided the Committee is satisfied that such candidate can, or within a reasonable time be able to, fill the vacant position efficiently. Applications, stating age, qualifications and particulars of experience, and accompanied by copies of three recent testimonials, and a certificate of physical fitness should be received by the undersigned not later than October 15, 1956.—H. W. F. Reid, Secretary, Health Office, Gosford Place, Armagh. (8011)

**CITY OF BIRMINGHAM EDUCATION
COMMITTEE****SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners (men or women) for appointment as **School Medical Officer** in the School Health Service. The possession of a D.P.H. or D.C.H. will be an advantage. Salary in accordance with Whitley Council scale of £1,050 by £50 to £1,200 by £55 to £1,475 per annum. Appointment is subject to the appropriate superannuation act and to the passing of a medical examination. Forms of application, obtainable from the undersigned (s.s.c.), must be returned not later than October 6, 1956. Canvassing disqualifies.—E. L. Russell, Chief Education Officer, School Health Service, Queen's College Chambers, 38a, Paradise Street, Birmingham, 1. (8045)

**CITY OF BIRMINGHAM
Public Health Department****ASSISTANT ADMINISTRATIVE MEDICAL
OFFICER OF HEALTH
(Male or Female)**

Applications invited from registered medical practitioners for post of **Assistant Administrative Medical Officer of Health**. Candidates should hold the Diploma of Public Health. The successful candidate will have an opportunity to gain administrative experience in all branches of the Public Health Service, including Maternity and Child Welfare. Salary scale £1,405 by £55 to £1,625 per annum. Commencing salary within the scale will depend upon the medical officer's experience. Pension scheme (including Widows and Orphans): medical examination. The officer appointed will be required to devote his/her whole-time to official duties and the appointment will be subject to three months' notice on either side. Applications, with names of three persons to whom reference may be made, to be sent to the Medical Officer of Health, Council House, Birmingham, 3, not later than September 24, 1956. (7778)

CITY OF LEICESTER**SCHOOL MEDICAL OFFICER AND ASSISTANT
MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners for the above-named appointment. The duties will consist mainly of School Health Service and Maternity and Child Welfare work. Salary, in accordance with the National scale, will be £1,050 to £1,475 per annum. Previous experience in a similar capacity will be taken into consideration in determining the commencing salary. The appointment will be superannuable and subject to termination by three months' notice. Full details of the appointment may be obtained from the undersigned, to whom applications should be sent, on the official form, within 14 days of the appearance of this advertisement.—E. K. Macdonald, Medical Officer of Health and Principal School Medical Officer, Grey Friars, Leicester. (8001)

COUNTY BOROUGH OF HUDDERSFIELD**APPOINTMENT OF ASSISTANT MEDICAL
OFFICER OF HEALTH AND SCHOOL
MEDICAL OFFICER**

Applications are invited from fully qualified and registered medical practitioners for the above superannuable appointment. The salary is £1,050 to £1,475 according to experience. A car allowance will also be payable. Possession of the D.P.H. or D.C.H. would be an advantage. The post can, if desired, afford opportunity for the treatment of infectious diseases. Further particulars and application forms from Medical Officer of Health and Principal School Medical Officer, Health Department, Ramsden Street, Huddersfield, to whom completed applications should be returned within three weeks of the appearance of this advertisement.—Harry Bann, Town Clerk. (7789)

COUNTY BOROUGH OF SWANSEA**APPOINTMENT OF ASSISTANT MEDICAL
OFFICER (female)**

Applications are invited from duly qualified Medical Practitioners for the post of **Assistant Medical Officer**. Applicants must have had post-graduate resident hospital experience and should be under 45 years of age unless already holding a similar superannuable appointment. Salary £1,050 by £50 to £1,200 by £55 to £1,475 per annum. Application forms may be obtained from the Medical Officer of Health, Public Health Department, The Guildhall, Swansea, to whom they should be returned not later than Wednesday, September 19, 1956. Canvassing either directly or indirectly is a disqualification.—T. B. Bowen, Town Clerk, The Guildhall, Swansea. (7734)

DOWN COUNTY HEALTH COMMITTEE**ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited for the above position in the No. 6 (Newry) Division from registered medical practitioners who are registered in the *Medical Register* as holding a Diploma in Sanitary Science, Public Health or State Medicine. Salary within the scale £1,050 by £50 (3) by £55 (5) to £1,475 per annum. Forms of application and conditions of appointment may be obtained on request accompanied by a stamped addressed foolscap envelope. Completed applications must be lodged with the undersigned not later than October 1, 1956.—J. C. Pantridge, Secretary, 65, University Street, Belfast. (8160)

HUDDERSFIELD EDUCATION COMMITTEE**SENIOR ASSISTANT SCHOOL MEDICAL
OFFICER**

Applications are invited from fully qualified and registered medical practitioners for the above superannuable appointment. The salary is £1,150 per annum, rising by annual increments of £50 (3) and £55 (5) to a maximum of £1,575 per annum, and the point of entry will be fixed in accordance with qualifications and experience. A car allowance may also be paid. An additional £200 per annum is payable if the holder of the office is appointed in charge of the authority's Bacteriology Laboratory. Experience in School Health is essential. The possession of the D.P.H. or D.C.H. would be an advantage. Further particulars and application forms from the Principal School Medical Officer, Health Department, Ramsden Street, Huddersfield, to whom completed applications should be returned within three weeks of the appearance of this advertisement.—H. Gray, Chief Education Officer, Education Offices, Ramsden Street, Huddersfield. (8031)

Applications close with the undersigned at the office of the Board, Kitchener Street, Auckland, C.1. N.Z., at noon on Friday, October 19, 1956.—R. F. Galbraith, Secretary. (8169)

GOVERNMENT OF BRITISH GUIANA**PATHOLOGIST**

required for the New Amsterdam and the Mental Hospitals, to have charge of Laboratory staff, buildings and equipment; to supervise laboratories of Government Hospitals and be responsible for training of laboratory Technicians. Candidates must hold medical qualifications registrable in the United Kingdom and Diploma in Pathology or Bacteriology.

Appointment on permanent basis with pension (non-contributory) 1/600th of final pensionable emoluments for each completed month of service, or on contract for three years' resident service with gratuity taxable of 24% of salary for each three months' service. Candidates in the National Health Service may retain their Superannuation rights during their service abroad (up to six years) and receive a gratuity (taxable) of 20% of the aggregate of their salary on leaving overseas employment.

Salary £1,600 a year plus non-pensionable allowance of £250 a year in lieu of consultation fees. Private practice not permitted. Free unfurnished quarters or an allowance of £100 a year in lieu. Generous home leave. Free passages on appointment for officer, wife and children under 18 years, not exceeding five persons in all. Assisted passages for officer and wife on leave.

Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (reference BCD 117/30/019). (8058)

Oversea (Vacant)—contd.**HER MAJESTY'S OVERSEA SERVICE**
Nigerian Federal Government Service**1. PATHOLOGIST (Haematology)**

required to develop existing basic scheme for Blood Transfusion Centre at Yaba and conduct research into the blood-group systems of West Africans and other related problems.

2. PATHOLOGISTS

required to carry out routine haematology, chemical pathology, morbid anatomy and to train laboratory technicians. There are also opportunities and facilities for individual research in clinical pathology. Experience in Pathology required.

Candidates must possess medical qualification registrable in United Kingdom. A higher qualification (e.g. D.C.P. or Dip.Bact.) would be an asset.

Appointments may be made:

(a) on 3 years' probation for permanent and pensionable employment. Pension (non-contributory) at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable service.

(b) from National Health Service. Candidates may leave N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20% of aggregate of their salary. Salaries under (a) or (b) range from £1,128 to £1,950 per annum.

or (c) on short-term contract (2 tours each of 18 to 24 months) with salary of £1,338 to £2,286. Gratuity (taxable) of £37 10s. for each completed period of three months' service (including leave).

Officers appointed under (a) or (c) are required to contribute to a Widow's and Orphans' Pension Scheme.

Quarters at low rental. Free return passages for officer and wife. Return passages for children, to age eighteen, provided this does not exceed cost of two adult return passages in any one tour of service. Children's (Separate Domicile) allowance of £75 a year for each child under eighteen, ceasing if children join parents in Nigeria. Income tax at low local rates. Local leave permissible and generous home leave after each tour.

Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/14/05.) (8075)

HER MAJESTY'S OVERSEA SERVICE
Kenya**MEDICAL OFFICERS**

with qualifications registrable in United Kingdom required for general duties.

Successful candidates may be posted to any station in Kenya. During earlier years of service an officer will be expected to carry out general medical and surgical duties, including varying amount of public health administration. In most stations, even if remote from the larger towns, it is possible to maintain interest in any particular branch of medicine or surgery to which the officer is attracted.

The work of every medical officer is based on a hospital which may vary in size and facilities from small district hospital, meeting needs of comparatively primitive community, to large and modern provincial hospital.

Appointments can be made on permanent basis with pension (non-contributory), or on short-term contract with gratuity (taxable) payable on satisfactory completion of service. Normal retiring age is 55. Salary ranges from £1,284 to £2,115 a year, starting point determined by experience. Four extra increments given to successful candidates possessing the F.R.C.S., M.R.C.P., D.P.H., or other approved higher qualifications.

Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Kenya and other territories in medical administration or, if they possess higher qualification and suitable experience, in specialist posts.

Quarters at rental varying from £30 to £78 a year according to size and type, and furniture at rate varying from £15 to £36 a year. Free passages in both directions for officer and wife and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible and generous home leave granted after each tour of from 24 to 45 months. Educational facilities available.

Application forms from Director of Recruitment, Colonial Office, Great Smith Street, London, S.W.1 (quoting BCD 117/7/02.) (8076)

SARNIA GENERAL HOSPITAL
Sarnia, Ontario, Canada**RADIOLOGIST**

Closing date: October 1, 1956. (8099)

THE HOSPITAL FOR SICK CHILDREN
Great Ormond Street, London, W.C.1

Applications are invited for the appointment of a **RESEARCH FELLOW in Surgical Pathology** to work in the Department of Morbid Anatomy on problems of urological surgery and pathology, viz. hydronephrosis and hydro-ureter. Previous experience in morbid anatomy essential. The appointment will be for one year in the first instance, renewable for one or two further years, within the salary range £1,100 to £1,400 per annum. Further particulars and form of application, which should be returned by September 24, 1956, may be obtained from the House Governor. (8062)

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

Applications are invited for the appointment of **ASSISTANT CLINICAL PATHOLOGIST** in the Department of Pathology and Bacteriology. Previous experience in pathology is not essential. The appointment is a full-time one for a period of two years within the salary scale of £750 by £100 to £1,050 per annum, with participation in family allowance and superannuation schemes. The point of entry on the scale will depend on qualifications and experience. Applications should be sent by October 20, 1956, to the undersigned, from whom further particulars of the appointment may be obtained.—F. Dodsworth, Secretary, 34, Newport Road, Cardiff. (8166)

University and Research**Appointments—contd.****ST. MARY'S HOSPITAL MEDICAL SCHOOL**
(University of London) Paddington, W.2

Applications are invited from Registered Medical Practitioners for the post of

RESEARCH ASSISTANT

to study the Respiratory Physiology of the New Born. Preference will be given to science graduates. Salary £1,000 per annum. Applications, with names of two referees, to the Secretary, St. Mary's Hospital Medical School, by October 1, 1956. (8059)

THORACIC SURGERY
TRAVELLING FELLOWSHIP TO AMERICA

Applications are invited from people of Senior Registrar or Consultant status working in Thoracic Surgery for a Fellowship in America for one year, commencing July, 1957. The Fellowship is provided through the generosity of the American Association for Thoracic Surgery. Further particulars are available if desired. Applications, together with the names of two referees, should be sent before October 14, 1956, to J. Leigh Collis, Honorary Secretary, Society of Thoracic Surgeons, 15, Highfield Road, Edgbaston, Birmingham, 15. (8164)

UNIVERSITY OF BRISTOL

Applications are invited from registered medical practitioners for the new post of

LECTURER IN FORENSIC PATHOLOGY

in the University Department of Pathology. The duties include the conduct of autopsies, with special responsibility for those of medico-legal importance. The terms and conditions of the appointment will be those appropriate to a Clinical Lecturer and the commencing salary will be in the range of £1,750 by £100 to £2,400, together with superannuation and children's allowances. All fees received are to be paid to the University. Applications, with the names of three referees, should be made to the undersigned, from whom further particulars may be obtained, not later than October 1, 1956.—H. C. Butterfield, Registrar and Secretary. (7577)

UNIVERSITY OF BRISTOL

Applications are invited for the post of
ASSISTANT LECTURER (Grade III) or
Demonstrator in Pharmacology

Medical qualifications desirable but not essential. Initial salary £550 to £700 per annum according to qualifications and experience, together with superannuation and children's allowances. The successful candidate will be expected to devote much of his time to research. The post would be suitable for a candidate who wishes to read for a higher degree. Further particulars may be obtained from the Registrar of the University, to whom applications, with the names of three referees, should be sent not later than October 8. (8165)

UNIVERSITY OF EDINBURGH
Medical Physics Unit

Applications are invited for the post of
DIRECTOR of the Medical Physics Unit with status of Senior Lecturer. This Unit is being established jointly by the University and the South-Eastern Regional Hospital Board, Scotland. Salary scale £1,750 by £100 to £2,250 per annum, with superannuation benefit and, where applicable, family allowance. Further particulars may be obtained from the Secretary to the University, Old College, South Bridge, Edinburgh, with whom applications, giving the names of three referees, should be lodged by November 1, 1956. (8055)

UNIVERSITY OF GLASGOW**LECTURESHIP in Medicine at the Western Infirmary**

Applications are invited for a Lectureship in the Department of Medicine at the Western Infirmary. Salary according to placement on University scale for clinical teachers. The final maximum is £1,750 per annum. F.S.S.U. and family allowance benefits. Applications (twelve copies) should be lodged, not later than October 3, 1956, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (7771)

UNIVERSITY OF GLASGOW**LECTURESHIP IN BACTERIOLOGY**

Applications are invited for a Lectureship in Bacteriology. Salary according to placement on University scale for clinical teachers. The final maximum is £1,750 per annum. F.S.S.U. and family allowance benefits. Applications (12 copies) should be lodged, not later than September 28, 1956, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (7826)

UNIVERSITY OF LONDON

The Senate invite applications for the
READERSHIP IN PATHOLOGY tenable at Westminster Medical School (salary within the range £1,900 to £2,400 a year). Applications (10 copies) must be received not later than October 16, 1956, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (8049)

UNIVERSITY OF LONDON

The Senate invite applications for the
JOHN ASTOR CHAIR OF PHYSIOLOGY tenable at Middlesex Hospital Medical School (salary within the range £2,250 to £2,850 a year). Applications (10 copies) must be received not later than October 18, 1956, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (8050)

UNIVERSITY OF OXFORD**Department of Pathology, Radcliffe Infirmary**

Applications are invited for the post of
SENIOR RESEARCH OFFICER

in Neuropathology

for a period of five years in the first instance. Salary scale £1,000 by £50 to £1,700; F.S.S.U. and family allowance. The successful candidate will be expected to take up duties in the early part of Michaelmas Term, 1956. Preference would ordinarily be given to candidates with experience in neuropathology, but favourable consideration would be given to candidates experienced in general morphological pathology who would wish to specialize in neuropathology. In addition to some teaching duties and facilities for research, the duties include the investigation of the neuro-surgical and neurological specimens of the United Oxford Hospitals. Applications, with the names of two referees, should be sent by October 6 to Dr. A. H. T. Robb-Smith, Department of Pathology, Radcliffe Infirmary, Oxford, from whom further particulars may be obtained. (8010)
