

SECONESIN

MENOPAUSE

Seconesin has proved most suitable for the management of menopausal symptoms. It relaxes and calms emotionally tense and anxious patients without making them drowsy. Subjective improvement with a sense of well-being occurs early in treatment in almost all cases.

COMPOSITION

Each tablet contains:—
 Mephenesin [3-(2-methylphenoxy)-propane-1:2-diol] .. 400 mg.
 Secobarbital (Quinalbarbitone) .. 30 mg.

DOSAGE

1 tablet every 4-6 hours, preferably after meals, will give adequate day-time relaxation.

PACKINGS: Bottles of 25, 100 and 500 tablets.

"I'm going to prescribe Lastonet stockings"

And this is how to do it. The words "ELASTIC NET STOCKINGS" *must* be written on the E.C.10 to obtain Lastonet stockings for supply under the Ministry of Health scheme. The quantity required and whether thigh or knee length should also be included. The correct wording is important to ensure Lastonet stockings which are made only to *individual* measure and so ensure a perfect fit.

Progress Report on Birth Control

By LELLA SECOR FLORENCE

Recently the Birmingham Family Planning Association instituted an enquiry among the patients who registered at their Clinic during the year 1948. Their findings are recorded in **PROGRESS REPORT ON BIRTH CONTROL**. This book is an honest and frank appraisal of contraceptive practice as revealed by the patients themselves when interviewed at the Clinic or in their own homes. Much valuable information has come to light which will be helpful to social workers, marriage counsellors, clinic workers, doctors and all those concerned with population problems and with the promotion of happy, healthy and harmonious family life.

promises much in mental illness

The virtues of MILTOWN as a powerful yet safe tranquillizer in the psychoneuroses are already widely recognised. Preliminary experience with the drug in psychotic patients now indicates that it may play an important part in the treatment of mental disease. In a dosage higher than that used for the psychoneuroses, MILTOWN may benefit delusional, assaultive, noisy and hallucinated patients, restoring well-being, calmness and serenity. Some manic-depressives and hypomaniacs have also been favourably affected by the drug.

MILTOWN has been used successfully as a premedication in E.C.T. and as a valuable aid in psychotherapy. It has not been reported to elicit suicidal tendencies. The low incidence of side effects and a low toxicity are notable features in therapy with MILTOWN. The drug has been given over long periods to psychotic patients without ill effects.

MILTOWN is the one tranquillizer that relaxes both mind and body

MILTOWN Meprobamate is 2-methyl-2-n-propyl-1, 3-propanediol dicarbamate.

The case of *Merodon equestris* . . .

In England's south-western counties of Devon and Cornwall the growing of Spring flowers is an important industry; but one which, for many years past, has suffered considerably from the attack of the Narcissus bulb fly, *M. equestris*.

The flies lay their eggs in late Spring at the base of the withering leaves and the young larvæ burrow through the soil and enter the bulbs from below. Destruction is often complete. If a bulb survives, its growth the following year is restricted to a few spindly leaves and the flower crop is lost. The larvæ overwinter in the bulb and then pupate in the surrounding soil. A few weeks later the adults emerge to repeat the life cycle.

The long-standing problem of control has now been solved by using the Shell insecticide aldrin. The method is simple: add 1 pint of 30% aldrin to 20 gallons of cold water and immerse the bulbs for 15 minutes. Trials lasting through two seasons have proved the complete efficiency of this treatment which has become standard practice, not only in Devon and Cornwall, but also in other areas where narcissi and daffodils are grown commercially.

Aldrin, dieldrin, endrin . . . these three advanced insecticides developed by Shell are complementary to each other. Between them they control most of the major insect pests which menace agricultural production and public health throughout the world. Have you an urgent pest problem in your area?

aldrin

aldrin, dieldrin and endrin are

insecticides for world-wide use

For rapid control of **seborrhoeic dermatitis**

'Prigmatar' is a most effective preparation for seborrhoeic dermatitis, and for the general care and hygiene of the seborrhoeic scalp. It is extremely valuable also in eczematous eruptions in which a seborrhoeic factor is involved.

'Prigmatar' incorporates three of the drugs that are fundamental in dermatology — tar, sulphur and salicylic acid. 'Prigmatar' is easy to apply and easy to remove: it does not stain the skin and has a pleasant smell.

PRIGMATAR

Formula: Cetyl-alcohol-coal-tar distillate 4% ; sulphur 3% ; salicylic acid 3% ; in a washable base

**highly effective in an unusually wide range
of common skin disorders**

Smith Kline & French

represented by Menley & James, Limited, Coldharbour Lane, London S.E.5

Rubriment relieves pain in such conditions as muscular rheumatism, fibrositis, strains and sprains.

Some minutes after application the skin becomes flushed and there is a comforting feeling of warmth which persists for many hours.

RUBRIMENT

A new long-acting rubefacient—safe and effective

Rubriment is a product of original research.

For some years it has been known that some chemicals when applied to the skin produce redness and warmth. Rubriment is based on a new substance, the benzyl ester of nicotinic acid, which has been demonstrated to give a long-lasting rubefacient effect without any damage or irritation to the skin even after prolonged and repeated application.

Ten minutes after application of Rubriment there is a comforting feeling of warmth and the area is seen to be

flushed. This redness is due to the dilatation of the small cutaneous blood-vessels. This persists, without danger of irritation to the skin. Clinical reports have been received of the efficacy of Rubriment for the relief of pain in such conditions as muscular rheumatism, lumbago, fibrositis, strains and sprains. The immediate and prolonged vasodilatory action of Rubriment also provides effective relief for unbroken chilblains.

Whenever counter-irritation is indicated, Rubriment is the preparation of choice for the patient.

Available in two forms

Rubriment (2.5% nicotinic acid benzyl ester and 0.1% Capsicin) is available either as a cream or as a liniment, both of which are non-greasy. The cream is rapidly absorbed and needs only gentle

application. *It is supplied in tubes of 20 g. (Approx.). BASIC PRICE to N.H.S., 2/2d.* The liniment lends itself to massage, if this is required. *It is supplied in bottles of 2 fl. ozs. (approx.). BASIC PRICE to N.H.S., 3/-.*

Directions for use Apply Rubriment to the affected area. As Rubriment causes a stinging sensation in contact with the eyes and face, the hands should be well washed after use. One application per day has been found to be effective for

the majority of patients, though a fresh application may be made, if necessary, at more frequent intervals.

Rubriment is not advertised to the public and can be prescribed on form E.C.10.

Elastoplast

Airstrip

**a waterproof, yet non-occlusive,
adhesive first aid dressing that
prevents maceration**

The plastic material consists of a micro-porous extensible filter, air-permeable yet waterproof. Sweat and skin exudates evaporate freely through it.

Elastoplast 'Airstrip' is a new type of first aid dressing. It is made from a specially developed plastic material, through which sweat and skin exudates evaporate at the same rate as they develop on the skin. The material is, in fact, a micro-porous extensible filter, and is not perforated. It provides a barrier to water, grease, oil and infective organisms.

Even after long application, Elastoplast 'Airstrip' does not cause the underlying skin to macerate. The adhesive is specially spread in a lattice pattern so that micro-porosity is retained and firm adhesion not impaired. The surface of the wound and the surrounding skin remain dry beneath an 'Airstrip' dressing, which can be left on until the wound heals.

OPERATION SAFETY

Give the lever a nudge with the elbow and out comes a comfortably warm spray, neither too hot nor too cold. It stays warm because you are using a Leonard Thermostatic Mixing Valve — the valve that *automatically* mixes hot and cold water and holds the temperature steady. The thermostat in the Leonard valve levels off all the ups and downs and gives a flow of warm water as smooth, as steady, as even as the tide over a weir.

Leonard Thermostatic Hot and Cold Water Mixing Valves are used in nearly all hospitals, and are specified more and more every day. They save water, save heat, save risk. Sales and service everywhere.

Leaflet No. D/93 gives full details. Write for a copy today.

Spreading smooth and even . . .

A little Ef-Cortelan Skin Lotion goes a long way. Just one drop will spread smoothly and evenly to cover an extensive area. It does not stick, sting or stain—brings only swift, soothing relief in inflammatory, exudative and allergic skin disorders.

Why the spreading power of Ef-Cortelan Skin Lotion is so important.

- More intimate contact with the tissues makes the $\frac{1}{2}\%$ lotion as effective as a 1% ointment
- It spreads *smoothly* without a hint of friction.
- It is economical in use

GLAXO EF-CORTELAN SKIN LOTION

GLAXO LABORATORIES LTD., GREENFORD, MIDDLESEX BYR_{on} 3434

Does man really have a limited expectation of life?

Is there indisputable evidence that man's term upon this Earth is limited? Could it be that what today is a normal age span will tomorrow seem ludicrous? Admitted, at present a body seems to wear out. But does it really? Or does bodily decline go hand-in-hand with mental stagnation? There have, of course, from time to time been reports from foreign climes of extreme longevity—extreme, that is, compared to normal. And even here in Britain the average expectation of life has risen steadily, thanks to the surgeon, the physician and the march of medical knowledge. But, even so, our allotted time is still only a little more than the traditional 'three score and ten'. We may, of course, cheat the grave by some ten, twenty or perhaps thirty years. But can we in the future live on and on and on? *Who is to say that another age will not produce the elixir of life?* What reasoning precludes "spare parts" for men's anatomy, not merely mechanical prostheses but living, sensate, organs and limbs? And why shouldn't there be new horizons for future medical men to see over? After all, this age *has* given us antibiotics. Man's life span *has* been increased by such "wonder drugs" as Terramycin. May not the future hold even broader broad-spectrums? Today we can only hope and search and use those weapons which best help us to fulfil our Hippocratic oath. But think on these things. For who, other than you, can give a man his birthright—the right to live?

Terramycin is the Trade Mark of Chas. Pfizer & Co., Inc. for their brand of oxytetracycline.

No mere decoration

The tree-like *Monstera* is one of the most intriguing of all house plants and undoubtedly owes much of its popularity to the ease with which long-lasting decorative effects can be achieved under a variety of conditions. In antibiotic medicine, however, it is practical effectiveness that counts, for no doctor has time for a product which proves merely decorative.

The popularity of the now pain-free injectable forms of Penidural is due to the dramatic, long-lasting effects that can be achieved, with intriguing simplicity, in treatment and prophylaxis, often using a single dose of these unique preparations.

NEW*a new concept in sustained action therapy***'IONEX-TABS'**
WORK ROUND THE CLOCK**HOW 'ION-EX' EVENLY SUSTAINED ACTION TABLETS DIFFER FROM ORDINARY AND DELAYED-ACTION 'LAYERED' TABLETS & CAPSULES**

Ordinary tablets and capsules produce unnecessarily high drug concentrations during peak periods with increased danger of avoidable side-reactions.

Delayed-action "layered" tablets supply TWO doses (with "ONE SWALLOW") the second of which is delayed by enteric coating. They often produce excessive peak concentrations with resultant avoidable side effects.

'IONEX-TABS'—uninterrupted therapeutic or prophylactic effect lasting 10-12 hours. No peak concentrations in excess of therapeutic requirements, fewer and less severe side-reactions.

In 'IONEX-TABS' the prolonged action is inherent in the ion-exchange resin-drug complex. Controlled ionic exchange EVENLY feeds the drug into the blood stream for 10 to 12 hours independent of physiological factors.

IN THE MENOPAUSE

One bottle of 60 TACE capsules (2 capsules a day) can relieve many of your menopausal patients. Some may require a second course, but few will need a third.

The introduction of TACE marks the beginning of a new era in the treatment of menopausal symptoms. TACE is stored in the body fat and subsequently released in a manner resembling normal hormone secretion. There is virtually no withdrawal bleeding (in four investigations 1, 2, 3, 4 there were only 7 cases of withdrawal bleeding in 257 patients) and TACE is also extremely well tolerated in other respects.

Because of fat storage the action of TACE is prolonged. In 13 out of 16 patients beneficial effects remained up to 4 months after therapy had been discontinued.¹

TACE is indicated in other cases which require oestrogen therapy—for example in the inhibition of lactation and the treatment of prostatic carcinoma.

TACE

is available in green capsules (each containing 12 mg. chlorotrianisene dissolved in oil) in bottles of 60 and 300.

RESPIRATORY AND MISCELLANEOUS ERYTHROCI

Eighty-eight patients representing all pneumonia were

TONSILLITIS

ERYTHROCI

In one recent study, 18 patients with

SPECIFIC AGAINST COCCI INFECTIONS

ERYTHROCI

Patient, female, age 39, entered hospital with a diagnosis of

ERYTHROCI

Patient, male, age 40, entered hospital with history of sore throat starting

ERYTHROCI

"Erythromycin is effective in pneumonia and compares favourably with penicillin"

Specific, because you can actually pinpoint the therapy for coccic infections. That is because you know most bacterial respiratory infections are caused by staph-, strep- and pneumococci. And these are the very organisms most sensitive to ERYTHROCI, even in many cases where they resist penicillin and other antibiotics.

With little risk of serious side effects

ERYTHROCI

A series of 43 paediatric and adolescent diagnosis of diphtheria Thirty

ERYTHROCI

On 23/5/55 this patient, (female, age 24) underwent an excisional biopsy breast tumour.

Low toxicity, because ERYTHROCI rarely alters intestinal flora. Thus, patients seldom get gastrointestinal side effects, or loss of vitamin synthesis in the intestines. Virtually, no allergic reactions can be expected.

ERYTHROCI

Ten patients with infections caused by haemolytic staphylococcus aureus were treated with erythromycin. Included were 3 with acute staphylococcal arthritis (2 septicaemia), 2 with gluteal abscesses resulting from intramuscular injections (1 septicaemia), 2 with diabetic leg ulcer which this organism produced multiple abscesses and one each with lung abscesses with pyoderma with septicaemia

ERYTHROMYCIN is available as 250 MG and 100 MG Filmtabs, and as oral suspension.

ERYTHROCI

Towards meeting the demands of growth

THE HIGHER METABOLIC NEEDS of the young which accompany natural growth and development and which are further increased by heavy daily expenditure of energy, tend to diminish reserves of physical and nervous vitality.

'Ovaltine' provides a useful supplement to help to satisfy the extra needs for proximate and accessory food principles. The malt, milk, cocoa, soya and eggs which 'Ovaltine' contains are blended to form a highly nutritious food beverage—deliciously flavoured and easily assimilated.

It is of value in helping to maintain normal weight increase and is of undoubted help to those recovering from the debilitating effects of the common fevers of childhood.

For growing children 'Ovaltine' is a dietary reinforcement which can be routinely recommended with confidence.

Consultation in Verse

The surgeon liked his Guinness,
The physician liked it too,
They consulted one another
And prescribed themselves a few.
The surgeon took his colleague home
(As any good friend would)
For he had a dozen Guinness
Like every doctor should
They admitted as they quaffed the lot
Their prescribing did them good.
And would it do the same for you?
Buy Guinness and it could!

M.B., B.S., M.R.C.S., L.R.C.P.

* *Doctors, too, enjoy writing verses about Guinness. The above contained in a letter addressed to Guinness by one of them is published by kind permission.*

GUINNESS
is good for you

In two years Becantyl has become an established treatment for useless cough—

*Especially with
children and old people,
No side-effects*

Unrelated to morphine derivatives or guaiacol and with none of their disadvantages, Becantyl suppresses useless cough. The active ingredient in Becantyl is Sodium-2 : 6-ditertiarybutylnaphthalene monosulphonate. This chemical, which does not cause constipation, anorexia, drowsiness or other side-effects, is the result of original research.

These characteristics make Becantyl especially valuable for the treatment of useless cough in children and old people.

Becantyl is available in 4 fluid-ounce bottles, and also in 40 fluid-ounce and 80 fluid-ounce dispensing bottles.

The suggested doses are:—

Adults: 2 teaspoonfuls

Children: 3—6 years: $\frac{1}{2}$ teaspoonful

7—15 years: $\frac{1}{2}$ —1 teaspoonful

three times a day or as prescribed.

Becantyl has no B.P. or N.F. equivalent, is not advertised to the public, and may be prescribed on form E.C.10.

Practical Books for the Practising Physician

Collagen Diseases

**John H. Talbott, M.D., and
R. Moleris Ferrandis, M.D.**

"THE DYSCRASIAS DISCUSSED in this concise, well-organized monograph are no longer to be considered clinical oddities . . . Dr. John H. Talbott, a recognized authority . . . has assembled the available clinically useful facts on the etiology, diagnosis, treatment and prognosis of the various collagen disorders, to which he has added details of management from his own experience. There are also stimulating discussions on the possible interrelationships of the collagen diseases . . . this monograph should be of considerable value. . . ."—*Scope Weekly*. (256 pp., 46 illus., 16 in colour, 46s.)

Cytologic Technics for Office and Clinic

H. E. Nieburgs, M.D.

SO MUCH HAS BEEN WRITTEN on interpretation, and so little on *collecting* and *preserving* specimens, that this *practical new* volume will be a welcome addition to the physician's working library. Drawing on his wide experience in the field, the author emphasizes the *best methods for collecting and preparing* specimens for subsequent cytologic interpretation, and points up each exposition with a profusion of excellent explanatory illustrations which show *step-by-step technics* and the equipment needed. (240 pp., 172 illus., with 3 colour plates, 55s.)

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners:* £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum. If the post is resident a deduction of £170 per annum is made.

Applications invited from registered medical practitioners (men and women) for appointment as
SCHOOL MEDICAL OFFICER

Applicants must have had at least three years' experience in the practice of their profession. Salary scale £1,050 by £50 to £1,200 by £55 to £1,475 per annum. Further details and form of application from undersigned. Completed applications by December 17, 1956.—G. H. Metcalfe, Director of Education, Shire Hall, Durham. (6251)

STAFFORDSHIRE COUNTY COUNCIL**APPOINTMENT OF ASSISTANT COUNTY MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER—South Staffs Area**

Applications are invited from fully qualified medical practitioners, and those holding the Diploma of Public Health will be given preference. The candidate appointed will undertake clinical work in the School Health and Child Welfare Services under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,050 by £50 to £1,200 by £55 to £1,475, and increments may be given for previous similar service. The appointment will be terminable by three months' notice in writing on either side and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than December 15, 1956.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (6146)

ADMINISTRATIVE**SOUTH-EASTERN REGIONAL HOSPITAL BOARD, Scotland**

Applications are invited from registered medical practitioners for the appointment of

DEPUTY SENIOR ADMINISTRATIVE MEDICAL OFFICER

to the above Board. The salary is on the scale £1,850 by £100 (\$5) to £2,350, and the post is superannuable. Applications, giving particulars of qualifications and experience, together with the names of three referees, should be sent to the Secretary, South-Eastern Regional Hospital Board, Scotland, 11, Drumsbough Gardens, Edinburgh, by Monday, December 17, 1956. (5828)

GOVERNMENTAL**TREASURY MEDICAL SERVICE**

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place names indicates the Head Post Office Area in which the place, or group of places, is situated. Successful applicants will be required to examine and report on the condition of certain Government Officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood. Fees for this work, and mileage allowance where necessary, will be paid on a scale agreed with the British Medical Association. Incoming applicants should write, within 14 days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age. The places for which applications are invited are as follows:

England and Wales

AUSTRALIA—UNIVERSITY OF SYDNEY**Applications are invited for the position of SENIOR LECTURER IN PSYCHIATRY**

The appointee will participate in undergraduate and postgraduate teaching at the University and teaching hospitals, but will be based primarily in the Professorial Teaching Unit at Broughton Hall Psychiatric Clinic, which is maintained by the New South Wales Department of Public Health. The salary for the Senior Lecturer will be within the range £2,300 by £70 to £2,650 (Australian) per annum, plus cost of living adjustment. The salary is subject to deductions under the State Superannuation Act. Commencing salary will be fixed according to the qualifications and experience of the successful applicant. Finance available for home purchase to married male members of staff. Further particulars, and information as to the method of application, may be obtained from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1. The closing date for the receipt of applications, in Australia and London, is December 18, 1956. (6176)

GOVERNMENT OF MAURITIUS**ASSISTANT RADIOLOGIST**

required for therapeutic and diagnostic work and such other duties required by Director of Medical Services. Candidates must have qualifications registrable in United Kingdom. Experience in radiodiagnosis and radiotherapy an added recommendation. Appointment on contract for three years with gratuity (taxable) from £37 10s. to £50 a quarter payable on satisfactory completion of contract. Salary scale Rs.10,740 to Rs.19,020 (£805 10s. to £1,426 10s.) a year. Temporary cost of living allowance also payable amounting to 14% of salary up to Rs.12,000 (£900) a year and 9% on salary over Rs.12,000 a year. Officers not allocated Government quarters may be reimbursed difference between approved rent paid for a furnished private house (subject to a minimum of Rs.300 (£22 10s.) a month) and the 10% of salary normally paid for a Government house. Officers in hotels or boarding houses regarded as paying rent for first 21 days at one half and thereafter one quarter of board and lodging charge for themselves and their wives. Income tax at local rates. Free passages for officer, wife and children, not exceeding five persons in all. Generous leave. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/52/016). (6269)

HER MAJESTY'S OVERSEA SERVICE Kenya**MEDICAL OFFICERS**

with qualifications registrable in United Kingdom required for general duties.

Successful candidates may be posted to any station in Kenya. During earlier years of service an officer will be expected to carry out general medical and surgical duties, including varying amount of public health administration. In most stations, even if remote from larger towns, it is possible to maintain interest in any particular branch of medicine or surgery to which the officer is attracted.

The work of every medical officer is based on a hospital which may vary in size and facilities from small district hospital, meeting needs of comparatively primitive community, to large and modern provincial hospital.

Appointments can be made on permanent basis with pension (non-contributory), or on short-term contract with gratuity (taxable) payable on satisfactory completion of service. Normal retiring age is 55. Salary ranges from £1,284 to £2,115 a year, starting point determined by experience. Four extra increments given to successful candidates possessing the F.R.C.S., M.R.C.P., D.P.H., or other approved higher qualifications.

Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Kenya and other territories in medical administration or, if they possess higher qualification and suitable experience, in specialist posts.

Quarters at rental varying from £30 to £78 a year according to size and type, and furniture at rate varying from £15 to £36 a year. Free passages in both directions for officer and wife and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible and generous home leave granted after each tour of from 24 to 45 months. Educational facilities available.

Application forms from Director of Recruitment, Colonial Office, Great Smith Street, London, S.W.1 (quoting BCD 117/7/02). (5217)

CHRISTIAN DOCTOR URGENTLY NEEDED Baptist Mission Hospital, Congo. Good experience surgery, obstetrics. Short term or permanent.—Box 2873, B.M.J.

GOVERNMENT OF QATAR—Persian Gulf State Medical Service

Applications are invited for the post of **GOVERNMENT RADIOLOGIST** under the State Medical Officer, Government of Qatar, Doha, Persian Gulf.

Qualifications: Candidates should hold the recognized diplomas and be familiar with deep therapy technique.

Salary: According to Scale M1 starting at Rupees 3,500/- an Arabic month (equivalent to approximately £3,150 a Gregorian year) with annual increment of Rs. 100/- a month in a scale of Rs. 3,500 to Rs. 4,100.

Gratuity: A gratuity is payable on completion of contract, based on one month's salary per completed year of service.

Probation: Probationary period of six months, during which contract may be terminated at three months' notice by the Government without the necessity for stating its reasons.

Contract: A three-year contract—subject to successful completion of probationary period. The employee may terminate the contract at three months' notice after completing one year of service.

N.H.S. Superannuation: Rights to superannuation benefits would continue to accrue (on payment of contributions) for not more than three years.

Accommodation: Free furnished accommodation, fuel, light, and water. Married accommodation will be provided in accordance with the rules, but in no case before successful completion of probationary period.

Leave: Will be earned at the rate of six days for each completed month of duty.

Free Travel: On first journey to Qatar, leave (not exceeding one return first class B.O.A.C. passage in each year), and termination for applicant, wife and children up to 18 years of age.

General: The climate is hot for about five months of the year, but this is offset by air-conditioning in staff houses and offices (as also in the Hospital). Good climate for the rest of the year. No income tax. Duty car allowance. Free medical and dental treatment.

Applications endorsed "Government Radiologist," giving full personal particulars, including age, education, nationality, marital status, religion, qualifications, training, past experience and employment, names of three references and dated photograph, should be sent in duplicate to: The Adviser to the Government of Qatar, P.O. Box 36, Doha, Qatar, Persian Gulf. Two further copies of the application and attachments similarly endorsed should be forwarded to: C. Tennant Sons & Co., Limited, 4, Conthall Avenue, London, E.C.2. (6277)

HER MAJESTY'S OVERSEA CIVIL SERVICE Uganda**SPECIALIST E.N.T.**

required at Mulago Hospital and European and Asian Hospital, Kampala, for E.N.T. work, and to undertake certain teaching duties in relation to the Makerere College Medical School. Work will be primarily with Africans and Government officials, their families and others entitled to free medical attention; also to give advice on E.N.T. matters and to undertake such tours to district units as may be required by the Director of Medical Services. Candidates must possess medical qualification registrable in the United Kingdom and at least five years' postgraduate experience in E.N.T. work. The F.R.C.S. is essential and an additional qualification such as D.L.O. would be an asset. Appointment on permanent basis with pension (non-contributory) or on short-term contract with gratuity. Salary from £2,300 to £2,400 a year, starting point determined by qualifications and experience. Pension earned at rate of 1/600th of final pensionable emoluments for each completed month of service. Gratuity (taxable) for contract service is 13½% of total salary drawn, not including allowances. Candidate from National Health Service may retain superannuation rights up to six years and receive gratuity (taxable) of 20% of salary after engagement. Quarters provided at low rental, furniture supplied at rental of £21 to £24 a year. Free passages provided in both directions; for officer serving tour of 30 to 36 months, four air passages for officer, wife, and dependent children, or sea passages up to cost of three adult fares; for officer serving short tour of 12 to 18 months, passages for officer, wife, and all dependent children. Educational subsidies are payable which vary from £90 a year (or half the school fees, whichever is less), for primary education for first child, to £190 a year (or three-fifths of school fees, whichever is less) for secondary education for each of second and subsequent children. Education facilities are available in East Africa, though many parents send their children to United Kingdom for secondary education. Income tax at local rates. Local leave permissible and generous home leave granted after each tour. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/9/027). (6268)

Oversea (Vacant)—contd.**GOVERNMENT OF SINGAPORE****RADIOLOGIST (Therapy)**

required to take charge of Radiotherapy Department and any other duties allotted by the Chief Medical Officer. Candidates must possess qualifications registrable in United Kingdom, the D.M.R.T., and have ten years' post-registration experience, including five in Radiotherapy. Appointment on contract for three years' resident service. Basic salary £2,128 per annum. Expatriation pay £350 per annum, and temporary variable allowance of £210 per annum for single officers, £392 for married officers without dependent children, and £560 per annum for officers with dependent children. A gratuity (taxable) is also payable after satisfactory completion of contract of £450 per annum. Special arrangements can be made for candidate from National Health Service who wishes to retain his superannuation rights. European children do well up to the age of about six in Singapore and schools are available locally. Income tax at local rates. Government quarters, if available, at rental of from £161 to £224 per annum, or allowance in lieu. Free passages for officer, wife and children under the age of 10 (not exceeding four persons besides himself). Generous leave. Application forms from the Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/25/09). (6128)

HER MAJESTY'S OVERSEA SERVICE**Sierra Leone****MEDICAL OFFICER**

required for general duties. Must possess medical qualifications and have had at least 12 months' post-graduate hospital experience. Appointment may be: (a) on three years' probation for permanent and pensionable employment with pension (non-contributory) at rate of 1/600th of final pensionable emoluments of each completed month of reckonable service. (b) From the National Health Service. Candidate may retain superannuation rights up to six years, and receive a gratuity (taxable) of 20% of aggregate of salary. (c) Short-term contract (two tours each of 18 or 24 months' duration), with gratuity (taxable) of £37 10s. for each completed period of three months' service (including leave), payable on satisfactory completion of appointment. Inclusive salary scale under (a) and (b) £1,098 to £1,956 a year, and under (c) £1,185 to £2,117. Starting salary determined by age, qualifications and experience. Quarters normally available at low rental. Return sea passages for officer, wife and up to two children under 19 years of age or an allowance in lieu if children are maintained outside Sierra Leone for the whole of the tour. Income tax at local rates. Local leave permissible and generous home leave granted after each tour. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/15/02). (6129)

UNIVERSITY COLLEGE HOSPITAL, Ibadan

- (a) **TWO REGISTRARS—Department of Medicine**
(b) **REGISTRAR—Department of Surgery**
(c) **REGISTRAR—Department of Anaesthetics**

The Board of Management invite applications from experienced Medical Practitioners for the above appointments as Registrars in the almost completed teaching hospital which, it is anticipated, will be functioning early in the new year. Applicants for the post (c) should have had experience in modern anaesthesia. The salary offered for the posts is, in all cases, £1,164 per annum, plus an inducement allowance for expatriate officers of £270 per annum. The appointments will be initially for one tour of 12 months and will be renewable by mutual agreement for a further tour of 12 months at a salary of £1,212 per annum. On satisfactory completion of the agreement a gratuity of £37 10s. will be paid for each completed period of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 8½% of salary, excluding inducement allowance. A Nigerian officer will be eligible for five days' leave on full pay for each completed month of service in Nigeria, and an expatriate officer will be eligible for seven days for each completed month. Free first-class passages to and from Nigeria are provided for expatriate doctors and their wives on first appointment, vacation leave, and on completion of agreement. Free first-class passages to Nigeria will, in certain circumstances, be provided for non-expatriate doctors. Candidates will be eligible for children's allowances in accordance with existing regulations. Arrangements can be made to enable doctors to continue their National Health Service Superannuation Scheme contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than December 14, on the appropriate forms, which will be forwarded, together with further information, on receipt of an addressed foolscap envelope, by the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 57, Catherine Place, London, S.W.1. (6167)

**UNIVERSITY COLLEGE HOSPITAL OF THE
WEST INDIES**

Applications are invited for the post of
REGISTRAR

in the Department of Diagnostic Radiology, vacant April, 1957, at the above-named teaching hospital, which is in special relationship with the University of London. Preference will be given to candidates holding a diploma in diagnostic radiology. The appointment will be for one year in the first instance, subject to renewal. Salary will be in the scale £900 by £100 to £1,100 and £1,200 by £100 to £1,500 per annum, depending on experience and qualifications. Single accommodation and board are provided at a deduction from salary of £145 per annum or, if available, an unfurnished flat may be provided at 5% of salary. Return passages by sea will be paid for one person only. Further information may be obtained from the Hospital Manager and Secretary, University College Hospital, Mona P.O., Jamaica, B.W.I., to whom applications, stating age, nationality, qualifications, and details of previous experience, together with three recent testimonials, or the names and addresses of three referees, including the date on which the candidate would be available, should be sent by December 31, 1956. (6115)

REGINA, SASKATCHEWAN, CANADA.
Vacancy for **Clinical Pathologist** in active 800-bed General Hospital. Starting salary \$10,000 to \$12,000 a year, depending on experience. Reply to Director of Laboratories, Regina General Hospital, Regina, Saskatchewan, Canada. (6276)

UNIVERSITY COLLEGE HOSPITAL, Ibadan**HOUSE OFFICER—Department of Anaesthetics**

The Board of Management invite applications for the above post in the almost completed teaching hospital which, it is anticipated, will be functioning early in the new year. Candidates must have completed one appointment as a House Physician and one appointment as a House Surgeon in either Surgery or Obstetrics and Gynaecology. The successful candidate will be required to assume duty early in February, 1957. The salary offered for the post is £972 per annum, plus an inducement allowance for expatriate officer of £240 per annum. The appointment will be initially for one tour of 12 months and will be renewable by mutual consent for a further period of 12 months. On satisfactory completion of the agreement a gratuity of £37 10s. will be paid for each completed period of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 8½% of salary, excluding inducement allowance. A Nigerian officer will be eligible for five days' leave on full pay for each completed month of service in Nigeria and an expatriate officer will be eligible for seven days for each completed month.
